PROXY STATEMENT

The board of directors of FreightCar America, Inc. (FreightCar America or the Company) is asking for your proxy for use at the annual meeting of our stockholders to be held at 10:00 a.m. (local time) on Thursday, May 10, 2018 at the Union League Club of Chicago, 65 West Jackson Boulevard, Chicago, Illinois 60604, and at any postponements or adjournments of the meeting. We are initially mailing this proxy statement and the enclosed proxy card to our stockholders on or about March 30, 2018.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of annual meeting, including (i) the election of two directors who have been nominated for election as Class I directors to three-year terms and one director who has been nominated for election as a Class III director for the two years remaining in the current Class III director term, (ii) approval, on an advisory basis, of the compensation of our Named Executive Officers (NEOs), (iii) approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan, (iv) the ratification of the appointment of our independent registered public accounting firm and (v) any other business properly coming before the meeting.

What are our voting recommendations?

Our board of directors recommends that you vote your shares:

FOR each of the nominees named below under Proposal 1 Election of Class I Directors and Class III Director,

FOR the approval, on an advisory basis, of the compensation of our NEOs as discussed below under Proposal 2 Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers,

FOR the approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan as discussed below under Proposal 3 Approval, of the FreightCar America, Inc. 2018 Long Term Incentive Plan and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm as discussed below under Proposal 4 Ratification of the Appointment of Independent Registered Public

Accounting Firm.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 14, 2018, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on the record date at the meeting and any postponements or adjournments of the meeting. Each outstanding share of common stock entitles its holder to cast one vote, without cumulation, on each matter to be voted on.

What constitutes a quorum?

If a majority of the shares outstanding on the record date are present at the annual meeting, either in person or by proxy, we will have a quorum at the meeting permitting the conduct of business at the meeting. As of the

Table of Contents

record date, we had 12,447,764 shares of common stock outstanding and entitled to vote. Any shares represented by proxies that abstain from voting on a proposal will be counted as present for purposes of determining whether we have a quorum. If a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, the shares held by that record holder (referred to as broker non-votes) will also be counted as present in determining whether we have a quorum.

How do I vote?

You may vote in person at the annual meeting or you may vote by proxy.

As permitted by Securities and Exchange Commission (SEC) rules, we are making this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2017 available to our stockholders electronically via the Internet. On or about March 30, 2018, we will mail to our stockholders who have not previously requested hard copies of the proxy materials the Notice, which contains instructions on how to vote, to access this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2017 online and to request paper copies of the materials. If you receive the Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice will instruct you on how to access and review all of the important information contained in this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2017. The Notice also will instruct you on how you may submit your proxy over the Internet. If you receive the Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained in the Notice.

You may vote by proxy by (i) following the instructions for voting on the Internet in the Notice or (ii) if you received a printed copy of the proxy materials, following the instructions for voting by telephone or on the Internet on your proxy card or completing, signing, dating and mailing the enclosed proxy card. To vote by telephone or on the Internet, as applicable, you will need the special code number included in the Notice or on your proxy card. If you vote by proxy, the individuals named on the proxy card as proxy holders will vote your shares in the manner you indicate. If you do not indicate your instructions, your shares will be voted:

FOR the election of the three nominees named below under Proposal 1 Election of Class I Directors and Class III Director;

FOR the approval, on an advisory basis, of the compensation of our NEOs under Proposal 2 Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers;

FOR the approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan under Proposal 3 Approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan; and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2018 under Proposal 4 Ratification of the Appointment of Independent Registered Public Accounting Firm.

Can I revoke my proxy or change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke your proxy or change your vote at any time before the proxy is voted at the annual meeting by delivering to our Secretary a written notice of revocation or a properly submitted proxy bearing a later date, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request or you vote in person at the meeting.

What vote is required to approve each matter that comes before the meeting?

Director nominees must receive the affirmative vote of a plurality of the votes cast at the meeting in person or by proxy by stockholders entitled to vote thereon, meaning that the two nominees for Class I director and one

Table of Contents

nominee for Class III director with the most votes will be elected. Each of the approval, on an advisory basis, of the compensation of our NEOs, the approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan and the ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes represented at the meeting in person or by proxy. Broker non-votes will not be counted for purposes of determining whether an item has received the requisite number of votes for approval. Abstentions will have the effect of a vote against the approval, on an advisory basis, of the compensation of our NEOs, the approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan and the ratification of the appointment of our independent registered public accounting firm but will not be taken into account in determining the outcome of the election of directors. However, each of our directors and director candidates has offered a contingent resignation that may be accepted by the board of directors in its discretion if a majority of the votes are not cast FOR such director in an uncontested election.

What happens if additional proposals are presented at the meeting?

If you vote by proxy, your proxy grants the persons named as proxy holders the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Who will bear the costs of soliciting votes for the meeting?

Certain directors, officers and employees, who will not receive any additional compensation for such activities, may solicit proxies by personal interview, mail, telephone or electronic communication. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. We will bear all costs of solicitation, including a base fee of \$8,000 and reasonable out-of-pocket expenses to be paid to the proxy solicitation firm of Okapi Partners LLC.

PROPOSALS TO BE VOTED ON

Proposal 1 Election of Class I Directors and Class III Director

Our certificate of incorporation provides for a classified board of directors consisting of three classes of the same or nearly the same number of directors. The number of members of our board of directors is currently fixed at seven directors. The term of office of each current Class I director is scheduled to expire at our annual meeting of stockholders to be held this year. Currently, three of our directors, James D. Cirar, Malcolm F. Moore and S. Carl Soderstrom, Jr., are Class I directors. On January 23, 2018, Mr. Soderstrom notified us that he will retire from our board of directors effective as of the date of our annual meeting of stockholders to be held this year and has decided to not stand for reelection at the annual meeting. At the recommendation of our nominating and corporate governance committee, our board of directors has reduced the size of our board of directors to six members effective as of the date of our annual meeting this year and has determined to nominate Messrs. Cirar and Moore for election to three-year terms as Class I directors at our annual meeting this year. Each nominee elected by our stockholders as a Class I director at the annual meeting will be elected to a term to expire at the annual meeting of stockholders in 2021.

Effective July 31, 2017, our board of directors elected James R. Meyer, our President and Chief Executive Officer, to the board of directors as a Class III director to fill the vacancy created by the departure of Joseph E. McNeely, our former President and Chief Executive Officer, and to serve until our upcoming annual meeting of stockholders. At the recommendation of our nominating and corporate governance committee, in accordance with our by-laws, our board of directors has determined to nominate Mr. Meyer for election at our annual meeting this year to a term as a Class III director consisting of the two remaining years of the three-year term of our Class III directors, which term expires at our 2020 annual meeting of stockholders.

Information about the director nominees, the continuing directors and our board of directors is contained in the section of this proxy statement entitled Governance of the Company Board Structure and Composition.

Table of Contents

In the event a nominee is not available to serve for any reason when the election occurs, it is intended that the proxies will be voted for the election of the other nominees and may be voted for any substitute nominee. Our board of directors has no reason to believe that any of the nominees will not be a candidate or, if elected, will be unable or unwilling to serve as a director.

Our board of directors recommends that you vote FOR the election of James D. Cirar and Malcolm F. Moore as Class I directors and James R. Meyer as a Class III director.

Proposal 2 Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), which amends Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), enables our stockholders to approve, on an advisory basis, the compensation programs for our NEOs (sometimes referred to as say on pay).

As discussed below in this proxy statement, we believe that our executive compensation programs must be closely linked to our stockholders' interests, and we welcome our stockholders' input in this area. As described in detail under the Compensation Discussion and Analysis section of this proxy (the CD&A), our compensation programs are designed to attract, motivate and retain the individuals we need to drive business success. We believe that our executives should act in the long-term interests of our stockholders, and therefore, we pay a significant portion of total compensation to our executives in the form of long-term performance-based equity compensation, such as performance-based stock options, stock options and/or restricted stock units. Our compensation programs also are closely tied to performance, with incentive compensation varying in accordance with objectively determinable Company and individual performance measures. Performance-based stock options comprise a significant portion of our new CEO's compensation package. These options are intended to vest only if the price of our common stock increases to certain specified target price levels during the term of the option. In addition, the variable component of compensation increases as an individual's business responsibilities increase.

The compensation committee of our board of directors follows best practices in the design and governance of our compensation programs, including, but not limited to the following:

we have adopted a clawback policy;

we have adopted an anti-hedging policy for our officers and directors;

we have adopted stock ownership guidelines for our officers and directors and the stock ownership of each of our officers and directors exceeded the Company's minimum stock ownership requirements in 2017;

the LTIP (defined herein) expressly prohibits repricing or exchanging awards;

we do not pay tax gross-ups for change in control payments under Code Section 280G;

we do not provide perquisites for former or retired executives;

we do not provide personal use of corporate aircraft, personal security systems maintenance and/or installation, car allowances or executive life insurance; and

we do not pay or provide payments for terminations for cause or resignations other than for good reason.

At our 2017 annual meeting of stockholders, the Company's stockholders approved, on an advisory basis, the compensation of our NEOs with the affirmative vote of the holders of more than 89% of the shares voted. After consideration of a number of factors and recommendations by our new CEO, our compensation committee (with the assistance of our compensation consultant) conducted a comprehensive analysis of our incentive compensation

Table of Contents

program and determined to redesign it for 2018. The two primary updates to our 2018 incentive compensation program are: (i) replacing the existing financial performance goals under our annual incentive plan with new financial performance goals that better align the compensation paid to our NEOs with our strategic business goals; and (ii) replacing the use of performance equity awards with stock options to better align the compensation paid to our NEOs with the return on our stockholders' investment in the form of higher stock prices.

For additional information regarding the changes to our incentive compensation program for 2018, see the section of this proxy statement entitled "Compensation Discussion and Analysis - Elements of Executive Compensation - Fiscal Year 2018 Compensation Decisions."

You are invited to review the CD&A, the accompanying compensation tables and the related narrative disclosure and to vote to approve, on an advisory basis, the compensation of our NEOs through the adoption of the following resolution at the 2018 annual meeting:

Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the CD&A, compensation tables and narrative discussion, is hereby approved.

This vote is nonbinding. The board of directors and the compensation committee, which is comprised of independent directors, will consider the outcome of the vote when evaluating future executive compensation decisions.

Our board of directors recommends that you vote FOR the approval, on an advisory basis, of the compensation of our NEOs.

Proposal 3 - Approval of the FreightCar America, Inc. 2018 Long Term Incentive Plan

We are asking stockholders to approve the FreightCar America, Inc. 2018 Long Term Incentive Plan (the "2018 Plan"). Our board of directors approved the 2018 Plan on March 9, 2018, subject to the required approval of our stockholders. If our stockholders approve the 2018 Plan, it will become effective and awards may be granted thereunder. The 2018 Plan, if approved by our stockholders, will authorize our compensation committee (the "Committee") to grant awards for the issuance of up to 1,250,000 shares of our common stock.

Currently, the Committee is authorized to grant awards under the FreightCar America, Inc. 2005 Incentive Plan (the "LTIP"), an amendment and restatement of which was approved by our stockholders at our 2013 annual meeting of stockholders. As of March 10, 2018, 372,693 shares authorized for issuance under the LTIP remain available for issuance, subject to the terms of the LTIP. If approved by our stockholders, the 2018 Plan will permit the Committee to authorize awards similar to those made under the LTIP and will eventually replace the LTIP for future grants.

The following summary of the 2018 Plan should be read in conjunction with, and is qualified by reference to, the full text of the 2018 Plan, which is included in this proxy statement as Appendix I.

