GENERAL INFORMATION

The Board of Directors of PrimeEnergy Corporation, a Delaware corporation, (hereinafter called the "Company") solicits your proxy in the enclosed form which, if you do not plan to attend the Annual Meeting of Stockholders of the Company on Tuesday, May 22, 2012, you are requested to fill out, sign as indicated and return to the Company in the enclosed self-addressed envelope, which requires no postage if mailed in the United States. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised by notice (i) in person by the stockholder's oral revocation at the Annual Meeting or (2) in writing to the Company at One Landmark Square, Stamford, Connecticut 06901 (Attention: Corporate Secretary), if the proxy was executed and returned. The approximate date on which the proxy statement and form of proxy will be sent to security holders is April 18, 2012.

Proxies are being solicited by mail and all expenses of solicitation have been or will be borne by the Company. In addition, arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals and the Company will reimburse them for their expenses in so doing.

Only stockholders of record at the close of business on April 10, 2012 (the "Record Date"), are entitled to vote at the 2012 Annual Meeting and any adjournment thereof. There were 2,682,249 shares of common stock ("Common Stock") outstanding on the Record Date. Each holder of Common Stock is entitled to vote on the proposal presented in this Proxy Statement for each share held, each share entitling the record holder thereof to one vote.

Matters to be Voted on at the Annual Meeting

The only matter that is scheduled to be voted on at the Annual Meeting is the election of seven (7) Directors named herein to the Board of Directors of the Company.

Vote Required

All shares of the Company represented by proxies received in time and in proper form and condition and not revoked will be voted as specified in the proxy; or in the absence of specific direction, the proxy will be voted by the person designated therein:

FOR the election as Directors of the Company of the seven (7) nominees named herein, to hold office until the next annual meeting of stockholders and until their respective successors shall be duly elected.

In the event any of the nominees should become unable to serve as a Director, it is intended that, pursuant to the accompanying form of proxy, votes will be cast for a substitute nominee designated by the Board of Directors.

The election of Directors will require the affirmative votes of a plurality of the shares of the Common Stock voting in person or by proxy at the Annual Meeting. The Company's transfer agent will tabulate all votes which are received prior to the date of the Annual Meeting. The Company will appoint two inspectors of election, who may be officers or employees, to receive the transfer agent's tabulation, to tabulate all other votes, and to certify the results of the elections. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting (i.e., for quorum purposes), but shall not be counted for the purposes of the election of Directors.

Edgar Filing: PRIMEENERGY CORP - Form DEF 14A

The management knows of no matter to be submitted to the 2012 Annual Meeting with respect to which the stockholders are entitled to vote other than the election of Directors, but if procedural matters do properly come before the Meeting, the persons named in the proxy will vote according to their best judgment.

CORPORATE GOVERNANCE

Board Independence and Composition

The core responsibility of the Board of Directors is to provide objective, independent judgment in its management oversight function and the Board's composition reflects that principle. The Board is composed of a substantial majority of independent directors. A director's independence is determined in accordance with the definition set forth in National Association of Securities Dealers (NASDAQ) listing standards and other pertinent and applicable legal and regulatory standards. The Board of Directors annually reviews the relationships between directors or members of their immediate families and the Company, in order to make recommendations to the full Board for its determination regarding the independence of each director. As a result of this review, the Board has determined that the following directors are independent directors: Matthias Eckenstein, H. Gifford Fong, Thomas S.T. Gimbel, Clint Hurt and Jan K. Smeets.

Board Leadership

The Board of Directors, in its discretion, may elect a Chairman of the Board. The Chairman leads the Board and presides at all Board meetings, and is responsible for delivery of information for the Board's informed decision-making.

Based upon the structure that best serves the interests of the Company, the Board determines whether the role of the Chairman of the Board and the Chief Executive Officer should be held by one individual or should be separated. Currently, the Board believes that the positions of Chairman of the Board and Chief Executive Officer should be held by the same person because this combination has served the Company well in the past and continues to work well today, by providing unified leadership and direction. The Directors have also determined that it is not necessary to appoint a lead independent director at this time.

The Board's Role in Risk Oversight

The Company's risk management efforts are the responsibility of the Board of Directors. The Company's Chief Executive Officer and the Chief Financial Officer review with the Board areas of material operational, financial and regulatory risks and the likelihood of the risks coming to fruition, to enable the Board to understand the relative magnitude of such risks and the management and mitigation strategies undertaken by the Company.

Board Meetings

The Board of Directors met three times in 2011. Each director attended 75% or more of the aggregate number of meetings of the Board of Directors and the committee or committees thereof on which such director served during 2011.

