PRELIMINARY SUBJECT TO COMPLETION

Dear Mylan N.V. Shareholders:

Over the past decade, Mylan N.V., a public limited liability company (naamloze vennootschap) organized and existing under the laws of the Netherlands (Mylan), has undergone a strategic transformation from a domestic generics company into a global leader in the pharmaceutical industry one with unprecedented scale in our operating platform, diversity in our portfolio, and significant control over the cost and quality of our products. In addition to the cultivation of numerous organic growth drivers, a key aspect of our transformation and growth has been meaningful participation in the ongoing consolidation of the global pharmaceutical industry. Mylan has been highly active in evaluating and acquiring strategic companies and assets within the industry that will effectively build on our operating platform and commercial presence, complement our existing strengths and capabilities, enhance our financial flexibility, strengthen our competitive position, and deliver additional value to our shareholders and other stakeholders, including employees, creditors, customers, suppliers, relevant patient populations and communities in which Mylan operates.

While many companies talk about their long term growth strategies, Mylan has followed through with a series of strategic acquisitions in recent years, including Matrix Laboratories and the generics business of Merck KGaA in 2007, Bioniche Pharma in 2010, Agila Specialties in 2013 and, most recently, Abbott Laboratories non-U.S. developed markets specialty and branded generics business earlier this year, resulting in increased revenues, synergies ahead of our target levels, robust growth in adjusted earnings per share and significant benefits to Mylan's shareholders and other stakeholders.

In furtherance of this strategy, Mylan identified Perrigo Company plc, a public limited company incorporated under the laws of Ireland (Perrigo), as an exceptional company and the right next strategic transaction for Mylan. We believe that the combination of Mylan and Perrigo would deliver to Mylan's and Perrigo's shareholders significantly greater near-term and long-term value than they could otherwise obtain on a standalone basis and would further the interests of Mylan's other stakeholders. The combination of Mylan and Perrigo demonstrates clear and compelling industrial logic and we expect this combination to result in a combined company that has complementary businesses and cultures, unmatched scale in its operations and ability to deliver products and services, one of the industry's broadest and most diversified portfolios, and immense reach across distribution channels around the world. We expect this unique infrastructure will be able to maximize evolving industry dynamics and capitalize on key trends.

Mylan and Perrigo had previously engaged in dialogue regarding a possible business combination and Mylan believes now is the opportune time to bring the two companies together. In recent weeks, Mylan has repeatedly offered to have

constructive discussions with Perrigo regarding its current offer for Perrigo, but Perrigo has refused to engage in discussions. Mylan continues to hope that it is possible to reach a consensual transaction with Perrigo; however, given the compelling nature of this transaction and Mylan's commitment to making this combination a reality, Mylan is moving forward to complete the transaction as quickly as possible. To that end, on April 24, 2015, Mylan issued a public announcement pursuant to Rule 2.5 of the Irish Takeover Rules (which Mylan updated and revised on April 29, 2015), setting forth our legally binding commitment to commence an offer to acquire all of the outstanding ordinary shares, par value \$0.001 per ordinary share of Perrigo ("Perrigo ordinary shares"), for (i) \$75.00 in cash, without interest and less any required withholding taxes, and (ii) 2.3 ordinary shares, nominal value \$0.01 per share, of Mylan ("Mylan ordinary shares") in exchange for each Perrigo ordinary share. The terms and conditions of this exchange offer for the Perrigo ordinary shares are set forth in the prospectus/offer to exchange that we filed with the Securities and Exchange Commission on June 19, 2015. As set forth in the Rule 2.5 announcement, Mylan has reserved the right, with the consent of the Irish Takeover Panel, to elect to implement the acquisition by way of a scheme of arrangement under Sections 449 to 455 of the Companies Act 2014 of Ireland. Mylan's offer reflects an effective implied value of \$232.23 per Perrigo ordinary share based on the closing price of a Mylan ordinary share on April 8, 2015, the first day of market reaction to Mylan's initial proposal to acquire Perrigo.

Table of Contents

Mylan is undertaking the acquisition of Perrigo (the Acquisition), including the issuance of Mylan ordinary shares to Perrigo ordinary shareholders as part of the consideration for the Acquisition (the Share Issuance and, together with the Acquisition, the Transaction), because we believe that the combination of Perrigo and Mylan is a compelling strategic fit, which will help Mylan accomplish a number of its goals. Specifically, the combination will result in a one-of-a-kind global healthcare company with a strong financial profile, including approximately \$15.3 billion in 2014 pro forma total revenues, meaningful cost savings and operational and other synergies, unmatched quality, scale, flexibility and vertical integration and a more diverse and powerful platform. Further, we believe that the market, taking into account all available information, recognizes the value of the proposed combination of Mylan and Perrigo, as evidenced by the increases in the closing trading prices of Mylan ordinary shares (to \$68.63) and Perrigo ordinary shares (to \$195.00) of 14.8% and 18.4%, respectively, between April 7, 2015 and April 8, 2015, the day we first publicly disclosed our offer for Perrigo.

Mylan currently anticipates that the Transaction will be accretive to Mylan's adjusted annual earnings per share by year four following the Transaction, assuming all anticipated synergies are fully realized. Although no assurance can be given that any particular level of cost savings, and operational and other synergies will be achieved, Mylan currently expects the combination will result in at least \$800 million of annual pre-tax operational synergies by the end of year four following the consummation of the Transaction. Mylan anticipates that the combination of Mylan and Perrigo will result in substantial free cash flows to drive rapid deleveraging and enhanced reinvestment into the business, with the combined company expected to maintain an investment grade credit rating.

Mylan anticipates the combination of Mylan and Perrigo will be a powerful and diversified platform. By combining these two businesses, which we believe to be highly complementary, the combined company will have a strong presence in key developed and emerging markets around the world, an attractive, diversified portfolio with critical mass across generics, OTC, specialty brands and nutritionals and a world-class operating platform. Mylan believes that this unique infrastructure will be able to maximize evolving industry dynamics and capitalize on key trends, including the unprecedented number of transfers of proven prescription drugs (Rx) to nonprescription (OTC) status (Rx to OTC switches) underway.

Following the Transaction, Mylan will have greater potential for continued expansion through business development and acquisitions across business lines. Each of Mylan and Perrigo have strong R&D capabilities, including broad technological capabilities across prescription, OTC and nutritionals products, and expertise in complex, difficult-to-formulate products, and Mylan believes that the combined company would continue to expand our pipeline and drive long-term growth.

In conclusion, Mylan is highly confident in its evaluation of the proposed acquisition of Perrigo, and that it will provide compelling strategic and financial value to Mylan's shareholders and other stakeholders.

We look forward to your full support.

Very truly yours,

Robert J. Coury Executive Chairman	Heather Bresch Chief Executive Officer

QUESTIONS AND ANSWERS ABOUT THE EXTRAORDINARY GENERAL MEETING AND VOTING

The following questions and answers are intended to address briefly some questions that you, as a Mylan shareholder, may have regarding Mylan's proposed acquisition of Perrigo and the matters being considered at the extraordinary general meeting. These questions and answers highlight only some of the information contained in this proxy statement. Mylan urges you to read carefully the entire proxy statement and the documents incorporated by reference into this proxy statement, because the information in this section does not provide all the important information with respect to the Transaction and the matters being considered at the extraordinary general meeting. See "Where You Can Find More Information" beginning on page 78 of this proxy statement.

Unless the context expressly provides otherwise, this proxy statement describes the rights of Mylan ordinary shareholders to attend and, if relevant, vote at the Mylan extraordinary general meeting of shareholders, including the procedures for convening the extraordinary general meeting and for Mylan ordinary shareholders exercising voting and other rights at such meeting. Additional or different rights, which are described in the Notice of Extraordinary General Meeting of Shareholders that accompanies this proxy statement, apply in respect of Mylan preferred shareholders.

Q: Why am I receiving this proxy statement?

A: You are receiving this proxy statement because you were a Mylan shareholder or beneficial owner of Mylan ordinary shares on the Record Date (as defined below) for the extraordinary general meeting. This proxy statement serves as the proxy statement through which the Board of Directors of Mylan (the "Mylan Board") will solicit proxies to obtain the necessary shareholder approval in connection with Mylan's proposed acquisition, directly or indirectly (whether by way of an offer (and subsequent compulsory acquisition) or any other legal arrangement) of all or any portion of the ordinary shares of Perrigo outstanding (on a fully diluted basis) as of the consummation of such acquisition (the "Acquisition") and the issuance of Mylan ordinary shares to Perrigo shareholders as part of the consideration for the Acquisition (the "Share Issuance" and, together with the Acquisition, the "Transaction").

Mylan is holding an extraordinary general meeting to obtain this approval. A: It is expected that, following the consummation of the Transaction (assuming the acquisition by Mylan of all Perrigo ordinary shares) holders of Mylan ordinary shares will own approximately 61% of the outstanding Mylan ordinary shares on a fully diluted basis, and former Perrigo shareholders will own approximately 39% of the outstanding Mylan ordinary shares on a fully diluted basis.

Q: What will the relationship be between Mylan and Perrigo after the consummation of the Transaction?

A: Following consummation of the Transaction (assuming the acquisition by Mylan of all Perrigo ordinary shares), Perrigo will be a wholly owned subsidiary of Mylan. Q: Who is entitled to vote at the extraordinary general meeting and how many votes do they have?

A: Dutch law provides that the record date for the extraordinary general meeting is required to be 28 days prior to the date of the extraordinary general meeting, which is [], 2015 (the "Record Date"). Unless the context otherwise requires, references to (a) Mylan ordinary shareholders refer to both (i) shareholders who on the Record Date are registered in the Register as holders of Mylan ordinary shares and (ii) others with meeting rights under Dutch law with respect to Mylan ordinary shares, who on the Record Date are registered as such in the Register, (b) Mylan preferred shareholders refer to both (i) shareholders who at the time of the Mylan extraordinary general meeting hold Mylan preferred shares (if

any) and (ii) others with meeting rights under Dutch law at the time of the Mylan extraordinary general meeting with respect to Mylan preferred shares (if any), and (c) Mylan shareholders refer to Mylan ordinary shareholders and Mylan preferred shareholders. The invitation to attend and vote at the extraordinary general meeting is being extended to such persons. Beneficial owners of Mylan ordinary shares are invited to attend the extraordinary general meeting and, if they obtain a legal proxy as described above, to vote at the extraordinary general meeting.

Q: What Proposal will be considered at the extraordinary general meeting?

A: Mylan shareholders are being asked to approve the following Proposal related to the Transaction:

Approval under article 2:107a of the Dutch Civil Code of the acquisition, directly or indirectly (whether by way of an offer (and subsequent compulsory acquisition) or any other legal arrangement), of all or any portion of the ordinary shares of Perrigo outstanding (on a fully diluted basis) as of the consummation of such acquisition (the Acquisition) and the issuance of Mylan ordinary shares to Perrigo shareholders (the Share Issuance) and, together with the Acquisition, the Transaction) as part of the consideration in the Acquisition (the Proposal).

Q: What vote is required to approve the Proposal?

A: Approval of the Proposal requires the affirmative vote of an absolute majority of the valid votes cast at the extraordinary general meeting, and a quorum of at least one-third of the issued shares. Abstentions and failures to vote (as described below) are not considered to be votes cast for purposes of determining if the Proposal has been approved.

Q: How many Mylan ordinary shares will Mylan's directors and officers be entitled to vote at the extraordinary general meeting? Do you expect them to vote in favor of the Proposal?

A: As of the close of business on [], 2015 (the last practicable date prior to the Record Date and the mailing of this proxy statement), approximately []% of the outstanding Mylan ordinary shares were held by Mylan directors and executive officers and their affiliates. We expect that Mylan's directors and executive officers will vote their shares in favor of the Proposal, although none of them has entered into any agreements obligating him or her to do so.

Q: Why is shareholder approval of the Transaction required?

A: Under Dutch law, resolutions of a company's board of directors regarding a significant change in the identity or nature of the company or its business must be approved at a general meeting. Such resolutions include the acquisition of a company or a stake in a company with a value of at least one-third of the assets of the company

(which assets are valued at approximately \$22 billion calculated based on the most recently adopted annual accounts plus the explanatory notes to that balance sheet and the financial information referred to therein). Based on Mylan's most recently adopted annual accounts, Perrigo is valued at greater than one-third of Mylan's assets. The approval of Mylan shareholders at a general meeting is therefore required to consummate the Acquisition. Also, under the NASDAQ listing rules, listed companies are required to obtain shareholder approval to issue, in connection with an acquisition, a number of ordinary shares that is greater than 20% of the company's total number of ordinary shares outstanding before the issuance. The approval of Mylan shareholders at a general meeting is therefore required to consummate the Share Issuance.

If any term of the Transaction described in this proxy statement changes, in a manner that we believe is material to our shareholders, we will make supplemental disclosures to inform you of the change and, if legally required, resolicit proxies from our shareholders. A change in per share consideration paid for a Perrigo ordinary share or the mix of cash and Mylan ordinary shares to be exchanged for a Perrigo ordinary share, a material new post-closing covenant made by Mylan and a material divestiture required to obtain a regulatory approval each is an example of a change in the terms of the Transaction for which we would make a supplemental disclosure.

Table of Contents

Q: What will happen if the Proposal is not approved?

A: If the Proposal is not approved, we will not be able to consummate the Acquisition or the Share Issuance.

Q: How does the Mylan Board recommend that I vote?

A: The Mylan Board unanimously approved the Acquisition and the Share Issuance. The Mylan Board unanimously recommends that the Mylan shareholders vote **FOR** the Proposal.

For more information regarding the recommendations of the Mylan Board, see The Proposal Approval of the Acquisition and the Share Issuance Recommendation of the Mylan Board beginning on page 36 of this proxy statement.

Q: How do I vote?

A: Mylan shareholders may cast their votes at the meeting or over the Internet, by submitting a proxy card or by calling a toll-free number in accordance with the instructions contained in this proxy statement.

If the ownership of your Mylan ordinary shares is reflected directly on the Register as of the Record Date and you vote by proxy, the individuals named on the enclosed proxy card will vote your Mylan ordinary shares in the manner you indicate. If you do not specify voting instructions, then the proxy will be voted in accordance with recommendations of the Mylan Board, as described in this proxy statement.

If you are a beneficial owner of Mylan ordinary shares and hold your shares in street name through a bank, broker, trust company or other nominee, the relevant institution will send you instructions describing the procedure for instructing the relevant institution as to how to vote the Mylan ordinary shares you beneficially own.

For more information about how to vote, please see The Extraordinary General Meeting Voting in Person and The Extraordinary General Meeting Voting of Proxies beginning on pages 33 and 34, respectively, of this proxy statement.

Q: If my shares are held in street name by my broker, will my broker automatically vote my shares for me?

A: No. If you hold your shares in street name, your broker, bank, trust company or other nominee cannot vote your shares on non-routine matters without instructions from you. The Proposal is considered a non-routine matter. You should instruct your broker, bank, trust company or other nominee as to how to vote your Mylan ordinary shares, following the directions from your broker, bank, trust company or other nominee provided to you. Please check the voting form used by your broker, bank, trust company or other nominee. If you do not provide your broker, bank, trust company or other nominee with instructions and your broker, bank, trust company or other nominee submits an unvoted proxy, your shares will not be counted for purposes of determining a quorum at the extraordinary general meeting and they will not be voted on the Proposal.

Edgar Filing: Mylan N.V. - Form PRER14A

Beneficial owners of Mylan ordinary shares held through a broker, bank, trust company or other nominee may not vote the underlying ordinary shares at the Mylan extraordinary general meeting of shareholders, unless they first obtain (where appropriate, through the relevant broker, bank, trust company or other nominee) a signed proxy card from the relevant shareholder who is registered in the Register as the holder on the Record Date of the underlying ordinary shares.

Q: What will happen if I fail to vote or I abstain from voting?

A: If you fail to vote by failing to submit a properly executed proxy card to Mylan, or to vote over the Internet or by calling a toll-free number, in accordance with the instructions contained in this proxy statement in a timely fashion or by failing to attend the extraordinary general meeting to vote in person (a failure to vote) or fail to instruct your broker, bank, trust company or other nominee to vote, it will have no effect on the Proposal. If you mark your proxy or voting instructions expressly to abstain or to cast a blank vote , it will also have no effect on the Proposal. However, please see the question below What constitutes a quorum? for information on the effects of failures to vote or abstentions with respect to the determination of a quorum. For the avoidance of doubt, if a Mylan shareholder returns a properly executed proxy card in a timely fashion without indicating how to vote on the Proposal (and without indicating expressly to abstain or to cast a blank vote), the Mylan ordinary shares represented by such proxy will be voted in favor of the Proposal in accordance with the recommendation of the Mylan Board, the vote will count for the purposes of determining the presence of a quorum, and it will not be considered a failure to vote.

Q: How will Mylan effect the proposed Acquisition?

A: We have made an offer to acquire all of the outstanding Perrigo ordinary shares directly from the Perrigo shareholders. Perrigo and its board of directors have not engaged with Mylan in substantive discussions about this offer. However, if the Perrigo board of directors later decides to recommend our offer to its shareholders, it is possible that we will agree with Perrigo to acquire all of the outstanding shares of Perrigo through a scheme of arrangement under Sections 449 to 455 of the Companies Act 2014 of Ireland. The Proposal gives us the flexibility to make this change without another shareholder vote.

Q: What constitutes a quorum?

A: For the Proposal one-third of the issued Mylan shares must be represented at the extraordinary general meeting to constitute a quorum. Abstentions, blank votes and invalid votes will be counted for purposes of determining the presence of a quorum (although they are considered to be votes that were not cast). Proxies returned by a broker, bank, trust company or other nominee as non-votes because they have not received voting instructions from the beneficial owners of the relevant Mylan ordinary shares will not be treated as shares present for purposes of determining the presence of a quorum. Failures to vote will not be counted for purposes of determining the presence of a quorum.

Q: What will happen if I return my proxy card without indicating how to vote?

A: If you return your properly executed proxy card in a timely fashion without indicating how to vote on the Proposal (and without indicating expressly to abstain or to cast a blank vote), the Mylan shares represented by your proxy will be voted in favor of the Proposal in accordance with the recommendation of the Mylan Board, the vote will count for the purposes of determining the presence of a quorum, and it will not be considered a failure to vote.

Q: Can I change my vote after I have returned a proxy card?

A: Yes. You can change your vote of your Mylan ordinary shares as indicated on your proxy card or revoke your proxy at any time prior to the Cut-Off Date. You can do this by (a) voting again by telephone or the Internet or (b) submitting another properly executed proxy card, dated as of a later date, either in writing (to be sent to Mylan's office address as set forth in the Notice of Extraordinary General Meeting of Shareholders to the attention of Mylan's Corporate Secretary). Alternatively, you may give notice of your attendance at the meeting (prior to the Cut-Off Date in the manner described above) and vote in person.

If your shares are held through and/or in street name by your broker, bank, trust company or other nominee, you should contact your broker, bank, trust company or other nominee to change your vote or revoke your voting instructions.

Table of Contents

Q: What happens if I transfer my Mylan ordinary shares before the extraordinary general meeting?

A: The Record Date for the extraordinary general meeting is earlier than the date of the extraordinary general meeting and the date that the Transaction is expected to be completed. If you transfer your Mylan ordinary shares after the Record Date, you will retain your right to attend and vote at the extraordinary general meeting.

Q: Where can I find the voting results of the extraordinary general meeting?

A: Mylan expects to announce the preliminary voting results at the extraordinary general meeting. In addition, within four business days following certification of the final voting results, Mylan intends to file the final voting results of the extraordinary general meeting with the Securities and Exchange Commission (the SEC) on Form 8-K.