Purposes of the 2018 Plan. The 2018 Plan is intended to provide incentives to attract, retain and motivate our and our subsidiaries' and affiliates' employees, consultants and directors, to provide for competitive compensation opportunities, to encourage long-term service, to recognize individual contributions and reward achievement of performance goals and to promote the creation of long-term value for our stockholders by aligning the interests of such persons with those of our stockholders.

Effect of the Tax Act. At our 2013 annual meeting of stockholders, our stockholders approved the material terms of the LTIP in order for grants made under the LTIP to potentially qualify for the performance-based compensation

exception under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). On December 22, 2017, legislation commonly referred to as the Tax Cuts and Jobs Act (the TCJA) repealed the performance-based compensation exception, effective for taxable years beginning after December 31, 2017, subject to certain transition relief. This repeal means that compensation paid to our covered employees (as defined by

Table of Contents

Code Section 162(m)) in excess of the \$1 million compensation limitation under Code Section 162(m) may not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. Although our compensation committee has endeavored to structure certain of the awards of cash and equity incentives payable to our covered employees in a manner that is intended to be exempt from Code Section 162(m) (and therefore not subject to its deduction limits), uncertainties exist as to the effect of the TCJA on Code Section 162(m) and the regulations issued thereunder. Therefore, in order to maximize any potential transition relief, we have determined that grants made under the LTIP prior to our 2018 annual meeting will continue to be governed by the LTIP.

In addition, because of the uncertainty regarding the transition relief provided under the TCJA, we are asking our stockholders to approve the material terms of the 2018 Plan for purposes of Code Section 162(m) (in a similar manner as we did for the LTIP at our 2013 annual meeting of stockholders) in order to avoid any potential loss of tax benefits to us with the understanding that such approval may not result in any additional tax benefits to us under Code Section 162(m). We did not amend the LTIP in order to increase the likelihood that the LTIP will qualify for grandfathering treatment under the Section 162(m) transition rule provided by the TCJA.

Description of the 2018 Plan. The terms and provisions of the 2018 Plan are substantially the same as those of the LTIP in all respects, except that the 2018 Plan:

Includes 1,250,000 shares of common stock to be available for issuance;

Further limits the aggregate value of cash and equity awards that may be granted to any non-employee director in any year;

Includes a minimum vesting period of one year for all equity award types granted under the 2018 Plan, which applies to 95% of the shares authorized to be granted thereunder;

Modifies the language and requirements related to the performance-based compensation exception under Code Section 162(m) throughout the LTIP to reflect the impact of the repeal of the performance-based compensation exception by the TCJA;

Imposes further limits on change of control vesting;

Clarifies that a change of control cannot be triggered by ordinary course events; and

Allows tax withholding in excess of the minimum statutory level (but not in excess of the maximum statutory level).

Eligibility and Administration. Our and our subsidiaries and affiliates employees, consultants and non-employee directors are eligible to be granted awards under the 2018 Plan. The 2018 Plan would be administered by the Committee. The Committee determines which employees, consultants and directors receive awards and the types of awards to be granted.

Awards. The 2018 Plan provides for the grant of stock options, stock appreciation rights (SARs), restricted shares, restricted share units (RSUs), performance shares, performance units, annual cash incentive awards, dividend equivalents and other share-based awards. If the stockholders approve the 2018 Plan, an aggregate of 1,250,000 shares would be authorized for issuance under the 2018 Plan. Based on projected usage patterns, we expect that, if this proposal is approved by stockholders, the shares under the 2018 Plan will be sufficient for purposes of granting awards under the 2018 Plan until 2023. On March 14, 2018, the closing price of the Company's common stock on the NASDAQ Global Market was \$14.58 per share.

The total number of shares authorized to be issued under the 2018 Plan will be reduced by one share for each share that is subject to an option, SAR or other appreciation-only award granted under the 2018 Plan, and by two shares for each share that is subject to a restricted stock, RSU, performance share or other full-value stock-based award granted under the 2018 Plan. Any shares relating to awards that terminate by expiration, forfeiture or cancellation without the issuance of such shares, cash or other benefit in lieu of such shares will become available again for grant under the 2018 Plan; provided that the number of shares authorized to be issued under the 2018 Plan will be increased by one share for each such share that was subject to an option, SAR or other appreciation-only award granted under the 2018 Plan, and by two shares for each such share that was subject to a restricted stock, RSU, performance share or other full-value stock-based award granted under the 2018 Plan. The following shares shall not become available for issuance under the 2018 Plan: (i) shares tendered by participants as full or partial

Table of Contents

payment to the Company upon exercise of options granted under the 2018 Plan; (ii) shares reserved for issuance upon grant of SARs, to the extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the SARs; and (iii) shares withheld by, or otherwise remitted to, the Company to satisfy a participant's tax withholding obligations upon the lapse of restrictions on restricted stock or RSUs, the exercise of options or SARs granted under the 2018 Plan, or upon any other payment or issuance of shares under the 2018 Plan.

During any one calendar year, the maximum number of shares with respect to which stock options and SARs may be granted to a participant (other than a director) under the 2018 Plan is 500,000 shares, and the maximum number of shares that may be granted to a participant (other than a director) under the 2018 Plan in the form of restricted shares, RSUs, performance shares and performance units is 500,000 shares. If the stockholders approve the 2018 Plan, the maximum dollar amount payable during any one calendar year to participants other than non-employee directors will be (1) \$2,000,000 with respect to performance units or other share-based awards and (2) 50% of the annual incentive pool with respect to cash incentive awards. In addition, during any one calendar year, (1) the maximum number of shares with respect to which options or SARs may be issued to any one non-employee director will be 50,000 shares, (2) the maximum number of shares with respect to which performance shares, performance units, restricted shares or RSUs may be issued to any one non-employee director will be 50,000 shares and (3) the maximum dollar amount payable to any one non-employee director with respect to performance units or other share-based awards will be \$150,000; provided that in no event will the grant date fair value of any shares or share-based awards payable to any one director in any calendar year, when aggregated with cash compensation for service as a non-employee director of the Company during such period, exceed \$400,000. Shares issued under the 2018 Plan will be either authorized but unissued shares or treasury shares.

Vesting. Awards granted under the 2018 Plan will vest no earlier than the first anniversary of the date on which the award is granted and no award may provide for partial or graduated vesting prior to the first anniversary of the date on which it is granted; provided that awards that result in the issuance in the aggregate of no more than five percent (5%) of the shares available for issuance under the 2018 Plan may be granted to any one or more participants without respect to this minimum vesting period requirement. The Committee may waive restrictions or forfeiture conditions in any individual case in the event of termination of service resulting from a specified event, but in all cases subject to this minimum vesting requirement, which cannot be waived.

Stock Options. Both incentive stock options, which are intended to qualify for special tax treatment under the Code (incentive stock options), and nonqualified stock options, which are not intended to qualify for special tax treatment under the Code, may be granted under the 2018 Plan. The Committee is authorized to set the terms of an option, including exercise price and the time and method of exercise; provided that the exercise price cannot be less than the market price of our stock on the date of grant. Without stockholder approval, the Committee is prohibited from repricing stock options, canceling outstanding options in exchange for the grant of new options with a lower exercise price or other cash or stock award, or offering a cash buyout of underwater options. The exercise price of stock options may not be less than the fair market value of the Company's stock on the grant date. Qualified stock options may only be granted to employees and no employee may be granted more than 200,000 incentive stock options.

Share Appreciation Rights. Each SAR entitles the holder to receive an amount equal to the difference between the fair market value of a specified number of shares on the exercise date and the exercise price of the SAR set by the Committee as of the date of grant; provided that the exercise price cannot be less than the market price of our stock on the date of grant. The Committee is authorized to set the terms of the SARs, including the time and method of exercise. Without stockholder approval, the Committee is prohibited from repricing SARs, canceling outstanding SARs in exchange for the grant of new SARs or options with a lower exercise price or other cash or stock award, or offering a cash buyout of underwater SARs.

Restricted Shares and RSUs. Awards of restricted shares are subject to restrictions on transferability and such other restrictions, if any, as the Committee may impose on the date of grant or thereafter. Such restrictions may lapse under circumstances as the Committee may determine (subject to the one-year minimum vesting requirement), such as completion of a specified period of continued employment or upon the achievement of performance criteria. Except as otherwise determined by the Committee, eligible participants, consultants and directors who are granted restricted shares will have all of the rights of a stockholder, including the right to vote and to receive dividends.

Table of Contents

Restricted shares are forfeited upon the termination of a participant's employment during the applicable restriction period.

Each RSU entitles the holder to receive shares of common stock or cash at the end of a specified deferral period. RSUs may also be subject to such restrictions as the Committee may impose. Such restrictions may lapse under circumstances as the Committee may determine, such as completion of a specified period of continued employment or upon the achievement of performance criteria. Except as otherwise determined by the Committee (subject to the one-year minimum vesting requirement), RSUs subject to restriction are forfeited upon the termination of a participant's employment during any applicable restriction period.

Performance Shares and Performance Units. Performance shares and performance units provide for the future issuance of shares and payment of cash, respectively, to the recipient upon the attainment of performance goals established by the Committee. Except as otherwise determined by the Committee (subject to the one-year minimum vesting requirement), performance shares and performance units will be forfeited upon the termination of a participant's employment during any applicable performance period. Performance objectives may vary from person to person and will be based upon such criteria as the Committee may deem appropriate. The Committee may revise performance objectives if significant events occur during the performance period that the Committee expects will have a substantial effect on such objectives.

Dividend Equivalents and Other Awards. The Committee may also grant dividend equivalent rights under the 2018 Plan and it is authorized to grant such other awards that may be denominated in, valued in, or otherwise based on shares. No dividend or dividend equivalents may be paid on stock options or SARs.

Performance Criteria. If the Committee determines that an award of restricted shares, RSUs, performance shares, performance units or other share-based awards is intended to qualify as performance-based compensation under Code Section 162(m), if applicable, the awards will be contingent upon the achievement of performance goals based on one or more of the following: earnings per share; revenues; earnings from operations; earnings growth; cash flow; return on assets; return on net assets; return on investment; return on capital; return on equity; economic value added; operating margin or operating expense; quality metrics; net income; net income applicable to Company stock; share price or stockholder return; backlog; net sales growth; and objectives based on meeting specified market penetration, geographic expansion or cost targets, customer satisfaction goals, expense reduction, strategic business criteria; supervision of litigation and information technology needs, new product/service placement and the completion of acquisitions, divestitures or joint ventures.

Change of Control. If a participant experiences a Qualifying Termination (as defined in the 2018 Plan) following a Change of Control (as defined in the 2018 Plan) and the awards are assumed or replaced in accordance with the terms of the 2018 Plan: (i) all outstanding awards granted under the 2018 Plan with time-based vesting conditions or restrictions shall become fully vested (and all options and SARs shall become exercisable) at the time of such Qualifying Termination; and (ii) all performance-based awards shall become earned and vested and the performance criteria shall be deemed to be achieved or fulfilled at the greater of (A) the actual performance achieved or (B) the target level of performance applicable to the award, but prorated based on the elapsed portion of the performance period as of the time of such Qualifying Termination. Under the 2018 Plan, a Qualifying Termination means a participant's termination of employment due to the participant's death or disability (as defined in the 2018 Plan), an involuntary termination of employment by the Company (other than for cause) or a voluntary termination of employment by the participant for good reason (as defined in the 2018 Plan), any of which occurs within 24 months of the consummation of a Change of Control. If upon a Change of Control the awards are not assumed or replaced in accordance with the terms of the 2018 Plan: (i) all outstanding awards granted under the 2018 Plan with time-based vesting conditions or restrictions shall become fully vested (and all options and SARs shall become exercisable) as of

the time of the Change of Control; and (ii) all performance-based awards shall become earned and vested and the performance criteria shall be deemed to be achieved or fulfilled at the greater of (A) the actual performance level achieved or (B) the target level of performance applicable to the awards, but prorated based on the elapsed portion of the performance period that has elapsed as of the time of the Change of Control.

