Prospectus Supplement to Prospectus dated November 4, 2011

\$69,838,000

The Procter & Gamble Company
Floating Rate Notes due 2063

We will pay interest on the notes on February 15, May 15, August 15 and November 15 of each year and on the maturity date. The first interest payment date is November 15, 2013. Interest on each note will be reset on February 15, May 15, August 15 and November 15 of each year, beginning on November 15, 2013, based on the 3-month LIBOR rate less 0.30%. The stated maturity of the notes is August 15, 2063.

We have the right to redeem all or a portion of the notes beginning on August 15, 2043 and at any time thereafter at the redemption prices listed in this prospectus supplement, plus accrued interest on the notes to the date we redeem the notes.

The holders of the notes may require us to repurchase all or a portion of the notes beginning on August 15, 2014, on every August 15 thereafter through and including August 15, 2024, and thereafter on August 15 of every subsequent third year, at the redemption prices listed in this prospectus supplement, plus accrued interest on the notes to the date we repurchase the notes.

If there is a tax event, we have the right to shorten the maturity of the notes to the extent needed, so that the interest we pay on the notes will be deductible for United States federal income tax purposes. On the new maturity date, we will pay 100% of the principal amount of the notes, plus accrued interest on the notes to the new maturity date.

See **Risk Factors** beginning on page S-3 to read about important factors you should consider before buying the notes.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the notes or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

	Per Note	Total
Public offering price	100%	\$ 69,838,000
Underwriting discount	1%	\$ 698,380
Proceeds, before expenses, to us	99%	\$ 69,139,620

The initial public offering price set forth above does not include accrued interest, if any. Interest on the notes will accrue from August 15, 2013 and must be paid by the purchasers if the notes are delivered after August 15, 2013. The notes will not be listed on any securities exchange.

We expect to deliver the notes to investors through the book-entry delivery system of The Depository Trust Company on or about August 15, 2013.

THE COMPANY

The Procter & Gamble Company was incorporated in Ohio in 1905, having been built from a business founded in 1837 by William Procter and James Gamble. Today, we manufacture and market a broad range of consumer products in many countries throughout the world. Our principal executive offices are located at One Procter & Gamble Plaza, Cincinnati, Ohio 45202, and our telephone number is (513) 983-1100.

In the United States, as of June 30, 2013, we owned and operated 32 manufacturing facilities. These facilities were located in 21 different states or territories. In addition, we owned and operated 102 manufacturing facilities in 40 other countries. Many of the domestic and international sites manufacture products for multiple businesses.

RISK FACTORS

We discuss our expectations regarding future performance, events and outcomes, such as our business outlook and objectives in this document, as well as in our annual report, quarterly reports, current reports on Form 8-K, press releases and other written and oral communications. All statements, except for historical and present factual information, are forward-looking statements and are based on financial data and business plans available only as of the time the statements are made, which may become out of date or incomplete. We assume no obligation to update any forward-looking statements as a result of new information, future events, or other factors. Forward-looking statements are inherently uncertain, and investors must recognize that events could significantly differ from our expectations.

The following discussion of risk factors identifies the most significant factors that may adversely affect our business, operations, financial position or future financial performance. This information should be read in conjunction with Management's Discussion and Analysis and the consolidated financial statements and related notes included in our annual report, quarterly reports and current reports on Form 8-K which are incorporated by reference into this document. The following discussion of risks is not all inclusive but is designed to highlight what we believe are important factors to consider when evaluating our expectations. These factors could cause our future results to differ from those in the forward-looking statements and from historical trends.

A change in consumer demand for our products and/or lack of market growth could have a significant impact on our business.

We are a consumer products company and rely on continued global demand for our brands and products. To achieve business goals, we must develop and sell products that appeal to consumers. This is dependent on a number of factors including our ability to develop effective sales, advertising and marketing programs. We expect to achieve our financial targets, in part, by focusing on the most profitable businesses, biggest innovations and most important emerging markets. We also expect to achieve our financial targets, in part, by achieving disproportionate growth in developing regions. If demand for our products and/or market growth rates in either developed or developing markets falls substantially below expected levels or our market share declines significantly in these businesses, our volume, and consequently our results, could be negatively impacted. This could occur due to, among other things, unforeseen negative economic or political events, changes in consumer trends and habits or negative consumer responses to pricing actions.

The ability to achieve our business objectives is dependent on how well we can compete with our local and global competitors in new and existing markets and channels.

The consumer products industry is highly competitive. Across all of our categories, we compete against a wide variety of global and local competitors. As a result, there are ongoing competitive pressures in the environments in which we operate, as well as challenges in maintaining profit margins. This includes, among other things, increasing competition from mid- and lower-tier value products in both developed and developing markets. To address these challenges, we must be able to successfully respond to competitive factors, including pricing, promotional incentives and trade terms. In addition, the emergence of new sales channels may affect customer and consumer preferences, as well as market dynamics. Failure to effectively compete in these new channels could negatively impact results.

Our ability to meet our growth targets depends on successful product, marketing and operations innovation and our ability to successfully respond to competitive innovation.

Achieving our business results depends, in part, on the successful development, introduction and marketing of new products and improvements to our equipment and manufacturing processes. Successful innovation depends on our ability to correctly anticipate customer and consumer acceptance, to obtain and maintain necessary intellectual property protections and to avoid infringing the intellectual property rights of others. We must also be able to successfully respond to technological advances made by competitors and intellectual property rights granted to competitors. Failure to do so could compromise our competitive position and impact our results.

Table of Contents

Our businesses face cost fluctuations and pressures that could affect our business results.

Our costs are subject to fluctuations, particularly due to changes in commodity prices, raw materials, labor costs, energy costs, pension and healthcare costs and foreign exchange and interest rates. Therefore, our success is dependent, in part, on our continued ability to manage these fluctuations through pricing actions, cost saving projects and sourcing decisions, while maintaining and improving margins and market share. In addition, our financial projections include cost savings described in our announced productivity plan. Failure to deliver these savings could adversely impact our results.

We face risks that are inherent in global manufacturing that could negatively impact our business results.

We need to maintain key manufacturing and supply arrangements, including any key sole supplier and sole manufacturing plant arrangements, to achieve our cost targets. While we have business continuity and contingency plans for key manufacturing sites and the supply of raw materials, it may be impracticable to have a sufficient alternative source, particularly when the input materials are in limited supply. In addition, our strategy for global growth includes increased presence in emerging markets. Some emerging markets have greater political volatility and greater vulnerability to infrastructure and labor disruptions than established markets. Any significant disruption of manufacturing, such as labor disputes, loss or impairment of key manufacturing sites, natural disasters, acts of war or terrorism, and other external factors over which we have no control, could interrupt product supply and, if not remedied, have an adverse impact on our business.

We face risks associated with having significant international operations.

We are a global company, with manufacturing operations in more than 40 countries, and a significant portion of our revenue is outside the U.S. Our international operations are subject to a number of risks, including, but not limited to:

compliance with U.S. laws affecting operations outside of the United States, such as the Foreign Corrupt Practices Act;

compliance with a variety of local regulations and laws;

changes in tax laws and the interpretation of those laws;

changes in exchange controls and other limits on our ability to repatriate earnings from overseas;

discriminatory or conflicting fiscal policies;

difficulties enforcing intellectual property and contractual rights in certain jurisdictions;

greater risk of uncollectible accounts and longer collection cycles;

effective and immediate implementation of control environment processes across our diverse operations and employee base; and

imposition of increased or new tariffs, quotas, trade barriers or similar restrictions on our sales outside the United States.

We have sizable businesses and maintain local currency cash balances in a number of foreign countries with exchange, import authorization or pricing controls, including, but not limited to, Venezuela, Argentina, China, India and Egypt. Our results of operations and/or financial condition could be adversely impacted if we are unable to successfully manage these and other risks of international operations in an increasingly volatile

environment.

S-4

Table of Contents

Fluctuations in exchange rates may have an adverse impact on our business results or financial condition.

