**RISK FACTORS**

*Before deciding whether to invest in the Notes, you should carefully consider the following and the risks described in documents incorporated by reference, including those described in the Risk Factors section beginning on page S-1 of the accompanying prospectus supplement and those described in management's discussion and analysis included in our Annual Report on Form 40-F for the year ended October 31, 2016, which is incorporated by reference in the accompanying prospectus, dated April 27, 2017, as supplemented by the accompanying prospectus supplement, dated April 27, 2017, and this pricing supplement.*

***Changes to LIBOR may adversely affect holders of the Floating Rate Notes.***

Regulators and law enforcement agencies from a number of governments have been conducting investigations relating to the calculation of LIBOR across a range of maturities and currencies, and certain financial institutions that are member banks surveyed by the British Bankers Association (the BBA) in setting daily LIBOR have entered into agreements with the U.S. Department of Justice, the U.S. Commodity Futures Trading Commission and/or the Financial Services Authority in order to resolve the investigations. Since April 2013, the U.K. Financial Conduct Authority (FCA) has regulated LIBOR.

Actions by the BBA, regulators or law enforcement agencies may result in changes to the manner in which LIBOR is determined or the establishment of alternative reference rates. For example, on July 27, 2017, the U.K. Financial Conduct Authority announced that it intends to stop persuading or compelling banks to submit LIBOR rates after 2021. At this time, it is not possible to predict the effect of any such changes, any establishment of alternative reference rates or any other reforms to LIBOR that may be implemented in the United Kingdom or elsewhere. Uncertainty as to the nature of such potential changes, alternative reference rates or other reforms may adversely affect the trading market for the Floating Rate Notes, the interest on which is determined by reference to LIBOR.

In the event that a published LIBOR rate is unavailable, the rate on the Floating Rate Notes will be determined as set forth in the accompanying prospectus supplement under Description of Notes We May Offer Interest Rates Floating Rate Notes LIBOR Notes. If a published LIBOR rate is unavailable and banks are unwilling to provide quotations for the calculation of LIBOR as set forth in the accompanying prospectus supplement, the LIBOR rate on the Floating Rate Notes will be the LIBOR rate in effect for the prior interest period. As a result, the rate of interest on the Floating Rate Notes may effectively become fixed. If this occurs, the value of the Floating Rate Notes may be adversely affected.

***Changes in laws and regulations, including how they are interpreted and enforced in applicable jurisdictions, could have an impact on holders of our outstanding debt securities.***

On June 22, 2016, legislation came into force amending the Bank Act and the Canada Deposit Insurance Corporation Act (Canada) (the CDIC Act) and certain other federal statutes pertaining to banks to create a bail-in regime for Canada's domestically systemically important banks, which include the Bank. On June 17, 2017, the Government of Canada published in draft for public comment regulations under the CDIC Act and the Bank Act providing the final details of the conversion, issuance and compensation regimes for bail-in instruments issued by domestic systemically important banks, including the Bank (collectively, the Bail-In Regulations). Pursuant to the CDIC Act, in circumstances where the Superintendent of Financial Institutions has determined that the Bank has ceased, or is about to cease, to be viable, the Governor in Council may, upon a recommendation of the Minister of Finance that he or she is of the opinion that it is in the public interest to do so, grant an order directing CDIC to convert all or a portion of certain shares and liabilities of the Bank into common shares of the Bank (a Bail-In Conversion).

The Bail-In Regulations prescribe the types of shares and liabilities that will be subject to a Bail-In Conversion. In general, any senior debt with an initial or amended term to maturity (including explicit or embedded options) greater than 400 days, that is unsecured or partially secured and has been assigned a CUSIP or ISIN or similar identification number would be subject to a Bail-In Conversion. Shares, other than common shares, and subordinated debt would also be subject to a Bail-In Conversion, unless they are non-viability contingent capital. The Notes would accordingly be subject to a Bail-in Conversion if they were to be issued after the coming into force of the Bail-In Regulations.