Capital Structure Changes. If the Committee determines that a share dividend, recapitalization, share split, reverse split, reorganization, merger, consolidation, spin-off, repurchase, share exchange, or other similar corporate

Table of Contents

transaction affects the shares of the Company's common stock to be issued pursuant the Incentive Plan such that an adjustment is appropriate in order to prevent the dilution of the rights of participants, the Committee may make such changes as it deems appropriate.

Amendment and Termination. The 2018 Plan may be amended, suspended or terminated by the board of directors. However, any amendment or modification for which stockholder approval is required will not be effective until such stockholder approval has been obtained.

Restrictive Covenants. If the stockholders approve the 2018 Plan, it will provide that the Committee may include in any award an agreement that, if the participant breaches the non-competition, non-solicitation, non-disclosure or other similar provisions of the award agreement, whether during or after such participant's employment, the participant will forfeit all awards granted under the 2018 Plan, including any awards that have vested and are then exercisable.

Effective Date and Term. The 2018 Plan will become effective upon stockholder approval, and will terminate as to future awards on May 10, 2028.

New Plan Benefits. Our executive officers and directors have an interest in the approval of the 2018 Plan because it relates to the issuance of share-based awards for which executive officers and non-employee directors may be eligible. However, future awards under the 2018 Plan are at the discretion of the Committee and the executive officers who may receive awards under the 2018 Plan in the future cannot be determined at this time.

U.S. Federal Income Tax Considerations. The following is a brief description of the federal income tax treatment that generally apply to 2018 Plan awards. The description is based on current federal tax laws, rules and regulations, which are subject to change, and does not purport to be a complete description of the federal income tax aspects of the 2018 Plan. A participant may also be subject to state and local taxes.

Nonqualified Stock Options. The grant of a nonqualified stock option will not result in taxable income to the participant. The participant will realize ordinary income at the time of exercise in an amount equal to the excess, if any, of the then-fair market value of the stock acquired over the exercise price for those shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains or losses, with the basis in such stock equal to the fair market value of the shares at the time of exercise.

Incentive Stock Options. The grant of an incentive stock option will not result in taxable income to the participant. The exercise of an incentive stock option will not result in taxable income to the participant if the participant was, without a break in service, employed by us or an affiliate from the date of the grant of the option until the date three months prior to the date of exercise (one year prior to the date of exercise if the participant is disabled). The excess, if any, of the fair market value of the stock at the time of exercise over the exercise price is an adjustment that is included in the calculation of the participant's alternative minimum taxable income for the tax year in which the incentive stock option is exercised.

If the participant does not sell or otherwise dispose of the stock acquired upon the exercise of an incentive stock option within two years from the date of the grant of the incentive stock option or within one year after the transfer of such stock to the participant, then, upon disposition of such stock, any amount realized in excess of the exercise price will be taxed to the participant as capital gain, and we will not be entitled to a corresponding deduction. A capital loss will be recognized by the participant to the extent that the amount realized is less than the exercise price. If the foregoing holding period requirements are not met, the participant will generally realize ordinary income at the time of the disposition of the shares, in an amount equal to the lesser of (i) the excess, if any, of the fair market value of the

stock on the date of exercise over the exercise price, or (ii) the excess, if any, of the amount realized upon disposition of the shares over the exercise price, and we will be entitled to a corresponding deduction.

SARs. The grant of a SAR will not result in taxable income to the participant at the time of the grant. The participant will realize ordinary income at the time of exercise in an amount equal to the amount of cash or the fair

Table of Contents

market value of the shares paid upon exercise, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of any shares received will be treated as capital gains or losses, with the basis in such stock equal to the fair market value of the shares at the time of exercise.

Restricted Stock and Performance Shares. A grant of restricted stock or performance shares will not result in taxable income to the participant at the time of grant, and we will not be entitled to a corresponding deduction, assuming that the shares are subject to transferability restrictions and that certain restrictions on the shares constitute a substantial risk of forfeiture for federal income tax purposes. Upon vesting, the holder will realize ordinary income in an amount equal to the then-fair market value of the vested shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon subsequent disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the holder of restricted stock during the restricted period also will be compensation income to the participant, and we will be entitled to a corresponding deduction when the dividends no longer are subject to a substantial risk of forfeiture or become transferable. A participant may elect pursuant to Section 83(b) of the Code to have income recognized at the date a restricted stock award or performance share award, as the case may be, is granted and to have the applicable capital gains holding period commence as of that date. In such a case, we will be entitled to a corresponding deduction on the date of grant.

RSUs and Performance Units. A grant of RSUs or performance units will not result in taxable income to the participant at the time of grant, and we will not be entitled to a corresponding deduction. Upon vesting and issuance of the underlying shares, the holder will realize ordinary income in an amount equal to the then-fair market value of the issued shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting and issuance. Dividend equivalents paid to the holder of RSUs during the restricted period also will be compensation income to the participant, and we will be entitled to a corresponding deduction when the dividend equivalents are paid. No election pursuant to Section 83(b) of the Code may be made with respect to RSUs and performance units.

Annual Cash Incentive Awards. A participant will recognize taxable compensation equal to the amount of the annual cash incentive award on the date the award is paid to the participant. The Company will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes.

Performance Awards and Other Share-Based Awards. A grant of a performance award or other share-based award will not result in taxable income to the participant at the time of grant, and we will not be entitled to a corresponding deduction. Upon payment of cash or the vesting or issuance of the underlying shares, the participant will recognize ordinary income in an amount equal to the cash received or the then-fair market value of the issued shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon subsequent disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting and issuance.

Tax Withholding. As a condition to the delivery of any shares to the recipient of an award, we may require the recipient to make arrangements for meeting certain tax withholding requirements in connection with the award or withhold or receive shares in satisfaction of a participant's tax obligations; provided that the amount of tax withholding to be satisfied by withholding shares will be limited to the maximum individual statutory tax rate in a given jurisdiction (or such lower amount as may be necessary to avoid liability award accounting or any other accounting consequence or cost to the Company).

Section 162(m). In general, Code Section 162(m) denies a publicly held corporation a deduction for U.S. federal income tax purposes for compensation in excess of \$1,000,000 per year per person to its principal executive officer, principal financial officer and the three other executive officers whose compensation is disclosed in its proxy statement as a result of their total compensation, subject to certain exceptions and the limited transition relief provided under the TCJA.

Section 409A. To the extent applicable, it is intended that the 2018 Plan and any awards made under the 2018 Plan either be exempt from, or, in the alternative, comply with the provisions of Code Section 409A, including

Table of Contents

the exceptions for stock rights and short-term deferrals. The Company intends to administer the 2018 Plan and any awards made thereunder in a manner consistent with the requirements of Code Section 409A.

Proposal 4 Ratification of the Appointment of Independent Registered Public Accounting Firm

Deloitte & Touche LLP audited our financial statements for our fiscal year ended December 31, 2017, and has been selected by the audit committee of our board of directors to audit our financial statements for the fiscal year ending December 31, 2018. Stockholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our by-laws or otherwise. However, we are submitting the appointment of Deloitte & Touche LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the appointment, our audit committee will review its future selection of independent registered public accounting firms. Even if the appointment is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

GOVERNANCE OF THE COMPANY

Board Structure and Composition

Our certificate of incorporation provides for a classified board of directors consisting of three classes of the same or nearly the same number of directors. The number of members of our board of directors is currently fixed at seven directors:

James D. Cirar, Malcolm F. Moore and S. Carl Soderstrom, Jr. serve in Class I. Their terms will expire on the date of the upcoming annual meeting of stockholders.

William D. Gehl and Andrew B. Schmitt serve in Class II. Their terms will expire on the date of the annual meeting of stockholders to be held in 2019.

Thomas A. Madden and James R. Meyer serve in Class III. Mr. Madden's term will expire on the date of the annual meeting of stockholders to be held in 2020. Mr. Meyer's term will expire on the date of the upcoming annual meeting of stockholders.

Upon the expiration of the term of each class of directors, directors of that class generally may be re-elected for a three-year term at the annual meeting of stockholders in the year in which their term expires. A director elected by the board of directors is designated upon his or her election as a Class I, Class II or Class III director, and serves a term that expires at the next annual meeting of stockholders after such director's election. A director elected by the stockholders at an annual meeting of stockholders to succeed a director elected during the preceding year by the board of directors joins the same class as the replacement director whom he or she succeeds and serves a term that expires at the next annual meeting of stockholders at which the terms of the other directors of that director's class

Table of Contents

are or would be scheduled to expire. Effective July 31, 2017, our board of directors elected Mr. Meyer, our President and Chief Executive Officer, to the board of directors as a Class III director to fill the vacancy created by the departure of Mr. McNeely, our former President and Chief Executive Officer, and to serve until our upcoming annual meeting of stockholders. At the recommendation of our nominating and corporate governance committee, in accordance with our by-laws, our board of directors has determined to nominate Mr. Meyer for election at our annual meeting this year to a term as a Class III director consisting of the two remaining years of the three-year term of our Class III directors, which term expires at our 2020 annual meeting of stockholders.

Each of our directors has signed a contingent resignation letter providing that if a majority of the votes of the shares in an uncontested election in which such director is a nominee are designated to be withheld from, or are voted against, the director's election, and the board of directors accepts the contingent resignation letter following such election, the director's resignation will be effective upon the acceptance of the resignation by the board of directors.

Our certificate of incorporation provides that the authorized number of directors may be changed only by resolution of the board of directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors. Our certificate of incorporation also provides that our board of directors may fill any vacancy created by the resignation of a director or an increase in the size of the board of directors. On January 23, 2018, Mr. Soderstrom notified us that he will retire from our board of directors effective as of the date of our annual meeting of stockholders to be held this year and has decided to not stand for reelection at the annual meeting. At the recommendation of our nominating and corporate governance committee, our board of directors has reduced the size of our board of directors to six members effective as of the date of our annual meeting this year.

Committees of the Board of Directors

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. Stockholders and third parties may communicate with our board of directors by writing to our board of directors at FreightCar America, Inc., Two North Riverside Plaza, Suite 1300, Chicago, Illinois 60606, Attention: Chairman of the Board of Directors.

Audit Committee. Our audit committee currently consists of Messrs. Cirar, Gehl, Madden and Soderstrom. Mr. Soderstrom will serve as the chairman until the date of our annual meeting of stockholders this year. Effective as of the date of our annual meeting, our audit committee will consist of Messrs. Cirar, Gehl and Madden and Mr. Madden will serve as the chairman. The audit committee oversees our financial reporting processes and provides oversight on behalf of the board of directors to the Company's internal accounting and financial controls, accounting principles and auditing practices to be employed in the preparation and review of our financial statements. The audit committee appoints the independent registered public accountants to audit our annual financial statements and the scope of and plans for the audit to be undertaken by such accountants. The audit committee pre-approves the audit services and permissible non-audit services to be performed by such accountants and takes appropriate actions to ensure the independence of such accountants. The audit committee is also responsible for approving related-party transactions. Our board of directors has determined that Messrs. Cirar, Gehl, Madden and Soderstrom meet the applicable independence requirements under the Sarbanes-Oxley Act of 2002, the rules of the NASDAQ Global Market (NASDAQ) and the rules and regulations of the SEC. Each of Messrs. Cirar, Gehl, Madden and Soderstrom has been determined to be an audit committee financial expert, as that term is defined under the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002, and each is independent as defined in the applicable listing standards for audit committee members.

