To our stockholders:

We are a company on a mission. Since our inception in 2003, we have been committed to helping people see and understand data. Our products put the power of data into the hands of everyday people, allowing them to engage with their data, ask questions, solve problems and create value. Over the past ten years, we have reached over 17,000 customer accounts in pursuit of our mission.

2013 was a year to remember for Tableau. We achieved 82% revenue growth, added over 6,000 customer accounts worldwide, completed a successful IPO and hosted our largest ever customer conference.

An important part of our strategy is to invest in product innovation. With Tableau 8.0, we introduced advancements such as web and mobile authoring, new data connectors, forecasting and enhanced enterprise integration with new APIs. These are a few of the many new features we delivered to help people make sense of their growing quantities of data. In Tableau 8.1, we incorporated new features to support enterprise customers, including full 64-bit support, SAML authentication, support for external load balancers and IPv6 support. We also provided users with more advanced analytics capabilities. Finally, we launched Tableau Online, a cloud-based product that makes it even easier to for people to explore, analyze and share data.

In addition to our accomplishments in product innovation, we achieved other notable milestones in 2013. We grew license revenues 78% and maintenance and services revenues 92% from 2012. We increased our international business to 20% of total revenues, up from 17% in 2012. Tableau was positioned as a leader for the first time in Gartner's Magic Quadrant Report for Business Intelligence and Analytics Platforms. And we were named one of Washington's Best Workplaces by the Puget Sound Business Journal.

We ended 2013 with over 1,200 employees, and I would like to acknowledge their contributions in fueling our success. Thank you for your energy, efforts, passion and pursuit of a greater mission.

I want to thank you, our stockholders, for your continued support. We are energized by the progress we have made and excited about the possibilities before us.

PROXY STATEMENT

FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

May 9, 2014

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the "Notice") because the Board of Directors (the "Board") of Tableau Software, Inc. (the "Company" or "Tableau") is soliciting your proxy to vote at the 2014 Annual Meeting of Stockholders, including at any adjournments or postponements of the meeting. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the Notice on or about March 28, 2014 to all stockholders of record entitled to vote at the Annual Meeting.

Will I receive any other proxy materials by mail?

We may send you a proxy card, along with a second Notice, on or after April 7, 2014.

How do I attend the Annual Meeting?

The meeting will be held on Friday, May 9, 2014 at 11:00 a.m. local time at the offices of Cooley LLP, 1700 Seventh Avenue, Suite 1900, Seattle, Washington 98101-1355. For directions, please call the offices of Cooley LLP at 206.452.8700. Information on how to vote in person at the meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on March 21, 2014 will be entitled to vote at the meeting. On this record date, there were 63,773,503 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 21, 2014 your shares were registered directly in your name with Tableau Software, Inc.'s transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy over the telephone, through the internet or by using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the

meeting, we urge you to vote by proxy to ensure your vote is counted.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 21, 2014 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of three directors; and

Ratification of selection by the Audit Committee of the Board of PricewaterhouseCoopers LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2014.

What if another matter is properly brought before the meeting?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote For all the nominees to the Board or you may Withhold your vote for any nominee you specify. For the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, you may vote For or Against or abstain from voting.

The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the internet or vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card that may be delivered to you, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m., Eastern Time on May 8, 2014 to be counted.

To vote through the internet, go to <http://materials.proxyvote.com/87336U> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your internet vote must be received by 11:59 p.m., Eastern Time on May 8, 2014 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Tableau. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

Internet proxy voting may be provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of Class A Common Stock and ten votes for each share of Class B Common Stock you owned as of March 21, 2014. The Class A Common Stock and Class B Common Stock will vote together as a single class on all proposals described in this Proxy Statement.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by telephone, through the internet, by completing the proxy card that may be delivered to you or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the New York Stock Exchange (NYSE) deems the particular proposal to be a routine matter. Brokers and nominees can use their discretion to vote uninstructed shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the rules and interpretations of the NYSE, non-routine matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposal No. 1 without your instructions, but may vote your shares on Proposal No. 2.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, For the election of all three nominees for director and For the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each of the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may grant a subsequent proxy by telephone or through the internet.

