SECURITIES & EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2014

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from ____ to ____

Commission File No. 001-10362

MGM Resorts International

(Exact name of registrant as specified in its charter)

Edgar Filing: MGM Resorts International - Form 10-Q

Delaware **88-0215232**
(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)
3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109

(Address of principal executive offices)

(702) 693-7120

(Registrant's telephone number, including area code)

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days: Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files): Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act:

Large accelerated filer Accelerated filer

Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act): Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date:

Class	Outstanding at August 4, 2014
Common Stock, \$.01 par value	490,741,383 shares

Table of Contents**MGM RESORTS INTERNATIONAL AND SUBSIDIARIES****CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)****NOTE 1 ORGANIZATION**

Organization. MGM Resorts International (the Company) is a Delaware corporation that acts largely as a holding company and, through wholly owned subsidiaries, primarily owns and/or operates casino resorts. The Company owns and operates the following casino resorts in Las Vegas, Nevada: Bellagio, MGM Grand Las Vegas, The Mirage, Mandalay Bay, Luxor, New York-New York, Monte Carlo, Excalibur and Circus Circus Las Vegas. Operations at MGM Grand Las Vegas include management of The Signature at MGM Grand Las Vegas, a condominium-hotel consisting of three towers. Other Nevada operations include Circus Circus Reno, Gold Strike in Jean and Railroad Pass in Henderson. Along with its local partners, the Company owns and operates MGM Grand Detroit in Detroit, Michigan. The Company owns and operates two resorts in Mississippi: Beau Rivage in Biloxi and Gold Strike Tunica. The Company also owns Shadow Creek, an exclusive world-class golf course located approximately ten miles north of its Las Vegas Strip resorts, Primm Valley Golf Club at the California/Nevada state line and Fallen Oak golf course in Saucier, Mississippi.

The Company owns 51% and has a controlling interest in MGM China Holdings Limited (MGM China), which owns MGM Grand Paradise, S.A. (MGM Grand Paradise), the Macau company that owns and operates the MGM Macau resort and casino and the related gaming subconcession and land concession. MGM Grand Paradise has a land concession contract with the government of Macau to develop a second resort and casino on an approximately 17.8 acre site in Cotai, Macau (MGM Cotai). MGM Cotai will be an integrated casino, hotel and entertainment complex with up to 1,600 hotel rooms, 500 gaming tables and 2,500 slots. The total estimated project budget is \$2.9 billion, excluding development fees eliminated in consolidation, capitalized interest and land.

The Company owns 50% of CityCenter, located between Bellagio and Monte Carlo. The other 50% of CityCenter is owned by Infinity World Development Corp, a wholly owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity. CityCenter consists of Aria, a casino resort; Mandarin Oriental Las Vegas, a non-gaming boutique hotel; Crystals, a retail, dining and entertainment district; and Vdara, a luxury condominium-hotel. In addition, CityCenter features residential units in the Residences at Mandarin Oriental and Veer. The Company receives a management fee of 2% of revenues for the management of Aria and Vdara, and 5% of EBITDA (as defined in the agreements governing the Company's management of Aria and Vdara). In addition, the Company receives an annual fee of \$3 million for the management of Crystals. See Note 3 for additional information related to CityCenter.

The Company has 50% interests in Grand Victoria and Silver Legacy. Grand Victoria is a riverboat casino in Elgin, Illinois; an affiliate of Hyatt Gaming owns the other 50% of Grand Victoria and also operates the resort. Silver Legacy is located in Reno, adjacent to Circus Circus Reno, and the other 50% is owned by Eldorado LLC.

The Company seeks to leverage its management expertise and well-recognized brands through domestic and international expansion opportunities. The Company has entered into management agreements for non-gaming hotels, resorts and residential products in the Middle East, North Africa, India and the United States. In 2014, the Company and the Hakkasan Group formed MGM Hakkasan Hospitality (MGM Hakkasan), owned 50% by each member, to design, develop and manage luxury non-gaming hotels, resorts and residences under certain brands licensed from the Company and the Hakkasan Group. The Company will contribute all of the management agreements for non-gaming hotels, resorts and residential projects (outside of the greater China region) that are currently under development to MGM Hakkasan. In addition, the Company will continue to develop and manage properties in the greater China region with Diaoyutai State Guesthouse, including the MGM Grand Sanya on Hainan Island, in the People's Republic of China, which opened in 2012.

The Maryland Video Lottery Facility Location Commission has awarded MGM National Harbor, LLC (MGM National Harbor) the license to build and operate a destination resort casino in Prince George's County at National Harbor. Currently, the expected cost to develop and construct MGM National Harbor is approximately \$1.2 billion, excluding capitalized interest and land related costs. The Company expects the resort to include a casino with approximately 3,600 slots, 160 table games including poker; a 300 suite hotel with luxury spa and rooftop pool; high end branded retail; fine and casual dining; a dedicated 3,000 seat theater venue; 35,000 square feet of meeting and event space; and a 5,000 space parking garage.

On June 13, 2014, the Massachusetts Gaming Commission (the MGC) agreed to award the Company's subsidiary developing MGM Springfield the Category One casino license in Region B, Western Massachusetts, one of three licensing regions designated by legislation. However, on June 24, 2014, the Massachusetts Supreme Judicial Court ruled that a proposed ballot initiative seeking to prohibit local casinos, slot parlors and other wagering in Massachusetts was constitutional and thereby allowed the ballot initiative to appear on the November 4, 2014 ballot. The MGC has agreed that the Company is not required to make the final award payment of licensing fees and other costs unless the ballot initiative

Edgar Filing: MGM Resorts International - Form 10-Q

fails to pass in the November 2014 elections.

MGM Springfield is proposed to be developed on 14.5 acres of land between Union and State streets, and Columbus Avenue and Main Street in Springfield, Massachusetts. The cost to develop and construct MGM Springfield is currently expected to be approximately \$690 million, excluding capitalized interest and land related costs. The Company expects the resort will include a casino with approximately 3,000 slots and 75 table games, a poker room and high limit VIP gambling area, 250 hotel rooms, 55,000 square feet of retail and restaurant space that will accommodate 15 shops and restaurants, and a multi-level parking garage.

Table of Contents

In 2013, the Company entered into an agreement with a subsidiary of Anschutz Entertainment Group, Inc. (AEG) (a leader in sports, entertainment, and promotions) to design, construct, and operate an arena which will be located on a parcel of the Company's land between Frank Sinatra Drive and New York-New York, adjacent to the Las Vegas Strip. The Company and AEG each own 50% of the developer of the arena. The proposed arena is anticipated to seat between 18,000 - 20,000 people and is currently scheduled to be completed in 2016. Such development is estimated to cost approximately \$350 million, excluding capitalized interest and land related costs, and is contingent on obtaining permanent financing.

The Company has two reportable segments: wholly owned domestic resorts and MGM China. See Note 10 for additional information about the Company's segments.

Borgata. The Company has a 50% economic interest in the Borgata Hotel Casino & Spa (Borgata) located on Renaissance Pointe in the Marina area of Atlantic City, New Jersey. Boyd Gaming Corporation owns the other 50% of Borgata and also operates the resort. The Company's interest is held in trust and was offered for sale pursuant to its amended settlement agreement with the New Jersey Division of Gaming Enforcement and approved by the New Jersey Casino Control Commission (CCC). The terms of the amended settlement agreement previously mandated the sale by March 2014. The Company had the right to direct the sale through March 2013 (the divesture period), subject to approval of the CCC, and the trustee was responsible for selling the trust property during the following 12-month period (the terminal sale period). On February 13, 2013, the settlement agreement was further amended to allow the Company to re-apply to the CCC for licensure in New Jersey and to defer expiration of these periods pending the outcome of the licensure process. The Company has submitted its licensure request to the CCC and there can be no assurances that such request will be approved or with respect to the timing of the licensure process. If the CCC denies the Company's licensure request, then the divesture period will immediately end, and the terminal sale period will immediately begin, which will result in the Company's Borgata interest being disposed of by the trustee pursuant to the terms of the settlement agreement.

The Company consolidates the trust because it is the sole economic beneficiary and accounts for its interest in Borgata under the cost method. The Company reviews its investment carrying value whenever indicators of impairment exist. As of June 30, 2014, the trust had \$86 million of cash and investments, of which \$69 million is held in U.S. treasury securities with maturities greater than three months but less than one year, and is recorded within Prepaid expenses and other.

NOTE 2 BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation. As permitted by the rules and regulations of the Securities and Exchange Commission, certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted. These consolidated financial statements should be read in conjunction with the Company's 2013 annual consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments, which include only normal recurring adjustments, necessary to present fairly the Company's interim financial statements. The results for such periods are not necessarily indicative of the results to be expected for the full year.

Fair value measurements. Fair value measurements affect the Company's accounting and impairment assessments of its long-lived assets, investments in unconsolidated affiliates, cost method investments, assets acquired and liabilities assumed in an acquisition, and goodwill and other intangible assets. Fair value measurements also affect the Company's accounting for certain of its financial assets and liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and is measured according to a hierarchy that includes: Level 1 inputs, such as quoted prices in an active market; Level 2 inputs, which are observable inputs for similar assets; or Level 3 inputs, which are unobservable inputs.

The Company uses Level 2 inputs to measure the fair value of the Company's treasury securities held by the Borgata trust. See Note 1;

The Company uses Level 1 inputs for its long-term debt fair value disclosures. See Note 4; and

Edgar Filing: MGM Resorts International - Form 10-Q

The Company used Level 3 inputs when assessing the fair value of its investment in Grand Victoria at June 30, 2014 and 2013. See Note 3.

Income tax provision. For interim income tax reporting the Company estimates its annual effective tax rate and applies it to its year-to-date ordinary income. The tax effects of unusual or infrequently occurring items, including changes in judgment about valuation allowances and effects of changes in tax laws or rates are reported in the interim period in which they occur. The Company's effective income tax rate was (43.4%) and (18.1%) for the three months and six months ended June 30, 2014, respectively.

Table of Contents

The Company recognizes deferred tax assets, net of applicable reserves, related to tax loss and credit carryforwards and other temporary differences with a future tax benefit to the extent that realization of such benefit is more likely than not. Otherwise, a valuation allowance is applied. Because of the Company's history of recent losses in the United States, the Company does not rely on future United States sourced operating income in assessing the realization of its deferred tax assets.

Because MGM China is presently exempt from the Macau 12% complementary tax on gaming profits, the Company believes that payment of the Macau Special Gaming Tax qualifies as a tax paid in lieu of an income tax that is creditable against U.S. taxes. As long as the exemption from Macau's 12% complementary tax on gaming profits continues, the Company expects that it will generate excess foreign tax credits on an annual basis and that none of the excess foreign credits will be utilized until the exemption expires. Although the Company's current five-year exemption from the Macau 12% complementary tax on gaming profits ends on December 31, 2016, the Company believes it will be entitled to receive a third five-year exemption from Macau based upon exemptions granted to the Company's competitors in order to ensure non-discriminatory treatment among gaming concessionaires and subconcessionaires. For all periods beyond December 31, 2021, the Company has assumed that it will be paying the Macau 12% complementary tax on gaming profits and will thus not be able to credit the Macau Special Gaming Tax in such years, and has factored that assumption into both the measurement of its foreign deferred tax assets and liabilities as well as its future projections of foreign sourced income. As a result, the Company projects that it will be able to realize a benefit, and hence, projects that it will record a deferred tax asset for foreign tax credits, net of valuation allowance (net deferred foreign tax credit asset), of approximately \$335 million as of December 31, 2014 and has reflected this assumption in its annual effective tax rate for 2014. Should the Company in a future period actually receive or be able to assume under the law a fourth five-year exemption, an additional valuation allowance would likely need to be provided on some portion or all of the net deferred foreign tax credit asset, resulting in an increase in the provision for income taxes in such period.

During the quarter ended June 30, 2014 the Company received final approval from the Joint Committee on Taxation of the results of IRS examinations covering its 2005 through 2009 tax years. These examinations are now considered settled for financial reporting purposes. Consequently, the Company reduced unrecognized tax benefits by \$81 million and recorded income tax benefit of \$31 million to reflect the effects of this settlement. The Company previously made a deposit of \$30 million with the IRS to cover the expected cash taxes and interest resulting from the tentatively agreed adjustments for these examinations and does not expect to make any further cash payments as a result of this final settlement. Since the tax and interest had not been assessed by the end of the second quarter, the deposit is included in Prepaid expenses and other while the expected amount of the assessment is included in Income taxes payable on the balance sheet at June 30, 2014.

