Compensation of Executive Officers

Prior to the Company's transition to self-management, the Company did not employ and did not pay any compensation to any of the executive officers and did not have any employees. The Company was previously externally advised and managed by Wells Timberland Management Organization, LLC, a wholly owned subsidiary of Wells Capital, Inc. Effective October 25, 2013, the Company has employed the following executive officers, who are the Company's named executive officers, or NEOs:

Jerry Barag, Chief Executive Officer and President;

John F. Rasor, Chief Operating Officer and Secretary; and

Brian M. Davis, Senior Vice President, Chief Financial Officer, Treasurer and Assistant Secretary. The Compensation Committee retained FPL Associates L.P. as its compensation consultant to, among other things, (1) assist in developing compensation objectives for the NEOs, other officers and independent directors; (2) analyze trends in compensation in the marketplace generally and among the Company's peers specifically; and (3) recommend

the components and amounts of compensation for the executive officers, Chairman of the Board and independent directors. The Compensation Committee, based on recommendations of the compensation consultant and discussions with management, has determined the initial compensation levels for the executive officers, including the NEOs, Chairman of the Board and independent directors that are intended to reward such individuals while closely aligning their interests with those of the Company's stockholders.

Executive Compensation Arrangements

Employment Agreements. On October 30, 2013, the Company entered into an employment agreement with each of Messrs. Barag, Rasor and Davis, the terms of which commenced on October 25, 2013 and will terminate on December 31, 2017. Each of the agreements provides for an automatic one-year renewal period, unless either party provides notice to the other of its intent not to renew the agreement. The employment agreements provide for a base salary of \$325,000, \$305,000, and \$305,000, for each of Messrs. Barag, Rasor and Davis, respectively. Pursuant to the employment agreements, the Company will provide or pay for health benefits for each of the executives, and the executives are entitled to participate in all incentive, savings and retirement plans and programs available to senior executives of the Company.

The employment agreements provide for certain severance benefits if the executive's employment is terminated by the Company without cause or if the executive resigns for good reason, as follows:

severance equal to two times his then-current base salary, payable in installments over a 24-month period, or, if the termination occurs during the period commencing 90 days prior to a change in control and concluding on the one-year anniversary of a change in control, severance equal to three times his then-current base salary, payable in a single lump sum;

for Messrs. Barag and Davis, monthly payments for 18 months equal to the excess of (i) the COBRA cost of group health benefits over (ii) the active employee rate for such coverage, except that the Company's obligation to provide this benefit will end if the executive becomes employed by another employer that provides him with group health benefits, and for Mr. Rasor, 18 monthly payments of \$1,413; and

expiration of the restrictions on the executive's outstanding equity awards that expire solely on the executive's continuous service with the Company, accelerated vesting of all of the executive's outstanding equity awards that vest based on continuous service with the Company, and, to the extent any awards held by the executive are exercisable in nature, the executive may exercise such awards through the end of the term of such award.

In order to receive the severance benefits, the executive must sign and not revoke a release of claims and comply with the restrictive covenants in his employment agreement. Each of the employment agreements contains noncompetition, employee nonsolicitation and customer nonsolicitation covenants that apply during the executive's employment and for two years after termination of executive's employment during the term of the employment agreement, as well as covenants regarding confidentiality and ownership of property.

The employment agreements do not provide for any severance benefits in the event of the executive's termination (i) by the Company for cause, (ii) by the executive without good reason, or (iii) by reason of his death or disability except that, in the event of the executive's death or disability, his outstanding equity awards that vest based on continuous service with the Company will become fully-vested. In addition, the employment agreements provide that if any payments or benefits would be subject to the excise tax imposed on parachute payments under Section 4999 of the Internal Revenue Code of 1896, as amended (the Code), the payments will be limited to the maximum amount that could be paid without triggering the excise tax.

Equity Awards. The following chart summarizes the equity awards that Messrs. Barag, Rasor and Davis have received in connection with the commencement of their employment with the Company.