You may send a timely written notice that you are revoking your proxy to Tableau Software, Inc.'s Corporate Secretary at 837 North 34th Street, Suite 200, Seattle, Washington 98103.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by November 28, 2014 to our Corporate Secretary at 837 North 34th Street, Suite 200, Seattle, Washington 98103, and must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act); *provided, however*, that if our 2015 Annual Meeting of Stockholders is held before April 9, 2015 or after June 8, 2015, then the deadline is a reasonable amount of time prior to the date we begin to print and mail our Proxy Statement for the 2015 Annual Meeting of Stockholders. If you wish to submit a proposal (including a director nomination) at the 2015 Annual Meeting of Stockholders that is not to be included in next year's proxy materials, the proposal must be received by our Corporate Secretary not later than the close of business on February 6, 2015 nor earlier than the close of business on January 9, 2015; *provided, however*, that if our 2015 Annual Meeting of Stockholders is held before April 9, 2015 or after June 8, 2015, then the proposal must be received not earlier than the close of business on the 120th day prior to such meeting and not later than the close of business on the later of the 90th day prior to such meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. You are also advised to review our bylaws, which contain additional requirements

about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes For, Withhold and broker non-votes; and, with respect to the proposal to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, votes For, Against and abstentions.

5.

Table of Contents

What are broker non-votes ?

As discussed above, when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by the NYSE to be non-routine, the broker or nominee cannot vote the shares. These unvoted shares are counted as broker non-votes.

How many votes are needed to approve each proposal?

For the election of directors, the three nominees to serve until the 2017 Annual Meeting of Stockholders receiving the most For votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected. Only votes For or Withheld will affect the outcome.

To be approved, Proposal No. 2, ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year ending December 31, 2014, must receive For votes from the holders of shares representing a majority of the voting power of the shares present in person or represented by proxy and entitled to vote on the matter. If you select to Abstain from voting on Proposal No. 2, it will have the same effect as an Against vote. Broker non-votes will have no effect; however, Proposal No. 2 is considered a routine matter, and therefore no broker non-votes are expected to exist in connection with Proposal No. 2.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if shares representing a majority of the aggregate voting power of shares of Class A Common Stock and Class B Common Stock (voting together as a single class) entitled to vote are present at the Annual Meeting in person or represented by proxy. On the record date, there were 36,030,676 shares of Class A Common Stock and 27,742,827 shares of Class B Common Stock outstanding and entitled to vote. Thus, the holders of shares representing an aggregate of 156,729,473 votes must be present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of shares representing a majority of the voting power present at the Annual Meeting in person or represented by proxy may adjourn the Annual Meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our Board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The Board presently has eight members. There are three directors in the class whose term of office expires in 2014. If elected at the Annual Meeting, each of these nominees would serve until the 2017 Annual Meeting and until his or her successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. The Company invites directors and nominees for director to attend the Annual Meeting. Because we completed our initial public offering in May 2013, we did not hold an Annual Meeting of Stockholders in 2013.

The following table sets forth information with respect to our directors, including the three nominees for election at the Annual Meeting, as of January 31, 2014:

| DIRECTOR | | | PRINCIPAL OCCUPATION/ POSITION HELD WITH THE COMPANY |

| Christian Chabot | 42 | Jan. 2003 | Co-founder, Chief Executive Officer and Chairman of the Board of Directors of Tableau |
| Christopher Stolte | 41 | Jan. 2003 | Co-founder and Chief Development Officer of Tableau |

Each of the nominees listed below was recommended for election by the Nominating and Corporate Governance Committee of the Board. Each of the nominees listed below is currently a director of the Company and was elected or appointed to the Board prior to our initial public offering. Messrs. Jurgensen and McAdam were appointed to the Board by the then current members of the Board, and Mr. Seawell was appointed to the Board pursuant to the provisions of a voting agreement entered into by certain of our stockholders including our founders, Mr. Chabot, Dr. Stolte and Dr. Hanrahan, and entities affiliated with New Enterprise Associates and Meritech which terminated upon the completion of our initial public offering.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Accordingly, the three nominees receiving the highest number of

affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by Tableau. Each person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that any nominee will be unable to serve.

