PROXY STATEMENT

FOR THE 2013 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the Internet?

Under rules adopted by the Securities and Exchange Commission, or SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, or the Notice, to our stockholders of record. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or to request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. You will not receive a printed copy of the proxy materials unless you request one in the manner set forth in the Notice. This permits us to conserve natural resources and reduces our printing costs, while giving stockholders a convenient and efficient way to access our proxy materials and vote their shares.

We intend to mail the Notice and, as required, any other printed proxy materials, on or about July 31, 2013 to all stockholders of record entitled to vote at the 2013 annual meeting of stockholders, or annual meeting.

Why are these proxy materials being made available?

We are providing you with these proxy materials because the board of directors of InvenSense, Inc. (which we refer to in this proxy statement as InvenSense, the Company, we, or us) is soliciting your proxy to vote at the annual meeting. You are invited to attend the annual meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply vote your shares by proxy via the Internet or, if you receive a paper copy of the proxy statement, by completing, signing and returning a paper proxy card.

How do I attend the annual meeting?

The meeting will be held on September 13, 2013 at 8:30 a.m. pacific daylight time at the offices of Morrison & Foerster LLP, 755 Page Mill Road, Palo Alto, California 94306.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on July 17, 2013 will be entitled to vote at the annual meeting. On the record date, there were 86,335,017 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on July 17, 2013, your shares of InvenSense's common stock were registered directly with Computershare Trust Company, N.A., our transfer agent for our common stock, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote your proxy on the matters to be considered as promptly as possible in order to ensure your representation at the meeting. You may vote your proxy via the Internet or by requesting a printed copy of the proxy materials and returning the enclosed proxy card.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, on July 17, 2013, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and the Notice is being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote and for which we are soliciting your proxy:

1. Election of our board's two nominees for Class II directors.
2. Approval of our Employee Stock Purchase Plan.
3. Ratification of the selection by the audit committee of our board of directors of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending March 30, 2014.

You may either vote For all the nominees to the board of directors or you may Withhold your vote for any nominee(s) you specify. For the proposals regarding approval of our Employee Stock Purchase plan and ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm, you may vote For or Against the proposal or abstain from voting.

How do I vote?

The procedures for voting are as follows:

Voting via the Internet

You can vote your shares via the Internet by following the instructions in the Notice. The Internet voting procedures are designed to authenticate your identity and to allow you to vote your shares and confirm your voting instructions have been properly recorded. If you vote via the Internet, you do not need to mail a proxy card.

Voting by Mail

You can vote your shares by mail by requesting that a printed copy of the proxy materials be sent to your address. When you receive the proxy materials, you may fill out the proxy card enclosed therein and return it per the instructions on the card.

What if I return a proxy card or otherwise complete a ballot or give voting instructions but do not make specific choices?

If you return a signed and dated proxy card or otherwise complete a ballot or voting instructions without marking your selections, your shares will be voted, as applicable, For the election of both nominees for director, For the resolution to approve our Employee Stock Purchase Plan, and For the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending March 30, 2014. The board of directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

Edgar Filing: InvenSense Inc - Form DEF 14A

We are paying for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

Table of Contents

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares are registered in more than one name or are registered in different accounts. Please follow the voting instructions on the Notice and vote your shares for each name or account to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of four ways:

You may submit another properly completed proxy card with a later date;

You may grant a subsequent proxy through our Internet voting site;

You may send a written notice that you are revoking your proxy to our Corporate Secretary at 1197 Borregas Avenue, Sunnyvale, California 94089; or

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. Please remember, as mentioned above, if you are a beneficial owner of shares you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker, bank or other agent that holds your shares in street name.

If your shares are held by your broker, bank or another agent as a nominee or agent, you should follow the instructions provided by your broker, bank or other agent.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing between May 17, 2014 and June 16, 2014 to our Corporate Secretary at 1745 Technology Drive, San Jose, California 95110. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, you must do so by March 28, 2014. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What are broker non-votes? How do I vote if I hold my shares in street name?

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions).

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to routine discretionary items, but not with respect to non-discretionary items under the rules of the New York Stock Exchange, or NYSE, on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. Under NYSE rules, elections of directors are considered to be non-routine and, therefore, brokers and other nominees will not be able to vote in the election of directors unless they receive instructions from the beneficial owners of the shares.

Table of Contents

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold votes and any broker non-votes for the election of directors. Broker non-votes will not count for or against any nominees or for any frequency of named executive officer compensation advisory votes.

With respect to the non-binding advisory resolution to approve our named executive officer compensation and the ratification of Deloitte & Touche, the inspector of election will separately count For and Against votes. Abstentions will be counted towards the vote total for the proposal, and will have the same effect as Against votes. Broker non-votes will have no effect and will not be counted towards the vote total for the proposal.

How many votes are needed to approve each of the proposals?

Proposal 1 Election of our two nominees for Class II director. The two nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected.

Proposal 2 Approval of our Employee Stock Purchase Plan. This proposal must receive a For vote from the holders of a majority of the voting power present and entitled to vote either in person or by proxy on the proposal. If you Abstain from voting, your vote will not be counted as a vote cast.

Proposal 3 Ratification of the selection by the audit committee of our board of directors of Deloitte & Touche LLP as the independent registered public accounting firm of InvenSense for our fiscal year ending March 30, 2014. This proposal must receive a For vote from the holders of a majority of the voting power present and entitled to vote either in person or by proxy on the proposal. If you Abstain from voting, it will have the same effect as an Against vote.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at the meeting there are present in person or represented by proxy the holders of outstanding shares of common stock entitled to cast a majority of the votes that could be cast by all outstanding shares of common stock. On the record date, there were 86,335,017 shares of common stock outstanding, all of which are entitled to vote. Thus, holders of shares representing at least 43,167,509 votes must be present in person or represented by proxy at the meeting to have a quorum.

Shares that are voted in person or by proxy are treated as being present at the meeting for purposes of establishing a quorum. Abstentions and broker non-votes will also be counted for purposes of calculating whether a quorum is present at the annual meeting. If there is no quorum, the holders of shares representing a majority of the votes present at the meeting may adjourn the meeting to another date.

How many votes do I have?