Recently issued accounting standards. During the six months ended June 30, 2014, the Company implemented Financial Accounting Standards Board (FASB) Accounting Standards Update No. 2013-11 (ASU 2013-11), which is effective for fiscal years, and interim periods within those years, beginning on or after December 15, 2013. ASU 2013-11 provides explicit guidance on the financial statement presentation of unrecognized tax benefits when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. As a result of implementing ASU 2013-11, the Company recorded a reduction in liability for unrecognized tax benefits and a corresponding reduction in deferred tax assets of \$19 million in the six months ended June 30, 2014.

In May 2014, the FASB issued Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers*, (ASU 2014-09), which is effective for fiscal years, and interim periods within those years, beginning on or after December 15, 2016. ASU 2014-09 outlines a new, single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. This new revenue recognition model provides a five-step analysis in determining when and how revenue is recognized. Additionally, the new model will require revenue recognition to depict the transfer of promised goods or services to customers in an amount that reflects the consideration a company expects to receive in exchange for those goods or services. The Company is currently assessing the impact of adopting this new accounting guidance will have on its consolidated financial statements and footnote disclosures.

NOTE 3 INVESTMENTS IN AND ADVANCES TO UNCONSOLIDATED AFFILIATES

Investments in and advances to unconsolidated affiliates consisted of the following:

	June 30, 2014	December 31, 2013
	(In thousands)	
CityCenter Holdings, LLC CityCenter (50%)	\$ 1,226,940	\$ 1,172,087
Elgin Riverboat Resort Riverboat Casino Grand Victoria (50%)	140,000	169,579
Other	53,984	33,170

\$ 1,420,924 \$ 1,374,836

Table of Contents

The Company recorded its share of the results of operations of unconsolidated affiliates as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
Income from unconsolidated affiliates	\$ 5,868	\$ 6,682	\$ 24,644	\$ 23,026
Preopening and start-up expenses	(101)		(120)	(376)
Non-operating items from unconsolidated affiliates	(14,578)	(38,864)	(28,301)	(60,943)
	\$ (8,811)	\$ (32,182)	\$ (3,777)	\$ (38,293)

Grand Victoria

At June 30, 2014, the Company reviewed the carrying value of its Grand Victoria investment for impairment due to a greater than anticipated decline in operating results, as well as a decrease in forecasted cash flows for 2014 through 2017 compared to the prior forecast. The Company used a blended discounted cash flow analysis and guideline public company method to determine the estimated fair value from a market participant's viewpoint. Key assumptions included in the discounted cash flow analysis were estimates of future cash flows including outflows for capital expenditures, a long-term growth rate of 2% and a discount rate of 10.5%. Key assumptions in the guideline public company method included business enterprise value multiples selected based on the range of multiples in Grand Victoria's peer group. As a result of the analysis, the Company determined that it was necessary to record an other-than-temporary impairment charge of \$29 million at June 30, 2014, based on an estimated fair value of \$140 million for the Company's 50% interest. The Company intends to, and believes it will be able to, retain the investment in Grand Victoria; however, due to the extent of the shortfall and the Company's assessment of the uncertainty of fully recovering its investment, the Company has determined that the impairment was other-than-temporary. At June 30, 2013, the Company recorded an impairment charge of \$37 million on its investment in Grand Victoria based on the then estimated fair value of \$170 million for its 50% interest.

City Center

CityCenter summary financial information. Summarized balance sheet information for CityCenter is as follows:

	June 30, 2014	December 31, 2013

Less: Current portion	(317,194)	
	\$ 12,606,520	\$ 13,447,230

As of June 30, 2014, the amount available under the Company's revolving senior credit facility is less than current maturities related to the Company's term loan credit facilities and convertible senior notes. The Company has excluded from the current portion of long-term debt the amount available for refinancing under its revolving credit facility.

Senior credit facility. At June 30, 2014, the Company's senior credit facility consisted of a \$1.2 billion revolving credit facility, a \$1.03 billion term loan A facility and a \$1.72 billion term loan B facility. The revolving and term loan A facilities bear interest at LIBOR plus an applicable rate determined by the Company's credit rating (2.75% as of June 30, 2014). The term loan B facility bears interest at LIBOR plus 2.50%, with a LIBOR floor of 1.00%. The revolving and term loan A facilities mature in December 2017 and the term loan B facility matures in December 2019. The term loan A and term loan B facilities are subject to scheduled amortization payments on the last day of each calendar quarter in an amount equal to 0.25% of the original principal balance. The Company permanently repaid \$7 million and \$14 million in the three and six months ended June 30, 2014, respectively, in accordance with the scheduled amortization. The Company had \$1.2 billion of available borrowing capacity under its senior credit facility at June 30, 2014. At June 30, 2014, the interest rate on the term loan A was 2.9%, the interest rate on the term loan B was 3.5%.

The land and substantially all of the assets of MGM Grand Las Vegas, Bellagio and The Mirage secure up to \$3.35 billion of obligations outstanding under the senior credit facility. In addition, the land and substantially all of the assets of New York-New York and Gold Strike Tunica secure the entire amount of the senior credit facility and the land and substantially all of the assets of MGM Grand Detroit secure its \$450 million of obligations as a co-borrower under the senior credit facility. In addition, the senior credit facility is secured by a pledge of the equity or limited liability company interests of the subsidiaries that own the pledged properties.

The senior credit facility contains customary representations and warranties and customary affirmative and negative covenants. In addition, the senior credit facility requires the Company and its restricted subsidiaries to maintain a minimum trailing four-quarter EBITDA and limits the ability of the Company and its restricted subsidiaries to make capital expenditures and investments. As of June 30, 2014, the Company and its restricted subsidiaries are required to maintain a minimum EBITDA (as defined in the senior credit facility) of \$1.10 billion. The minimum

Edgar Filing: MGM Resorts International - Form 10-Q

EBITDA increases to \$1.20 billion for September 30, 2014 and December 31, 2014 and to \$1.25 billion for March 31, 2015 and June 30, 2015, with periodic increases thereafter. EBITDA for the trailing four quarters ended June 30, 2014, calculated in accordance with the terms of the senior credit facility, was \$1.38 billion. The senior credit facility limits the Company and its restricted subsidiaries to capital expenditures of \$500 million per fiscal year, with unused amounts in any fiscal year rolling over to the next fiscal year, but not any fiscal year thereafter. The Company's total capital expenditures allowable under the senior credit facility for fiscal year 2014, after giving effect to unused amounts from 2013, was \$681 million. In addition, the senior credit facility limits the Company's ability to make investments subject to certain thresholds and other important exceptions. As of June 30, 2014, the Company and its restricted subsidiaries were within the limit of capital expenditures and other investments for the calendar year 2014.

Table of Contents

The senior credit facility provides for customary events of default, including, without limitation, (i) payment defaults, (ii) covenant defaults, (iii) cross-defaults to certain other indebtedness in excess of specified amounts, (iv) certain events of bankruptcy and insolvency, (v) judgment defaults in excess of specified amounts, (vi) the failure of any loan document by a significant party to be in full force and effect and such circumstance, in the reasonable judgment of the required lenders, is materially adverse to the lenders, or (vii) the security documents cease to create a valid and perfected first priority lien on any material portion of the collateral. In addition, the senior credit facility provides that a cessation of business due to revocation, suspension or loss of any gaming license affecting a specified amount of its revenues or assets, will constitute an event of default.

MGM China credit facility. At June 30, 2014, the MGM China credit facility consisted of approximately \$550 million of term loans and an approximately \$1.45 billion revolving credit facility due October 2017. The credit facility is subject to scheduled amortization payments beginning in 2016. The outstanding balance at June 30, 2014 was comprised solely of term loans. The interest rate on the facility fluctuates annually based on HIBOR plus a margin, which ranges between 1.75% and 2.50%, based on MGM China's leverage ratio. The margin was 1.75% at June 30, 2014. MGM China is a joint and several co-borrower with MGM Grand Paradise. The MGM China credit facility is secured by MGM Grand Paradise's interest in the Cotai land use right, and MGM China, MGM Grand Paradise and their guarantor subsidiaries have granted a security interest in substantially all of their assets to secure the amended facilities; the material subsidiaries of MGM China continue to guarantee the facilities. The credit facility will be used for general corporate purposes and for the development of the Cotai project.

The MGM China credit facility agreement contains customary representations and warranties, events of default, affirmative covenants and negative covenants, which impose restrictions on, among other things, the ability of MGM China and its subsidiaries to make investments, pay dividends and sell assets, and to incur additional debt and additional liens. MGM China is also required to maintain compliance with a maximum consolidated total leverage ratio of 4.50 to 1.00 prior to the first anniversary of the MGM Cotai opening date and 4.00 to 1.00 thereafter, in addition to a minimum interest coverage ratio of 2.50 to 1.00. MGM China was in compliance with its credit facility covenants at June 30, 2014.

Senior notes. The Company repaid its \$509 million 5.875% senior notes in February 2014 at maturity.

Senior convertible notes. In April 2010, the Company issued \$1.15 billion of 4.25% convertible senior notes due 2015 for net proceeds to the Company of \$1.12 billion. The notes are general unsecured obligations of the Company and rank equally in right of payment with the Company's other existing senior unsecured indebtedness. The notes are convertible at an initial conversion rate of approximately 53.83 shares of the Company's common stock per \$1,000 principal amount of the notes, representing an initial conversion price of approximately \$18.58 per share of the Company's common stock. In connection with the offering, the Company entered into capped call transactions to reduce the potential dilution of the Company's stock upon conversion of the notes. The capped call transactions have a cap price equal to approximately \$21.86 per share.

In June 2011, the Company sold an additional \$300 million in aggregate principal amount of 4.25% convertible senior notes due 2015 (the Notes) on terms that were consistent with those governing the Company's existing convertible senior notes due 2015 for a purchase price of 103.805% of the principal amount. The Company received approximately \$311 million in proceeds related to this transaction. The Notes were recorded at fair value determined by the trading price (105.872%) of the Company's existing convertible notes on the date of issuance of the Notes, with the excess over the principal amount recorded as a premium to be recognized over the term of the Notes.

Fair value of long-term debt. The estimated fair value of the Company's long-term debt at June 30, 2014 was \$14.7 billion. At December 31, 2013, the estimated fair value of the Company's long-term debt was \$14.9 billion. Fair value was estimated using quoted market prices for the Company's senior notes and senior credit facility. Carrying value of the MGM Grand Paradise credit facility approximates fair value.

NOTE 5 COMMITMENTS AND CONTINGENCIES

CityCenter construction litigation. In March 2010, Perini Building Company, Inc. (Perini), general contractor for CityCenter, filed a lawsuit in the Eighth Judicial District Court for Clark County, State of Nevada, against MGM MIRAGE Design Group (a wholly owned subsidiary of the Company which was the original party to the Perini construction agreement) and certain direct or indirect subsidiaries of CityCenter Holdings, LLC (the CityCenter Owners). Perini asserted that CityCenter was substantially completed, but the defendants failed to pay Perini approximately \$490 million allegedly due and owing under the construction agreement for labor, equipment and materials expended on CityCenter. The complaint further charged the defendants with failure to provide timely and complete design documents, late delivery to Perini of design changes, mismanagement of the change order process, obstruction of Perini's ability to complete the Harmon component, and fraudulent inducement of Perini to compromise significant amounts due for its general conditions. The complaint advanced claims for breach of contract, breach of the implied covenant of good faith and fair dealing, tortious breach of the implied covenant of good faith and fair dealing, unjust enrichment and promissory estoppel, and fraud and intentional misrepresentation. Perini seeks compensatory damages, punitive damages, attorneys' fees and costs.

Edgar Filing: MGM Resorts International - Form 10-Q

In April 2010, Perini served an amended complaint in this case which joins as defendants many owners of CityCenter residential condominium units (the Condo Owner Defendants), added a count for foreclosure of Perini's recorded master mechanic's lien against the CityCenter property in the amount of approximately \$491 million, and asserted the priority of this mechanic's lien over the interests of the CityCenter Owners, the Condo Owner Defendants and CityCenter lenders in the CityCenter property.

Table of Contents

The CityCenter Owners and the other defendants dispute Perini's allegations and contend that the defendants are entitled to substantial amounts from Perini, including offsets against amounts claimed to be owed to Perini and its subcontractors and damages based on breach of their contractual and other duties to CityCenter, duplicative payment requests, non-conforming work, lack of proof of alleged work performance, defective work related to the Harmon, property damage and Perini's failure to perform its obligations to pay certain subcontractors and to prevent filing of liens against CityCenter. Parallel to the court litigation, CityCenter management conducted an extra-judicial program for settlement of CityCenter subcontractor claims. CityCenter has resolved the claims of 219 first-tier Perini subcontractors (including the claims of any lower-tier subcontractors that might have claims through those first-tier subcontractors), with only three remaining for further proceedings along with trial of Perini's claims and CityCenter's Harmon-related counterclaim and other claims by CityCenter against Perini and its parent guarantor, Tutor Perini. Two of the remaining subcontractors are implicated in the defective work at the Harmon. In August 2013, Perini recorded an amended notice of lien reducing its lien to approximately \$167 million.

In November 2012, Perini filed a second amended complaint which, among other things, added claims against the CityCenter defendants of breach of contract (alleging that CityCenter's Owner Controlled Insurance Program (OCIP) failed to provide adequate project insurance for Perini with broad coverages and high limits), and tortious breach of the implied covenant of good faith and fair dealing (alleging improper administration by CityCenter of the OCIP and Builders Risk insurance programs).

In 2013, CityCenter reached a settlement agreement with certain professional service providers against whom it had asserted claims in this litigation for errors or omissions with respect to the CityCenter project, which settlement has been approved by the court. In April 2014, CityCenter settled for \$55 million, net of deductible, its 2008 builder's risk insurance claim for loss and damage with respect to the Harmon's defective condition.

Further, CityCenter and Perini have entered a settlement agreement which resolves most but not all of the components of Perini's non-Harmon-related lien claim against CityCenter. The settlement established a stipulated value for Perini's mechanic's lien, which amount will not be paid until resolution of CityCenter's damages claim for the Harmon and will be offset against any judgment CityCenter obtains against Perini for damages relating to construction of the Harmon. Pursuant to the parties' stipulation, on February 24, 2014, Perini filed a revised lien for \$174 million as the amount claimed by Perini and the remaining Harmon-related subcontractors. The discovery process continues. Trial of the remainder of Perini's lien claim, the remaining subcontractors' claims against CityCenter, and CityCenter's counterclaims against Perini and certain subcontractors for defective work at the Harmon has been rescheduled to commence on September 23, 2014.

CityCenter Owners and the other defendants will continue to vigorously assert and protect their interests in the Perini lawsuit. The Company believes it is probable that the CityCenter Owners and the other defendants will be liable for \$170 million in connection with the non-Harmon settlement agreement and remaining claims in this lawsuit. Amounts determined to be owed would be funded in part under the Company's completion guarantee which is discussed below. The Company does not believe it is reasonably possible it will be liable for any material amount in excess of its estimate of its probable liability. The Company's estimate of its probable liability does not include any offset for amounts that may be recovered on its counterclaims against Perini and certain subcontractors for defective work at the Harmon.

Please see below for further discussion on the Company's completion guarantee obligation which may be impacted by the outcome of the above litigation and CityCenter's extra-judicial settlement process.

CityCenter completion guarantee. In October 2013, the Company entered into a third amended and restated completion and cost overrun guarantee, which is collateralized by substantially all of the assets of Circus Circus Las Vegas, as well as certain undeveloped land adjacent to that property. The terms of the amended and restated completion guarantee provide CityCenter the ability to utilize up to \$72 million of net residential proceeds to fund construction costs, or to reimburse the Company for construction costs previously expended. As of June 30, 2014, CityCenter is holding approximately \$72 million in a separate bank account representing the remaining condo proceeds available to fund completion guarantee obligations or be reimbursed to the Company. In accordance with the amended and restated completion guarantee such amounts may only be used to fund construction lien obligations or to reimburse the Company once the Perini litigation is settled.

As of June 30, 2014, the Company has funded \$727 million under the completion guarantee and has accrued a liability of \$128 million, which includes estimated litigation costs related to the resolution of disputes with contractors concerning the final construction costs and estimated amounts to be paid to contractors in connection with the Perini litigation. The Company's estimated obligation has been offset by the \$72 million of condominium proceeds received and held in escrow by CityCenter, which are available to fund construction lien claims upon final resolution of the Perini litigation. Also, the Company's accrual reflects certain estimated offsets to the amounts claimed by the contractors. The Company does not believe it is reasonably possible it could be liable for amounts in excess of what it has accrued related to the Perini Litigation claims. However, an insurer participating in the OCIP for the CityCenter construction project has initiated an arbitration against the Company in an attempt to recover certain costs it has allegedly incurred in connection with CityCenter's claims against Perini and certain subcontractors for defective work at the Harmon. The Company disputes that such amounts are owed to the insurance company, but believes it is reasonably possible it may ultimately be found liable for some portion of the claim. The arbitration is in its beginning phase and there are significant factual

Edgar Filing: MGM Resorts International - Form 10-Q

and legal issues to be determined and resolved. Further, the Company has not had the opportunity to engage in any discovery, and the amount of damages to be sought by the insurer is indeterminate. Because of these factors, the Company does not currently have sufficient information to determine a range of reasonably possible loss.

Table of Contents

Harmon demolition. In response to a request by the Clark County Building Division (the Building Division), CityCenter engaged an engineer to conduct an analysis, based on all available information, as to the structural stability of the Harmon under building-code-specified load combinations. On July 11, 2011, that engineer submitted the results of his analysis of the Harmon tower and podium in its current as-built condition. The engineer opined, among other things, that [i]n a code-level earthquake, using either the permitted or current code specified loads, it is likely that critical structural members in the tower will fail and become incapable of supporting gravity loads, leading to a partial or complete collapse of the tower. There is missing or misplaced reinforcing steel in columns, beams, shear walls, and transfer walls throughout the structure of the tower below the twenty-first floor. Based on this engineering opinion, the Building Division requested a plan of action from CityCenter. CityCenter informed the Building Division that it decided to abate the potential for structural collapse of the Harmon in the event of a code-level earthquake by demolishing the building, and enclosed a plan of action for demolition by implosion prepared by LVI Environmental Services of Nevada, Inc (LVI). CityCenter also advised that prior to undertaking the demolition plan of action, it would seek relief from a standing order of the district court judge presiding over the Perini litigation that prohibits alteration or destruction of the building without court approval. In addition, CityCenter supplied the foundational data for the engineering conclusions stated in the July 11, 2011 letter declaring the Harmon's structural instability in the event of a code-level earthquake. On November 22, 2011, the Building Division required that CityCenter submit a plan to abate the code deficiencies discovered in the Harmon tower.

In December 2011, CityCenter resubmitted to the Building Division the plan of abatement action prepared by LVI which was first submitted on August 15, 2011, and met with the Building Division about the requirements necessary to obtain demolition permits and approvals. As discussed above, the timing of the demolition of the Harmon is subject to rulings in the Perini litigation.

The district court presiding over the Perini litigation had previously granted CityCenter's motion to demolish the Harmon, but stayed the demolition to allow CityCenter an opportunity to conduct additional Phase 4 destructive testing at the Harmon following the court's order prohibiting CityCenter's structural engineering expert from extrapolating the results of pre-Phase 4 testing to untested portions of the building.

In May 2013, CityCenter completed additional Phase 4 destructive testing of 468 structural elements at the Harmon, analysis of which data confirmed the existence of a wide variety of construction defects throughout the Harmon tower. In his June 2013 expert report CityCenter's structural engineer opined that the additional test results and extrapolation thereof to untested portions of the building show that after a service-level earthquake (typically defined as an earthquake with a 50% chance of occurring in 30 years), the Harmon can be expected to sustain extensive damage and failure of many structural elements, and in a large earthquake, such as a building code-level earthquake, critical elements of the Harmon are likely to fail and lead to a partial or complete collapse of the tower. In April 2013, Perini's structural engineering expert John A. Martin & Associates (JAMA) had sent a letter to the Building Division which declared in part that JAMA no longer believes that the Harmon Tower can be repaired to a code compliant structure, which condition JAMA attributed to CityCenter's building testing. On July 18, 2013 CityCenter filed a renewed motion with the district court for permission to demolish the Harmon. On August 23, 2013, the court granted CityCenter's motion, and CityCenter commenced planning for demolition of the building. On January 31, 2014, the court revoked its prior authorization of demolition of the Harmon, without prejudice to renewal of the application, on the grounds that CityCenter's non-party builder's risk insurer requested further testing in the building. That request for further testing was withdrawn pursuant to the insurer's settlement of CityCenter's Harmon 2008 policy claim. On April 22, 2014 the court granted CityCenter's renewed application for permission to demolish the Harmon. The Clark County Building Department has issued the first in a series of permits required for demolition of this building. CityCenter has commenced a controlled deconstruction of the Harmon structure in accordance with the standards set by its expert consultants and the Clark County Building Department.

The Company does not believe it would be responsible for funding any additional amounts under the completion guarantee that might be required with respect to the Harmon; however, the Company's view is based on a number of developing factors, including with respect to on-going litigation with CityCenter's contractors and other developments related to the CityCenter venture, all of which are subject to change.

Cotai land concession contract. MGM Grand Paradise's land concession contract for an approximate 17.8 acre site in Cotai, Macau became effective on January 9, 2013 and has an initial term of 25 years. The total land premium payable to the Macau government for the land concession contract is \$161 million and is composed of a down payment and eight additional semi-annual payments. As of June 30, 2014, MGM China had paid \$86 million of the contract premium recorded within Other long-term assets, net. In July 2014, MGM China paid the third semi-annual installment payment of \$15 million under the land concession contract. Including interest on the five remaining semi-annual payments, MGM China has \$73 million remaining payable for the land concession contract. In addition, MGM Grand Paradise is required to pay the Macau government approximately \$269,000 per year in rent during the course of development of the land and approximately \$681,000 per year in rent once the development is completed. The annual rent is subject to review by the Macau government every five years. Under the terms of the land concession contract, MGM Grand Paradise is required to complete the development of the land by January 2018.

Edgar Filing: MGM Resorts International - Form 10-Q

Other guarantees. The Company is party to various guarantee contracts in the normal course of business, which are generally supported by letters of credit issued by financial institutions. The Company's senior credit facility limits the amount of letters of credit that can be issued to \$500 million, and the amount of available borrowings under the senior credit facility is reduced by any outstanding letters of credit. At June 30, 2014, the Company had provided \$35 million of letters of credit. MGM China's senior credit facility limits the amount of letters of credit that can be issued to \$100 million, and the amount of available borrowings under the senior credit facility is reduced by any outstanding letters of credit. At June 30, 2014, MGM China had provided \$39 million of letters of credit under its credit facility.

Other litigation. The Company is a party to various legal proceedings, most of which relate to routine matters incidental to its business. Management does not believe that the outcome of such proceedings will have a material adverse effect on the Company's financial position, results of operations or cash flows.

Table of Contents**NOTE 6 INCOME (LOSS) PER SHARE OF COMMON STOCK**

The weighted-average number of common and common equivalent shares used in the calculation of basic and diluted income (loss) per share consisted of the following:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
<i>(In thousands)</i>				
Numerator:				
Net income (loss) attributable to MGM Resorts International basic	\$ 105,544	\$ (92,958)	\$ 213,704	\$ (86,412)
Interest on convertible debt, net of tax	2,103		4,298	
Potentially dilutive effect due to MGM China share option plan	(84)		(213)	
Net income (loss) attributable to MGM Resorts International diluted	\$ 107,563	\$ (92,958)	\$ 217,789	\$ (86,412)
Denominator:				
Weighted-average common shares outstanding basic	490,786	489,484	490,692	489,388
Potential dilution from share-based awards	6,436		6,446	
Potential dilution from assumed conversion of convertible debt	16,149		16,149	
Weighted-average common and common equivalent shares diluted	513,371	489,484	513,287	489,388
Antidilutive share-based awards excluded from the calculation of diluted earnings per share	2,534	18,498	2,580	18,498

For the three and six months ended June 30, 2014, potential dilution from the assumed conversion of convertible debt relates to the \$300 million 4.25% senior convertible notes issued in June 2011. The \$1.15 billion 4.25% senior convertible notes issued in April 2010 were excluded from the three and six months ended June 30, 2014 calculation of diluted earnings per share as their effect would be antidilutive.

NOTE 7 STOCKHOLDERS EQUITY

MGM China dividends. MGM China paid a \$499 million special dividend in March 2014, of which \$254 million remained within the consolidated entity and \$245 million was distributed to noncontrolling interests, and a \$127 million final dividend in June 2014, of which \$65 million remained within the consolidated entity and \$62 million was distributed to noncontrolling interests.

MGM China paid a \$500 million special dividend in March 2013, of which \$255 million remained within the consolidated entity and \$245 million was distributed to noncontrolling interests.

On August 5, 2014, MGM China's board of directors announced a dividend of \$136 million, which will be paid to shareholders of record as of August 25, 2014 and distributed on or about September 1, 2014. The Company will receive \$69 million, representing its 51% share of the dividend.

Table of Contents

Supplemental equity information. The following table presents the Company's changes in stockholders' equity for the six months ended June 30, 2014:

	MGM Resorts International Stockholders Equity	Noncontrolling Interests (In thousands)	Total Stockholders Equity
Balances, January 1, 2014	\$ 4,231,179	\$ 3,644,444	\$ 7,875,623

Balances, June 30, 2014	\$ 14,564	\$ 671	\$ 15,235

NOTE 8 STOCK-BASED COMPENSATION

2005 Omnibus Incentive Plan. As of June 30, 2014, the Company had an aggregate of 16 million shares of common stock available for grant as share-based awards under the Company's omnibus incentive plan (Omnibus Plan). At the Annual Meeting on June 5, 2014, the Company's stockholders approved an amendment to the Omnibus Plan to increase the number of shares of common stock available for grant by 10 million shares. As of June 30, 2014, the approved shares were pending registration with the Securities and Exchange Commission, and thus were not included in the shares of common stock available for grant. A summary of activity under the Company's share-based payment plans for the six months ended June 30, 2014 is presented below:

Stock options and stock appreciation rights (SARs)

	Units (000 s)	Weighted Average Exercise Price
Outstanding at January 1, 2014	16,074	\$ 15.22
Granted	65	25.62

Edgar Filing: MGM Resorts International - Form 10-Q

Exercised	(1,040)	14.91
Forfeited or expired	(341)	54.82
Outstanding at June 30, 2014	14,758	14.37
Exercisable at June 30, 2014	9,295	15.01

Table of ContentsRestricted stock units (RSUs) and performance share units (PSUs)

	RSUs		PSUs		
	Units	Weighted Average Grant-Date Fair Value	Units	Weighted Average Grant-Date Fair Value	Weighted Average Target Price
	(000 s)		(000 s)		
Nonvested at January 1, 2014	1,339	\$ 13.85	1,055	\$ 13.91	\$ 16.95
Granted	50	25.37			
Vested	(95)	13.99			
Forfeited	(14)	13.14			
Nonvested at June 30, 2014	1,280	14.30	1,055	13.91	16.95

The vested RSUs amount in the table above includes approximately 53,000 vested shares deferred by members of the Company's Board of Directors that will not release until such members' termination from the Board of Directors. In 2013, the Company began granting PSUs for the portion of any calculated bonus for a Section 16 officer of the Company that is in excess of such officer's base salary (the Bonus PSU Policy). Awards granted under the Bonus PSU Policy have the same terms as PSUs granted under the Omnibus Plan with the exception that as of the grant date the awards will not be subject to forfeiture in the event of the officer's termination. In March of 2014, the Company granted 265,122 PSUs pursuant to the Bonus PSU Policy with a target price of \$31.72. Such awards are excluded from the table above.

MGM China Share Option Plan. As of June 30, 2014, MGM China had an aggregate of 341 million shares of stock available for grant as share-based awards under the MGM China share option plan (MGM China Plan). A summary of activity under the MGM China Plan for the six months ended June 30, 2014 is presented below:

Stock options

	Units	Weighted Average Exercise Price
	(000 s)	
Outstanding at January 1, 2014	16,916	\$ 2.06
Granted	18,080	3.49
Exercised	(258)	1.91
Forfeited or expired	(263)	2.28
Outstanding at June 30, 2014	34,475	2.81
Exercisable at June 30, 2014	10,267	2.00

Recognition of compensation cost. Compensation cost for both the Omnibus Plan and MGM China Plan was recognized as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
Compensation cost:				
Omnibus Plan	\$ 6,695	\$ 6,508	\$ 13,697	\$ 13,768
MGM China Plan	1,976	1,686	3,437	3,366

Edgar Filing: MGM Resorts International - Form 10-Q

Total compensation cost	8,671	8,194	17,134	17,134
Less: Reimbursed costs and other	(266)	(262)	(534)	(579)
Compensation cost recognized as expense	8,405	7,932	16,600	16,555
Less: Related tax benefit	(2,209)		(4,526)	
Compensation expense, net of tax benefit	\$ 6,196	\$ 7,932	\$ 12,074	\$ 16,555

In June 2014, MGM China granted 17 million stock options pursuant to the MGM China Plan. Compensation cost for stock options granted under the MGM China Plan is based on the fair value of each award measured by applying the Black-Scholes model on the date of grant. The following weighted average-assumptions were used to determine fair value of awards granted during the second quarter of 2014: expected volatility of 39%, an expected term of 7.8 years, an expected dividend yield of 1.6% and a risk-free interest rate of 1.8%, which resulted in a \$1.04 weighted-average per share fair value. Expected volatility is based on historical volatility of MGM China's stock price. The expected term

Table of Contents

considers the contractual term of the option as well as historical exercise behavior of previously granted options. The dividend yield is estimated with reference to the dividend policy of MGM China. The risk-free interest rate is based on rates in effect at the valuation date for the Hong Kong Exchange Fund Notes with maturities matching the relevant expected term of the award.

NOTE 9 PROPERTY TRANSACTIONS, NET

Property transactions, net includes:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
Grand Victoria investment impairment charge	\$ 28,789	\$ 36,607	\$ 28,789	\$ 36,607
Corporate buildings impairment charge		44,510		44,510
Other property transactions, net	4,381	7,014	4,939	15,505
	\$ 33,170	\$ 88,131	\$ 33,728	\$ 96,622

See Note 3 for discussion of the Grand Victoria investment impairment charges in 2014 and 2013. During the second quarter of 2013, the Company recorded an impairment charge of \$45 million related to corporate buildings which were removed from service in connection with the new Las Vegas arena project, of which the Company will own 50%, that will be located on the land underlying these buildings. Other property transactions, net for the three and six months ended June 30, 2014 and 2013 includes miscellaneous asset disposals and demolition costs.

NOTE 10 SEGMENT INFORMATION

The Company's management views each of its casino resorts as an operating segment. Operating segments are aggregated based on their similar economic characteristics, types of customers, types of services and products provided, the regulatory environments in which they operate, and their management and reporting structure. The Company's principal operating activities occur in two geographic regions: the United States and Macau S.A.R. The Company has aggregated its operations into two reportable segments based on the similar characteristics of the operating segments within the regions in which they operate: wholly owned domestic resorts and MGM China. The Company's operations related to investments in unconsolidated affiliates and certain other corporate operations and management services have not been identified as separate reportable segments; therefore, these operations are included in corporate and other in the following segment disclosures to reconcile to consolidated results.

The Company's management utilizes Adjusted Property EBITDA as the primary profit measure for its reportable segments. Adjusted Property EBITDA is a non-GAAP measure defined as Adjusted EBITDA before corporate expense and stock compensation expense related to the MGM Resorts stock option plan, which are not allocated to the reportable segments. MGM China recognizes stock compensation expense related to its stock compensation plan which is included in the calculation of Adjusted EBITDA for MGM China. Adjusted EBITDA is a non-GAAP measure defined as earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening and start-up expenses and property transactions, net.

The following tables present the Company's segment information:

NOTE 11 RELATED PARTY TRANSACTIONS

MGM China. MGM Branding and Development Holdings, Ltd., (together with its subsidiary MGM Development Services, Ltd. (MGM Branding and Development)), an entity included in the Company's consolidated financial statements in which Ms. Pansy Ho indirectly holds a noncontrolling interest, entered into a brand license agreement with MGM China. MGM China pays a license fee to MGM Branding and Development equal to 1.75% of MGM China's consolidated net revenue, subject to an annual cap of \$43 million in 2014 with a 20% increase per annum during the agreement term. During the three and six months ended June 30, 2014, MGM China incurred total license fees of \$14 million and \$31 million, respectively. During the three and six months ended June 30, 2013, MGM China incurred total license fees of \$15 million and \$28 million, respectively. Such amounts have been eliminated in consolidation.

MGM China entered into a development services agreement with MGM Branding and Development to provide certain development services to MGM China in connection with future expansion of existing projects and development of future resort gaming projects. Such services are subject to a development fee which is calculated separately for each resort casino property upon commencement of development. For each such property, the fee is 2.625% of project costs, to be paid in installments as certain benchmarks are achieved. Project costs are the total costs incurred for the design, development and construction of the casino, casino hotel, integrated resort and other related sites associated with each project, including costs of construction, fixtures and fittings, signage, gaming and other supplies and equipment and all costs associated with the opening of the business to be conducted at each project but excluding the cost of land and gaming concessions and financing costs. The development fee for MGM Cotai is subject to a cap of \$24 million in 2014, which will increase by 10% per annum for each year during the term of the agreement. During the six months ended June 30, 2013, MGM China incurred \$15 million of fees to MGM Branding and Development related to development services. Such amounts have been eliminated in consolidation. No fee was incurred during the six months ended June 30, 2014.

An entity owned by Ms. Pansy Ho received distributions of \$5 million and \$8 million during the three and six months ended June 30, 2014, respectively, in connection with the ownership of a noncontrolling interest in MGM Branding and Development. The entity received distributions of \$4 million and \$14 million in the three and six months ended June 30, 2013, respectively.

Table of Contents**NOTE 12 CONDENSED CONSOLIDATING FINANCIAL INFORMATION**

The Company's domestic subsidiaries, excluding certain minor subsidiaries, its domestic insurance subsidiaries and MGM Grand Detroit, LLC, have fully and unconditionally guaranteed, on a joint and several basis, payment of the senior credit facility and the outstanding debt securities. The Company's international subsidiaries, including MGM China, are not guarantors of such indebtedness. Separate condensed financial statement information for the subsidiary guarantors and non-guarantors as of June 30, 2014 and December 31, 2013, and for the three and six months ended June 30, 2014 and 2013, as presented below. Within the Condensed Consolidating Statements of Cash Flows for the period ending June 30, 2014, the Company has presented net changes in intercompany accounts as investing activities if the applicable entities have a net asset in intercompany accounts, and as a financing activity if the applicable entities have a net intercompany liability balance.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This management's discussion and analysis of financial condition and results of operations (MD&A) contains forward-looking statements that involve risks and uncertainties. Please see Cautionary Statement Concerning Forward-Looking Statements for a discussion of the uncertainties, risks and assumptions that may cause our actual results to differ materially from those discussed in the forward-looking statements. This discussion should be read in conjunction with our historical financial statements and related notes thereto and the other disclosures contained elsewhere in this Quarterly Report on Form 10-Q, and the audited consolidated financial statements and notes for the fiscal year ended December 31, 2013, which were included in our Form 10-K, filed with the Securities and Exchange Commission on March 3, 2014. The results of operations for the periods reflected herein are not necessarily indicative of results that may be expected for future periods. MGM Resorts International together with its subsidiaries may be referred to as we, us or our. MGM China Holdings Limited together with its subsidiaries is referred to as MGM China.

Executive Overview

Our primary business is the ownership and operation of casino resorts, which includes offering gaming, hotel, convention, dining, entertainment, retail and other resort amenities. We believe that we own and invest in several of the premier casino resorts in the world and have continually reinvested in our resorts to maintain our competitive advantage. Most of our revenue is cash-based, through customers wagering with cash or paying for non-gaming services with cash or credit cards. We rely heavily on the ability of our resorts to generate operating cash flow to repay debt financings, fund capital expenditures and provide excess cash flow for future development. We make significant investments in our resorts through newly remodeled hotel rooms, restaurants, entertainment and nightlife offerings, as well as other new features and amenities.

Results of operations from our wholly owned domestic resorts in the second quarter of 2014 improved compared to the second quarter of 2013, primarily as a result of increased casino and hotel revenues as general economic conditions continue to improve. During the six months ended June 30, 2014, visitor volume to Las Vegas increased 4.2% and the average daily Las Vegas Strip room rate increased 6.9% compared to the same period in the prior year, as reported by the Las Vegas Convention and Visitors Authority. We expect our resorts to benefit from a continued trend of improvements in general economic conditions in 2014.

In Macau, results of operations also improved in the second quarter of 2014 compared to the prior year period primarily as a result of strong main floor gaming volume. VIP gaming volumes were negatively impacted during the current year quarter due in part to macroeconomic factors in mainland China. Despite continued concerns about the sustainability of economic growth in China, we expect the Macau market to continue to grow as a result of a large and growing Asian middle class and infrastructure improvements expected to facilitate more convenient travel to and within Macau. According to statistics published by the Statistics Census Service of the Macau government, visitor arrivals were 15 million for the six months ended June 30, 2014, an 8% increase compared to the prior year period. Gross casino revenues for the Macau market increased 13% for the six months ended June 30, 2014, compared to the prior year period, with increases in main floor volumes.

Our results of operations are affected by decisions we make related to our capital allocation, our access to capital and our cost of capital. While we continue to be focused on improving our financial position, we are also dedicated to capitalizing on development opportunities. In Macau, we plan to spend approximately \$2.9 billion, excluding development fees eliminated in consolidation, capitalized interest and land related costs, to develop a resort and casino featuring up to 1,600 hotel rooms, 500 gaming tables, and 2,500 slots built on an approximately 17.8 acre site in Cotai, Macau (MGM Cotai). MGM Cotai is anticipated to open in 2016.