**Table of Contents**

Notwithstanding the above, assuming the draft Bail-In Regulations come into force in their current form, any shares and liabilities issued before the date the Bail-In Regulations come into force, including the Notes, would not be subject to a Bail-In Conversion, unless, in the case of a liability, including the Notes, the terms of such liability are, on or after that day, amended to increase its principal amount or to extend its term to maturity and the liability, as amended, meets the requirements to be subject to a Bail-In Conversion.

The draft Bail-In Regulations provide that they will come into force 180 days after the regulations are finalized.

The financial services industry is highly regulated, and we have experienced changes and increased complexity in regulatory requirements as governments and regulators around the world continue major reforms intended to strengthen the stability of the financial system and protect key markets and participants. As a result, there is the potential for higher capital requirements and increased regulatory and compliance costs which could lower our returns and affect our growth. We monitor such developments, and other potential changes, such as reforms of the U.S. financial regulatory system following the U.S. election or the potential impacts of a United Kingdom withdrawal from the European Union, so that BMO is well-positioned to respond to and implement any required changes. We continue to strive to put our customers first as a mitigant to compliance and consumer protection issues. Failure to comply with applicable legal and regulatory requirements may result in litigation, financial losses, regulatory sanctions, enforcement actions, an inability to execute our business strategies, a decline in investor and customer confidence and harm to our reputation.

**Table of Contents****SPECIFIC TERMS OF THE NOTES**

*The Notes are part of a series of our senior debt securities called Senior Medium-Term Notes, Series D, and therefore, this pricing supplement, dated [redacted], 2017 (this pricing supplement), should be read together with the accompanying prospectus supplement and the accompanying prospectus. Terms used but not defined in this pricing supplement have the meanings given them in the accompanying prospectus supplement or accompanying prospectus, unless the context requires otherwise.*

**General**

The Notes are part of a series of senior debt securities referred to as Senior Medium-Term Notes, Series D that we may issue from time to time under the senior indenture, dated as of January 25, 2010, between Bank of Montreal and Wells Fargo Bank, National Association, as trustee (the trustee). The Notes will constitute our senior unsecured obligations and will rank equally in right of payment with all of our existing and future unsubordinated, unsecured indebtedness. The Notes will not be listed on any securities exchange.

The Notes will be issued in minimum denominations of US\$2,000 and integral multiples of US\$1,000 in excess thereof. Upon issuance, the Notes of each tranche will be represented by one or more fully registered global notes. Each global note will be deposited with, or on behalf of, The Depository Trust Company, as depository.

Please note that the information about the price to the public and the proceeds, before expenses, to Bank of Montreal on the front cover of this pricing supplement relates only to the initial sale of Notes. If you have purchased the Notes in a market making transaction after the initial sale, information about the price and date of sale will be provided to you in a separate confirmation of sale.

In this section, references to holders mean those who own the Notes registered in their own names, on the books that we or the trustee maintain for this purpose, and not those who own beneficial interests in the Notes registered in street name or in the Notes issued in book-entry form through The Depository Trust Company or another depository. Owners of beneficial interests in the Notes should read the section entitled Description of the Notes We May Offer Legal Ownership in the accompanying prospectus supplement and Description of the Debt Securities We May Offer Legal Ownership and Book-Entry Issuance in the accompanying prospectus.

**Stated Maturity**

If not previously redeemed by Bank of Montreal or otherwise declared to be due and payable, the Fixed Rate Notes 2019 will mature on [redacted], 2019, the Floating Rate Notes 2019 will mature on [redacted], 2019, the Fixed Rate Notes 2022 will mature on [redacted], 2022 and the Floating Rate Notes 2022 will mature on [redacted], 2022, and at maturity holders will receive the outstanding principal amount of their Notes plus accrued and unpaid interest, if any.

**Interest***Fixed Rate Notes*

The Fixed Rate Notes 2019 will bear interest from and including [redacted], 2017 at a rate of [redacted] % per year and the Fixed Rate Notes 2022 will bear interest from and including [redacted], 2017 at a rate of [redacted] % per year. Bank of Montreal will pay interest on the Fixed Rate Notes semi-annually in arrears on [redacted] and [redacted] of each year, beginning [redacted], 2018 (each, a Fixed Rate Interest Payment Date), and at maturity. Interest will be payable on each Fixed Rate Interest Payment Date to the person in whose name the Fixed Rate Notes are registered at the close of business on the preceding [redacted] or [redacted], whether or not a business day. However, Bank of Montreal will pay interest at maturity to the person to whom the principal is payable.