On each matter to be voted upon, for holders of our common stock, you have one vote for each share of common stock you owned as of July 17, 2013.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

PROPOSAL ONE

ELECTION OF CLASS II DIRECTORS

Pursuant to our certificate of incorporation, our board of directors is divided into three classes with staggered three-year terms. The total number of authorized directors on our board of directors immediately following the 2013 annual meeting has been fixed at seven by a resolution of our board of directors, and two directors will serve as Class II directors whose terms will expire at the annual meeting of stockholders to be held in 2016.

There are two nominees for Class II director at this annual meeting, R. Douglas Norby and Tim Wilson. Stockholders cannot submit proxies voting for a greater number of persons than the two nominees named in this Proposal One. Each director to be elected will hold office until the annual meeting of stockholders held in 2016 and until his successor is elected or until the director's death, resignation or removal. Each nominee is currently a director of InvenSense and has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

There are no family relationships between any of our directors, nominees or executive officers. There are also no arrangements or understandings between any director, nominee or executive officer and any other person pursuant to which he or she has been or will be selected as a director and/or executive officer.

Required Vote

The two nominees receiving the highest number of FOR votes shall be elected as Class II directors. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named above. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for such nominee will instead be voted for the election of a substitute nominee proposed by our board of directors and the nominating and corporate governance committee. Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on elections of directors unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to the two nominees in this Proposal One if you want your broker to vote your shares on the matter. Otherwise, your shares will be treated as broker non-votes. Broker non-votes will have no effect on the outcome of the vote.

Recommendation

The board of directors recommends a vote FOR each nominee named in Proposal One.

He received his B.S. in Engineering from the University of Western Australia and a Ph.D. in Electrical Engineering from Princeton University. We believe Dr. Yu's qualifications to sit on our board of directors include his extensive experience in investment management of and service as a board member of various companies in the semiconductor, communications component and systems industries. Dr. Yu qualifies as independent according to the rules and regulations of the NYSE as determined by our board of directors.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Composition and Leadership Structure

Our board of directors consists of six members, including our President and Chief Executive Officer, Behrooz Abdi, as well as five non-management directors, Messrs. R. Douglas Norby, Jon Olson, Amit Shah and Tim Wilson and Dr. Yunbei Ben Yu, each of whom qualifies as independent according to the rules and regulations of the NYSE as determined by our board of directors.

Our board of directors is divided into three classes with staggered three-year terms. At each annual general meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election. Our directors are divided among the three classes as follows:

The Class I directors are Mr. Olson, Mr. Shah and Dr. Yu, and their terms will expire at the annual meeting of stockholders to be held in 2015;

The Class II directors are Messrs. Norby and Wilson, and their terms will expire at the next annual meeting of stockholders to be held on September 13, 2013 as described in this proxy statement; and

The Class III director is Mr. Abdi and his term will expire at the annual meeting of stockholders to be held in 2014. We intend to designate one of our current Class I directors as a Class III director prior to the 2014 annual meeting.

Our board highly values independent directors. Currently, all of the members of our board of directors other than our Chief Executive Officer, Mr. Abdi, are independent, as well as all members of the audit committee, the compensation committee and the nomination and corporate governance committee. Our board of directors retains the flexibility to determine on a case-by-case basis whether the Chief Executive Officer, or an independent director, should serve as Chairman. This flexibility permits our board of directors to organize its functions and conduct its business in a manner it deems most effective in then-prevailing circumstances.

The board currently separates the role of Chairman and Chief Executive Officer, with Mr. Abdi serving as Chief Executive Officer and Mr. Shah serving as Chairman. The board believes that separating these two roles promotes balance between the board's independent authority to oversee our business and the Chief Executive Officer and our management team, which manages the business on a day-to-day basis. The current separation of the Chairman and Chief Executive Officer roles allows the Chief Executive Officer to focus his time and energy on operating and managing the Company and leverage the experience and perspectives of the Chairman.

While the board has not appointed a lead independent director, the board maintains effective independent oversight through a number of governance practices, including our strong committee system, open and direct communication with management, input on meeting agendas, annual performance evaluations and regular executive sessions.

In addition, the board has established the following procedures for selecting the presiding director during the executive sessions of the board. The presiding director will be (i) the Chairman of the board, if that person is a non-employee director, or (ii) the lead independent director, if any. The position of presiding director rotates among our independent, non-employee directors depending on the primary focus of matters to be discussed during the executive session.

Table of Contents**Role of the Board in Risk Oversight**

The board of directors is actively involved the oversight of our risk management process. The board does not have a standing risk management committee, but administers this oversight function directly through the board as a whole, as well as through its standing committees that address risks inherent in their respective areas of oversight. In particular, our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking, our nominating and corporate governance committee monitors our major legal compliance risk exposures and our program for promoting and monitoring compliance with applicable legal and regulatory requirements and our board is responsible for monitoring and assessing strategic risk exposure and other risks not covered by our committees.

The full board, or the appropriate committee, receives reports on risks facing our company from our Chief Executive Officer or other members of management to enable it to understand our risk identification, risk management and risk mitigation strategies. We believe that our board's leadership structure supports effective risk management because it allows the independent directors on our committees to exercise oversight over management.

Board Meetings

During the fiscal year ended March 31, 2013, the board held four meetings. Each of our incumbent directors attended more than seventy-five percent of the meetings of the board and of the committees on which the director served that were held during the last fiscal year. Board members are expected to regularly attend all meetings of the Board and committees on which they serve. Our independent directors held an executive session in conjunction with each in-person board meeting.

The nominating and corporate governance committee will consider director candidates recommended by stockholders. The nominating and corporate governance committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Steven Nasiri, Former President and Chief Executive Officer

Alan Krock, Vice President and Chief Financial Officer

Daniel Goehl, Vice President Worldwide Sales

Compensation Objectives

We structure our compensation programs to reward high performance and innovation, promote accountability and ensure that employee interests are aligned with the interests of our stockholders. Our executive compensation program is structured to attract, motivate and retain highly qualified executive officers by paying them competitively and tying their compensation to our success as a whole and to their individual contributions to such success.

Specifically, the compensation committee believes that the primary objectives of our compensation policies are:

creating long-term incentives for management to increase stockholder value;

motivating our executives to achieve our short-term and long-term goals;

providing clear company and individual objectives that promote innovation to achieve our objectives;

rewarding the achievement of targeted results; and

retaining executive officers whose abilities are critical to our long-term success and competitiveness.

