Mr. Zhengdong Zhu, Chairman and CEO of CDEL, said "We are very pleased to carry our strong operational momentum into the fourth quarter of our fiscal year, ending the year with record results. Net revenues increased by 61.7% to \$27.1 million during the fourth quarter, exceeding our previous guidance, due to robust growth in nearly all of our business lines. We attribute this solid performance to our commitment to high quality, results-oriented course offerings, our acute focus on enhancing the student learning experience and our effectiveness in scaling our valuable online learning platforms.

During the course of fiscal 2013, we made steady progress on our long-term strategic initiatives, including the advancement of our online and mobile learning technology integration and further development of our online open learning platform. In addition, we recently launched fee-based mobile accounting courses. Our strategic initiatives further reinforce CDEL's leading position in China's online education market. We believe our new initiatives along with our high-quality, results-oriented course offerings and superior services will enable us to achieve healthy and sustainable future growth.

Finally, our board has declared a cash dividend of \$0.60 per ADS in line with our dividend policy, which is to return all excess cash generated in the year to shareholders. We have a great future ahead of us and remain committed to maximizing returns for our shareholders over the long-term.

Ms. Ping Wei, Chief Financial Officer of CDEL, added, "We completed the fourth quarter with strong financial results that included \$9.1 million in net income, a record for CDEL and significantly increased our total cash balance to \$72.7 million. These results clearly demonstrate the scalability of our online model and our commitment to maximizing shareholder value. While high accrued expenses and other liabilities and income tax payable balances partially contributed to our high operating cash flow in the fourth quarter, our accelerated revenue and profit growth have been the fundamental drivers for this strong quarterly performance. Going forward, we will continue to focus on the execution of our operational plan and prudently manage our costs to achieve balanced growth and profitability.

Fourth Quarter Fiscal 2013 Financial Results

Net Revenue. Total net revenue for the fourth quarter of fiscal 2013 was \$27.1 million, representing a year-over-year increase of 61.7% from \$16.7 million in the fourth quarter of fiscal 2012. Net revenue from online education services, books and reference materials, and other sources contributed to 86.6%, 5.9% and 7.5% of total net revenue for the fourth quarter of fiscal 2013, respectively.

Net revenue from online education services was \$23.4 million, an increase of 67.5% from \$14.0 million in the prior year period. The increase mainly resulted from higher revenue in the Company's accounting, healthcare and construction engineering courses.

Net revenue from books and reference materials for the fourth quarter of fiscal 2013 was \$1.6 million, an increase of 46.1% from \$1.1 million in the fourth quarter of fiscal 2012.

Net revenue from other sources for the fourth quarter of fiscal 2013 was \$2.0 million, an increase of 23.5% from \$1.7 million in the fourth quarter of fiscal 2012. The increase was mainly due to higher revenue in other offline supplementary training courses, and courseware production services. This increase was partially offset by lower revenue in offline business start-up training courses.

Cost of Sales. Cost of sales for the fourth quarter of fiscal 2013 was \$8.6 million, representing an increase of 26.8% from \$6.8 million for the fourth quarter of fiscal 2012. The increase in cost of sales was mainly due to increased server lease fees and band-width costs, salaries and related expenses, lecturer fees, rental and related expenses, and other miscellaneous expenses.

Gross Profit. Gross profit for the fourth quarter of fiscal 2013 was \$18.4 million, an increase of 85.8% from \$9.9 million in the prior year period. Gross margin was 68.1%, compared to 59.3% in the fourth quarter of fiscal 2012 due to the scalability of the Company's online model as revenue growth outpaced increases in most of the Company's costs.

Operating expenses. Total operating expenses for the fourth quarter of fiscal 2013 were \$7.3 million, an increase of 47.0% from \$5.0 million in the prior year period.

Selling expenses amounted to \$4.3 million for the fourth quarter of fiscal 2013, an increase of 32.9% from \$3.2 million in the prior year period. The increase in selling expenses was primarily driven by increased salaries and related expenses and commission to the Company's distributors.

General and administrative expenses were \$3.0 million in the fourth quarter of fiscal 2013, an increase of 73.7% from \$1.7 million in the prior year period. The increase in general and administrative expenses was primarily driven by increased salaries and related expenses, professional fees, and other miscellaneous administrative expenses.

Income Tax Expense. Income tax expenses for the fourth quarter of fiscal 2013 were \$2.5 million, an increase of 59.0% from \$1.6 million in the prior year period. The increase in income tax expenses was primarily due to the increase in taxable income.

Net Income. Net income was \$9.1 million for the fourth quarter of fiscal 2013, representing an increase of 145.1% from \$3.7 million in the prior year period. Net income margin was 33.6%, compared to 22.2% in the prior year period.

Operating Cash Flow. Net operating cash inflow was \$7.0 million for the fourth quarter of fiscal 2013, compared to \$2.6 million in the prior year period, primarily as a result of increased net income generated in the quarter. Decrease in accounts receivable, increases in accrued expenses and other liabilities, and income tax payable also contributed to the increase. This operating cash inflow was partially offset by the decrease in deferred revenue in the quarter.

Cash and Cash Equivalents, Term Deposits and Restricted Cash. Cash and cash equivalents, term deposits and restricted cash as of September 30, 2013 rose to \$72.7 million compared to \$65.9 million as of June 30, 2013 mainly due to robust cash flow generated from operating activities in the quarter.

Cash Dividend Declared

The Company today announced that its Board of Directors has approved and declared a cash dividend of \$0.15 per ordinary share on its outstanding shares to shareholders of record as of the close of trading on January 8, 2014.

Holders of American Depositary Shares (ADS), each representing four ordinary shares of CDEL, are accordingly entitled to the cash dividend of \$0.60 per ADS. The depository, Deutsche Bank Trust Company Americas, will charge a fee of \$0.02 per ADS when the dividends are distributed on or about January 10, 2014.