The audit committee operates under a written charter, a copy of which is available on our website, www.freightcaramerica.com. The audit committee has established and regularly monitors procedures for the receipt, retention and treatment of complaints received regarding accounting, internal accounting controls or auditing matters. The audit committee met six times during 2017.

Compensation Committee. Our compensation committee consists of Messrs. Cirar, Madden, Moore and Schmitt. Mr. Schmitt serves as the chairman. The purpose of our compensation committee is to: (a) oversee our compensation and employee benefit plans and practices, including compensation risk analysis; (b) produce annually a report on

executive compensation for inclusion in our proxy statement, in accordance with all applicable rules and regulations; and (c) oversee regular succession planning and professional development for the Chief Executive Officer (CEO) and other senior executive officers. Our board of directors has determined that Messrs. Cirar, Madden, Moore and Schmitt meet the applicable independence requirements under the Sarbanes-Oxley Act of 2002, the rules of NASDAQ (including the enhanced independence requirements for compensation committee members) and the rules and regulations of the SEC. In addition, each of Messrs. Madden, Moore and Schmitt is an outside director, as defined in Code Section 162(m) (Mr. Cirar abstains from any vote on incentive compensation awards

that are subject to Code Section 162(m)), and each of Messrs. Cirar, Madden, Moore and Schmitt is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act.

The compensation committee operates under a written charter, a copy of which is available on our website, www.freightcaramerica.com. The compensation committee met four times during 2017.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee currently consists of Messrs. Gehl, Moore, Schmitt and Soderstrom. Mr. Moore serves as the chairman. Effective as of the date of our annual meeting, our nominating and corporate governance committee will consist of Messrs. Gehl, Moore and Schmitt and Mr. Moore will continue to serve as the chairman. The purpose of our nominating and corporate governance committee is to: (a) identify individuals qualified to become board members, consistent with criteria approved by the board of directors; (b) recommend to the board of directors nominees for the board of directors; (c) recommend to the board of directors nominees for each committee of the board of directors; (d) recommend to the board of directors and review annually the Corporate Governance Guidelines and the Code of Business Conduct and Ethics; (e) review annually the independence qualifications of the board members and nominees; and (f) review potential conflicts of interest and violations of the Code of Business Conduct and Ethics. Our board of directors has determined that Messrs. Gehl, Moore, Schmitt and Soderstrom meet the applicable independence requirements under the Sarbanes-Oxley Act of 2002, the rules of NASDAQ and the rules and regulations of the SEC.

The nominating and corporate governance committee operates under a written charter, a copy of which is available on our website, www.freightcaramerica.com. The nominating and corporate governance committee met three times during 2017.

Independence of Directors

The board of directors has determined that six of our seven current directors, Messrs. Cirar, Gehl, Madden, Moore, Schmitt and Soderstrom, are independent directors as defined in NASDAQ Listing Rule 5605 and as defined in applicable rules by the SEC. NASDAQ Listing Rule 5605 requires that a majority of our board of directors be composed of independent directors and that certain of our committees be composed solely of independent directors. Our independent directors hold meetings in executive session, at which only independent directors are present.

Board Leadership Structure

Our board of directors strongly endorses the view that one of its primary functions is to protect stockholders' interests by providing independent oversight of management, including the CEO. However, the board of directors does not believe that mandating a particular structure, such as a separate Chairman of the Board and CEO, is necessary to achieve effective oversight. The board of directors retains the right to exercise its judgment to combine or separate the roles of Chairman of the Board and CEO. Currently, the offices of Chairman of the Board and CEO are held by separate persons because the board of directors has determined that this structure aids in the oversight of management and is currently in the best interests of the Company and its stockholders.

Code of Business Conduct and Ethics

We have established a Code of Business Conduct and Ethics that applies to our officers, directors and employees, including our CEO and Chief Financial Officer. A copy of the Code of Business Conduct and Ethics is available on our website, www.freightcaramerica.com.

We intend to disclose on our website at www.freightcaramerica.com any amendments to or waivers from our Code of Business Conduct and Ethics applicable to any of our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

Table of Contents

Under the Code of Business Conduct and Ethics, the board of directors, its committees and the non-employee directors have the right at any time to retain independent outside financial, legal or other advisors as they deem necessary, without the necessity of consulting with or obtaining prior approval of any officer of the Company.

Anti-Corruption Policy

We have adopted an Anti-Corruption Policy in an effort to ensure that we comply with the U.S. Foreign Corrupt Practices Act and other anti-bribery laws. The Anti-Corruption Policy is applicable to us (including our U.S. and non-U.S. subsidiaries, affiliates and joint ventures) and to all of our personnel (including officers, directors, employees, agents, consultants and other representatives and intermediaries acting on our behalf).

Risk Oversight

In its governance role, and particularly in exercising its duty of care and diligence, our board of directors is responsible for monitoring and overseeing the Company's approach to risk assessment and risk management. The board of directors has the ultimate responsibility in this area. The board of directors has delegated the responsibility for overseeing financial risks to the audit committee and compensation-related risks to the compensation committee. Where appropriate, the board of directors may delegate risk oversight responsibility in other specific areas to board committees.

The board of directors requires management to ensure that an appropriate approach to risk management is implemented as part of the day-to-day operations of the Company. The board of directors further requires that management design internal control systems with a view to identifying and managing the material risks in the following categories:

core business and strategy risks;

operational and commercial risks;

regulatory risks;

legal and contractual risks;

compensation-related risks; and

financial risks.

In fulfilling its responsibilities delegated by the board of directors as described above, on a periodic basis (but not less often than annually), the audit committee reviews and discusses with management and our internal audit function the Company's significant financial risk exposures and establishes an annual review schedule, which includes periodic financial reviews, internal control assessments and reviews of specific risk areas. The audit committee receives periodic updates from management and our internal audit function as per the annual schedule and as necessary based

on subsequent determinations. The audit committee reports its activities to the full board of directors on a regular basis and is responsible for making such recommendations with respect to the matters described above and other matters as the audit committee may deem necessary or appropriate. The audit committee believes that in addition to its own deliberations and assessment of potential risks, the advice and recommendations of its independent auditor provide important objective guidance in this area.

In fulfilling its responsibilities delegated by the board of directors as described above, on a periodic basis (but not less often than annually), the compensation committee reports its activities to the full board of directors on a regular basis and is responsible for making such recommendations with respect to the matters described above and other matters as the compensation committee may deem necessary or appropriate.

Director Nomination Process

The nominating and corporate governance committee of our board of directors considers candidates to fill new directorships created by expansion and vacancies that may occur and makes recommendations to the board of

Table of Contents

directors with respect to such candidates. The nominating and corporate governance committee considers all relevant qualifications of candidates for board membership, including factors such as industry knowledge and experience, international, public company, academic or regulatory experience, financial expertise, current employment and other board memberships, and whether the candidate will be independent under the listing standards of NASDAQ. In addition, although we do not have a formal policy regarding the consideration of diversity in identifying nominees for directors, as part of the nomination process the nominating and corporate governance committee considers diversity in professional background, experience, expertise, perspective, age, gender and ethnicity.

The nominating and corporate governance committee evaluates each individual in the context of the board of directors as a whole, with the objective of recommending a group that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound judgment using its diversity of experience. The nominating and corporate governance committee evaluates each incumbent director to determine whether he or she should be nominated to stand for re-election, based on the types of criteria outlined above as well as the director's overall service to us during his or her term and any relationships and transactions that might impair such director's independence.

The nominating and corporate governance committee did not pay any fees to a third party to assist in the process of identifying or evaluating potential director candidates in 2016 or 2017. In the future, we may pay a fee to a third party to identify or evaluate potential director candidates if the need arises.

Our by-laws provide that nominations for the election of directors at our annual meeting may be made by our board of directors or any stockholder entitled to vote for the election of directors generally who complies with the procedures set forth in the by-laws and who is a stockholder of record at the time notice is delivered to us. Any stockholder entitled to vote in the election of directors generally may nominate a person for election to the board of directors at our annual meeting only if timely notice of such stockholder's intent to make such nomination has been given in writing to our Secretary at our offices at Two North Riverside Plaza, Suite 1300, Chicago, Illinois 60606. Any recommendations received from stockholders will be evaluated by the nominating and corporate governance committee in the same manner that potential director nominees suggested by board members, management or other parties are evaluated.

To be timely, a stockholder's notice shall be delivered to or mailed and received at the principal executive offices of the Company not less than 90 nor more than 120 days prior to the first anniversary of the previous year's annual meeting; provided, however, that in the event less than 30 days' notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

COMPENSATION DISCUSSION AND ANALYSIS

The following sections discuss the material factors involved in the Company's decisions regarding the compensation of the Company's NEOs during 2017. We made these compensation decisions in order to ensure continued alignment of executive compensation and Company performance. The specific amounts paid or payable to the NEOs are disclosed in the tables and narrative in the section of this proxy statement entitled "Executive Compensation." The following discussion cross-references those specific tabular and narrative disclosures where appropriate.

Executive Summary

FreightCar America's NEO compensation program is designed to attract, motivate and retain the individuals we need to drive business success. We believe that our executives should act in the long-term interests of our stockholders. Therefore, we pay a significant portion of total compensation to our executives in the form of short-term incentive-based cash compensation and long-term performance-based equity compensation. Our compensation programs also are closely tied to performance, with incentive compensation varying in accordance with objectively determinable Company and individual performance measures.

With the assistance of our independent compensation consultant, the compensation committee took the following actions with respect to the base salary and annual and long-term incentive compensation programs for our NEOs:

Base compensation. The compensation committee made adjustments to the base salary of Ms. Vlamis during 2017. No other NEOs had base salary adjustments during 2017. Future base salary adjustments for each NEO will be considered by the compensation committee on an annual basis.

Annual incentive compensation. In 2017, the compensation committee re-approved the Company's annual cash incentive program with no changes. Company net income, as adjusted, continued to be the program's financial metric, which comprises 80% of the total bonus award. Superior performance on the net income metric can result in a payment of up to 200% of target bonus on the net income metric portion of the total bonus. The individual performance metrics comprise 20% of the total bonus award. Superior performance on individual performance metrics can result in a payment of up to 125% of target bonus on the individual performance metric portion of the total bonus. None of our NEOs would be eligible for a bonus under the program unless a certain net income threshold level is achieved and, in fact, no bonuses were paid to our NEOs for 2017. For 2018, the compensation committee, with the advice of our compensation consultant, has determined, with the approval of the board of directors, that the program's financial metrics will be goals based on the Company's market share, cash generation and reductions in the cost of goods sold.

Long-term incentive compensation. In the first quarter of 2017, the compensation committee approved awards of performance shares and time-vested restricted stock for our NEOs under the LTIP, the aggregate values of which were similar to the awards that the compensation committee approved for fiscal year 2016 when we redesigned our long-term incentive compensation program. The value of each award corresponded to the NEO's annual bonus target and was comprised of performance shares and time-vested restricted stock, with each component having an equal grant date fair value. Performance shares will be earned and vest, if at all, on the third anniversary of the grant date based on

the Company's three-year cumulative basic earnings per share (EPS), provided that a minimum average return on investment capital (ROIC) goal, which is calculated quarterly over a three year period, is also met or exceeded. ROIC is calculated using the sum of operating income and other income which sum is multiplied by one minus the tax rate, all of which is divided by the sum of total stockholders' equity and long-term debt. Restricted stock awards will vest in whole on the third anniversary of the grant date. With respect to the performance shares, the compensation committee set the following three-year cumulative EPS levels: at the threshold three-year cumulative EPS performance level, 50% of the target number of shares will be earned; at the target three-year cumulative EPS performance level, 100% of the target number of shares will be earned; and at the maximum three-year cumulative EPS performance level, 200% of the target number of shares will be earned. Additionally, in connection with the hiring of Mr. Meyer to become our new CEO, the compensation committee approved a grant of 350,000 performance-based stock options as a sign-on award.