Framework for Determining Executive Compensation

The executive compensation program we adopted for fiscal 2013 had three primary components: (i) base salary, (ii) non-equity incentive plan compensation and (iii) equity awards. In addition, we provided our executive officers with other compensation, including a variety of benefits that are available generally to all salaried employees in the geographic locations where such executives are based.

We utilize a discretionary approach for determining our named executive officers' compensation, which is based upon the business judgment and experience of our compensation committee and our chief executive officer. We rely in part on the experience and familiarity of our compensation committee members with current information relating to total aggregate compensation levels paid by technology companies of similar scale to ours. Our compensation committee members have obtained this experience and familiarity as venture capitalists and/or executives at technology companies. In June 2011, in anticipation of our initial public offering, our compensation committee engaged Compensia, Inc., a national compensation consulting firm, to review the compensation arrangements of our executive officers and to evaluate our equity award grant practices, in comparison to the practices of a group of publicly traded semiconductor companies identified by Compensia. The committee and Mr. Nasiri reviewed this previously gathered information and publicly available information of which members of the committee and Mr. Nasiri were aware in April 2012 in connection with setting compensation for named executive officers for fiscal 2013. The committee reviewed additional information provided by Compensia in establishing Mr. Abdi's compensation package in connection with the execution of his employment agreement as chief executive officer in October 2012. We did not benchmark our compensation levels against a peer group of companies. We have not adopted any formal or informal policies or guidelines for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation, or among different forms of non-cash compensation.

Edgar Filing: InvenSense Inc - Form DEF 14A

In fiscal 2013, our former chief executive officer, Mr. Nasiri, provided recommendations to the compensation committee in connection with the establishment of compensation of our executive officers for 2013. Mr. Nasiri discussed the target compensation and past performance of all executive officers, excluding

Table of Contents

himself, with the compensation committee. Mr. Nasiri based his recommendations for 2013 compensation in part upon annual performance reviews of our executive officers conducted at beginning of fiscal 2013. New individual performance goals were established for 2013 and were reviewed with the compensation committee at the time they are established.

Prior to fiscal 2013, as part of each performance review, our chief executive officer utilized a scoring methodology and his discretion to determine the amount of the non-equity incentive awards paid to our executive officers.

Beginning in November 2012, our new chief executive officer, with the assistance of our human relations organization, commenced a review of the structure of our historical performance review and executive compensation program, and recommended to the compensation committee that the program be restructured to focus on achievement and goals and to eliminate its scoring features, on the basis that such a restructuring would lead to improvements in executive performance and overall satisfaction. In conjunction with the completion of this review, the compensation committee, upon the recommendation of management and with the agreement of our named executive officers, determined that despite the achievement of certain revenue goals established as part of the original compensation program for 2013, it was decided that the non-equity incentive compensation plan would be discontinued for the 2013 fiscal year, with no bonuses being paid thereunder. Although the compensation committee, in light of the decision not to pay bonuses, did not complete a formal assessment of performance of our executive officers against goals, the compensation committee did evaluate the overall performance of our executive officers, and our executive officers were compensated through base salary adjustments and equity awards made in early fiscal 2014. In addition, our compensation committee has adopted a new non-equity incentive program for the 2014 fiscal year.

Until his resignation in October 2012, the compensation of our president and chief executive officer, Mr. Nasiri, was established by the board of directors, excluding Mr. Nasiri, upon the recommendation of the compensation committee, based on the compensation committee's discussions with, and evaluation of, Mr. Nasiri. The specific criteria used to evaluate Mr. Nasiri's performance during fiscal year 2013 are described below.

The compensation of our current president and chief executive officer, Mr. Abdi, for 2013 was determined pursuant to an employment agreement described below under Employment Agreements; Change in Control Arrangements; and Potential Payments upon Termination or Change in Control Behrooz Abdi.

The following is a discussion of the individual performance evaluation criteria applicable to our named executive officers for fiscal year 2013:

Steven Nasiri, Former President and Chief Executive Officer

Mr. Nasiri was to be evaluated on the basis of the overall performance of our Company, including the extent to which we were successful in achieving net revenue goals, market leadership, profitability, customer diversification, product development, technology milestones, and organizational development.

Alan Krock, Vice President and Chief Financial Officer

Mr. Krock was evaluated on his management of our financial operations, development of reporting systems to support our functioning as a public company, timely and accurate reporting of financial and critical operating information to our management team and board, establishment and management of a treasury function, and improvements in systems supporting, and management of, our human resources, information technology and facilities functions.

Table of Contents*Daniel Goehl, Vice President Worldwide Sales*

Mr. Goehl was evaluated on his achievement of sales objectives, development of marketing strategies, generation of business development opportunities, management of our sales organization, support of our business development activities, management of key customer relationships, and participation in hiring and training activities.

Stephen Lloyd, Vice President Engineering and New Product Development

Mr. Lloyd was evaluated on his achievement of certain product development and production goals, development of intellectual property, support of business development activities, and participation in hiring and training activities.

Elements of Compensation*Base Salary*

We pay base salaries to provide a fixed level of cash compensation for our named executive officers to compensate them for services rendered during the fiscal year. Each year we determine salary increases, if any, based upon a subjective evaluation of each executive's individual performance, position, tenure, experience, expertise, leadership, management capability, and the extent to which the executive has been successful in managing and growing the operations or organization for which such executive is responsible. We do not apply formulaic base salary increases to our named executive officers. For fiscal year 2013, the compensation committee approved increases in the base salaries of Mr. Krock, Mr. Goehl and Mr. Lloyd recommended by our chief executive officer from \$220,000 to \$270,000, \$200,000 to \$230,000 and \$205,000 to \$240,000, respectively, in each case in recognition of the increased responsibility of their positions resulting from our status as a public company and the increasing scale and scope of our operations resulting from growth in our business.

Non-Equity Incentive Awards

For fiscal 2013, our compensation committee established a bonus pool available to all of our named executive officers to reward named executive officers for the successful performance of our Company as a whole and of each participating named executive officer as an individual. The bonus pool was initially based on our annual plan for the 2013 fiscal year, which took into account net revenue objectives established by the board of directors in consultation with management. The compensation committee would distribute the bonus pool to our named executive officers based on the extent to which we attained specified net revenue goals, believing that adequate incentives and controls were in place to encourage the attainment of other objectives established in our annual plan.