If any Fixed Rate Interest Payment Date, the maturity date or any redemption date falls on a day that is not a business day for such Fixed Rate Notes, Bank of Montreal will postpone the making of such interest or principal payments to the next succeeding business day (and no interest will be paid in respect of the delay).

**Table of Contents**

Interest on the Fixed Rate Notes will accrue from and including \_\_\_\_\_, 2017, to but excluding the first Fixed Rate Interest Payment Date, and then from and including each Fixed Rate Interest Payment Date to which interest has been paid or duly provided for to, but excluding, the next Fixed Rate Interest Payment Date or maturity, as the case may be.

Interest on the Fixed Rate Notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

*Floating Rate Notes*

The Floating Rate Notes will bear interest from and including \_\_\_\_\_, 2017. Bank of Montreal will pay interest on the Floating Rate Notes quarterly in arrears on \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_ of each year, beginning on \_\_\_\_\_, 2017 (each, a Floating Rate Interest Payment Date), and at maturity. Interest will be payable on each Floating Rate Interest Payment Date to the person in whose name the Floating Rate Notes are registered at the close of business on the preceding \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_, whether or not a business day. However, Bank of Montreal will pay interest at maturity to the person to whom the principal is payable.

If any Floating Rate Interest Payment Date falls on a day that is not a business day for the Floating Rate Notes, Bank of Montreal will postpone the making of such interest or principal payment to the next succeeding business day (and interest thereon will continue to accrue to but excluding such succeeding business day), unless the next succeeding business day is in the next succeeding calendar month, in which case such interest payment date shall be the immediately preceding business day and interest shall accrue to but excluding such preceding business day. If the maturity date or a redemption date for the Floating Rate Notes would fall on a day that is not a business day, the payment of interest and principal will be made on the next succeeding business day, but no additional interest shall accrue and be paid unless we fail to make payment on such next succeeding business day.

Interest on the Floating Rate Notes will accrue from and including \_\_\_\_\_, 2017, to but excluding the first Floating Rate Interest Payment Date, and then from and including each Floating Rate Interest Payment Date to which interest has been paid or duly provided for to, but excluding, the next Floating Rate Interest Payment Date or maturity, as the case may be. The Floating Rate Notes will bear interest for each interest period at a rate per annum calculated by the calculation agent, subject to the maximum interest rate permitted by New York or other applicable state law, as such law may be modified by United States law of general application, and the *Criminal Code* (Canada). The per annum rate at which interest on the Floating Rate Notes will be payable during each interest period will be equal to the then-applicable three-month LIBOR rate for U.S. dollars, determined on the Interest Determination Date for that interest period, plus \_\_\_\_\_% (\_\_\_\_\_ basis points) for the Floating Rate Notes 2019 and plus \_\_\_\_\_% (\_\_\_\_\_ basis points) for the Floating Rate Notes 2022. In no event will the interest on the Floating Rate Notes be less than zero.

Interest Determination Date means the second London Business Day immediately preceding the applicable quarterly interest reset date. The quarterly interest reset date will be each \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_. The Interest Determination Date for the initial interest period will be the second London Business Day immediately preceding settlement for the Floating Rate Notes.

interest period means the period commencing on any Floating Rate Interest Payment Date for the Floating Rate Notes (or, with respect to the initial interest period only, commencing on \_\_\_\_\_, 2017) to, but excluding, the next succeeding Floating Rate Interest Payment Date for the Floating Rate Notes, and in the case of the last such period, from and including the Floating Rate Interest Payment Date immediately preceding the maturity date to but not including such maturity date.