Table of Contents

At our 2017 annual meeting of stockholders, the Company's stockholders approved, on an advisory basis, the compensation of our NEOs with the affirmative vote of the holders of more than 89% of the shares voted. After consideration of a number of factors and recommendations by our new CEO, our compensation committee (with the assistance of our compensation consultant) conducted a comprehensive analysis of our incentive compensation program and determined to redesign it for 2018. The two primary updates to our 2018 incentive compensation program are: (i) replacing the existing financial performance goals under our annual incentive plan with new financial performance goals that better align the compensation paid to our NEOs with our strategic business goals; and (ii) replacing the use of performance equity awards with stock options to better align the compensation paid to our NEOs with the return on our stockholders' investment in the form of higher stock prices. For additional information regarding the changes to our incentive compensation program for 2018, see the section of this proxy statement entitled "Compensation Discussion and Analysis Elements of Executive Compensation Fiscal Year 2018 Compensation Decisions."

The compensation committee believes that its actions were balanced in terms of containing costs, calibrating compensation with performance expectations and the degree of difficulty associated with achieving performance goals, and retaining and motivating our NEOs.

When designing our fiscal year 2017 NEO compensation program, the compensation committee considered the Company's fiscal year 2017 budget and financial performance expectations with respect to the annual and long-term incentive plans to ensure a strong link between compensation and performance.

Compensation Committee's Processes and Procedures for Consideration

General Authorities and Responsibilities

The compensation committee reviews the Compensation Discussion and Analysis section of our proxy statement and recommends to the board of directors that the Compensation Discussion and Analysis be included in our proxy statement. The compensation committee issues an annual report on executive compensation for inclusion in our proxy statement and reports as necessary to the board of directors its plan for succession of the CEO and other senior executives in the event that any of such officers retires, is disabled or is otherwise unable to fulfill his or her duties.

The compensation committee, consulting with its independent compensation consultants, and with management as necessary, reviews and recommends for approval by the board of directors our general policies relating to senior management compensation and oversees the development and implementation of such compensation programs. The compensation committee, consulting with its independent compensation consultant and with management as necessary, reviews and approves, or recommends for ratification by the board of directors, senior management compensation, including, to the extent applicable, (a) salary, bonus and incentive compensation levels, (b) equity compensation, (c) employment agreements, severance arrangements and change in control agreements/provisions, in each case as, when and if appropriate, and (d) other forms of senior management compensation. The compensation committee meets without the presence of senior management when approving or deliberating on CEO compensation but may, in its discretion, invite the CEO to be present during the approval of, or deliberations with respect to, other senior management compensation.

The compensation committee, as a committee or together with the independent members of the board of directors, periodically reviews and approves corporate goals and objectives relevant to senior management compensation and evaluates the CEO's performance in light of those goals and objectives. The compensation committee recommends for ratification by the board of directors the CEO's compensation levels taking into account this evaluation. The compensation committee periodically reviews and makes recommendations to the board of directors with respect to

director compensation for non-employee members of the board of directors and its

Table of Contents

committees. The compensation committee may consider the accounting and tax treatment to the Company and to senior management of each particular element of compensation.

Oversight of Compensation Plans

The compensation committee oversees, periodically reviews and makes recommendations to the board of directors with respect to stock incentive plans, stock purchase plans, bonus plans, deferred compensation plans and similar programs. The compensation committee has the power and authority under its charter to oversee these plans, establish guidelines, interpret plan documents, select participants, approve grants and awards and exercise discretion (as provided in its charter) as may be permitted or required under such plans. The compensation committee may also undertake such additional activities within the scope of its primary function as the board of directors or the compensation committee may from time to time determine or as may otherwise be required by law, the board of directors or our charter or by-laws.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee at any time has been one of our officers or employees. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or compensation committee.

Compensation Consultant

The compensation committee has the authority to obtain advice and assistance from internal or external legal, accounting or other advisors as it deems appropriate or necessary. The compensation committee has the authority to conduct or authorize investigations into any matter within its scope of responsibilities, and retain, at our expense, such independent counsel, compensation consultant or other consultants and advisors as it deems necessary. The compensation committee reviews and assesses at least annually the adequacy of the compensation committee charter and recommends any proposed changes to the board of directors for approval. The compensation committee also annually reviews its own performance.

During 2017, the compensation committee received independent compensation consulting advice from Korn Ferry Hay Group, Inc. (Hay Group), including advice on executive compensation levels and incentive plan design work relating to the NEOs and other individuals who report directly to the CEO. From time to time, Hay Group also provides specific consulting services in areas that include market surveys of executive compensation, external trends, compensation program design, and position-specific compensation information as necessary. During 2017, Hay Group provided incentive plan design services relating to our NEOs for 2018. In addition, Aon Hewitt provides non-compensation related services to the Company, such as actuarial, pension plan valuation, filing and administrative activities.

The compensation committee has the sole authority to retain an independent compensation consultant to be used to assist in its evaluation of director and/or senior management compensation and has the sole authority to terminate the consultant and approve the consultant's fees and other retention terms. The compensation committee has reviewed the independence of Hay Group in light of SEC rules and NASDAQ listing standards regarding compensation consultants and has concluded that Hay Group's work for the compensation committee does not raise any conflict of interest.

Compensation Philosophy and Objectives

The compensation committee has adopted, and periodically reviews, an executive compensation philosophy statement. This statement sets forth the Company's values and beliefs regarding the nature of its executive compensation strategy and programs. The purpose of our philosophy is twofold: to serve as a link between the interests of the Company's stockholders and its compensation arrangements, and to serve as a framework for program design and assessment. The application of these values and beliefs reflects and takes into account a broad business context. Business judgment is brought to bear to determine the appropriate application of these values and

Table of Contents

beliefs in each circumstance. Moreover, the application of these values and beliefs solely in a mechanistic fashion is neither appropriate nor desirable. In periodically reviewing the executive compensation philosophy statement, the compensation committee will revise it as necessary to ensure that it is properly linked to the Company's business strategies and to reflect changes to the Company's business operations and goals as well as external market conditions.

Our compensation program is designed to attract, motivate and retain the highly talented individuals that FreightCar America needs to drive business success. The program reflects the following principles:

FreightCar America employees should act in the interests of FreightCar America stockholders.

We believe that the best way to encourage FreightCar America employees to act in the long-term interests of FreightCar America stockholders is through an equity stake in the Company. We pay a significant portion of total compensation to executives and certain other key employees in the form of long-term performance-based equity compensation, such as performance-based stock options, stock options and/or restricted stock units. The Company's goal is to have compensation programs that maintain alignment with stockholder interests by encouraging each employee to think and act like an owner of the business. Our industry is cyclical. Executives must manage this cycle by diversifying our product and service offerings, maintaining low costs and other measures.

Compensation should be related to performance. The Company's compensation program endeavors to reinforce the Company's business and financial objectives. Employee compensation will vary based on objectively determinable measures of Company performance. When the Company performs well based on financial measures, employees will receive greater incentive compensation. When the Company does not meet objectives, incentive awards will be reduced, potentially to zero. An employee's individual compensation also will vary based on such person's individual performance, contribution and overall value to the business. Employees demonstrating sustained high performance will be rewarded more than those in similar positions with lower performance.

Incentive compensation should be a greater part of total compensation for employees with more senior positions. The proportion of an individual's total compensation that varies based on individual and Company performance objectives should increase as the individual's business responsibilities increase.

Other goals. The Company's compensation program is designed to balance short-term and long-term financial objectives.

Elements of Executive Compensation

Total compensation for each NEO is comprised of base salary, annual cash incentive awards, long-term equity awards, retirement and post-employment benefits, including severance protection, and other benefits. The various elements of executive compensation reflect the policies summarized below:

Element	Purpose
----------------	----------------

Base Salary	Base salary is comprised of periodic, fixed payments made to each NEO. Base salary is provided to each NEO in order to provide the NEO with a degree of financial certainty and to competitively compensate the NEO for rendering ongoing services to the Company. Competitive base salaries further the compensation program's objectives by allowing the Company to attract and retain talented employees by providing a fixed portion of compensation on which employees can rely.
Annual Cash Incentive Awards	The primary purposes of the annual cash incentive program are to incentivize employees to achieve certain pre-determined business results over the fiscal year that are linked to stockholder value creation and to competitively reward employees for successfully achieving results. In addition to the Company's financial results,

Table of Contents

the annual cash incentive program is designed to provide a link to individual performance goals and objectives.

Long-Term Incentive Awards The primary purpose of the long-term incentive award program is to align employee and stockholder interests through equity instruments that incentivize employees to increase stockholder value, competitively reward employees for increasing stockholder value and achieving pre-determined business goals, and retain employees who are critical to stockholder value creation.

Post-Employment Benefits In the event of certain qualifying terminations of employment, termination benefits provide NEOs (and other certain employees) with additional financial security, which we believe is necessary to attract and retain talented executives. In addition, we provide NEOs (and certain other executives) with certain change in control benefits that we believe help minimize inherent conflicts of interest that may arise for executives in potential change in control transactions.

Base Salary

In general, the Company's executive compensation philosophy is to provide base salaries at a level that allows the Company to attract and retain executives that have the ability and experience to manage the business, utilizing, in the aggregate, the median of a comparison group as a target for each specific executive officer position. Base salary may vary from the median in certain cases based on the executive officer's skills and experience. For details about the Company's process for establishing the comparison group median for executive officer positions, see the section of this proxy statement entitled "Compensation Discussion and Analysis—Elements of Executive Compensation—Determination of Compensation." The objective is to reward executives with upside for superior performance through our annual and long-term incentive programs. The compensation committee considers base salary adjustments for each NEO on an annual basis.

The 2016 and 2017 base salaries of our NEOs are shown in the table below. The base salary amounts reflect those that were in effect on December 31 of the year presented.

NEO	2016 Base Salary	2017 Base Salary	% Change

Theodore W. Baun	\$ 350,000	\$ 350,000	0%
Georgia Vlamis ³	\$ 255,000	\$ 267,750	5%

¹ Mr. Meyer was appointed as President and Chief Executive Officer effective July 31, 2017.

² Mr. McNeely left as President and Chief Executive Officer by mutual consent effective July 31, 2017.

³ Ms. Vlamis was promoted to Vice President, General Counsel, Corporate Secretary and Human Resources effective June 1, 2017 (from her former role as Vice President, General Counsel and Corporate Secretary). In connection with this promotion and her additional responsibilities, her base salary was adjusted to \$267,750 effective June 5, 2017.

The amount of each NEO's base salary is the reference point for certain other elements of the NEO's compensation. For example, the potential annual cash incentive and LTIP award for each NEO is based, in part, on the NEO's base salary. NEO cash severance benefits also are determined, in part, by base salary.

Annual Cash Incentive Awards

In 2017, the compensation committee re-approved the Company's annual cash incentive program with no changes. The Company's net income will continue to be the program's financial metric, which comprises 80% of the total bonus award. Superior performance on the net income metric can result in a payment of up to 200% of target bonus on the net income metric portion of the total bonus. The individual performance metrics comprise 20% of the

Table of Contents

total bonus award. Superior performance on individual performance metrics can result in a payment of 125% of target bonus on the individual performance metric portion of the total bonus. However, participants are only eligible for a bonus if a certain net income level tied to our operating budget is achieved. As discussed below, because the 2017 threshold net income level was not achieved, none of our NEOs were eligible for a bonus under the Company's annual cash incentive program in 2017.