We hold assets and incur liabilities, earn revenues and pay expenses in a variety of currencies other than the U.S. dollar. Because our consolidated financial statements are presented in U.S. dollars, the financial statements of our subsidiaries outside the United States are translated into U.S. dollars. Our operations outside of the U.S. generate a significant portion of our net revenue. Fluctuations in exchange rates may therefore adversely impact our business results or financial condition. See also the Results of Operations and Cash Flow, Financial Condition and Liquidity sections of Management's Discussion and Analysis and Note 5 to our Consolidated Financial Statements included in our Annual Report on Form 10-K which is incorporated by reference into this document.

We face risks related to changes in the global and political economic environment, including the global capital and credit markets.

Our business is impacted by global economic conditions, which continue to be volatile. Our products are sold in more than 180 countries and territories around the world. If the global economy experiences significant disruptions, our business could be negatively impacted by reduced demand for our products related to: a slow-down in the general economy; supplier, vendor or customer disruptions resulting from tighter credit markets; and/or temporary interruptions in our ability to conduct day-to-day transactions through our financial intermediaries involving the payment to or collection of funds from our customers, vendors and suppliers.

Our objective is to maintain credit ratings that provide us with ready access to global capital and credit markets. Any downgrade of our current credit ratings by a credit rating agency could increase our future borrowing costs and impair our ability to access capital and credit markets on terms commercially acceptable to us.

We could also be negatively impacted by political issue or crises in individual countries or regions, including sovereign risk related to a default by or deterioration in the credit worthiness of local governments. For example, we could be adversely impacted by continued instability in the banking and governmental sectors of certain countries in the European Union or the dynamics associated with the federal and state debt and budget challenges in the United States.

Consequently, our success will depend, in part, on our ability to manage continued global and/or economic uncertainty, especially in our significant geographies, as well as any political or economic disruption. These risks could negatively impact our overall liquidity and financing costs, as well as our ability to collect receipts due from governments, including refunds of value added taxes, and/ or create significant credit risks relative to our local customers and depository institutions.

If the reputation of the Company or one or more of our brands erodes significantly, it could have a material impact on our financial results.

The Company's reputation is the foundation of our relationships with key stakeholders and other constituencies, such as customers and suppliers. In addition, many of our brands have worldwide recognition. This recognition is the result of the large investments we have made in our products over many years. The quality and safety of our products is critical to our business. Our Company also devotes significant time and resources to programs designed to protect and preserve our reputation, such as social responsibility and environmental sustainability. If we are unable to effectively manage real or perceived issues, including concerns about safety, quality, efficacy or similar matters, these issues could negatively impact sentiments toward the Company or our products, our ability to operate freely could be impaired and our financial results could suffer. Our financial success is directly dependent on the success of our brands and the success of these brands can suffer if our marketing plans or product initiatives do not have the desired impact on a brand's image or its ability to attract consumers. Our results could also be negatively impacted if one of our brands suffers a substantial impediment to its reputation due to a significant product recall, product-related litigation, allegations of product tampering or the distribution and sale of counterfeit products. In addition, given the association of our individual products with the Company, an issue with one

Table of Contents

of our products could negatively affect the reputation of our other products, or the Company as a whole, thereby potentially hurting results.

Our ability to successfully manage ongoing organizational change could impact our business results.

We recently experienced a CEO transition, as well as other senior leadership changes, and we continue to execute a number of significant business and organizational changes, including acquisitions, divestitures and workforce optimization projects to support our growth strategies. We expect these types of changes, which may include many staffing adjustments as well as employee departures, to continue for the foreseeable future. Successfully managing these changes, including retention of particularly key employees, is critical to our business success. Further, ongoing business and organizational changes are likely to result in more reliance on third parties for various services and that reliance may increase reputational, operational and compliance risks, including the risk of corruption. We are generally a build-from-within company and our success is dependent on identifying, developing and retaining key employees to provide uninterrupted leadership and direction for our business. This includes developing organization capabilities in key growth markets where the depth of skilled or experienced employees may be limited and competition for these resources is intense. Finally, our financial targets assume a consistent level of productivity improvement. If we are unable to deliver expected productivity improvements, while continuing to invest in business growth, our financial results could be adversely impacted.

Our ability to successfully manage ongoing acquisition, joint venture, and divestiture activities could impact our business results.

As a company that manages a portfolio of consumer brands, our ongoing business model involves a certain level of acquisition, joint venture and divestiture activities. We must be able to successfully manage the impacts of these activities, while at the same time delivering against our business objectives. Specifically, our financial results could be adversely impacted if: 1) changes in the cash flows or other market-based assumptions cause the value of acquired assets to fall below book value, 2) we are unable to offset the dilutive impacts from the loss of revenue associated with divested brands, or 3) we are not able to deliver the expected cost and growth synergies associated with our acquisitions and joint ventures, which could also have an impact on goodwill and intangible assets. Additionally, joint ventures inherently involve a lesser degree of control over business operations, thereby potentially increasing the financial, legal, operational and/or compliance risks associated with each joint venture.

Our business is subject to changes in legislation, regulation and enforcement, and our ability to manage and resolve pending legal matters in the United States and abroad.

Changes in laws, regulations and related interpretations, including changes in accounting standards, taxation requirements and increased enforcement actions and penalties may alter the environment in which we do business. As a U.S. based multinational company we are subject to tax regulations in the United States and multiple foreign jurisdictions, some of which are interdependent. For example, certain income that is earned and taxed in countries outside the United States is not taxed in the United States, provided those earnings are indefinitely reinvested outside the United States. If these or other tax regulations should change, our financial results could be impacted.

In addition, our ability to manage regulatory, environmental, tax and legal matters (including, but not limited to, product liability, patent and other intellectual property matters) and to resolve pending legal matters without significant liability may materially impact our results of operations and financial position. Furthermore, if pending legal matters, including the competition law and antitrust investigations described in our Annual Report on Form 10-K, result in fines or costs in excess of the amounts accrued to date, that could materially impact our results of operations and financial position.

There are increasing calls in the United States from members of leadership in both major U.S. political parties for comprehensive tax reform which may significantly change the income tax rules that are applicable to U.S. domiciled corporations, such as P&G. It is very difficult to assess whether the overall

Table of Contents

effect of such potential legislation would be cumulatively positive or negative for our earnings and cash flows, but such changes could significantly impact our financial results.

A significant change in customer relationships or in customer demand for our products could have a significant impact on our business.

We sell most of our products via retail customers, which consist of mass merchandisers, grocery stores, membership club stores, drug stores, high-frequency stores, distributors and e-commerce retailers. Our success is dependent on our ability to successfully manage relationships with our retail trade customers. This includes our ability to offer trade terms that are acceptable to our customers and are aligned with our pricing and profitability targets. Our business could suffer if we cannot reach agreement with a key customer based on our trade terms and principles. Our business would be negatively impacted if a key customer were to significantly reduce the inventory level of our products or experience a significant business disruption.

Consolidation among our retail customers could also create significant cost and margin pressure and lead to more complexity across broader geographic boundaries for both us and our key retailers. This would be particularly challenging if major customers are addressing local trade pressures, local law and regulation changes or financial distress.

A failure of one or more key information technology systems, networks, processes, associated sites or service providers could have a material adverse impact on our business or reputation.

We rely extensively on information technology (IT) systems, networks and services, including internet sites, data hosting and processing facilities and tools and other hardware, software and technical applications and platforms, some of which are managed, hosted, provided and/or used by third-parties or their vendors, to assist in conducting our business. The various uses of these IT systems, networks, and services include, but are not limited to:

ordering and managing materials from suppliers;

converting materials to finished products;

shipping products to customers;

marketing and selling products to consumers;

collecting and storing customer, consumer, employee, investor and other stakeholder information and personal data;

processing transactions;

summarizing and reporting results of operations;

hosting, processing and sharing confidential and proprietary research, business plans and financial information;

complying with regulatory, legal or tax requirements;

providing data security; and

handling other processes necessary to manage our business.