London Business Day means a day on which dealings in U.S. dollars are transacted in the London interbank market.

three-month LIBOR, for any Interest Determination Date, will be the offered rate for deposits in the London interbank market in U.S. dollars having an index maturity of three months, as of approximately 11:00 a.m., London

---

**Table of Contents**

time, on such Interest Determination Date. LIBOR will be determined by the offered rate appearing on the Reuters screen LIBOR01 page or any replacement page or pages on which London interbank rates of major banks for U.S. dollars are displayed (as more fully described in Description of the Notes We May Offer Interest Rates Floating Rate Notes LIBOR Notes in the accompanying prospectus supplement).

For each interest period, the calculation agent will calculate the amount of accrued interest by multiplying the principal amount of the Floating Rate Notes by an accrued interest factor for the interest period. This factor will equal the sum of the interest factors calculated for each day during the interest period. The interest factor for each day will be expressed as a decimal and will be calculated by dividing the interest rate, also expressed as a decimal, applicable to that day by 360.

The interest rate and amount of interest to be paid on the Floating Rate Notes for each interest period will be calculated by the calculation agent. BMO Capital Markets Corp. is currently serving as our calculation agent; however, we may change the calculation agent at any time without notice, and BMO Capital Markets Corp. may resign as calculation agent at any time upon sixty (60) days' written notice to us. All calculations made by the calculation agent shall, in the absence of manifest error, be conclusive for all purposes and binding on the Bank and the holders of the Floating Rate Notes. So long as three-month LIBOR is required to be determined with respect to the Floating Rate Notes, there will at all times be a calculation agent. In the event that any then acting calculation agent shall be unable or unwilling to act, or that such calculation agent shall fail duly to establish three-month LIBOR for any interest period, or we propose to remove such calculation agent, we shall appoint another calculation agent.

**Payment of Additional Amounts**

All payments made by Bank of Montreal under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereafter Canadian taxes), unless Bank of Montreal is required to withhold or deduct Canadian taxes by law or by the interpretation or administration thereof. If Bank of Montreal is so required to withhold or deduct any amount for or on account of Canadian taxes from any payment made under or with respect to the Notes, Bank of Montreal will pay to each holder of such Notes as additional interest such additional amounts (additional amounts) as may be necessary so that the net amount received by each such holder after such withholding or deduction (and after deducting any Canadian taxes on such additional amounts) will not be less than the amount such holder would have received if such Canadian taxes had not been withheld or deducted, except as described below. However, no additional amounts will be payable with respect to a payment made to a holder in respect of the beneficial owner thereof:

with which Bank of Montreal does not deal at arm's-length (for the purposes of the Income Tax Act (Canada)) (the Tax Act) at the time of the making of such payment;

which is a specified non-resident shareholder of Bank of Montreal for purposes of the Tax Act or a non-resident person not dealing at arm's-length with a specified shareholder (within the meaning of subsection 18(5) of the Tax Act) of Bank of Montreal;

which is subject to such Canadian taxes by reason of the holder being a resident, domiciliary or national of, engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of the Notes or the receipt of payments thereunder;

which is subject to such Canadian taxes by reason of the holder's failure to comply with any certification, identification, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian taxes (provided that Bank of Montreal advises the trustee and the holders of such Notes then outstanding of any change in such requirements);

with respect to any Note presented for payment more than 30 days after the later of (i) the date payment is due and (ii) the date on which funds are made available for payment, except to the extent that the holder

## **Table of Contents**

thereof would have been entitled to such additional amounts on presenting same for payment on or before such thirtieth day;

with respect to any estate, inheritance, gift, sale, transfer, personal property or similar tax or other governmental charge; or

which is a fiduciary or partnership or person other than the sole beneficial owner of such payment to the extent that the Canadian taxes would not have been imposed on such payment had such holder been the sole beneficial owner of such Notes.

Bank of Montreal will also:

make such withholding or deduction; and

remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

Bank of Montreal will furnish to the registered holders of the relevant Notes, within 60 days after the date the payment of any Canadian taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment.