Annual incentive plan performance measures and goals are linked to the Company's business plan and individual roles and responsibilities. Performance goals are recalibrated each year based on that year's budget, business plan, goals and other relevant considerations. The target cash incentive award for each NEO is set forth in the table below. Annual cash incentive awards for NEOs are based on the Company's net income as reported on its consolidated statements of operations and individual performance metrics, as follows.

NEO	Target Award (% of Base Salary)	Net Income (% of Target Award)	Individual Performance (% of Target Award)
James R. Meyer	100%	80%	20%
Joseph E. McNeely ¹	100%	80%	20%

Net Income Performance Metric. The 2017 threshold, target and maximum performance goals for net income are summarized in the following table along with the associated payout as a percentage of the participant's target award. Individual Performance Metrics. Individual performance metrics and related performance goals represent specific personal objectives related to the NEO's job responsibilities and ability to contribute to overall Company goals. In 2017, Mr. McNeely developed such metrics and related performance goals for himself and for each of the other then

current NEOs and submitted them to the compensation committee for its consideration and approval. The compensation committee, with input from the compensation consultant, discussed, reviewed and approved the metrics and goals developed by Mr. McNeely for 2017. Upon the appointment of Mr. Meyer as CEO, he became eligible for a pro rata bonus for 2017. Specific targets are not identified below because the performance metrics had significant qualitative components and/or represented competitively sensitive information. The 2017 individual performance metrics for each NEO are summarized below.

Long-Term Incentive Awards

In January 2017, the compensation committee approved awards of performance shares and time-vested restricted stock for our NEOs. The value of each award corresponded to the NEO's annual bonus target and was comprised of performance shares and time-vested restricted stock, with each component having an equal grant date fair value. Performance shares will be earned and vest, if at all, on the third anniversary of the grant date based on the Company's three-year cumulative EPS, provided that a minimum three-year average ROIC goal is also met or exceeded. Restricted stock awards will vest in whole on the third anniversary of the grant date. With respect to the performance shares, the compensation committee set the following three-year cumulative EPS levels: at the threshold three-year cumulative EPS performance level, 50% of the target number of shares will be earned; at the target three-year cumulative EPS performance level, 100% of the target number of shares will be earned; and at the maximum three-year cumulative EPS performance level, 200% of the target number of shares will be earned.

Table of Contents

The performance shares are designed to motivate executive leadership to increase EPS while maintaining a baseline level of ROIC. In addition, the awards increase the proportion of each NEO's total compensation that is tied to performance, thereby further aligning the interests of the executive team with stockholder interests.

The Company maintains the LTIP, which was most recently approved by the Company's stockholders at our 2013 annual meeting. Under the LTIP, the Company may grant to NEOs and other eligible employees cash incentive awards, stock options, share appreciation rights, restricted stock, restricted stock units, performance shares, performance units, dividend equivalents and other share-based awards. The board of directors has adopted and is seeking stockholder approval at the upcoming annual meeting of stockholders of a new long-term incentive plan under which future awards will be made.

It is the policy of the compensation committee not to time the award of equity-based compensation to coincide with the release of favorable or unfavorable material non-public information about the Company.

CEO Sign-on Award. In connection with Mr. Meyer's appointment as President and Chief Executive Officer, we granted Mr. Meyer 350,000 performance-based stock options. These performance-based stock options feature a vesting schedule whereby the stock options will vest if the average closing price per share of the Company's stock over the previous 90 calendar days (the Threshold Stock Price) exceeds the closing price per share of the Company's stock on July 31, 2017 (the Reference Stock Price) as follows: 34% of the stock options will vest if the Threshold Stock Price exceeds the Reference Stock Price by \$5.00; another 33% of the stock options will vest if the Threshold Stock Price exceeds the Reference Stock Price by \$10.00; and the remaining 33% of the stock options will vest if the Threshold Stock Price exceeds the Reference Stock Price by \$15.00. The performance goals may be achieved during the options' ten-year contractual term. The grant date fair value of these options was \$2,477,300.

In granting this award, the compensation committee determined that a performance-based award aligned increases in Mr. Meyer's compensation closely with increases in value to our stockholders over the long term and, when combined with the other elements of his compensation, would provide market-competitive performance-based total compensation opportunities to Mr. Meyer. Additionally, if Mr. Meyer continues to be employed by us subsequent to a Change of Control (as defined in the LTIP) or if we terminate his employment (for any reason) during the six months prior to a Change of Control, then all of the stock options will be treated as fully earned and vested.

Retirement and Pension Benefits

The Company provides contributions to participants in the 401(k) Plans of up to 4% of eligible compensation. These contributions and any earnings thereon generally are held and invested under the plans until paid to participants upon termination of their employment.

The Company maintains the Pension Plan, a tax-qualified defined benefit pension plan, for the benefit of its eligible salaried employees. The Pension Plan is a tax-qualified defined benefit pension plan. Mr. Baun is the only NEO who participates in the Pension Plan and his accrued benefits under the Pension Plan were frozen at December 31, 2009. Mr. Baun's accumulated pension benefit is set forth in the section of this proxy statement entitled "Executive Compensation - Pension Benefits at December 31, 2017."

The Company does not make available a non-qualified deferred compensation plan for its NEOs or other employees.

Post-Employment Benefits

Employment Agreements and Other Arrangements for NEOs. The termination and change in control benefits for Messrs. Meyer, Kohnke and Baun and Ms. Vlamis are set forth in the Company's Executive Severance Plan, which was amended and restated in 2016, the LTIP (and the associated award agreements) and, with respect to Mr. Meyer, in his employment agreement. The amounts of the termination and change in control benefits for all the NEOs are described below in the Executive Compensation Potential Payments upon Termination or Change in

Table of Contents

Control section of this proxy statement. For 2017, we have set termination and change in control benefits at levels that we believe fall within the range of competitive market practices, as follows:

James R. Meyer. In connection with Mr. Meyer's appointment as President and CEO, the Company and Mr. Meyer entered into a letter agreement effective July 31, 2017 (the Meyer Agreement). The Meyer Agreement does not provide for a specified term. It provides for an initial base salary of \$500,000 per year; target and maximum annual bonus opportunities of 100% and 200% of his base salary, respectively, and a prorated bonus in respect of any partial year in accordance with the terms of the Meyer Agreement; and a minimum equity award equal to 100% of his base salary. Mr. Meyer is entitled to participate in all incentive compensation plans and to receive all benefits under any employee benefit plan made available to executive employees. In connection with Mr. Meyer being hired, he was granted 350,000 performance-based stock options featuring a vesting schedule as described in the section of this proxy statement entitled Compensation Discussion and Analysis Elements of Executive Compensation Long-Term Incentive Awards.

In addition, Mr. Meyer is a participant in the Company's Executive Severance Plan, which sets forth his benefits upon a termination of employment or a change in control, as modified by the Meyer Agreement. Under the Meyer Agreement, upon a termination of Mr. Meyer's employment for any reason, he will be entitled to (i) his accrued base salary and accrued and unused vacation through the date of termination, (ii) his prior and prorated then current fiscal year bonuses, to the extent earned and unpaid, and (iii) any accrued and vested benefits and unreimbursed expenses incurred and unpaid on the date of termination. In addition, upon an involuntary termination without Cause or resignation for Good Reason (each as defined in the Meyer Agreement), Mr. Meyer will be entitled to (1) continuation of base salary and certain health benefits for a period of (a) 24 months in the event that he resigns for Good Reason or is terminated without Cause within 24 months following a Change in Control (as defined in the Executive Severance Plan) or (b) 12 months following any other involuntary termination without Cause and (2)(a) in the event that he resigns for Good Reason or is terminated without Cause within 24 months following a Change in Control, an amount equal to two times the average of the annual bonuses paid to him for the last two full years payable in two equal installments on the first March 15 and the second March 15 following the year of termination or (b) in the case of any other involuntary termination without Cause, an amount equal to the average of the annual bonuses paid to him for the last two full years payable on the March 15 following the year of termination.

Mr. Meyer has agreed to keep confidential certain information and agreed to certain non-solicitation, non-competition and non-disparagement restrictions that apply for one year following termination of employment.

The Meyer Agreement generally defines Cause as the executive's: (i) willful and continued failure substantially to perform his material duties; (ii) commission of any activities constituting a material violation or material breach of any federal, state or foreign law; (iii) fraud, breach of fiduciary duty, dishonesty, misappropriation or other act or omission that causes material damage to the Company's property or business; (iv) admission or conviction of any crime that affects the Company's reputation or the executive's ability to carry out the obligations of his or her employment; (v) failure to reasonably cooperate with the Company in any internal investigation or administrative, regulatory or judicial proceeding; or (vi) willful act or omission in violation or disregard of the Company's policies that may cause significant loss, damage or injury to the property, reputation or employees of the Company.

The Meyer Agreement defines Good Reason as any of the following: (a) a Change in Control pursuant to which the buyer does not employ the executive on terms substantially comparable in the aggregate to the terms on which the he is currently employed; or (b) the Company (i) permanently and materially diminishes the executive's authority, duties or responsibilities including, without limitation, title or reporting responsibilities (to and from the executive), (ii) materially reduces any component of the executive's overall compensation, (iii) requires the executive to relocate to a location more than 50 miles away from the Company's principal business office in the Chicago, Illinois metropolitan

area or the Company's facility located in the greater Cherokee, Alabama area or (iv) materially breaches the terms of the Company's Executive Severance Plan.

Under the Company's Executive Severance Plan, a Change in Control will occur if: (a) any person becomes the beneficial owner of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities; (b) the Company's stockholders approve a merger or consolidation of

Table of Contents

the Company with any other corporation and such stockholder approval results in the consummation of such merger or consolidation, other than a merger or consolidation that results in the Company's stockholders continuing to own at least 60% of the combined voting power of the Company or other surviving entity or that is effected to implement a recapitalization of the Company in which no person acquires more than 50% of the Company; or (c) the Company's stockholders approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all the Company's assets that results in the consummation of such liquidation, sale or disposition.

Under the terms of the LTIP, all of Mr. Meyer's unvested equity awards would fully vest upon his death.

Matthew S. Kohnke. Mr. Kohnke was appointed Vice President, Finance, Chief Financial Officer and Treasurer effective February 29, 2016 pursuant to a letter agreement (the "Kohnke Agreement"). The Kohnke Agreement does not provide for a specified term. It provides for an initial base salary of \$270,000 per year, a target bonus opportunity of 50% of his base salary and a sign-on award of 2,000 shares of restricted stock. Mr. Kohnke is entitled to participate in all management incentive plans and to receive all benefits under any employee benefit plan made available to executive employees.

Mr. Kohnke became a participant in the Company's Executive Severance Plan effective August 24, 2017. Under this plan, upon involuntary termination of employment without Cause (as defined in the Company's Executive Severance Plan) or resignation for Good Reason (as defined in the Company's Executive Severance Plan), Mr. Kohnke would be entitled to the following benefits (i) 12 months' continuation of base salary and certain health benefits following such termination of employment; and (ii) an amount equal to the average of the annual bonuses paid to him for the last two full years, payable on March 15 of the year following termination.