The compensation committee delegated the ability to designate our named executive officers' fiscal year 2013 target awards to our former chief executive officer, Mr. Nasiri. The committee designated a fiscal year 2013 target award for our former chief executive officer after reviewing this target with our board. The following target awards were allocated to the participating named executive officers by our former chief executive officer on the basis of relative salary levels and contributions to our net revenue goals.

Named Executive Officer	2013 Fiscal Year Target Award
Behrooz Abdi	\$ N/A(1)
Steven Nasiri	\$ 200,000
Alan Krock	\$ 60,000
Daniel Goehl	\$ 80,000
Stephen Lloyd	\$ 60,000

- (1) Mr. Abdi was not an executive officer at the time that fiscal 2013 cash bonus targets were set. Mr. Abdi's compensation package for the 2013 fiscal year, including a potential bonus, was established in his

Table of Contents

employment agreement, described below in Employment Agreements; Change in Control Arrangements; and Potential Payments upon Termination or Change in Control Behrooz Abdi.

For the 2013 fiscal year, the target awards for each of our named executive officers were subject to a percentage adjustment based on a target revenue goal of \$200 million based on the following schedule:

	Revenue Attainment						
	Under 95% of Goal	95% to 100% of Goal	100% to 105% of Goal	105% to 110% of Goal	100% to 115% of Goal	115% to 120% of Goal	Above 120% of Goal
Target Award Adjustment	0%	50%	100%	150%	200%	250%	300%

As discussed further above in Framework for Determining Executive Compensation, our compensation committee determined the non-equity incentive plan would be discontinued for the 2013 fiscal year and that no bonuses be paid thereunder.

Equity Awards

We believe that equity ownership in our Company is an important component of each named executive officer's total compensation because it promotes long-term performance by aligning the interests of our named executive officers with the interests of our stockholders. We believe that equity awards will incentivize our named executive officers to achieve long-term performance because they provide greater opportunities for our named executive officers to benefit from any future successes in our business. We have not adopted stock ownership guidelines, and our equity compensation plans have provided the principal method for our named executive officers to acquire equity or equity-linked interests in our Company.

The number of shares subject to options granted to each named executive officer is determined by our compensation committee based upon several factors, including individual performance reviews and the levels of equity ownership we believe to be representative of and competitive with ownership levels of officers having similar responsibilities in technology companies of similar scale and stage of development to ours. In addition to the annual awards, grants of options may be made to executive officers as an inducement to accept employment, following a significant change in job responsibility or in recognition of a significant achievement. The exercise price of options granted under our equity incentive plans is equal to or exceeds the fair market value of the underlying shares on the date of grant. Our equity incentive plans are more fully described below in the section titled Employee Benefit and Equity Plans.

Policies with Respect to Equity Compensation Awards

During fiscal year 2013, we granted options to purchase shares of our common stock under our 2011 Stock Incentive Plan. The plan allows us to grant options, restricted stock, and other equity awards. We grant options with exercise prices equal to or in excess of the fair market value of our common stock as of the date of grant. The fair market value of shares of our common stock and the corresponding exercise prices of our option grants is established as the closing sale price of our common stock on the NYSE on the date a grant is made.

Behrooz Abdi

In connection with Mr. Abdi's appointment as President and Chief Executive Officer on October 24, 2012, we entered into an employment agreement and an executive change in control and severance agreement with Mr. Abdi. Pursuant to the employment agreement, Mr. Abdi's annual base salary was set at \$400,000 per year and he was to earn an annual performance bonus of \$100,000, if bonuses were otherwise paid under our executive bonus plan for 2013. The agreement provides that Mr. Abdi will participate in the future in any other bonus or similar plan for our executive officers adopted by our Board of Directors. Along with our other executive officers, Mr. Abdi did not receive a bonus in fiscal 2013.

In addition, under his employment agreement, Mr. Abdi was granted: (i) an option to purchase 829,540 shares of our common stock, at an exercise price equal to \$11.57 per share, the closing price of our common stock on the NYSE on October 24, 2012. One quarter of the shares subject to the option will vest on the one year anniversary of his employment and the remaining shares will vest in equal monthly installments over the three years thereafter; (ii) an option to purchase 622,155 shares of our common stock, at an exercise price equal to \$11.56 per share, with shares subject to the option vesting ratably at a rate of 1/48th per month after commencement of vesting, and vesting commencing for such shares in even thirds of 207,385 shares upon the closing price of our stock equaling or exceeding \$15.00, \$17.50 and \$20.00, respectively, for periods of 20 consecutive trading days; and (iii) 414,770 shares of restricted common stock, with one quarter of the shares vesting on the one year anniversary of his employment and the remaining shares vesting in equal monthly installments over the three years thereafter. In consideration for our entering into the employment agreement, Mr. Abdi agreed that no additional shares would vest under existing options covering an aggregate of 90,000

shares granted to him in his capacity as a non-employee member of our Board of Directors. Mr. Abdi retained that portion of the option that was already vested, representing the right to purchase 28,125 shares at \$7.32 per share.

Under his executive change in control and severance agreement, if Mr. Abdi resigns for good reason or is terminated without cause not in connection with a change in control, he is entitled to: (i) a severance payment equal to 18 months of his then-current base salary; (ii) a bonus payment equal to his target bonus amount for the prior fiscal year (or, if no such prior year target annual bonus has been established, for the current fiscal year); and (iii) a payment of 18 months of continued medical insurance premiums under COBRA, each of which shall be paid in single lump-sum amounts, subject to applicable withholding taxes. In addition, his then-outstanding equity awards that have commenced vesting in accordance with their terms will vest in the additional portion that would have vested had his service with us continued for an additional 12 months after the date of termination (but without giving effect to any change in the trading price of our common stock following the date of termination).

In addition, if he resigns for good reason or is terminated without cause within 90 days before or 18 months following a change in control, Mr. Abdi is entitled to: (i) a severance payment equal to 18 months of the greater of his then-current base salary or his base salary as in effect immediately prior to the change in control; (ii) a bonus payment equal to 150% of the weighted average of his target bonus amount for the year in which his termination occurs and for the bonus amount paid to him for the year prior to the year in which his termination occurs; and (iii) a payment of 18 months of continued medical insurance premiums under COBRA, each of which shall be paid in single lump-sum amounts, subject to applicable withholding taxes. In addition, 100% of his then-outstanding equity awards that have commenced vesting in accordance with their terms will become vested (as if, with respect to equity awards the vesting of which is conditioned on the achievement of any common stock trading price, our common stock's price had closed for 20 consecutive trading days at the price per share paid in the change in control), all restrictions and repurchase rights will lapse, and all performance goals or other criteria will be deemed achieved at target levels and all other terms and condition met.

