**FORM 8-K**

**Item 1.01 Entry into a Material Definitive Agreement.**

Science Applications International Corporation (SAIC) entered into an administrative agreement dated August 21, 2012, with the U.S. Army on behalf of all agencies of the U.S. Government, that confirms SAIC's continuing eligibility to enter into and perform contracts with all agencies of the U.S. Government following SAIC's previously announced settlement, with the U.S. Attorney's Office, of investigations relating to SAIC's contract to develop and implement an automated time and attendance and workforce management system (CityTime) for certain New York City agencies. The Army has determined that the U.S. Government will have adequate assurances under the terms of the administrative agreement and that initiation of suspension or debarment is not necessary to protect the U.S. Government's interests following SAIC's settlement of the CityTime matter. Under the terms of the administrative agreement, SAIC has agreed, among other things, to maintain a contractor responsibility program having the specific elements described in the administrative agreement, including retaining a monitor and providing certain reports to the Army. The administrative agreement will continue in effect for five years, provided that SAIC may request earlier termination following completion of three years. Contractor Integrity Solutions, LLC, who has been appointed by the U.S. Attorney's Office to serve as the monitor as part of SAIC's settlement of the CityTime matter, will also serve as the monitor under the administrative agreement.

The foregoing description of the administrative agreement is not complete and is qualified in its entirety by reference to the full text of such agreement, which is filed as Exhibit 10.1 to this report and incorporated herein by this reference.
