EXPLANATORY NOTE

This Amendment No. 1 on Form 8-K/A to the Current Report on Form 8-K dated November 2, 2015 (the Original Report) filed by Green Plains Inc. is being filed solely to add Item 1.01 to the Original Report as it was inadvertently omitted from the Original Report and to correct the Date of Report.

Item 1.01. Entry into a Material Definitive Agreement.

On October 28, 2015, Green Plains Inc. (Green Plains) entered into a definitive agreement to acquire Murphy USA s ethanol production facility located in Hereford, Texas. Under the terms of the agreement, Green Plains will acquire Hereford Renewable Energy, LLC for approximately \$93.8 million, subject to customary closing adjustments, including inventory and working capital.

The transaction value includes \$78.5 million for the ethanol production facility with the balance for working capital. Green Plains intends to initially fund the purchase with cash and potentially use term debt in the future.

The parties have made customary representations and warranties in the definitive agreement and agreed to certain customary covenants and indemnities. The closing of the transaction, which is expected to occur during the fourth quarter of 2015, is subject to customary closing conditions and regulatory approvals.

The foregoing summary of the definitive agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the definitive agreement, which will be filed as an exhibit to the earlier of the following filings: (1) Green Plains current report on Form 8-K announcing the closing of the transaction or (2) Green Plains annual report on Form 10-K for the year ended December 31, 2015.

Item 8.01. Other Events.

Green Plains issued a press release, dated November 2, 2015, a copy of which is attached hereto as Exhibit 99.1, announcing the signing of the definitive agreement with Murphy USA described in Item 1.01 above.

Item 9.01. Financial Statements and Exhibits
(d) Exhibits