In December 2013, our subsidiary MGM National Harbor, LLC (MGM National Harbor) was awarded the sixth and final casino license under current statutes in the State of Maryland by the Maryland Video Lottery Facility Location Commission to build and operate a destination resort casino in Prince George's County at National Harbor. We currently expect the cost to develop and construct MGM National Harbor to be approximately \$1.2 billion, excluding capitalized interest and land related costs. We expect that the resort will include a casino with approximately 3,600 slots and 160 table games including poker; a 300-suite hotel with luxury spa and rooftop pool; high-end branded retail; fine and casual dining; a dedicated 3,000 seat theater venue; 35,000 square feet of meeting and event space; and a 5,000-space parking structure. Construction of MGM National Harbor has commenced with estimated completion in the second half of 2016.

On June 13, 2014, the Massachusetts Gaming Commission (the MGC) agreed to award our subsidiary developing MGM Springfield the Category One casino license in Region B, Western Massachusetts, one of three licensing regions designated by legislation. However, on June 24, 2014, the Massachusetts Supreme Judicial Court ruled that a proposed ballot initiative seeking to prohibit local casinos, slot parlors and other wagering in Massachusetts was constitutional and thereby allowed the ballot initiative to appear on the November 4, 2014 ballot. The MGC has agreed that we are not required to make the final award payment of licensing fees and other costs unless the ballot initiative fails to pass in the November 2014 elections.

MGM Springfield is proposed to be developed on 14.5 acres of land between Union and State streets, and Columbus Avenue and Main Street in Springfield, Massachusetts. We currently expect the cost to develop and construct MGM Springfield to be approximately \$690 million,

Edgar Filing: MGM Resorts International - Form 10-Q

excluding capitalized interest and land related costs. We expect the resort will include a casino with approximately 3,000 slots and 75 table games, a poker room and high limit VIP gambling area, 250 hotel rooms, 55,000 square feet of retail and restaurant space that will accommodate 15 shops and restaurants, and a multi-level parking garage.

Table of Contents

In 2013, we entered into an agreement with a subsidiary of Anschutz Entertainment Group, Inc. (AEG) (a leader in sports, entertainment, and promotions) to design, construct, and operate an arena which will be located on a parcel of our land between Frank Sinatra Drive and New York-New York, adjacent to the Las Vegas Strip. We and AEG each own 50% of the developer of the arena. The proposed arena is anticipated to seat between 18,000 – 20,000 people and is currently scheduled to be completed in 2016. Such development is estimated to cost approximately \$350 million, excluding capitalized interest and land related costs, and is contingent on obtaining permanent financing.

Wholly Owned Domestic Resorts

Over half of the net revenue from our wholly owned domestic resorts is derived from non-gaming operations including hotel, food and beverage, entertainment and other non-gaming amenities. We market to different customer groups and utilize our significant convention and meeting facilities to maximize hotel occupancy and customer volumes during off-peak times such as mid-week or during traditionally slower leisure travel periods, which also leads to better labor utilization. Our operating results are highly dependent on the volume of customers at our resorts, which in turn affects the price we can charge for our hotel rooms and other amenities. As a result of our leveraged business model, our operating results are significantly affected by our ability to generate operating revenues. Also, we generate a significant portion of our revenue from our wholly owned domestic resorts in Las Vegas, Nevada, which exposes us to certain risks, such as increased competition from new or expanded Las Vegas resorts, and from the expansion of gaming in the United States generally.

Key performance indicators related to gaming and hotel revenue at our wholly owned domestic resorts are:

Gaming revenue indicators – table games drop and slots handle (volume indicators); win or hold percentage, which is not fully controllable by us. Our normal table games hold percentage is in the range of 18% to 22% of table games drop and our normal slots hold percentage is in the range of 8.0% to 8.5% of slots handle; and

Hotel revenue indicators – hotel occupancy (a volume indicator); average daily rate (ADR, a price indicator); and revenue per available room (REVPAR, a summary measure of hotel results, combining ADR and occupancy rate). Our calculation of ADR, which is the average price of occupied rooms per day, includes the impact of complimentary rooms. Complimentary room rates are determined based on an analysis of retail or cash rates for each customer segment and each type of room product to estimate complimentary rates which are consistent with retail rates. Complimentary rates are reviewed at least annually and on an interim basis if there are significant changes in market conditions. Because the mix of rooms provided on a complimentary basis, particularly to casino customers, includes a disproportionate suite component, the composite ADR including complimentary rooms is slightly higher than the ADR for cash rooms, reflecting the higher retail value of suites.

MGM China

We own 51% and have a controlling interest in MGM China Holdings Limited (MGM China), which owns MGM Grand Paradise, S.A. (MGM Grand Paradise), the Macau company that owns the MGM Macau resort and casino and the related gaming subconcession and land concession and is in the process of developing a gaming resort in Cotai. We believe our investment in MGM China plays an important role in extending our reach internationally and will foster future growth and profitability. Asia is the fastest growing gaming market in the world and Macau is the world's largest gaming destination in terms of revenue.

Revenues at MGM Macau are generated from three primary customer segments in the Macau gaming market: VIP casino gaming operations, main floor gaming operations, and slot machine operations. VIP players play mostly in dedicated VIP rooms or designated gaming areas. VIP customers can be further divided into customers sourced by in-house VIP programs and those sourced through gaming promoters. A significant portion of our VIP volume is generated through the use of gaming promoters. Gaming promoters introduce VIP gaming players to MGM Macau, assist these customers with travel arrangements, and extend gaming credit to these players. In exchange for their services, gaming promoters are compensated through payment of commissions. In-house VIP players also typically receive a commission based on the program in which they participate. The main floor gaming operation in Macau is also referred to as the mass gaming operation. MGM Macau main floor operations primarily consist of walk-in and day trip visitors. Unlike VIP players, main floor players do not receive commissions. The profit contribution from the main floor segment exceeds the VIP segment due to commission costs paid to gaming promoters. Gaming revenues from the main gaming floors have grown significantly in recent years and we believe this segment represents the most potential for sustainable growth in the future.

VIP gaming at MGM Macau is conducted by the use of special purpose nonnegotiable gaming chips called rolling chips. Gaming promoters purchase these rolling chips from MGM Macau and in turn they sell these chips to their players. The rolling chips allow MGM Macau to track

Edgar Filing: MGM Resorts International - Form 10-Q

the amount of wagering conducted by each gaming promoters' clients in order to determine VIP gaming play. Gaming promoter commissions are based on either a percentage of actual win plus a monthly complimentary allowance based on a percentage of the rolling chip turnover their customers generate, or a percentage of the rolling chip turnover plus discounted offerings on nongaming amenities. The estimated portion of the gaming promoter payments that represent amounts passed through to VIP customers is recorded as a reduction of casino revenue, and the estimated portion retained by the gaming promoter for its compensation is recorded as casino expense. In-house VIP commissions are based on a percentage of rolling chip turnover and are recorded as a reduction of casino revenue.

Table of Contents

Main floor table games wagers at MGM Macau are conducted by the use of cash chips. In addition to purchasing cash chips at gaming tables, main floor customers may also purchase cash chips at the casino cage. As a result of recent significant increases in cash chips purchased at the casino cage, we now adjust main floor table games drop to include such purchases in order to more meaningfully reflect main floor table games volume and hold percentage. MGM Macau's main floor normal table games hold percentage, as calculated on this basis, is in the range of 20% to 28% of table games drop. Slots hold percentage at MGM Macau is in the range of 4.3% to 5.3% of slots handle.

In addition to the key performance indicators used by our wholly owned domestic resorts, MGM Macau utilizes turnover, which is the sum of rolling chip wagers won by MGM Macau calculated as rolling chips purchased plus rolling chips exchanged less rolling chips returned. Turnover provides a basis for measuring VIP casino win percentage. Win for VIP gaming operations at MGM Macau is in the range of 2.7% to 3.0% of turnover.

Corporate and Other

Corporate and other includes our investments in unconsolidated affiliates and certain management and other operations.

CityCenter. We own 50% of CityCenter. The other 50% of CityCenter is owned by Infinity World Development Corp (Infinity World), a wholly owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity. CityCenter consists of Aria, a casino resort; Mandarin Oriental Las Vegas, a non-gaming boutique hotel; Crystals, a retail and entertainment district; and Vdara, a luxury condominium-hotel. In addition, CityCenter includes residential units in the Residences at Mandarin Oriental and Veer. We receive a management fee of 2% of revenues for the management of Aria and Vdara, and 5% of EBITDA (as defined in the agreements governing our management of Aria and Vdara). In addition, we receive an annual fee of \$3 million for the management of Crystals.

Other unconsolidated affiliates and management services. We also own 50% interests in Grand Victoria and Silver Legacy. Grand Victoria is a riverboat casino in Elgin, Illinois; an affiliate of Hyatt Gaming owns the other 50% of Grand Victoria and also operates the resort. Silver Legacy is located in Reno, adjacent to Circus Circus Reno, and the other 50% is owned by Eldorado LLC, which operates the resort.

We seek to leverage our management expertise and well-recognized brands through domestic and international expansion opportunities. We have entered into management agreements for non-gaming hotels, resorts and residential products in the Middle East, North Africa, India and the United States. In 2014, we and the Hakkasan Group formed MGM Hakkasan Hospitality (MGM Hakkasan), owned 50% by each member, to design, develop and manage luxury non-gaming hotels, resorts and residences under certain brands licensed from us and the Hakkasan Group. We will contribute all of the management agreements for non-gaming hotels, resorts and residential projects (outside of the greater China region) that are currently under development to MGM Hakkasan. In addition, we will continue to develop and manage properties in the greater China region with Diaoyutai State Guesthouse, including the MGM Grand Sanya on Hainan Island, in the People's Republic of China, which opened in early 2012.

Borgata. We have a 50% economic interest in Borgata Hotel Casino & Spa (Borgata) located on Renaissance Pointe in the Marina area of Atlantic City, New Jersey. Boyd Gaming Corporation owns the other 50% of Borgata and also operates the resort. Our interest is held in trust and was offered for sale pursuant to our amended settlement agreement with the New Jersey Division of Gaming Enforcement and approved by the New Jersey Casino Control Commission (CCC). The terms of the amended settlement agreement previously mandated the sale by March 2014. We had the right to direct the sale through March 2013 (the divesture period), subject to approval of the CCC, and the trustee was responsible for selling the trust property during the following 12-month period (the terminal sale period). On February 13, 2013, the settlement agreement was further amended to allow the Company to re-apply to the CCC for licensure in New Jersey and to defer expiration of these periods pending the outcome of the licensure process. We have submitted our licensure request to the CCC and there can be no assurances that such request will be approved or with respect to the timing of the licensure process. If the CCC denies our licensure request, then the divesture period will immediately end, and the terminal sale period will immediately begin, which will result in our Borgata interest being disposed of by the trustee pursuant to the terms of the settlement agreement.

We consolidate the trust because we are the sole economic beneficiary and we account for our interest in Borgata under the cost method. As of June 30, 2014, the trust had \$86 million of cash and investments, of which \$69 million is held in U.S. treasury securities with maturities greater than three months but less than one year, and is recorded within Prepaid expenses and other.

Table of Contents**Results of Operations**

The following discussion is based on our consolidated financial statements for the three and six months ended June 30, 2014 and 2013.

Summary Financial Results

The following table summarizes our financial results:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
Net revenues	\$ 2,581,033	\$ 2,481,265	\$ 5,211,431	\$ 4,833,413
Operating income	339,987	231,602	752,620	533,419
Net income (loss)	173,704	(30,578)	365,312	(8,000)
Net income (loss) attributable to MGM Resorts International	105,544	(92,958)	213,704	(86,412)

Consolidated net revenues for the three months ended June 30, 2014 increased 4% over the prior year period due to increases in both casino and non-casino revenues at our wholly owned domestic resorts. Consolidated net revenues for the six months ended June 30, 2014 increased 8% over the prior year period as a result of an increase in casino revenues at MGM China and an increase at our wholly owned domestic resorts primarily related to non-casino revenues. See below for additional information related to segment revenues.

Consolidated operating income for the three months ended June 30, 2014 benefited from increased revenues at our wholly owned domestic resorts and a decrease in depreciation and amortization expense primarily due to accelerated depreciation recognized in 2013 for assets to be disposed in the Bellagio and Mandalay Bay room remodels. General and administrative expense increased compared to the prior year quarter as a result of an increase in payroll costs and utility costs. Operating income for the second quarter of 2014 was negatively impacted by an impairment charge of \$29 million related to our investment in Grand Victoria recorded in Property transactions, net. In the prior year quarter, operating income was negatively impacted by impairment charges of \$37 million related to our investment in Grand Victoria and \$45 million related to certain corporate buildings.