Increased IT security threats and more sophisticated computer crime, including advanced persistent threats, pose a potential risk to the security of our IT systems, networks and services, as well as the confidentiality, availability and integrity of our data. If the IT systems, networks or service providers we rely

S-7

Table of Contents

upon fail to function properly, or if we suffer a loss or disclosure of business or stakeholder information, due to any number of causes, ranging from catastrophic events to power outages to security breaches, and our business continuity plans do not effectively address these failures on a timely basis, we may suffer interruptions in our ability to manage operations and reputational, competitive and/or business harm, which may adversely impact our results of operations and/or financial condition.

DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes supplements the more general description of the debt securities contained in the accompanying prospectus. If there are any inconsistencies between the information in this section and the information in the prospectus, the information in this section controls.

Investors should read this section together with the section entitled "Description of Procter & Gamble Debt Securities" in the accompanying prospectus. Any capitalized terms that are defined in the accompanying prospectus have the same meanings in this section unless a different definition appears in this section. We qualify the description of the notes by reference to the indenture as described below.

General

The notes:

will be in an aggregate initial principal amount of \$69,838,000, subject to our ability to issue additional notes which may be of the same series as the notes as described under "Further Issues,"

will mature on August 15, 2063,

will bear interest at a rate of LIBOR (as defined) minus 0.30% per annum,

will be our senior debt, ranking equally with all of our other present and future unsecured and unsubordinated indebtedness,

will be issued as a separate series under the indenture between us and Deutsche Bank Trust Company Americas, dated as of September 3, 2009, in registered, book-entry form only,

will be issued in U.S. dollars in denominations of \$1,000 and integral multiples of \$1,000,

will be redeemable by us prior to the stated maturity at the times and prices described herein,

will be repayable at the option of the holders prior to the stated maturity at the times and prices described herein,

will be subject to defeasance and covenant defeasance, and

will not be subject to any sinking fund.

The indenture and the notes do not limit the amount of indebtedness which may be incurred or the amount of securities which may be issued by us or our subsidiaries, and contain no financial or similar restrictions on us or our subsidiaries, except as described in the accompanying prospectus under the caption "Description of Procter & Gamble Debt Securities" Restrictive Covenants.

Interest

Edgar Filing: PROCTER & GAMBLE Co - Form 424B5

We will pay interest on the notes quarterly on February 15, May 15, August 15 and November 15 of each year and on any maturity date (each, an interest payment date), commencing November 15, 2013 and ending on any maturity date, to the persons in whose names the notes are registered at the close of business on February 1, May 1, August 1 or November 1, as applicable (in each case, whether or not a Business Day), immediately preceding the related interest payment date; *provided, however*, that interest payable on any maturity date shall be payable to the person to whom the principal of such notes shall be payable. Interest on the notes will be computed on the basis of the actual number of days elapsed over a 360-day year.

S-12

Table of Contents

Notwithstanding anything to the contrary in this prospectus supplement, so long as the notes are in book-entry form, we will make payments of principal and interest through the trustee to The Depository Trust Company (DTC).

Interest payable on any interest payment date or maturity date shall be the amount of interest accrued from, and including, the immediately preceding interest payment date in respect of which interest has been paid or duly provided for (or from and including the original issue date, if no interest has been paid or duly provided for with respect to the notes) to, but excluding, such interest payment date or maturity date, as the case may be. If any interest payment date (other than the maturity date) is not a Business Day at the relevant place of payment, we will pay interest on the next day that is a Business Day at such place of payment as if payment were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the immediately succeeding Business Day, except that if such Business Day is in the immediately succeeding calendar month, such interest payment date (other than the maturity date) shall be the immediately preceding Business Day. If the maturity date of the notes is not a Business Day at the relevant place of payment, we will pay interest, if any, and principal and premium, if any, on the next day that is a Business Day at such place of payment as if payment were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the immediately succeeding Business Day.

Business Day means any day (1) that is not a Saturday or Sunday and that is not a day on which banking institutions are authorized or obligated by law or executive order to close in The City of New York and, for any place of payment outside of The City of New York, in such place of payment, and (2) that is also a London business day, which is a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

The term maturity, when used with respect to a note, means the date on which the principal of such note or an installment of principal becomes due and payable as therein provided or as provided in the indenture, whether at the stated maturity or by declaration of acceleration, call for redemption, repayment or otherwise.

Rate of Interest

The interest rate on the notes will be reset quarterly on February 15, May 15, August 15 and November 15 of each year, as applicable, commencing November 15, 2013 (each, an interest reset date). The notes will bear interest at a per annum rate equal to three-month LIBOR (as defined below) for the applicable interest reset period or initial interest period (each as defined below) minus 0.30% (30 basis points). The interest rate for the initial interest period will be three-month LIBOR, determined as of two London business days prior to the original issue date, minus 0.30% per annum. The initial interest period will be the period from and including the original issue date to but excluding the initial interest reset date. Thereafter, each interest reset period will be the period from and including an interest reset date to but excluding the immediately succeeding interest reset date; *provided* that the final interest reset period for the notes will be the period from and including the interest reset date immediately preceding the maturity date of such notes to but excluding the maturity date.

If any interest reset date would otherwise be a day that is not a Business Day, the interest reset date will be postponed to the immediately succeeding day that is a Business Day, except that if that business day is in the immediately succeeding calendar month, the interest reset date shall be the immediately preceding Business Day.

The interest rate in effect on each day will be (i) if that day is an interest reset date, the interest rate determined as of the interest determination date (as defined below) immediately preceding such interest reset date or (ii) if that day is not an interest reset date, the interest rate determined as of the interest determination date immediately preceding the most recent interest reset date or the original issue date, as the case may be.

Table of Contents

Interest Rate Determination

The interest rate applicable to each interest reset period commencing on the related interest reset date, or the original issue date in the case of the initial interest period, will be the rate determined as of the applicable interest determination date. The interest determination date will be the second London business day immediately preceding the original issue date, in the case of the initial interest reset period, or thereafter the applicable interest reset date.

Deutsche Bank Trust Company Americas, or its successor appointed by us, will act as calculation agent. Three-month LIBOR will be determined by the calculation agent as of the applicable interest determination date in accordance with the following provisions:

(i) LIBOR is the rate for deposits in U.S. dollars for the 3-month period which appears on Reuters Screen LIBOR01 Page (as defined below) at approximately 11:00 a.m., London time, on the applicable interest determination date. Reuters Screen LIBOR01 Page means the display designated on page LIBOR01 on Reuters Screen (or such other page as may replace the LIBOR01 page on that service, any successor service or such other service or services as may be nominated by the British Bankers Association for the purpose of displaying London interbank offered rates for U.S. dollar deposits). If no rate appears on Reuters Screen LIBOR01 Page, LIBOR for such interest determination date will be determined in accordance with the provisions of paragraph (ii) below.

(ii) With respect to an interest determination date on which no rate appears on Reuters Screen LIBOR01 Page as of approximately 11:00 a.m., London time, on such interest determination date, the calculation agent shall request the principal London offices of each of four major reference banks (which may include affiliates of the underwriters) in the London interbank market selected by the calculation agent (after consultation with us) to provide the calculation agent with a quotation of the rate at which deposits of U.S. dollars having a three-month maturity, commencing on the second London business day immediately following such interest determination date, are offered by it to prime banks in the London interbank market as of approximately 11:00 a.m., London time, on such interest determination date in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time. If at least two such quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of such quotations as calculated by the calculation agent. If fewer than two quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of the rates quoted as of approximately 11:00 a.m., New York City time, on such interest determination date by three major banks (which may include affiliates of the underwriters) selected by the calculation agent (after consultation with us) for loans in U.S. dollars to leading European banks having a three-month maturity commencing on the second London business day immediately following such interest determination date and in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time; *provided, however*, that if the banks selected as aforesaid by the calculation agent are not quoting such rates as mentioned in this sentence, LIBOR for such interest determination date will be LIBOR determined with respect to the immediately preceding interest determination date.

All percentages resulting from any calculation of any interest rate for the notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655), and all dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward.

Promptly upon such determination, the calculation agent will notify us and the trustee (if the calculation agent is not the trustee) of the interest rate for the new interest reset period. Upon request of a holder of the notes, the calculation agent will provide to such holder the interest rate in effect on the date of such request and, if determined, the interest rate for the next interest reset period.

