- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Explanatory note: The purpose of this amendment is to replace Exhibit 99.1 as filed with the Form 8-K on August 2, 2012, with the Exhibit 99.1 attached to this Form 8-K/A, the Press Release as actually released on August 2, 2012, which contains immaterial differences from the former Exhibit 99.1.

Item 2.02 Results of Operations and Financial Condition.

On August 2, 2012, Intermec, Inc. (we, our or the Company) issued a press release announcing our financial results for the second fiscal quarter ended July 1, 2012. A copy of the press release is furnished as Exhibit 99.1 to this Current Report and is incorporated herein by reference (the Press Release).

The Press Release includes the following Non-GAAP financial measures for the three and six months ended July 1, 2012:

operating income;

net earnings;

earnings per diluted share;

earnings before interest, taxes, depreciation and amortization (EBITDA); and

gross margins.

The Press Release describes a \$28.3 million non-cash expense recorded by the Company for impairment of goodwill pursuant to generally accepted accounting principles (GAAP). This non-cash expense is discussed in more detail in Item 2.06 below.

Our Non-GAAP measures should be read in conjunction with the corresponding GAAP measures. The Non-GAAP measures should be considered in addition to, and not as an alternative or substitute for, the measures prepared in accordance with GAAP.

We believe that excluding items such as, but not limited to, allowances for deferred tax assets, goodwill impairment charges, restructuring charges (principally related to severance costs), costs related to acquisitions, amortization of intangibles, executive severance and non-cash stock based compensation expenses provides supplemental information useful to investors and management s understanding of Intermec s core operating results, especially when comparing those results on a consistent basis to results for previous periods and anticipated results for future periods.

The foregoing information in this Item 2.02 is furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.

Item 2.06 Material Impairments.

Impairment of Goodwill

As previously reported, while preparing its financial statements for the quarter ended April 1, 2012, the Company concluded that, pursuant to GAAP, it would record a charge of approximately \$14.9 million for impairment of goodwill related to its Voice Solutions business segment in the Company s results for the quarter ended April 1, 2012. The impairment was based on an analysis of a number of factors after the decline in the Company s financial performance and market capitalization in the first quarter 2012. The impairment recorded in the first quarter 2012 was an estimate, based on the Company s completion of step one of the goodwill impairment analysis under GAAP.

Edgar Filing: Intermecc, Inc. - Form 8-K/A

In the process of preparing its financial statements for the quarter ended July 1, 2012, the Company substantially completed the second step of the goodwill impairment analysis triggered by events occurring in the first fiscal quarter and determined that, pursuant to GAAP, it would record an additional charge for the impairment of goodwill related to its Voice Solutions business segment in the Company's results for the quarter ended July 1, 2012.

In addition, in the process of preparing its financial statements for the quarter ended July 1, 2012, the Company determined that, pursuant to GAAP, it was required to conduct an additional impairment analysis due to a number of factors occurring in the second fiscal quarter, including changes in senior management and a related review of the outlook for the business in the context of macroeconomic conditions. After completing a significant portion of step one and step two of this impairment analysis, the Company concluded that it would be required to record an additional charge for impairment of goodwill related to its Voice Solutions business segment in the Company's financial statements for the quarter ended July 1, 2012.

The total impairment charge reported in the Press Release including the preliminary financial statements for the second fiscal quarter 2012 is approximately \$28.3 million. This is an estimate of the combined total of (i) the additional charge related to step two of the analysis triggered by events in the first fiscal quarter 2012 and (ii) the charge related to step one and step two of the analysis triggered by events in the second fiscal quarter 2012. Most of this combined estimate relates to the impairment analysis triggered in the first fiscal quarter. The final total amount is expected to be determined in connection with the completion of the financial statements for the second fiscal quarter of 2012. However, if we are unable to complete the step two analysis triggered in the second fiscal quarter, we will complete that analysis during the preparation of the financial statements for the third fiscal quarter of 2012. Accordingly, any additional adjustment to the impairment amount will be recorded at a later time, if necessary.

More information regarding the Company's goodwill impairment, including a description of steps one and two of the analysis, and the approaches taken in the analysis of goodwill, can be found in the Notes to the Condensed Consolidated Financial Statements included in the Company's Form 10-Q filed with respect to the fiscal quarter ended April 1, 2012 and in the Company's Form 10-Q to be filed with respect to the fiscal quarter ended July 1, 2012.

