Director Independence

Our Board has determined that Messrs. Davis, Ianna, Luterman, Steinberg and Whittaker, our non-management directors, qualify as independent directors under our Corporate Governance Guidelines and the NYSE Rules. Under our Corporate Governance Guidelines and the NYSE Rules, no director qualifies as independent unless our Board affirmatively determines that the director has no material relationship with HGI. Based upon information requested from and provided by each director concerning their background, employment and affiliations, our Board has determined that each of the independent directors named above has no material relationship with HGI, nor has any such person entered into any material transactions or arrangements with HGI or its subsidiaries, and is therefore independent under the NYSE Rules. In making such determination, our Board considered a variety of factors, including certain ordinary course of business transactions from time to time between us and certain entities affiliated with non-management directors, and determined that our non-management directors qualify as independent directors under our Corporate Governance Guidelines and the NYSE Rules.

Our Board has adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees and a Code of Ethics for Chief Executive and Senior Financial Officers to provide guidance to all of our directors, officers and employees, including our principal executive officer, principal accounting officer or controller or persons performing similar functions. Our Board has adopted a corporate governance policy prohibiting HGI's directors and executive officers from (i) hedging the economic risk associated with the ownership of HGI's Common Stock, or (ii) pledging our Common Stock, after the date the policy was adopted, unless first pre-approved by HGI's legal department. Our Board has also adopted an equity retention policy for the Company's senior management.

Executive Summary

Highlights for Fiscal 2014

During Fiscal 2014, we made significant progress in our business strategy to reduce our cost of capital, increase our investor base and grow and diversify our businesses. Some of the most significant of these steps include the following:

FGL completed its initial public offering and its shares began trading on the New York Stock Exchange under the ticker symbol FGL and Front Street Cayman, a wholly-owned indirect subsidiary of HGI, closed a reinsurance treaty with Bankers Life Insurance Company.

HGI expanded its footprint in asset management by launching EIC, an investment manager specializing in direct lending to companies in the global energy and infrastructure sectors, and acquiring a controlling interest in CorAmerica, a commercial real estate investment firm. In addition, Salus originated \$597.3 million of new asset-based loan commitments. Salus, together with its affiliated co-lenders FGL and Front Street, had \$811.6 million of loans outstanding as of September 30, 2014.

Spectrum Brands continued to execute on its business strategy, including, completing the \$35.8 million acquisition of The Liquid Fence Company, Inc., a producer of animal repellents.

HGI simplified its capital structure by exercising its option to convert all but one of its issued and outstanding shares of preferred stock into Common Stock of the Company in May 2014. In addition, in May 2014, HGI completed an offer to exchange \$320.6 million of its outstanding Senior Secured Notes due 2019 for \$350.0 million aggregate principal amount of Unsecured Senior Notes due 2022. HGI also solicited the holders of its Senior Secured Notes to amend the indenture governing the Senior Secured Notes to provide HGI with, among other things, greater flexibility to repurchase or redeem its outstanding Common Stock.

HGI opportunistically purchased its Common Stock through its Board-authorized stock repurchase program of \$100.0 million. Under its repurchase programs, HGI repurchased 5,197,000 shares of our outstanding Common Stock during Fiscal 2014, for an aggregate purchase price of \$65.6 million, or an average of \$12.62 per share.

Diluted net loss attributable to the Company's common and participating preferred stockholders decreased \$10.3 million to \$83.9 million, or \$0.51 diluted per common share attributable to controlling interest (\$0.51 basic) in Fiscal 2014, compared to diluted net loss attributable to common and participating preferred stockholders of \$94.2 million, or \$0.67 diluted per common share attributable to controlling interest (\$0.67 basic), in Fiscal 2013.

Table of Contents

HGI recorded total revenues of \$6.0 billion, the highest level of annual revenue recorded by HGI and an increase of \$419.6 million, or 7.6%, from Fiscal 2013, driven by increases in all operating segments as compared to Fiscal 2013.

HGI's consolidated operating income of \$569.5 million decreased \$167.9 million, or (22.8)%, as compared to the \$737.4 million reported in Fiscal 2013, driven primarily by lower operating income in Insurance, as a portfolio repositioning undertaken in the year ago period resulted in higher realized investment gains in Fiscal 2013, which were not expected to recur in Fiscal 2014.

The foregoing is a highlight summary of certain of HGI's performance measures as of the end of Fiscal 2014. For a more complete understanding and evaluation of the business of the Company and its subsidiaries, you are encouraged to read the Company's other reports filed with the SEC.

Summary of Sound Governance Features of our Compensation Programs

Our compensation programs, practices and policies are reviewed and re-evaluated periodically, and are subject to change from time to time. Our executive compensation philosophy is focused on pay for performance and is designed to reflect appropriate governance practices aligned with the needs of our business. Listed below are some of the Company's more significant practices and policies that were in effect during Fiscal 2014, which were adopted to drive performance and to align our executives' interests with those of our stockholders.

What We Did For Fiscal 2014

Pay for Performance Philosophy: Our executive compensation programs are designed to pay for performance, with a significant portion of executive compensation not guaranteed. Target compensation is established for our executive officers at the beginning of the performance period by our Compensation Committee. Our named executive officers had an opportunity to earn actual compensation that varied from target, based on achievement against pre-established performance targets. Variable compensation rewards performance and contribution to both short-term and long-term corporate financial performance. For Fiscal 2014, variable pay represented 97.6%, 97.6%, 93.5%, 97.4% and 82.8% of total compensation for Messrs. Falcone, Asali, Williams, Maura and Sena, respectively, each of whom participated in our Fiscal 2014 bonus program.

Independent Executive Compensation Consultants: The Compensation Committee worked with Hodak Value Advisors (Hodak), its independent executive compensation consultant firm throughout Fiscal 2014, and from time to time with another independent compensation consulting firm, and separate outside counsel, as it determined appropriate.

Mitigation of Undue Risk: Our compensation plans have provisions to mitigate undue risk, including bonus plan mechanisms that defer significant portions of awards, partially subject to forfeiture (see **Clawback Policy** and **Malus Provision** below), and relate future target performance to past performance in a manner that closely ties awards to sustainable performance over time.

Post-employment Restrictive Covenants: Our employment agreements provide for post-employment non-competition, non-solicitation and non-disparagement provisions.

Clawback Policy: Our equity awards allow the Company to recover payouts in the event that recoupment is required by applicable law (including pursuant to Sarbanes-Oxley and the Dodd-Frank Wall Street Reform and Consumer Protection Act) or a participant receives for any reason any amount in excess of what should have been received (including, without limitation, by reason of a financial restatement, mistake in calculations or other administrative error).