All calculations made by the calculation agent for the purposes of calculating interest on the notes shall be conclusive and binding on the holders and us, absent manifest errors.

Table of Contents**Optional Redemption**

The notes may be redeemed at any time, at our option, in whole or in part, in amounts of \$1,000 or any multiple of \$1,000, at the following redemption prices (in each case expressed as a percentage of the principal amount), if redeemed during the 12-month period beginning on August 15 of any of the following years:

Year	Redemption Price
2043	105.00%
2044	104.50%
2045	104.00%
2046	103.50%
2047	103.00%
2048	102.50%
2049	102.00%
2050	101.50%
2051	101.00%
2052	100.50%
2053	100.00%

and thereafter at 100% of the principal amount, in each case, together with any accrued and unpaid interest to the redemption date (subject to the right of holders of record on relevant record dates to receive interest due on an interest payment date).

We must mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. Unless we default in the payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions of the notes called for redemption.

In the event of any redemption of less than all the outstanding notes, the particular notes (or portions of notes in multiples of \$1,000) to be redeemed shall be selected by the trustee by the method the trustee considers fair and appropriate.

Repayment at Option of Holder

The notes will be repayable at the option of the holder of the notes, in whole or in part, on the repayment dates and at the repayment prices (in each case expressed as a percentage of the principal amount) set forth in the following table:

Date	Redemption Price
August 15, 2014	98.00%
August 15, 2015	98.00%
August 15, 2016	98.00%
August 15, 2017	98.00%
August 15, 2018	98.00%
August 15, 2019	99.00%
August 15, 2020	99.00%
August 15, 2021	99.00%
August 15, 2022	99.00%
August 15, 2023	99.00%
August 15, 2024	100.00%

and on August 15 of every third year thereafter at 100% of the principal amount, through and including August 15, 2063, in each case, together with any accrued and unpaid interest to the redemption date (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date).

In order for a note to be repaid, the paying agent must receive, at least 30 but not more than 60 calendar days before the optional repayment date, (1) the note with the form entitled **Option to Elect Repayment** on the reverse of the note duly completed or (2) a telegram, facsimile transmission or a letter from a member of a national securities exchange or a member of the Financial Industry Regulatory Authority, Inc. or a commercial bank or trust company in the United States which must set forth:

the name of the holder of the note;

the principal amount of the note;

the principal amount of the note to be repaid;

the certificate number or a description of the tenor and terms of the note;

a statement that the option to elect repayment is being exercised; and

a guarantee that the note is to be repaid.

These items, together with the duly completed form entitled **Option to Elect Repayment** on the reverse of the note, must be received by the Paying Agent not later than the fifth business day after the date of that telegram, facsimile transmission or letter. The repayment option may be exercised by the holder of a note for less than the entire principal amount of the note but, in that event, the principal amount of the note remaining outstanding after repayment must be in an authorized denomination.

Conditional Right to Shorten Maturity

We intend to deduct interest paid on the notes for United States Federal income tax purposes. However, there have been proposed tax law changes in the past that, among other things, would have prohibited an issuer from deducting interest payments on debt instruments with a maturity of more than 40 years. While none of these proposals has become law, we cannot assure you that similar legislation affecting our ability to deduct interest paid on the notes will not be enacted in the future or that any such legislation would not have a retroactive effective date. As a result, we cannot assure you that a tax event (as defined below) will not occur.

If a tax event occurs, we will have the right to shorten the maturity of the notes, without the consent of the holders of the notes, to the minimum extent required, in the opinion of nationally recognized independent tax counsel, so that, after shortening the maturity, interest paid on the notes will be deductible for United States Federal income tax purposes or, if that counsel cannot opine definitively as to such a minimum period, the minimum extent so required to maintain our interest deduction to the extent deductible under current law as determined in good faith by our board of directors, after receipt of an opinion of that counsel regarding the applicable legal standards. In that case, the amount payable on those notes on that new maturity date will be equal to 100% of the principal amount of those notes plus interest accrued on those notes to the date those notes mature on that new maturity date. We cannot assure you that we would not exercise our right to shorten the maturity of those notes if a tax event occurs or as to the period that the maturity would be shortened. If we elect to exercise our right to shorten the maturity of the notes when a tax event occurs, we will mail a notice to each holder of notes by first-class mail not more than 60 days after the occurrence of the tax event, stating the new maturity date of the notes. This notice shall be effective immediately upon mailing.

We believe that the notes should constitute indebtedness for United States Federal income tax purposes under current law and, in that case, an exercise of our right to shorten the maturity of the notes

Table of Contents

should not be a taxable event to holders for those purposes. Prospective investors should be aware, however, that our exercise of our right to shorten the maturity of the notes will be a taxable event to holders for United States Federal income tax purposes if the notes are treated as equity for United States Federal income tax purposes before the maturity is shortened, assuming that the notes of shortened maturity are treated as debt for those purposes.

Tax event means that we shall have received an opinion of nationally recognized independent tax counsel to the effect that, as a result of:

any amendment to, clarification of, or change (including any announced prospective amendment, clarification or change) in any law, or any regulation thereunder, of the United States;

any judicial decision, official administrative pronouncement, ruling, regulatory procedure, regulation, notice or announcement, including any notice or announcement of intent to adopt or promulgate any ruling, regulatory procedure or regulation (any of the foregoing, an administrative or judicial action); or

any amendment to, clarification of, or change in any official position with respect to, or any interpretation of, an administrative or judicial action or a law or regulation of the United States that differs from the previously generally accepted position or interpretation,

in each case, occurring on or after August 15, 2013, there is more than an insubstantial increase in the risk that interest paid by us on the notes is not, or will not be, deductible, in whole or in part, by us for United States Federal income tax purposes.

Notes Used as Qualified Replacement Property

Prospective investors seeking to treat the notes as qualified replacement property for purposes of section 1042 of the Internal Revenue Code of 1986, as amended (the Code), should be aware that section 1042 requires the issuer to meet certain requirements in order for the notes to constitute qualified replacement property. In general, qualified replacement property is a security issued by a domestic corporation that did not, for the taxable year preceding the taxable year in which such security was purchased, have passive investment income in excess of 25 percent of the gross receipts of such corporation for such preceding taxable year (the Passive Income Test). For purposes of the Passive Income Test, where the issuing corporation is in control of one or more corporations, all such corporations are treated as one corporation (the Affiliated Group) for the purposes of computing the amount of passive investment income for purposes of section 1042.

We believe that less than 25 percent of our Affiliated Group s gross receipts is passive investment income for the taxable year ending June 30, 2013. In making this determination, we have made certain assumptions and used procedures which we believe are reasonable. We cannot give any assurance as to whether we will continue to meet the Passive Income Test. It is, in addition, possible that the Internal Revenue Service may disagree with the manner in which we have calculated our Affiliated Group s gross receipts (including the characterization of those gross receipts) and passive investment income and the conclusions reached in this discussion. Prospective purchasers of the notes should consult with their own tax advisors with respect to these and other tax matters relating to the notes.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of notes, create and issue further notes ranking equally with the notes in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further notes or except for the first payment of interest following the issue date of such further notes). Such further notes may be consolidated and

form a single series with the notes and have the same terms as to status, redemption or otherwise as the notes.

Book-Entry System

We have obtained the information in this section concerning DTC and its book-entry system and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing system in this section reflects our understanding of the rules and procedures of DTC as they are currently in effect. DTC could change its rules and procedures at any time.

The notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC's nominee). You may hold your interests in the global notes in the United States through DTC, either as a participant in that system or indirectly through organizations which are participants in that system.