Board Attendance at Annual Meeting

The Company does not have a policy that requires members of the Board of Directors to attend the Annual Meeting. All members of the Board of Directors are encouraged to attend the Annual Meeting. All of the members of the Board of Directors attended the Annual Meeting of the Company held in May 2011.

Table of Contents

Committees of the Board

The Board of Directors has an Executive Committee, an Audit Committee and a Compensation Committee.

Executive Committee

The Executive Committee, composed of Messrs. Drimal, Jr., Hurt, Smeets and Ms. Cummings, is authorized to exercise all the authority of the Board in the business and affairs of the Company, except as limited by applicable law. The Executive Committee met six times during 2011, and informally, by telephone or office conference on a regular basis, usually weekly, during the year.

Audit Committee

The Audit Committee, composed of Messrs. Eckenstein, Hurt and Smeets, met once in 2011. All members of the Audit Committee are independent under NASDAQ listing standards and other pertinent legal and regulatory standards. The Board of Directors has determined that Mr. Smeets meets the qualifications of an audit committee financial expert within the meaning of the regulations of the Securities and Exchange Commission and NASDAQ listing standards. The Committee selects and engages independent auditors to audit the books, records and accounts of the Company, determines the scope of such audits, and reviews the financial policies and control procedures of the Company. The report of the Audit Committee is included in this Proxy Statement on pages 9 and 10. The Board of Directors and the Audit Committee have adopted a written charter for the Audit Committee, a copy of which was attached as Annex A to the Company's 2011 Proxy Statement.

Compensation Committee

The Compensation Committee, composed of Messrs. Hurt, Gimbel and Smeets, met once in 2011. All members of the Compensation Committee are independent under NASDAQ listing standards and other pertinent legal and regulatory standards. The charter of the Compensation Committee also requires that members of the Committee also qualify as outside directors within the meaning of Section 162(m) of the Internal Revenue and as non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended. The Committee annually reviews and evaluates the Company's compensation policies and establishes salaries, bonuses and other compensation for the Company's executive officers and directors. Mr. Drimal and Ms. Cummings participate in discussions with the Compensation Committee and make recommendations to the Committee with respect to the compensation of executive officers and directors. Neither Mr. Drimal nor Ms. Cummings participates in the deliberations or approval of the Committee concerning their respective compensation. Although the Compensation Committee has the authority, it has not engaged any outside compensation consultants to assist the Committee in determining the compensation policies of the Company, and no such outside consultants have been engaged by the Company or the Board of Directors. The Board of Directors and the Compensation Committee have adopted a written charter, a copy of which was attached as Annex B to the Company's 2011 Proxy Statement.

The Board as Nominating Committee

The Company does not have a standing nominating committee. The Board of Directors acts as the nominating committee, with Mr. Drimal and Ms. Cummings abstaining. The remaining Directors of the Company, Messrs. Eckenstein, Fong, Gimbel, Hurt and Smeets, who function as a nominating committee, are believed to satisfy applicable regulatory requirements for independence. Those Directors are responsible for collecting and analyzing information with regard to directors' independence as defined by NASDAQ listing standards and other pertinent legal and/or regulatory standards in effect at the time. They are also responsible for making recommendations concerning committee membership and ensuring that committee members satisfy the criteria for membership on a particular committee for independence and have the skills to effectively participate

Table of Contents

on a particular committee. The Directors who function as the nominating committee are also responsible for identifying and evaluating prospective nominees for vacancies on the Board of Directors. The Board of Directors will consider meritorious director candidates submitted to it by members of the Board and by stockholders of the Company, without regard to race, religion, gender, national origin or disability. The Board does not have a formal policy with regard to considering diversity in its consideration of director nominations. Candidates for election must be willing to devote the time necessary to serve as a director and must possess the level of education, experience, and expertise, both with respect to financial matters and the oil and gas industry in general, required to perform the duties of a member of the board of directors of a public company, and in particular of the Company. The Board of Directors strive to recommend candidates that further its objective of having a board that encompasses a broad range of talents and expertise and reflects a diversity of background, experience and viewpoints. The procedure to be followed by a shareholder to submit a nominee to the Committee is set forth in *Stockholder Proposals and Nominations* in this Proxy Statement.

The Board of Directors believes that this procedure is adequate in the process of selecting persons for elections as Directors of the Company. The seven Directors of the Company currently serving as Directors were designated as nominees for re-election at the 2012 Annual Meeting of Stockholders. No other nominees were considered and no nominations were proposed by any stockholder or group.