The following is a brief biography of each nominee and each director whose term will continue after the Annual Meeting.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Director Independence

Our Board has undertaken a review of its composition, the composition of its committees and the independence of each director. Our Board has determined that, other than Mr. Chabot and Drs. Stolte and Hanrahan, by virtue of their positions as Chief Executive Officer, Chief Development Officer and Chief Scientist, respectively, none of our directors has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each is independent as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of the NYSE. Accordingly, a majority of our directors are independent, as required under applicable NYSE rules. In making this determination, our Board considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Lead Independent Director

Our board of directors has appointed Mr. Sandell to serve as our lead independent director. As lead independent director, Mr. Sandell presides over periodic meetings of our independent directors, serves as a liaison between our Chairman and the independent directors and performs such additional duties as our Board may otherwise determine and delegate.

Role of the Board in Risk Oversight

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. Our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our Nominating and Corporate Governance Committee monitors the effectiveness of our Corporate Governance Guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Typically, the entire Board meets periodically with senior management responsible for the Company's risk management, and the applicable Board committees meet periodically with the employees responsible for risk management in the committees' respective areas of oversight. The Board as a whole and the various standing committees receive periodic reports from the head of the Company's legal and operations groups, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Meetings of the Board of Directors

The Board met six times during the last fiscal year. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he served, held during the portion of the last fiscal year for which he was a director or committee member.

Compensation Committee Processes and Procedures

The Compensation Committee meets periodically during each fiscal year, with such frequency as it determines to be appropriate under the circumstances. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company. In addition, under the charter,

the Compensation Committee has the authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. The Compensation Committee has direct responsibility for the oversight of the work of any advisers engaged for the purpose of advising the Committee. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms. Under the charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the Compensation Committee, other than in-house legal counsel and certain other types of advisers, only after taking into consideration the six factors, prescribed by the SEC and NYSE, that bear upon the adviser's independence; however, there is no requirement that any adviser be independent.

Table of Contents

In June 2013, the Compensation Committee engaged Compensia, Inc. (Compensia) as its compensation consultant, after taking into account the six factors prescribed by the SEC and NYSE. The Compensation Committee requested that Compensia:

evaluate the efficacy of the Company's existing compensation strategy and practices in supporting and reinforcing the Company's long-term strategic goals;

assist in refining the Company's compensation strategy and in developing and implementing an executive compensation program to execute that strategy; and

develop a board of directors compensation policy appropriate for the Company as a publicly-held company. As part of its engagement, Compensia provided guidance to the Compensation Committee in developing a comparative group of companies and performed analyses of competitive performance and compensation levels for that group. The Chairman of the Compensation Committee and its members also met in executive session with the Chief Executive Officer and Chief Financial Officer periodically to discuss the Company's compensation history, philosophy, key performance metrics and strategic goals. Compensia ultimately developed recommendations that were submitted to the Compensation Committee for its consideration. Following an active dialogue with Compensia and further discussions with management, the Compensation Committee ultimately approved an executive compensation program and reported to the full Board.

Our Chief Executive Officer, Chief Financial Officer and General Counsel may attend meetings of the Compensation Committee to present information and answer questions. Our Chief Executive Officer may make recommendations to the Compensation Committee regarding compensation for our executive officers other than for himself because of his daily involvement with our executive officers. No executive officer participates directly in the final deliberations or determinations regarding his own compensation package.

Compensation Committee Interlocks and Insider Participation

As noted above, the Company's Compensation Committee consists of Messrs. Jurgensen and Sandell and Dr. Baskett. None of the members of the Compensation Committee is currently or has been at any time one of our officers or employees. None of our executive officers currently serves, or has served during the last year, as a member of the board of directors or Compensation Committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Messrs. McAdam and Sandell, each of whom our Board has determined to be independent under the NYSE listing standards. The chair of our nominating and corporate governance committee is Mr. McAdam. The primary functions of this committee include:

reviewing periodically and evaluating director performance on our Board and its applicable committees, and recommending to our Board and management areas for improvement;

reviewing and recommending to our Board any amendments to our corporate governance policies; and

reviewing and assessing, periodically, the performance of the Nominating and Corporate Governance Committee and the adequacy of its charter.

Table of Contents

The Board has adopted a written Nominating and Corporate Governance Committee charter that is available to stockholders on the Company's website at investors.tableausoftware.com/corporate-governance.