Q: Are holders of Mylan shares entitled to appraisal rights?

A: No. Under the Dutch Civil Code, holders of Mylan shares do not have appraisal or dissenters' rights with respect to the Transaction.

Q: What do I need to do now?

A: Carefully read and consider the information contained in and incorporated by reference into this proxy statement and vote your shares either in person or by telephone, the internet or the use of a proxy card, as described in this proxy statement.

If you are a Mylan ordinary shareholder who on the Record Date is registered in the Register, in order for your ordinary shares to be represented at the extraordinary general meeting, you can:

attend the extraordinary general meeting in person;

vote through the Internet or by telephone in accordance with the instructions contained in this proxy statement; or

indicate on the enclosed proxy card how you would like to vote and return the proxy card in the accompanying pre-addressed postage paid envelope as described in this proxy statement.

If you are a beneficial owner of Mylan ordinary shares and hold your shares in street name through a bank, broker, trust company or other nominee, the relevant institution will send you instructions describing the procedure for instructing the relevant institution as to how to vote the Mylan ordinary shares you beneficially own.

If you wish to vote the Mylan ordinary shares you beneficially own directly either in person at the extraordinary general meeting of shareholders or by proxy, you must first obtain a signed legal proxy from the bank, broker, trust company or other nominee through which you beneficially own your Mylan ordinary shares.

Q: Are there any risks in connection with the Transaction that I should consider?

A: Yes. There are risks associated with the Transaction. These risks are discussed in more detail in the section entitled Risk Factors beginning on page 22 of this proxy statement.

The Transaction (see page 48)

Edgar Filing: Mylan N.V. - Form PRER14A

This proxy statement serves as the proxy statement through which Mylan will solicit proxies to obtain the necessary shareholder approval in connection with the Acquisition and the Share Issuance.

On April 24, 2015, we issued a public announcement pursuant to Rule 2.5 of the Irish Takeover Panel Act 1997, Takeover Rules 2013 (the Irish Takeover Rules) (which we updated and revised on April 29, 2015),

Table of Contents

setting forth our legally binding commitment to commence an offer to acquire all of the Perrigo ordinary shares for (i) \$75.00 in cash, without interest and less any required withholding taxes, and (ii) 2.3 Mylan ordinary shares, nominal value 0.01 per share, in exchange for each Perrigo ordinary share (the offer). Mylan's offer reflects an effective implied value of \$232.23 per Perrigo ordinary share based on the closing price of a Mylan ordinary share of \$68.36 on April 8, 2015, the first day of market reaction to Mylan's initial proposal to acquire Perrigo.

If the offer becomes or is declared wholly unconditional in all respects and we acquire 80% or more of the Perrigo ordinary shares, we intend to apply the provisions of Sections 456 to 460 of the Companies Act 2014 of Ireland to acquire compulsorily any outstanding Perrigo ordinary shares not acquired or agreed to be acquired pursuant to the offer or otherwise. In a compulsory acquisition, Perrigo shareholders will receive as consideration the same amount of cash and the same number of Mylan ordinary shares received by any Perrigo shareholder tendering in the offer. Alternatively, we may elect to implement the acquisition by way of a scheme of arrangement under Sections 449 to 455 of the Companies Act 2014 of Ireland.

Recommendation of the Mylan Board (see page 32)

The Mylan Board unanimously approved the Acquisition and the Share Issuance. The Mylan Board unanimously recommends that the Mylan shareholders vote **FOR** the Proposal.

Reasons for the Transaction (see page 43)

Mylan believes that Perrigo is the right next strategic transaction for Mylan and that the combination of Mylan and Perrigo demonstrates clear and compelling industrial logic and will generate significant value for our shareholders and other stakeholders through the creation of a one-of-a-kind global healthcare company that has complementary businesses and cultures, unmatched scale in its operations and ability to deliver products and services, one of the industry's broadest and most diversified portfolios, and immense reach across distribution channels around the world. This unique infrastructure will be able to maximize evolving industry dynamics and capitalize on key trends. We believe that the combination of Mylan and Perrigo would deliver to Mylan's and Perrigo's shareholders significantly greater near-term and long-term value than they could otherwise obtain on a standalone basis and further the interests of Mylan's other stakeholders and the sustainable success of Mylan's business.

More Diverse and Powerful Platform.

The businesses of Mylan and Perrigo are highly complementary. Mylan believes that the combined company will have a strong presence in key developed and emerging markets around the world, will open up new markets to Mylan products and provide a significant opportunity to optimize platforms in overlapping geographic regions.

Mylan expects the combined company will have an attractive, diversified portfolio with critical mass across generics, OTC, specialty brands and nutritionals.

Mylan anticipates the combined company will be a powerful commercial platform with strong reach across multiple channels, giving the combined company an increasingly important strategic advantage in light of the evolving distributor and payor dynamics across geographies.

Mylan believes the combined company would have a world-class operating platform, including an unrivaled combined manufacturing platform, renowned supply chain capabilities, vertical integration and global sourcing excellence with the cost advantages and flexibility to be a leading reliable source of high quality products around the world.

Table of Contents

Each of Mylan and Perrigo have strong and complementary R&D capabilities, including broad technological capabilities across prescription, OTC and nutritional products, a track record of success in securing approvals and expertise in complex, difficult-to-formulate products, and Mylan believes that the combined company would continue to expand our robust pipeline, bring hundreds of new products to market every year and drive long-term growth.

Mylan anticipates that the combined company will have greater potential for continued expansion through business development and acquisitions across business lines.

A Combined Company with a Strong Financial Profile.

The combination of Mylan and Perrigo will result in a stronger and more diverse platform with a strong financial profile, including approximately \$15.3 billion in 2014 pro forma total revenues.

Mylan currently anticipates that the Transaction will be accretive to the combined company's adjusted annual earnings per share by year four following the consummation of the Transaction, assuming all anticipated annual pre-tax operational synergies of at least \$800 million are fully realized.

Mylan anticipates that the combination of Mylan and Perrigo will result in substantial free cash flows to drive rapid deleveraging and enhanced reinvestment into the business, with the combined company expected to maintain an investment grade credit rating.

Meaningful Cost Savings and Other Synergies.

Mylan currently expects the combination of Mylan and Perrigo will result in at least \$800 million of annual pre-tax operational synergies by the end of year four following the consummation of the Transaction. This preliminary estimate is based on certain assumptions which are described beginning on page 50 of this proxy statement.

Certain Conditions of the Offer (see page 48)

The consummation of the offer is conditioned on, among other things:

Mylan receiving valid acceptances in respect of such number of Perrigo ordinary shares representing not less than 80% of the entire issued and unconditionally allotted (i.e., shares which a person has an unconditional right to have issued to him/her, but which have not yet been issued) Perrigo ordinary shares (calculated on a fully-diluted basis) (the acceptance threshold), provided that Mylan may, in its discretion, decide to lower the acceptance threshold to such number of Perrigo ordinary shares representing more than 50% of the voting rights then exercisable at a general meeting of Perrigo shareholders (being the minimum level of acceptances permissible for a successful tender offer under the Irish Takeover Rules);

Mylan shareholders having approved the Proposal;

there being no share buyback, redemption or reduction in respect of Perrigo ordinary shares;

there being no distributions or dividends with respect to Perrigo ordinary shares;

there being no acquisitions or disposals, joint ventures or similar transactions by Perrigo;

no resolution being passed at a shareholder meeting of Perrigo to approve any transaction for the purposes of Rule 21 of the Irish Takeover Rules;

Perrigo taking no frustrating action (within the meaning of Rule 21 of the Irish Takeover Rules);

Table of Contents

to the extent applicable to the offer or its implementation, all notifications and filings, where necessary, having been made and all applicable waiting periods (including any extensions thereof) under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, of the United States and the rules and regulations thereunder (the HSR Act) having been terminated or having expired (in each case in connection with the offer) or a final decision to clear or approve the consummation of the Acquisition contemplated by the offer under the HSR Act having been obtained, irrespective of the conditions attaching thereto, in each case prior to the latest time the offer may become or be declared wholly unconditional as to acceptances in accordance with the Irish Takeover Rules (the HSR Condition);

to the extent that Council Regulation (EC) No. 139/2004 (the EU Merger Regulation) is applicable to the offer or its implementation, the European Commission deciding that the proposed transaction is compatible with the relevant provisions of the EU Merger Regulation, and the terms or conditions to which any such decision is or may be subject being acceptable to Mylan; and

apart from the immediately preceding conditions, all other necessary or appropriate permits, approvals, clearances and consents of, or filings with, any governmental regulatory authority having been procured or made, as applicable, all necessary or appropriate waiting and other time periods (including any extensions thereof) under any applicable legislation or regulation of any jurisdiction having expired, lapsed or having been terminated (as appropriate), and no governmental authority, regulatory body, court or tribunal having decided to take or having done or decided to do anything which would or would reasonably be expected to make the Acquisition void, illegal or unenforceable or to materially delay the ability of Mylan, or render Mylan unable, to acquire some or all of the Perrigo ordinary shares.

Mylan has reserved the right to waive certain conditions to the consummation of the offer. Mylan may not assert any condition to the offer (other than the acceptance condition or the EU Merger Regulation condition) unless the circumstances that give rise to such assertion are of material significance to Mylan in the context of the offer, and the Irish Takeover Panel has agreed that this is the case.

Financing of the Acquisition (see page 52)

The Acquisition is not subject to any financing condition or contingency. We expect to use the borrowings from a new bridge credit facility of approximately \$12.5 billion to finance the Acquisition to the extent that the cash portion of the consideration being paid as part of the Acquisition is not funded from our own resources and/or alternative funding sources.

Accounting Treatment (see page 49)

Mylan will account for the acquisition of Perrigo ordinary shares using the acquisition method of accounting for business combinations. In determining the acquirer for accounting purposes, Mylan considered the factors required under FASB Accounting Standards Codification (ASC), Business Combinations, which is referred to as ASC 805, and determined that Mylan will be considered the acquirer for accounting purposes.

Regulatory Approvals; Certain Other Legal Matters (see page 51)

The making of the offer to acquire all of the outstanding Perrigo ordinary shares is pre-conditioned on one of the following having occurred: (i) the expiration or termination of all applicable waiting periods (including any extensions thereof) under the HSR Act, (ii) a final decision to clear or approve the consummation of the Acquisition under the

HSR Act having been obtained, irrespective of the conditions attaching thereto, or (iii) September 13, 2015 (the HSR Pre-Condition). Mylan reserves the right to waive the HSR Pre-Condition and commence the offer, but if Mylan waives the HSR Pre-Condition or the HSR Pre-Condition is satisfied pursuant to clause (iii) above, the consummation of the offer will remain subject to the HSR Condition.

Table of Contents

Risk Factors (see page 22)

The Transaction is, and if the Transaction is consummated, Mylan will be, subject to a number of risks which you should carefully consider when deciding whether to vote to approve the Proposal.

Risks Related to Mylan following Completion of the Transaction

IF COMPLETED, THE TRANSACTION MAY NOT ACHIEVE THE INTENDED BENEFITS OR MAY DISRUPT MYLAN'S PLANS AND OPERATIONS.

We cannot assure you that Mylan will be able to successfully integrate the business of Perrigo with the business of Mylan or otherwise realize the expected benefits of the Transaction. Mylan's ability to realize the anticipated benefits of the Transaction will depend, to a large extent, on Mylan's ability to integrate Perrigo with the business of Mylan and realize the benefits of the combined business. The combination of two independent businesses is a complex, costly and time-consuming process. Mylan's business may be negatively impacted following the Transaction if it is unable to effectively manage its expanded operations. The integration will require significant time and focus from management following the Transaction and may divert attention from the day-to-day operations of the combined business. Additionally, consummation of the Transaction could disrupt current plans and operations, which could delay the achievement of Mylan's strategic objectives.

The expected synergies and operating efficiencies of the Transaction may not be fully realized, which could result in increased costs and have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price. In addition, the overall integration of the businesses may result in material unanticipated problems, expenses, liabilities, competitive responses, loss of customer relationships, and diversion of management's attention, among other potential adverse consequences. The difficulties of combining the operations of the businesses include, among others:

the diversion of management's attention to integration matters;

difficulties in achieving anticipated synergies, operating efficiencies, business opportunities, and growth prospects from combining Perrigo with Mylan;

difficulties in the integration of operations and systems, including enterprise resource planning systems;

difficulties in the integration of employees;

difficulties in managing the expanded operations of a significantly larger and more complex company;

challenges in keeping existing customers and obtaining new customers; and

challenges in attracting and retaining key personnel.

Many of these factors will be outside of Mylan's control and any one of them could result in increased costs, decreased revenues, and diversion of management's time and energy, which could have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price. In addition, even if the operations of Mylan and Perrigo are integrated successfully, Mylan may not realize the full anticipated benefits of the Transaction, including the synergies, operating efficiencies, or sales or growth opportunities. These benefits may not be achieved within the anticipated time frame or at all. All of these factors could cause dilution to the earnings per share of the combined business, decrease or delay the expected accretive effect of the Transaction, and/or negatively impact the price of the ordinary shares of the combined business.

Table of Contents

IF GOODWILL OR OTHER INTANGIBLE ASSETS THAT MYLAN RECORDS IN CONNECTION WITH THE TRANSACTION BECOME IMPAIRED, MYLAN COULD HAVE TO TAKE SIGNIFICANT CHARGES AGAINST EARNINGS.

In connection with the accounting for the Transaction, Mylan expects to record a significant amount of goodwill and other intangible assets. Under U.S. GAAP, Mylan must assess, at least annually, whether the value of goodwill and other intangible assets has been impaired. Amortizing intangible assets will also be assessed for impairment in the event of an impairment indicator. Any reduction or impairment of the value of goodwill or other intangible assets will result in a charge against earnings, which could have a material adverse effect on Mylan's business, financial condition, results of operations, shareholder's equity, and/or share price.

AN INABILITY TO IDENTIFY OR SUCCESSFULLY BID FOR SUITABLE ACQUISITION TARGETS, OR CONSUMMATE AND EFFECTIVELY INTEGRATE RECENT AND FUTURE POTENTIAL ACQUISITIONS, OR TO EFFECTIVELY DEAL WITH AND RESPOND TO UNSOLICITED BUSINESS PROPOSALS, COULD LIMIT MYLAN'S FUTURE GROWTH AND HAVE A MATERIAL ADVERSE EFFECT ON MYLAN'S BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS, CASH FLOWS, AND/OR SHARE PRICE.

After the consummation of the Transaction, Mylan intends to continue to seek to expand its product line and/or business platform organically as well as through complementary or strategic acquisitions of other companies, products, or assets or through joint ventures, licensing agreements, or other arrangements. Acquisitions or similar arrangements may prove to be complex and time-consuming and require substantial resources and effort. Mylan may compete for certain acquisition targets with companies having greater financial resources than Mylan or other advantages over Mylan that may hinder or prevent Mylan from acquiring a target company or completing another transaction, which could also result in significant diversion of management time, as well as substantial out-of-pocket costs.

If an acquisition is consummated, the integration of such acquired business, product, or other assets into Mylan may also be complex, time consuming, and result in substantial costs and risks. The integration process may distract management and/or disrupt Mylan's ongoing businesses, which may adversely affect Mylan's relationships with customers, employees, partners, suppliers, regulators, and others with whom Mylan has business or other dealings. In addition, there are operational risks associated with the integration of acquired businesses. These risks include, but are not limited to, difficulties in achieving or inability to achieve identified or anticipated financial and operating synergies, cost savings, revenue synergies, and growth opportunities; difficulties in consolidating or inability to effectively consolidate information technology and manufacturing platforms, business applications, and corporate infrastructure; the impact of pre-existing legal and/or regulatory issues, such as quality and manufacturing concerns, among others; the risks that the acquired business does not operate to the same quality, manufacturing, or other standards as Mylan does; the impacts of substantial indebtedness and assumed liabilities; challenges associated with operating in new markets; and the unanticipated effects of export controls, exchange rate fluctuations, domestic and foreign political conditions, and/or domestic and foreign economic conditions.

In addition, in April 2015 we received an unsolicited non-binding expression of interest from a large competitor to acquire all of our outstanding shares and may receive similar proposals in the future. Such unsolicited business proposals may not be consistent with or enhancing to our financial, operational, or market strategies (which we believe have proven to be successful), may not further the interests of our shareholders and other stakeholders, including employees, creditors, customers, suppliers, relevant patient populations and communities in which Mylan operates and may jeopardize the sustainable success of Mylan's business. However, the evaluation of and response to such unsolicited business proposals may nevertheless distract management and/or disrupt our ongoing businesses,

which may adversely affect our relationships with customers, employees, partners, suppliers, regulators, and others with whom we have business or other dealings.

Mylan may be unable to realize synergies or other benefits, including tax savings, expected to result from acquisitions, joint ventures, or other transactions or investments Mylan may undertake, or Mylan may be unable

Table of Contents

to generate additional revenue to offset any unanticipated inability to realize these expected synergies or benefits. Realization of the anticipated benefits of acquisitions or other transactions could take longer than expected, and implementation difficulties, unforeseen expenses, complications and delays, market factors, or deterioration in domestic and global economic conditions could reduce the anticipated benefits of any such transactions. Mylan also may inherit legal, regulatory, and other risks that occurred prior to the acquisition, whether known or unknown to Mylan.

Any one of these challenges or risks could impair Mylan's growth and ability to compete, require Mylan to focus additional resources on integration of operations rather than more profitable activities, require Mylan to reexamine its business strategy, or otherwise cause a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price.

MYLAN'S ACTUAL FINANCIAL POSITION AND RESULTS OF OPERATIONS MAY DIFFER MATERIALLY FROM THE UNAUDITED PRO FORMA FINANCIAL INFORMATION INCLUDED IN THIS PROXY STATEMENT.

The unaudited pro forma financial information contained in this proxy statement is presented for illustrative purposes only and may not be an indication of what Mylan's financial position or results of operations would have been had the Transaction been completed on the dates indicated. The unaudited pro forma financial information has been derived from the consolidated financial statements of Mylan and Perrigo and certain adjustments and assumptions have been made regarding Mylan after giving effect to the Transaction. The information upon which these adjustments and assumptions have been made is preliminary, and these kinds of adjustments and assumptions are difficult to make with complete accuracy. For example, the unaudited pro forma financial information does not reflect all costs that are expected to be incurred by Mylan in connection with the Transaction. In addition, the final amount of any charges relating to acquisition accounting adjustments that Mylan may be required to record will not be known until following the closing of the Transaction, in particular because Mylan does not currently have any access to information related to Perrigo beyond what Perrigo has made publicly available, and as a result Mylan's estimates of fees and expenses that may be incurred by Perrigo in connection with the business combination are inherently imprecise. Accordingly, the actual financial position and results of operations of Mylan following the Transaction may not be consistent with, or evident from, this unaudited pro forma financial information. In addition, the assumptions used in preparing the unaudited pro forma financial information may not prove to be accurate, and other factors may affect Mylan's business, financial condition, results of operations, cash flows, and/or share price following closing, including, among others, those described herein. See Unaudited Pro Forma Condensed Combined Financial Information beginning on page 57 of this proxy statement.

MYLAN WILL NEED TO TIMELY AND EFFECTIVELY IMPLEMENT ITS INTERNAL CONTROLS OVER PERRIGO'S OPERATIONS AS REQUIRED UNDER THE SARBANES-OXLEY ACT OF 2002.