Without regard to whether Mr. Abdi is terminated or resigns, upon a change of control, 100% of his then-outstanding equity awards that are not assumed or replaced upon the change in control and that have commenced vesting in accordance with their terms will become vested (as if, with respect to equity awards the vesting of which is conditioned on our achievement of any common stock trading price, our common stock's price had closed for 20 consecutive trading days at the price per share paid in the change in control).

The following table describes the potential compensation that would have been paid to Mr. Abdi in the event of a termination of his employment, assuming such termination was effective as of March 31, 2013 the last day of our 2013 fiscal year. The actual amounts to be paid in the event of a termination of employment or resignation in connection with an acquisition of us by a third party can only be determined at the time of his separation from us.

Employee Benefit and Equity Plans

2011 Stock Incentive Plan

Our board of directors have adopted and our stockholders have approved our 2011 Stock Incentive Plan, which we refer to as the 2011 Plan. The 2011 Plan serves as the successor to our 2004 Stock Incentive Plan, as amended, which we refer to as our 2004 Plan. Our 2011 Plan provides for the grant of incentive stock options,

Table of Contents

within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, to our employees and any parent and subsidiary corporations' employees, and for the grant of non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units and dividend equivalent rights to our employees, directors and consultants and our parent and subsidiary corporations' employees, directors and consultants.

Share Reserve

As of March 31, 2013, we had reserved for issuance pursuant to the 2011 Plan a total of 14,882,991 shares of our common stock. In addition, the number of shares reserved for issuance pursuant to the 2011 Plan will be increased by any additional shares that would otherwise have returned to the 2004 Plan after March 31, 2013 as a result of forfeiture, termination or expiration of awards previously granted under the 2004 Plan. Further, our 2011 Plan provides for annual increases in the number of shares available for issuance thereunder on the first business day of each fiscal year equal to four percent (4%) of the number of shares of our common stock outstanding as of such date, which resulted in an annual increase of 3,399,218 shares for fiscal year 2014. As of March 31, 2013, options to purchase 10,494,500 shares of common stock and 806,688 restricted stock units were outstanding and 9,382,902 shares were available for future grant under the 2011 Plan.

Administration

Our board of directors has appointed our compensation committee as administrator of our 2011 Plan. In the case of awards intended to qualify as performance based compensation within the meaning of Section 162(m) of the Code the committee will consist of two (2) or more outside directors within the meaning of Section 162(m) of the Code. The administrator will have the power to determine and interpret the terms and conditions of the awards, including the employees, directors and consultants who will receive awards, the exercise price, the number of shares subject to each such award, the vesting schedule and exercisability of the awards, the restrictions on transferability of awards and the form of consideration payable upon exercise. The administrator also will have the authority to institute an exchange program whereby the exercise prices of outstanding awards may be reduced or outstanding awards may be surrendered or cancelled in exchange for other awards of the same type (which may have higher or lower exercise prices) or awards of a different type.

Stock Options

Our 2011 Plan allows for the grant of incentive stock options that qualify under Section 422 of the Code only to our employees and employees of any parent or subsidiary of ours. Non-qualified stock options may be granted to our employees, directors, and consultants and those of any parent or subsidiary of ours. The exercise price of all options granted under our 2011 Plan must at least be equal to the fair market value of our common stock on the date of grant. The term of an incentive stock option may not exceed ten (10) years, except that with respect to any employee who owns more than ten percent (10%) of the voting power of all classes of our outstanding stock or any parent or subsidiary corporation as of the grant date, the term must not exceed five (5) years, and the exercise price must equal at least one hundred ten percent (110%) of the fair market value on the grant date.

After the continuous service of an employee, director or consultant terminates, he or she may exercise his or her option, to the extent vested, for the period of time specified in the option agreement. However, an option may not be exercised later than the expiration of its term.

Stock Appreciation Rights

Our 2011 Plan allows for the grant of stock appreciation rights. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the date of grant and the exercise date. The administrator will determine the terms of stock appreciation rights, including when such rights

Table of Contents

become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof, except that the base appreciation amount for the cash or shares to be issued pursuant to the exercise of a stock appreciation right will be no less than one hundred percent (100%) of the fair market value per share on the date of grant. After the continuous service of an employee, director or consultant terminates, he or she may exercise his or her stock appreciation right, to the extent vested, only to the extent provided in the stock appreciation right agreement.

Restricted Stock Awards

Our 2011 Plan allows for the grant of restricted stock. Restricted stock awards are shares of our common stock that vest in accordance with terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any employee, director or consultant. The administrator may impose whatever conditions on vesting it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture.

Restricted Stock Units

Our 2011 Plan allows for the grant of restricted stock units. Restricted stock units are awards that will result in payment to a recipient at the end of a specified period only if the vesting criteria established by the administrator are achieved or the award otherwise vests. The administrator may impose whatever conditions to vesting, restrictions and conditions to payment it determines to be appropriate. The administrator may set restrictions based on the achievement of specific performance goals or on the continuation of service or employment. Payments of earned restricted stock units may be made, in the administrator's discretion, in cash, with shares of our common stock or other securities, or a combination thereof.

Dividend Equivalent Rights

Our 2011 Plan allows for the grant of dividend equivalent rights. Dividend equivalent rights are awards that entitle the recipients to compensation measured by the dividends we pay with respect to our common stock.

Transferability of Awards

Our 2011 Plan allows for the transfer of awards under the 2011 Plan only (i) by will, (ii) by the laws of descent and distribution and (iii) for awards other than incentive stock options, to the extent authorized by the administrator. Only the recipient of an incentive stock option may exercise such award during his or her lifetime.

Certain Adjustments

In the event of certain changes in our capitalization, to prevent diminution or enlargement of the benefits or potential benefits available under the 2011 Plan, the administrator will make adjustments to one or more of the number or class of shares that are covered by outstanding awards, the exercise or purchase price of outstanding awards, the numerical share limits contained in the 2011 Plan, and any other terms that the administrator determines require adjustment. In the event of our complete liquidation or dissolution, all outstanding awards will terminate immediately upon the consummation of such transaction.

