## **Item 1.01. Entry into a Material Definitive Agreement.**

### **Indenture and the Notes**

On August 10, 2016, Westlake Chemical Corporation ( Westlake ) completed an offering of \$750,000,000 aggregate principal amount of 3.600% senior unsecured notes due 2026 (the 2026 Notes ) and \$700,000,000 aggregate principal amount of 5.000% senior unsecured notes due 2046 (the 2046 Notes, and together with the 2026 Notes, the Notes ). The Notes were issued pursuant to an indenture, dated as of January 1, 2006, by and among Westlake, the potential subsidiary guarantors listed therein and JPMorgan Chase Bank, National Association, as trustee (the Base Indenture ), and an Eighth Supplemental Indenture, dated as of August 10, 2016, by and among Westlake, the subsidiary guarantors listed therein (the Guarantors ) and The Bank of New York Mellon Trust Company, N.A., as trustee (the Supplemental Indenture and together with the Base Indenture, the Indenture ).

The Indenture contains covenants that, among other things, restrict our and certain of our subsidiaries ability to incur certain secured indebtedness, engage in certain sale and leaseback transactions and consolidate, merge or transfer all or substantially all of our assets. These covenants are subject to significant exceptions. The Indenture also contains customary events of default.

The above description of the Base Indenture and the Supplemental Indenture is qualified in its entirety by reference to the complete text of the Base Indenture, a copy of which is incorporated by reference as Exhibit 4.1 hereto and to the complete text of the Supplemental Indenture, a copy of which is attached hereto as Exhibit 4.2.

### **Registration Rights Agreements**

On August 10, 2016, Westlake, the Guarantors, and Deutsche Bank Securities Inc. and Goldman, Sachs & Co., as representatives of the initial purchasers of the Notes, entered into a registration rights agreement related to the Notes (the Registration Rights Agreement ).

Pursuant to the Registration Rights Agreement, Westlake and the Guarantors will (among other obligations), after the consummation of the acquisition of Axiall, use commercially reasonable efforts to file with the Securities and Exchange Commission (the SEC ) a registration statement relating to an offer to exchange the Notes for registered notes with substantially identical terms and consummate such offer within 365 days after the issuance of the Notes. A Registration Default will occur if, among other things, Westlake and the Guarantors fail to comply with this requirement. If a Registration Default occurs, the annual interest rate of the Notes will be increased by 0.25% per annum and will increase by 0.25% per annum at the end of each subsequent 90-day period, but in no event will such increase exceed 0.50% per annum.

The above description of the Registration Rights Agreements is qualified in its entirety by reference to the complete text of the Registration Rights Agreement, a copy of which is attached hereto as Exhibit 4.3 and incorporated herein by reference.

Statements contained herein concerning the business outlook or future economic performance, anticipated profitability, revenues, expenses, dividends or other financial items, and product or services line growth of Westlake and Axiall (and the combined businesses of Westlake and Axiall), together with other statements that are not historical facts, are forward-looking statements that are estimates reflecting the best judgment of Westlake or Axiall based upon currently available information. Statements concerning current conditions may also be forward-looking if they imply a continuation of current conditions.

Such forward-looking statements are inherently uncertain, and stockholders and other potential investors must recognize that actual results may differ materially from Westlake's and/or Axiall's expectations as a result of a variety of factors, including, without limitation, those discussed below. Such forward-looking statements are based upon management's current expectations and include known and unknown risks, uncertainties and other factors, many of which Westlake and/or Axiall are unable to predict or control, that may cause Westlake's and/or Axiall's actual results, performance or plans to differ materially from any future results, performance or plans expressed or implied by such forward-looking statements. These statements involve risks, uncertainties and other factors discussed below and detailed from time to time in Westlake's and/or Axiall's filings with the Securities and Exchange Commission (the SEC).

Risks and uncertainties related to the proposed business combination transaction include, but are not limited to: (i) the ultimate outcome of the proposed transaction between Westlake and Axiall and the potential negative impact on Westlake's share price and future business and financial results if the transaction is not consummated, (ii) the ultimate outcome and results of integrating the operations of Westlake and Axiall if a transaction is consummated, (iii) the ability to obtain regulatory approvals and meet other closing conditions to the proposed transaction, including any necessary stockholder approvals, (iv) potential adverse reactions or changes to business relationships resulting from the announcement, pendency or completion of the proposed transaction, (v) competitive responses to the announcement or completion of the proposed transaction, costs and difficulties related to the integration of Axiall's businesses and operations with Westlake's businesses and operations, (vi) the inability to obtain, or delays in obtaining, cost savings and synergies from the proposed transaction, (vii) uncertainties as to whether the completion of the proposed transaction will have the accretive effect on Westlake's earnings or cash flows that are expected, (viii) unexpected costs, liabilities, charges or expenses resulting from the proposed transaction, (ix) litigation relating to the proposed transaction, (x) the inability to retain key personnel, (xi) potential adverse effects on Westlake's ability to operate Westlake's business due to the increase in Westlake's overall debt level contemplated by the proposed transaction, (xii) potential diminished productivity due to the impact of the potential transaction on Westlake's and/or Axiall's current and prospective employees, key management, customers, suppliers and business partner and (xiii) any changes in general economic and/or industry-specific conditions.

In addition to the factors set forth above, other factors that may affect Westlake's and/or Axiall's plans, results or stock price are set forth in Westlake's and Axiall's respective Annual Reports on Form 10-K and reports on Forms 10-Q and 8-K.

Many of these factors are beyond Westlake's and/or Axiall's control. Westlake and Axiall caution investors that any forward-looking statements made by Westlake and/or Axiall are not guarantees of future performance. Westlake and Axiall do not intend, and undertake no obligation, to publish revised forward-looking statements to reflect events or circumstances after the date of this communication or to reflect the occurrence of unanticipated events.