Following the consummation of the Transaction, Mylan will need to timely and effectively implement its own internal controls and procedures over Perrigo necessary for Mylan to satisfy the requirements of Section 404 of the Sarbanes-Oxley Act of 2002, including the requirements to provide an annual management assessment of the effectiveness of internal controls over financial reporting and a report by Mylan's independent registered public accounting firm addressing these assessments. Mylan intends, to the extent necessary, to take appropriate measures to establish or implement an internal control environment at Perrigo so that Mylan meets the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. However, it is possible that Mylan may experience delays in implementing or will be unable to implement the required internal financial reporting controls and procedures with respect to Perrigo. In addition, in connection with the attestation process required under the Sarbanes-Oxley Act of 2002 by Mylan's independent registered public accounting firm, Mylan may encounter problems or delays in completing the

implementation of any requested improvements or receiving a favorable attestation. If Mylan cannot favorably assess the effectiveness of its internal controls over financial reporting, or if Mylan's independent registered public accounting firm is unable to provide an unqualified attestation report, there could be a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price.

Table of Contents

ALTHOUGH MYLAN CURRENTLY EXPECTS THAT THE TRANSACTION WILL BE ACCRETIVE, THE TRANSACTION, ONCE COMPLETED, MAY NOT BE ACCRETIVE AND MAY CAUSE DILUTION TO MYLAN'S ADJUSTED EARNINGS PER SHARE, WHICH MAY NEGATIVELY AFFECT THE MARKET PRICE OF MYLAN ORDINARY SHARES.

Mylan currently expects that the Transaction will be accretive to its adjusted annual earnings per share by year four following consummation of the Transaction, assuming all anticipated annual pre-tax operational synergies of at least \$800 million are fully realized. This preliminary estimate of synergies is based on certain assumptions (which are described on page 53 of this proxy statement) and may change materially. Mylan could also encounter additional transaction-related costs or other factors such as the failure to realize all of the benefits anticipated in the Transaction or the difficulty of managing a larger company. All of these factors could cause dilution to Mylan's adjusted earnings per share or decrease or delay the expected accretive effect of the Transaction and cause a decrease in the market price of Mylan ordinary shares.

MYLAN WILL INCUR SIGNIFICANT TRANSACTION-RELATED COSTS IN CONNECTION WITH THE TRANSACTION, WHICH COULD HAVE A MATERIAL ADVERSE EFFECT ON MYLAN'S BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS, CASH FLOWS AND/OR SHARE PRICE.

Mylan will incur significant transaction costs relating to the Transaction, including legal, accounting, financial advisory, regulatory, and other expenses which could have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows and/or share price. Many of these expenses are payable by Mylan whether or not the Transaction is completed. Most of these expenses will be comprised of transaction costs related to the Transaction, and the bridge loan credit facility. Mylan will also incur transaction fees and costs related to formulating integration plans. These fees and costs may be higher or lower than estimated. Additional unanticipated costs may be incurred in the integration of the two companies' businesses. Although Mylan expects that the elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses, should allow Mylan to offset incremental transaction-related costs over time, this net benefit may not be achieved in the near term, or at all.

MYLAN WILL INCUR A SUBSTANTIAL AMOUNT OF INDEBTEDNESS TO ACQUIRE THE PERRIGO ORDINARY SHARES PURSUANT TO THE TRANSACTION.

In connection with the Transaction, Mylan has entered into a new bridge loan credit facility of approximately \$12.5 billion to fund the cash portion of the consideration of the Transaction. Mylan cannot guarantee that it will be able to generate sufficient cash flow to make all of the principal and interest payments under this indebtedness when such payments are due or that it will be able to refinance such indebtedness on favorable terms, or at all. The failure to so repay or refinance such indebtedness when due could have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price.

DISRUPTION IN THE FINANCIAL MARKETS COULD AFFECT MYLAN'S ABILITY TO REFINANCE THE BRIDGE LOAN CREDIT FACILITY ON FAVORABLE TERMS, OR AT ALL.

If and to the extent drawn, the bridge loan credit facility must be repaid within 364 days with respect to the \$11.0 billion Tranche A Loan and within six months with respect to the approximately \$1.5 billion Tranche C Loan, in each case after the loans are funded. Mylan anticipates refinancing, or obtaining alternative financing to repay, the bridge loan credit facility. Disruptions in the commercial credit markets or uncertainty in the United States, European Union or elsewhere could result in a tightening of financial markets. As a result of financial market turmoil or other economic, financial or commercial factors, Mylan may not be able to obtain alternate financing in order to repay the

bridge loan credit facility or refinance the bridge loan facility on favorable terms, or at all.

If Mylan is unable to successfully obtain alternative financing or refinance the bridge loan credit facility on favorable terms and conditions (including, but not limited to, pricing and other fee payments), this could result in additional costs to Mylan. If Mylan is unable to obtain alternate financing or refinance at all, the outstanding

Table of Contents

amounts under the bridge loan credit facility must be repaid within 364 days with respect to the \$11.0 billion Tranche A Loan and within six months with respect to the approximately \$1.5 billion Tranche C Loan, in each case after the loans are funded. The failure to so repay or refinance such indebtedness when due could have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows and/or share price.

MYLAN WILL HAVE SIGNIFICANT ADDITIONAL INDEBTEDNESS WHICH COULD ADVERSELY AFFECT OUR FINANCIAL POSITION AND PREVENT US FROM FULFILLING OUR OBLIGATIONS WITH RESPECT TO SUCH INDEBTEDNESS. ANY REFINANCING OF THIS DEBT COULD BE AT SIGNIFICANTLY HIGHER INTEREST RATES. MYLAN'S SUBSTANTIAL INDEBTEDNESS COULD LEAD TO ADVERSE CONSEQUENCES.

Mylan's increased indebtedness following the consummation of the Transaction could have adverse consequences, including but not limited to:

increasing our vulnerability to general adverse economic and industry conditions;

requiring us to dedicate a substantial portion of our cash flow from operations to make debt service payments, thereby reducing the availability of cash flow to fund working capital, capital expenditures, acquisitions and investments and other general corporate purposes;

limiting our flexibility in planning for, or reacting to, challenges and opportunities, and changes in our businesses and the markets in which we operate;

limiting our ability to obtain additional financing to fund our working capital, capital expenditures, acquisitions and debt service requirements and other financing needs;

increasing our vulnerability to increases in interest rates in general because a substantial portion of our indebtedness bears interest at floating rates; and

placing us at a competitive disadvantage to our competitors that have less debt.

In addition, although the combined company is expected to maintain an investment grade credit rating, Mylan's increased indebtedness following the consummation of the Transaction could result in a downgrade in the credit rating of Mylan or any indebtedness of Mylan or its subsidiaries, which could increase the cost of further borrowings or refinancings of such indebtedness, limit access to sources of financing in the future or lead to other adverse consequences.

The terms of Mylan's indebtedness today impose, and any additional indebtedness we incur in the future may impose, significant operating and financial restrictions on us. These restrictions limit our ability to, among other things, incur additional indebtedness, make investments, pay certain dividends, prepay other indebtedness, sell assets, incur certain liens, enter into agreements with our affiliates and our subsidiaries' ability to pay dividends, merge or consolidate. In addition, certain of our credit facilities and our accounts receivable securitization facility, as well as certain

agreements governing Perrigo's indebtedness, require us to maintain specified financial ratios. A breach of any of these covenants or our inability to maintain the required financial ratios could result in a default under the related indebtedness. If a default occurs, the relevant lenders could elect to declare our indebtedness, together with accrued interest and other fees, to be immediately due and payable. These factors could have a material adverse effect on our business, financial condition, results of operations, cash flows, and/or share price.

LOSS OF KEY PERSONNEL COULD LEAD TO LOSS OF CUSTOMERS, BUSINESS DISRUPTION, AND A DECLINE IN REVENUES, ADVERSELY AFFECT THE PROGRESS OF PIPELINE PRODUCTS, OR OTHERWISE ADVERSELY AFFECT THE OPERATIONS OF MYLAN.

Mylan's success after the Acquisition will depend in part upon its ability to retain key employees of Mylan and Perrigo. Prior to and following the Acquisition, employees of Mylan and Perrigo might experience

Table of Contents

uncertainty about their future roles with Mylan following the consummation of the Acquisition, which might adversely affect Mylan's ability to retain key managers and other employees of both companies. Competition for qualified personnel in the pharmaceutical industry is very intense. Mylan may lose key personnel or may be unable to attract, retain, and motivate qualified individuals or the associated costs to Mylan may increase significantly, which could have a material adverse effect on the business, financial condition, results of operations, cash flows, and/or share price of Mylan.

Risks Related to the Transaction

THE EXCHANGE RATIO FOR THE SHARE PORTION OF THE TRANSACTION CONSIDERATION DOES NOT INCLUDE AN ADJUSTMENT MECHANISM. BECAUSE THE MARKET PRICE OF MYLAN ORDINARY SHARES MAY FLUCTUATE, YOU CANNOT BE SURE OF THE MARKET VALUE OF THE MYLAN ORDINARY SHARES THAT WILL BE ISSUED IN CONNECTION WITH THE TRANSACTION.

Each Perrigo ordinary share that is acquired in the Transaction will be exchanged for (i) \$75.00 in cash, without interest and less any required withholding taxes, and (ii) 2.3 Mylan ordinary shares. The exchange ratio for the share portion of the Transaction consideration does not include an adjustment mechanism will not be adjusted in case of any increases or decreases in the price of Mylan ordinary shares or Perrigo ordinary shares. The market value of the Mylan ordinary shares that tendering Perrigo shareholders will receive in the Transaction will depend on the market value of Mylan ordinary shares at the time tendered shares are exchanged and could vary significantly from the market value of Mylan ordinary shares as of the date of this proxy statement.

Changes in the price of Mylan ordinary shares may result from a variety of factors, including general market and economic conditions, changes in Mylan's business, operations and prospects, regulatory considerations, market reaction to the Transaction and related developments and as a result of the risks described in the section of this proxy statement entitled "Risk Factors" beginning on page 22 of this proxy statement. Many of these factors are beyond the control of Mylan. If the price of Mylan ordinary shares increases, Perrigo shareholders will receive greater value for their shares upon consummation of the Transaction than the value calculated pursuant to the exchange ratio on the date the Transaction was announced. Because the Acquisition may not be completed until certain conditions have been satisfied or waived (see "The Transaction" Certain Conditions of the Offer" beginning on page 48 of this proxy statement), a significant period of time may pass between the commencement of the Transaction and the time that Mylan accepts Perrigo ordinary shares for exchange.

Therefore, at the time you approve the Transaction, you will not know the exact market value of the Mylan ordinary shares that will be issued if the Transaction is consummated. See "Comparative Market Price and Dividend Information" beginning on page 21 of this proxy statement for the historical high and low sales prices of Mylan ordinary shares and Perrigo ordinary shares, as well as the historical cash dividends per Mylan ordinary share and Perrigo ordinary share, respectively.

You are urged to obtain current market quotations for Mylan ordinary shares and Perrigo ordinary shares when you consider whether to approve the Transaction.

FAILURE TO ACQUIRE 100% OF THE PERRIGO ORDINARY SHARES MAY AFFECT OUR ABILITY TO COMPLETE ANY POST-CLOSING RESTRUCTURING OF PERRIGO AND ITS SUBSIDIARIES. THIS COULD REDUCE OR DELAY THE OPERATIONAL OR OTHER SYNERGIES TO MYLAN.

The offer is conditional upon valid acceptances of our offer being received (and, where permitted, not withdrawn) of not less than 80% of Perrigo ordinary shares (on a fully diluted basis), but this percentage may be reduced by Mylan

to any number of Perrigo shares representing more than 50% of the voting rights therein exercisable at a general meeting of Perrigo. Were this percentage to be reduced, we could complete the Acquisition but would not be able to acquire compulsorily the remaining Perrigo ordinary shares we do not own. We would then be entitled to exercise control of Perrigo and affect the composition of Perrigo's board of directors. However, depending on the percentage of outstanding Perrigo ordinary shares acquired, it may take

Table of Contents

longer and be more difficult to complete any post-closing restructuring, and the full amount of the expected operational and other synergies identified for Mylan may not be obtained or may only be obtained over a longer period of time. In addition, if we own less than 100% of Perrigo after completion of the Transaction, we may not be able to carry out joint cash pooling or other intra-company transactions with Perrigo and its subsidiaries on favorable terms or at all. This may adversely affect our ability to achieve the expected amount of operational and other synergies after the Transaction is completed.

ALTHOUGH MYLAN HAS COMMITTED TO MAKE ANY AND ALL DIVESTITURES AND OTHER SUBSTANTIVE ACTIONS, NECESSARY OR REQUIRED, IN ORDER TO CLEAR OR APPROVE THE ACQUISITION UNDER THE HSR ACT, MYLAN MUST OBTAIN REQUIRED APPROVALS AND CONSENTS TO CONSUMMATE THE TRANSACTION, WHICH, IF DELAYED OR NOT GRANTED, MAY JEOPARDIZE OR DELAY THE CONSUMMATION OF THE TRANSACTION, RESULT IN ADDITIONAL EXPENDITURES OF MONEY AND RESOURCES, AND/OR REDUCE THE ANTICIPATED BENEFIT OF THE TRANSACTION.

The Transaction is subject to customary closing conditions. These closing conditions include, among others, the effectiveness of the registration statement to register the issuance of the Mylan ordinary shares in the Share Issuance and the receipt of the relevant approvals under the antitrust and competition laws of certain countries under which filings or approvals are required. Mylan has committed to take all actions, including making regulatory submissions, responding to information requests and doing everything necessary to obtain a decision from the U.S. Federal Trade Commission, including making any and all divestitures and other substantive actions necessary or required in order to ensure the HSR Pre-Condition is satisfied.

The governmental agencies from which Mylan will seek certain of these approvals have broad discretion in administering the governing regulations. As a condition to their approval of the Transaction, agencies may impose requirements, limitations, or costs or require divestitures or place restrictions on the conduct of Mylan's businesses after closing. These requirements, limitations, costs, divestitures, or restrictions could delay the consummation of the Transaction or may reduce the anticipated benefits of the Transaction. Further, no assurance can be given that the required closing conditions will be satisfied, and, if all required consents and approvals are obtained and the closing conditions are satisfied, no assurance can be given as to the terms, conditions, and timing of the consents and approvals. Pursuant to the legally binding process under the Irish Takeover Rules to commence its offer for Perrigo in order to effect the Acquisition, Mylan is generally required to commit to take, and take, any and all steps necessary to avoid or eliminate impediments or objections, if any, that may be asserted by governmental agencies from which Mylan seeks consents or approvals, including any divestitures needed to obtain any antitrust or competition approvals, provided, in the case of any non-U.S. antitrust and competition approvals, it is a condition to the Acquisition that the terms and conditions of such antitrust and competition approvals must be acceptable or reasonably satisfactory to Mylan. Although we do not expect that any required divestitures will be material to the combined company, we cannot assure you that no such divestitures will be material. If Mylan agrees to any material requirements, limitations, costs, divestitures, or restrictions in order to obtain any approvals required to consummate the Acquisition these requirements, limitations, costs, divestitures or restrictions could adversely affect Mylan's ability to integrate Mylan's operations with Perrigo or reduce the anticipated benefits of the Acquisition. This could delay the consummation of the Acquisition or have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price. For a more detailed description of the regulatory approvals required in the Transaction, see "The Transaction Regulatory Approvals; Certain Other Legal Matters" beginning on page 51 of this proxy statement.

MYLAN HAS NOT HAD ACCESS TO PERRIGO'S NON-PUBLIC INFORMATION. THEREFORE, MYLAN MAY BE SUBJECT TO UNKNOWN LIABILITIES OF PERRIGO.

To date, Mylan has conducted a due diligence review based only on Perrigo's publicly available information. The consummation of the Transaction may constitute a default, or an event that, with or without notice or lapse of time or both, would constitute a default, or result in the termination, cancellation, acceleration

Table of Contents

or other change of any right or obligation (including, without limitation, any payment obligation) under Perrigo's agreements that are not publicly available. As a result, after the consummation of the Transaction, Mylan may be subject to unknown liabilities, or other unknown risks relating to the business and operations, of Perrigo, which may have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price.

In respect of all information relating to Perrigo presented in, incorporated by reference into or omitted from, this proxy statement, Mylan has relied upon publicly available information, including information publicly filed by Perrigo with the SEC. Although Mylan has no knowledge that would indicate that any statements contained herein regarding Perrigo's condition, including its financial or operating condition, based upon such publicly available information are inaccurate, incomplete or untrue, Mylan was not involved in the preparation of such information. For example, Mylan has made adjustments and assumptions in preparing the pro forma financial information presented in this proxy statement that have necessarily involved Mylan's estimates with respect to Perrigo's financial information. Any financial, operating or other information regarding Perrigo that may be detrimental to Mylan following Mylan's acquisition of Perrigo that has not been publicly disclosed by Perrigo, or errors in Mylan's estimates, may have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price or the benefits Mylan expects to achieve through the consummation of the Transaction.

THE MARKET PRICE OF MYLAN ORDINARY SHARES AFTER THE TRANSACTION MAY BE AFFECTED BY FACTORS DIFFERENT FROM THOSE CURRENTLY AFFECTING MYLAN AND PERRIGO ORDINARY SHARES.

The businesses of Mylan and Perrigo differ in many respects, including relative focus on specialty brands, generics, OTC and nutritional products and, accordingly, the results of operations of Mylan and the market price of Mylan ordinary shares after the Transaction may be affected by factors different from those currently affecting the independent results of operations of Mylan and Perrigo. For a discussion of the businesses of Mylan and Perrigo and of certain factors to consider in connection with their respective businesses, see the documents incorporated by reference into this proxy statement and referred to under "Where You Can Find More Information" beginning on page 78 of this proxy statement. See "Comparative Market Price and Dividend Information" beginning on page 21 of this proxy statement for additional information on the historical market value of Mylan ordinary shares and Perrigo ordinary shares.

THE MARKET FOR MYLAN ORDINARY SHARES MAY BE ADVERSELY AFFECTED BY THE ISSUANCE OF SHARES PURSUANT TO THE TRANSACTION.

In connection with the completion of the Transaction, and as described and based on the assumptions in the section of this proxy statement entitled "The Transaction: Ownership of Mylan After the Transaction" beginning on page 49 of this proxy statement Mylan expects to issue up to 339,346,561 Mylan ordinary shares and could issue more ordinary shares depending on Perrigo's share capital at the completion of the Transaction. The issuance of these new Mylan ordinary shares could have the effect of depressing the market price for our ordinary shares.

YOU WILL HAVE A REDUCED OWNERSHIP AND VOTING INTEREST AFTER THE CONSUMMATION OF THE TRANSACTION AND WILL EXERCISE LESS INFLUENCE OVER THE MANAGEMENT AND POLICIES OF MYLAN AS A RESULT OF THE TRANSACTION.

Following the consummation of the Transaction, holders of Mylan ordinary shares will own the same number of shares of Mylan that they owned in Mylan immediately before consummation of the Transaction. Each ordinary share of Mylan, however, will represent a smaller ownership percentage of a larger company. Mylan has assumed that the

number of Perrigo ordinary shares outstanding on the date of consummation of the Transaction will be the same number reported in Perrigo's Quarterly Report on Form 10-Q for the period ended

Table of Contents

March 28, 2015, and that the number of Mylan ordinary shares outstanding on the date of consummation of the Transaction will be the same number reported in this proxy statement. Based on these assumptions regarding the number of shares, we expect that, if all Perrigo ordinary shares are acquired pursuant to the Transaction, Mylan shareholders will own, in the aggregate, approximately 61% of the outstanding Mylan ordinary shares on a fully diluted basis at the date of the consummation of the Transaction and former Perrigo shareholders will own, in the aggregate, approximately 39% of the outstanding Mylan ordinary shares on a fully diluted basis at the date of the consummation of the Transaction. As a result, you will have less influence over the management and policies of Mylan than you do now.

THE BUSINESS RELATIONSHIPS OF MYLAN AND PERRIGO, INCLUDING CUSTOMER RELATIONSHIPS, MAY BE SUBJECT TO DISRUPTION DUE TO UNCERTAINTY ASSOCIATED WITH THE TRANSACTION.

Parties with which Mylan and Perrigo currently do business or may do business in the future, including customers and suppliers, may experience uncertainty associated with the Transaction (regardless of whether it is in fact consummated), including with respect to current or future business relationships with Mylan, Perrigo or the combined company. As a result, the business relationships of Mylan and Perrigo may be subject to disruptions if customers, suppliers, or others attempt to negotiate changes in existing business relationships or consider entering into business relationships with parties other than Mylan or Perrigo. For example, certain customers and collaborators may have contractual consent rights or termination rights that may be triggered by a change of control or assignment of the rights and obligations of contracts that will be transferred in the Transaction. In addition, the contract manufacturing business of the combined business could be impaired if existing or potential customers of Mylan or Perrigo determine not to continue or initiate contract manufacturing relationships with the combined business. These disruptions could have a material adverse effect on the business, financial condition, results of operations, cash flows, and/or share price of Mylan or the combined business or a material adverse effect on the business, financial condition, results of operations, and/or cash flows of Perrigo. The effect of such disruptions could be exacerbated by a delay in the consummation of the Transaction.

IF COUNTERPARTIES TO CERTAIN AGREEMENTS WITH PERRIGO, INCLUDING CERTAIN DEBT AGREEMENTS, DO NOT CONSENT, CHANGE OF CONTROL RIGHTS UNDER THOSE AGREEMENTS MAY BE TRIGGERED AS A RESULT OF THE ACQUISITION, WHICH COULD CAUSE MYLAN TO LOSE THE BENEFIT OF SUCH AGREEMENTS AND INCUR MATERIAL LIABILITIES OR REPLACEMENT COSTS.

Perrigo may be party to agreements that contain change-of-control, or certain other provisions that will be triggered as a result of the Acquisition. If the counterparties to these agreements do not consent to the acquisition of Perrigo, the counterparties may have the ability to exercise certain rights (including termination rights), resulting in Perrigo incurring liabilities as a consequence of breaching such agreements, or causing the combined business to lose the benefit of such agreements or incur costs in seeking replacement agreements.

Perrigo may have certain debt obligations that contain change-of-control, or certain other provisions, that will be triggered as a result of the Acquisition. If these provisions are triggered, the debt obligations may have to be repurchased, refinanced or otherwise settled. We cannot assure you that sufficient funds will be available to repurchase any outstanding debt obligations or that we will be able to refinance or otherwise settle such debt obligations on favorable terms, if at all.

Mylan has not had the opportunity to conduct comprehensive due diligence on Perrigo and to evaluate fully the extent to which these risk factors will affect the combined company. To date, Mylan has conducted a due diligence review

based only on Perrigo's publicly available information. As a result, after the consummation of the Transaction, Mylan may be subject to unknown liabilities, or other unknown risks related to the business and operations, of Perrigo, which may have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows, and/or share price.

Table of Contents

THE ACQUISITION, IF SUCCESSFUL, WILL TRIGGER CERTAIN PROVISIONS CONTAINED IN PERRIGO S EMPLOYEE BENEFIT PLANS OR AGREEMENTS THAT WILL REQUIRE MYLAN TO MAKE CHANGE IN CONTROL PAYMENTS.

Certain of Perrigo s employee benefit plans or agreements contain change in control clauses providing for compensation to be paid to, or received by, certain Perrigo employees either upon a change in control, or if, following a change in control, Perrigo terminates the employment relationship with these employees under certain circumstances or these employees terminate the employment relationship because of certain adverse changes. If successful, the Acquisition would constitute a change in control of Perrigo, thereby giving rise to change in control payments.

MYLAN MAY WAIVE ONE OR MORE OF THE CONDITIONS TO THE ACQUISITION WITHOUT RE-SOLICITING MYLAN SHAREHOLDER APPROVAL.

Mylan may determine to waive, in whole or in part, one or more of the conditions to its obligation to complete the Acquisition, to the extent permitted by applicable laws. Mylan will evaluate the materiality of any such waiver and its effect on the holders of Mylan ordinary shares in light of the facts and circumstances at the time to determine whether amendment of this proxy statement and re-solicitation of proxies is required or warranted. In some cases, if Mylan determines that such a waiver is warranted but that such waiver or its effect on the holders of Mylan ordinary shares is not sufficiently material to warrant re-solicitation of proxies, Mylan has the discretion to consummate the Acquisition without seeking further Mylan shareholder approval. Any determination whether to waive any condition to the Acquisition or as to re-soliciting Mylan shareholder approval or amending this proxy statement as a result of a waiver will be made by the Mylan Board at the time of such waiver based on the facts and circumstances as they exist at that time.

Risks Related to Mylan s Business

You should read and consider risk factors specific to Mylan s business that will also affect the combined company after the Transaction, described in Part I, Item 1A of Mylan Inc. s Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (as amended by the Form 10-K/A filed on April 30, 2015), in Part II, Item 1A of Mylan s Quarterly Report on Form 10-Q for the three months ended March 31, 2015, and in other documents that are incorporated by reference into this proxy statement. See *Where You Can Find More Information* beginning on page 78 of this proxy statement for the location of information incorporated by reference in this proxy statement.

Risks Related to Perrigo s Business

You should read and consider risk factors specific to Perrigo s businesses that Mylan believes would be applicable to the combined company after the Transaction, described in Part I, Item 1A of the Perrigo s Annual Report on Form 10-K for the fiscal year ended June 28, 2014, as supplemented and amended by the risk factors described in Part II, Item 1A of Perrigo s Quarterly Reports on Form 10-Q for the quarterly periods ended September 27, 2014, December 27, 2014 and March 28, 2015, and in other documents that are incorporated by reference into this proxy statement. See *Where You Can Find More Information* beginning on page 78 of this proxy statement for the location of information incorporated by reference in this proxy statement. Mylan has not had the opportunity to conduct comprehensive due diligence on Perrigo and to evaluate fully the extent to which these risk factors will affect the combined company.

Record Date; Shareholders Entitled to Vote

Dutch law provides that the record date for the extraordinary general meeting is required to be 28 days prior to the date of the extraordinary general meeting, which is [], 2015. Mylan ordinary shareholders who on the Record Date are registered in Mylan's Register may attend the extraordinary general meeting of shareholders and, if relevant, vote at such meeting in person or authorize a third party to attend and, if relevant, vote at the meeting on their behalf through

the use of a proxy card.

Mylan ordinary shareholders who are not registered in the Register may request, if eligible for registration, to be registered in the Register no later than the Record Date by means of a request sent to Mylan in writing (such notice to be sent to Mylan's office address as set forth in the Notice of Extraordinary General Meeting of Shareholders to the attention of Mylan's Corporate Secretary) or by sending an e-mail to [].

If you are a beneficial owner of Mylan ordinary shares and hold your shares through a bank, broker, trust company or other nominee, the relevant institution will send you instructions describing the procedure for instructing the relevant institution as to how to vote the Mylan ordinary shares you beneficially own.

If you wish to vote the Mylan ordinary shares you beneficially own directly either in person at the extraordinary general meeting of shareholders or by proxy, you must first obtain a signed legal proxy from the bank, broker, trust company or other nominee through which you beneficially own your Mylan ordinary shares.

As of the close of business on [], 2015 (the last practicable date prior to the Record Date and the mailing of the proxy statement), there were [] Mylan ordinary shares and [] Mylan preferred shares outstanding and entitled to vote. Each Mylan share is entitled to one vote on each matter properly brought before the extraordinary general meeting.

As of the close of business on [], 2015 (the last practicable date prior to the Record Date and the mailing of this proxy statement), approximately []% of the outstanding Mylan ordinary shares were held by Mylan directors and executive officers and their affiliates. We expect that Mylan's directors and executive officers will vote their shares in favor of the Proposal listed above, although none of them has entered into any agreements obligating him or her to do so.

Quorum, Abstentions and Non-Votes

For the Proposal at least one-third of the issued Mylan shares must be represented at the extraordinary general meeting to constitute a quorum. Abstentions, blank votes and invalid votes will be counted for purposes of determining the presence of a quorum (although they are considered to be votes that were not cast). Proxies returned by a broker, bank, trust company or other nominee as non-votes because they have not received voting instructions from the beneficial owners of the Mylan ordinary shares will not be treated as shares present for purposes of determining the presence of a quorum. Failures to vote will not be counted for purposes of determining the presence of a quorum.

For the avoidance of doubt, if a Mylan shareholder returns a properly executed proxy card in a timely fashion without indicating how to vote on the Proposal (and without indicating expressly to abstain or to cast a blank vote), the Mylan shares represented by such proxy will be voted in favor of the Proposal in accordance with the recommendation of the Mylan Board, the vote will count for the purposes of determining the presence of a quorum, and it will not be considered a failure to vote.

Required Vote

Approval of the Proposal requires the affirmative vote of an absolute majority of the valid votes cast at the extraordinary general meeting.

Voting in Person

Mylan shareholders may cast their votes in person at the extraordinary general meeting.

If you plan to attend the extraordinary general meeting and wish to vote in person, you will be given a ballot at the extraordinary general meeting. Please note, however, that if your shares are held in street name, and you wish to vote at the extraordinary general meeting, you must bring to the extraordinary general meeting a legal proxy executed in your favor from the relevant shareholder who is registered in the Register as the holder on the Record Date of the underlying shares (through your broker, bank, trust company or other nominee) authorizing you to vote at the extraordinary general meeting.

Edgar Filing: Mylan N.V. - Form PRER14A

In addition, if you plan to attend the extraordinary general meeting, please be prepared to provide proper identification, such as a driver's license or passport. If you hold your shares in street name, you must provide

proof of ownership, such as a recent account statement or letter from your brokerage firm, bank nominee, or other institution proving ownership on the Record Date, along with proper identification and the legal proxy described above.

Persons attending the extraordinary general meeting will not be allowed to use cameras, recording devices, and other similar electronic devices at the meeting.

Mylan ordinary shareholders who wish to exercise their rights at the extraordinary general meeting of shareholders in person must notify Mylan thereof no later than on the Cut-Off Date in writing (such notice to be sent to Mylan's office address as set forth in the Notice of Extraordinary General Meeting of Shareholders to the attention of Mylan's Corporate Secretary).

Voting of Proxies

In addition to voting at the extraordinary general meeting, Mylan ordinary shareholders may cast their votes, after the Record Date but no later than the Cut-Off Date, over the Internet, by submitting a proxy card, or by calling a toll-free number in accordance with the instructions contained in this proxy statement.

Mylan requests that you mark, sign, and date the accompanying proxy card and return it promptly in the enclosed postage-paid envelope. When the accompanying proxy is returned properly executed no later than on the Cut-Off Date, the Mylan ordinary shares represented by it will be voted at the extraordinary general meeting in accordance with the instructions contained in the proxy. If the proxy is returned without an indication as to how the Mylan ordinary shares represented are to be voted with regard to the Proposal (and without expressly indicating to abstain or to cast a blank vote), the Mylan ordinary shares represented by the proxy will be voted in accordance with recommendations of the Mylan Board, as described in this proxy statement.

If you hold your shares in street name, see "Shares Held in Street Name" below.

Your vote is important. Accordingly, please submit your proxy for your ordinary shares after the Record Date but no later than the Cut-Off Date by telephone, over the Internet, or by marking, signing, dating, and returning the enclosed proxy card in accordance with the instructions contained in this proxy statement if you do not plan to attend the extraordinary general meeting in person.

How Proxies Are Counted

All ordinary shares represented by properly executed proxies received no later than the Cut-Off Date will be voted at the meeting in the manner specified by the Mylan ordinary shareholder giving those proxies. If the proxy is returned without an indication as to how the Mylan ordinary shares represented are to be voted with regard to the Proposal (and without expressly indicating to abstain or to cast a blank vote), the Mylan ordinary shares represented by the proxy will be voted in accordance with the recommendations of the Mylan Board, as described in this proxy statement.

Shares Held in Street Name

If you are a beneficial owner of Mylan ordinary shares and hold your shares in street name, your broker, bank, trust company or other nominee cannot vote your shares on non-routine matters without instructions from you. The Proposal is considered a non-routine matter. You should instruct your broker, bank, trust company or other nominee as to how to vote your Mylan ordinary shares, following the directions from your broker, bank, trust company or other nominee provided to you. Please check the voting form used by your broker, bank, trust company or other nominee. If

you do not provide your broker, bank, trust company or other nominee with instructions and your broker, bank, trust company or other nominee submits an unvoted proxy, your shares will not be counted for purposes of determining a quorum at the extraordinary general meeting and they will not be voted on the Proposal.

Table of Contents

Beneficial owners of Mylan ordinary shares held through a broker, bank, trust company or other nominee may not vote the underlying ordinary shares at the Mylan extraordinary general meeting of shareholders, unless they first obtain (where appropriate, through the relevant broker, bank, trust company or other nominee) a signed proxy card from the relevant shareholder who is registered in the Register as the holder on the Record Date of the underlying ordinary shares.

Revocability of Proxies

You can change your vote of your ordinary shares as indicated on your proxy card at any time prior to the Cut-Off Date or revoke your proxy for your ordinary shares at any time prior to the Cut-Off Date. You can do this by (a) voting again by telephone or the Internet or (b) submitting another properly executed proxy card, dated as of a later date, in writing (to be sent to Mylan's office address as set forth in the Notice of Extraordinary General Meeting of Shareholders to the attention of Mylan's Corporate Secretary). Alternatively, you may give notice of your attendance at the meeting (prior to the Cut-Off Date in the manner described above) and vote in person.

If your shares are held through and/or in street name by your broker, bank, trust company or other nominee, you should contact your broker, bank, trust company or other nominee to change your vote or revoke your voting instructions.

Tabulation of Votes

The inspector of election will, among other matters, determine the number of shares represented at the extraordinary general meeting to confirm the existence of a quorum, determine the validity of all proxies and ballots, and certify the results of voting on the Proposal.

Solicitation of Proxies

Mylan will bear the cost of soliciting proxies from its shareholders, including the costs associated with the filing, printing, and publication of this proxy statement. In addition to the use of the mail, proxies may be solicited by officers and directors and regular employees of Mylan, some of whom may be considered participants in the solicitation, without additional remuneration, by personal interview, telephone, facsimile or otherwise. Mylan will also request brokerage firms, bank nominees, and other institutions to forward proxy materials to the beneficial owners of shares held of record on the Record Date and will provide customary reimbursement to such institutions for the cost of forwarding these materials. Mylan has retained Innisfree M&A Incorporated to assist in its solicitation of proxies and has agreed to pay them a fee of approximately \$50,000 per month, plus reasonable expenses, for these services.

Mylan's Auditors

Representatives of Deloitte & Touche LLP are not expected to be present at the extraordinary general meeting and accordingly will not make any statement or be available to respond to any questions.

THE PROPOSAL: APPROVAL OF THE ACQUISITION AND THE SHARE ISSUANCE

General

You are being asked to consider and vote on a proposal to approve under article 2:107a of the Dutch Civil Code of the acquisition, directly or indirectly (whether by way of an offer (and subsequent compulsory acquisition) or any other legal arrangement) of all or any portion of the ordinary shares of Perrigo outstanding (on a fully diluted basis) as of the consummation of such acquisition (the Acquisition) and the issuance of Mylan ordinary shares to Perrigo shareholders (the Share Issuance) as part of the consideration in the Acquisition (the Proposal). The terms of the Acquisition and Share Issuance which would be approved as part of the approval of the Proposal are described in more detail under The Transaction Terms of the Transaction beginning on page 48 of this proxy statement.

Required Vote

The affirmative vote of an absolute majority of the valid votes cast at the extraordinary general meeting, and a quorum of at least one-third of the issued shares, is required to approve the Proposal. Because the vote required to approve this proposal is based upon the majority of the votes cast, abstentions, failures to vote, and broker non-votes will have no effect on the vote on the Proposal.

Recommendation of the Mylan Board

After careful consideration and deliberation, the Mylan Board unanimously approved the Acquisition and the Share Issuance. The Mylan Board considered many factors when making its determination. For more information, see Background and Reasons for the Transaction Reasons for the Transaction beginning on page 43 of this proxy statement.

The Mylan Board unanimously recommends that you vote FOR the proposal to approve the Acquisition and Share Issuance.

**THE MYLAN BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR

BACKGROUND AND REASONS FOR THE TRANSACTION

Background of the Transaction

During the past decade, Mylan has undergone a strategic transformation from a domestic generics company into a global leader in the pharmaceutical industry one with unprecedented scale in its operating platform, diversity in its portfolio, and significant control over the cost and quality of its products. In addition to the cultivation of numerous organic growth drivers, a key aspect of its transformation and growth has been meaningful participation in the ongoing consolidation of the global pharmaceutical industry and the completion of accretive transactions.

Mylan has been highly active in evaluating quality companies and assets within the industry to identify those that would most effectively build on its operating platform and commercial presence, complement its existing strengths and capabilities, enhance its financial flexibility, strengthen its competitive position, promote the sustainable success of Mylan's business, be accretive to its shareholders and provide benefits to its other stakeholders, including employees, creditors, customers, suppliers, relevant patient populations and communities in which Mylan operates. Mylan's senior management team has clearly outlined this strategy in numerous public statements over the last several years.

In the spring of 2014, Robert J. Coury, Executive Chairman of Mylan, engaged in discussions with Mr. Joseph C. Papa, President, Chief Executive Officer and Chairman of Perrigo, regarding a potential combination between Mylan and Perrigo. These discussions, like several similar earlier discussions between Mr. Papa and Mr. Coury, ended without a transaction resulting.

On July 13, 2014, Mylan Inc., the predecessor to Mylan, entered into an agreement with Abbott Laboratories that provided for, among other things, the acquisition by Mylan of Mylan Inc. and Abbott's non-U.S. developed markets specialty and branded generics business, and these acquisitions closed on February 27, 2015.

On April 6, 2015, Mr. Coury, on behalf of Mylan, called Mr. Papa by telephone to discuss a non-binding proposal by Mylan to acquire Perrigo for \$205 per Perrigo ordinary share in a combination of cash and Mylan ordinary shares. Mr. Coury also explained to Mr. Papa that Mylan was seeking a friendly and cooperative transaction between Mylan and Perrigo. Mr. Coury also delivered to Mr. Papa a letter describing the non-binding proposal, the contents of which letter is set forth below:

April 6, 2015

Joseph C. Papa

President, Chief Executive Officer and Chairman

Perrigo Company plc

Treasury Building

Lower Grand Canal St.

Dublin 2, Ireland

Dear Joe:

As you and I have discussed on a number of occasions over the past few years, a combination of Mylan and Perrigo offers clear and compelling strategic and financial benefits, has sound industrial logic, and would create a global leader with a unique and one-of-a-kind profile. We have complementary operations across all of our businesses, both from a product and geographic perspective. In an environment where scale and reach are becoming increasingly important, the combination of our companies would result in an unmatched global platform, substantial revenue and operating synergies, and enhanced long-term growth potential, all of which would serve to create significant value for the combined company's shareholders and other stakeholders.