Corporate Transactions and Changes in Control

Our 2011 Plan provides that in the event of a corporate transaction, as defined in the 2011 Plan, each outstanding award will terminate upon the consummation of the corporate transaction to the extent that such awards are not assumed by the acquiring or succeeding corporation. Prior to or upon the consummation of a corporate transaction or a change in control, as defined in the 2011 Plan, an outstanding award may vest, in

Table of Contents

whole or in part, to the extent provided in the award agreement or as determined by the administrator in its discretion. The administrator may condition the vesting of an award upon the subsequent termination of the recipient's service or employment within a specified period of time following the consummation of a corporate transaction or change in control. The administrator will not be required to treat all awards similarly in the event of a corporate transaction or change in control.

Plan Amendments and Termination

Our 2011 Plan will automatically terminate ten (10) years following the date it became effective, unless we terminate it sooner. In addition, our board of directors has the authority to amend, suspend or terminate the 2011 Plan provided such action does not impair the rights under any outstanding award unless mutually agreed to in writing by the recipient and us.

Equity Compensation Plan Information

Information, as of March 31, 2013, regarding equity compensation plans approved and not approved by stockholders is summarized in the following table:

Pension Benefits

We did not sponsor any defined benefit pension or other actuarial plan for our executive officers, including the named executive officers, during fiscal year 2013.

Nonqualified Deferred Compensation

We did not maintain any nonqualified defined contribution or other deferred compensation plans or arrangements for our executive officers, including the named executive officers, during fiscal year 2013.

401(k) Plan

We maintain a 401(k) retirement savings plan. Each participant who is a U.S. employee may contribute to the 401(k) plan, through payroll deductions, subject to statutory limitations imposed by the Internal Revenue Service. All amounts contributed by employee participants and earnings on these contributions are fully vested at all times and are not taxable to participants until withdrawn. Employee participants may elect to invest their contributions in various established funds. We may make contributions to the accounts of plan participants.

Limitations of Liability and Indemnification Matters

We have adopted provisions in our current certificate of incorporation that limit or eliminate the liability of our directors for monetary damages for breach of their fiduciary duties, except for liability that cannot be eliminated under the Delaware General Corporation Law. Accordingly, our directors will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except with respect to the following:

any breach of their duty of loyalty to us or our stockholders;

acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

This limitation of liability does not apply to liabilities arising under the federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission. If Delaware law is amended to authorize the further elimination or limiting of director liability, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law as so amended.

Our certificate of incorporation and our bylaws also provide that we shall indemnify our directors and executive officers and shall indemnify our other officers and employees and other agents to the fullest extent permitted by law. We believe that indemnification under our bylaws covers at least negligence and gross negligence on the part of indemnified parties. Our bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in this capacity, regardless of whether our bylaws would permit indemnification.

We have entered and intend to continue to enter into separate indemnification agreements with certain of our directors and executive officers that are, in some cases, broader than the specific indemnification provisions provided by Delaware law and our charter documents, and may provide additional procedural protection. These agreements will require us, among other things, to:

indemnify officers and directors against certain liabilities that may arise because of their status as officers and directors;

advance expenses, as incurred, to officers and directors in connection with a legal proceeding subject to limited exceptions; and

cover officers and directors under any general or directors and officers liability insurance policy maintained by us.

We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our Company pursuant to the foregoing provisions, the opinion of the Securities and Exchange Commission is that such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

In addition, we maintain standard policies of insurance under which coverage is provided to our directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act, and to us with respect to payments which may be made by us to such directors and officers pursuant to the above indemnification provisions or otherwise as a matter of law. We also make available standard life insurance and accidental death and disability insurance policies to our employees.

PROPOSAL TWO

APPROVAL OF EMPLOYEE STOCK PURCHASE PLAN

General

The stockholders are being asked to approve the Company's Employee Stock Purchase Plan (the "ESPP") and the reservation of 400,000 shares for issuance under the ESPP. The purpose of the ESPP is to allow the Company to provide eligible employees of the Company and its participating parents and subsidiaries with the opportunity to purchase the Company's common stock at a discount from the then-current market price through payroll deductions. The ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code.

Under the ESPP, eligible employees may authorize payroll deductions of up to 10% of eligible compensation for the purchase of common stock during each semi-annual purchase period.

A general description of the ESPP is set forth below. This description is qualified in its entirety by the terms of the ESPP, a copy of which is available to any stockholder upon request.

Administration

The ESPP may be administered by the board of directors or a committee thereof. It is anticipated that the compensation committee will serve as the plan administrator. The compensation committee, as the plan administrator, has full authority to adopt such rules and procedures as it may deem necessary for proper plan administration and to interpret the provisions of the ESPP.

Shares Available Under the ESPP

A total of 400,000 shares of common stock are authorized for purchase over the term of the ESPP, subject to adjustment in the event of a stock split, stock dividend, combination or reclassification or similar event.

Offering Periods

The ESPP is intended to be implemented by one offering period during each six-month period beginning on November 16, 2013. The plan administrator may alter the duration of future offering periods in advance without stockholder approval. Each participant is granted a separate purchase right to purchase shares of common stock for each offering period in which he or she participates. Purchase rights under the ESPP are granted on the start date of each offering period in which the participant participates and are automatically exercised on the last day of the offering period. Each purchase right entitles the participant to purchase the whole number of shares of common stock obtained by dividing the participant's payroll deductions for the offering period by the purchase price in effect for such period.

Eligibility

Except as described in this paragraph with respect to certain foreign employees and the Company's Section 16 officers, all employees of the Company and any designated parent or subsidiaries who are regularly expected to work more than 20 hours per week for more than five months per calendar year and who have been employed for such continuous period as the plan administrator may require (which period may not exceed two years) are eligible to participate in the ESPP. An eligible employee may only join an offering period on the start date of that period. Designated parents and subsidiaries include any parent or subsidiary corporation of the Company, whether now existing or hereafter organized, which elects, with the approval of the plan administrator, to extend the benefits of the ESPP to their eligible employees. Employees who are citizens or residents of a non-

Table of Contents

U.S. jurisdiction (without regard to whether he or she is also a citizen of the United States or a resident alien (within the meaning of Section 7701(b)(1)(A) of the Code)) are ineligible to participate in the ESPP if his or her participation is prohibited under the laws on the applicable non-U.S. jurisdiction or if complying with the laws of the applicable non-U.S. jurisdiction would cause the ESPP or an offering to violate Section 423 of the Code.

