## **PROSPECTUS SUPPLEMENT**

**(To Prospectus dated May 3, 2017)**

### **Parsley Energy, Inc.**

### **39,848,518 Shares of Class A common stock**

This prospectus supplement updates, amends and supplements the selling stockholders table and related footnotes contained in the prospectus dated May 3, 2017 (the "Prospectus"), which Prospectus forms a part of the Registration Statement on Form S-3 (File No. 333-217626) (the "Registration Statement") of Parsley Energy, Inc. (the "Company," "we," "us" or "our"), covering the resale of up to 39,848,518 shares of our Class A common stock, par value \$0.01 per share ( "Class A common stock"), by the selling stockholders.

The securities to be offered and sold using this prospectus supplement are 39,848,518 shares of our Class A common stock, that may be issued from time to time to certain members of Parsley Energy, LLC, a Delaware limited liability company ( "Parsley LLC"), that own units in Parsley LLC ( "PE Units"), upon the exchange of such members' PE Units, together with an equal number of shares of our Class B common stock, par value \$0.01 per share ( "Class B common stock"), for shares of our Class A common stock pursuant to the Second Amended and Restated Limited Liability Company Agreement of Parsley LLC, dated April 20, 2017 (the "Parsley LLC Agreement"). These shares of Class A common stock may be offered and sold by the selling stockholders named in this prospectus supplement or in any future prospectus supplement from time to time in accordance with the provisions set forth under "Plan of Distribution" beginning on page 18 of the Prospectus.

This prospectus supplement should be read in conjunction with the Prospectus. This prospectus supplement is not complete without, and may not be utilized except in connection with, the Prospectus, including any amendments or supplements thereto. This prospectus supplement is qualified by reference to the Prospectus, except to the extent that the information provided by this prospectus supplement supersedes information contained in the Prospectus.

Our Class A common stock is traded on the New York Stock Exchange (the "NYSE") under the symbol "PE."

Our principal executive offices are located at 303 Colorado Street, Suite 3000, Austin, Texas 78701, and our telephone number at that address is (737) 704-2300.

**You should read carefully this prospectus supplement, the Prospectus, the documents incorporated by reference herein and therein, and the Registration Statement before you invest. **Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if the Prospectus or this prospectus supplement are truthful or complete. Any representation to the contrary is a criminal offense.**

**The date of this prospectus supplement is July 19, 2017.**

The selling stockholders table and related footnotes in the section entitled "Selling Stockholders" in the Prospectus is hereby amended and supplemented by the following information:

### **SELLING STOCKHOLDERS**

The following table presents information regarding the beneficial ownership of the selling stockholders that are offering shares of our Class A common stock pursuant to this prospectus supplement and the Prospectus. The term "selling stockholders" includes the stockholders listed in the table below and their transferees, pledgees, donees, assignees or other successors.

The following table sets forth information as of the date of this prospectus supplement by each selling stockholder regarding the beneficial ownership of shares of our Class A common stock and the number of shares of our Class A common stock that may from time to time be offered or sold pursuant to this prospectus supplement. The percentage of shares of Class A common stock beneficially owned before the offering is based on the number of shares of our Class A common stock and Class B common stock outstanding as of the date of this prospectus supplement, assuming the exchange of all PE Units (together with an equal number of shares of our Class B common stock). The information regarding shares beneficially owned after the offering assumes the sale of all shares of Class A common stock offered by the selling stockholders and that the selling stockholders do not acquire any additional shares of Class A common stock. Information in the table below with respect to beneficial ownership has been furnished by the selling stockholders.

Information concerning the selling stockholders may change from time to time and any changed information will be set forth in supplements to this prospectus supplement, if and when necessary. The selling stockholders may offer all, some or none of their shares of Class A common stock. We cannot advise you as to whether the selling stockholders will in fact sell any or all of such shares of Class A common stock. In addition, the selling stockholders listed in the table below may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, shares of our Class A common stock in transactions exempt from the registration requirements of the Securities Act after the date on which they provided the information set forth in the table below.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC. As described in "Exchange of PE Units and Class B Common Stock" beginning on page 8 of the Prospectus, the holders of PE Units have the right to exchange such PE Units, together with an equal number of shares of Class B common stock, for shares of our Class A common stock on a one-for-one basis. Assuming the exchange of all PE Units held by the PE Unit Holders, including the selling stockholders (together with an equal number of shares of our Class B common stock), for an equivalent number of shares of our Class A common stock, as of July 17, 2017, there would be 314,382,598 shares of our Class A common stock outstanding. The beneficial ownership information presented below assumes that all PE Units held by the PE Unit Holders, including the selling stockholders (together with an equal number of shares of our Class B common stock), have been exchanged for an equivalent number of shares of Class A common stock.