The Nominating and Corporate Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Nominating and Corporate Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity, age, skills and such other factors as it deems appropriate, given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for NYSE purposes, which determination is based upon applicable NYSE listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee may use its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: 837 North 34th Street, Suite 200, Seattle, Washington 98103. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record holder of the Company's stock and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

Corporate Governance Guidelines

In February 2013, the Board documented the governance practices followed by the Company by adopting Corporate Governance Guidelines to assure that the Board will have the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The guidelines are also intended to align the interests of directors and management with those of the Company's stockholders. The Corporate Governance Guidelines set forth the practices the Board intends to follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Audit Committee of the Board has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014 and has further directed that management submit the selection of its independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. However, the Audit Committee of the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of shares representing a majority of the voting power of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth, as of March 7, 2014, information regarding beneficial ownership of our capital stock by:

each person, or group of affiliated persons, known by us to beneficially own more than 5% of our Class A common stock or Class B common stock;

each of our named executive officers;

each of our directors; and

all of our current executive officers and directors as a group.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, or has the right to acquire beneficial ownership of that security within 60 days. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have or will have sole voting and investment power with respect to all shares of Class A common stock and Class B common stock shown that they beneficially own, subject to community property laws where applicable.

Our calculation of the percentage of beneficial ownership is based on 36,018,388 shares of our Class A common stock and 27,742,827 shares of our Class B common stock outstanding as of March 7, 2014. Common stock subject to stock options currently exercisable or exercisable within 60 days of March 7, 2014 is deemed to be outstanding for computing the percentage ownership of the person holding these options and the percentage ownership of any group of which the holder is a member but is not deemed outstanding for computing the percentage of any other person.

The table is based upon information supplied by officers, directors and principal stockholders and Schedules 13D and 13G filed with the SEC. TRANSACTIONS WITH RELATED PERSONS

Please see Executive Compensation and Director Compensation for a description of compensation arrangements with our named executive officers and directors.

INVESTOR RIGHTS AGREEMENT

In July 2012, we entered into an Amended and Restated Investor Rights Agreement with the holders of our outstanding preferred stock and certain holders of our outstanding Class B common stock, including entities with which certain of our directors are affiliated. As of December 31, 2013, the holders of approximately 12,900,000 shares of our Class A and Class B common stock were entitled to rights with respect to the registration of their shares.

CONVERSION AGREEMENTS

We have entered into conversion agreements with each of our founders, Christian Chabot, Christopher Stolte and Patrick Hanrahan, pursuant to which each founder has agreed to effect conversion of his shares of Class B common stock into Class A common stock, effective automatically upon the termination of such founder's continuous service for any reason whatsoever, subject only to approval of our Board. In the conversion agreements, continuous service is defined to mean that the founder's service with us, whether as an employee, a member of our Board or a consultant, is not interrupted or terminated. A mere change in capacity from employee and member of our Board to that of a consultant would not result in a termination of continuous service as long as there is no interruption in service to us.

INDEMNIFICATION AGREEMENTS

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we will indemnify our directors and officers, and may indemnify our employees and other agents, to the fullest extent permitted by the Delaware General Corporation Law. In addition, we have entered into indemnification agreements with each of our current directors, officers and some of our employees. These agreements provide for the indemnification of such persons for all reasonable expenses and liabilities incurred in connection with any action or proceeding brought against them by reason of the fact that they are or were serving in such capacity. We have obtained director and officer liability insurance to cover liabilities our directors and officers may incur in connection with their services to us.

POLICIES AND PROCEDURES FOR TRANSACTIONS WITH RELATED PERSONS

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related person transaction with us without the prior consent of our audit committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class of our common stock or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$100,000 and such person would have a direct or indirect interest, must first be presented to our audit committee for review, consideration and approval. In approving or rejecting any such proposal, our audit committee is to consider the material facts of the transaction, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. All of the transactions described above were entered into after presentation, consideration and approval by our Board.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Tableau stockholders will be householding the Company's proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from us (if you are a stockholder of record) or from your broker (if you are a beneficial owner) that we or they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, or if you currently receive multiple copies and would like to request householding of your communications, please notify your broker or the Company. Direct your written request to the Company to our Corporate Secretary at Tableau Software, Inc., 837 North 34th Street, Suite 200, Seattle, Washington 98103, or contact our Corporate Secretary at (206) 633-3400.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors
