Update to Hercules 185

During the oceanic voyage from the U.S. Gulf of Mexico to Angola aboard a dry-tow vessel, the *Hercules 185* experienced damage to its legs. The Company is currently evaluating the extent of the damage and determining the appropriate course of action. Until the Company's evaluation is complete, it is not possible to determine the extent of the damage to the rig, the costs required to repair the rig, the amount of time the rig will be out of service or the appropriate course of action.

The information furnished pursuant to Item 7.01, including Exhibit 99.1, shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934 and will not be incorporated by reference into any registration statement filed by the Company under the Securities Act of 1933 unless specifically identified therein as being incorporated therein by reference.

The information and statements made in the Fleet Status Report that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements include statements concerning estimated contract expiration dates, dayrates, estimated dates for completion of repairs and upgrades and commencement dates of new contracts, as well as information that may be affected by the continued delays in obtaining drilling permits in the Gulf of Mexico. Such statements are subject to a number of risks, uncertainties and assumptions, including without limitation, early termination by the customer pursuant to the contract or otherwise, cancellation or completion of certain contracts earlier than expected, our ability to renew or extend our long-term international contracts, or enter into new contracts, when such contracts expire, the potential inability of our customers to obtain drilling permits that would cover the entire duration of our contracts in the U.S. Gulf of Mexico or otherwise satisfy regulatory requirements that may be then in effect, operational difficulties, shipyard and other delays, government and regulatory actions and other factors described in the Company's annual report on Form 10-K and its most recent periodic reports and other documents filed with the Securities and Exchange Commission, which are available free of charge at the SEC's website at www.sec.gov or the company's website at www.herculesoffshore.com. The Company cautions you that forward-looking statements are not guarantees of future performance and that actual results or developments may differ materially from those projected or implied in these statements.