Table of Contents

Based on our many conversations over the years and my knowledge of Perrigo, I have often noted the similarity in the culture and core values of our two companies. We both place paramount emphasis on integrity, respect and responsibility in our commitment to provide the world's 7 billion people access to the broadest range of affordable, high quality medicine. We also have a common focus on innovation, reliability and excellent customer service. Most importantly, all of our people are dedicated to creating better health for a better world, one person at a time. This shared culture and these common values will be key contributors to a successful integration.

For the foregoing reasons, I am writing on behalf of Mylan to propose a combination of Mylan and Perrigo in a transaction that would deliver to your shareholders significantly greater near-term and long-term value than they could otherwise obtain on a standalone basis. Our proposal is the natural culmination of our prior discussions and reflects our shared vision for the industry. This is the right time for our two companies to move forward together, and Mylan and our Board are firmly committed to making this combination a reality.

Specifically, we propose to offer Perrigo shareholders \$205 in a combination of cash and Mylan stock for each Perrigo share, which represents a greater than 25% premium to the Perrigo trading price as of the close of business on Friday, April 3, 2015, a greater than 29% premium to Perrigo's sixty-day average share price and a greater than 28% premium to Perrigo's ninety-day average share price.

Our proposal provides a very significant cash payment to Perrigo shareholders. In addition, even with conservative assumptions for what we believe to be significant and meaningful synergies coming from both companies, our proposal provides Perrigo shareholders with an even greater equity value in the combined company than they currently have in Perrigo today.

In addition to the compelling value to shareholders, a combination of Mylan and Perrigo would offer substantial benefits to the other stakeholders of both companies. In particular, the combination would provide a broader variety of opportunities to our employees and increased stability for the communities in which we operate and serve. The position of our creditors and suppliers would be enhanced by the combined company's scale and significant free cash flows, and patients would receive improved access to affordable, high quality medicine through increased scale across geographies and robust capabilities to drive innovation.

As you and I have acknowledged in our prior discussions, we have no doubt that you and your Board will recognize the compelling logic of this transaction as outlined below:

Highly complementary businesses with strong presence in key developed and emerging markets around the world;

Attractive, diversified portfolio with critical mass across generics, OTC, specialty brands and nutritionals;

Powerful commercial platform with strong reach across multiple channels, giving the combined company an increasingly important strategic advantage in light of the evolving distributor and payor dynamics across geographies;

World-class operating platform, including an unrivaled combined manufacturing platform, renowned supply chain capabilities, vertical integration and global sourcing excellence with the cost advantages and flexibility to be a leading reliable source of high quality products around the world; and

Strong R&D capabilities, including broad technological capabilities across prescription, OTC and nutritional products, and expertise in complex, difficult-to-formulate products, which would continue to expand our pipeline and drive long-term growth.

Our proposed transaction not only makes compelling strategic sense, it also results in a combined company with a very strong financial profile, including:

Approximately \$15.3 billion in 2014 pro forma sales;

Table of Contents

Substantial free cash flows driving rapid deleveraging and enhanced reinvestment into the business;

Compelling synergies resulting in operating margin expansion and EPS accretion;

Scope for meaningful revenue synergies given the strength of the combined business, rich pipeline of launches, and opportunities to mean more to our customers across business lines;

A much stronger, larger and more diverse platform to create enhanced and more predictable earnings growth; and

Greater opportunities for continued growth through strategic acquisitions.

Mylan is a seasoned integrator and quality operator and we have extensive and proven experience in successfully integrating combinations like this one and capturing the significant value we see ahead.

We and our advisors have carefully studied the regulatory aspects of a combination of Mylan and Perrigo, and we are confident that we would be able to structure a transaction that would not pose material impediments to closing.

The Mylan Board would like to offer you the opportunity to serve with me as co-Chairman and as a member of the Mylan Board. In addition, I look forward to discussing with you the possibility of potentially including other Perrigo directors on the Mylan Board.

The Mylan Board believes that continuity of our management team, with its successful track record of execution and proven strategic vision, is critical to the success of the combined company. As such, I will continue to serve as Mylan's Executive Chairman, Heather Bresch will continue to serve as CEO and Rajiv Malik will continue to serve as President. Our Board also has great respect for your senior management team, and we envision the combined company leveraging the best of our collective management and employee talent. To that end, we are hopeful that, among others at Perrigo, Judy Brown and Todd Kingma would be willing to serve in important roles with the combined company. We also envision important roles in the combined company for members of Marc Coucke's Omega Pharma management team. We look forward to exploring with you other ways of maximizing the benefits to our shareholders and other stakeholders presented by combining these two very strong management teams.

We have dedicated a full team to the evaluation of Perrigo, including both Mylan management and outside advisors, and have conducted a thorough review of the business and its operations based on publicly available information. In order to finalize our proposal, we would welcome the opportunity to complete customary confirmatory due diligence, which we believe could be completed quickly. We stand ready to begin working with you and your team immediately and are prepared to commit the resources and time required to complete the proposed transaction expeditiously. To that end, we have retained Goldman Sachs as financial advisors and Cravath, Swaine & Moore as legal advisors to assist us in completing this transaction.

This preliminary proposal is a non-binding indication of interest.

We look forward to working together with you to deliver compelling value and benefits to our respective shareholders and other stakeholders.

Very truly yours,

/s/ Robert J. Coury

Robert J. Coury

Executive Chairman

Later that same day, Mr. Coury again spoke by telephone with Mr. Papa to further discuss the letter that Mr. Coury had delivered earlier that day. During the conversation, Mr. Coury requested a meeting with Mr. Papa to discuss a potential acquisition of Perrigo by Mylan. Mr. Papa did not agree to a meeting.

Table of Contents

Pursuant to advice by outside counsel, on April 8, 2015, Mylan issued a public announcement pursuant to Rule 2.4 of the Irish Takeover Rules, in which it stated that it had made a proposal to acquire Perrigo for \$205 per Perrigo ordinary share in cash and Mylan ordinary shares. This announcement contained the full text of the letter provided above. In advance of issuing the announcement, Mr. Coury spoke by telephone to Mr. Papa to notify him of Mylan's intent to do so. We believe that the market, taking into account all available information, recognizes the value of the proposed combination of Mylan and Perrigo, as evidenced by the increases in the closing trading prices of Mylan ordinary shares (to \$68.36) and Perrigo ordinary shares (to \$195.00) of 14.8% and 18.4%, respectively, between April 7, 2015 and April 8, 2015, the day we first publicly disclosed our offer for Perrigo.

Between April 11, 2015 and April 12, 2015, Mr. Coury exchanged email correspondence with Mr. Papa regarding the proposed acquisition of Perrigo and the April 8th public announcement. In each of the exchanges, Mr. Coury requested to discuss the non-binding proposal that Mylan had delivered to Perrigo with Mr. Papa. Each time, Mr. Papa denied Mr. Coury's request.

On April 13, 2015, Mylan filed a premerger notification under the HSR Act with the U.S. Federal Trade Commission and the U.S. Department of Justice regarding its proposed acquisition of Perrigo. Mylan also notified Perrigo of this notification filing and issued a public announcement stating that it had delivered such notification the same day.

On April 15, 2015, the Mylan Executive Committee met in London, United Kingdom to discuss, among other matters, the proposed acquisition of Perrigo and subject to Mylan first completing its arrangement of required financing, approved commencing an offer to acquire all of the outstanding Perrigo ordinary shares for \$60 in cash and 2.2 Mylan ordinary shares for each Perrigo ordinary share.

On April 21, 2015, Perrigo issued an announcement rejecting the proposed acquisition, without having engaged in any substantive discussions with Mylan about the acquisition.

Also on April 21, 2015, Mr. Coury received a letter from Erez Vigodman, the President and Chief Executive Officer of Teva Pharmaceutical Industries Ltd. or Teva, containing a non-binding expression of interest by Teva to acquire Mylan for \$82.00 per Mylan ordinary share, with the consideration to be comprised of approximately 50 percent cash and 50 percent Teva stock. Teva stated that its non-binding expression of interest was subject to customary conditions, including receipt of regulatory approvals, and was contingent on Mylan not completing its proposed acquisition of Perrigo or any other alternative transactions. At the same time, Teva issued a press release containing its non-binding expression of interest to acquire Mylan and a copy of the text of the letter sent to Mr. Coury. Upon receiving Mr. Vigodman's letter, Mr. Coury immediately telephoned Mr. Vigodman to schedule a meeting.

On April 24, 2015, Mylan issued a public announcement pursuant to Rule 2.5 of the Irish Takeover Rules, setting forth its legally binding commitment to commence an offer to acquire all of the outstanding Perrigo ordinary shares for consideration per Perrigo ordinary share of (i) \$60 in cash with no interest and (ii) 2.2 Mylan ordinary shares, which offer was fully financed, cash confirmed and not conditional on due diligence. Later that same day, Perrigo issued another announcement rejecting the proposed acquisition, again without having engaged in any substantive discussions with Mylan about the acquisition.

Also on April 24, 2015, Mr. Coury met with Mr. Vigodman in New York to discuss Teva's expression of interest in acquiring Mylan.

On April 27, 2015, the Mylan Board met in London, United Kingdom to discuss, among other matters, Teva's non-binding expression of interest to acquire Mylan for \$82.00 per Mylan ordinary share. After a comprehensive review conducted in consultation with its financial and legal advisors, the Mylan Board concluded that Teva's

non-binding expression of interest did not meet any of the key criteria that would cause the

Table of Contents

Mylan Board to depart from Mylan's successful and longstanding standalone strategy, and consider engaging in discussions concerning a possible sale of Mylan. The Mylan Board's criteria included (i) Mylan's strategic focus going forward (including between generics and specialty), (ii) the offer price reflecting an acceptable change of control premium, (iii) the currency of acquisition consideration, (iv) geographical overlap and footprint, (v) product portfolio redundancy, (vi) industrial logic, (vii) cultural fit, (viii) financial performance of the potential acquirer, (ix) regulatory risk (including the scope of expected divestitures required to meet antitrust approval conditions), (x) integration and its impact on management and employee positions, (xi) the way in which stated synergies could be realized, (xii) the effects on operations, (xiii) the continuation or expansion of research and development capabilities, (xiv) commitment to innovation and (xv) Mylan's activities in developing countries. Later on April 27, 2015, Mylan announced that the Mylan Board had unanimously rejected Teva's non-binding expression of interest and Mr. Coury sent Mr. Vigodman a letter outlining the Mylan Board's reasons for its rejection of Teva's non-binding expression of interest. In response to Mylan's announcement, Teva issued an announcement reiterating its non-binding expression of interest.

Also on April 27, 2015, Mr. Coury exchanged email correspondence with Mr. Papa regarding the proposed acquisition of Perrigo. In the exchange, Mr. Coury expressed his disappointment in Mr. Papa's unwillingness to engage in substantive discussions about the acquisition and reiterated Mylan's commitment to its proposal. Mr. Coury also again requested to schedule a meeting with Mr. Papa to discuss Mylan's proposal. Mr. Papa again denied Mr. Coury's request.

On April 29, 2015, the Mylan Board again met in London, United Kingdom to discuss, among other matters, a potential increase in the offer price Mylan had announced on April 24, 2015 with respect to all of the outstanding Perrigo ordinary shares. After a comprehensive review conducted in consultation with its financial and legal advisors, the Mylan Board determined to increase Mylan's offer, such that Perrigo shareholders would receive \$75 in cash and 2.3 Mylan ordinary shares for each Perrigo ordinary share. Later on April 29, 2015, Mylan issued an announcement setting forth its increased offer. Mylan's offer reflects an effective implied value of \$232.23 per Perrigo ordinary share based on the closing price of a Mylan ordinary share of \$68.36 on April 8, 2015, the first day of market reaction to Mylan's initial proposal to acquire Perrigo. Later that same day, Perrigo issued another announcement rejecting the proposed acquisition, again without having engaged in any substantive discussions with Mylan about the acquisition.

Also on April 29, 2015, Mr. Coury received a letter from Mr. Vigodman reiterating Teva's non-binding expression of interest to acquire Mylan on the terms previously disclosed. While this letter purported to address the key criteria identified by the Mylan Board in its April 27th announcement, the letter contained mostly conclusory statements about these criteria and Teva's historical performance.

On May 5, 2015, Teva issued a public announcement that purported to provide additional detail with respect to its expression of interest for Mylan. The public announcement reiterated the terms that Teva had set forth in Mr. Vigodman's letter to Mr. Coury on April 21, 2015 and did not add any new terms.

Also on May 5, 2015, Mylan hosted a conference call with investors to review its financial results for the first quarter ended March 31, 2015 and to provide an update on its proposed acquisition of Perrigo. On the conference call, Ms. Bresch reiterated Mylan's commitment to making the Mylan-Perrigo combination a reality and Mylan provided additional detail regarding the strategic rationale for the combination.

On May 12 and 13, 2015, Mylan participated in the Bank of America Merrill Lynch Health Care Conference. At the conference, Ms. Bresch had a brief discussion with Mr. Papa, who was also participating in the conference, in which she requested to discuss Mylan's proposed acquisition of Perrigo with him. No meeting resulted from Ms. Bresch's request.

Edgar Filing: Mylan N.V. - Form PRER14A

On May 27, 2015, Teva issued its first public disclosure of its acquisition of greater than one percent of Mylan stock on the open market. In the days that followed, Teva continued to acquire, and publish disclosures

Table of Contents

regarding its acquisition of, Mylan ordinary shares. As of June 19, 2015, Teva has disclosed that it has acquired approximately 4.61% of the outstanding Mylan ordinary shares.

On June 1, 2015, Mr. Coury, on behalf of the Mylan Board, sent a letter to Mr. Vigodman to ask for clarification on whether or not Teva would make an actual offer to acquire Mylan, noting that Teva's recent actions appeared designed to improperly influence the Mylan shareholder vote with respect to Mylan's proposed acquisition of Perrigo.

On June 8, 2015, Mr. Coury received a letter from Mr. Vigodman in response to Mylan's letter of June 1, 2015. However, the letter did not provide answers to the issues raised in Mylan's letter, including Teva's intentions (i.e., whether Teva intends to promptly make a binding offer to acquire Mylan, and what the terms and conditions of such an offer would be).

Also on June 8, 2015, Mr. Coury responded to Mr. Vigodman's letter and asked Teva to answer two specific questions, namely, whether Teva is planning to quickly make a legally binding exchange offer to acquire Mylan and, if so, whether that offer will contain a "hell or high water" provision whereby Teva will agree to whatever the U.S. Federal Trade Commission requires in order to clear the transaction under the HSR Act.

On June 12, 2015, a representative of Goldman Sachs, financial advisors to Mylan, called a representative of Morgan Stanley, financial advisors to Perrigo, by telephone requesting a meeting to discuss Mylan's proposed acquisition of Perrigo. On June 13, 2015, the representative of Morgan Stanley responded to the representative of Goldman Sachs by electronic mail to deny the request, stating that Perrigo did not see any reason for a meeting at the present time.

On June 16, 2015, Abbott, Mylan's largest shareholder, issued a press release announcing its support for Mylan's standalone strategy and announced its intention to vote its ownership stake in favor of the Transaction. Miles D. White, Chairman and Chief Executive Officer of Abbott, stated that "Abbott has considered the entire situation and [believes] that Mylan's standalone strategy and acquisition of Perrigo will further enhance its platform, is strategically compelling, value enhancing for shareholders, and offers a clear path to completion." Also on June 16, 2015, Mylan issued a statement responding to the Abbott announcement expressing Mylan's appreciation for Abbott's support of Mylan's long-term vision.

Reasons for the Transaction

Mylan has been highly active in evaluating quality companies and assets within the industry to identify those that would most effectively build on its operating platform and commercial presence, complement its existing strengths and capabilities, enhance its financial flexibility, strengthen its competitive position, deliver additional shareholder value and further the interests of Mylan's other stakeholders, including employees, creditors, customers, suppliers, relevant patient populations and communities in which Mylan operates.

A series of strategic acquisitions in recent years, including Matrix Laboratories and the generics business of Merck KGaA in 2007, Bioniche Pharma in 2010, Agila Specialties in 2013 and, most recently, Abbott Laboratories' non-U.S. developed markets specialty and branded generics business earlier this year, has resulted in increased revenues, synergies ahead of our target levels, robust growth in adjusted earnings per share and significant benefits to Mylan's shareholders and other stakeholders.

Mylan believes that Perrigo is the right next strategic transaction for Mylan and that the combination of Mylan and Perrigo demonstrates clear and compelling industrial logic and will generate significant value for our shareholders and other stakeholders through the creation of a one-of-a-kind global healthcare company that has complementary businesses and cultures, unmatched scale in its operations, one of the industry's broadest and most diversified

portfolios, and immense reach across distribution channels around the world. This unique infrastructure will be able to maximize evolving industry dynamics and capitalize on key trends. We believe that

the combination of Mylan and Perrigo would deliver to Mylan's and Perrigo's shareholders significantly greater near-term and long-term value than they could otherwise obtain on a standalone basis and further the interests of Mylan's other stakeholders and the sustainable success of Mylan's business.

After careful consideration and deliberation, the Mylan Board unanimously approved the Transaction. **The Mylan Board unanimously recommends that the Mylan shareholders vote FOR the Proposal.**

In arriving at its determination, the Mylan Board consulted with Mylan's management, legal counsel, and financial advisor, reviewed a significant amount of information, considered a number of factors in its deliberations described above, and concluded that the Transaction is likely to result in significant strategic and financial benefits to Mylan for the reasons discussed below. The Mylan Board believes that Perrigo is a compelling strategic fit, which will help Mylan accomplish a number of its goals, including:

creating a more diverse and powerful platform;

strengthening Mylan's financial profile;

generating significant value for shareholders and furthering the interests of Mylan's other stakeholders; and

producing meaningful cost savings and operational and other synergies.

The Mylan Board's belief that the Acquisition will help Mylan accomplish a number of its goals is based in part on its consideration of the factors described below. In addition to consulting with its advisors, the Mylan Board utilized its knowledge of Mylan's business, operations, financial condition, earnings, strategy, and future prospects.

More Diverse and Powerful Platform. The Mylan Board considered several factors related to the combination of the businesses, portfolios and capabilities of Mylan and Perrigo and the anticipated enhanced potential for future strategic opportunities that this combination would provide, including:

the businesses of Mylan and Perrigo are highly complementary. Mylan believes that the combined company will have a strong presence in key developed and emerging markets around the world, will open up new markets for Mylan products and provide a significant opportunity to optimize platforms in overlapping geographic regions;

Mylan expects the combined company will have an attractive, diversified portfolio with critical mass across generics, OTC, specialty brands and nutritionals;

Mylan anticipates the combined company will be a powerful commercial platform with strong reach across multiple channels, giving the combined company an increasingly important strategic advantage in light of the evolving distributor and payor dynamics across geographies;

Mylan believes the combined company would have a world-class operating platform, including an unrivaled combined manufacturing platform, renowned supply chain capabilities, vertical integration and global sourcing excellence with the cost advantages and flexibility to be a leading reliable source of high quality products around the world;

each of Mylan and Perrigo have strong and complementary R&D capabilities, including broad technological capabilities across prescription, OTC and nutritional products, a track record of success in securing approvals and expertise in complex, difficult-to-formulate products, and Mylan believes that the combined company would continue to expand our robust pipeline, bring hundreds of new products to market each year and drive long-term growth; and

Mylan anticipates that the combined company will have greater potential for continued expansion through business development and acquisitions across business lines.