General

The non-cash charges for the goodwill impairment are not expected to impact the Company's future cash flow, liquidity, or compliance with its debt covenants with third parties, specifically Wells Fargo Bank, National Association.

The description of the non-cash charges for the goodwill impairment contained in this Item 2.06 does not purport to be complete. It is qualified in its entirety by reference to the full text of our Form 10-Q filed with respect to the fiscal quarter ended April 1, 2012 with respect to the charges recorded for that period, and of our Form 10-Q to be filed with respect to the fiscal quarter ended July 1, 2012 with respect to the charges recorded for that period including, for both Forms 10-Q, notes to the Condensed Consolidated Financial Statements included therein, and such text and notes are incorporated herein by reference.

Item 7.01 Regulation FD Disclosure.

Press Release

The Press Release relating to our financial results for the second quarter ended July 1, 2012, and including information regarding, among other things, non-cash charges for impairment of goodwill, is attached hereto as Exhibit 99.1 and incorporated herein by reference.

The information in this Item 7.01 is furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.

Forward-Looking Statements

Statements made in this filing and any related statements that express Intermecc's or our management's intentions, hopes, indications, beliefs, expectations, guidance, estimates, forecasts or predictions of the future constitute forward-looking statements, as defined by the Private Securities Litigation Reform Act of 1995, and relate to matters that are not historical facts. They include, without limitation: statements about our view of general economic and market conditions; our revenue, expense, earnings, tax attributes or financial outlook for the current or any other period; our analysis of deferred tax valuation allowances, impairment analysis, our cost reduction plans; our ability to develop, produce, market or sell our products, either directly or through third parties, to reduce or control expenses, to improve efficiency, to realign resources, to successfully integrate acquired companies, or to continue operational improvement and year-over-year or sequential growth; our management succession; and about the applicability of accounting policies used in our financial reporting. When used in this document and in documents it refers to, the words anticipate, believe, will, intend, project and expect and similar expressions as they relate to us or our management are intended to identify such forward-looking statements. These statements represent beliefs and expectations only as of the date they were made. We may elect to update forward-looking statements but we expressly disclaim any obligation to do so, even if our beliefs and expectations change.

Actual results may differ from those expressed or implied in our forward-looking statements. Such forward-looking statements involve and are subject to certain risks and uncertainties, which may cause our actual results to differ materially from those discussed in a forward-looking statement. These include, but are not limited to, risks and uncertainties described more fully in our reports filed or to be filed with the Securities and Exchange Commission including, but not limited to, our 2011 Form 10-K, current reports on Form 8-K, and quarterly reports on Form 10-Q, which are available on our website at www.intermec.com.

FOR IMMEDIATE RELEASE

INTERMEC REPORTS PRELIMINARY SECOND QUARTER 2012 RESULTS

Revenue increased 12% from the first quarter

Adjusted Operating Income \$3.9 million; Non-GAAP earnings per share of \$0.02

Adjusted EBITDA of \$10.2 million, up \$17.1 million sequentially

Latin America, Asia Pacific and North America all delivered robust sequential growth
EVERETT, Wash. August 2, 2012 Intermec, Inc. (NYSE: IN) today announced preliminary financial results for its second quarter ended July 1, 2012.

Second quarter 2012 net revenues were \$201.0 million, with a net loss on a GAAP basis of (\$39.3) million or (\$0.65) per diluted share compared to 2011 second quarter revenues of \$221.1 million and a GAAP net loss of (\$3.8) million or (\$0.06) per diluted share. Earnings per share for the quarter were significantly impacted by a non-cash impairment of goodwill of \$28.3 million and restructuring charges of \$5.6 million. Excluding the impairment, restructuring and certain other adjustments totaling \$39.2 million (detailed in the table below), Adjusted Operating Income for the quarter was \$3.9 million and adjusted net earnings were \$1.3 million or \$0.02 per diluted share.