As of July 17, 2013, no executive officers and approximately 193 other employees were expected to be eligible to participate in the ESPP.

Purchase Provisions

Each participant in the ESPP may authorize periodic payroll deductions that may not exceed the least of (i) 10% of his or her compensation, which is defined in the ESPP to include the regular base salary in effect at the beginning of the offering period, exclusive of any payments for overtime, bonuses, annual awards, other incentive payments, reimbursements or other expense allowances, fringe benefits (cash or non-cash), moving expenses, deferred compensation, or contributions (other than contributions under a 401(k) or cafeteria plan); and (ii) such amount determined by the plan administrator per offering period. A participant may increase or reduce his or her rate of payroll deductions during an offering period.

On the last day of each offering period, the accumulated payroll deductions of each participant are automatically applied to the purchase shares of common stock at the purchase price in effect for that period.

Purchase Price

The purchase price per share at which common stock is purchased on the participant's behalf for each offering period is equal to the lower of: (i) 85% of the fair market value per share of the common stock on the date of commencement of such offering period; and (ii) 85% of the fair market value per share of common stock on the last day of such offering period.

Valuation

The fair market value of the common stock on a given date is the closing sales price of the common stock on the NYSE as of such date. As of July 17, 2013, the fair market value of a share of the Company's common stock as reported on the NYSE was \$16.11.

Special Limitations

The ESPP imposes certain limitations upon a participant's right to acquire common stock, including the following limitations:

No purchase right may be granted to any individual who owns stock (including stock purchasable under any outstanding options or purchase rights) possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or any of its affiliates.

No purchase right granted to a participant may permit such individual to purchase common stock at a rate greater than \$25,000 worth of such common stock (valued at the time such purchase right is granted) for each calendar year.

No more than 200,000 shares of common stock may be purchased in a single offering period, subject to the plan administrator's authority to change this limitation.

Termination of Purchase Rights

A participant's purchase right immediately terminates upon such participant's loss of eligible employee status, and his or her accumulated payroll deductions for the offering period in which the purchase right terminates are refunded. A participant may withdraw from an offering period by giving advance notice prior to the end of that period and his or her accumulated payroll for the offering period in which withdrawal occurs shall be refunded.

Table of Contents

Assignability

No purchase right will be assignable or transferable (other than by will or the laws of descent and distribution) and will be exercisable only by the participant.

Corporate Transaction

In the event of the proposed dissolution or liquidation of the Company, the current offering period will terminate immediately prior to the consummation of such dissolution or liquidation, unless otherwise provided by the plan administrator. In the event of a proposed sale of all or substantially all of the assets of the Company or certain mergers, (each, a Corporate Transaction) during an offering period, all outstanding purchase rights shall be assumed by the successor corporation (or a parent or subsidiary thereof), unless the plan administrator determines, in its sole discretion, to shorten the offering period then in-effect to a new purchase date. If the plan administrator shortens the offering period then in progress to a new purchase date, the plan administrator will provide notice to each participant that (i) his or her purchase right will be automatically exercised on the new purchase date or (ii) the Company will pay to him or her, on the new purchase date, cash, cash equivalents, or property as determined by the plan administrator that is equal to the difference in the fair market value of the shares of common stock covered by his or her purchase right and the purchase price due had the purchase right been automatically exercised on the new purchase date.

Changes in Capitalization

In the event any change is made to the outstanding shares of common stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change in corporate structure effected without the Company's receipt of consideration, appropriate adjustments will be made to (i) the maximum number of securities issuable under the ESPP, including the maximum number of securities issuable per participant on any one purchase date and (ii) the number of securities subject to each outstanding purchase right and the purchase price payable per share thereunder.

Amendment and Termination

The ESPP will terminate upon the earlier to occur of (i) ten (10) years following the date of the original adoption of the ESPP or (ii) the date on which all purchase rights are exercised in connection with a Corporate Transaction.

The plan administrator may at any time terminate or amend the ESPP. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

Amended Plan Benefits

Because the number of shares of common stock issued under the ESPP depends on the level of participation by its participants, we cannot determine the number of shares of common stock that may be awarded in the future to eligible employees.

Federal Income Tax Consequences

The ESPP is intended to be an employee stock purchase plan within the meaning of Section 423 of the Code. Under a plan which so qualifies, no taxable income will be recognized by a participant, and no deductions will be allowable to the Company in connection with the grant or exercise of an outstanding purchase right.

Taxable income will not be recognized until there is a sale or other disposition of the shares acquired under the ESPP or in the event the participant should die while still owning the purchased shares.

Table of Contents

If the participant sells or otherwise disposes of the purchased shares within two (2) years after the start date of the offering period in which such shares were acquired or within one (1) year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of such sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and the Company will be entitled to an income tax deduction, for the taxable year in which such sale or disposition occurs, equal in amount to such excess.

If the participant sells or disposes of the purchased shares more than two (2) years after the start date of the offering period in which such shares were acquired and more than one (1) year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of such sale or disposition equal to the lesser of (i) the amount by which the fair market value of the shares on the sale or disposition date exceeds the purchase price paid for those shares or (ii) 15% of the fair market value of the shares on the start date of the offering period, and any additional gain upon the disposition will be taxed as long-term capital gain. The Company will not be entitled to any income tax deduction with respect to such sale or disposition.

If the participant still owns the purchased shares at the time of his or her death, the lesser of (i) the amount by which the fair market value of the shares on the date of death exceeds the purchase price or (ii) 15% of the fair market value of the shares on his or her entry date into the offering period in which those shares were acquired will constitute ordinary income in the year of death.

Required Vote

Approval of the resolution regarding approval of the ESPP requires a **FOR** vote from a majority of the voting power present and entitled to vote either in person or by proxy on the proposal in order to pass. If you **Abstain** from voting, your vote will not be counted as a vote cast. If you return a signed and dated proxy card or otherwise complete a ballot or voting instructions without marking your selections, your shares will be voted **FOR** approval of the resolution regarding approval of the ESPP.

Recommendation

The board of directors recommends a vote FOR Proposal Two.