- (3) The restricted stock units vested and converted to shares of Class A common stock on December 17, 2013. The shares underlying the restricted stock units are subject to a mandatory holding period, pursuant to which the executive must hold, on an after-tax basis, 100% of the shares through the first anniversary of the date of grant, two-thirds of the shares through the second anniversary of the date of grant and one-third of the shares through the third anniversary of the date of grant. During the holding period, the executive may not sell, pledge, encumber or hypothecate the shares to or in favor of any party other than the Company, or subject the shares to any lien, obligation, or liability of another party other than the Company. The holding period will expire immediately upon termination of the executive's employment (i) by the Company without cause, (ii) by the executive for good reason, or (iii) by reason of the executive's death or disability.

Directors Compensation Program for 2013

During 2013, the Company's independent directors received the following compensation pursuant to the independent directors' compensation plan, or the director plan, which operates as a sub-plan of the Company's long-term incentive plan:

Cash Compensation. Each of the Company's independent directors received:

an annual retainer of \$20,000;

\$2,000 per regularly scheduled board meeting attended;

\$1,500 per regularly scheduled committee meeting attended (committee chairpersons receive an additional \$500 per committee meeting for serving in that capacity); and

\$250 per special board meeting attended whether held in person or by telephone conference.

All Special Committee members received a \$5,000 stipend; the Special Committee chair received an additional \$5,000 for \$10,000 total. All directors received reimbursement of reasonable out-of-pocket expenses incurred in connection with attendance at meetings of the board of directors.

Equity Compensation. Each independent director elected or appointed to the Company's board on or after November 13, 2009 received a grant of 1,000 shares of restricted stock upon his initial election or appointment. Upon each subsequent re-election to the board, each independent director received a subsequent grant of 400 shares of restricted stock. The shares of restricted stock vest in thirds on each of the first three anniversaries of the date of grant. As of December 31, 2013, the Company had granted 9,600 shares of restricted stock to its independent directors, 3,467 shares of which had vested and approximately 1,467 shares of which were forfeited upon the resignation of two independent directors from the Company's board.

Director Compensation Program for 2014

On October 24, 2013, the Company's board adopted the Amended and Restated Independent Director Compensation Plan, which was further amended and restated on February 10, 2014. The terms of the Amended and Restated Independent Director Compensation are described below.

Cash Compensation. Effective January 1, 2014, each of the Company's independent directors (other than a member of the Audit Committee) will receive an annual cash retainer of \$50,000 and members of the Audit Committee will receive an annual cash retainer of \$54,000.

In addition, each of the chairs of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee will receive a supplemental cash retainer of \$10,000, \$7,500 and \$5,000, respectively, and any non-executive chair of the board will receive a supplemental cash retainer of \$20,000. A director may choose to receive his or her cash retainers in shares of the Company's common stock. The independent directors will not receive any fees for attendance at meetings of the board or committees thereof.

Equity Compensation. Effective January 1, 2014, each of the Company's independent directors will receive, on the third business day following the date on which the Company files its annual report on Form 10-K with the SEC, a number of restricted shares having a value of \$30,000 on the grant date. The number of restricted shares granted to each independent director will be determined by dividing \$30,000 by the fair market value per share of the Company's common stock on the grant date. The restricted shares will vest in thirds on each of the first three anniversaries of the grant, subject to the independent director's continued service on the board on each such date, or on the earlier occurrence of a change in control of the Company or the independent director's death, disability or termination with cause.

Stock Ownership Guidelines for Independent Directors

On October 24, 2013, the Company's board adopted stock ownership guidelines for the independent directors which require that each independent director own shares of the Company's common stock having a value of four times his or her annual cash retainer. Each director must meet the stock ownership guidelines by the later of October 25, 2018, or

the fifth anniversary of his or her election to the board. Until the ownership guidelines are met, or at any time the director is not in compliance with the guidelines, he or she must retain 100% of any shares received from the Company for service on the board, with an exception for shares sold for the limited purposes of paying the exercise price, in the case of stock options, or satisfying any applicable tax liability related to the award.