In any event, no additional amounts will be payable under the provisions described above in respect of any Note in excess of the additional amounts which would be required if, at all relevant times, the beneficial owner of such Note were a resident of the United States for purposes of, and was entitled to the benefits of the Canada-U.S. Income Tax Convention (1980), as amended, including any protocols thereto. As a result of the limitation on the payment of additional amounts discussed in the preceding sentence, the additional amounts received by certain holders in respect of beneficial owners of the Notes may be less than the amount of Canadian taxes withheld or deducted and, accordingly, the net amount received by such holders of those Notes will be less than the amount such holders would have received had there been no such withholding or deduction in respect of Canadian taxes.

Wherever in the senior indenture governing the terms of the Notes there is mentioned, in any context, the payment of principal, or any premium or interest or any other amount payable under or with respect to a Note, such mention shall be deemed to include mention of the payment of additional amounts to the extent that, in such context, additional amounts are, were or would be payable as set forth in this section in respect thereof.

In the event of the occurrence of any transaction or event resulting in a successor to Bank of Montreal, all references to Canada in the preceding paragraphs of this subsection shall be deemed to be references to the jurisdiction of organization of the successor entity.

## **Tax Redemption**

Bank of Montreal (or its successor) may redeem each tranche of Notes, in whole but not in part, at a redemption price equal to the principal amount thereof together with accrued and unpaid interest to but excluding the date fixed for redemption, upon the giving of a notice as described below, if:

as a result of any change (including any announced prospective change) in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada (or the jurisdiction of organization of any successor to Bank of Montreal) or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment is announced and becomes effective on or after the date of this pricing supplement (or, in the case of a successor to Bank of Montreal, after the date of succession), and which in the written opinion to Bank of Montreal (or its successor) of legal counsel of recognized standing has resulted or will result (assuming, in the case of any announced prospective change, that such announced change will become effective as of the date specified in such announcement and in the form announced) in Bank of Montreal (or its successor) becoming obligated to pay, on the next succeeding date on which payment under such Notes is due, additional amounts with respect to such Notes as described above under Payment of Additional Amounts; or

**Table of Contents**

on or after the date of this pricing supplement (or, in the case of a successor to Bank of Montreal, after the date of succession), any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in, Canada (or the jurisdiction of organization of the successor to Bank of Montreal) or any political subdivision or taxing authority thereof or therein, including any of those actions specified in the paragraph immediately above, whether or not such action was taken or decision was rendered with respect to Bank of Montreal (or its successor), or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to Bank of Montreal (or its successor) of legal counsel of recognized standing, will result (assuming, in the case of any announced prospective change, that such announced change will become effective as of the date specified in such announcement and in the form announced) in Bank of Montreal (or its successor) becoming obligated to pay, on the next succeeding date on which payment under such Notes is due, additional amounts with respect to such Notes;

and, in any such case, Bank of Montreal (or its successor), in its business judgment, determines that such obligation cannot be avoided by the use of reasonable measures available to it (or its successor) (which, for greater certainty, does not include substitution of the obligor under such Notes).

In the event Bank of Montreal elects to redeem any Notes pursuant to the provisions set forth in the preceding paragraph, it shall deliver to the trustee a certificate, signed by an authorized officer, stating (i) that Bank of Montreal is entitled to redeem such Notes pursuant to their terms and (ii) the principal amount of such Notes to be redeemed.

Notice of intention to redeem such Notes will be mailed to holders of such Notes not more than 60 nor less than 30 calendar days prior to the date fixed for redemption and such notice will specify, among other things, the date fixed for redemption and the redemption price.

**SUPPLEMENTAL TAX CONSIDERATIONS**

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of the Notes should consult their tax advisers as to the consequences, under the tax laws of the country of which they are a resident for tax purposes and the tax laws of Canada and the United States, of acquiring, holding and disposing of the Notes and receiving payments of interest, principal or other amounts under the Notes. This summary is based upon the law as in effect on the date of this pricing supplement and is subject to any change in law that may take effect after such date.