Table of Contents

A Combined Company with a Strong Financial Profile. The Mylan Board considered the ways in which the combination of Mylan and Perrigo would strengthen Mylan's financial profile, including:

the combination of Mylan and Perrigo will result in a stronger and more diverse platform with a strong financial profile, including: approximately \$15.3 billion in 2014 pro forma total revenues;

Mylan currently anticipates that the Transaction will be accretive to the combined company's adjusted annual earnings per share by year four following the consummation of the Transaction assuming all anticipated annual pre-tax operational synergies of at least \$800 million are fully realized; and

Mylan anticipates that the combination of Mylan and Perrigo will result in substantial free cash flows to drive rapid deleveraging and enhanced reinvestment into the business, with the combined company expected to maintain an investment grade credit rating.

Meaningful Cost Savings and Other Synergies. The Mylan Board considered several factors related to the cost savings and operational and other synergies that are expected to result from the combination of Mylan and Perrigo, including:

Mylan currently expects the combination of Mylan and Perrigo will result in at least \$800 million of annual pre-tax operational synergies by the end of year four following the consummation of the Transaction. This preliminary estimate is based on certain assumptions which are described on page 51 of this proxy statement. In addition to the anticipated benefits described above, the Mylan Board also considered, among others, the following factors in approving the Transaction:

Perrigo shareholders will receive Mylan ordinary shares at a fixed exchange ratio for each Perrigo ordinary share, which provides certainty to the holders of Mylan ordinary shares as to their pro forma percentage ownership in the combined company;

holders of Mylan ordinary shares will own a significant majority (approximately 61%) of the combined company's ordinary shares (on a fully diluted basis);

the Transaction is subject to the approval of the shareholders of Mylan, which gives them an opportunity to express their views on the Transaction;

the Mylan Board will remain free to consider alternative transactions, and, until Mylan's shareholders approve the Proposal at the extraordinary general meeting, to recommend that Mylan's shareholders not approve the Proposal at the extraordinary general meeting if it should conclude that any such alternative transaction is superior to the acquisition of Perrigo;

the likelihood that the Acquisition will be completed on a timely basis;

alternatives to the Acquisition including both potential transactions resulting in a change of control of Mylan, such as the transaction proposed in Teva's non-binding expression of interest, and potential transactions not resulting in a change of control of Mylan, the potential near-term and long-term values to Mylan and its stakeholders of such alternatives and the timing and likelihood of effecting any such alternative;

the benefits of the Acquisition for Mylan's stakeholders, including its shareholders, employees, customers, creditors, suppliers, patients and communities, and the duty of the Mylan Board under Dutch law to act in the interest of Mylan and its business, strategy and mission (including Mylan's consistent standalone strategy which has proven to be successful) and to take into account the interests of all its stakeholders and the importance of the sustainable success of Mylan's business;

the shared culture between Mylan and Perrigo of integrity, respect and responsibility and common focus on innovation, reliability and customer service will be key contributors to a successful integration; and

Table of Contents

the experience and prior success of Mylan's management team in integrating large acquisitions into Mylan's existing businesses.

The Mylan Board weighed these factors and the anticipated benefits of the Transaction against a number of uncertainties, risks, and potentially negative factors relevant to the Transaction, including the following:

that if completed, the Acquisition may not achieve the intended benefits or may disrupt Mylan's plans and operations;

that if goodwill or other intangible assets that the combined company records in connection with the Acquisition become impaired, the Mylan could be required to take significant charges against earnings;

that an inability to identify or successfully bid for suitable acquisition targets, or consummate and effectively integrate recent and future potential acquisitions, could limit the Mylan's future growth and have a material adverse effect on the Mylan's business, financial condition, results of operations, cash flows, and/or share price;

that the existing holders of Mylan ordinary shares will own a smaller share of the combined company following consummation of the Acquisition;

that Mylan's actual financial position and results of operations may differ materially from the unaudited pro forma financial information included in this proxy statement;

that Mylan must obtain required approvals and consents to consummate the Transaction, which, if delayed or not granted, may jeopardize or delay the consummation of the Transaction, result in additional expenditures of money and resources, and/or reduce the anticipated benefits of the Transaction;

that Mylan has not had access to Perrigo's non-public information, and therefore, Mylan may be subject to unknown liabilities of Perrigo;

that the Acquisition may not be accretive and may cause dilution to Mylan's adjusted earnings per share, which may negatively affect the market price of Mylan ordinary shares;

that the market for Mylan ordinary shares may be adversely affected by the Share Issuance;

that Mylan will incur significant transaction-related costs in connection with the Transaction, which could have a material adverse effect on Mylan's business, financial condition, results of operations, cash flows and/or share price;

that Mylan will incur a substantial amount of indebtedness to acquire the Perrigo ordinary shares pursuant to the Transaction;

that disruption in the financial markets could affect Mylan's ability to refinance the bridge loan credit facility on favorable terms, or at all;

that the business relationships of Mylan and Perrigo, including customer relationships, may be subject to disruption due to uncertainty associated with the Transaction;

that if counterparties to certain agreements with Perrigo do not consent to the Acquisition, change of control rights under those agreements may be triggered as a result of the Acquisition, which could cause the combined company to lose the benefit of such agreements and incur material liabilities or replacement costs;

that the Acquisition could trigger certain provisions contained in Perrigo's employee benefit plans or agreements that could require Mylan to make change of control payments;

that the loss of key personnel could lead to loss of customers, business disruption, and a decline in revenues, adversely affect the progress of pipeline products, or otherwise adversely affect the operations of Mylan;

Table of Contents

the fact that the number of Mylan ordinary shares to be received by Perrigo shareholders as consideration for each Perrigo ordinary share will not adjust downward to compensate for increases in the price of Mylan ordinary shares prior to the closing of the Acquisition;

the risk that the Acquisition might not be consummated in a timely manner or at all;

the fact that the failure to complete the Acquisition could lead to negative perceptions among investors, potential investors, and customers; and

the possibility of litigation challenging the Acquisition, that an adverse judgment for monetary damages could have a material adverse effect on the operations of Mylan after the consummation of the Acquisition or that an adverse judgment granting permanent injunctive relief could indefinitely enjoin the consummation of the Acquisition.

The Mylan Board concluded that the potential benefits that it expects Mylan would achieve as a result of the Transaction outweigh the uncertainties, risks, and potentially negative factors relevant to the Transaction.

This discussion of the information and factors considered by the Mylan Board includes the principal positive and negative factors considered by the Mylan Board, but is not intended to be exhaustive and may not include all of the factors considered by the Mylan Board. In view of the wide variety of factors considered in connection with its evaluation of the Transaction, and the complexity of these matters, the Mylan Board did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that it considered in reaching its determination to approve the Transaction and to make its recommendation to the holders of Mylan ordinary shares. Rather, the Mylan Board viewed its decisions as being based on the totality of the information presented to it and the factors it considered. In addition, individual members of the Mylan Board may have given differing weights to different factors.

We caution you that there can be no assurance about future results, including results considered or expected as described in this section, such as assumptions regarding potential synergies. Despite our request, we have not had discussions with Perrigo's management nor had access to Perrigo's books and records to confirm the reasonableness of the assumptions we made to support our estimate of cost savings and operational and other synergies. The information presented in this section is forward looking in nature and, therefore, you should read it in light of the factors discussed in the section of this proxy statement entitled "Forward-Looking Statements".

THE TRANSACTION

Terms of the Transaction

On April 24, 2015, we issued a public announcement pursuant to Rule 2.5 of the Irish Takeover Rules (which we updated and revised on April 29, 2015), setting forth our legally binding commitment to commence an offer to acquire all of the Perrigo ordinary shares for (i) \$75.00 in cash, without interest and less any required withholding taxes, and (ii) 2.3 Mylan ordinary shares, nominal value 0.01 per share, in exchange for each Perrigo ordinary share (the offer).

If the offer becomes or is declared wholly unconditional in all respects and we acquire 80% or more of the Perrigo ordinary shares, we intend to apply the provisions of Sections 456 to 460 of the Companies Act 2014 of Ireland to acquire compulsorily any outstanding Perrigo ordinary shares not acquired or agreed to be acquired pursuant to the offer or otherwise. In a compulsory acquisition, Perrigo shareholders will receive as consideration the same amount of cash and the same number of Mylan ordinary shares received by any tendering Perrigo shareholder in the offer.

You are being asked to consider and vote on a proposal to approve under article 2:107a of the Dutch Civil Code of the acquisition, directly or indirectly (whether by way of the offer (and subsequent compulsory acquisition) or any other legal arrangement) of all or any portion of the ordinary shares of Perrigo outstanding (on a fully diluted basis) as of the consummation of such acquisition (the Acquisition) and the issuance of Mylan ordinary shares to Perrigo shareholders as part of the consideration in the Acquisition (the Share Issuance and, together with the Acquisition, the Transaction).

Certain Conditions of the Offer

The consummation of the offer is conditioned on, among other things:

Mylan receiving valid acceptances in respect of such number of Perrigo ordinary shares representing not less than 80% of the entire issued and unconditionally allotted (i.e., shares which a person has an unconditional right to have issued to him/her, but which have not yet been issued) Perrigo ordinary shares (calculated on a fully-diluted basis) (the acceptance threshold), provided that Mylan may, in its discretion, decide to lower the acceptance threshold to such number of Perrigo ordinary shares representing more than 50% of the voting rights then exercisable at a general meeting of Perrigo shareholders (being the minimum level of acceptances permissible for a successful tender offer under the Irish Takeover Rules);

Mylan shareholders having approved the Proposal;

there being no share buyback, redemption or reduction in respect of Perrigo ordinary shares;

there being no distributions or dividends with respect to Perrigo ordinary shares;

there being no acquisitions or disposals, joint ventures or similar transactions by Perrigo;

Edgar Filing: Mylan N.V. - Form PRER14A

no resolution being passed at a shareholder meeting of Perrigo to approve any transaction for the purposes of Rule 21 of the Irish Takeover Rules;

Perrigo taking no frustrating action (within the meaning of Rule 21 of the Irish Takeover Rules);

to the extent applicable to the offer or its implementation, the HSR Condition;

to the extent that the EU Merger Regulation is applicable to the offer or its implementation, the European Commission deciding that the proposed transaction is compatible with the relevant provisions of the EU Merger Regulation, and the terms or conditions to which any such decision is or may be subject being acceptable to Mylan; and

Table of Contents

apart from the immediately preceding conditions, all other necessary or appropriate permits, approvals, clearances and consents of, or filings with, any governmental regulatory authority having been procured or made, as applicable, all necessary or appropriate waiting and other time periods (including any extensions thereof) under any applicable legislation or regulation of any jurisdiction having expired, lapsed or having been terminated (as appropriate), and no governmental authority, regulatory body, court or tribunal having decided to take or having done or decided to do anything which would or would reasonably be expected to make the Acquisition void, illegal or unenforceable.

Mylan has reserved the right to waive certain conditions to the consummation of the offer. Mylan may not assert any condition to the offer (other than the acceptance condition or the EU Merger Regulation condition) unless the circumstances that give rise to such assertion are of material significance to Mylan in the context of the offer, and the Irish Takeover Panel has agreed that this is the case.

Mylan has made an unconditional commitment to take all actions, including making regulatory submissions, responding to information requests and doing everything necessary to obtain a decision from the U.S. Federal Trade Commission (the "FTC"), including making any and all divestitures and other substantive actions, necessary or required in order to ensure that the HSR Pre-Condition is satisfied. See "Regulatory Approvals; Certain Other Legal Matters" beginning on page 51 of this proxy statement.

Accounting Treatment

Mylan will account for the Acquisition using the acquisition method of accounting for business combinations. In determining the acquirer for accounting purposes, Mylan considered the factors required under FASB Accounting Standards Codification (ASC), Business Combinations, which is referred to as ASC 805, and determined that Mylan will be considered the acquirer for accounting purposes.

Ownership of Mylan After the Transaction

Mylan has assumed that the number of Perrigo ordinary shares outstanding on the date of consummation of the Transaction will be the same number reported in Perrigo's Quarterly Report on Form 10-Q for the period ended March 28, 2015, and that the number of Mylan ordinary shares outstanding on the date of consummation of the Transaction will be the same number reported in this proxy statement. Based on these assumptions regarding the number of shares, we expect that, if all Perrigo ordinary shares are acquired pursuant to the Transaction, Mylan shareholders will own, in the aggregate, approximately 61% of the outstanding Mylan ordinary shares on a fully diluted basis at the date of the consummation of the Transaction, and former Perrigo shareholders will own, in the aggregate, approximately 39% of the outstanding Mylan ordinary shares on a fully diluted basis at the date of the consummation of the Transaction.

Material Tax Consequences of the Share Issuance

U.S. Federal Income Tax Consequences of the Share Issuance

Mylan believes that its issuance of its ordinary shares in connection with the proposed Transaction should not result in any U.S. federal income tax consequences to Mylan shareholders or Mylan.

U.K. Tax Consequences of the Share Issuance

Our issuance of our ordinary shares in connection with the proposed Transaction will not result in any U.K. tax consequences for Mylan shareholders or Mylan.

Netherlands Income Tax Consequences of the Share Issuance

Our issuance of our ordinary shares in connection with the proposed Transaction will not result in any Netherlands income tax consequences, provided that: (A) the holder of Mylan ordinary shares, and in the case of

Table of Contents

individuals, his/her partner or certain relatives by blood or marriage in the direct line (including foster children), does not have a substantial interest or deemed substantial interest in us under the Netherlands Income Tax Act 2001 (in Dutch: *Wet inkomstenbelasting 2001*). Generally speaking, a holder of securities in a company is considered to hold a substantial interest in such company, if such holder alone or, in the case of individuals, together with his/her partner (statutorily defined term), directly or indirectly, holds (i) an interest of 5% or more of the total issued and outstanding capital of that company or of 5% or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) rights to acquire, directly or indirectly, such interest; or (iii) certain profit sharing rights in that company that relate to 5% or more of the company's annual profits and/or to 5% or more of the company's liquidation proceeds. A deemed substantial interest may arise if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis; and (B) the holder of Mylan ordinary shares does not hold a shareholding that qualifies or qualified as a participation for purposes of the Netherlands Corporate Income Tax Act 1969 (in Dutch: *Wet op de vennootschapsbelasting 1969*). Generally, a taxpayer's shareholding of 5% or more in a company's nominal paid-up share capital qualifies as a participation. A shareholder may also have a participation if such shareholder does not have a 5% shareholding but a related entity (statutorily defined term) has a participation or if the company in which the shares are held is a related entity.

However, the proposed Transaction, more specifically the change of the percentage interest held by those Mylan shareholders that do have a substantial interest or deemed substantial interest or a qualifying participation as outlined under (A) or (B) above at the date of exchange (dilution) may have Netherlands income tax consequences for (i) non-resident individuals who are not eligible to tax treaty benefits, (ii) Netherlands resident individuals holding a substantial interest or deemed substantial interest and (iii) in specific cases which are considered abusive, non-resident corporate legal entities holding a substantial interest or deemed substantial interest.

In addition, the dilution means the percentage interest held by the Mylan shareholder will change and such percentage interest held by the Mylan shareholder can be relevant to certain Netherlands tax aspects, such as access to the participation exemption regime and reduced rates of withholding taxes on dividends under national tax legislation or under tax treaties.

Plans for Perrigo

Mylan has conducted an extensive review of publicly available information related to Perrigo, and has reviewed and analyzed various business strategies that it might consider in the event that Mylan consummates the Transaction. Based on this extensive review, as well as Mylan's prior integration experience, understanding of Perrigo's operations and cost structure, market intelligence and Mylan's own transactional experience, Mylan expects the combination will result in at least \$800 million of annual pre-tax operational synergies by the end of year four following the consummation of the Transaction. These expected synergies are expected to come from savings associated with integration and optimization across cost components and functions of the combined company, including the following:

Reduced costs of goods sold from operational efficiencies;

Limits on the need for further near-term expansion;

Vertical integration;

Manufacturing rationalization;

Research and development savings from elimination of overlapping operations to allow for more efficient and enhanced product development;

Optimizing sales and distribution channels from combining sales infrastructure;

Reduced general and administrative expense from complementary operating platforms; and

Increased revenue from cross-selling.

Table of Contents

The estimate of annual pre-tax operational synergies is based on certain assumptions, including the following: (i) that the Transaction will be consummated; (ii) that there will be no material impact on Mylan arising from any divestitures or other restrictions required by competition authorities; (iii) that there will be no material change to the market dynamics affecting Mylan and/or Perrigo following the consummation of the Transaction; and (iv) that there will be no material change to exchange rates following the consummation of the Transaction.

In addition to the efficiencies described above, Mylan intends to explore and take advantage of opportunities for growth upon consummation of the Transaction. For example, Mylan expects to capitalize on the combined company's reach across channels and around the world to enhance market positions and customer relations, and to expand its product distribution and marketing to new geographic and customer markets.

Following the consummation of the Transaction, Mylan intends to continue its review of the combined company's operations. Perrigo will have the opportunity to be involved in this review and the formulation and execution of more detailed integration plans. If the Transaction is consummated, Mylan would intend to establish joint teams with Perrigo to conduct this more detailed review to assess how best to leverage the combined company's strategic position and resources. These teams would look at all aspects of the combined company's business, including its assets, financial projections, corporate structure, capitalization, operations, properties, policies, management and personnel and consider and determine what, if any, changes would be desirable to achieve anticipated synergies in the combined company, in light of the circumstances which then exist. Such strategies could include, among other things, changes in Perrigo's business, facility locations, corporate structure, product development, marketing strategies, capitalization, management or dividend policy. In any integration plan, Mylan will observe the existing employment rights (including pension rights) of all employees of Perrigo at least to the extent required by law.

Mylan is prepared to make appropriate divestitures in connection with obtaining the regulatory approvals required for the consummation of the Transaction. These divestitures are not expected to be material to the combined company.

MYLAN SHAREHOLDERS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH REGARD TO THE TAX CONSEQUENCES OF THE PROPOSED TRANSACTION. THE DISCUSSION ABOVE IS INCLUDED FOR GENERAL INFORMATION PURPOSES ONLY.

Regulatory Approvals; Certain Other Legal Matters

The making of the offer to acquire all of the outstanding Perrigo ordinary shares is pre-conditioned on one of the following having occurred: (i) the expiration or termination of all applicable waiting periods (including any extensions thereof) under the HSR Act, (ii) a final decision to clear or approve the consummation of the Acquisition under the HSR Act having been obtained, irrespective of the conditions attaching thereto, or (iii) September 13, 2015 (the HSR Pre-Condition). Mylan reserves the right to waive the HSR Pre-Condition and commence the offer, but if Mylan waives the HSR Pre-Condition or the HSR Pre-Condition is satisfied pursuant to clause (iii) above, the consummation of the offer will remain subject to the HSR Condition.

The Acquisition is subject to review by the FTC and the Department of Justice (the DOJ) and, together with the FTC, the antitrust agencies). Under the HSR Act, the Acquisition may not be completed until certain information and documentary material (Premerger Notification and Report Forms) have been provided to the antitrust agencies and the applicable HSR Act waiting period has expired or been terminated.

We filed a Premerger Notification and Report Forms on April 13, 2015 with the antitrust agencies in connection with the proposed purchase of Perrigo ordinary shares. On May 13, 2015, prior to the expiration of an initial 30-day waiting period following our filing, we received a request for additional information or

Table of Contents

documentary material (a Second Request). As a result of the Second Request, the waiting period will be extended for an additional period of 30 days following the date we comply with that request.

At any time before or after our acquisition of Perrigo ordinary shares, the antitrust agencies could take such action under the antitrust laws as they deem necessary or desirable in the public interest, including seeking to enjoin our purchase of Perrigo ordinary shares or seeking the divestiture of Perrigo ordinary shares acquired by us or the divestiture of substantial assets of Perrigo or its subsidiaries.

