Trade Date: November 7, 2013

Expected Settlement Date: November 15, 2013 (T+5)

We expect that the delivery of the notes will be made against payment therefor on or about November 15, 2013, which is the fifth business day following the date of pricing of the notes (such settlement cycle being herein referred to as "T+5"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing of the notes or during the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade in order to prevent failed settlement and should consult their own advisors.