**Supplemental Canadian Federal Income Tax Considerations**

The following summary describes the principal Canadian federal income tax considerations generally applicable to a holder who acquires Notes, including entitlement to all payments thereunder, as beneficial owner, pursuant to this pricing supplement, and who, at all relevant times, for the purposes of the Tax Act and any applicable income tax convention, (i) is not resident and is not deemed to be resident in Canada, (ii) deals at arm's-length with Bank of Montreal and with any transferee resident (or deemed resident) in Canada to whom the holder disposes of Notes, (iii) is not a specified non-resident shareholder of Bank of Montreal or a non-resident person not dealing at arm's-length with a specified shareholder (as defined in subsection 18(5) of the Tax Act) of Bank of Montreal, (iv) does not use or hold Notes in a business carried on or deemed to be carried on in Canada, (v) does not receive any payment of interest on the Notes in respect of a debt or other obligation to pay an amount to a person with whom Bank of Montreal does not deal at arm's-length, and (vi) is not an insurer that carries on an insurance business in Canada and elsewhere (a Non-resident Holder).

This summary is based upon the provisions of the Tax Act and the regulations thereunder (the Regulations) in force on the date hereof and counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency published in writing by it prior to the date hereof. This summary takes into account all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the Proposed Amendments) and assumes that all Proposed Amendments will be enacted in the form proposed. However, no assurances can be given that the Proposed Amendments will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative policy or assessing practice, whether by legislative, regulatory, administrative or judicial action, nor does it take into account provincial, territorial or foreign income tax legislation. Subsequent developments could have a material effect on the following description.

**This summary is of a general nature only and is not, and is not intended to be, legal or tax advice to any particular holder. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective purchasers of Notes should consult their own tax advisors with respect to their particular circumstances.**

No Canadian withholding tax will apply to interest, principal or premium paid or credited to a Non-resident Holder by Bank of Montreal on a Note or to the proceeds received by a Non-resident Holder on the disposition of a Note including a redemption, payment on maturity, repurchase or purchase for cancellation.

No other tax on income or gains will be payable by a Non-resident Holder on interest, principal or premium on a Note or on the proceeds received by a Non-resident Holder on the disposition of a Note including a redemption, payment on maturity, repurchase or purchase for cancellation.

**Supplemental United States Federal Income Tax Considerations**

**United States Holders**

Some of the tax consequences of your investment in the Notes are summarized below. The discussion below supplements the discussion under United States Federal Income Taxation, beginning on page 43 of the accompanying prospectus, and is subject to the limitations and exceptions set forth therein. The following subsection and the discussion in the accompanying prospectus apply to you only if you are a United States holder, as defined in the accompanying prospectus.

**Table of Contents**

The Fixed Rate Notes will constitute fixed-rate debt for United States federal income tax purposes. The Floating Rate Notes will be subject to the special rules governing variable rate debt instruments for United States federal income tax purposes. Under any Notes, you will generally be required to include the interest payments on the Notes in your income as ordinary income at the time you receive or accrue such payments, depending on your method of accounting for United States federal income tax purposes.

Interest paid by Bank of Montreal on the Notes is income from sources outside the United States subject to the rules regarding the foreign tax credit allowable to a United States holder and will, depending on your circumstances, be either passive or general income for purposes of computing the foreign tax credit.

Your tax basis in your Notes generally will be the U.S. dollar cost of your Notes. You will generally recognize capital gain or loss on the sale or retirement of your Notes equal to the difference between the amount you realize on the sale or retirement, excluding any amounts attributable to accrued but unpaid interest, and your tax basis in your Notes. Capital gain of a noncorporate United States holder is generally taxed at a maximum rate of 20% where the property is held for more than one year.

**EMPLOYEE RETIREMENT INCOME SECURITY ACT**

A fiduciary of a pension, profit-sharing or other employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ( ERISA ) (each, a Plan ), should consider the fiduciary standards of ERISA in the context of the Plan s particular circumstances before authorizing an investment in the Notes. Among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plan, and whether the investment would involve a prohibited transaction under ERISA or the U.S. Internal Revenue Code of 1986, as amended (the Code ).

Section 406 of ERISA and Section 4975 of the Code prohibit Plans, as well as individual retirement accounts, Keogh plans and any other plans that are subject to Section 4975 of the Code (also Plans ), from engaging in certain transactions involving plan assets with persons who are parties in interest under ERISA or disqualified persons under the Code with respect to the Plan. A violation of these prohibited transaction rules may result in excise tax or other liabilities under ERISA or the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA) (collectively, Non-ERISA Arrangements ) are not subject to the requirements of Section 406 of ERISA or Section 4975 of the Code but may be subject to substantially similar provisions under applicable federal, state, local, non-U.S. or other laws ( Similar Laws ).