Mylan has made an unconditional commitment to take all actions, including making regulatory submissions, responding to information requests and doing everything necessary to obtain a decision from the FTC, including making any and all divestitures and other substantive actions, necessary or required in order to ensure that the HSR Pre-Condition is satisfied.

Mylan and, based on our examination of publicly available information, Perrigo derive revenues in a number of jurisdictions where antitrust or competition filings or approvals are or may be required. In particular, we believe that the Acquisition is subject to the receipt of regulatory approvals from the relevant competition authorities in the European Union, Mexico, Russia and Ukraine or the expiration of the applicable waiting periods under the antitrust and competition laws of such jurisdictions. Mylan plans to formally notify the relevant competition authorities in these jurisdictions as soon as practicable.

Pursuant to the legally binding process under the Irish Takeover Rules to commence its offer for Perrigo in order to effect the Acquisition, Mylan is generally required to commit to take, and to take, any and all steps necessary to avoid or eliminate impediments or objections, if any, that may be asserted by governmental agencies from which Mylan seeks consents or approvals, including any divestitures needed to obtain any antitrust or competition approvals, provided, in the case of any non-U.S. antitrust and competition approvals, that it is a condition to the Acquisition that the terms and conditions of any such antitrust and competition approvals must be acceptable or reasonably satisfactory to Mylan.

The Acquisition cannot be consummated until after the relevant approvals have been obtained or applicable waiting periods have expired under the antitrust and competition laws of the countries listed above where filings or approvals are or may be required. We cannot assure you that a challenge to the Acquisition will not be made or that, if a challenge is made, it will not succeed.

Financing of the Acquisition

The Acquisition is not subject to any financing condition or contingency. We expect to use the borrowings from a new bridge loan credit facility of approximately \$12.5 billion to finance the Acquisition to the extent that the cash portion of the consideration being paid as part of the Acquisition is not funded from our own resources and/or alternative funding sources.

On April 24, 2015, Mylan N.V. (Mylan) issued a Rule 2.5 announcement under the Irish Takeover Rules setting forth its legally-binding commitment to commence an offer for the entire issued and to be issued share capital of Perrigo Company plc (Perrigo). Under the terms of the offer, amended on April 29, 2015, Perrigo shareholders will receive \$75 in cash and 2.3 Mylan N.V. ordinary shares for each Perrigo ordinary share (the offer). The offer is subject to certain conditions and other terms set forth in the formal Rule 2.5 announcement, including approval by Mylan s ordinary shareholders. The offer is fully financed, cash confirmed and not conditional on due diligence. The offer is subject to regulatory approvals and customary conditions for an offer governed by the Irish Takeover Rules. On April 29, 2015, Perrigo issued a press release announcing its purported rejection of the amended offer.

On April 24, 2015, the Company entered into a bridge credit agreement (the Bridge Credit Agreement) with the lenders from time to time party thereto and Goldman Sachs Bank USA as the Administrative Agent in connection with the offer. The Bridge Credit Agreement, amended on April 29, 2015, provides for a bridge credit facility (the Bridge Facility) under which Mylan may obtain loans up to an aggregate amount of approximately \$12.5 billion. The proceeds of the Bridge Facility will be applied solely to finance the acquisition, directly or indirectly (whether by way of the offer (and subsequent compulsory acquisition) or any other legal arrangement) of all or any portion of the ordinary shares of Perrigo outstanding (on a fully diluted basis) as of the consummation of such acquisition (the Acquisition) and costs related to the Acquisition to the extent that the cash portion of the consideration being paid as part of the Acquisition is not funded from our own resources and/or alternative funding sources.

Mylan is not affiliated with Perrigo and has not had the cooperation of Perrigo s management, advisors or auditors or due diligence access to Perrigo or its business or management in the preparation of these unaudited pro forma condensed combined financial statements. Mylan has not received information from Perrigo concerning its business and financial condition for any purpose, including preparing these unaudited pro forma condensed combined financial statements. Accordingly, these unaudited pro forma condensed combined financial statements have been prepared by Mylan based solely on publicly available information, including Perrigo s financial statements, SEC filings, analyst reports and investor presentations. The following discussion details the process and assumptions, including those related to recent acquisitions that Mylan has made in preparing the unaudited pro forma condensed combined financial statements.

On February 27, 2015, Mylan completed the acquisition of the non-U.S. developed markets specialty and branded generics business (the Acquired EPD Business) of Abbott Laboratories, an Illinois corporation (Abbott), in an all-stock transaction for total consideration of \$6.3 billion (the EPD Transaction). Also on February 27, 2015, Moon of PA Inc. merged with and into Mylan Inc., with Mylan Inc. surviving as a wholly owned indirect subsidiary of Mylan N.V. and each share of Mylan Inc. common stock issued and outstanding immediately prior to the effective date of the Merger was canceled and automatically converted into, and became the right to receive, one Mylan N.V. ordinary share. On February 18, 2015, the Office of Chief Counsel of the Division of Corporation Finance of the SEC issued a no-action letter to Mylan Inc. and Mylan N.V. that included its views that the acquisition of the Acquired EPD Business constituted a succession for purposes of Rule 12g-3(a) under the Securities and Exchange Act of 1934, as amended (the Exchange Act), and that Mylan N.V., as successor to Mylan Inc., is deemed a large accelerated filer for purposes of Exchange Act Rule 12-b2.

On March 30, 2015, Perrigo completed its acquisition of Omega Pharma Invest NV (Omega), a limited liability company incorporated under the laws of Belgium. The purchase price for Omega totaled \$4.4 billion, and consisted of \$2.1 billion of cash (inclusive of \$67.7 million in interest incurred from November 6, 2014, the date on which Perrigo entered into the agreement to purchase Omega, through the closing date), the assumption of \$1.4 billion of Omega debt, and the issuance of 5,397,711 Perrigo shares. The cash consideration was financed by a combination of debt and

equity issued by Perrigo.

In preparing the unaudited pro forma condensed combined financial statements, Mylan has utilized the unaudited December 31, 2014 historical condensed consolidated balance sheet for Omega and the unaudited consolidated statement of operations for the twelve months ended June 30, 2014 and the six months ended December 31, 2014, converted to U.S. GAAP and U.S. Dollars by Perrigo filed as part of Exhibit 99.1 to Perrigo's Current Report on Form 8-K/A dated June 15, 2015. In addition, Mylan utilized the unaudited consolidated statement of operations for the three months ended September 30, 2014 converted to U.S. GAAP and U.S. Dollars by Perrigo and filed as part of Exhibit 99.1 to Perrigo's Current Report on Form 8-K dated November 24, 2014. Mylan has presented this financial information for Omega as it believes that it represents the best publicly available information to reflect a complete presentation of the unaudited pro forma condensed combined financial statements on a U.S. GAAP basis and is the most useful presentation for shareholders and other stakeholders. As previously mentioned, Mylan has not had the cooperation of Perrigo's management, advisors or auditors and has not received any non-public financial or business information regarding Perrigo (including information regarding Omega). If additional historical Omega financial information for a more recent period prepared on a U.S. GAAP basis becomes available, Mylan will update and revise the unaudited pro forma condensed combined financial statements.

The historical consolidated financial information has been adjusted to give effect to pro forma events that are: directly attributable to the aforementioned transactions; factually supportable; and, with respect to the unaudited pro forma condensed combined statement of operations, expected to have a continuing impact on the combined results. In addition, the unaudited pro forma condensed combined financial statements were based on and should be read in conjunction with the Mylan, Abbott and Perrigo (including Omega, as filed by Perrigo) documents detailed in the section titled "Incorporation by Reference" beginning on page 79.

The unaudited pro forma financial information is for informational purposes only. It does not purport to indicate the results that would have actually been attained had the proposed acquisition of Perrigo (including Omega) or the acquisition of the Acquired EPD Business been completed on the assumed date or for the period presented, or which may be realized in the future. To produce the unaudited pro forma financial information, Mylan allocated the estimated purchase price using its best estimates of fair value. These estimates are based on the most recently available public information. To the extent there are significant changes to the business of Perrigo (including the

business of Omega), the assumptions and estimates herein could change significantly. The allocation of the purchase price is dependent upon certain valuation and other studies that are not yet started. Accordingly, the pro forma purchase price adjustments are preliminary and subject to further adjustments as additional information becomes available, and as additional analysis is performed. There can be no assurances that the final valuation will not result in material changes to the purchase price allocation. Furthermore, Mylan could have reorganization and restructuring expenses as well as potential operating efficiencies as a result of the proposed combining of Mylan and Perrigo. The unaudited pro forma financial information does not reflect these potential expenses and efficiencies.

On April 24, 2015, Mylan issued a Rule 2.5 announcement under the Irish Takeover Rules setting forth its legally-binding commitment to commence an offer for the entire issued and to be issued share capital of Perrigo (the Perrigo Proposal). Under the terms of the offer, Perrigo shareholders will receive \$75 in cash and 2.3 Mylan ordinary shares for each Perrigo ordinary share. The offer is subject to certain conditions and other terms set forth in the formal Rule 2.5 announcement, including approval by Mylan N.V. shareholders. On April 29, 2015, Perrigo issued a press release announcing its purported rejection of the offer.

On February 27, 2015, Mylan completed the acquisition of the Acquired EPD Business from Abbott in an all-stock transaction for total consideration of \$6.3 billion. Also on February 27, 2015, Moon of PA Inc. merged with and into Mylan Inc., with Mylan Inc. surviving as a wholly owned indirect subsidiary of Mylan N.V. and each share of Mylan Inc. common stock issued and outstanding immediately prior to the effective date of the Merger was canceled and automatically converted into, and became the right to receive, one Mylan N.V. ordinary share. On February 18, 2015, the Office of Chief Counsel of the Division of Corporation Finance of the SEC issued a no-action letter to Mylan Inc. and Mylan N.V. that included its views that the acquisition of the Acquired EPD Business constituted a succession for purposes of Rule 12g-3(a) under the Exchange Act and that Mylan N.V., as successor to Mylan Inc., is deemed a large accelerated filer for purposes of Exchange Act Rule 12b-2.

The unaudited pro forma financial information gives effect to the acquisition of the Acquired EPD Business and the proposed acquisition of Perrigo (including Omega) both of which are accounted for under the acquisition method of accounting in accordance with *ASC 805, Business Combinations*. Under ASC 805, the acquirer is usually the combining entity whose owners as a group retain or receive the largest portion of the voting rights in the combined entity. The acquirer usually is also the combining entity whose relative size is significantly larger than that of the other combining entity or entities. As a result, Mylan is treated as the acquirer in both transactions.

The historical financial information has been adjusted in the unaudited pro forma financial information to give effect to pro forma events that are: directly attributable to the acquisition of the Acquired EPD Business and the proposed acquisition of Perrigo (including Omega); factually supportable; and, with respect to the unaudited pro forma condensed combined statement of operations, expected to have a continuing impact on the results of Mylan. As such, the impact from transaction-related expenses is not included in the unaudited pro forma condensed combined statement of operations. However, the impact of these expenses is reflected in the unaudited pro forma condensed combined balance sheet as a decrease to cash and cash equivalents with a corresponding decrease to retained earnings.

The unaudited pro forma financial information does not reflect any synergies, including cost savings, or the associated costs to achieve such synergies that could result from either transaction.

Assumptions and estimates underlying the pro forma adjustments are described in Notes 4, 5, 6 and 7. Since the unaudited pro forma financial information has been prepared based on preliminary estimates, which are subject to change pending further review of the assets acquired and liabilities assumed and the final purchase price and its allocation thereof. Differences from the preliminary estimates could be material.

The unaudited pro forma financial information has been presented for informational purposes only and is not necessarily indicative of the results of operations or financial position that would have been achieved had either transaction been consummated on the dates indicated above, or the future consolidated results of operations or financial position of Mylan.

2. Basis of Presentation

Mylan is not affiliated with Perrigo and has not had the cooperation of Perrigo's management, advisors or auditors or due diligence access to Perrigo or its business or management in the preparation of these unaudited pro forma condensed combined financial statements. Mylan has not received information from Perrigo concerning its business and financial condition for any purpose, including preparing these unaudited pro forma condensed combined financial statements. Accordingly, these unaudited pro forma condensed combined financial statements have been prepared by Mylan based solely on publicly available information, including Perrigo's and Omega's financial statements, as filed by Perrigo with the SEC, analyst reports and investor presentations. The unaudited pro forma condensed combined financial statements were based on and should be read in conjunction with the following documents:

audited consolidated financial statements of Mylan Inc. as of and for the year ended December 31, 2014 and the related notes, included in the Mylan Inc. Annual Report on Form 10-K;

The following discussion details the process and assumptions, including those related to recent acquisitions that Mylan has made in preparing the unaudited pro forma condensed combined financial statements.

On March 30, 2015, Perrigo completed its acquisition of Omega. The purchase price for Omega totaled \$4.4 billion, and consisted of \$2.1 billion of cash (including \$67.7 million in interest incurred from November 6, 2014, the date on which Perrigo entered into the agreement to purchase Omega, through the closing date), the assumption of \$1.4 billion of Omega debt, and the issuance of 5,397,711 Perrigo shares. The cash consideration was financed by a combination of debt and equity issued by Perrigo.

The financial information of Mylan, the Acquired EPD Business and Perrigo is prepared in accordance with U.S. GAAP with all amounts presented in U.S. Dollars. In preparing the unaudited pro forma condensed combined financial statements, Mylan has utilized the unaudited December 31, 2014 historical condensed consolidated balance sheet for Omega and the unaudited consolidated statement of operations for the twelve months ended June 30, 2014 and the six months ended December 31, 2014 converted to U.S. GAAP and U.S. Dollars by Perrigo and filed as part of Exhibit 99.1 to Perrigo's Form 8-K/A dated June 15, 2015. In addition, Mylan utilized the unaudited consolidated statement of operations for the three months ended September 30, 2014 converted to U.S. GAAP and U.S. Dollars by Perrigo and filed as part of Exhibit 99.1 to Perrigo's Current Report on Form 8-K dated November 24, 2014. Mylan has presented this financial information for Omega as it believes that it represents the best publicly available information to reflect a complete presentation of the unaudited pro forma condensed combined financial statements on a U.S. GAAP basis and is the most useful presentation for shareholders and other stakeholders. As previously mentioned, Mylan has not had the cooperation of Perrigo management, advisors or auditors and has not received any non-public financial or business information regarding Perrigo (including information regarding Omega). If additional historical Omega financial information for a more recent period prepared on a U.S. GAAP basis becomes available, Mylan will update and revise the unaudited pro forma condensed combined financial statements.

The unaudited pro forma financial information has been prepared using the acquisition method of accounting in accordance with *ASC 805, Business Combinations*. For accounting purposes, Mylan has been treated as the acquirer in the acquisition of the Acquired EPD Business and proposed acquisition of Perrigo (including Omega). Acquisition accounting is dependent upon certain valuations and other studies that have yet to progress to a stage where there is sufficient information for a definitive measurement. Accordingly, the pro forma adjustments included herein are preliminary and have been presented solely for the purpose of providing the unaudited pro forma financial information and will be revised as additional information becomes available and as additional analysis is performed. The process for estimating the fair values of identifiable intangible assets and certain tangible assets requires the use of judgment in determining the appropriate assumptions and estimates. Differences between preliminary estimates in the unaudited pro forma financial information and the final acquisition accounting will occur and could have a material impact on the unaudited pro forma financial information and Mylan's future consolidated results of operations and financial condition.

The acquisition of the Acquired EPD Business and the proposed acquisition of Perrigo (including Omega) has been accounted for using Mylan's historical information and accounting policies and combining the assets and liabilities of the Acquired EPD Business and Perrigo (including Omega) at their respective estimated fair values. The assets and liabilities of the Acquired EPD Business have been measured based on various estimates using assumptions that Mylan's management believes are reasonable and utilizing information currently available. For the assets and liabilities of Perrigo, Mylan allocated the estimated purchase price using its best estimates of fair value. These estimates are

based on the most recently available public information. To the extent there are significant changes to the business of Perrigo or adverse impacts from a proposed transaction Mylan is unaware of because of lack of cooperation from management, the assumptions and estimates herein could change significantly. The allocation of the purchase price is dependent upon certain valuation and other studies that are not yet started. Accordingly, the pro forma purchase price adjustments are preliminary and subject to further adjustments as additional information becomes available, and as additional analysis is performed. There can be no assurances that the final valuation will not result in material changes to the purchase price allocation.

Acquisition-related transaction costs, such as investment banker, advisory, legal, valuation, and other professional fees are not included as a component of consideration transferred but are expensed as incurred. These costs are not presented in the unaudited pro forma condensed combined statement of operations because they will not have a continuing impact on the consolidated results of operations for Mylan.

In connection with the proposed acquisition of Perrigo, total acquisition-related transaction costs expected to be incurred by Mylan are estimated to be approximately \$135 million (excluding financing fees payable related to the bridge credit agreement). The estimated transaction costs are reflected in the unaudited pro forma condensed combined balance sheet as of March 31, 2015 as a reduction to cash and cash equivalents with a corresponding decrease to retained earnings. No tax effect was recorded for these costs as their deductibility has not been assessed.

In connection with the acquisition of the Acquired EPD Business, during the three months ended March 31, 2015, transaction costs incurred by Mylan totaled \$62.1 million. During the year ended December 31, 2014, transaction costs incurred by Mylan and the Acquired EPD Business totaled \$50.2 million and \$47.0 million, respectively. These costs are included in the consolidated results of operations and eliminated in the unaudited pro forma condensed combined income statement adjustments.

a. The table below depicts a sensitivity analysis of the estimated purchase consideration and goodwill, assuming a 10% increase or decrease of the closing price of Mylan's ordinary shares used to determine the total estimated purchase consideration.

	Price of Mylan Ordinary Shares	Shares Exchanged (in millions)	Calculated Value of Share Consideration (in millions)	Cash Consideration Transferred (in millions)	Total Purchase Price (in millions)	Total Goodwill (in millions)
As of June 17, 2015	\$ 71.23	338.6	\$ 24,117.4	\$ 11,040.8	\$ 35,158.2	\$ 20,012.8
Decrease of 10%	64.11	338.6	21,706.7	11,040.8	32,747.5	17,602.1
Increase of 10%	78.35	338.6	26,528.1	11,040.8	37,568.9	22,423.5

b. Reflects a reduction in Perrigo's cash of \$2.1 billion, with a corresponding adjustment to goodwill, to reflect the cash consideration paid by Perrigo to acquire Omega on March 30, 2015, including \$19.2 million of transaction costs.

c. As a result of the proposed acquisition, Perrigo shareholders will receive 338,584,613 Mylan ordinary shares as consideration and \$11.0 billion in cash.

d. Reflects the acquisition of \$10.4 billion of historical book value of net assets of Perrigo as of March 31, 2015.

e. Reflects the recognition of \$135.0 million of transaction costs expected to be incurred by Mylan. These fees are recorded against retained earnings solely for the purposes of this presentation. There is no continuing impact of these transaction costs on the consolidated results of operations and, as such, these fees are not included in the pro forma condensed combined statement of operations.

f. Represents the estimated adjustment to step-up inventory to fair value of \$110.0 million. The estimated step-up in inventory is preliminary and is subject to change based upon final determination of the fair values of finished goods and work-in-process inventories. Mylan will reflect the fair value of the inventory of Perrigo as the acquired inventory is sold, which for purposes of the unaudited pro forma condensed combined statement of operations is assumed to occur within the first year after closing.

g. The estimated fair value allocated to Perrigo's historical property, plant and equipment in the unaudited pro forma condensed combined balance sheet as of March 31, 2015 is based upon a preliminary assumption that the estimated fair value approximates the net book value. Changes in the estimated fair values are expected based on valuation studies and other analysis which have not been performed to date. This estimate is preliminary and subject to change and could vary materially from the actual adjustment on the consummation date. Accordingly, for the purposes of these unaudited pro forma condensed combined financial statements, Mylan believes, to the best of its knowledge, that the current book values of Perrigo's (including Omega's) property, plant and equipment represent the best estimate of fair value.