Consolidated operating income for the six months ended June 30, 2014 benefited from increases in revenues at our wholly owned domestic resorts and MGM China and a decrease in depreciation and amortization expense due to the accelerated depreciation recognized in 2013 as noted above, as well as assets that had become fully depreciated at MGM China in the fourth quarter of 2013. General and administrative expense increased in the year to date period as a result of an increase in the items noted above, and property transactions, net was negatively impacted in the current and prior year to date periods for the impairment charges noted above. Corporate expense increased 9% over the prior year period to \$108 million due to an increase in personnel costs and professional fees.

Operating Results Detailed Segment Information

The following table presents a detail by segment of consolidated net revenue and Adjusted EBITDA. Management uses Adjusted Property EBITDA as the primary profit measure for its reportable segments. See Non-GAAP Measures for additional information:

Entertainment, retail and other	305,385	283,564	585,259	539,990
Non-casino revenue	1,144,394	1,080,263	2,221,046	2,063,565
	1,800,813	1,697,904	3,529,223	3,345,240
Less: Promotional allowances	(161,543)	(161,908)	(319,719)	(320,056)
	\$ 1,639,270	\$ 1,535,996	\$ 3,209,504	\$ 3,025,184

Net revenue related to wholly owned domestic resorts increased 7% for the three months ended June 30, 2014, as a result of increased casino, rooms, food and beverage, and entertainment revenues. Overall table games volume increased 6% for the second quarter, and table games hold percentage was 21.3% for the current quarter compared to 18.1% in the prior year period. Slots revenue decreased 1% compared to the prior year quarter.

Net revenue related to wholly owned domestic resorts increased 6% for the six months ended June 30, 2014, as a result of increased casino, rooms, food and beverage, and entertainment revenues. Table games hold percentage was 21.1% for the six months ended June 30, 2014, compared to 20.1% for the prior year period, and total table games volume increased 5% compared to the prior year period. Slots revenue decreased 1% for the six months ended June 30, 2014 compared to the six months ended June 30, 2013.

Rooms revenue for the three months ended June 30, 2014 increased 6%, with a 6% increase in Las Vegas Strip REVPAR. Rooms revenue for the six months ended June 30, 2014 increased 9% with a 10% increase in Las Vegas Strip REVPAR. The following table shows key hotel statistics for our Las Vegas Strip resorts:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Occupancy	96%	95%	94%	92%
Average Daily Rate (ADR)	\$ 141	\$ 134	\$ 144	\$ 133
Revenue per Available Room (REVPAR)	135	127	135	123

Food and beverage revenue for the three and six months ended June 30, 2014 increased 5% and 6%, respectively, compared to the prior year periods due primarily to increased convention and banquet revenue and the opening of several new outlets. Entertainment revenue increased 15% and 16% for each of the three and six months ended June 30, 2014, respectively, compared to the prior year periods, as a result of the opening of the Michael Jackson ONE Cirque du Soleil production show at Mandalay Bay in June 2013, which replaced the Lion King which closed in December 2011.

Adjusted Property EBITDA at our wholly owned domestic resorts increased 10% during the three months ended June 30, 2014 primarily as a result of increased revenues. Adjusted Property EBITDA margin for the three months ended June 30, 2014 increased by approximately 80 basis

Edgar Filing: MGM Resorts International - Form 10-Q

points to 25.3% from the prior year quarter. Adjusted Property EBITDA increased 11% during the six months ended June 30, 2014, due primarily to an increase in casino and rooms revenues and improved rooms margins. Adjusted Property EBITDA margin for the six months ended June 30, 2014 increased by approximately 110 basis points from the prior year to 25.5%.

Table of Contents

MGM China. The following table presents detailed net revenue for MGM China:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
Casino revenue, net:				
VIP table games	\$ 427,447	\$ 521,226	\$ 977,385	\$ 974,237
Main floor table games	325,291	230,530	627,487	439,459
Slots	66,007	73,758	145,548	149,205
Casino revenue, net	818,745	825,514	1,750,420	1,562,901
Non-casino revenue	35,843	34,591	73,627	68,537
	854,588	860,105	1,824,047	1,631,438
Less: Promotional allowances	(26,660)	(24,956)	(54,671)	(48,732)
	\$ 827,928	\$ 835,149	\$ 1,769,376	\$ 1,582,706

For the quarter ended June 30, 2014, net revenue for MGM China decreased 1%, primarily as a result of a decrease in VIP table games revenue of 18%, which was partially offset by a 41% increase in main floor table games revenue. VIP table games turnover decreased 10% and VIP table games hold percentage decreased from 2.9% in the prior year quarter to 2.7% in the current quarter. Main floor table games hold percentage increased from 24.4% in the prior quarter to 25.8% in the current quarter and main floor table games volume increased 33% in the current year quarter. Slots revenue decreased 11% due to a decrease in slots hold percentage from 5.4% in the prior year quarter to 4.3% in the current quarter.

MGM China's Adjusted EBITDA for the quarter ended June 30, 2014 was \$210 million. Excluding branding fees of \$14 million and \$15 million for the quarter ended June 30, 2014 and 2013, respectively, Adjusted EBITDA increased 3% compared to the same period in the prior year. Adjusted EBITDA margin increased approximately 90 basis points to 25.4% in the current year quarter, and benefited from an increase in main floor table games revenues.

Net revenue for the six months ended June 30, 2014 increased 12% compared to the same period in the prior year, due primarily to an increase in main floor table games revenue of 43%. Main floor table games volume increased 32% and hold percentage increased from 23.3% in the prior year period to 25.2% in the current year. VIP table games turnover increased 1% and VIP table games hold percentage increased slightly from 2.8% to 2.9% for the six months ended June 30, 2014.

MGM China's Adjusted EBITDA for the six months ended June 30, 2014 was \$451 million. Excluding branding fees of \$31 million and \$28 million for the six months ended June 30, 2014 and 2013, respectively, Adjusted EBITDA increased 17% compared to the same period in the prior year. Adjusted EBITDA margin increased approximately 120 basis points to 25.5% in the current year period due to an increase in main floor table games revenues.

Corporate and other. Corporate and other revenue includes revenues from other corporate operations, management services and reimbursed costs revenue primarily related to our CityCenter management agreement. Corporate and other Adjusted EBITDA loss for the three and six months ended June 30, 2014 was flat compared to the prior year. See below for additional discussion of our share of operating results from unconsolidated affiliates.

Operating Results Details of Certain Charges

Property transactions, net consisted of the following:

Edgar Filing: MGM Resorts International - Form 10-Q

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
Grand Victoria investment impairment charge	\$ 28,789	\$ 36,607	\$ 28,789	\$ 36,607
Corporate buildings impairment charge		44,510		44,510
Other property transactions, net	4,381	7,014	4,939	15,505
	\$ 33,170	\$ 88,131	\$ 33,728	\$ 96,622

At June 30, 2014, we reviewed the carrying value of our Grand Victoria investment for impairment due to a greater than anticipated decline in operating results, as well as a decrease in forecasted cash flows for 2014 through 2017 compared to the prior forecast. We used a blended discounted cash flow analysis and guideline public company method to determine the estimated fair value from a market participant's viewpoint. Key assumptions included in the discounted cash flow analysis were estimates of future cash flows including outflows for capital expenditures, a long-term growth

Table of Contents

rate of 2% and a discount rate of 10.5%. Key assumptions in the guideline public company method included business enterprise value multiples selected based on the range of multiples in Grand Victoria's peer group. As a result of the analysis, we determined that it was necessary to record an other-than-temporary impairment charge of \$29 million at June 30, 2014, based on an estimated fair value of \$140 million for our 50% interest. We intend to, and believe we will be able to, retain our investment in Grand Victoria; however, due to the extent of the shortfall and our assessment of the uncertainty of fully recovering our investment, we have determined that the impairment was other-than-temporary. At June 30, 2013, we recorded an impairment charge of \$37 million on our investment in Grand Victoria based on the then estimated fair value of \$170 million for its 50% interest.

During the second quarter of 2013 we recorded an impairment charge of \$45 million related to corporate buildings which were removed from service that were located on the land underlying the Las Vegas Arena project. Other property transactions, net for the six months ended June 30, 2014 and 2013 includes miscellaneous asset disposals and demolition costs.

Operating Results - Income from Unconsolidated Affiliates

The following table summarizes information related to our income from unconsolidated affiliates:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	<i>(In thousands)</i>			
CityCenter	\$ (1,055)	\$ 861	\$ 12,991	\$ 12,556
Other	6,923	5,821	11,653	10,470
	\$ 5,868	\$ 6,682	\$ 24,644	\$ 23,026

Our share of CityCenter's operating loss, including certain basis difference adjustments, for the three months ended June 30, 2014 was \$1 million. Improved operating results at Aria, Vdara and Crystals were offset by property transactions, net. Aria's table games volume increased 19% and hold percentage increased to 23.4% in the current year quarter from 20.8% in the prior year quarter. Hotel revenue increased as a result of an increase in REVPAR at Aria and Vdara of 6% and 10%, respectively. CityCenter's second quarter results were negatively affected by \$16 million of property transactions in the current year period and \$10 million in the prior year period.

For the six months ended June 30, 2014 and 2013, improved operating results at Aria, Vdara and Crystals were offset by property transactions, net. Hotel revenue at Aria and Vdara increased as a result of an increase in REVPAR of 10% and 15%, respectively. Property transactions, net for the six months ended June 30, 2014 were \$19 million, compared to \$10 million for the prior year period.

Non-operating Results

Interest expense. Interest expense decreased \$11 million and \$27 million for the three and six months ended June 30, 2014 compared to the prior year periods, respectively, primarily as a result of a decrease in the average debt balance as well as a reduction in interest rate due to the repricing of the term loan B in May 2013. We had \$4 million and \$8 million of capitalized interest in the three and six months ended June 30, 2014, respectively, primarily related to the MGM Cotai project.

Non-operating items from unconsolidated affiliates. Non-operating charges from unconsolidated affiliates decreased by \$24 million and \$33 million for the three and six months ended June 30, 2014, respectively, primarily related to a decrease in interest expense at CityCenter as a result of debt restructuring transactions that occurred in October 2013 and to lower statutory interest recorded by CityCenter related to estimated amounts owed in connection with the CityCenter construction litigation.

Income taxes. We recorded income tax benefit of \$53 million and \$56 million for the three and six months ended June 30, 2014, respectively, compared to income tax provision of \$4 million and \$34 million for the three and six months ended June 30, 2013, respectively. The income tax benefit recorded for the three and six months ended June 30, 2014 was favorably impacted by a \$31 million benefit resulting from the settlement during the quarter of our 2005-2009 IRS audits as well as assumptions made in our annual effective tax rate calculation regarding the realization of a portion of our foreign tax credit deferred tax asset in future years. The provision recorded during the six months ended June 30, 2013 was primarily the result of non-recurring taxation events recorded during the first quarter of 2013, including the re-measurement of the net deferred tax liability of MGM Grand Paradise, resulting in a provision for income taxes of \$65 million, offset by a \$38 million reduction in provision for

Edgar Filing: MGM Resorts International - Form 10-Q

the settlement of all 2003 and 2004 issues under appeal with the IRS. See Note 2 in the accompanying financial statements for further discussion of our annual effective tax rate assumptions regarding projected foreign tax credit usage and valuation allowance.

Table of Contents*Non-GAAP Measures*

Adjusted EBITDA is earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening and start-up expenses and property transactions, net. Adjusted Property EBITDA is Adjusted EBITDA before corporate expense and stock compensation expense related to the MGM Resorts stock option plan, which is not allocated to each property. MGM China recognizes stock compensation expense related to its stock compensation plan which is included in the calculation of Adjusted EBITDA for MGM China. Adjusted EBITDA information is presented solely as a supplemental disclosure to reported GAAP measures because management believes these measures are 1) widely used measures of operating performance in the gaming and hospitality industry, and 2) a principal basis for valuation of gaming and hospitality companies.

We believe that while items excluded from Adjusted EBITDA and Adjusted Property EBITDA may be recurring in nature and should not be disregarded in evaluation of our earnings performance, it is useful to exclude such items when analyzing current results and trends compared to other periods because these items can vary significantly depending on specific underlying transactions or events that may not be comparable between the periods being presented. Also, we believe excluded items may not relate specifically to current operating trends or be indicative of future results. For example, preopening and start-up expenses will be significantly different in periods when we are developing and constructing a major expansion project and will depend on where the current period lies within the development cycle, as well as the size and scope of the project(s). Property transactions, net includes normal recurring disposals, gains and losses on sales of assets related to specific assets within our resorts, but also includes gains or losses on sales of an entire operating resort or a group of resorts and impairment charges on entire asset groups or investments in unconsolidated affiliates, which may not be comparable period over period. In addition, capital allocation, tax planning, financing and stock compensation awards are all managed at the corporate level. Therefore, we use Adjusted Property EBITDA as the primary measure of wholly owned domestic resorts operating performance.

