Item 8.01 Other Events.

On June 17, 2014, SBA Communications Corporation (SBA) announced that it has commenced a private offering of \$600 million aggregate principal amount of senior notes due 2022 (the Notes). A copy of the press release is filed hereto as Exhibit 99.1.

SBA intends to use the net proceeds from the offering to redeem all of its 8.25% Notes due 2019, which are redeemable, upon notice of not less than 30 days, as of August 15, 2014 and to pay its conversion obligations with respect to approximately \$121 million aggregate principal amount of its 4.0% Convertible Senior Notes due 2014 (the 4.0% Notes). All remaining net proceeds will be used for general corporate purposes. SBA anticipates that its general corporate purposes will include an early unwind of a portion of the outstanding warrants underlying its 4.0% Notes for cash and paying in cash a portion of the principal amount outstanding of its 4.0% Notes upon their conversion. As of June 13, 2014, SBA had early unwound warrants covering 4.9 million shares of its Class A common stock for an aggregate of \$276.2 million in cash. SBA expects to enter into additional agreements to early unwind the warrants subsequent to the pricing of the Notes.

The Notes will be offered only to qualified institutional buyers in accordance with Rule 144A under the Securities Act of 1933, as amended (the Securities Act), and to non-U.S. persons in transactions outside the United States in reliance on Regulation S under the Securities Act. The Notes have not been registered under the Securities Act, or any state securities laws, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws. SBA has agreed to file a registration statement with the Securities and Exchange Commission pursuant to which SBA will either offer to exchange the Notes for substantially similar registered notes or register the resale of the Notes.

SBA Communications Corporation is a leading owner and operator of wireless communications infrastructure in North, Central and South America.
