We started 2015 strongly, with both revenues and net income in line with our expectations. Our transformation into a comprehensive financial services platform with both wealth and asset management capabilities is gaining momentum. said Ms. Jingbo Wang, Co-founder, Chairwoman of the Board of Directors and Chief Executive Officer. Revenues for the quarter increased 43% year-over-year as we continued to improve our wealth and asset management franchise and acquired a significant number of high net worth, enterprise and family office clients. We also continued to diversify our product mix. Our internet finance platform has gained substantial traction since the end of 2014, with transaction value growing beyond our expectation and our number of enterprise clients increasing by over 56%.

Mr. Kenny Lam, Group President of Noah, said, Demand for international asset allocation continues to expand tremendously, as we build our wealth and asset management capabilities in Hong Kong. In addition to the strategic investments for our mainland China business, we are exploring deeper partnerships with international players for our services in Hong Kong. During 2015, we will improve our IT and operating systems across Noah to support our rapid growth for the next 3 to 5 years. We are confident that these initiatives will help cement our industry position, enhance our market share and set a firm foundation for future growth.

FIRST QUARTER 2015 FINANCIAL RESULTS

Net Revenues

Net revenues for the first quarter of 2015 were US\$71.8 million, a 42.9% increase from the corresponding period in 2014, primarily due to increases in one-time commission revenues, recurring service fees and performance-based income.

Wealth Management Business

Net revenues from one-time commissions for the first quarter of 2015 were US\$30.3 million, a 65.9% increase from the corresponding period in 2014, primarily due to an increase in the aggregate value of the wealth management products distributed by the Company and a shift towards products with higher average commission rates.

Net revenues from recurring service fees for the first quarter of 2015 were US\$21.7 million, an 8.2% increase from the corresponding period in 2014, mainly due to the cumulative effect of finance products previously distributed by the Company with chargeable recurring service fees.

Net revenues from other service fees for the first quarter of 2015 were US\$2.8 million, a 566.5% increase from the corresponding period in 2014, primarily consisting of performance-based income received for secondary equity market fund products distributed by the Company.

Asset Management Business

Net revenues from recurring service fees for the first quarter of 2015 were US\$12.9 million, a 19.0% increase from the corresponding period in 2014, primarily due to the increase in assets under management by the Company.

Net revenues from other service fees for the first quarter of 2015 were US\$2.6 million, primarily consisting of performance-based income received for managing funds of secondary equity market funds.

Internet Finance Business

Net revenues for the first quarter of 2015 were US\$1.5 million. Revenue from the internet finance business was presented as other service fees in periods prior to the fourth quarter of 2014.

Operating costs and expenses

Operating costs and expenses includes compensation and benefits, selling expenses, G&A expenses, other operating expenses and government subsidies. Operating cost and expenses for the first quarter of 2015 were US\$49.0 million, a 65.8% increase from the corresponding period in 2014.

Wealth Management Business

Operating costs and expenses for the first quarter of 2015 were US\$34.1 million, a 46.6% increase from the corresponding period in 2014.

Compensation and benefits includes compensation for relationship managers and back-office employees. Compensation and benefits for the first quarter of 2015 were US\$25.1 million, a 36.4% increase from the corresponding period in 2014. In the first quarter of 2015, relationship manager compensation increased by 42.3% from the corresponding period in 2014, reflecting an increase in the aggregate value of financial products they distributed. Other compensation for the first quarter of 2015 increased by 28.4% from the corresponding period in 2014 primarily due to an increase in the number of back-office employees.

Selling expenses for the first quarter of 2015 were US\$6.1 million, a 65.1% increase from the corresponding period in 2014, primarily due to increased general marketing expenses due to an increase in our marketing efforts, as well as increased employee expenses and consulting fees.

G&A expenses for the first quarter of 2015 were US\$2.2 million, a 6.1% increase from the corresponding period in 2014.

Other operating expenses include other costs incurred directly in relation to the Company's revenues. Other operating expenses for the first quarter of 2015 were US\$0.7 million, an increase of 55.2% from the corresponding period in 2014. The increase was primarily due to the growth of other businesses within the wealth management segment.

Government subsidies represent cash subsidies received from local governments for general corporate purposes. The Company received no government subsidies in the first quarter of 2015, compared to US\$1.3 million in the corresponding period in 2014.

Asset Management Business

Operating costs and expenses for the first quarter of 2015 were US\$9.1 million, a 69.9% increase from the corresponding period in 2014.

Compensation and benefits includes compensation of managers of institutional client relationships, fund managers and back-office employees. Compensation and benefits for the first quarter of 2015 were US\$6.4 million, a 26.3% increase from the corresponding period in 2014, primarily due to an increase in performance fee compensation to fund managers corresponding to the increase in performance-based income and the expansion of institutional business.

Selling expenses for the first quarter of 2015 were US\$0.4 million, a 15.5% decrease from the corresponding period in 2014.

G&A expenses for the first quarter of 2015 were US\$2.3 million, a 67.5% increase from the corresponding period in 2014, primarily driven by increased consulting fees and conference fees.