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Unless and until we issue the notes in fully certificated, registered form under the limited circumstances described below under the heading **Book-Entry System – Certificated Notes** :

you will not be entitled to receive a certificate representing your interest in the notes;

all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and

all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC will act as securities depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC has advised us as follows: DTC is

a limited-purpose trust company organized under the New York Banking Law;

a banking organization under the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation under the New York Uniform Commercial Code; and

a clearing agency registered under the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities

S-18

Table of Contents

through electronic computerized book-entry changes in direct participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its direct participants. Indirect participants of DTC, such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

If you are not a direct participant or an indirect participant and you wish to purchase, sell or otherwise transfer ownership of, or other interests in, notes, you must do so through a direct participant or an indirect participant. DTC agrees with and represents to DTC participants that it will administer its book-entry system in accordance with its rules and by-laws and requirements of law. The Securities and Exchange Commission has on file a set of the rules applicable to DTC and its direct participants.

Purchases of notes under DTC's system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in *Book-Entry System - Certificated Notes*.

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Book-Entry Format

Under the book-entry format, the trustee will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent have any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC or any of its direct or indirect participants. We and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC or any of its direct or indirect participants relating to or payments made

Table of Contents

on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Same-Day Settlement and Payment

The underwriters will settle the notes in immediately available funds. We will make principal and interest payments on the notes in immediately available funds or the equivalent.

Secondary market trading between DTC direct participants will occur in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity (if any) in the notes.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture; or

we, at our option, elect to terminate the book-entry system through DTC pursuant to DTC procedures.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by the depository upon

Table of Contents

instructions from their direct participants; and (3) all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to the depository, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

Notices

The trustee will mail notices by first class mail, postage prepaid, to each registered holder's last known address as it appears in the security register that the trustee maintains. The trustee will only mail these notices to the registered holder of the notes, unless we reissue the notes to you or your nominees in fully certificated form.

Governing Law

The indenture and the notes for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

Table of Contents**UNDERWRITING**

We and the underwriters for the offering named below have entered into an underwriting agreement and pricing agreement with respect to the notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

	Principal Amount
Underwriters	
J.P. Morgan Securities LLC	\$ 16,000,000
Merrill Lynch, Pierce, Fenner & Smith	13,310,000
Incorporated	
Morgan Stanley & Co. LLC	13,103,000
UBS Securities LLC	27,425,000
Total	\$ 69,838,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. After the initial public offering, the public offering price, concession and discount may be changed. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or on any automated dealer quotation system. We have been advised by the underwriters that the underwriters may make a market in the notes after completion of the offering but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters in the foregoing three paragraphs may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$45,000.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

Table of Contents

Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us and our affiliates, for which they received or will receive customary fees and expenses.

The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of our securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in our securities and instruments.

FORWARD-LOOKING STATEMENTS

All statements, other than statements of historical fact included or incorporated by reference in this prospectus, are forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements are based on financial data, market assumptions and business plans available only as of the time the statements are made, which may become out of date or incomplete. Neither we, nor PGIF assume any obligation to update any forward-looking statement as a result of new information, future events or other factors. Forward-looking statements are inherently uncertain, and investors must recognize that events could differ significantly from our expectations. In addition to the risks and uncertainties noted in this prospectus and the documents incorporated herein by reference, there are certain factors that could cause actual results for any quarter or annual period to differ materially from those anticipated by some of the statements made. These include: (1) the ability to achieve business plans, including growing existing sales and volume profitably despite high levels of competitive activity and an increasing volatile economic environment, especially with respect to the product categories and geographical markets (including developing markets) in which the Company has chosen to focus; (2) the ability to successfully manage ongoing acquisition, divestiture and joint venture activities to achieve the cost and growth synergies in accordance with the stated goals of these transactions without impacting the delivery of base business objectives; (3) the ability to successfully manage ongoing organizational changes designed to support the Company's growth strategies, while successfully identifying, developing and retaining key employees, especially in key growth markets where the depth of skilled employees is limited; (4) the ability to manage and maintain key customer relationships; (5) the ability to maintain key manufacturing and supply sources (including sole supplier and plant manufacturing sources); (6) the ability to successfully manage regulatory, tax and legal requirements and matters (including product liability, patent, intellectual property, and tax policy), and to resolve pending matters within current estimates; (7) the ability to resolve the pending competition law inquiries in Europe within current estimates; (8) the ability to successfully implement, achieve and sustain cost improvement plans in manufacturing and overhead areas, including the Company's outsourcing projects; (9) the ability to successfully manage currency (including currency issues in certain countries, such as Venezuela, China and India), debt, interest rate and commodity cost exposures and significant credit or liquidity issues; (10) the ability to manage continued global political and/or economic uncertainty and disruptions, especially in the Company's significant geographical markets, due to terrorist and other hostile activities or natural disasters (including the civil unrest in the Middle East and the Japan earthquake and tsunami) and/or disruptions to credit markets resulting from a global, regional or national credit crisis; (11) the ability to successfully manage competitive factors, including prices, promotional incentives and trade terms for products; (12) the ability to obtain patents and respond to technological advances attained by competitors and patents granted to competitors; (13) the ability to successfully manage increases in the prices of raw materials used to make the Company's products; (14) the ability to develop effective sales, advertising and marketing programs; (15) the ability to stay on the leading edge of innovation, maintain a positive reputation on our brands and ensure trademark protection; and (16) the ability to rely on and maintain key information technology systems (including Company and third-party systems) and the security over such systems and the data contained therein. For additional information concerning factors that could cause actual results to materially differ from those projected herein, please refer to our most recent 10-K, 10-Q and 8-K reports incorporated by reference herein.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we will use the net proceeds from the sale of securities offered by this prospectus by Procter & Gamble or PGIF for general corporate purposes.

Table of Contents**CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our consolidated ratio of earnings to fixed charges for the periods indicated.

	Three Months		Year Ended June 30,			
	Ended September 30, 2011	2011	2010	2009	2008	2007
Ratio of earnings to fixed charges(1)	16.0x	15.5x	13.7x	10.0x	9.8x	10.1x

- (1) Earnings used to compute this ratio are earnings from operations before income taxes and before fixed charges (excluding interest capitalized during the period) and before adjustments for minority interests in consolidated subsidiaries and after eliminating undistributed earnings of equity method investees. Fixed charges consist of interest expense (including capitalized interest) and one-third of all rent expense (considered representative of the interest factor).

DESCRIPTION OF PROCTER & GAMBLE DEBT SECURITIES

This section describes the general terms and provisions of any debt securities that we may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series. In this section, references to Procter & Gamble, we, our, or us refer solely to The Procter & Gamble Company.

General

We expect to issue the debt securities under an indenture, dated as of September 3, 2009, between us and Deutsche Bank Trust Company Americas, as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of Procter & Gamble. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

Terms of a Particular Series

Each prospectus supplement relating to a particular series of debt securities will include specific information relating to the offering. This information will include some or all of the following terms of the debt securities of the series:

the title of the debt securities;

any limit on the total principal amount of the debt securities;

the date or dates on which the debt securities will mature;

the rate or rates, which may be fixed or variable, at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payments;

any mandatory or optional sinking fund or similar provisions;

any optional or mandatory redemption provisions, including the price at which, the periods within which, and the terms and conditions upon which we may redeem or repurchase the debt securities;

the terms and conditions upon which the debt securities may be repayable prior to final maturity at the option of the holder;

the portion of the principal amount of the debt securities that will be payable upon acceleration of maturity, if other than the entire principal amount;

provisions allowing us to defease the debt securities or certain restrictive covenants and certain events of default under the indenture;

Table of Contents

if other than in United States dollars, the currency or currencies, including composite currencies, of payment of principal of and premium, if any, and interest on the debt securities;

the U.S. federal income tax consequences and other special considerations applicable to any debt securities denominated in a currency or currencies other than United States dollars;

any index used to determine the amount of payments of principal of and premium, if any, and interest, if any, on the debt securities;

if the debt securities will be issuable only in the form of a global security as described below, the depository or its nominee with respect to the debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or its nominee;

any deletions, modifications of or additions to the events of default or covenants contained in the indenture; and

any other terms of the debt securities. (Section 301)

Payment of Principal, Premium and Interest

Unless otherwise indicated in the prospectus supplement, principal of and premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be exchangeable and transfers of debt securities will be registrable, at the office of the trustee at 60 Wall Street, MSNYC60-2710, New York, New York 10005. At our option, however, payment of interest may be made by:

check mailed to the address of the person entitled thereto in whose name the debt security is registered at the close of business on the regular record date at the address in the security register; or

wire transfer of immediately available funds to an account specified in writing to us and the trustee from any holder of debt securities prior to the relevant record date. (Sections 301, 305 and 1002)

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$2,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

Original Issue Discount Securities

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for U.S. federal income tax purposes, and special rules may apply to debt securities which are considered to be issued as investment units. U.S. federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

Table of Contents

Book-Entry Debt Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

Restrictive Covenants

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under Definitions Applicable to Covenants.