Amended and Restated 2005 Long-Term Incentive Plan

The Company maintains the Amended and Restated CatchMark Timber Trust, Inc. 2005 Long-Term Incentive Plan, or the 2005 LTIP, the material terms of which are described below. The 2005 LTIP was originally adopted in 2005, and was amended and restated in its current form by the board effective as of October 25, 2013. The purpose of the 2005 LTIP is to promote the Company's success by linking the personal interests of the employees, officers, directors and consultants to those of the Company's stockholders, and by providing participants with an incentive for outstanding performance.

Permissible Awards. The 2005 LTIP authorizes the Compensation Committee to grant awards in any of the following forms:

Options to purchase shares of the Company's common stock, which may be nonstatutory stock options or incentive stock options under the Code. The exercise price of an option granted under the 2005 LTIP may not be less than the fair market value of the Company's common stock on the date of grant. Stock options granted under the 2005 LTIP may not have a term longer than ten years.

Stock appreciation rights, or SARs, which give the holder the right to receive the excess, if any, of the fair market value of one share of the Company's common stock on the date of exercise, over the base price of the stock appreciation right. The base price of a SAR may not be less than the fair market value of the Company's common stock on the date of grant. SARs granted under the 2005 LTIP may not have a term longer than ten years.

Restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Company's Compensation Committee.

Restricted stock units, which represent the right to receive shares of the Company's common stock (or an equivalent value in cash or other property) in the future, based upon the attainment of stated vesting or performance goals set by the Compensation Committee.

Deferred stock units, which represent the right to receive shares of the Company's common stock (or an equivalent value in cash or other property) in the future, generally without any vesting or performance restrictions.

Performance-based cash awards, which represent the right to receive cash in the future, based on attainment of stated performance goals set by the Compensation Committee.

Other stock-based awards in the discretion of the Compensation Committee, including unrestricted stock grants.

All awards will be evidenced by a written award certificate between the Company and the participant, which will include such provisions as may be specified by the Compensation Committee. Dividend equivalent rights, which entitle the participant to payments in cash or property calculated by reference to the amount of dividends paid on the shares of stock underlying an award, may be granted with respect to awards other than options or SARs.

Awards to Non-Employee Directors. Awards granted under the 2005 LTIP to the Company's non-employee directors will be made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of non-employee directors as in effect from time to time. The Compensation Committee may not make discretionary grants under the 2005 LTIP to non-employee directors.

Shares Available for Awards; Adjustments. Subject to adjustment as provided in the 2005 LTIP, the aggregate number of shares of the Company's common stock reserved and available for issuance as of December 6, 2013, pursuant to awards granted under the 2005 LTIP, was as follows: 1,021,847 shares of Class A common stock; 48,847 shares of Class B-1 common stock; 48,847 shares of Class B-2 common stock; and 48,847 shares of Class B-3 common stock. Pursuant to their terms, each class of Class B common stock will automatically convert into shares of Class A common stock on a one-for-one basis on certain dates in the future. Upon such conversion, the number of shares of such class of Class B common stock previously reserved and available for issuance under the 2005 LTIP will automatically convert and be reallocated to Class A common stock. No awards with respect to Class B common stock may be granted after October 25, 2013.

Administration. The 2005 LTIP will be administered by the Compensation Committee. The Compensation Committee will have the authority to grant awards; designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it

may deem advisable to administer the 2005 LTIP; and make all other decisions and determinations that may be required under the 2005 LTIP. The board may at any time administer the 2005 LTIP. If it does so, it will have all the powers of the Compensation Committee under the 2005 LTIP. In addition, the board or Compensation Committee may expressly delegate to a special committee some or all of the Compensation Committee's authority, within specified parameters, to grant awards to eligible participants who, at the time of grant, are not executive officers.

Limitations on Transfer; Beneficiaries. No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such section applied to an award under the 2005 LTIP; provided, however, that the Compensation Committee may permit other transfers where the Compensation Committee concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Compensation Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Treatment of Awards upon a Participant's Death or Disability. Unless otherwise provided in an award certificate or any special plan document governing an award, upon the termination of a participant's service due to death or disability:

each of that participant's outstanding options, SARs and other awards in the nature of rights that may be exercised will become vested and fully exercisable as of the date of termination;

all time-based vesting restrictions on outstanding awards will lapse as of the date of termination; and

the target payout opportunities under each of that participant's outstanding performance awards will be deemed to have been earned based upon an assumed achievement of all relevant performance goals at the target level, if the date of termination occurs during the first half of the applicable performance period, or at the actual level of achievement, if the date of termination occurs during the second half of the applicable performance period, and there will be a pro rata payout to the participant or his or her estate within 30 days following the date of termination.