We achieved solid sequential revenue, gross margin and adjusted operating profit improvement in the second quarter. With improved margin and cost controls we were able to realize a \$17.7 million improvement in adjusted operating profit on a \$21 million incremental increase in revenue. While our results were below the second quarter 2011, this most recent quarter's performance puts us on an improved trajectory as we enter the second half of 2012, said Allen J. Lauer, Intermec Chairman and Interim CEO. As we consider additional steps, our Board is working closely with management and the Company's advisors to review our long-term strategic direction and leadership requirements.

The Company recognized a non-cash impairment charge of \$28.3 million against goodwill. The impairment charge is an estimate based on an analysis of a number of factors. The Company expects to complete the detailed steps of the analyses and adjust the impairment amount if needed when it completes its financial filings for the second and/or third fiscal quarters of 2012. In addition the Company recorded a net \$5.6 million restructuring charge related to the restructuring announced on June 12, 2012 net of the release of \$300,000 from the 2011 restructuring.

The following table presents the Company's GAAP operating income (loss), net earnings (loss) and earnings (loss) per share reported for the second quarters of 2012 and 2011, and as adjusted excluding the impact of restructuring costs, acquisition-related costs and other adjustments:

Second Quarter 2012 Operating Performance

Total revenue for the second quarter was \$201.0 million, an increase of 12% compared to the first quarter of 2012 and a decline of 9% compared to the same period in 2011. On a constant currency basis total revenue was down 6.8% compared to the prior year.

Geographically North America revenues decreased 5.6% compared to the second quarter 2011. Latin America revenue rose slightly while revenue in Asia Pacific declined by 1%. Europe, Middle East and Africa (EMEA) revenues declined 20.1% compared to Q2 2011. On a constant currency basis EMEA revenues were down 13.6% compared to the prior year. Sequentially second quarter revenue increased 34% in Latin America, 27% in Asia Pacific, 10% in North America and 2% in EMEA.

Edgar Filing: Intermecc, Inc. - Form 8-K/A

Total gross margin was 39.4% compared to 41.3% in the prior-year quarter and 36.7% in the first quarter 2012. Excluding acquisition related intangible amortization adjusted gross margins were 41.2% compared to 43.3% for the same period in 2011 and 38.7% in the first quarter 2012.

Total SG&A and R&D expense for the quarter was \$81.8 million compared to total SG&A and R&D in the same period 2011 of \$88.9 million and \$86.0 in the first quarter 2012. Lower SG&A expense for the quarter primarily reflects the benefit of program and discretionary cost control efforts and lower incentive based compensation.

Adjusted EBITDA for the quarter was \$10.2 million compared to Adjusted EBITDA of \$15.3 million in the same period 2011 and an Adjusted EBITDA loss of (\$6.9) million in Q1 2012.

Cash, cash equivalents, and short-term investments totaled about \$75 million at quarter-end. The outstanding balance of the Company's credit facility was \$85 million.

Recent Business Highlights

Intermec announced the launch of the PM43 and PM43c industrial mid-range label printers, featuring the fastest throughput in their class. Suited for harsh industrial environments including transportation, manufacturing and distribution centers, the PM43 and more compact PM43c printers are built to perform by increasing uptime and reducing maintenance costs.

Vocollect Healthcare Systems announced an alliance to bring key AccuNurse performance metrics to long-term care providers via the primeVIEW digital dashboard and data mining tool, developed by Prime Care Technologies.

Intermec announced the new PR2 and PR3 mobile receipt printers - the smallest, lightest and most durable receipt printers in their class. Designed for all day comfort for mobile field professionals in direct store delivery, route accounting, field service, mobile point of sale and electronic citation.

Closed a transaction with YRC, the largest LTL shipping company in the US, to deploy 10,000 CN70E rugged handheld mobile computers to YRC's professional city drivers for YRC Freight, Reddaway and Holland in the second half of 2012.

Secured a deal with a supermarket chain in EMEA to deploy 1,500 CN70 handheld computers where the installed voice capability delivered by Vocollect was a critical factor in the win.

Received an order from a large, global airline based in EMEA to deploy the CN70 over the next three years and with a large beverage supplier to deploy the CV41 vehicle mount computers, CN70, CK71 handheld computers and the SR61 scanner.

Secured an important deal with a healthcare organization to deploy 220 CN70 handheld computers, 700 PB22 rugged mobile printers and 650 SG20 handheld scanners demonstrating the power of Intermec's end-to-end product and solution capabilities.