Restrictions on Secured Debt

If we or any Domestic Subsidiary shall incur, issue, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property of ours or any Domestic Subsidiary or on any shares of stock of any Domestic Subsidiary that owns a Principal Domestic Manufacturing Property, we will secure, or cause such Domestic Subsidiary to secure, the debt securities then outstanding equally and ratably with (or prior to) such Debt. However, we will not be restricted by this covenant if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 15% of our and our consolidated subsidiaries Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) with respect to any series of debt securities, Mortgages existing on the date of the original issuance of the debt securities of such series;
- (2) Mortgages on property of, or on any shares of stock of, any corporation existing at the time the corporation becomes a Domestic Subsidiary or at the time it is merged into or consolidated with us or a Domestic Subsidiary;
- (3) Mortgages in favor of us or a Domestic Subsidiary;
- (4) Mortgages in favor of U.S., State or foreign governmental bodies to secure progress or advance payments;
- (5) Mortgages on property or shares of stock existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction or improvement cost Mortgages; and
- (6) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (5), inclusive. (Section 1004)

The indenture does not restrict the incurrence of unsecured debt by us or our subsidiaries.

Table of Contents

Restrictions on Sales and Leasebacks

Neither we nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 180 days prior to the transaction, unless

we or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under Restrictions on Secured Debt in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding, or

we, within 180 days, apply to either (or a combination of) the investment in one or more other Principal Domestic Manufacturing Properties or the retirement of our Funded Debt an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair market value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt.

This restriction will not apply to any sale and leaseback transaction

between us and a Domestic Subsidiary,

between Domestic Subsidiaries, or

involving the taking back of a lease for a period of less than three years. (Section 1005)

Definitions Applicable to Covenants

The term **Attributable Debt** means the lesser of (1) the fair market value of the Principal Domestic Manufacturing Property sold and leased back at the time of entering into a sale and leaseback transaction and (2) the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term **Consolidated Net Tangible Assets** means our total assets, less net goodwill and other intangible assets, less total current liabilities, all as described on our and our consolidated subsidiaries most recent balance sheet and calculated based on positions as reported in our consolidated financial statements in accordance with generally accepted accounting principles.

The term **Debt** means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term **Domestic Subsidiary** means any of our subsidiaries except a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing our and our subsidiaries operations outside the United States.

The term **Funded Debt** means Debt having a maturity of more than 12 months from its date of creation.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by us or one of our subsidiaries and having a gross book value in excess of 1.0% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is financed by obligations the interest on which is exempt from U.S. federal income tax pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (or any predecessor or successor provision thereof), or (2) which, in the opinion of our board of directors, is not of material importance to the total business conducted by us and our

subsidiaries as an entirety. (Section 101)

Table of Contents

Events of Default

Any one of the following are events of default under the indenture with respect to debt securities of any series:

- (1) our failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) our failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) our failure to perform any other of our covenants in the indenture which affects or is applicable to the debt securities of that series, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) certain events involving bankruptcy, insolvency or reorganization; and
- (6) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled *Modification and Waiver*.

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

During default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We will furnish to the trustee annually a certificate as to our compliance with all conditions and covenants under the indenture. (Section 1007)

Defeasance

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture.

Defeasance and Discharge

We will be discharged from any and all obligations in respect of the debt securities of any series if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest

Table of Contents

and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If we defease a series of debt securities, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

our obligation to register the transfer or exchange of debt securities of the series,

our obligation to replace stolen, lost or mutilated debt securities of the series,

our obligation to maintain paying agencies,

our obligation to hold monies for payment in trust, and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee.

We may defease a series of debt securities only if, among other things, we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the U.S. Internal Revenue Service a ruling to the effect that holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred. (Section 403)

Defeasance of Covenants and Events of Default

We may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

We may defease the covenants and the related events of default described above only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders and beneficial owners of the debt securities of the series will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we will remain liable for these payments.

Table of Contents

Modification and Waiver

Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Without the consent of any holder of debt securities, we and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities as required by Restrictive Covenants Restrictions on Secured Debt,

establish the form or terms of securities of any series,

Edgar Filing: PROCTER & GAMBLE Co - Form 424B5

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect. (Section 901)

Table of Contents

The holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except

a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

Consolidation, Merger and Sale of Assets

If the conditions below are met, we may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease our assets as an entirety to another entity.

We have agreed that we will engage in a consolidation, merger or transfer or lease of assets as an entirety only if

either we are the surviving entity or the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is a corporation, partnership, limited liability company or trust organized and existing under the laws of any United States jurisdiction and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

Regarding the Trustee

Deutsche Bank Trust Company Americas is the trustee under the indenture, and also serves as trustee under the indenture relating to the debt securities of PGIF. In addition, affiliates of Deutsche Bank Trust Company Americas may perform various commercial banking and investment banking services for Procter & Gamble and its subsidiaries from time to time in the ordinary course of business.

DESCRIPTION OF PGIF DEBT SECURITIES

This section describes the general terms and provisions of any debt securities that PGIF may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series. In this section, references to PGIF, we, our or us refer solely to Procter & Gamble International Funding SCA, and references to Procter & Gamble refer to The Procter & Gamble Company.

General

We expect to issue the debt securities under an indenture, dated as of September 3, 2009, among PGIF, as issuer, Procter & Gamble, as guarantor and Deutsche Bank Trust Company Americas, as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of PGIF and will be fully and unconditionally guaranteed by The Procter & Gamble Company. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

Terms of a Particular Series

Each prospectus supplement relating to a particular series of debt securities will include specific information relating to the offering. This information will include some or all of the following terms of the debt securities of the series:

the title of the debt securities;

any limit on the total principal amount of the debt securities;

the date or dates on which the debt securities will mature;

the rate or rates, which may be fixed or variable, at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payments;

any mandatory or optional sinking fund or similar provisions;

any optional or mandatory redemption provisions, including the price at which, the periods within which, and the terms and conditions upon which we may redeem or repurchase the debt securities;

any other terms of the debt securities. (Section 301)

Payment of Principal, Premium and Interest

Unless otherwise indicated in the prospectus supplement, principal of and premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be exchangeable and transfers of debt securities will be registrable, at the office of the trustee at 60 Wall Street, MSNYC60-2710, New York, New York 10005. At our option, however, payment of interest may be made by:

check mailed to the address of the person entitled thereto in whose name the debt security is registered at the close of business on the regular record date at the address in the security register; or

wire transfer of immediately available funds to an account specified in writing to us and the trustee from any holder of debt securities prior to the relevant record date. (Sections 301, 305 and 1002)

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$2,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

Guarantee

Procter & Gamble will fully and unconditionally guarantee the due and punctual payment of principal of and premium, if any, and interest on the debt securities on a senior unsecured basis, when and as the same become due and payable, whether on a maturity date, by declaration or acceleration, upon redemption, repurchase or otherwise, and all other obligations of PGIF under the indenture.