Malus Provision: Our annual bonus program provides for an automatic deferral of payouts in excess of two times the target bonus pool, with cash deferrals subject to reduction if the Company does not meet certain specified performance criteria in subsequent years.

Table of Contents

Negative Discretion and Other Reductions: Our Compensation Committee reserves the right to exercise negative discretion to reduce awards under the annual bonus plan. For Fiscal 2014, senior management recommended the use of negative discretion and other offsets, as described further below, to reduce the corporate bonus pool by \$28.66 million to \$60.56 million. The Compensation Committee reviewed and accepted this recommendation.

Award Caps: Amounts that can be earned by any individual under the annual bonus program are capped at \$20 million per year (Award Cap).

Equity Retention: We maintain an equity retention policy for senior management, requiring each member of senior management to retain ownership of at least 25% of his or her covered shares, net of taxes and transaction costs, until the earlier of (i) the date of such senior management member's termination of employment with the Company or (ii) the date such person is no longer a member of senior management.

What We Did Not Do for Fiscal 2014

No 280G or Section 409A Excise Tax Gross-Ups: We do not provide gross-ups for any taxes imposed with respect to Section 280G (change of control) or Section 409A (nonqualified deferred compensation) of the Internal Revenue Code.

No Pensions or Supplemental Pensions: Our named executive officers are not provided with pension or supplemental executive retirement plans.

No Single-Trigger Equity Acceleration: In Fiscal 2014, we did not provide our named executive officers single-trigger equity vesting upon a change of control of the Company.

No Repricing of Underwater Stock Options without Stockholder Approval: We do not lower the exercise price of any outstanding stock options, unless stockholders approve this.

No Discounted Stock Options: The exercise price of our stock options is not less than 100% of the fair market value of our Common Stock on the date of grant.

No Unauthorized Hedging or Pledging: The Board has adopted a corporate governance policy prohibiting our directors and executive officers from (i) hedging the economic risk associated with the ownership of our Common Stock and (ii) pledging our Common Stock, after the date the policy was adopted, unless first pre-approved by the Company's legal department.

Compensation Philosophy and General Objectives

Our executive compensation philosophy is focused on pay for performance and is designed to reflect appropriate governance practices aligned with the needs of our business. We grant target levels of compensation that are designed to attract and retain employees who are able to meaningfully contribute to our success. Our Compensation Committee

considers several factors in designing target levels of compensation, including, but not limited to, historical levels of pay for each executive, actual turnover in the executive ranks, market data on the compensation of executive officers at similar companies, and its judgment about retention risk with regards to each executive relative to their importance to the Company. In reviewing market data, our Compensation Committee has reviewed the total compensation for each executive officer relative to executives in the same or similar positions in an appropriate market comparison group, which includes seventeen business development or private equity companies, adjusting the total compensation observed at these peers for their size relative to the Company. The seventeen companies are American Capital, Ltd., Apollo Global Mgmt., Blackstone Group LP, Capital Southwest Corp, Carlyle Group, Compass Diversified Holdings, Harris & Harris Group, Hercules Tech Growth Cap, Icahn Enterprises, KKR, Kohlberg Capital Corp, Leucadia, Loews Corp, Main Street Capital Corp, MCG Capital Corp, Safeguard Scientifics Inc. and Triangle Capital Corp. While median, size-adjusted total compensation is initially presumed to be competitive market pay, the Compensation Committee does not attempt to target a specific percentile within a peer group or otherwise rely exclusively on that data to determine named executive officer compensation. The Compensation Committee does not use market data to target specific components of total compensation, such as salary or bonuses, and instead determines the target total level of compensation necessary to be competitive for each executive in the relevant market for that executive's talent.

The Company's mix of fixed versus variable compensation, within the target total level of pay, is driven by the Company's emphasis on pay for performance. The Company uses variable compensation, including performance-based equity grants, as well as management's accumulated equity holdings, both vested and unvested, to enhance alignment of our named executive officers' and stockholders' interests.

Table of Contents

Components of Executive Compensation

Our compensation program has four basic elements: salary, initial equity grants, incentive compensation and other benefits. Salary and benefits are designed to aid in the retention of our employees. Initial equity grants are generally, though not necessarily, awarded upon hiring or promotion, and may consist of restricted stock or stock options with a vesting period. Incentive compensation generally consists of bonuses for individual and company performance, and may be awarded as cash or equity. Equity awards will typically be vested over a period of years to enhance both retention and alignment of interests.

We believe that the various components of our executive compensation program are effective in attracting and retaining our employees and providing a strong alignment of their interests with those of our stockholders. Although each element of compensation described below is considered separately, our Compensation Committee makes its determinations regarding each individual component of the compensation program in the context of the aggregate effect on total compensation for each named executive officer.

The principal elements of compensation for our named executive officers in Fiscal 2014 were:

base salary;

variable compensation potential consisting of cash and equity payouts; and

limited benefits.

In addition, as described further under the heading "Initial Long Term Equity Grant" below, in Fiscal 2014, our Compensation Committee and Board, and subsequently our stockholders, approved a one-time issuance to Mr. Falcone of warrants to purchase 3,000,000 shares of our Common Stock at an exercise price of \$13.125 per share, which was 105% of the fair market value per share on the date of grant.

How We Determine Each Element of Compensation

Role of Our Compensation Committee and Compensation Consultants

Our Compensation Committee is responsible for our executive compensation program design and administration, including a regular review of our compensation programs and evaluation of management performance and awards consistent with our bonus plan. In approving the compensation program and awards for Fiscal 2014, our Compensation Committee considered a number of factors including, but not limited to, the responsibilities of the position, the executives' experience and contributions, the competitive marketplace for executive talent and corporate performance.

Throughout Fiscal 2014, our Compensation Committee has been advised by Hodak, its independent executive compensation firm, and from time to time by another independent executive compensation firm, and separate outside counsel. Throughout Fiscal 2014, our Compensation Committee, with the assistance of its advisors, reviewed the Company's compensation program, including target levels of compensation for current and new employees, bonus plans or equity awards, and other compensation policies affecting executive officers and directors. Our Compensation Committee held 24 meetings during Fiscal 2014.

In light of new SEC rules and new NYSE Rules, our Compensation Committee considered the independence of each of our compensation consultants, including assessment of the following factors: (i) other services provided to the Company by the consultant; (ii) fees paid as a percentage of the consulting firm's total revenue; (iii) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (iv) any business or personal relationships between the individual consultants involved in the engagement and any member of our Compensation Committee; (v) any Company stock owned by the individual consultants involved in the engagement; and (vi) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. Our Compensation Committee has concluded that no conflict of interest exists that would prevent our consultants from independently representing our Compensation Committee.

Table of Contents

Base Salary

The base salary of our named executive officers is intended to provide a level of fixed compensation that contributes to the attraction or retention of our executive officers. For Fiscal 2014, our Compensation Committee determined that, at \$500,000 per year for each of Messrs. Falcone, Asali, Williams and Maura and \$250,000 per year for Mr. Sena, the salaries represented an appropriate level of fixed compensation relative to each such named executive officer's respective target total compensation, which varies by position in accordance with each such executive officer's job responsibilities and contributions to our Company.

During Fiscal 2014, the Company entered into revised employment agreements with each of Messrs. Asali, Williams and Maura, and during Fiscal 2013 the Company entered into an employment agreement with Mr. Sena. These employment agreements provide for a fixed base salary and other compensation and were approved by our Compensation Committee. During Fiscal 2014, the Compensation Committee set Mr. Falcone's salary at \$500,000, consistent with other senior executives of the Company.

Annual Bonus Plan

For Fiscal 2014, Messrs. Falcone, Asali, Williams, Maura and Sena, and other key employees of the Company, were eligible to participate in the bonus plan established by the Compensation Committee (the 2014 Bonus Plan). As described further herein, Mr. Falcone was paid \$1 million of his 2014 bonus at the same time as bonuses were paid generally to other 2014 Bonus Plan participants. Subsequently, in connection with Mr. Falcone's resignation of his positions with the Company, the Company and Mr. Falcone entered into a Separation and General Release Agreement, dated November 25, 2014 (the Falcone Separation Agreement), that, among other things, provided Mr. Falcone with a cash payment described under the headings Compensation and Benefits Summary Compensation Table, Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan and Falcone Separation Agreement.

The 2014 Bonus Plan is designed to (i) offer target variable compensation that provide competitive levels of total pay to executives if they achieve target results and (ii) reward and encourage value creation by executives. It provides for annual bonuses comprised of two components. The first component is an individual bonus (the individual bonus) based on the achievement of personal performance goals. The second component is a corporate bonus (the corporate bonus) based on the achievement of corporate performance measured in terms of the change in the Company's Net Asset Value (as defined below) from the beginning of the Company's fiscal year to the end of the Company's fiscal year end (NAV Return), in excess of a threshold NAV Return, which for Fiscal 2014 was set at \$151.1 million (the Fiscal 2014 Threshold NAV Return), representing a 7% increase in the Compensation Committee's approved Net Asset Value per share at the beginning of Fiscal 2014. Please see the discussion below for additional details for the calculation of the NAV Return.

Corporate Bonus

As stated above, for Fiscal 2014, a portion of the annual bonus (namely, the corporate bonus), was based on the Company's NAV Return. The Company believes that NAV Return is a good proxy for creation of value for the Company and its stockholders because it encourages, among other things, the generation of cash flow by the Company's subsidiaries and transactions resulting in appreciation of the assets of the Company and its subsidiaries. Corporate bonuses are awarded annually with a portion immediately vested and a portion subject to vesting over a number of years. A portion of the unvested amounts are subject to forfeiture if the NAV Return thresholds are not satisfied in the following years. Our Compensation Committee believes that paying a corporate bonus consistently based on NAV Return, subject to vesting over a number of years, encourages a long-term focus on value creation for

the benefit of our stockholders. If in Fiscal 2014, the Company had not produced a NAV Return greater than \$151.1 million, no corporate bonuses would have been earned.

For Fiscal 2014, NAV Return was based on the amount calculated as the product of (i) the percentage increase in the Net Asset Value per share of the Company from the beginning of Fiscal 2014 to the end of Fiscal 2014 multiplied by (ii) the Net Asset Value at the beginning of Fiscal 2014. The 2014 Bonus Plan provides that 12% of the excess, if any, of the NAV Return for Fiscal 2014 over the Fiscal 2014 Threshold NAV Return is to be allocated to fund the corporate bonus pool for bonuses to all named executive officers and other key employees. This amount was then reduced (as discussed in greater detail below) by our Compensation Committee pursuant to its exercise of its negative discretion.

For the purpose of the foregoing calculation, the Company's Net Asset Value is generally calculated by (i) starting with the value of the Company's Net Asset Value, as such term is defined in the Company's Certificate of Designation of Series A Participating

Table of Contents

Convertible Preferred Stock of the Company dated as of May 12, 2011 (the Preferred Stock Certificate), (ii) then subtracting from such amount the Company's deferred tax liabilities, (iii) then adding to such amount the Company's capital contributions to fund start-up businesses, which is subject to a \$20 million cap, (iv) then adding to such amount the Company's deferred financing costs, (v) then adding to such amount the value of the Company's assets that have not been appraised, which is subject to a \$50 million cap, (vi) then eliminating the effect of any increase in legacy liabilities associated with our predecessor entity, Zapata Corporation and its subsidiaries, (vii) then adding to such amount expenses incurred in connection with completing any acquisitions by the Company within the past twelve months, and (viii) excluding any accretion on Preferred Stock (calculated in the manner contained in the Preferred Stock Certificate). The Company then makes adjustments to eliminate the effects of any conversion of Preferred Stock into Common Stock.

Our Company achieved a NAV Return of \$894.61 million during Fiscal 2014. Accordingly, pursuant to the 2014 Bonus Plan, 12% of the portion of the Fiscal 2014 NAV Return that is in excess of \$151.1 million or \$89.22 million, was allocated to fund the corporate bonus pool for bonuses to all named executive officers and other key employees. The overall bonus pool was preliminarily divided among all plan participants based on their individual target bonuses as a proportion to the sum of target bonuses. Our Compensation Committee, and our Board, following the recommendation of our senior management, determined the overall bonus pool and the allocation of awards to all plan participants relative to their respective contributions.

For Fiscal 2014, senior management recommended and the Compensation Committee agreed to reduce the corporate bonus pool by \$28.66 million to \$60.56 million to reflect the use of negative discretion and the offset of board fees and compensatory payments (cash and equity) made by certain of the Company's subsidiaries or affiliates to certain of the Company's officers for their service to such subsidiaries or affiliates. For more details regarding such board fees and compensatory payments, see the heading titled "HGI Subsidiary and Affiliate Fees" below.

Pursuant to the 2014 Bonus Plan, awards were paid out in a mix of cash (40%) and equity (60%). The 2014 Bonus Plan was designed such that all awards for Fiscal 2014 greater than two times the target bonus for each plan participant were deferred to subsequent years, in each case, in the proportions as set forth in the charts below. Deferred cash payments may be reduced in subsequent years, if the NAV Return in such years is below a threshold return.

The corporate bonus earned, after reductions taken for compensation payments made by our subsidiaries and affiliates as described below in "HGI Subsidiary and Affiliate Fees", was distributed to participants as follows:

Up to two times the target corporate bonus pool could be paid out in Fiscal 2014 in the following proportion:

1. Cash
2. Fully Vested Stock
3. Restricted stock (subject to continued employment) vests on the first anniversary of the grant date.
4. Fully vested stock options.
5. Stock options (subject to continued employment) vest on the first anniversary of the grant.

Amounts in excess of two times the corporate bonus pool could be paid out in the following proportion:

1. Cash paid on the first anniversary of the original payment date.
2. Cash paid on the second anniversary of the original payment date.
3. Restricted stock (subject to continued employment) vests in substantially equal installments on the second and third anniversaries of the grant date.
4. Stock options (subject to continued employment) vest in substantially equal installments on the second and third anniversaries of the grant date.

Table of Contents**Individual Bonus**

As stated above, for Fiscal 2014, a portion of the annual bonus (namely, the individual bonus), was based on individual performance achievement against certain pre-established goals. For Messrs. Falcone, Asali and Maura, for Fiscal 2014, 85% of their target annual bonus was the corporate bonus (based on NAV Return) and 15% was the individual bonus based on performance of individual goals. For Mr. Williams, for Fiscal 2014, 60% of his target annual bonus consisted of a corporate bonus and 40% was an individual bonus. For Mr. Sena, for Fiscal 2014, 50% of his target annual bonus consisted of a corporate bonus and 50% was an individual bonus. The performance goals for the individual bonus were determined by our Compensation Committee on an individual basis. Participants earned between 0 and 200% of their individual target bonus based on achievement of the individual performance goals, and the individual bonuses could be earned even if NAV Return during Fiscal 2014 did not exceed the Fiscal 2014 Threshold NAV Return. Each of the named executive officers earned 200% of their individual target bonuses based on achievement of their individual performance goals during Fiscal 2014.

For Fiscal 2014, our Compensation Committee established only objective performance goals for Mr. Falcone's individual bonus, which were (i) identify companies that are undervalued or fairly valued with attractive financial or strategic characteristics and provide recommendations for Board approval, (ii) receipt of \$117 million of dividends and other sources of cash and (iii) the Company will remain in compliance with all corporate governance policies. For Fiscal 2014, Mr. Falcone's total target bonus was \$2.5 million, which was comprised of his individual and corporate bonus. Our Compensation Committee determined that Mr. Falcone achieved or exceeded each of his individual performance measures. A portion of the amount was paid shortly following the Compensation Committee's determination of his award. In addition, Mr. Falcone was paid a cash payment in connection with the Falcone Separation Agreement. See Compensation and Benefits Summary Compensation Table, Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan and Falcone Separation Agreement.

For Fiscal 2014, our Compensation Committee established only objective performance goals for Mr. Asali's individual bonus, which were (i) receipt of \$117 million of dividends and other sources of cash, (ii) improve the financial flexibility of our Company through an initial public offering of our insurance subsidiary FGL and (iii) the Company's compliance with all existing or new debt covenants. For Fiscal 2014, Mr. Asali's total target bonus was \$2.5 million, which was comprised of his individual and corporate bonus. Our Compensation Committee determined that Mr. Asali achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2014, our Compensation Committee awarded Mr. Asali an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See Compensation and Benefits Summary Compensation Table and Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan for details regarding the amount of Mr. Asali's individual bonus and corporate bonus and its allocation among immediately vested and deferred cash and equity.

For Fiscal 2014, our Compensation Committee established only objective performance goals for Mr. Williams' individual bonus, which were (i) receipt of \$117 million of dividends and other sources of cash, (ii) improve the financial flexibility of our Company through an initial public offering of our insurance subsidiary FGL, (iii) the Company's compliance with all existing or new debt covenants and (iv) timely and accurate completion of all external financial reporting by the Company. For Fiscal 2014, Mr. Williams' total target bonus was \$1 million, which was comprised of his individual and corporate bonus. Our Compensation Committee determined that Mr. Williams achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2014, our Compensation Committee awarded Mr. Williams an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See Compensation and Benefits Summary Compensation Table and Company Significant Events after Fiscal 2014.

For Fiscal 2014, our Compensation Committee established only objective performance goals for Mr. Maura's individual bonus, which were (i) Spectrum Brands' achievement of \$710 million of adjusted EBITDA (as defined below), (ii) Spectrum Brands' achievement of \$340 million of adjusted free cash flow and (iii) receipt of \$36 million of dividends by the Company from Spectrum Brands. For the purposes of Mr. Maura's performance measure, adjusted EBITDA was defined as reported operating income plus certain defined add-backs for depreciation, amortization, acquisition, integration and restructuring related charges. For Fiscal 2014,

Table of Contents

Mr. Maura's total target bonus was \$2 million, which was comprised of his individual and corporate bonus. Our Compensation Committee determined that Mr. Maura achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2014, our Compensation Committee awarded Mr. Maura an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See Compensation and Benefits Summary Compensation Table and Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan for details regarding the amount of Mr. Maura's individual bonus and corporate bonus and its allocation among immediately vested and deferred cash and equity.

For Fiscal 2014, our Compensation Committee established both objective and subjective performance goals for Mr. Sena's individual bonus, which were (i) preparing debt and equity offering memorandums and debt and equity registrations as directed by the Company's Chief Financial Officer, (ii) timely and successful completion of all external auditor reviews and audits of the Company, (iii) timely and accurate completion of all financial reporting by the Company and (iv) foster growth and teamwork and meet all project priorities as agreed to with the Company's Chief Financial Officer. For Fiscal 2014, Mr. Sena's total target bonus was \$200,000, which was comprised of his individual and corporate bonus. Our Compensation Committee determined that Mr. Sena achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2014, our Compensation Committee awarded Mr. Sena an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See Compensation and Benefits Summary Compensation Table and Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan for details regarding the amount of Mr. Sena's individual bonus and corporate bonus and its allocation among immediately vested and deferred cash and equity.