The acquisition and holding of Notes by a Plan or any entity whose underlying assets include plan assets by reason of any Plan s investment in the entity (a Plan Asset Entity ) with respect to which we, the underwriters, the calculation agent, the trustee, the security registrar and the paying agent or certain of our or their affiliates are or become a party in interest or disqualified person may result in a prohibited transaction under ERISA or Section 4975 of the Code, unless the Notes are acquired and held pursuant to an applicable exemption. The U.S. Department of Labor has issued prohibited transaction class exemptions, or PTCEs , that may provide exemptive relief if required for direct or indirect prohibited transactions that may arise from the purchase or holding of Notes. Among those exemptions are PTCE 84-14 (for certain transactions determined by independent qualified professional asset managers), PTCE 90-1 (for certain transactions involving insurance company pooled separate accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 95-60 (for transactions involving certain insurance company general accounts), and PTCE 96-23 (for transactions managed by in-house asset managers). In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code may provide an exemption for the purchase and sale of the Notes offered hereby, provided that neither the issuer of the Notes offered hereby nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction, and provided further that the Plan pays no more and receives no less than adequate consideration in connection with the transaction (the service provider exemption ). There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Any purchaser or holder (including each subsequent purchaser or holder) of Notes or any interest therein will be deemed to have represented by its purchase and holding of Notes offered hereby or any interest therein that it either (1) is not a Plan, a Plan Asset Entity or a Non-ERISA Arrangement and is not purchasing the Notes on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement or (2) the purchase and holding of the Notes will not constitute a non-exempt prohibited transaction under ERISA or Section 4975 of the Code or a similar violation under any applicable Similar Laws.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing Notes on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above, the service provider exemption or the potential consequences of any purchase or holding under Similar Laws, as applicable. Purchasers of Notes have exclusive responsibility for ensuring that their purchase and holding of Notes do not violate the fiduciary or prohibited transaction rules of ERISA or the Code or any similar provisions of Similar Laws. The sale of any Notes to a Plan, Plan Asset Entity or Non-ERISA Arrangement is in no respect a representation by us or any of our affiliates or

representatives that such an investment meets all relevant legal requirements with respect to investments by any such Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement or that such investment is appropriate for such Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement.

**Table of Contents****SUPPLEMENTAL PLAN OF DISTRIBUTION (CONFLICTS OF INTEREST)**

Subject to the terms and conditions contained in a terms agreement dated the date of this pricing supplement (the "terms agreement"), the underwriters named below, for whom BMO Capital Markets Corp., BNP Paribas Securities Corp., Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated are acting as representatives, have severally agreed to purchase, and Bank of Montreal has agreed to sell to each of them, severally, the principal amounts of Notes set forth below:

<b>Underwriter</b>	<b>Aggregate Principal Amount of Fixed Rate Notes 2019</b>	<b>Aggregate Principal Amount of Floating Rate Notes 2019</b>	<b>Aggregate Principal Amount of Fixed Rate Notes 2022</b>	<b>Aggregate Principal Amount of Floating Rate Notes 2022</b>
BMO Capital Markets Corp.	US\$	US\$	US\$	US\$
BNP Paribas Securities Corp.				
Citigroup Global Markets Inc.				
J.P. Morgan Securities LLC				
Merrill Lynch, Pierce, Fenner & Smith Incorporated				
<b>Total</b>	<b>US\$</b>	<b>US\$</b>	<b>US\$</b>	<b>US\$</b>

The terms agreement provides that the underwriters are obligated to purchase all of the Notes if any are purchased. The terms agreement also provides that if an underwriter defaults, the offering of the Notes may be terminated.