Table of Contents

Original Issue Discount Securities

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for federal income tax purposes, and special rules may apply to debt securities which are considered to be issued as investment units. Federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

Additional Amounts

All payments made by PGIF under or with respect to the debt securities will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, levies, imposts, assessments or other governmental charges of whatever nature imposed or levied by or on behalf of Luxembourg (or any political subdivision or taxing authority thereof or therein) and any interest, penalties and other liabilities with respect thereto (hereinafter collectively, "Taxes") unless PGIF is required to withhold or deduct Taxes by law (including any law or directive of the European Union) or by the interpretation or administration thereof. In the event that PGIF is required to so withhold or deduct any amount for or on account of any Taxes from any payment under or with respect to the debt securities PGIF will pay such additional amounts (referred to herein as "Additional Amounts") as may be necessary so that the net amount (including Additional Amounts) received by each holder of the debt securities after such withholding or deduction will equal the amount that such holder would have received if such Taxes had not been required to be withheld or deducted; provided, however, that PGIF will not be required to pay any such Additional Amounts with respect to any payment to a holder of a debt security for or on account of:

- (a) any Taxes that would not have been so imposed, deducted or withheld but for the existence of any present or former personal or business connection between such holder or the beneficial owner of such debt security, as the case may be, and Luxembourg (or any political subdivision or taxing authority thereof or therein) other than the mere receipt of such payment or the ownership or holding of such debt security;
- (b) any estate, inheritance, net wealth, gift, sales, value added, transfer, stamp, excise or personal property tax or any similar Taxes;
- (c) any Taxes that are payable otherwise than by withholding or deduction from a payment to such holder or the beneficial owner of such debt security;
- (d) any Taxes imposed, deducted or withheld as a result of the failure of such holder or the beneficial owner of such debt security to duly and timely comply with any applicable certification, information, identification, documentation or other reporting requirements concerning the nationality, residence, identity or connection with Luxembourg (or any political subdivision or taxing authority thereof or therein) of such holder or the beneficial owner of such debt security, as the case may be, or to make any valid or timely declaration or similar claim, if such compliance or such declaration or similar claim is required by a statute, treaty, regulation or administrative practice of Luxembourg (or any political subdivision or taxing authority thereof or therein) as a precondition to relief or exemption from all or part of such Taxes;
- (e) any Taxes which would not have been so imposed, deducted or withheld but for the presentation of such debt security for payment on a date more than 10 days after the date on which such payment became due and payable or the date on which payment is duly provided for, whichever occurs later;
- (f) any Taxes required to be withheld pursuant to a law in effect as of the date hereof, including any withholding under the European Council Directive 2003/48/EC or any other Directive on the

Table of Contents

taxation of savings implementing the conclusions of the ECOFIN council meeting of 26th-27th November, 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive;

(g) any Taxes required to be deducted or withheld by any paying agent from any payment in respect of such debt security if such payment could be made without such withholding by at least one other paying agent;

(h) any Taxes imposed on or deducted or withheld from a payment to such holder or the beneficial owner of such debt security that is not the sole beneficial owner of such debt security or is a fiduciary, partnership, limited liability company or other similar entity, but only to the extent that a beneficial owner of such debt security, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of Additional Amounts had such beneficial owner, settlor, beneficiary or member received directly its beneficial or distributive share of such payment; or

(i) any combination of (a), (b), (c), (d), (e), (f), (g) and (h) above.

PGIF will also make any applicable withholding or deduction and remit the full amount deducted or withheld to the relevant taxing authority in accordance with applicable law. PGIF will furnish to the trustee, within 30 days after the date the payment of any Taxes deducted or withheld is due pursuant to applicable law, certified copies of tax receipts evidencing payment of such Taxes or, if such tax receipts are not reasonably available to PGIF, such other documentation reasonably acceptable to the trustee evidencing such payment by PGIF.

PGIF will pay any issue, registration, documentation, stamp or other similar taxes or duties imposed by Luxembourg (or any political subdivision or taxing authority thereof or therein) in connection with the execution, delivery, payment or performance of the indenture, the debt securities or the guarantee and shall indemnify each holder and beneficial owner of the debt securities for all liabilities arising from any failure to pay, or delay in paying, such taxes or duties.

Redemption for Changes in Withholding Taxes

The debt securities also may be redeemed at the option of PGIF, in whole but not in part, at a redemption price equal to 100% of the principal amount of the debt securities to be redeemed, together with interest accrued and unpaid to the date fixed for redemption, at any time, on giving not less than 30 nor more than 60 days notice (which notice shall be irrevocable), if (a) PGIF has or will become obligated to pay Additional Amounts as a result of any change in or amendment to the laws, treaties, regulations or rulings of Luxembourg or any political subdivision or any taxing authority thereof or therein affecting taxation, or any change in or amendment to an official application, interpretation, administration or enforcement of such laws, treaties, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date specified in the prospectus supplement or (b) any action shall have been taken by any taxing authority, or any action has been brought in a court of competent jurisdiction, in Luxembourg or any political subdivision or taxing authority thereof or therein, including any of those actions specified in (a) above (whether or not such action was taken or brought with respect to PGIF) or any change, clarification, amendment, application or interpretation of such laws, treaties, regulations or rulings shall be officially proposed, in any case on or after the date specified in the prospectus supplement, which results in a substantial likelihood that PGIF will be required to pay Additional Amounts on the next interest payment date; provided, however, that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which PGIF would be, in the case of a redemption for the reasons specified in (a) above, or there would be a substantial likelihood that PGIF would be, in the case of a redemption for the reasons specified in (b) above, obligated to pay such Additional Amounts if a payment in respect of the debt securities were then due. Prior to the publication of any notice of redemption pursuant to this paragraph, PGIF shall deliver to the trustee a certificate signed by a duly authorized officer of PGIF stating that PGIF is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent of the right of PGIF so to redeem have occurred.

Book-Entry Debt Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

Restrictive Covenants

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under **Definitions Applicable to Covenants**.

Restrictions on Secured Debt

If Procter & Gamble or any Domestic Subsidiary shall incur, issue, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property of Procter & Gamble or any Domestic Subsidiary or on any shares of stock of any Domestic Subsidiary that owns a Principal Domestic Manufacturing Property, we will cause Procter & Gamble or such Domestic Subsidiary to secure the debt securities then outstanding and/or the Procter & Gamble guarantee of the debt securities then outstanding, as the case may be, equally and ratably with (or prior to) such Debt. However, this restriction will not apply if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 15% of Procter & Gamble and its consolidated subsidiaries Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) with respect to any series of debt securities, Mortgages existing on the date of the original issuance of the debt securities of such series;
- (2) Mortgages on property of, or on any shares of stock of, any corporation existing at the time the corporation becomes a Domestic Subsidiary or at the time it is merged into or consolidated with Procter & Gamble or a Domestic Subsidiary;
- (3) Mortgages in favor of Procter & Gamble or a Domestic Subsidiary;
- (4) Mortgages in favor of U.S., State or foreign governmental bodies to secure progress or advance payments;
- (5) Mortgages on property or shares of stock existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction or improvement cost Mortgages; and
- (6) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (5), inclusive. (Section 1004)

Table of Contents

The indenture does not restrict the incurrence of unsecured debt by us or the incurrence of unsecured debt by Procter & Gamble or its other subsidiaries.

Restrictions on Sales and Leasebacks

Neither Procter & Gamble nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 180 days prior to the transaction, unless

Procter & Gamble or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under Restrictions on Secured Debt in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding or

within 180 days, Procter & Gamble applies to either (or a combination of) the investment in one or more other Principal Domestic Manufacturing Properties or the retirement of Funded Debt of Procter & Gamble an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair market value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt of Procter & Gamble.

This restriction will not apply to any sale and leaseback transaction

between Procter & Gamble and a Domestic Subsidiary,

between Domestic Subsidiaries or

involving the taking back of a lease for a period of less than three years. (Section 1005)

PGIF

PGIF may not engage in any business activities other than those related to (a) financing the business and operations of Procter & Gamble or any of its subsidiaries, (b) the establishment and maintenance of its existence, and (c) any activities related or ancillary thereto or necessary in connection therewith.

Definitions Applicable to Covenants

The term **Attributable Debt** means the lesser of (1) the fair market value of the Principal Domestic Manufacturing Property sold and leased back at the time of entering into a sale and leaseback transaction and (2) the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term **Consolidated Net Tangible Assets** means Procter & Gamble's total assets, less net goodwill and other intangible assets, less total current liabilities, all as described on Procter & Gamble's and its consolidated subsidiaries' most recent balance sheet and calculated based on positions as reported in Procter & Gamble's consolidated financial statements in accordance with generally accepted accounting principles.