Under the terms of the LTIP and Mr. Kohnke's restricted stock and performance share agreements, upon a Qualifying Termination (as defined in the LTIP), all unvested restricted stock would become fully vested and the performance shares would become vested at the target level. Under the terms of the LTIP, all of Mr. Kohnke's unvested restricted stock and performance shares would fully vest upon his death. Notwithstanding the foregoing, if a third-party successor following a Change of Control does not assume or replace the obligations under the outstanding equity awards, then all outstanding awards will fully and immediately vest.

Mr. Kohnke has agreed to keep confidential certain information and to certain non-solicitation, non-competition and non-disparagement restrictions that apply for one year following the termination of his employment.

The Company's Executive Severance Plan generally defines "Cause" as the executive's: (i) willful and continued failure substantially to perform his material duties; (ii) commission of any activities constituting a material violation or material breach of any federal, state or foreign law; (iii) fraud, breach of fiduciary duty, dishonesty, misappropriation or other act or omission that causes material damage to the Company's property or business; (iv) admission or conviction of any crime that affects the Company's reputation or the executive's ability to carry out the obligations of his or her employment; (v) failure to reasonably cooperate with the Company in any internal investigation or administrative, regulatory or judicial proceeding; or (vi) act or omission in violation or disregard of the Company's policies that may cause significant loss, damage or injury to the property, reputation or employees of the Company.

The Company's Executive Severance Plan defines "Good Reason" as any of the following: (a) a Change in Control pursuant to which the buyer does not employ the executive on terms substantially comparable in the aggregate to the terms on which the he is currently employed; or (b) the Company (i) permanently and materially diminishes the executive's authority, duties or responsibilities, (ii) materially reduces the executive's overall compensation, (iii) requires the executive to relocate to a location more than 50 miles away from the Company's principal business

office in the Chicago, Illinois metropolitan area or (iv) materially breaches the terms of the Company's Executive Severance Plan.

For purposes of the LTIP, a Qualifying Termination means the participant's termination of employment due to death, disability, Good Reason or without Cause that occurs within 24 months of the consummation of a Change of Control.

Joseph E. McNeely. Mr. McNeely left as President and Chief Executive Officer by mutual consent effective July 31, 2017. Pursuant to the Separation Agreement and General Release dated July 17, 2017 between Mr. McNeely and the Company, Mr. McNeely received: (a) a lump sum payment equal to the sum of (i) Mr. McNeely's earned but unpaid base salary through the effective date of his departure, (ii) any accrued but unpaid vacation and (iii) any unreimbursed business expenses incurred by Mr. McNeely on the Company's behalf prior to the effective date of his departure; (b) a lump sum payment equal to the sum of 12 months of Mr. McNeely's base salary in the total amount of \$400,000; (c) a lump sum payment equal to the average annual bonus paid to Mr. McNeely for the last full two years prior to the effective date of his departure in the total amount of \$278,480; (d) a lump sum payment of \$300,000; and (e) continuation of certain health benefits for Mr. McNeely and his family members for a period of 12 months. Stock Ownership Guidelines

The board of directors has requested that the Company's NEOs, certain other senior management employees and non-executive directors meet minimum stock ownership requirements that are consistent with industry standards. Accordingly, each corporate officer and non-executive director is required to maintain Company stock holdings at least equal to the aggregate number of shares (including options or shares granted but not vested) that the Company has awarded to such corporate officer or non-executive director during the three-year period ending on any given date of determination. The officer or director may reduce the amount of stock holdings by the number of shares that the officer or director has applied directly to the payments of taxes on such awards.

Table of Contents

In 2017, the stock ownership of each of our NEOs exceeded the Company's minimum stock ownership requirements. Company stock holdings that count towards meeting ownership requirements include: (a) shares owned outright or in trust; and (b) stock options, restricted stock or restricted stock units, including options, shares or units that have been granted but are unvested. A covered individual promoted into a position with ownership requirements will have three years from date of promotion to meet the applicable ownership requirements. Non-employee directors also will have three years to satisfy the requirements. Each year, the compensation committee reviews each covered officer's compliance with the ownership requirements, and the nominating and corporate governance committee reviews each non-employee director's compliance with the ownership requirements.

Clawback Policy

In 2012, the compensation committee adopted a recoupment or "clawback" policy for annual cash incentive awards, long-term incentive awards (including stock options and restricted stock) and any other incentive awards paid to executive officers. The policy provides that in the event of a restatement of financial results, the Company will seek to recoup the incremental portion of awards paid to current or former executive officers during the three fiscal years immediately preceding the date of the restatement that are in excess of incentive compensation that would have been paid based on the restated financial results. The policy also provides that the compensation committee may in its discretion seek to recoup amounts of excess incentive compensation paid to any recipient of incentive compensation in the event of misconduct by such person, including fraud or other conduct that would lead to a "for cause" termination of employment.

Anti-Hedging and Anti-Pledging of Company Stock Policy

The Company's Insider Trading Policy prohibits directors, NEOs and other officers who are subject to Section 16 of the Exchange Act (collectively, "Insiders") from engaging in short sales of Company securities, or buying or selling put options, call options or other derivatives of Company securities.

The Insider Trading Policy prohibits Insiders from holding Company securities in a margin account or pledging Company securities as collateral for a loan, unless, in the case of a non-margin loan, an Insider can clearly demonstrate his or her financial ability to repay the loan without resorting to the pledged securities and secures the prior written approval of the Company's General Counsel, which approval may be conditioned as deemed advisable by the General Counsel.

Tax Treatment and Accounting

Code Section 162(m) limits the deductibility for federal income tax purposes of certain compensation paid in any year by a publicly held corporation to covered employees to \$1 million per covered employee (the "\$1 million cap"). Prior to the enactment of the TCJA, the \$1 million cap did not apply to performance-based compensation as defined under Code Section 162(m). The TCJA repealed the performance-based compensation exception, effective for taxable years beginning after December 31, 2017, such that compensation otherwise deductible with respect to our covered employees in excess of the \$1 million cap may not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017 or other limited exceptions. Although our compensation committee has endeavored to structure the awards of cash and equity incentives payable to our covered employees in a manner that is intended to be exempt from Code Section 162(m) (and therefore not subject to its deduction limits) under the performance-based compensation exception, uncertainties exist as to the effect of the TCJA on Code Section 162(m) and the regulations issued thereunder, including, but not limited to, the scope of the transition relief provided under the TCJA. Therefore, no assurance can be given that performance-based compensation intended to satisfy the requirements for exception from Code Section 162(m) will in fact satisfy such requirements. However, the

compensation committee will continue to consider the tax impact of the cash and equity awards that it grants and maintains and may, subject to its discretion, provide for compensation to our NEOs that is not deductible under Code Section 162(m).

The compensation committee also considers the accounting treatment of the cash and equity awards that it grants and maintains.

Determination of Compensation

In general, the Company's objective is to provide base compensation that will attract and retain executives with the ability and experience required to manage the business with the market median as a target (in the aggregate for the NEOs based on survey data), and annual and long-term incentive compensation at the market median (based on survey data), with upside for superior performance. In 2017, NEO total compensation generally was at or below the market median.

Consideration of Stockholder Advisory Vote on Executive Compensation

The Company's stockholders were asked to vote, at the annual meeting of stockholders held on May 11, 2017, on a proposal to approve on an advisory basis the compensation of our 2016 NEOs. At our 2017 annual meeting of stockholders, the Company's stockholders approved, on an advisory basis, the compensation of our NEOs with the affirmative vote of the holders of more than 89% of the shares voted.

Fiscal Year 2018 Compensation Decisions

After consideration of a number of factors and recommendations by our new CEO, our compensation committee (with the assistance of our compensation consultant) conducted a comprehensive analysis of our incentive compensation program. As a result of the compensation committee's comprehensive analysis of our incentive compensation program, the compensation committee made several decisions relating to fiscal year 2018 compensation, as summarized below:

Base compensation. During 2018 and beyond, base salary adjustments for each NEO will be considered by the compensation committee on an annual basis.

2018 annual incentive compensation. The new financial performance goals for our 2018 annual cash incentive program are as follows (weighting in parentheses):

Market Share Goals (25%);

Cash Generation Goals (25%); and

Cost of Goods Sold Reduction Goals (50%).

Additionally, in order for any participant to be entitled to any payment, the Company must achieve an EBITDA target that is set by our compensation committee at the recommendation of management and approved by the board of directors. These performance goals were selected based on a review of our strategic business goals. Each NEO's target award (as a percentage of base salary) is expected to remain the same, except that Ms. Vlamis's target was raised to 50% from 40% to account for the additional responsibilities that she assumed over our human resources operations.

Long-term incentive compensation. For 2018, our compensation committee decided to grant the following types of equity awards to our named executive officers (weighting in parentheses):

Time-based restricted stock units (50%); and

Stock options (50%).

The compensation committee determined to begin granting stock options in order to align the compensation of our NEOs more closely with increases in stockholder value over the long term and to provide, when combined with the other elements of compensation, market-competitive performance-based total compensation opportunities to our NEOs.

Table of Contents

One-time retention award. For 2018, our compensation committee determined to grant one-time retention awards of performance-based stock options to our NEOs (other than our CEO) in the following amounts:

NEO	Award Value	Number of Shares Underlying Options
Mr. Kohnke	\$337,500	44,584
Mr. Baun	\$437,500	57,794
Ms. Vlamis	\$334,688	44,212

Compensation Risk Analysis

The compensation committee, pursuant to its charter and with the assistance of its independent compensation consultant, reviews our employee compensation programs as they relate to risk management and risk-taking incentives. In 2017, the Company conducted a comprehensive risk assessment of all of our compensation programs with assistance from our outside legal counsel. This assessment affirmed that the Company does not utilize compensation policies or practices that are reasonably likely to have a material adverse effect on the Company.

Our incentive compensation programs generally reward a mix of different performance measures, some of which are financial performance measures. We believe that this mix of performance criteria mitigates any incentive to seek to maximize short-term performance at the expense of long-term performance or to maximize performance under one measure to the detriment of performance under another measure.

Our senior management is subject to stock ownership guidelines, which we believe incentivize our senior management to consider the Company's and our stockholders' long-term interests. Additionally, these guidelines discourage excessive risk-taking that could negatively impact our stock price. Our incentive compensation programs are designed with payout curves that are relatively smooth and do not contain steep payout cliffs that might encourage short-term business decisions in order to meet a payout threshold.

In 2012, the compensation committee adopted a recoupment or clawback policy for annual cash incentive awards, long-term incentive awards (including stock options and restricted stock) and any other incentive awards paid to executive officers.

Table of Contents**EXECUTIVE COMPENSATION***Summary Compensation Table*

The following table sets forth information regarding 2017 compensation for each of the Company's NEOs. Pursuant to SEC rules, information regarding each of 2016 and 2015 compensation is presented for each executive who was also an NEO in such year unless such NEO's total compensation for such year did not exceed \$100,000.

- ¹ Amounts disclosed in the Salary column represent base salary earned by the NEO during the respective year and include amounts deferred at the officer's election.
- ² Amounts disclosed in the Stock Awards column relate to grants of restricted stock and performance shares made under the LTIP. With respect to each restricted stock and performance share grant, the amounts disclosed generally reflect the grant date fair value computed in accordance with ASC Topic 718. Grant date fair value of each restricted stock award was determined by multiplying the number of restricted shares granted by the average of the high and low stock trading prices for the Company's common stock as reported by the NASDAQ Global Market on the grant date. The grant date fair value of each performance share award was calculated based on the probable outcome of the performance conditions on the grant date. For this purpose, the probable outcome was assumed to be at the target level. Subsequent to the grant date, the Company determined that the probable outcome of the performance conditions was below the threshold level and the performance share awards were no longer expected to vest. Therefore, we no longer recognize any aggregate compensation cost over the service period. The fair value of the performance share awards on the grant date was as follows:

Table of Contents

Name	At Target (\$)	At Maximum (\$)
Mr. Meyer		
Mr. McNeely	200,928	401,856
Mr. Kohnke	67,303	134,606
Mr. Baun	87,406	174,812
Ms. Vlamis	51,238	102,476

Mr. McNeely left as President and Chief Executive Officer by mutual consent effective July 31, 2017 and, therefore, he forfeited the restricted stock and performance share awards granted during 2017.