The maximum bonus payment to any individual under our Bonus Plan with respect to any year is subject to the \$20 million Award Cap. For Fiscal 2014, this cap limited the total bonus awarded to Mr. Falcone and Mr. Asali in contrast to the amount they would have otherwise earned for Fiscal 2014.

Cash amounts payable pursuant to the 2014 Bonus Plan are included in the column titled Non-Equity Incentive Plan Compensation in the Summary Compensation Table for Fiscal 2014 (although no amounts are actually payable until after the end of Fiscal 2014). However, in the case of equity awards, the SEC disclosure rules require that the Summary Compensation Table and the Grants of Plan-Based Awards Table include for each fiscal year the aggregate fair value, as of the grant date, of equity awards granted only during the applicable fiscal year. The equity awards that were earned by our named executive officers pursuant to the 2014 Bonus Plan in respect of Fiscal 2014 performance were granted on November 25, 2014. As these equity awards will be granted after the end of Fiscal 2014, they are not included in the Summary Compensation Table and Grants of Plan-Based Awards Table in this report, but in accordance with SEC rules will be included in next year's table for our named executive officers in Fiscal 2014. Notwithstanding the foregoing, we do disclose these awards in this report under Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan.

Initial Long Term Equity Grant

Our practice is to grant service-based equity to named executive officers when our Compensation Committee or Board determines that it would be to the advantage and in the best interests of the Company and its stockholders to grant such equity as an inducement to enter into or remain in the employ of the Company and as an incentive for increased efforts during such employment.

During Fiscal 2014, our Compensation Committee and our Board, and subsequently our stockholders, approved the Harbinger Group Inc. 2014 Warrant Plan (the 2014 Warrant Plan), which provided for the issuance to our then Chief Executive Officer, Mr. Falcone, of warrants to purchase 3,000,000 shares of our Common Stock at an exercise price

per share of \$13.125, which was the per share exercise price equal to 105% of the fair market value of our Common Stock on the date of grant. In determining whether to recommend approval of the 2014 Warrant Plan to the Board, our Compensation Committee considered a variety of factors, including that: (i) our Chief Executive Officer had historically not been paid compensation from the Company for his services to the Company and its subsidiaries; (ii) the warrants to be granted pursuant to the 2014 Warrant Plan have an exercise price above the market price of the underlying Common Stock on the grant date of the warrants, thereby linking any appreciation in the value of the warrants to an increase in the market price of the underlying Common Stock; and (iii) the issuance or exercise of the warrants to be granted under the 2014 Warrant Plan do not have a significant effect on the Company's ability to use its net operating loss carryforwards.

The warrant is scheduled to expire on March 10, 2019 and vests in five equal tranches over the five-year term of the warrant, with twenty percent (20%) vesting on May 30, 2014 and an additional twenty percent (20%) vesting on each of March 10, 2015, 2016, 2017 and 2018. As described further herein, in connection with the Falcone Separation Agreement, the warrant was amended to provide for its continued vesting in accordance with its vesting schedule as if Mr. Falcone remained employed with the Company through each applicable vesting dates.

Benefits

During Fiscal 2014, we provided our named executive officers with standard medical, dental, vision, disability and life insurance benefits available to employees generally.

We limit the use of perquisites as a method of compensation and provide executive officers with only those perquisites that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. In this regard, our named executive officers are eligible to participate in a flexible perquisite account under our FlexNet Program, which permits them to be reimbursed for certain eligible personal expenses, up to a per year cap of \$50,000 for Messrs. Falcone, Asali, Williams and Maura and \$10,000 for Mr. Sena. Eligible expenses include, but are not limited to, reimbursement for tax preparation, legal services, education programs, health and wellness programs, technology and personal computers, wills and estate planning services and transportation services. Participants are responsible for payment of taxes on FlexNet payments. Reimbursements, at participants' elections, can be net of taxes and/or include an estimated tax payment, subject to the annual maximum reimbursement cap. Further, we may provide from time to time in our discretion reimbursement for other employment related expenses. The perquisites provided to the named executive officers are quantified in the Summary Compensation Table below.

We sponsor a 401(k) Retirement Savings Plan (the "401(k) Plan") in which eligible participants may defer a fixed amount or a percentage of their eligible compensation, subject to limitations. In Fiscal 2014 we made discretionary matching contributions of up to 5% of eligible compensation.

HGI Subsidiary and Affiliate Fees

As discussed above, during Fiscal 2014, Messrs. Falcone, Asali, Williams and Maura and certain of our other employees provided services as directors and officer to certain of our subsidiaries and affiliates and were compensated, in the form of cash and equity, by such entities. Specifically, during Fiscal 2014, (i) Mr. Falcone received from HC2 Holdings, Inc., an NYSE listed company, \$14,000 in cash and equity, which was valued by our Compensation Committee at \$2,520,000; (ii) Mr. Asali received from Spectrum Brands and FGL, each an NYSE listed company, an aggregate of \$75,000 in cash and equity, which was valued by our Compensation Committee at \$210,000; (iii) Mr. Williams received from Spectrum Brands and FGL, an aggregate of \$15,000 in cash and equity, which was valued by our Compensation Committee at \$75,000; and (iv) Mr. Maura received from Spectrum Brands, equity, which was valued by our Compensation Committee at \$210,000. Our Compensation Committee offset such amounts against compensation Messrs. Falcone, Asali, Williams and Maura and certain of our other employees would have otherwise received from the Company. The foregoing does not reflect offsets that were also applied in respect of any compensation received by Messrs. Falcone, Asali, Williams and Maura from HGI subsidiaries and affiliates after Fiscal 2014.

Risk Review

Our Compensation Committee has reviewed, analyzed and discussed the incentives created by our executive compensation program. Our Compensation Committee does not believe that any aspect of our executive compensation encourages the named executive officers to take unnecessary or excessive risks.

Our compensation program has provisions to mitigate undue risk, including bonus plan mechanisms that defer significant portions of awards, which are partially subject to forfeiture if the performance that merited the award is not sustained. Furthermore, a significant portion of the deferred awards consist of unvested equity, and the vested portion is subject to the Company's stock ownership guidelines. We believe that the additional alignment created by this

exposure to the Company's stock price serves to moderate an appetite for undue risk. We also relate future target performance to past actual performance in a manner that closely ties awards to performance over multiple years, which we believe reduces the incentive for short-term decisions or actions that increase current performance at the expense of future growth.