The underwriters initially propose to offer the Notes to the public at the public offering prices set forth on the cover page of this pricing supplement and may offer the Notes to certain dealers at the public offering prices less a concession not in excess of % of the principal amount of such Notes. The underwriters may allow, and such dealers may reallocate, a concession not in excess of % of the principal amount of the Notes on sales to certain dealers. After the initial offering of the Notes, the public offering price and other selling terms may from time to time be varied by the representatives. The offering of the Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

We estimate that the total offering expenses of the Notes payable by us, excluding underwriting commissions, will be approximately US\$ .

Bank of Montreal has agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or contribute to payments that the underwriters may be required to make in respect of any of these liabilities.

In connection with this offering, the underwriters may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the Notes originally sold by such syndicate member are purchased in a stabilizing or covering transaction to cover short positions. Such stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of stabilizing, maintaining or otherwise affecting the market price of the Notes, which may be higher than it would otherwise be in the absence of such transactions. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

The Notes are new issues of securities with no established trading market. We do not intend to list the Notes on any securities exchange. The underwriters intend to make a market in the Notes. However, they are not obligated to do so and may discontinue market-making at any time without notice. If a trading market develops, no assurance can be given as to the liquidity of the trading market for any Notes.

## **Table of Contents**

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for Bank of Montreal, for which they received or will receive customary fees and expenses. Underwriters, dealers and agents, and their affiliates or associates, may engage in transactions with us or perform services for us in the ordinary course of business and receive compensation from us. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of Bank of Montreal or its affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or affiliates routinely hedge, and certain other underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We will use this pricing supplement in the initial sale of the Notes. In addition, BMO Capital Markets Corp. may use this pricing supplement in market-making transactions in any Notes after their initial sale. ***Unless the underwriters or we inform you otherwise in the confirmation of sale, this pricing supplement is being used in a market-making transaction.***

## **Conflicts of Interest**

BMO Capital Markets Corp. is an affiliate of Bank of Montreal, and, as such, has a conflict of interest in this offering within the meaning of FINRA Rule 5121. Consequently, the offering is being conducted in compliance with the provisions of Rule 5121. BMO Capital Markets Corp. is not permitted to sell Notes in this offering to an account over which it exercises discretionary authority without the prior specific written approval of the account holder.

## **Settlement**

It is expected that delivery of the Notes will be made against payment therefor on or about the closing date specified on the cover page of this pricing supplement, which will be the \_\_\_\_\_ business day following the date of pricing of the Notes (this settlement cycle being referred to as T+ \_\_\_\_\_). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes more than two business days prior to the issue date will be required, by virtue of the fact that the Notes initially will settle in T+ \_\_\_\_\_, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement.

## **Selling Restrictions**

The Notes are being offered for sale in jurisdictions in the United States and outside the United States where it is legal to make such offers. The underwriters have represented and agreed that they have not offered, sold or delivered, and will not offer, sell or deliver, any of the Notes, directly or indirectly, or distribute this pricing supplement, the accompanying prospectus supplement or the accompanying prospectus or any other material relating to the Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations thereof, and will not impose any obligations on Bank of Montreal except as set forth in the terms agreement.

### ***European Economic Area***

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), an offer to the public of any Notes may not be made in that Relevant Member State except that an offer to the public in that Relevant Member State of any Notes may be made (and this pricing supplement, the accompanying prospectus supplement and the accompanying prospectus distributed), at any time under the following exemptions under the Prospectus Directive:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

Each purchaser of the Notes described in this pricing supplement located in a Relevant Member State who receives any communication in respect of, or who acquires any Notes under, the offer contemplated in this pricing supplement will be deemed to have represented, warranted and agreed with each underwriter and Bank of Montreal that (a) it is a qualified investor within the meaning of Article 2(1)(e) of the Prospectus Directive and (b) in the case of any Notes acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, the Notes acquired by it in the offer have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State, other than qualified investors, as that term is defined in the Prospectus Directive, or in circumstances in which the prior consent of the underwriters has been given to the offer or resale; or (ii) where the Notes have been acquired by it on behalf of persons in any Relevant Member State other than qualified investors, the offer of such Notes to it is not treated under the Prospectus Directive as having been made to such persons.

For the purposes of this provision, the expression an offer to the public in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, and the expression Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in each Relevant Member State.
