Subject: 3<sup>rd</sup> quarter earnings

I want to take a moment to congratulate you on a record quarter for Tower Financial Corporation. These outstanding results are a testament to the culture of teamwork and exceptional client service that makes our partnership such a tremendous fit.

I'd also like to share some high level results from Old National's 3<sup>rd</sup> quarter. This morning, we reported 3<sup>rd</sup> quarter 2013 net income of \$23.9 million, or \$.23 per share, which represents a 21.3% increase over the net income of \$19.7 million, or \$.20 per share, reported in 3<sup>rd</sup> quarter 2012.

Other highlights included:

Continued strong credit quality

Well capitalized despite ongoing partnership activity

Organic growth in residential, home equity and other consumer loans

This was a good quarter for Old National, especially when you factor in several one-time expenses that impacted earnings, including the decision to sell \$100 million in mortgage loans and \$11.6 million in leases. Overall we continue to be a strong, secure and growth-focused community bank that is driven by our strategic imperatives:

1) Strengthen the risk profile; 2) Enhance management discipline; and 3) Achieve consistent quality earnings.

A copy of Old National's 3<sup>rd</sup> quarter earnings released is attached. Thank you for your continued hard work, patience and professionalism during this time of transition.

Continued strong credit quality

Remain well capitalized despite continued M&A activity (integrated Bank of America branches in Northern Indiana and Southwestern Michigan)

Announced partnership with Ft. Wayne-headquartered Tower Financial  
**Evansville, Ind.** (October 28, 2013) Today Old National Bancorp (NASDAQ: ONB) reported 3<sup>rd</sup> quarter 2013 net income of \$23.9 million, or \$.23 per share. These results represent a 21.3% increase over the net income of \$19.7 million, or \$.20 per share, reported in 3<sup>rd</sup> quarter 2012.

The company's 3<sup>rd</sup> quarter results were impacted by \$2.3 million of charges related to the July 12, 2013, merger and integration of 24 former Bank of America branches in Northern Indiana and Southwestern Michigan. In addition, as part of Old National's transformation into higher-growth markets, the company incurred \$2.7 million in costs associated with branch closures during the current quarter.

Our 3<sup>rd</sup> quarter results, specifically our strong credit metrics and stable net interest margin, reinforce Old National's position as a strong, secure and well-capitalized community bank, said Bob Jones, Old National President & CEO.

Additionally, the completion of our Bank of America branch acquisition and the announcement of our partnership with (Fort Wayne-based) Tower Financial reflect our continued focus on seeking growth opportunities that benefit our clients and shareholders.

### **Committed to our Strategic Imperatives**

Old National's strong performance through the most recent economic downturn, as well as its strong credit and capital positions, can be attributed to its unwavering commitment to the following strategic imperatives:

1. Strengthen the risk profile.
2. Enhance management discipline.
3. Achieve consistent quality earnings.

**1. STRENGTHEN THE RISK PROFILE****Credit Quality**

In the 3<sup>rd</sup> quarter of 2013, Old National continued the trend of improvement in overall credit quality metrics as the company reported decreases in non-performing, problem and special mention loans as well as industry low net charge-offs. Old National reported a provision recapture of \$1.7 million in the 3<sup>rd</sup> quarter 2013, compared to a recapture of \$3.7 million in the 2<sup>nd</sup> quarter of 2013 and provision expense of \$.4 million in the 3<sup>rd</sup> quarter of 2012. Net charge-offs for 3<sup>rd</sup> quarter 2013 were \$.3 million, or .02% of average total loans on an annualized basis, below the \$.5 million, or .04% of average total loans in the 2<sup>nd</sup> quarter of 2013 and the \$.4 million, or .03% of average total loans in the 3<sup>rd</sup> quarter of 2012.

Excluding covered loans, Old National's net charge-offs for the 3<sup>rd</sup> quarter of 2013 were \$.3 million and were slightly higher than the \$.1 million reported in the 2<sup>nd</sup> quarter of 2013 and the net recoveries of \$.4 million reported in the 3<sup>rd</sup> quarter of 2012. Continued positive trends in credit quality allowed Old National to recapture \$1.3 million of provision expense in the 3<sup>rd</sup> quarter of 2013, excluding covered loans, compared to recaptures of \$3.3 million and \$.3 million in the 2<sup>nd</sup> quarter of 2013 and the 3<sup>rd</sup> quarter of 2012, respectively.

Excluding covered loans, Old National's allowance for loan losses at September 30, 2013, was \$42.3 million, or .88% of total loans, compared to an allowance of \$43.9 million, or .90% of total loans at June 30, 2013, and \$50.4 million, or 1.05% of total loans, at September 30, 2012. The coverage of allowance to non-performing loans, excluding covered loans, stood at 35% at September 30, 2013, compared to the 32% at June 30, 2013, and 29% at September 30, 2012.

With regard to our overall credit metrics, this was another very strong quarter for Old National, said Daryl Moore, Old National's Chief Credit Officer. I'm especially pleased at our continued progress in reducing net charge-offs, which were at an industry low for the quarter.

The following table presents certain credit quality metrics related to Old National's loan portfolio:

(\$ in millions)	2011	2012	1Q13	1Q13*	2Q13	2Q13*	3Q13	3Q13*

\* Excludes covered loans.

**2. ENHANCE MANAGEMENT DISCIPLINE****Expense Management**

For the 3<sup>rd</sup> quarter of 2013, Old National reported total noninterest expenses of \$96.7 million, which represented an efficiency ratio of 72.96%. This ratio was significantly impacted by a number of charges in the quarter, as detailed in the table below. In addition to the merger and integration charges related to the acquisition of the Bank of America banking centers, Old National recorded an additional \$3.0 million in ongoing operational expenses from these newly acquired banking centers.

Included in Old National's 3<sup>rd</sup> quarter 2013 noninterest expenses were the following items:

(\$ in millions)	
Branch closure charges	\$ 2.7
Merger and integration charges	2.3
Funding of the Old National Foundation	1.2
Provision for unfunded commitments	.5
Pension plan adjustment	.3

## Capital Management

### Balance Sheet and Net Interest Margin

Total period-end loans declined from \$5.201 billion at June 30, 2013, to \$5.080 billion at September 30, 2013. This decrease was largely attributable to sales of \$96.9 million in residential mortgage loans and \$11.6 million in leases during the current quarter.

Total investments, including money market accounts, increased \$40.2 million to \$3.206 billion, from \$3.166 billion at June 30, 2013. Average total investments decreased \$94.5 million to \$3.128 billion at September 30, 2013, from \$3.223 billion at June 30, 2013. At September 30, 2013, total core deposits, including demand and interest-bearing deposits, climbed to \$7.208 billion, an increase of \$368.3 million, from the \$6.840 billion at June 30, 2013. On average, total core deposits increased to \$7.220 billion during 3<sup>rd</sup> quarter 2013 compared to \$6.952 billion during 2<sup>nd</sup> quarter 2013. The increases during the current quarter were the result of the purchase of 24 Bank of America banking centers previously discussed. These deposits totaled \$508.6 million at the end of the 3<sup>rd</sup> quarter and averaged \$462.6 million for the 3<sup>rd</sup> quarter.

Old National reported net interest income of \$78.0 million for 3<sup>rd</sup> quarter 2013 compared to \$79.2 million in 2<sup>nd</sup> quarter 2013, and \$74.1 million for 3<sup>rd</sup> quarter 2012.