The term **Debt** means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term **Domestic Subsidiary** means any subsidiary of Procter & Gamble except (i) PGIF and (ii) a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any

Table of Contents

substantial portion of its fixed assets within the United States or which is engaged primarily in financing Procter & Gamble and Procter & Gamble's subsidiaries' operations outside the United States.

The term "Funded Debt" means Debt having a maturity of more than 12 months from its date of creation.

The term "Mortgage" means pledges, mortgages and other liens.

The term "Principal Domestic Manufacturing Property" means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by Procter & Gamble or one of its subsidiaries and having a gross book value in excess of 1.0% of Consolidated Net Tangible Assets. However, the term "Principal Domestic Manufacturing Property" does not include any facility or portion of a facility (1) which is financed by obligations the interest on which is exempt from U.S. federal income tax pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (or any predecessor or successor provision thereof), or (2) which, in the opinion of the board of directors of Procter & Gamble, is not of material importance to the total business conducted by Procter & Gamble and its subsidiaries as an entirety. (Section 101)

Events of Default

Any one of the following are events of default under the indenture with respect to each series of debt securities:

- (1) the failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) the failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) the failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) the failure by us or Procter & Gamble to perform any other of the covenants in the indenture which affects or is applicable to the debt securities of that series, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) release of Procter & Gamble from its obligations in respect of its guarantee of any debt security of that series;
- (6) certain events involving bankruptcy, insolvency or reorganization of us or Procter & Gamble; and
- (7) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled "Modification and Waiver."

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

Table of Contents

During a default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We and Procter & Gamble will furnish to the trustee annually a certificate as to the compliance by us and Procter & Gamble with all conditions and covenants under the indenture. (Section 1007)

Defeasance

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture and Procter & Gamble's obligations in respect of its guarantee of the debt securities.

Defeasance and Discharge

We will be discharged from any and all obligations in respect of the debt securities of any series, and Procter & Gamble will be discharged from any and all obligations in respect of its guarantee of the debt securities of any series, if we or Procter & Gamble deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If a series of debt securities is defeased, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

the rights of holders to receive any Additional Amounts,

the obligation to register the transfer or exchange of debt securities of the series,

the obligation to replace stolen, lost or mutilated debt securities of the series,

the obligation to maintain paying agencies,

the obligation to hold monies for payment in trust, and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee.

A series of debt securities may be defeased only if, among other things, we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred. (Section 403)

Table of Contents

Defeasance of Covenants and Events of Default

We and Procter & Gamble may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we or Procter & Gamble deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series, and Procter & Gamble's obligations in respect of its guarantee of the debt securities of the series, will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

The covenants and the related events of default described above may be defeased only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders and beneficial owners of the debt securities of the series will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we and Procter & Gamble will remain liable for these payments.

Modification and Waiver

PGIF, Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

releases Procter & Gamble from its obligation in respect of the guarantee of any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Table of Contents

Without the consent of any holder of debt securities, PGIF, Procter & Gamble and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us or Procter & Gamble, as the case may be, and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities or the Procter & Gamble guarantee of the securities as required by Restrictive Covenants Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect. (Section 901)

The holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us or Procter & Gamble with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except

a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

Consolidation, Merger and Sale of Assets

If the conditions below are met, PGIF and Procter & Gamble, as the case may be, may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease their assets as an entirety to another entity.

PGIF may engage in a consolidation, merger or transfer or lease of assets as an entirety only if

either PGIF is the surviving entity or the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is either Procter & Gamble or a corporation,

Table of Contents

partnership, limited liability company, or trust wholly owned by Procter & Gamble and organized and existing under the laws of any United States jurisdiction or any member country of the European Union and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

In addition, Procter & Gamble may engage in a consolidation, merger or transfer or lease of assets as an entirety only if

either Procter & Gamble is the surviving entity or the entity formed by the consolidation or into which Procter & Gamble is merged or which acquires or leases Procter & Gamble's assets is a corporation, partnership, limited liability company or trust organized and existing under the laws of any United States jurisdiction and assumes all obligations of Procter & Gamble under the indenture and its guarantee of the debt securities,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Sections 1102 and 1103)

Regarding the Trustee

Deutsche Bank Trust Company Americas is the trustee under the indenture, and also serves as trustee under the indenture relating to the debt securities of Procter & Gamble. In addition, affiliates of Deutsche Bank Trust Company Americas may perform various commercial banking and investment banking services for Procter & Gamble and its subsidiaries from time to time in the ordinary course of business.

PLAN OF DISTRIBUTION

General

We and/or PGIF may sell debt securities in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers.

A prospectus supplement relating to a particular offering of debt securities may include the following information:

the terms of the offering,

the names of any underwriters or agents,

the purchase price of the securities,

the net proceeds from the sale of the securities,

any delayed delivery arrangements,

any underwriting discounts and other items constituting underwriters' compensation,

any initial public offering price, and

any discounts or concessions allowed or reallocated or paid to dealers.

The distribution of the debt securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Underwriting Compensation

In connection with the sale of debt securities, underwriters may receive compensation from us, PGIF or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell debt securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

Underwriters, dealers and agents that participate in the distribution of debt securities may be deemed to be underwriters under the Securities Act. Any discounts or commissions that they receive from us and/or PGIF and any profit that they receive on the resale of debt securities may be deemed to be underwriting discounts and commissions under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us and/or PGIF.

Indemnification

We and/or PGIF may enter agreements under which underwriters and agents who participate in the distribution of debt securities may be entitled to indemnification by us and/or PGIF against various liabilities, including liabilities under the Securities Act, and to contribution with respect to

payments which the underwriters, dealers or agents may be required to make.

Table of Contents

Related Transactions

Various of the underwriters who participate in the distribution of debt securities, and their affiliates, may perform various commercial banking and investment banking services for us and PGIF from time to time in the ordinary course of business.

Delayed Delivery Contracts

We and PGIF may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase debt securities from us and/or PGIF pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we and/or PGIF must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the debt securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

No Established Trading Market

The debt securities, when first issued, will have no established trading market. Any underwriters or agents to or through whom we and/or PGIF sell debt securities for public offering and sale may make a market in the securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the Securities and Exchange Commission may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering, i.e., if they sell more securities than are set forth on the cover page of the prospectus supplement, the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We and PGIF make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we and PGIF make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

EXPERTS

The financial statements incorporated in this prospectus by reference from The Procter & Gamble Company's Annual Report on Form 10-K and the effectiveness of The Procter & Gamble Company's internal control over financial reporting have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports, which are incorporated herein by reference. Such financial statements have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

WHERE YOU CAN FIND MORE INFORMATION

Procter & Gamble files annual, quarterly and special reports, proxy statements and other information with the SEC. PGIF does not and will not file separate reports with the SEC. You may read and copy materials that Procter & Gamble has filed with the SEC, including the registration statement, at the following public reference room of the SEC:

100 F Street, N.E.

Washington, DC 20549

Please telephone the SEC at 1-800-SEC-0330 for further information on the public reference room. The SEC also maintains an Internet site at <http://www.sec.gov> that contains reports, proxy statements and other information regarding issuers that file electronically with the SEC. You may find our reports, proxy statements and other information at this SEC website.

The SEC allows us to incorporate by reference into this document the information which Procter & Gamble filed with the SEC. This means that we can disclose important information by referring you to those documents. Any information referred to in this way is considered part of this prospectus from the date we file that document. The information incorporated by reference is an important part of this prospectus and information that Procter & Gamble files later with the SEC will automatically update and supersede this information. We incorporate by reference the documents listed below:

our Annual Report on Form 10-K for the year ended June 30, 2011 (including portions of our Annual Report to Shareholders for the year ended June 30, 2011 incorporated by reference therein);

our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2011; and

our Current Reports on Form 8-K filed on August 15, 2011 and October 14, 2011.

In addition to the documents listed above, we also incorporate by reference any future filings Procter & Gamble makes with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities
