PROXY STATEMENT

The accompanying proxy card, to be mailed to stockholders together with the Notice of Annual Meeting of Stockholders and this Proxy Statement on or about March 30, 2015, is solicited by the Board of Directors of American Campus Communities, Inc. in connection with the Annual Meeting of Stockholders (the Annual Meeting) to be held on May 7, 2015.

QUESTIONS AND ANSWERS

Q: What am I voting on?

A: Election of nine directors to hold office for a one-year term, ratification of Ernst & Young LLP as our independent auditors for 2015 and approval of an advisory vote on executive compensation.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on March 16, 2015 are entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

A: Sign and date each proxy card you receive and return it in the prepaid envelope. If you do not mark any selections, the proxy holders named on your proxy card will vote your shares in favor of all of the director nominees, in favor of the ratification of Ernst & Young LLP as our independent auditors for 2015 and in favor of approval, on an advisory basis, of the compensation of our named executive officers. You may change your vote or revoke your proxy at any time before the Annual Meeting by submitting written notice to our Secretary, submitting another proxy that is properly signed and later dated or voting in person at the Annual Meeting. In each case, the later submitted votes will be recorded and the earlier votes revoked. If you hold your shares in street name, please follow the procedures required by your bank, broker or other nominee to revoke a proxy. You should contact that firm directly for more information on these procedures.

Under New York Stock Exchange rules, the proposal to ratify the appointment of independent registered public accountants is considered a discretionary item. This means that brokerage firms may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least 10 days before the date of the meeting.

In their discretion, the proxy holders are authorized to vote on any other matters that may properly come before the Annual Meeting and at any postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than the proposals described in this Proxy Statement. In addition, no stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

Q: Is my vote confidential?

A: Yes. Proxy cards, ballots and voting tabulations that identify individual stockholders are confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the vote have access to your card. Additionally, all comments directed to management (whether written on the proxy card or elsewhere) will remain confidential, unless you ask that your name be disclosed.

Table of Contents

Q: Who will count the vote and how are votes counted?

A: All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and abstentions. In order to be elected as a director, a nominee must receive a majority of the votes cast at the Annual Meeting at which a quorum is present. For election of directors, abstentions and broker non-votes will not affect the vote outcome. In order for Ernst & Young LLP to be ratified as our independent auditors for 2015 and for the advisory vote on executive compensation to be approved, the respective proposal must receive a majority of the votes cast at the Annual Meeting at which a quorum is present. For ratification of the independent auditors for 2015, an abstention will have the same effect as an **Against** vote and, as this is a routine matter, there will not be any broker non-votes. For approval of the advisory vote on executive compensation, an abstention will have the same effect as an **Against** vote, but a broker non-vote will not effect the vote outcome. Broker non-votes are proxies from brokers or other nominees indicating that such person has not received instructions from the beneficial owner or other person entitled to vote the shares that are the subject of the proxy on a particular matter with respect to which the broker or other nominee does not have discretionary voting power.

Q: What constitutes a quorum?

A: As of the record date for the Annual Meeting, 112,301,250 shares of common stock were issued and outstanding. A majority of the outstanding shares, present or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted in determining the presence of a quorum.

Q: Who can attend the Annual Meeting?

A: All stockholders of record as of March 16, 2015 can attend.

Q: Who pays for this proxy solicitation?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this Proxy Statement, the proxy card and any additional information we furnish to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by others to forward to these beneficial owners. We may

reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by our directors, officers or employees. We will not pay any additional compensation to directors, officers or employees for such services.

ELECTION OF DIRECTORS

There are currently nine directors on the Board, William C. Bayless, Jr., R.D. Burck, G. Steven Dawson, Cydney C. Donnell, Dennis G. Lopez, Edward Lowenthal, Oliver Luck, C. Patrick Oles, Jr. and Winston W. Walker, each of whom has been nominated as director. The employment agreement with Mr. Bayless provides that he will be nominated as a director. See Executive Compensation Employment Contracts. Directors elected at the Annual Meeting will hold office for a one-year term.

All nominees have consented to serve as directors. The Board has no reason to believe that any of the nominees will be unable to act as director. However, if a director is unable to stand for re-election, the Board may either reduce the size of the Board or the Nominating and Corporate Governance Committee may designate a substitute. If a substitute nominee is named, the proxies will vote for the election of the substitute.

Directors are elected by a majority of the votes cast at the Annual Meeting. Each share of our common stock is entitled to one vote for each of the nine director nominees. Cumulative voting is not permitted.

BOARD OF DIRECTORS

Board Composition

The Nominating and Corporate Governance Committee seeks directors with established strong professional reputations and experience in areas relevant to the strategy and operations of our business. Each of the nominees for election as a director at the Annual Meeting holds or has held senior executive positions in large, complex organizations and has experience that meets this objective, as described below. The Nominating and Corporate Governance Committee takes into account diversity considerations in determining the director nominees and planning for director succession and believes that, as a group, the nominees bring a diverse range of perspectives to the Board's deliberations. GOVERNANCE OF THE COMPANY

Board Independence and Meetings

Board Governance Documents. The Board maintains charters for all committees. In addition, the Board has adopted a written set of corporate governance guidelines and a code of business conduct and ethics. To view our committee charters, corporate governance guidelines and code of business conduct and ethics, please visit www.AmericanCampus.com. The Board has adopted and adheres to corporate governance practices that the Board and senior management believe promote the highest standards of integrity, are sound and represent best practices. The Board of Directors periodically reviews these governance practices, the rules and listing standards of the New York Stock Exchange and SEC regulations, as well as best practices suggested by recognized governance authorities.

Independence; Lead Independent Director. Currently, the Board has nine directors. The Board of Directors has determined, after considering all of the relevant facts and circumstances, that eight current directors (Messrs. Burck, Dawson, Lopez, Lowenthal, Oles, Luck and Walker and Ms. Donnell) are independent, as independence is defined by the New York Stock Exchange. This means that none of the independent directors has any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. As a result, the Board has a majority of independent directors on the Board as required by the listing requirements of the New York Stock Exchange. Mr. R.D. Burck serves as our Lead Independent Director.

Executive Sessions. Non-employee directors have regularly scheduled executive sessions in which they meet without the presence of management or management directors. These executive sessions typically occur after each regularly scheduled meeting of the Board of Directors. Any independent director may request that an additional executive session be scheduled. The presiding director of these executive sessions is Mr. Burck.

Meetings. The Board of Directors met six times in 2014. All directors attended at least 75% of the total number of meetings of the Board and committees, collectively, on which they served during 2014, except for Mr. Oles which missed the July 2014 meetings for a previous commitment he had prior to being elected to the Board in May 2014. All directors are encouraged to attend our Annual Meeting. All the persons then serving as members of the Board attended the 2014 Annual Meeting.

Board Leadership Structure

Since our IPO in 2004, we have separated the roles of Chief Executive Officer and Chairman of the Board. Currently, Mr. Burck serves as the Chairman of the Board and Mr. Bayless serves as a director and Chief Executive Officer. The Board of Directors believes this is the most appropriate structure for us at this time because it makes the best use of Mr. Burck's skills and experience gained over a distinguished career, including as chancellor of The University of Texas System and as an executive of Getty Oil Co.

Board's Role In Risk Oversight

The Board as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant committees that report on their deliberations to the Board. The oversight responsibility of the Board and its committees is enabled by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, regulatory, compliance, health, safety and environment, and reputational risks. The Board and its committees oversee risks associated with their respective principal areas of focus, as summarized below. Each committee meets in

executive session with key management personnel and representatives of outside advisors (for example, the head of Internal Audit meets in executive session with the Audit Committee).

Table of Contents

Board/Committee	Primary Areas of Risk Oversight
Full Board	Strategic, financial and execution risks and exposures associated with annual operating and long term strategic plans, major litigation and regulatory exposures and other current matters that may present material risk to our operations, plans, prospects or reputation; and acquisitions and divestitures (including through post-closing reviews).
Audit Committee	Risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosure, internal control over financial reporting, financial policies, investment guidelines and credit and liquidity matters.
Nominating and Corporate Governance Committee	Risks and exposures relating to programs and policies relating to corporate governance and succession planning.
Compensation Committee	Risks and exposures associated with leadership assessment and executive compensation programs and arrangements, including incentive plans.

Director Qualifications; Limits on Board Service

The Nominating and Corporate Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the then-current composition of the Board. This assessment includes, in addition to qualities of intellect, integrity and judgment, business experience and knowledge, reputation and character, issues of diversity, relevant industry and trade association knowledge and participation, accounting and financial expertise, public company experience, willingness and ability to devote the time and effort required to effectively serve on the Board and relevant legal and regulatory qualifications. The committee makes this determination in the context of an assessment of the perceived needs of the Board at that point in time. The committee evaluates all nominees for director based on these criteria, including nominees that may be recommended by stockholders.

The Board recognizes that its members benefit from service on the boards of other companies. We encourage that service but also believe it is critical that directors have the opportunity to dedicate sufficient time to their service on the Board. To that end, individuals who serve on more than six other public company boards will not normally be asked to join the Board unless the Board determines that such simultaneous service would not impair the ability of such individual to effectively serve on the Board.