Table of Contents**PROPOSAL THREE****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED****PUBLIC ACCOUNTING FIRM**

The audit committee of our board of directors has selected Deloitte & Touche LLP, or Deloitte & Touche, as our independent registered public accounting firm for the fiscal year ending March 30, 2014, and has further directed that management submit the selection of an independent registered public accounting firm for ratification by the stockholders at the annual meeting. Deloitte & Touche has been our independent registered public accounting firm beginning with the audit of our 2005 fiscal year financial statements. Representatives of Deloitte & Touche are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte & Touche as our independent registered public accounting firm. However, the audit committee is submitting the selection of Deloitte & Touche to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

Independent Registered Public Accounting Firm Fee Information

In connection with the audit of our 2014 financial statements, we expect to enter into an engagement agreement with Deloitte & Touche that will set forth the terms by which Deloitte & Touche would perform audit services for us, including responsibilities of Deloitte & Touche and management in the conduct of the audit and estimated fees. Our engagement agreements with Deloitte & Touche are typically subject to alternative dispute resolution procedures.

The following table represents aggregate fees billed or to be billed to us for services performed for the fiscal years ended March 31, 2013 and April 1, 2012 (fiscal years 2013 and 2012, respectively), by Deloitte & Touche, our independent registered public accounting firm.

All services provided by Deloitte & Touche for the fiscal years ended March 31, 2013 and April 1, 2012 were approved by the audit committee.

Audit Fees

The aggregate fees billed or expected to be billed by Deloitte & Touche for financial audit services totaled approximately \$0.9 million for fiscal year 2013 and \$1.04 million for fiscal year 2012, consisting of fees for the audit of our annual financial statements, including audited financial statements presented in our annual report on Form 10-K, review of the financial statements presented in our quarterly reports on Form 10-Q, services rendered in connection with our Form S-1 and Form S-8 related to our initial public offering and our Form S-1 related to our follow-on public offering and services that are normally provided by independent registered public

accountants in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or review of interim financial statements and statutory audits required by non-U.S. jurisdictions.

Tax Fees

Tax fees consist of fees billed for professional services rendered for international tax compliance at the Company's non-U.S. jurisdictions.

Audit-Related Fees and All Other Fees

There were no other fees paid to Deloitte & Touche in fiscal years 2013 and 2012.

Pre-Approval Procedures of Audit and Non-Audit Services by the Independent Registered Public Accounting Firm

The audit committee's charter requires it to pre-approve all audit and non-audit services performed by the independent registered public accounting firm. As permitted by the charter, the audit committee has delegated to the chairman of the audit committee, Mr. R. Douglas Norby, the authority to grant such pre-approvals, provided that all approvals made by the chairman are presented to the full audit committee at each of its scheduled meetings. In determining whether to approve audit and non-audit services to be performed by Deloitte & Touche, the audit committee takes into consideration the fees to be paid for such services and whether such fees would affect the independence of the independent registered public accounting firm in performing its audit function. In addition, when determining whether to approve non-audit services to be performed by Deloitte & Touche, the audit committee considers whether the performance of such services is compatible with maintaining the independence of the independent registered public accounting firm in performing its audit function, and confirms that the non-audit services will not include the prohibited activities set forth in Section 201 of the Sarbanes-Oxley Act of 2002. The audit committee has determined that the rendering of the services other than audit services by Deloitte & Touche in fiscal years 2013 and 2012 was compatible with maintaining the registered public accounting firm's independence.

Required Vote

Ratification of the appointment of Deloitte & Touche as our independent registered public accounting firm for the fiscal year ending March 30, 2014 requires a **FOR** vote from a majority of the voting power present and entitled to vote either in person or by proxy on the proposal in order to pass. If you **Abstain** from voting, your vote will not be counted as a vote cast. If you return a signed and dated proxy card or otherwise complete a ballot or voting instructions without marking your selections, your shares will be voted **FOR** ratification of the appointment of Deloitte & Touche.

REPORT OF THE AUDIT COMMITTEE⁽¹⁾

The audit committee has reviewed and discussed with InvenSense's management the Company's audited consolidated financial statements for the fiscal year ended March 31, 2013. Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT****Beneficial Ownership of Our Common Stock**

The following table sets forth certain information regarding the ownership of InvenSense's common stock as of July 17, 2013 by: (i) each director; (ii) each of the named executive officers named in the Summary Compensation Table below; (iii) all current executive officers and directors of InvenSense as a group; and (iv) all those known by InvenSense to be beneficial owners of more than five percent of our common stock. Information with respect to beneficial ownership has been furnished by each director, executive officer or beneficial owner of more than five percent of the shares of our common stock.

We have determined beneficial ownership in accordance with SEC rules. The information does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options and warrants held by the respective person or group that may be exercised or converted within 60 days after July 17, 2013. For purposes of calculating each person's or group's percentage ownership, stock options and warrants exercisable within 60 days after July 17, 2013 are included for that person or group but not the stock options of any other person or group. Applicable percentage ownership prior is based on 86,335,017 shares of common stock outstanding at July 17, 2013. Unless otherwise indicated and subject to applicable community property laws, to our knowledge, each stockholder named in the following table possesses sole voting and investment power over the shares listed. Unless otherwise noted below, the address of each person listed on the table is c/o InvenSense, Inc., 1745 Technology Drive, San Jose, California 95110.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports, including Notices of Internet Availability of Proxy Materials, with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other proxy materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are InvenSense stockholders will be householding our proxy materials. A single Notice of Internet Availability of Proxy Materials or other proxy materials may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or you submit contrary instructions. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice of Internet Availability of Proxy Materials or other proxy materials, you may: (1) notify your broker; (2) direct your written request to our Director of Investor Relations, 1745 Technology Drive, San Jose, California 95110 or (3) contact our Investor Relations department at IR@invensense.com. Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials or other proxy materials at their addresses and would like to request householding of their communications should contact their brokers. In addition, we will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Notice of Internet Availability of Proxy Materials to a stockholder at a shared address to which a single copy of the documents was delivered.

AVAILABLE INFORMATION

We will provide to any stockholder entitled to vote at our 2013 annual meeting, at no charge, a copy of our Annual Report on Form 10-K for fiscal year 2013 filed with the SEC on June 14, 2013, including the financial statements and the financial statement schedules contained in the Form 10-K. We make our Annual Report on Form 10-K, as well as our other SEC filings, available free of charge through the investor relations section of our website located at ir.invensense.com under SEC Filings as soon as reasonably practicable after they are filed with or furnished to the SEC. Information contained on or accessible through our website or contained on other websites is not deemed to be part of this proxy statement.

OTHER MATTERS

Our board of directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