About Intermec, Inc.

Intermec Inc. (NYSE: IN) is the workflow performance company. We design the leading data capture and information management solutions at the interface between mobile workers, assets, and customers. For more information about Intermec, visit www.intermec.com or call 800-347-2636.

Non-GAAP Financial Measures

This press release includes Non-GAAP financial measures for operating income (loss), net earnings (loss), earnings (loss) per diluted share, EBITDA, Adjusted EBITDA and gross margins. Reconciliations of each of these Non-GAAP financial measures to the most directly comparable GAAP financial measures are detailed in the Reconciliation of GAAP to Non-GAAP operating (loss) and adjusted EBITDA, Reconciliation of GAAP to Non-GAAP Gross Margins, for the three and six months ended July 1, 2012, attached to this press release.

Our Non-GAAP measures should be read in conjunction with the corresponding GAAP measures. The Non-GAAP measures should be considered in addition to and not as an alternative or substitute for the measures prepared in accordance with generally accepted accounting principles.

We believe that excluding items such as, but not limited to, allowances for deferred tax assets, goodwill or asset impairment charges, restructuring charges costs or adjustments related to completion of acquisitions, amortization of intangibles and non-cash stock based compensation expenses provides supplemental information useful to investors and management's understanding of Intermecc's core operating results, especially when comparing those results on a consistent basis to results for previous periods and anticipated results for future periods.

Statements made in this release and related statements that express Intermecc's or our management's intentions, hopes, indications, beliefs, expectations, guidance, estimates, forecasts or predictions of the future constitute forward-looking statements, as defined by the Private Securities Litigation Reform Act of 1995, and relate to matters that are not historical facts. The forward-looking statements contained herein include, without limitation, statements regarding: our view of general economic and market conditions, our revenue, expenses, earnings or financial outlook for the first two quarters of 2012, the full-year of 2012, the current period or any other period, our impairment analysis for goodwill and long-lived assets, our deferred tax valuation allowances, the applicability and results of accounting policies and analyses used in our financial reporting, the necessity to update information in our periodic or other required reports, our cost reduction plans, and our ability to develop, produce, market or sell our products, either directly or through third parties, to reduce or control expenses, to improve efficiency, to realign resources, or to continue operational improvement and year-over-year or sequential growth. They also include, without limitation, statements about future financial and operating results of our company after the acquisition of other businesses and the benefits of such acquisitions. When used in this document and in documents it refers to, the words anticipate, believe, will, intend, project and expect and similar expressions as they relate to us or our management are intended to identify such forward-looking statements. These statements represent beliefs and expectations only as of the date they were made. We may elect to update forward-looking statements, but we expressly disclaim any obligation to do so, even if our beliefs and expectations change.

Actual results may differ from those expressed or implied in our forward-looking statements. Such forward-looking statements involve and are subject to certain risks and uncertainties, which may cause our actual results to differ materially from those discussed in a forward-looking statement. These risk factors include, but are not limited to, risks and uncertainties described more fully in our reports filed or to be filed with the Securities and Exchange Commission including, but not limited to, our annual reports on Form 10-K, quarterly reports on Form 10-Q, and current reports on Form 8-K, which are available, among other places, on our website at www.intermec.com.

Intermec is providing disclosure of the reconciliation of certain Non-US GAAP financial measures used in our financial reporting and within our press release, among other places, to our comparable financial measures on a US GAAP basis. The Company believes that these Non-US GAAP financial measures provide investors the additional information to evaluate financial performance in a way that is comparable to measures reported by other technology companies.

Earnings before interest, taxes, depreciation, and amortization (EBITDA) is net income/loss before provisions for income taxes, net interest expense, and depreciation and amortization. EBITDA should not be considered an alternative to, or more meaningful than, income before income taxes, cash flow from operations, or other traditional indicators of operating performance. Rather, EBITDA is presented because it is a widely accepted supplemental financial measure that we believe provides relevant and useful information. Our calculation of adjusted EBITDA adds back the non-cash effect of stock-based compensation as accounted for under ACS 718 as we believe this is a meaningful view of our underlying cash earnings. Adjusted EBITDA may not be comparable to a similarly titled measure reported by other companies, since not all companies calculate this non-US GAAP measure in the same manner.