Adjusted EBITDA or Adjusted Property EBITDA should not be construed as an alternative to operating income or net income, as an indicator of our performance; or as an alternative to cash flows from operating activities, as a measure of liquidity; or as any other measure determined in accordance with generally accepted accounting principles. We have significant uses of cash flows, including capital expenditures, interest payments, taxes and debt principal repayments, which are not reflected in Adjusted EBITDA. Also, other companies in the gaming and hospitality industries that report Adjusted EBITDA information may calculate Adjusted EBITDA in a different manner.

The following table presents a reconciliation of Adjusted EBITDA to net income (loss):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013

Table of Contents

Liquidity and Capital Resources

Cash Flows

Our cash and cash equivalents balance at June 30, 2014 was \$1.4 billion, which included \$658 million at MGM China.

Operating activities. Trends in our operating cash flows tend to follow trends in operating income, excluding non-cash charges, but can be affected by changes in working capital, the timing of significant tax payments or refunds, and by distributions from unconsolidated affiliates. Cash provided by operating activities was \$804 million for the six months ended June 30, 2014, compared to cash provided by operating activities of \$730 million in the prior year period. Operating cash flows increased primarily as a result of an increase in operating income and a decrease in interest payments compared to the prior year period.

Operating cash flows related to MGM China were \$453 million for the six months ended June 30, 2014, compared to \$528 million in the prior year period. MGM China's operating income increased compared to the prior year period, however cash flows in the prior year period benefited significantly from changes in working capital primarily related to short-term gaming liabilities.

Investing activities. We made capital expenditures of \$370 million for the six months ended June 30, 2014, of which \$184 million related to MGM China and \$14 million related to the construction of MGM National Harbor. Capital expenditures at MGM China included \$170 million related to the construction of MGM Cotai and \$14 million related to improvements at MGM Macau. Capital expenditures at our wholly owned domestic resorts and corporate entities included various room remodels including the Delano rooms at Mandalay Bay and suites at Bellagio, a remodel of the facades of New York-New York and Monte Carlo, restaurant and entertainment venue remodels and costs incurred to relocate and renovate certain corporate offices. Most of the costs capitalized at our wholly owned domestic resorts related to furniture and fixtures, materials and external labor costs.

We made capital expenditures of \$243 million for the six months ended June 30, 2013, of which \$125 million related to MGM China, excluding development fees eliminated in consolidation. Capital expenditures at MGM China primarily related to the construction of MGM Cotai, including a \$47 million construction deposit. Capital expenditures at our wholly owned domestic resorts included various room remodels, restaurant remodels, and entertainment venue remodels. Most of the costs capitalized at our wholly owned domestic resorts related to furniture and fixtures, materials and external labor costs.

For the six months ended June 30, 2014, investments in and advances to unconsolidated affiliates primarily represent investments in CityCenter, MGM Hakkasan and the Las Vegas Arena Company. In the six months ended June 30, 2013, we made investments and advances of \$12 million to CityCenter pursuant to the completion guarantee.

Investing activities include activity related to investments of funds held by the trust holding our 50% ownership in Borgata.

Financing activities. During the six months ended June 30, 2014, we repaid net debt of \$523 million, which included the repayment of the \$509 million 5.875% senior notes at maturity on February 27, 2014. During the first half of 2013 we repaid the \$462 million 6.75% senior notes at maturity on April 1, 2013 and we incurred \$17 million of debt issuance costs related to the re-pricing of the term loan B facility in May 2013.

MGM China paid a \$499 million special dividend in March 2014 and a \$127 million final dividend in June 2014, of which \$245 million and \$62 million was distributed to noncontrolling interests, respectively. MGM China paid a \$500 million special dividend in March 2013, of which \$245 million was distributed to noncontrolling interests.

Other Factors Affecting Liquidity

Anticipated uses of cash. We have significant outstanding debt and contractual obligations in addition to planned capital expenditures. At June 30, 2014, we had \$12.9 billion of indebtedness, including \$2.8 billion of borrowings outstanding under our \$4.0 billion senior credit facility and \$554 million outstanding under the \$2.0 billion MGM China credit facility. We expect to meet our debt obligations and planned capital expenditure requirements with future anticipated operating cash flows, cash and cash equivalents, and available borrowings under our senior credit facility. At June 30, 2014 we had \$1.5 billion of principal amount of long-term debt maturing within one year, primarily related to our \$1.45 billion 4.25% convertible senior notes. At June 30, 2014 the price per share of our common stock was above the conversion price of our convertible senior notes. We have an estimated \$797 million of cash interest payments based on current outstanding debt and applicable interest rates within the next twelve months.

Table of Contents

In addition, we expect to make capital investments as described below during the full year 2014. See [Executive Overview](#) for further information regarding the scope and timing of our significant development projects.

\$350 million in capital expenditures at our wholly owned domestic resorts and corporate entities;

\$50 million investment in our arena project, subject to the project obtaining permanent financing;

\$110 million in capital expenditures, including land costs, related to the MGM National Harbor project; and

If we are awarded the license in Massachusetts, \$85 million related to the initial license fee and \$40 million related to land acquisition costs.

During the full year 2014, MGM China expects to spend approximately \$70 million in capital improvements at MGM Macau and \$500 million on the MGM Cotai project, excluding capitalized interest and land.

Our capital expenditures fluctuate depending on our decisions with respect to strategic capital investments in new or existing resorts and the timing of capital investments to maintain the quality of our resorts, the amounts of which can vary depending on timing of larger remodel projects related to our public spaces and hotel rooms. Future capital expenditures could vary from our current expectations depending on the progress of our development efforts and the structure of our ownership interests in future developments.

Cotai land concession. MGM Grand Paradise's land concession contract for an approximate 17.8 acre site in Cotai, Macau became effective on January 9, 2013 and has an initial term of 25 years. The total land premium payable to the Macau government for the land concession contract is \$161 million and is composed of a down payment and eight additional semi-annual payments. As of June 30, 2014, MGM China had paid \$86 million of the contract premium. In July 2014, MGM China paid the third semi-annual installment payment of \$15 million under the land concession contract. Including interest on the five remaining semi-annual payments, MGM China has \$73 million remaining payable for the land concession contract. In addition, MGM Grand Paradise is required to pay the Macau government approximately \$269,000 per year in rent during the course of development of the land.

MGM China dividend policy. On August 5, 2014, MGM China's Board of Directors announced a dividend of \$136 million, which will be paid to shareholders of record as of August 25, 2014 and distributed on or about September 1, 2014. We will receive \$69 million, representing our 51% share of the dividend.

CityCenter completion guarantee. In October 2013, we entered into a third amended and restated completion and cost overrun guarantee, which is collateralized by substantially all of the assets of Circus Circus Las Vegas, as well as certain undeveloped land adjacent to that property. The terms of the amended and restated completion guarantee provide CityCenter the ability to utilize up to \$72 million of net residential proceeds to fund construction costs, or to reimburse us for construction costs previously expended. As of June 30, 2014, CityCenter is holding approximately \$72 million in a separate bank account representing the remaining condo proceeds available to fund completion guarantee obligations or be reimbursed to us. In accordance with the amended and restated completion guarantee, such amounts can only be used to fund construction lien obligations or reimbursed to us once the Perini litigation is settled.

As of June 30, 2014, we have funded \$727 million under the completion guarantee and have accrued a liability of \$128 million, which includes estimated litigation costs related to the resolution of disputes with contractors concerning the final construction costs and estimated amounts to be paid to contractors in connection with the Perini litigation. Our estimated obligation has been offset by the \$72 million of condominium proceeds received and held in escrow by CityCenter, which are available to fund construction lien claims upon final resolution of the Perini litigation. Also, our accrual reflects certain estimated offsets to the amounts claimed by the contractors. We do not believe it is reasonably possible we could be liable for amounts in excess of what we have accrued related to the Perini Litigation claims. However, an insurer participating in the OCIP for the CityCenter construction project has initiated an arbitration against us in an attempt to recover certain costs it has allegedly incurred in connection with CityCenter's claims against Perini and certain subcontractors for defective work at the Harmon. We dispute that such amounts are owed to the insurance company, but believe it is reasonably possible we may ultimately be found liable for some portion of the claim. The arbitration is in its beginning phase and there are significant factual and legal issues to be determined and resolved. Further, we have not had the opportunity to engage in any discovery, and the amount of damages to be sought by the insurer is indeterminate.

Edgar Filing: MGM Resorts International - Form 10-Q

Because of these factors, we do not currently have sufficient information to determine a range of reasonably possible loss.

Critical Accounting Policies and Estimates

A complete discussion of our critical accounting policies and estimates is included in our Form 10-K for the fiscal year ended December 31, 2013. There have been no significant changes in our critical accounting policies and estimates since year end.

Market Risk

In addition to the inherent risks associated with our normal operations, we are also exposed to additional market risks. Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates and foreign currency exchange rates. Our primary exposure to market risk is interest rate risk associated with our variable rate long-term debt. We attempt to limit our exposure to interest rate risk by managing the mix of our long-term fixed-rate borrowings and short-term borrowings under our bank credit facilities. A change in interest rates generally does not have an impact upon our future earnings and cash flow for fixed-rate debt instruments. As fixed-rate debt matures,

Table of Contents

however, and if additional debt is acquired to fund the debt repayment, future earnings and cash flow may be affected by changes in interest rates. This effect would be realized in the periods subsequent to the periods when the debt matures. We do not hold or issue financial instruments for trading purposes and do not enter into derivative transactions that would be considered speculative positions.

As of June 30, 2014, variable rate borrowings represented 26% of our total borrowings. Assuming a 100 basis-point increase in LIBOR (in the case of the term B facility, over the 1% floor specified in our senior credit facility), our annual interest cost would increase by \$28 million based on gross amounts outstanding at June 30, 2014. Assuming a 100 basis-point increase in HIBOR for the MGM Grand Paradise credit facility, our annual interest cost would increase by \$6 million based on amounts outstanding at June 30, 2014. The following table provides additional information about our gross long-term debt subject to changes in interest rates:

	2014	2015	2016	Debt maturing in		Thereafter	Total	Fair Value June 30, 2014
				2017	2018			
				<i>(In millions)</i>				
Fixed-rate	\$	\$ 2,325	\$ 1,476	\$ 743	\$ 475	\$ 4,605	\$ 9,624	\$ 11,391
Average interest rate	N/A	5.1%	8.2%	7.6%	11.4%	7.1%	7.1%	
Variable rate	\$ 14	\$ 28	\$ 166	\$ 1,440	\$ 18	\$ 1,645	\$ 3,311	\$ 3,309
Average interest rate	3.3%	3.3%	2.2%	2.6%	3.5%	3.5%	3.1%	

In addition to the risk associated with our variable interest rate debt, we are also exposed to risks related to changes in foreign currency exchange rates, mainly related to MGM China and to our operations at MGM Macau and the development of MGM Cotai. While recent fluctuations in exchange rates have not been significant, potential changes in policy by governments or fluctuations in the economies of the United States, Macau or Hong Kong could cause variability in these exchange rates. As of June 30, 2014, a 1% change in the Hong Kong Dollar (the functional currency of MGM China) exchange rate would impact the carrying value of the Company's cash and debt balances by \$7 million and \$6 million, respectively.

Cautionary Statement Concerning Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as anticipates, intends, plans, seeks, believes, estimates, may and similar references to future periods. Examples of forward-looking statements include, but are not limited to, statements we make regarding our ability to generate significant cash flow, our expectations with respect to improvements in the global economy, amounts we will pay in capital expenditures and investments, the opening and development of new resorts and projected tax benefits to be realized in future periods. The foregoing is not a complete list of all forward-looking statements we make.

Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. Therefore, we caution you against relying on any of these forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, regional, national or global political, economic, business, competitive, market, and regulatory conditions and the following:

our substantial indebtedness and significant financial commitments could adversely affect our development options and financial results and impact our ability to satisfy our obligations;

current and future economic and credit market conditions could adversely affect our ability to service or refinance our indebtedness and to make planned expenditures and investments;

restrictions and limitations in the agreements governing our senior credit facility and other senior indebtedness could significantly affect our ability to operate our business, as well as significantly affect our liquidity;

Edgar Filing: MGM Resorts International - Form 10-Q

significant competition we face with respect to destination travel locations generally and with respect to our peers in the industries in which we compete;

the fact that our businesses are subject to extensive regulation and the cost of compliance or failure to comply with such regulations could adversely affect our business;

the impact on our business of economic and market conditions in the markets in which we operate and in the locations in which our customers reside;

restrictions on our ability to have any interest or involvement in gaming business in China, Macau, Hong Kong and Taiwan, other than through MGM China;

the ability of the Macau government to terminate MGM Grand Paradise's gaming subconcession under certain circumstances without compensating MGM Grand Paradise or refuse to grant MGM Grand Paradise an extension of the subconcession, which is scheduled to expire on March 31, 2020;

our ability to build and open our development in Cotai by January 2018;

Table of Contents

the dependence of MGM Macau upon gaming promoters for a significant portion of gaming revenues in Macau;

extreme weather conditions or climate change may cause property damage or interrupt business;

the concentration of our major gaming resorts on the Las Vegas Strip;

the fact that we extend credit to a large portion of our customers and we may not be able to collect gaming receivables;

the potential occurrence of impairments to goodwill, indefinite-lived intangible assets or long-lived assets which could negatively affect future profits;

the susceptibility of leisure and business travel, especially travel by air, to global geopolitical events, such as terrorist attacks or acts of war or hostility;

the fact that investing in other entities through partnerships, joint ventures or otherwise, including CityCenter decreases our ability to manage risk;

the fact that future construction or development projects will be susceptible to substantial development and construction risks;

the fact that our insurance coverage may not be adequate to cover all possible losses that our properties could suffer, our insurance costs may increase and we may not be able to obtain similar insurance coverage in the future;

the fact that CityCenter has decided to abate the potential for structural collapse of the Harmon in the event of a code-level earthquake by demolishing the building, which exposes us to risks prior to or in connection with the demolition process;

the fact that a failure to protect our trademarks could have a negative impact on the value of our brand names and adversely affect our business;

the risks associated with doing business outside of the United States and the impact of any potential violations of the Foreign Corrupt Practices Act or other similar anti-corruption laws;

risks related to pending claims that have been, or future claims that may be brought against us;

the fact that a significant portion of our labor force is covered by collective bargaining agreements;

the sensitivity of our business to energy prices and a rise in energy prices could harm our operating results;

Edgar Filing: MGM Resorts International - Form 10-Q

the potential that failure to maintain the integrity of our computer systems and internal customer information could result in damage of reputation and/or subject us to fines, payment of damages, lawsuits or other restrictions on our use or transfer of data;

increases in gaming taxes and fees in the jurisdictions in which we operate;

the potential for conflicts of interest to arise because certain of our directors and officers are also directors of MGM China, which is a publicly traded company listed on the Hong Kong Stock Exchange; and

the risks associated with doing business outside of the United States.

Any forward-looking statement made by us in this Form 10-Q speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law. If we update one or more forward-looking statements, no inference should be made that we will make additional updates with respect to those or other forward-looking statements.

You should also be aware that while we from time to time communicate with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility and are not endorsed by us.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We incorporate by reference the information appearing under **Market Risk** in Part I, Item 2 of this Form 10-Q.

Item 4. Controls and Procedures

Our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer) have concluded that our disclosure controls and procedures (as such term is defined in Rules 13(a)-15(e) and 15d-15(e) under the Exchange Act) were effective as of June 30, 2014 to provide reasonable assurance that information required to be disclosed in the Company's reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and regulations and to provide that such information is accumulated and communicated to management to allow timely decisions regarding required disclosures. This conclusion is based on an evaluation as required by Rule 13a-15(b) under the Exchange Act conducted under the supervision and participation of the principal executive officer and principal financial officer along with company management.

During the quarter ended June 30, 2014, there were no changes in our internal control over financial reporting that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents
Part II. OTHER INFORMATION**Item 1. Legal Proceedings**

CityCenter construction litigation. In March 2010, Perini Building Company, Inc. (Perini), general contractor for CityCenter, filed a lawsuit in the Eighth Judicial District Court for Clark County, State of Nevada, against MGM MIRAGE Design Group (a wholly owned subsidiary of the Company which was the original party to the Perini construction agreement) and certain direct or indirect subsidiaries of CityCenter Holdings, LLC (the CityCenter Owners). Perini asserted that CityCenter was substantially completed, but the defendants failed to pay Perini approximately \$490 million allegedly due and owing under the construction agreement for labor, equipment and materials expended on CityCenter. The complaint further charged the defendants with failure to provide timely and complete design documents, late delivery to Perini of design changes, mismanagement of the change order process, obstruction of Perini's ability to complete the Harmon component, and fraudulent inducement of Perini to compromise significant amounts due for its general conditions. The complaint advanced claims for breach of contract, breach of the implied covenant of good faith and fair dealing, tortious breach of the implied covenant of good faith and fair dealing, unjust enrichment and promissory estoppel, and fraud and intentional misrepresentation. Perini seeks compensatory damages, punitive damages, attorneys' fees and costs.

In April 2010, Perini served an amended complaint in this case which joins as defendants many owners of CityCenter residential condominium units (the Condo Owner Defendants), added a count for foreclosure of Perini's recorded master mechanic's lien against the CityCenter property in the amount of approximately \$491 million, and asserted the priority of this mechanic's lien over the interests of the CityCenter Owners, the Condo Owner Defendants and CityCenter lenders in the CityCenter property.

The CityCenter Owners and the other defendants dispute Perini's allegations, and contend that the defendants are entitled to substantial amounts from Perini, including offsets against amounts claimed to be owed to Perini and its subcontractors and damages based on breach of their contractual and other duties to CityCenter, duplicative payment requests, non-conforming work, lack of proof of alleged work performance, defective work related to the Harmon, property damage and Perini's failure to perform its obligations to pay certain subcontractors and to prevent filing of liens against CityCenter. Parallel to the court litigation, CityCenter management conducted an extra-judicial program for settlement of CityCenter subcontractor claims. CityCenter has resolved the claims of 219 first-tier Perini subcontractors (including the claims of any lower-tier subcontractors that might have claims through those first-tier subcontractors), with only three remaining for further proceedings along with trial of Perini's claims and CityCenter's Harmon-related counterclaim and other claims by CityCenter against Perini and its parent guarantor, Tutor Perini. Two of the remaining subcontractors are implicated in the defective work at the Harmon. In August 2013 Perini recorded an amended notice of lien reducing its lien to approximately \$167 million.

In November 2012, Perini filed a second amended complaint which, among other things, added claims against the CityCenter defendants of breach of contract (alleging that CityCenter's Owner Controlled Insurance Program (OCIP) failed to provide adequate project insurance for Perini with broad coverages and high limits), and tortious breach of the implied covenant of good faith and fair dealing (alleging improper administration by CityCenter of the OCIP and Builders Risk insurance programs).

In 2013, CityCenter reached a settlement agreement with certain professional service providers against whom it had asserted claims in this litigation for errors or omissions with respect to the CityCenter project, which settlement has been approved by the court. In April 2014, CityCenter settled for \$55 million, net of deductible, its 2008 builder's risk insurance claim for loss and damage with respect to the Harmon's defective condition.

Further, CityCenter and Perini have entered a settlement agreement which resolves most but not all of the components of Perini's non-Harmon-related lien claim against CityCenter. The settlement established a stipulated value for Perini's mechanic's lien, which amount will not be paid until resolution of CityCenter's damages claim for the Harmon and will be offset against any judgment CityCenter obtains against Perini for damages relating to construction of the Harmon. Pursuant to the parties' stipulation, on February 24, 2014, Perini filed a revised lien for \$174 million as the amount claimed by Perini and the remaining Harmon-related subcontractors. The discovery process continues. Trial of the remainder of Perini's lien claim, the remaining subcontractors' claims against CityCenter, and CityCenter's counterclaims against Perini and certain subcontractors for defective work at the Harmon has been rescheduled to commence on September 23, 2014.

The CityCenter Owners and the other defendants will continue to vigorously assert and protect their interests in the Perini lawsuit. The Company believes that a loss with respect to Perini's punitive damages claim is neither probable nor reasonably possible.

Please refer to Note 5 in the accompanying consolidated financial statements for further discussion on the Company's completion guarantee obligation which may be impacted by the outcome of the above litigation and CityCenter's extra-judicial settlement process.

Edgar Filing: MGM Resorts International - Form 10-Q

Securities and derivative litigation. In 2009 various shareholders filed six lawsuits in Nevada federal and state court against the Company and various of its former and current directors and officers alleging federal securities laws violations and/or related breaches of fiduciary duties in connection with statements allegedly made by the defendants during the period August 2007 through the date of such lawsuit filings in 2009 (the class period). In

Table of Contents

general, the lawsuits assert the same or similar allegations, including that during the relevant period defendants artificially inflated the Company's common stock price by knowingly making materially false and misleading statements and omissions to the investing public about the Company's financial statements and condition, operations, CityCenter, and the intrinsic value of the Company's common stock; that these alleged misstatements and omissions thereby enabled certain Company insiders to derive personal profit from the sale of Company common stock to the public; that defendants caused plaintiffs and other shareholders to purchase Company common stock at artificially inflated prices; and that defendants imprudently implemented a share repurchase program to the detriment of the Company. The lawsuits seek unspecified compensatory damages, restitution and disgorgement of alleged profits and/or attorneys' fees and costs in amounts to be proven at trial, as well as injunctive relief related to corporate governance. There have been no significant developments to the lawsuits disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013, except as noted below:

In re MGM MIRAGE Derivative Litigation. Mario Guerrero v. James J. Murren, et al. (Case No. 2:09-cv-01815-KJD-RJJ, filed September 14, 2009, U.S. District Court for the District of Nevada); *Regina Shamberger v. J. Terrence Lanni, et al.* (Case No. 2:09-cv-01817-PMP-GWF, filed September 14, 2009, U.S. District Court for the District of Nevada), filed September 14, 2009. These purported shareholder derivative actions involve the same former and current director and officer defendants as those in the consolidated state court derivative actions, and also name the Company as a nominal defendant. They make factual allegations similar to those alleged in the state court actions, asserting claims of, among other things, breach of fiduciary duty by defendants' asserted improper financial reporting, insider selling and misappropriation of information; waste of corporate assets; and unjust enrichment. In June 2010, the plaintiffs in these two actions made a joint motion for consolidation and appointment of lead plaintiffs and lead counsel. In March 2011, on stipulation of both plaintiffs and without opposition from the defendants, the two actions were consolidated under the caption *In re MGM MIRAGE Derivative Litigation*. In March 2011, with the stipulation of all parties, the court ordered that defendants need not respond to the complaints currently on file pending the disposition of the motions to dismiss in *In re MGM MIRAGE Securities Litigation*, without prejudice to either side's right to seek to lift the stay at an earlier time. By the terms of the court's order, the stay expired in November 2013, and in April 2014 the court issued an order that denied plaintiff's request to extend the stay. In March 2014 plaintiff Regina Shamberger filed a Notice of Voluntary Dismissal by which she withdrew from the action. On June 30, 2014 the federal court granted defendants' motion to dismiss the Guerrero derivative suit, on the grounds that the Nevada state court orders dismissing the state-based shareholder derivative cases, *Charles Kim v. James J. Murren, et al.* (Case No. A-09-599937-C, Eighth Judicial District Court, Clark County, Nevada (2009)), and *Sanjay Israni v. Robert H. Baldwin, et al.* (Case No. CV-09-02914, Second Judicial District Court, Washoe County, Nevada (2009)); transferred to Case No. A-10-619411-C, Eighth Judicial District Court, Clark County, Nevada (2010), on the basis of demand futility preclude the federal derivative action. The court denied plaintiff's request to amend the complaint. Plaintiffs have filed a notice of appeal of the federal district court's dismissal order and judgement to the Ninth Circuit Court of Appeals.

Item 1A. Risk Factors

A description of certain factors that may affect our future results and risk factors is set forth in our Annual Report on Form 10-K for the year ended December 31, 2013. There have been no material changes to those factors for the six months ended June 30, 2014.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

In April 2014, we terminated the May 2008 Stock Repurchase Program. During the quarter ended June 30, 2014, we did not repurchase shares of our common stock prior to termination of the May 2008 Stock Repurchase Program.

Item 6. Exhibits

- 10.1 Amended and Restated Deferred Compensation Plan for Non-employee Directors, effective as of June 5, 2014.
- 10.2 MGM Resorts International Amended and Restated 2005 Omnibus Incentive Plan (incorporated by reference to Exhibit 10 to the Company's Current Report on Form 8-K filed on June 5, 2014).
- 10.3 Deferred Compensation Plan II, as Amended and Restated, effective January 1, 2008.
- 10.4 Amendment Number One to the MGM Resorts Deferred Compensation Plan II, dated as of December 3, 2008.
- 10.5 Amendment Number Two to the MGM Resorts Deferred Compensation Plan II, dated as of December 20, 2010.

Edgar Filing: MGM Resorts International - Form 10-Q

- 10.6 Amendment Number Three to the MGM Resorts Deferred Compensation Plan II, dated as of May 31, 2012.
- 31.1 Certification of Chief Executive Officer of Periodic Report Pursuant to Rule 13a-14(a) and Rule 15d-14(a).