Compensation in Connection with Termination of Employment and Change-In-Control

In determining our employees' compensation packages, our Compensation Committee recognizes that an appropriate incentive in attracting talent is to provide reasonable protection against loss of income in the event the employment relationship terminates without fault of the employee. Thus, compensation practices in connection with termination of employment generally have been designed to achieve our goal of attracting highly qualified executive talent. Messrs. Asali, Williams, Maura and Sena have employment agreements which provide for termination compensation in the form of payment of bonuses and salary and benefit continuation ranging from six to twenty-four months following involuntary termination of employment. During Fiscal 2014, our compensation programs did not provide for any golden parachute tax gross-ups to any named executive officer. During Fiscal 2014, we also did not provide any of our named executive officers any single-trigger payments due to the occurrence of a change of control of the Company.

As described herein, in connection with Mr. Falcone's resignation, on November 25, 2014, the Company and Mr. Falcone entered into the Falcone Separation Agreement as detailed in the section titled "Company Significant Events after Fiscal 2014 - Falcone Separation Agreement."

You can find additional information regarding our practices in providing compensation in connection with termination of employment to our named executive officers under the heading "Payments Upon Termination and Change of Control" below.

Impact of Tax Considerations

With respect to taxes, Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the deduction that a company may claim in any tax year with respect to compensation paid to each of its Chief Executive Officer and three other named executive officers (other than the Chief Financial Officer), unless certain conditions are satisfied. Certain types of performance-based compensation are generally exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted stock, and certain formula driven compensation that meets the requirements of Section 162(m). One of the factors that we may consider in structuring the compensation for our named executive officers is the deductibility of such compensation under Section 162(m), to the extent applicable. However, this is not the driving or most influential factor. Our Compensation Committee may approve non-deductible compensation arrangements after taking into account several factors, including our ability to utilize deductions based on projected taxable income, and specifically reserves the right to do so.

Advisory Vote on Executive Compensation

Our Compensation Committee and our Board considered the results of our stockholder vote regarding the non-binding resolution on executive compensation presented at the 2014 Annual Meeting, where 91.16% of votes cast approved the compensation program described in the Company's proxy statement for the 2014 Annual Meeting. Our Compensation Committee and our Board have continued to maintain a generally similar compensation philosophy.

At the 2014 Annual Meeting, a majority of our stockholders approved, as recommended by our Board, a proposal for our stockholders to be provided with the opportunity to cast a non-binding advisory vote on compensation of our named executive officers every three years. Our Board believed that this frequency is appropriate as a triennial vote would provide the Company with sufficient time to engage with stockholders to understand and respond to the say-on-pay vote results and to put in place any changes to the Company's compensation program as a result of such discussions, if necessary. The next stockholder advisory (non-binding) vote on executive compensation will be held at our upcoming 2017 Annual Meeting.

Company Significant Events after Fiscal 2014

This section will provide you with a brief review of certain significant events that have occurred at the Company since the end of Fiscal 2014. This section, however, is not a summary of all of the compensation decisions made with respect to our named executive officers after Fiscal 2014, which will be summarized in next year's report.

Falcone Separation Agreement

On November 25, 2014, the Company announced that Mr. Falcone, Chief Executive Officer of the Company and Chairman of the Board, effective December 1, 2014, had resigned from his positions with the Company. Joseph S. Steinberg, an independent member of the Board, became nonexecutive Chairman of the Board effective December 1, 2014.

In connection with Mr. Falcone's resignation, on November 25, 2014, the Company and Mr. Falcone entered into the Falcone Separation Agreement pursuant to which Mr. Falcone was paid \$20,500,000 as a one-time payment, \$16,500,000, which constituted the unpaid portion of Mr. Falcone's Fiscal 2014 annual bonus (in cash, rather than a combination of cash and equity) and \$3,300,000, which constituted a pro-rata bonus for Fiscal 2015 (in cash, rather than a combination of cash and equity) for service through December 1, 2014 based on anticipated results.

Mr. Falcone's warrant was amended to provide for their continued vesting, in accordance with their prior vesting schedule, as if Mr. Falcone remained employed with the Company through each applicable vesting date. In exchange, Mr. Falcone executed a general release of claims in favor of the Company and agreed to various restrictive covenants, including covenants relating to non-competition, non-solicitation, non-disparagement, confidentiality, and further cooperation. The Falcone Separation Agreement further provides, among other things, that for a period of two years from the date of Mr. Falcone's resignation, without the approval of a majority of the directors on the Board,

Mr. Falcone may not, and may not cause his affiliates, to (i) enter into or seek to enter into a business combination involving the Company, (ii) seek representation or control of the Board or affairs of the Company, (iii) purchase or acquire additional securities of the Company, (iv) make certain proposals or solicit such proxies, or (v) have any discussions or enter into any arrangements with, or assist any other person in connection with any of the foregoing. A special committee of independent members of the Board, advised by outside legal counsel and other advisors, reviewed, negotiated and recommended for approval to the Board the Falcone Separation Agreement, which was then approved by the Board.

Accordingly, these tables present equity grants made pursuant to the 2013 Bonus Plan in respect

of Fiscal 2013 performance and do not include the equity awards that were earned by our named executive officers pursuant to the 2014 Bonus Plan in respect of Fiscal 2014 performance. See Footnote (6) of the Summary Compensation Table above and Company Significant Events after Fiscal 2014 Equity Grants Pursuant to the 2014 Bonus Plan.

Pension Benefits

For Fiscal 2014, the Company did not maintain any defined benefit pension plan for the benefit of our named executive officers.

Nonqualified Deferred Compensation

Our annual bonus program provides for an automatic deferral of payouts in excess of two times the target bonus pool. These cash amounts, payable on a deferred basis pursuant to the 2013 Bonus Plan, were previously included as Non-Equity Incentive Plan Compensation in the Summary Compensation Table for Fiscal 2013, but were not reflected in the Nonqualified Deferred Compensation table for Fiscal 2013 because these amounts were awarded in November 2013, which was after the completion of Fiscal 2013. Similarly, the portion of the cash bonuses earned under the 2014 Bonus Plan but payable on a deferred basis were awarded in November 2014, which was after the completion of Fiscal 2014, and are therefore not included in the table below.