- ³ Amounts disclosed in the Option Awards column relate to grants of stock options made under the LTIP. With respect to each stock option grant, the amounts disclosed generally reflect the grant date fair value computed in accordance with ASC Topic 718. Grant date fair value was determined using a generally accepted option valuation methodology referred to as a Monte Carlo simulation. The assumptions used in calculating the grant date fair value of each stock option award are disclosed in the notes to the consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.
- ⁴ Amounts disclosed in the Non-Equity Incentive Plan Compensation column represent amounts earned under the Company's annual cash incentive program. None of the Company's NEOs earned a cash incentive payment for 2017.
- ⁵ Amounts disclosed in the Change in Pension Value column represent the actuarial increase in the present value of the NEO's benefits under the Pension Plan, determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Messrs. Meyer, McNeely and Kohnke and Ms. Vlamis are not participants in the Pension Plan. The Pension Plan is described in greater detail in the section of this proxy statement entitled "Executive Compensation - Pension Benefits at December 31, 2017." The Company does not maintain a non-qualified deferred compensation plan or a supplemental pension plan.

Table of Contents*Potential Payments upon Termination or Change in Control*

This section describes and quantifies potential payments that may be made to each NEO at, following, or in connection with the resignation, severance, retirement or other termination of the NEO or a change in control of the Company. These benefits are in addition to benefits generally available to salaried employees. For a narrative description of the Potential Payments and Benefits upon Termination or Change in Control tables, see the section of this proxy statement entitled Compensation Discussion and Analysis Elements of Executive Compensation Post-Employment Benefits Employment Agreements and Other Arrangements for NEOs.

The potential payments described below are estimates only. As such, the potential payments do not necessarily reflect the actual amounts that would be paid to each NEO, which would be known only at the time the NEO becomes eligible for payment due to a termination of employment or change in control. The Company does not provide any of its executives with change in control excise tax gross-ups. The following tables reflect potential amounts that could be payable to the applicable NEO if a change in control or the indicated termination of employment occurred at December 31, 2017.

Summarized below are the potential payments and benefits payable by the Company to each of our NEOs at, following or in connection with the indicated termination of employment or change in control as of December 31, 2017.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our median employee and the annual total compensation of James R. Meyer, our current President and CEO. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For 2017, our last completed fiscal year:

The annual total compensation of our median employee was \$39,613; and

The annualized total compensation of our CEO, derived from the amounts reported in the above Summary Compensation Table, was \$2,997,580.

Based on this information, for 2017, the estimated ratio of the annualized total compensation of our CEO to the total compensation of our median employee was approximately 76 to 1. Because our compensation committee has determined that this estimated ratio does not link pay with performance, our compensation committee does not consider this ratio when evaluating compensation arrangements. Given the different methodologies that various public companies use to determine an estimate of their pay ratio, we do not believe that the estimated ratio reported above should be used as a basis for comparison between companies.

To identify our median employee, as well as to determine the annual total compensation of our median employee and our CEO, we took the following steps:

1. We determined that, as of December 31, 2017, our employee population consisted of approximately 1,094 individuals. This population consisted of our full-time and part-time employees. We did not have any temporary employees. All of these employees were based in the United States except for three who were located in the People's Republic of China. In accordance with SEC rules, we excluded the three

Chinese employees from our CEO pay ratio calculation and, as a result, 1,091 U.S. employees and zero non-U.S. employees were included in the CEO pay ratio calculation.

2. To identify the median employee from our employee population, we compared the amount of salary, wages and tips of our employees included in the calculation as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2017.
3. We identified our median employee using this compensation measure, which was consistently applied to all our employees included in the calculation.

Table of Contents

4. We combined all of the elements of our median employee's compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$39,613.
5. With respect to the annualized total compensation of our CEO, we used the amount reported in the Total column (column (j)) of the Summary Compensation Table included in this proxy statement) and, since he was not employed by us for the full year 2017, we annualized his salary and 401(k) matching contribution to reflect a full year of employment.

Table of Contents*General Description of Director Compensation*

We reimburse directors for expenses incurred in connection with attendance at board or committee meetings. Our board of directors, at the recommendation of the compensation committee based on the study and suggestions of Hay Group, approved the Company's non-executive director compensation policy (the Director Compensation Policy), which became effective January 1, 2015. Under the Director Compensation Policy, the annual cash retainer payable to non-executive members of the board of directors (inclusive of meeting fees for up to seven meetings annually) is \$40,000. For each board meeting in excess of seven per year, non-executive members of the board of directors shall receive a meeting fee of \$1,000 per board meeting.

In addition, the chairman and members of each board committee will receive additional compensation as follows:

	Chair Retainer (annual)	Meeting Fees (per meeting)
Audit	\$15,000	\$1,000
Compensation	\$10,000	\$1,000
Nominating and Corporate Governance	\$10,000	\$1,000

The chairman of the board of directors will also receive an incremental cash retainer of \$70,000 per year. The cash retainers and meeting fees will be payable on a quarterly basis, in arrears, on the first day of each quarter.

In addition, each non-executive members of the board of directors is entitled to an annual equity award with a value of \$55,000, with the shares to vest fully on the earlier of (a) the first anniversary of the date of grant or (b) the next annual meeting of the Company's stockholders following the date of grant. The Company does not provide any incentive-based non-equity compensation to directors and does not maintain a defined benefit or actuarial pension plan or a deferred compensation plan for directors.

Stock Ownership Requirements

The board of directors expects that each non-executive director will maintain Company stock holdings at least equal to the aggregate number of shares (including options or shares granted but not vested) that the Company has awarded to the non-executive director during the three-year period ending on any given date of determination. The director may reduce the amount of stock holdings by the number of shares the director has applied directly to the payments of taxes on such awards. Company stock holdings that count towards meeting ownership requirements include: (a) shares owned outright or in trust; and (b) stock options, restricted stock or restricted stock units, including options or shares granted but not vested. If a director consistently fails to comply with the stock ownership requirements, the compensation committee will take such actions as it deems appropriate, including, but not limited to allocating an additional amount of the director's annual compensation to the purchase of stock in accordance with the program or reducing future equity compensation awards.

Registration Rights Agreement

We entered into a registration rights agreement, dated as of April 11, 2005, with substantially all of our stockholders as of immediately prior to the completion of our initial public offering. The stockholders that are party to the registration rights agreement had the right to require us, subject to certain terms and conditions, to register their shares of our common stock under the Securities Act of 1933, as amended, at any time. The selling stockholders in our secondary offering exercised their demand registration rights to require us, subject to certain terms and conditions, to

register their shares of our common stock under the Securities Act of 1933, as amended. We and certain of our stockholders remain party to the registration rights agreement.

FEES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND AUDIT COMMITTEE REPORT

Fees Billed by Independent Registered Public Accounting Firm

The audit committee has adopted a pre-approval policy pursuant to which it must pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services and tax services. Under the policy, the audit committee may delegate the authority to pre-approve any audit or non-audit services to be provided by our independent registered public accounting firm to one or more of its members. The pre-approval of services by a member of the audit committee pursuant to this delegated authority, if any, must be reported at the next meeting of the audit committee.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided by our independent registered public accounting firm. Unless the audit committee determines otherwise, the term for any service pre-approved by the audit committee is twelve months from the date of pre-approval. Any pre-approval must set forth in detail the particular service or type of services to be provided and is generally subject to a specific cost limit. Any services that exceed these cost limits require specific approval by the audit committee. The audit committee may periodically review and, as necessary, revise the list of pre-approved services based on subsequent determinations. During fiscal years 2017 and 2016, there were no audit-related services provided to us by Deloitte & Touche LLP.

The following table presents fees for audit services rendered by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, the Deloitte entities) for the audit of our annual financial

Report of the Audit Committee

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this report by reference therein.

The audit committee is currently comprised of Messrs. Cirar, Gehl, Madden and Soderstrom. Our board of directors has determined that each member of the audit committee meets the independence requirements under the listing standards of the NASDAQ Global Market, the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Securities and Exchange Commission. The committee operates under a written charter that was adopted by our board of directors.

The committee oversees our accounting and financial reporting process on behalf of our board of directors. Management has the primary responsibility for the preparation of our financial statements and the disclosure and financial reporting process, including establishing a system of internal controls. In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and Deloitte & Touche LLP, our independent registered public accounting firm, the audited financial statements as of and for the year ended December 31, 2017 and the reports of Deloitte & Touche LLP issued in connection therewith. Deloitte & Touche LLP is responsible for expressing an opinion on the conformity of these audited financial statements with generally accepted accounting principles.

The committee has discussed and reviewed with Deloitte & Touche LLP the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard 1301 (Communications with Audit Committees), which includes, among other things, matters related to the conduct of the audit of our financial statements. The committee has also received from Deloitte & Touche LLP the written disclosures describing the relationships between Deloitte & Touche LLP and us that might bear on the independence of Deloitte & Touche LLP consistent with and required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Deloitte & Touche LLP its independence.

In reliance on the reviews and discussions referred to above, the committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission. The committee and our board of directors also have recommended, subject to stockholder approval, the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2017.

Respectfully submitted by the audit committee,

S. Carl Soderstrom, Jr., Chairman

James D. Cirar

William D. Gehl

Thomas A. Madden

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Under its charter, our audit committee is responsible for the review and approval of related-person transactions involving the Company or its subsidiaries and related persons. As defined under the SEC's rules, a

Table of Contents

related person is a director, executive officer, nominee for director or 5% stockholder of the Company, and their immediate family members. Any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest must be reported in our filings with the SEC pursuant to its rules. The audit committee charter does not specify the standards to be applied by the committee in reviewing related-person transactions. However, we expect that the committee will consider all relevant facts and circumstances, including, if applicable, but not limited to: the benefits to the Company; the impact on a director's independence in the event that the related person is a director, an immediate family member of a director or an entity in which a director is a partner, security holder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available for similar transactions with unrelated third parties.

We identify transactions for review through our Code of Business Conduct and Ethics and our annual directors' and officers' questionnaires, which require employees, executive officers and directors to disclose transactions or relationships that may constitute conflicts of interest.

There were no related-person transactions during 2017.

2019 ANNUAL MEETING OF STOCKHOLDERS

We expect that our 2019 annual meeting of stockholders will be held within 30 days of May 10, 2019, which will be the first anniversary of the upcoming annual meeting. Subject to certain exceptions set forth in our by-laws, proposals of stockholders intended for inclusion in the proxy statement for our 2019 annual meeting of stockholders must be received by our Secretary at our principal executive offices (currently at Two North Riverside Plaza, Suite 1300, Chicago, Illinois 60606) by November 30, 2018. If a stockholder intends to present a proposal at the 2019 annual meeting of stockholders, but not to have such proposal included in our proxy statement relating to that meeting, such proposal must be received by our Secretary not earlier than January 10, 2019 and not later than February 9, 2019. Such proposals must contain specific information concerning the person to be nominated or the matters to be brought before the meeting and concerning the stockholder submitting the proposal.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single Notice or proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single Notice or proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the Notice or proxy statement at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our common stock, they should submit a written request to our transfer agent, Computershare Investor Services, P.O. Box 43078, Providence, Rhode Island 02940.
