Item 1.01. Entry into a Material Definitive Agreement.

On January 27, 2015, Mylan Pharmaceuticals Inc. (MPI), a wholly-owned subsidiary of Mylan Inc. (the Company), amended and restated its \$400,000,000 accounts receivable securitization facility pursuant to (i) an Amended and Restated Purchase and Contribution Agreement (the Purchase and Contribution Agreement), between MPI and Mylan Securitization LLC, a wholly-owned special purpose subsidiary of MPI (the SPV) and (ii) an Amended and Restated Receivables Purchase Agreement (the Receivables Purchase Agreement), among the SPV, as seller, MPI, as originator and servicer, certain conduit purchasers, committed purchasers and letter of credit issuers from time to time party thereto (collectively, the Purchasers), certain purchaser agents from time to time party thereto and The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as agent (the Agent). The Company also entered into an Amended and Restated Performance Guaranty for the benefit of the Purchasers with respect to the obligations of MPI under these agreements.

Under the Purchase and Contribution Agreement, MPI will sell to the SPV, on an ongoing basis, certain accounts receivable it generates in the course of its business, certain related assets and the right to the collections on those accounts receivable. Once sold to the SPV, the accounts receivable, related assets and rights to collection described above will be separate and distinct from MPI's assets and will not be available to MPI's creditors should MPI become insolvent. The servicing, administration and collection of the accounts receivable will be conducted by MPI, as servicer.

Under the terms of the Receivables Purchase Agreement, the SPV may, from time to time, obtain from the Purchasers up to \$400,000,000 (in the form of cash or letters of credit for the benefit of MPI) through the sale to the Purchasers of its interest in the receivables, related assets and collections described above. The size of the accounts receivable securitization facility may be increased from time to time, upon request by the SPV and with the consent of the increasing purchaser agents and the Agent, up to a maximum of \$500,000,000. Purchases under the Receivables Purchase Agreement will be repaid as accounts receivable are collected, with new purchases being advanced as new accounts receivable are originated by MPI and sold to the SPV and settlement occurring monthly. The SPV has the option to reduce the commitments under the Receivables Purchase Agreement. The SPV's assets will continue to be pledged to the Agent in support of its obligations under the Receivables Purchase Agreement. Any amounts outstanding under the accounts receivable securitization facility will be recorded as a secured loan and the receivables underlying any borrowings will continue to be included in accounts receivable, net, on the Consolidated Balance Sheets of the Company. The accounts receivable securitization facility has a term of three years.

The Receivables Purchase Agreement contains various customary affirmative and negative covenants and also contains customary default and termination provisions, which provide for termination of the Purchasers' commitments under the Receivables Purchase Agreement, and the ability to dispose of the collateral, upon the occurrence of certain specified events, including, but not limited to, failure by the SPV to pay amounts due under the Receivables Purchase Agreement, defaults on certain indebtedness, certain judgments, change in control, certain events negatively affecting the overall credit quality of transferred accounts receivable and certain bankruptcy and insolvency events.

Item 1.02. Termination of a Material Definitive Agreement.

The disclosure set forth under Item 1.01 above is incorporated by reference into this Item 1.02.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure set forth under Item 1.01 above is incorporated by reference into this Item 2.03.