Table of Contents**Payments Upon Termination and Change of Control***Termination Payments Payable to Messrs. Asali, Williams and Maura*

If during the term of the amended and restated employment agreements, the Company terminates an executive's employment without Cause (as defined in each amended and restated employment agreement) or if the executive terminates his employment for Good Reason (as defined below), subject to the executive executing a general release of claims in favor of the Company, the Company is required to pay or provide the executive with: (i) his base salary for twelve months in continuing installments; (ii) vesting of the initial equity grant on the dates it would otherwise have vested (and the restrictions on the restricted stock will lapse) had executive continued to be an active employee of the Company; (iii) vesting of 100% of the unpaid deferred cash portion, if any, of annual bonuses awarded for years prior to the year of termination, with payment on the same scheduled payment dates (provided that the deferral shall not be for more than four years) and vesting of 100% of the unvested equity portion, if any, of annual bonuses awarded for years prior to the year of termination, with such vesting to occur on the same dates that such equity would otherwise vest had the executive continued to be an active employee of the Company; (iv) eligibility to receive a pro-rata annual bonus for the year of termination, based on achievement of performance, provided that the cash portion of such bonus shall be paid and the equity portion of such bonus shall be granted in the same proportion of cash and equity that are granted to other Company executives, and 50% of such amounts shall be paid within 74 days after the end of the fiscal year and the remaining 50% shall be paid on the first anniversary of such date and (vi) COBRA reimbursement for a period of up to twelve (12) months (the Benefits Continuation). In addition, the Company shall pay the executive any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses.

In addition, during the period beginning sixty days prior to a Change in Control (as defined in each amended and restated employment agreement) or, if earlier, upon the signing of a definitive agreement to enter into a Change in Control (which in each case actually results in a Change in Control) and ending upon the first anniversary of such Change in Control, if the Company terminates the executive's employment without Cause or if the executive terminates his employment for Good Reason, then in lieu of the severance described above, the Company shall pay or provide the executive with: (i) the sum of two times (x) his base salary and (y) the greater of (A) target variable compensation (per the relevant year's bonus plan) or (B) \$2,500,000, payable in installments over 24 months; (ii) vesting of the initial equity grant as set forth above; (iii) vesting of 100% of any unvested equity for annual bonuses awarded prior to the year of termination; (iv) 100% vesting of the unpaid deferred cash portion, if any of annual bonuses awarded for years prior to the year of termination, with payment within 74 days after the Change in Control or cessation of employment (unless Section 409A of the Internal Revenue Code requires payment on the original payment dates); (v) eligibility for a pro rata annual bonus for the year of termination, based on achievement of performance determined in accordance with the employment agreement, provided that 50% of such amounts shall be paid in cash within 74 days after the end of the fiscal year and the remaining 50% shall be paid in cash on the first anniversary of such date; (vi) outplacement services; and (vii) COBRA reimbursement for up to 18 months.

Upon a termination of employment due to the executive's death or Disability (as defined in the employment agreements), the Company shall pay or provide such executive with (i) payment of any non-deferred portion of the annual bonus for the prior year which was earned but unpaid, (ii) the Benefits Continuation, subject to receiving a signed waiver and general release of claims from the executive, and (iii) any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses.

Good Reason for each of Messrs. Asali, Williams and Maura means the occurrence, without an executive's express written consent, of any of the following events: (A) a material diminution in executive's authority, duties, responsibilities or title; (B) a diminution of base salary; (C) a change in the geographic location of the executive's

principal place of performance of his services to a location more than thirty (30) miles outside of New York City that is also more than thirty (30) miles from his primary residence at the time of such change, except for travel consistent with the terms of the employment agreement; (D) the Company gives notice that the term of the employment agreement is not to be extended so long as the executive continues to perform his duties for the Company through the end of the term and separates from the Company at the end of the term; (E) a material breach by the Company of the employment agreement; (F) the failure by the Company to provide for executive's participation in an annual bonus arrangement (whether paid annually or over a period not to exceed four fiscal years); or (G) the Company's material reduction in the target amount or maximum bonus opportunity that may be earned under the Company's bonus arrangement if the performance criteria are satisfied (and for Mr. Asali only, modification of the Company's bonus arrangement in a manner that materially reduces executive's reasonable opportunity to achieve such bonus, relative to executive's prior participation). In addition, for Mr. Asali only, Good Reason includes if Mr. Asali is not re-nominated to the Board (unless such nomination would violate any legal restriction or order or would cause the Board to be in breach of its fiduciary obligations). An executive must give the Company a written notice (specifying in detail the event or circumstances claimed to give rise to Good Reason) within ninety (90) days after the executive has knowledge that an event

constituting Good Reason has occurred, or is deemed to have occurred and must give the Company thirty (30) days to cure. If not cured, the executive must actually terminate his or her employment within 120 days following the event constituting Good Reason; otherwise, that event will no longer constitute Good Reason (except with respect to (D) above).

Termination Payments Payable to Mr. Sena

If during the term of his employment agreement, the Company terminates Mr. Sena's employment without Cause (as defined in his employment agreement) or if Mr. Sena resigns his employment for Good Reason (as defined below), then, subject to receiving a signed separation agreement and general release of claims from Mr. Sena, the Company shall pay or provide Mr. Sena with (i) severance equal to six months base salary in accordance with the terms of the Company's then current severance plan, (ii) vesting of the initial equity grant on a pro-rata basis based on the length of time elapsed (calculated as if Mr. Sena worked for an additional six months after the date of termination), (iii) payment of any non-deferred portion of the annual bonus for the prior year which was earned but unpaid, and (iv) eligibility for a pro-rated annual bonus for the fiscal year of termination, but only to the extent that the bonus is based on his achieving objective goals based entirely on his performance, and he has actually achieved those goals before his termination. In addition, the Company shall pay Mr. Sena any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses. Mr. Sena is not eligible to receive any Corporate Bonus (based on increase in NAV), or any other individual bonus, in the fiscal year of termination unless he remains employed through the last business day of such fiscal year.

Upon a termination of employment due to the executive's death or Disability (as defined in the employment agreements), the Company shall pay or provide such executive with (i) payment of any non-deferred portion of the annual bonus for the prior year which was earned but unpaid and (ii) any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses.

Good Reason for Mr. Sena means the occurrence, without an executive's express written consent, of any of the following events: (A) a material diminution in executive's authority, duties, responsibilities or title; (B) a diminution of base salary; (C) a change in the geographic location of the executive's principal place of performance of his services to a location more than thirty (30) miles outside of New York City that is also more than thirty (30) miles from his primary residence at the time of such change, except for travel consistent with the terms of the employment agreement; or (D) a material breach by the Company of the employment agreement. Mr. Sena must give the Company a written notice (specifying in detail the event or circumstances claimed to give rise to Good Reason) within twenty-five (25) days after the executive has knowledge that an event constituting Good Reason has occurred, or is deemed to have occurred and must give the Company thirty (30) days to cure. If not cured, the executive must actually terminate his or her employment within 120 days following the event constituting Good Reason; otherwise, that event will no longer constitute Good Reason (except with respect to (D) above).