Term Limits; Retirement Age

The Guidelines on Governance provide that, as a general matter, non-employee directors will not stand for election to a new term of service at any Annual Meeting following their 75th birthday. However, the Board may approve exceptions to this practice when it believes it is in our interest to do so. The Board has approved such exception with respect to Mr. Burck. The Board does not believe it should establish term limits for director service, instead preferring to rely upon the mandatory retirement age and the evaluation procedures described below as the primary methods of ensuring that each director continues to act in a manner consistent with the best interests of us, our stockholders and the Board. The Board believes that term limits have the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into our operations and, therefore, provide an increasing contribution to the Board as a whole.

Board and Committee Evaluations

Our Corporate Governance Guidelines require the Board and each committee of the Board to conduct an annual self-evaluation to determine whether the Board or respective committee is functioning effectively. The reviews focus on the performance of the entire Board or the respective committee. In connection with each annual performance evaluation, the Board or committee surveys and receives comments from each director or committee member regarding an assessment of the Board's or the committee's performance. The Board also reviews the Nominating and Corporate Governance Committee's recommendations concerning the performance and effectiveness of the

Table of Contents

Board and each of its committees. The Nominating and Corporate Governance Committee will also review the individual performance of a director as circumstances warrant.

Number of Directors; Director Vacancies

Our bylaws provide that at any regular meeting or at any special meeting called for that purpose, a majority of the entire Board of Directors may increase or decrease the number of directors, provided that there cannot be less than three directors. The tenure of office of a director will not be affected by any decrease in the number of directors. Our bylaws also provide that if any or all the directors cease to be directors, any vacancy, other than vacancies that result from an increase in the number of directors or from the removal of a director, may in general be filled solely by a majority of the remaining directors, even if the remaining directors do not constitute a quorum. Any vacancy that results from an increase in the number of directors constituting the entire Board of Directors may be filled by a majority of the entire Board of Directors. Any vacancy that results from the removal of a director may be filled either by a majority of the remaining directors or our stockholders. Any director elected to fill a vacancy will hold office until the next annual election of directors and until a successor is elected and qualified.

Stockholder Approval of Amendment of Our Charter and Bylaws and Transactions Outside the Ordinary Course of Business

Our charter, including its provisions on removal of directors, may be amended by the affirmative vote of the holders of at least a majority of all of the votes entitled to be cast on the matter. Our bylaws may be amended only by a majority of our directors.

Our charter provides that we may not merge with or into another entity, sell all or substantially all of our assets, engage in a share exchange or engage in similar transactions outside the ordinary course of our business unless the transaction or transactions are approved by the affirmative vote of the majority of all of the votes entitled to be cast on the matter, except if:

the merger will merge one of our 90% or more owned subsidiaries into us without amending our charter other than in limited respects and without altering the contract rights of the stock of the subsidiary (in which case only the approval of our Board of Directors and the board of directors of the subsidiary is necessary);

we are the successor corporation in a share exchange (in which case only the approval of our Board of Directors is necessary); or

we are the survivor in the merger and the merger does not change the terms of any class or series of our outstanding stock, or otherwise amend our charter, and the number of shares of stock of each class or series outstanding immediately before the merger does not increase by more than 20% of the number of shares of each such class or series of stock that was outstanding immediately prior to effectiveness of the merger (in which case only the approval of our Board of Directors is necessary).

Guidelines on Governance and Codes of Ethics

The Board has adopted Guidelines on Governance to address significant corporate governance issues. These guidelines provide a framework for our corporate governance initiatives and cover a variety of topics, including the

role of our Board, Board selection and composition, Board committees, Board operation and structure, Board orientation and evaluation, Board planning and oversight functions and stock ownership guidelines. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to the Board any changes to the guidelines.

The Board of Directors has also adopted a Code of Business Conduct and Ethics, which is designed to help officers, managers and employees resolve ethical issues in an increasingly complex business environment. It covers topics such as reporting unethical or illegal behavior, compliance with law, share trading, conflicts of interest, fair dealing, protection of our assets, disclosure of proprietary information, internal controls, personal community activities,

business records, communication with external audiences and obtaining assistance to help resolve ethical issues. The Board also adopted a Code of Ethical Conduct for Senior Financial Officers, which is applicable to our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions.

Stock Ownership Guidelines

To further support our goal of achieving a strong link between stockholders and directors, directors are encouraged to purchase and hold shares of our common stock with a market value equal to or greater than \$175,000 within four years of their election to the Board. Once a director meets the stock ownership guidelines, periodic market declines in the value of the Company's common stock will not adversely affect any previous determination by the Board that the stock ownership guidelines had been met by the director.

Management Succession

Pursuant to our Guidelines on Governance, the Board has undertaken appropriate succession planning for our chief executive officer and other executive officers, including policies and principles for selection and performance review for the chief executive officer, as well as policies regarding succession in case of emergency or the retirement of the chief executive officer. The Nominating and Corporate Governance Committee has reviewed our succession plans and reported on them to the Board.
