NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. Basis of presentation:

The accompanying quarterly consolidated financial statements of NTT DOCOMO, INC. and its subsidiaries (DOCOMO) were prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Certain disclosures required by U.S. GAAP have been omitted. Since DOCOMO s American Depositary Shares were listed on the New York Stock Exchange in March 2002, DOCOMO has prepared its consolidated financial statements pursuant to the terminology, forms and preparation methods required in order to issue American Depositary Shares, which are registered with the Securities and Exchange Commission of the United States of America.

2. Summary of significant accounting and reporting policies:

(a) Reclassifications

Certain reclassifications have been made to the prior period s consolidated financial statements to conform to the presentation used for the three months ended June 30, 2015.

(b) Recently issued accounting standards

Revenue from contracts with customers

On May 28, 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09 Revenue from Contracts with Customers (Topic 606), which requires an entity to recognize the amount to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective.

On July 9, 2015, the FASB decided to delay the effective date of the ASU by one year. Consequently, the standard is expected to take effect for DOCOMO on April 1, 2018. Early adoption of the standard as of April 1, 2017 would also be permitted. DOCOMO has not yet selected a transition method and is currently evaluating the effect that the ASU will have on its consolidated financial statements and related disclosures.

4. Segment information:

DOCOMO s chief operating decision maker (CODM) is its board of directors. The CODM evaluates the performance and makes resource allocations of its segments based on the information provided by DOCOMO s internal management reports.

DOCOMO realigned its three former operating segments, which had consisted of its mobile communications business, smart life business and other businesses, into three new operating segments, which consist of its telecommunications business, smart life business and other businesses from the fourth quarter of the fiscal year ended March 31, 2015, as a result of realignment of the way DOCOMO manages the telecommunications related services triggered by the launch of optical-fiber broadband services. Accordingly, telecommunications services which had been included in other businesses under DOCOMO s three former operating segments are reclassified to the telecommunications business.

The telecommunications business includes mobile phone services (LTE(Xi) services and FOMA services), optical-fiber broadband service, satellite mobile communications services, international services and the equipment sales related to these services. The smart life business includes video and music distribution, electronic books and other services offered through DOCOMO s dmarket portal, as well as finance/payment services, shopping services and various other services to support our customers daily lives. The other businesses primarily includes Mobile Device Protection Service, as well as development, sales and maintenance of IT systems.

In connection with this realignment, segment information for the three months ended June 30, 2014 has been restated to conform to the presentation for the three months ended June 30, 2015.

Accounting policies used to determine segment operating revenues and operating income (loss) are consistent with those used to prepare the consolidated financial statements in accordance with U.S. GAAP.

5. Contingencies:

(a) Litigation

DOCOMO is involved in litigation and claims arising in the ordinary course of business. DOCOMO believes that none of the litigation or claims outstanding, pending or threatened against DOCOMO would have a materially adverse effect on DOCOMO s results of operations, financial position or cash flows.

(b) Guarantees

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

6. Fair value measurements:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

Level 1 quoted prices in active markets for identical assets or liabilities

Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability

Level 3 unobservable inputs for the asset or liability

DOCOMO also distinguishes assets and liabilities measured at fair value every period on a recurring basis from those measured on a nonrecurring basis in certain circumstances.

(a) Assets and liabilities measured at fair value on a recurring basis

DOCOMO s assets and liabilities measured at fair value on a recurring basis include available-for-sale securities and derivatives.

DOCOMO s assets and liabilities that were measured at fair value on a recurring basis at March 31, 2015 and June 30, 2015 were as follows:

Available-for-sale securities

Available-for-sale securities include marketable equity securities and debt securities, which are valued using quoted prices in active markets for identical assets. Therefore, these securities are classified as Level 1.

Derivatives

Derivative instruments are foreign currency option contracts and foreign exchange forward contracts, which are valued based on observable market data. Therefore, these derivatives are classified as Level 2.

(b) Assets and liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities are measured at fair value on a nonrecurring basis in certain circumstances.

DOCOMO may be required to measure fair value of receivables held for sale, long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

DOCOMO s assets that were measured at fair value on a nonrecurring basis for the three months ended June 30, 2014 and 2015 were as follows:

Millions of yen Three months ended June 30, 2014

							Ga	ins (losses)
		Total	Level 1		Level 2	Level	3 (be	fore taxes)
Assets:								
Receivables held for sale	¥	439,469	¥	¥	439,469	¥	¥	(5,889)

Assets:								
Receivables held for sale	¥	465,521	¥	¥	465,521	¥	¥	(6,093)

Receivables held for sale

Receivables held for sale are measured at the lower of cost or fair value.

Receivables held for sale are classified as Level 2. DOCOMO measures the fair value of the receivables held for sale by discounting, at LIBOR-based discount rates, estimated future cash flows while taking into account factors such as default probabilities and loss severity of similar trade receivables.

7. Derivative instruments:

As of June 30, 2015, derivative instruments held for foreign exchange risk management purpose are considered both as important to our operations and having changed significantly compared to the amounts held as of March 31, 2015. Derivative instruments which are designated as hedging instruments are excluded from the data for derivative instruments presented below.

(a) Derivatives not designated as hedging instruments

To hedge the risk of fluctuations in interest rates and foreign exchange rates, DOCOMO enters into interest rate swap agreements, foreign currency option contracts, non-deliverable forward contracts (NDF) and foreign exchange forward contracts. DOCOMO did not designate such derivative instruments as hedging instruments.

The contract amounts of derivative instruments not designated as hedging instruments as of March 31, 2015 and June 30, 2015 were as follows:

Instruments	Marc	ch 31, 2015	June	e 30, 2015
Foreign currency option contracts	¥	48,740	¥	75,825
Foreign exchange forward contracts		100		327
Total	¥	48,840	¥	76,152

(b) The effect on the consolidated balance sheets

The locations and fair values of derivative instruments not designated as hedging instruments as of March 31, 2015 and June 30, 2015 recorded in the consolidated balance sheets, were as follows:
