A replay of the presentation will also be available at the Company's website, [www.keyenergy.com](http://www.keyenergy.com), under Investor Relations. During the presentation, among other matters, the Company plans to discuss the following:

The Company intends to report fourth quarter and full year 2012 financial results after market close on Thursday, February 14, 2013. The Company expects to report consolidated results in line with prior guidance provided on its third quarter 2012 conference call.

One of the Company's large customers significantly reduced its U.S. well servicing activity late in 2012, and the Company expects the full impact of this reduction to be reflected in the Company's first quarter 2013 results.

The Company expects activity levels in its U.S. segment to increase after first quarter 2013 and anticipates overall activity for full year 2013 to approximate full year 2012 activity levels.

The Company's 2013 capital expenditure plan is currently \$210 million and is planned to be primarily focused on equipment maintenance and rig fleet upgrades.