Based on estimated useful lives averaging approximately 25 years for buildings, for each \$50 million change in the total fair value adjustment there could be an annual change in depreciation expense of approximately \$2.0 million.

Based on estimated useful lives averaging approximately 10 years for equipment, for each \$30 million change in the total fair value adjustment there could be an annual change in depreciation expense of approximately \$3.0 million.

h. The fair value adjustment estimate for identifiable intangible assets of \$15.6 billion is preliminary and is determined based on the assumptions that market participants would use in pricing an asset, based on the most advantageous market for the asset. Mylan's assumptions as to the fair value of Perrigo's identifiable

intangible assets are based solely on publicly available information and these assumptions likely will change as it conducts, with the assistance of a third party, a valuation of Perrigo's identifiable intangible assets following the completion of the proposed acquisition of Perrigo (including Omega).

The fair value adjustment estimate of identifiable intangible assets is preliminary and is determined using the income approach, which is a valuation technique that calculates an estimate of the fair value of an asset based on market participant expectations of the cash flows an asset would generate over its remaining useful life. Some of the more significant assumptions inherent in the development of the identifiable intangible asset valuations, from the perspective of a market participant, include the estimated net cash flows for each year (including net revenues, cost of sales, research and development costs, selling and marketing costs, and working capital), the appropriate discount rate to select in order to measure the risk inherent in each future cash flow stream, the assessment of each asset's life cycle, competitive trends impacting the asset and each cash flow stream, and other factors. We cannot assure you that the underlying assumptions used to prepare the discounted cash flow analysis will not change. For these and other reasons, actual results may vary significantly from estimated results.

i. Reflects the deferred income tax liability adjustment of \$4.4 billion resulting from fair value adjustments for the inventory, identifiable intangible assets and long-term debt acquired. This estimate was determined based on the excess book basis over the tax basis at a 28.4% weighted average statutory tax rate. This estimate of deferred income tax liabilities is preliminary and is subject to change based upon Mylan's final determination of the fair values of tangible and identifiable intangible assets acquired and liabilities assumed.

j. Reflects the elimination of the historical goodwill amount and the recognition of goodwill related to the proposed acquisition. Goodwill is calculated as the difference between the fair value of the consideration expected to be transferred and the values assigned to the identifiable tangible and intangible assets acquired and liabilities assumed. The estimated goodwill calculation is preliminary and is subject to change based upon final determination of the fair value of assets acquired and liabilities assumed and finalization of the purchase price. Goodwill is not amortized, but is assessed at least annually or more frequently if events or changes in circumstances indicate that the carrying value of goodwill may not be recoverable based on management's assessment.

k. Reflects a \$200.0 million adjustment to the fair value of Perrigo's debt and a \$103.4 million adjustment to the fair value of Omega's debt assumed by Perrigo.

l. The adjustments relate to the elimination of Perrigo's shareholder's equity.

m. To remove \$4.9 million of transaction costs accrued by Perrigo as of December 27, 2014 related to the acquisition of Omega. The unaudited pro forma condensed combined balance sheet reflects a reduction in cash for these accrued transaction costs with a corresponding adjustment to historical retained earnings.

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Financial Statements - Continued****5. Acquired EPD Business Unaudited Pro Forma Condensed Combined Income Statement Adjustments**

Adjustments included in the accompanying unaudited pro forma condensed combined statement of operations are represented by the following:

a. Represents an increase in amortization expense associated with fair value adjustments to the carrying value of intangible assets for the three months ended March 31, 2015 and the year ended December 31, 2014. The increase in amortization expense is recorded as follows:

<i>(in millions, except for useful lives)</i>	Useful Lives	Fair Value	Amortization	
			Three Months Ended March 31, 2015	Year Ended December 31, 2014
Products rights and licenses	13 years	\$ 4,523.0	\$ 87.0	\$ 347.9
Contractual rights	2-5 years	320.0	28.2	112.7
		\$ 4,843.0	\$ 115.2	\$ 460.6
Less: historical amortization expense of the Acquired EPD Business			21.8	122.0
			\$ 93.4	\$ 338.6

b. Represents an adjustment to cost of goods sold for the amortization expense related to inventory fair value adjustment.

c. Represents the elimination of transaction costs included in the historical financial statements of Mylan and the Acquired EPD Business. An adjustment totaling \$62.1 million was reflected in the unaudited pro forma condensed consolidated statement of operations to eliminate transaction costs incurred by Mylan for the three months ended March 31, 2015. An adjustment totaling \$97.2 million was reflected in the pro forma condensed combined statements of operations to eliminate transaction costs incurred by Mylan and the Acquired EPD Business of \$50.2 million and \$47.0 million, respectively, for the year ended December 31, 2014. There is no continuing impact of these transaction costs on the consolidated results of operations, and, as such, these fees are not included in the unaudited pro forma condensed consolidated statement of operations.

d. Represents an adjustment to depreciation expense associated with fair value adjustments to the property, plant and equipment for the three months ended March 31, 2015 and the year ended December 31, 2014, respectively.

e. A weighted average effective tax rate of 18.2% was applied to the applicable pro forma adjustments. The total effective tax rate of Mylan could be significantly different depending on the post-closing geographical mix of income and other factors.

f. Adjustment to increase Mylan ordinary shares outstanding after the closing of the EPD Transaction. Abbott and its subsidiaries received 110,000,000 Mylan ordinary shares as consideration for the transfer of the Acquired EPD Business, and in the Merger, each issued and outstanding share of Mylan common stock was converted into the right to receive one Mylan ordinary share. This adjustment is reflected for the year ended December 31, 2014. For the three months ended March 31, 2015 there is an adjustment of 73,300,000 shares. This represents the weighted average impact of the Mylan ordinary shares issued to affect the EPD Transaction. A weighted average is used as the transaction closed on February 27, 2015.

Adjustments included in the accompanying unaudited pro forma condensed combined statement of operations are represented by the following:

a. Represents an increase in amortization expense associated with fair value adjustments to the carrying value of intangible assets for the three months ended March 31, 2015 and the year ended December 31, 2014. The increase in amortization expense is recorded as follows:

<i>(in millions, except for useful lives)</i>	Useful Lives	Fair Value	Amortization

Less: historical amortization expenses of the Perrigo Business			105.4	421.6
			\$ 187.3	\$ 749.3

b. Represents an elimination of historical Omega amortization expense included in cost of sales of \$6.7 million and \$24.6 million, for the three months ended March 31, 2015 and the year ended December 31, 2014, respectively.

c. Represents an adjustment to cost of goods sold for the amortization expense related to inventory fair value adjustment.

d. Adjustment to tax effect the pro forma adjustments. A weighed average effective tax rate of 18.0% was applied to the applicable pro forma adjustments. The total effective tax rate of Mylan after completion of the proposed acquisition of Perrigo could be significantly different depending on the post-closing geographical mix of income and other factors.

e. Adjustment to increase Mylan ordinary shares outstanding after completion of the proposed acquisition of Perrigo. Under the terms of the offer, as amended on April 29, 2015, Perrigo shareholders will receive \$75 in cash and 2.3 Mylan ordinary shares for each Perrigo ordinary share. Refer to Note 3 for the computation of Mylan ordinary shares to be issued in connection with the proposed acquisition of Perrigo. For purposes of the unaudited pro forma

condensed combined statement of operations for the three months ended March 31, 2015, the dilutive impacts of share based awards and equity warrants have been excluded from the calculation of the pro forma diluted loss per share, as the effect of including them would have been anti-dilutive, as it would have reduced the pro forma loss per share. The potential dilutive effect of the share based awards and equity warrants represented 25.8 million shares for the three months ended March 31, 2015.

f. To record amortization of the fair value adjustment on the long-term debt assumed in connection with the proposed acquisition. Amortization was \$12 million and \$48 million for the three months ended March 31, 2015 and the year ended December 31, 2014, respectively.

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Financial Statements - Continued****7. Financing Adjustments**

a. On April 24, 2015, the Company entered into a bridge credit agreement (the Bridge Credit Agreement) with the lenders from time to time party thereto and Goldman Sachs Bank USA, as the Administrative Agent in connection with the offer. The Bridge Credit Agreement, amended on April 29, 2015, provides for a bridge credit facility (the Bridge Facility) under which Mylan may obtain loans up to an aggregate amount of approximately \$12.5 billion. The Bridge Facility consists of a Tranche A Loan in an aggregate amount up to \$11.0 billion and a Tranche C Loan in an aggregate amount up to \$1.5 billion. The Tranche A Loans mature on the day that is 364 days after the Loans are funded, and the Tranche C loans mature on the day that is six months after the Loans are funded. The proceeds of the Bridge Facility will be applied solely to finance the acquisition, directly or indirectly (whether by way of the offer (and subsequent compulsory acquisition) or other legal arrangement) of all or any portion of the ordinary shares of Perrigo outstanding (on a fully diluted basis) as of the consummation of such acquisition (the Acquisition) and costs related to the Acquisition to the extent that the cash portion of the consideration being paid as part of the Acquisition is not funded from our own resources and/or alternative funding sources.

Mylan expects to use the borrowings from the Bridge Facility to finance the proposed acquisition of Perrigo to the extent that the cash portion of the consideration under the offer is not funded from our own resources and/or alternative funding sources. The unaudited pro forma condensed combined balance sheet is adjusted to reflect Tranche A borrowings of approximately \$11.0 billion, which is classified as current in the unaudited pro forma condensed combined balance sheet.

For purposes of these unaudited pro forma condensed combined statement of operations, we have assumed that the amounts outstanding under the Bridge Facility bear interest at LIBOR, plus an estimated margin ranging from 150-225 basis points. The pro forma adjustment to interest expense was approximately \$59.3 million and \$237.1 million for the three months ended March 31, 2015 and the year ended December 31, 2014, respectively, at a weighted average rate of approximately 2.2%.

It is assumed that Mylan will incur approximately \$390.8 million of debt issuance costs for the Bridge Facility, primarily consisting of financing fees and commitment fees. Since the Bridge Facility has a maturity of less than one year, there is no adjustment to the pro forma condensed combined statement of operations for these debt issuance costs as there is no continuing impact of the Bridge Facility on Mylan's consolidated results of operations. The fees Mylan will ultimately pay and the level of net debt expected to be incurred could vary significantly from what is assumed in these unaudited condensed combined pro forma financial statements. Variances could arise from multiple factors including: other acquisitions Mylan may pursue, the amount of cash on hand at both Mylan and Perrigo at the time of the closing of the acquisition, actual timing and amount of borrowings and repayments under the Bridge Facility, the actual mix of permanent debt / equity financing, the actual fixed / floating mix of permanent debt financing and Mylan's credit rating. Accordingly, the estimated debt and interest expense reflected in these unaudited pro forma condensed combined financial statements may change and the change could be significant. A 0.125 percent change in the interest rate could result in an increase or decrease in the pro forma interest expense of approximately \$14 million for the year ended December 31, 2014.

b. On December 2, 2014, Perrigo issued \$1.6 billion principal amount of Senior Notes to finance the acquisition of Omega. Mylan has included a pro forma interest expense adjustment of \$59.0 million to reflect the estimated additional annual interest expense to be incurred under these Senior Notes for the period ended December 31, 2014.

Interest related to this debt was included in Perrigo historical results for the three months ended March 31, 2015, as such no pro forma adjustment was necessary.

c. A weighted average statutory tax rate of 18.0% was applied to the applicable pro forma adjustments. The total effective tax rate of Mylan after completion of the proposed acquisition of Perrigo could be significantly different depending on the post-closing geographical mix of income and other factors.

PROPOSALS FOR THE 2016 ANNUAL GENERAL MEETING OF SHAREHOLDERS

Because Mylan is a Dutch public limited company whose shares are traded on a U.S. securities exchange, both U.S. and Dutch rules and time frames apply if shareholders wish to submit a proposal for consideration by Mylan shareholders at the 2016 annual general meeting of shareholders. Under Dutch law and Mylan's articles of association, if a shareholder is interested in submitting a proposed agenda item or a proposed resolution within the authority of shareholders to be presented at the 2016 annual general meeting of shareholders, the shareholder must fulfill the requirements set forth in Dutch law and Mylan's articles of association, including satisfying both of the following criteria:

Mylan must receive the proposed agenda item (supported by reasons) or proposed resolution in writing (excluding e-mail and other forms of electronic communication) no later than 60 days before the date of the annual general meeting of shareholders; and

the number of shares held by the shareholder, or group of shareholders, submitting the proposed agenda item or proposed resolution must equal at least 3% of Mylan's issued share capital.

Under Mylan's articles of association, directors are appointed by the General Meeting upon the binding nomination by the Mylan Board. The General Meeting may only overrule the binding nomination by a resolution adopted by at least a two-thirds majority of the votes cast, provided such majority represents more than half of the issued share capital. If the General Meeting overrules a binding nomination for a director, the Mylan Board will promptly make a new nomination to be submitted to a subsequent General Meeting.

Pursuant to U.S. federal securities laws, if a shareholder wishes to have a proposed agenda item or a proposed resolution within the authority of shareholders included in Mylan's proxy statement for the 2016 annual general meeting of shareholders, then in addition to the above requirements, the shareholder also needs to follow the

Edgar Filing: Mylan N.V. - Form PRER14A

procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, and the deadline for submitting the proposed agenda item or proposed resolution to Mylan may be earlier than the deadline specified above. For the proposed agenda item or proposed resolution to be eligible for inclusion in our 2016 proxy statement, we must receive your proposed agenda item or proposed resolution at a reasonable time before the company begins to print and send its proxy materials.

Any proposed agenda item or proposed resolution within the authority of shareholders under our articles of association or pursuant to Rule 14a-8 for our 2016 annual general meeting of shareholders should be sent to the following address:

DEALING DISCLOSURE REQUIREMENTS

Under the provisions of Rule 8.3 of the Irish Takeover Rules, if any person is, or becomes, interested (directly or indirectly) in, 1% or more of any class of relevant securities of Perrigo or Mylan, all dealings in any relevant securities of Perrigo or Mylan (including by means of an option in respect of, or a derivative referenced to, any such relevant securities) must be publicly disclosed by not later than 3:30 pm (New York time) on the business day following the date of the relevant transaction. This requirement will continue until the date on which the offer period ends. If two or more persons co-operate on the basis of any agreement, either express or tacit, either oral or written, to acquire an interest in relevant securities of Perrigo or Mylan, they will be deemed to be a single person for the purpose of Rule 8.3 of the Irish Takeover Rules.

Under the provisions of Rule 8.1 of the Irish Takeover Rules, all dealings in relevant securities of Perrigo by Mylan or relevant securities of Mylan by Perrigo, or by any party acting in concert with either of them, must also be disclosed by no later than 12 noon (New York time) on the business day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose relevant securities dealings should be disclosed, can be found on the Irish Takeover Panel's website at www.irishtakeoverpanel.ie.

Interests in securities arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an interest by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the Irish Takeover Rules, which can also be found on the Irish Takeover Panel's website. If you are in any doubt as to whether or not you are required to disclose a dealing under Rule 8, please consult the Irish Takeover Panel's website at www.irishtakeoverpanel.ie or contact the Irish Takeover Panel on telephone number +353 1 678 9020 or fax number +353 1 678 9289.

Table of Contents**FORWARD-LOOKING STATEMENTS**

This proxy statement, and the documents incorporated herein by reference, contain forward-looking statements. These statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements may include, without limitation, statements about the proposed Transaction, Mylan's acquisition (the EPD Transaction) of Mylan Inc. and Abbott Laboratories non-U.S. developed markets specialty and branded generics business (the Acquired EPD Business), the benefits and synergies of the proposed Transaction or EPD Transaction, future opportunities for Mylan, Perrigo, or the combined company and products, and any other statements regarding Mylan's, Perrigo's, or the combined company's future operations, anticipated business levels, future earnings, planned activities, anticipated growth, market opportunities, strategies, competition, and other expectations and targets for future periods. These may often be identified by the use of words such as will, may, could, should, would, project, believe, anticipate, expect, plan, estimate, forecast, potential, and variations of these words or comparable words. Because forward-looking statements inherently involve risks and uncertainties, actual future results may differ materially from those expressed or implied by such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to: uncertainties related to the proposed Transaction, including as to the timing of the Transaction, whether Perrigo will cooperate with Mylan and whether Mylan will be able to consummate the Transaction, whether Mylan shareholders will provide the requisite approvals for the proposed Transaction, the possibility that competing offers will be made, the possibility that the conditions to the consummation of the offer will not be satisfied, and the possibility that Mylan will be unable to obtain regulatory approvals for the Transaction or be required, as a condition to obtaining regulatory approvals, to accept conditions that could reduce the anticipated benefits of the Transaction; the ability to meet expectations regarding the accounting and tax treatments of the proposed Transaction and the EPD Transaction; changes in relevant tax and other laws, including but not limited to changes in healthcare and pharmaceutical laws and regulations in the U.S. and abroad; the integration of Perrigo and the Acquired EPD Business being more difficult, time-consuming, or costly than expected; operating costs, customer loss and business disruption (including, without limitation, difficulties in maintaining relationships with employees, customers, clients, or suppliers) being greater than expected following the proposed Transaction and the EPD Transaction; the retention of certain key employees of Perrigo and the Acquired EPD Business being difficult; the possibility that Mylan may be unable to achieve expected synergies and operating efficiencies in connection with the proposed Transaction and the EPD Transaction within the expected time-frames or at all and to successfully integrate Perrigo and the Acquired EPD Business; expected or targeted future financial and operating performance and results; challenges to our business and strategic plans posed by the recent unsolicited non-binding expression of interest made by a large competitor to acquire all of our outstanding shares; the capacity to bring new products to market, including but not limited to where Mylan uses its business judgment and decides to manufacture, market, and/or sell products, directly or through third parties, notwithstanding the fact that allegations of patent infringement(s) have not been finally resolved by the courts (i.e., an at-risk launch); success of clinical trials and our ability to execute on new product opportunities; the scope, timing, and outcome of any ongoing legal proceedings and the impact of any such proceedings on financial condition, results of operations and/or cash flows; the ability to protect intellectual property and preserve intellectual property rights; the effect of any changes in customer and supplier relationships and customer purchasing patterns; the ability to attract and retain key personnel; changes in third-party relationships; the impact of competition; changes in the economic and financial conditions of the businesses of Mylan, Perrigo, or the combined company; the inherent challenges, risks, and costs in identifying, acquiring, and integrating complementary or strategic acquisitions of other companies, products or assets and in achieving anticipated synergies; uncertainties and matters beyond the control of management; and inherent uncertainties involved in the estimates and judgments used in the preparation of financial statements, and the providing of estimates of financial measures, in accordance with GAAP and related standards or on an adjusted basis. For more detailed information on the risks and uncertainties associated with the Company's business activities, see the risks described in Mylan Inc.'s Annual Report on Form 10-K for the year ended December 31, 2014, in Mylan's Quarterly Report on Form 10-Q for the three months ended March 31, 2015, and our other filings with the SEC.