Termination Payments Payable to Mr. Falcone

In connection with Mr. Falcone's resignation, on November 25, 2014, the Company and Mr. Falcone entered into the Falcone Separation Agreement as detailed in the section titled "Company Significant Events after Fiscal 2014 - Falcone Separation Agreement." Regardless of the Falcone Separation Agreement, however, if Mr. Falcone has been terminated on September 30, 2014, he would be entitled to receive the value of his earned Fiscal 2014 bonus and the continued vesting of warrants to purchase up to 3,000,000 shares of the Company's Common Stock previously granted to Mr. Falcone under the 2014 Warrant Plan as if Mr. Falcone remained employed with the Company through each applicable vesting date.

Summary of Termination Payments

The following table sets forth amounts of compensation that would have been paid to Messrs. Asali, Williams, Maura and Sena, if their employment was terminated without Cause or for Good Reason. The amounts shown assume that such termination was effective as of September 30, 2014.

Table of Contents**Director Compensation**

Directors who are not employees of the Company or of Harbinger Capital (or an affiliate) (non-employee directors) receive an annual retainer of \$80,000 (paid on a quarterly basis). Non-employee directors also receive an annual equity award of \$80,000, granted as restricted stock or restricted stock units, which vest on the last date of the Company's fiscal year, subject to continued service on the Board on such date.

In addition, newly elected non-employee directors receive a commencement equity award of \$80,000, granted as restricted stock or restricted stock units, to vest in full on the one-year anniversary of the commencement of each such director's service on the Board. Newly elected directors are only entitled to receive the annual equity award in the first fiscal year commencing immediately following the date such newly elected director becomes a member of the Board.

For Fiscal 2014, compensation for service on special, audit and compensation committees is paid in quarterly installments as follows:

We maintain a non-employee director share retention requirement, requiring each non-employee director to retain ownership of 100% of his or her covered shares, net of taxes and transaction costs, until the earlier of (i) the date of such director's termination of employment or (ii) the date such person is no longer a director.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our Board has adopted a Statement of Policy with Respect to Related Party Transactions (the "Related Party Transactions Policy"). A "Related Party Transaction" is defined in the Related Party Transactions Policy as any financial transaction or any series of similar transactions in which we are a participant and in which a related person (*i.e.*, a director, officer, beneficial owner of more than 5% of any class of our capital stock or a family member or controlling or controlled entity of the foregoing persons) has a direct or indirect interest, other than: (i) our payment of compensation to a related person for the related person's service in the capacity that give rise to the person's status as a related person; (ii) transactions available to all of our employees or all of our stockholders on the same terms; and (iii) transactions which, when aggregated with the amount of all other transactions between us and the related person, involve in a fiscal year the lesser of (a) \$100,000 or (b) 1% of the average of our total assets at year-end for the last two completed fiscal years. Pursuant to the Related Party Transaction Policy, the Related Party Transaction proposed to be entered into must be reported to our Board for review. In reviewing and determining whether to approve a proposed Related Party Transaction presented to our Board, the disinterested members of our Board will analyze such factors as they deem appropriate. We may only enter into a Related Party Transaction upon approval by our Board. Our Board may delegate its authority to review and approve Related Party Transactions to the Audit Committee, a special committee or other committee of our Board.

In November 2012, HGI and Harbinger Capital entered into a reciprocal services agreement with respect to the provision of services to each other going forward, which was amended on November 25, 2014 (the "Services Agreement"). Pursuant to the Services Agreement, the parties each agreed to provide or cause to be provided services to each other, including their respective affiliates and subsidiaries. The services may include providing office space and operational support and each party making available their respective employees to provide services as reasonably requested by the other party, subject to any limitations contained in applicable employment agreements and the terms of the Services Agreement. Each party will pay the other party a service fee for the services provided and such service fee is intended to be the actual cost of the service without profit but including, as applicable, one-time costs, out-of-pocket costs, costs of consents, fully loaded hourly rates and any pass through or allocation of payments. The Services Agreement provides that the parties are subject to confidentiality obligations and that the parties will indemnify each other and their related parties against certain costs and liabilities arising out of the performance of the Services Agreement. The Services Agreement will continue in effect until terminated by either party, following ninety (90) days advance written notice. HGI recognized \$5.7 million of expenses under the Service Agreement with respect to Fiscal 2014. The Company believes that the amount of expenses recognized is reasonable; however, it does not necessarily represent the costs that would have been incurred by the Company on a stand-alone basis.

On March 18, 2014, HGI entered into the Letter Agreement with Leucadia (the "Letter Agreement"). The Letter Agreement was entered into in connection with the consummation of the transactions contemplated by that certain Preferred Securities Purchase Agreement, dated March 18, 2014, by and among HCP Stockholders and Leucadia, pursuant to which Leucadia acquired, following receipt of regulatory approval, 23.0 million shares of Common Stock, at a price of \$11.00 per share of Common Stock, for an aggregate purchase price of \$253.0 million in cash. HGI did not sell any securities in the transaction. The Letter Agreement further provides, among other things, that without the prior approval of a majority of the directors on HGI's Board (other than the Leucadia designees), Leucadia and its affiliates will not acquire additional shares or voting rights of HGI that would increase Leucadia's beneficial ownership above 27.5% of the voting power of HGI's outstanding securities. The Letter Agreement also restricts Leucadia's and its affiliates' ability to make certain proposals or solicit such proxies and limits their ability to sell Leucadia's investment in HGI to counterparties who hold, or after giving effect to a sale, would hold, in excess of 4.9% of HGI's voting stock (subject to certain exceptions). Leucadia also agreed to vote in favor of the slate of directors nominated by a majority of HGI's Board (other than the Leucadia designees). The terms of the Letter Agreement, including the

provisions described above, last until March 18, 2016. In connection with the March 2014 transaction with Leucadia, under the terms of an existing registration rights agreement, the HCP Stockholders transferred a portion of their rights under the registration rights agreement with respect to the shares of Common Stock that Leucadia acquired and HGI entered into a Registration Right Acknowledgment among it, the HCP Stockholders and Leucadia, acknowledging such transfer.