Government subsidies represent cash subsidies received from local governments for general corporate purposes. The Company received no government subsidies in the first quarter of 2015, compared to US\$1.5 million in the corresponding period in 2014.

Internet Finance Business

Operating costs and expenses represented the Company's expenses in human resources, marketing and internet infrastructure, as well as other expenses incurred in promoting the Company's internet finance business. Operating costs and expenses for the first quarter of 2015 were US\$5.8 million, primarily consisting of compensation and benefits of US\$3.8 million, selling expenses of US\$0.5 million, G&A expenses of US\$1.2 million and other operating expenses of US\$0.3 million.

Operating Margin

Operating margin for the first quarter of 2015 was 31.7%, as compared to 41.2% for the corresponding period in 2014.

Wealth Management Business

Operating margin for the first quarter of 2015 was 37.8%, compared to 40.1% for the corresponding period in 2014. The decrease was mainly because the Company received no government subsidies in the first quarter of 2015, compared to government subsidies of US\$1.3 million in the corresponding period in 2014.

Asset Management Business

Operating margin decreased to 41.2% for the first quarter of 2015 from 51.4% for the corresponding period in 2014. The decrease was primarily because the Company received no government subsidies in the first quarter of 2015, compared to government subsidies of US\$1.5 million in the corresponding period in 2014.

Internet Finance Business

Operating loss for the first quarter of 2015 was US\$4.4 million compared with US\$0.5 million for the corresponding period of the prior year.

Income Tax Expenses

Income tax expenses for the first quarter of 2015 were US\$6.1 million, a 9.5% increase from the corresponding period in 2014. The increase was primarily due to an increase in taxable income.

Net Income

Net Income

Net income attributable to Noah shareholders for the first quarter of 2015 was US\$21.2 million, a 25.5% increase from the corresponding period in 2014.

Net margin for the first quarter of 2015 was 28.7%, as compared to 34.8% for the corresponding period in 2014.

Net income per basic and diluted ADS for the first quarter of 2015 were US\$0.38 and US\$0.37, respectively, as compared to US\$0.30 and US\$0.30, respectively, for the corresponding period in 2014.

Non-GAAP Net Income Attributable to Noah Shareholders

Non-GAAP net income attributable to Noah shareholders for the first quarter of 2015 was US\$22.5 million, a 24.3% increase from the corresponding period in 2014.

Non-GAAP net margin for the first quarter of 2015 was 31.3%, as compared to 36.0% for the corresponding period in 2014.

Non-GAAP net income per diluted ADS for the first quarter of 2015 was US\$0.38, as compared to US\$0.32 for the corresponding period in 2014.

Balance Sheet and Cash Flow

As of March 31, 2015, the Company had US\$274.7 million in cash and cash equivalents, compared to US\$160.6 million as of March 31, 2014 and US\$282.1 million as of December 31, 2014.

Cash outflow from the Company's operating activities during the first quarter of 2015 was US\$8.6 million, primarily due to the payment of annual bonuses during the first quarter of 2015.

Edgar Filing: Noah Holdings Ltd - Form 6-K

Cash outflow from the Company's investing activities during the first quarter of 2015 was US\$70.7 million, primarily due to an increase in investments in affiliates and short-term investments.

Cash inflow from the Company's financing activities for the first quarter of 2015 was US\$71.7 million, primarily due to the issuance of US\$80 million in aggregate principal amount of convertible notes in February 2015, which was partially offset by the repayment of US\$8.1 million in bank loans in the first quarter of 2015.

2015 FORECAST

The Company reiterates its estimates that non-GAAP net income attributable to Noah shareholders for the full year 2015 is expected to be in the range of US\$90.0 million to US\$95.0 million, an increase of 15.9% to 22.3% compared to the full year 2014. This estimate reflects management’s current business outlook and is subject to change.

DISCUSSION OF NON-GAAP FINANCIAL MEASURES:

In addition to disclosing financial results prepared in accordance with U.S. GAAP, the Company’s earnings release contains non-GAAP financial measures that exclude the effects of all forms of share-based compensation. The reconciliation of these non-GAAP financial measures to the nearest GAAP measures is set forth in the table captioned Reconciliation of GAAP to Non-GAAP Results below.

The non-GAAP financial measures disclosed by the Company should not be considered a substitute for financial measures prepared in accordance with U.S. GAAP. The financial results reported in accordance with U.S. GAAP and reconciliation of GAAP to non-GAAP results should be carefully evaluated. The non-GAAP financial measure used by the Company may be prepared differently from, and therefore may not be comparable to, similarly titled measures used by other companies.

When evaluating the Company’s operating performance in the periods presented, management reviewed non-GAAP net income results reflecting adjustments to exclude the impacts of share-based compensation to supplement U.S. GAAP financial data. As such, the Company believes that the presentation of the non-GAAP net income, non-GAAP income per diluted ADS and non-GAAP net margin provides important supplemental information to investors regarding financial and business trends relating to the Company’s financial condition and results of operations in a manner consistent with that used by management. Pursuant to U.S. GAAP, the Company recognized significant amounts of expenses for the restricted shares and share options in the periods presented. The Company utilized the non-GAAP financial results to make financial results comparable period to period and to better understand its

historical business operations.