Treatment of Awards upon a Change in Control. Unless otherwise provided in an award certificate or any special plan document governing an award:

- (A) upon the occurrence of a change in control of the Company in which awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control in a manner approved by the Compensation Committee or board:

all outstanding options, SARs and other awards in the nature of rights that may be exercised will become fully vested;

all time-based vesting restrictions on outstanding awards will lapse as of the date of the change in control; and

the target payout opportunities under each of that participant's outstanding performance awards will be deemed to have been earned based upon an assumed achievement of all relevant performance goals at the target level, if the change in control occurs during the first half of the applicable performance period, or at the actual level of achievement, if the change in control occurs during the second half of the applicable performance period, and there will be a prorata payout to the participant or his or her estate within 30 days following the change in control, and

- (B) with respect to awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a change in control, if within two years after the effective date of the change in control, a participant's employment is terminated without cause or the participant resigns for good reason (as such terms are defined in the 2005 LTIP), then:

all outstanding options, SARs and other awards in the nature of rights that may be exercised will become fully vested;

all time-based vesting restrictions on outstanding awards will lapse as of the date of the change in control; and

the target payout opportunities under each of that participant's outstanding performance awards will be deemed to have been earned based upon an assumed achievement of all relevant performance goals at the target level, if the date of termination occurs during the first half of the applicable performance period, or at the actual level of achievement, if the date of termination occurs during the second half of the applicable performance period, and there will be a prorata payout to the participant or his or her estate within 30 days following the date of termination.

Discretionary Acceleration. The Compensation Committee may, in its discretion, accelerate the vesting and/or payment of any awards for any reason. The Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Anti-dilution Adjustments. In the event of a nonreciprocal transaction between the Company and its stockholders that causes the per-share value of the Company's common stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering or large nonrecurring cash dividend), the share authorization limits and annual award limits under the 2005 LTIP will be adjusted proportionately, and the Compensation Committee shall make such adjustments to the 2005 LTIP and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. In the event of a stock split, a stock dividend, or a combination or consolidation of the outstanding shares of the Company's common stock into a lesser number of shares, the authorization limits and annual award limits under the 2005 LTIP will automatically be adjusted proportionately, and the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price.

Termination and Amendment. The 2005 LTIP will terminate on October 25, 2023, the tenth anniversary of its most recent approval by the board, unless earlier terminated by the board or Compensation Committee. The board or Compensation Committee may, at any time and from time to time, terminate or amend the 2005 LTIP, but if an amendment to the 2005 LTIP would constitute a material amendment requiring stockholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to stockholder approval. No termination or amendment of the 2005 LTIP may adversely affect any award previously granted under the 2005 LTIP without the written consent of the participant. Without the prior approval of the Company's stockholders, and except as otherwise permitted by the antidilution provisions of the 2005 LTIP, the 2005 LTIP may not be amended to directly or indirectly reprice, replace or repurchase underwater options or SARs.

The Compensation Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the stockholders or otherwise permitted by the antidilution provisions of the 2005 LTIP, (i) the exercise price or base price of an option or SAR may not be reduced, (ii) an option or SAR may not be cancelled in exchange for other awards when the exercise or base price of the original options or SARs, respectively, exceeds the fair market value of the underlying shares, (iii) the Company may not take any other action with respect to an option or SAR that may be treated as a repricing under the rules of the exchange, and (iv) the original term of an option or SAR may not be extended.

Prohibition on Repricing. As indicated above under Termination and Amendment, outstanding stock options and SARs cannot be repriced, directly or indirectly, without the prior consent of the Company's stockholders.

Item 4. The Solicitation or Recommendation.

Item 5. Persons/Assets, Retained, Employed, Compensated or Used.
