**Table of Contents****EXPLANATORY NOTE**

On July 17, 2018, we entered into two Purchase and Sale Agreements (the Pivotal Purchase Agreements ) with affiliates of Pivotal Petroleum Partners LP and Pivotal Petroleum Partners II LP, namely Pivotal Williston Basin, LP and Pivotal Williston Basin II, LP (together Pivotal ), pursuant to which we agreed to acquire certain oil and gas properties and interests. In closings under their respective Pivotal Purchase Agreements on September 17, 2018, Pivotal Williston Basin, LP received 5,930,100 shares of Common Stock and Pivotal Williston Basin II, LP received 19,823,478 shares of Common Stock. The Pivotal Purchase Agreements provide for a limited lock-up on the shares issued at closing over a 13-month post-closing period, and also provide for potential additional consideration to be paid by the Company during the 13-month post-closing period if its Common Stock trades below certain price targets. Any such additional consideration may be paid, at the Company's election, in either cash or additional shares of Common Stock.

In accordance with the Pivotal Purchase Agreements, we entered into a Registration Rights Agreement with both of the Pivotal entities, dated September 17, 2018 (the Pivotal Registration Rights Agreement ), which obligates the Company to prepare and file a registration statement covering the resale of the shares of Common Stock issued and issuable under the Pivotal Purchase Agreements and to seek and maintain effectiveness of the same. The Company has agreed, among other things, to indemnify Pivotal under the registration statement with respect to certain liabilities and to pay all fees and expenses incident to the Company's obligations under the Pivotal Registration Rights Agreement. Both the shares of Common Stock held by Pivotal and the shares of Common Stock that may in the future be issued to Pivotal under the Pivotal Purchase Agreements are being registered under this registration statement pursuant to the terms of the Pivotal Registration Rights Agreements.

On July 27, 2018, we entered into a Purchase and Sale Agreement, as amended by the First Amendment, dated September 25, 2018 (the WR Purchase Agreement ) with WR Operating LLC ( WR Operating ), pursuant to which we agreed to acquire certain oil and gas properties and interests. In a closing under the WR Purchase Agreement on October 1, 2018, WR Operating received 51,476,961 shares of Common Stock. The WR Purchase Agreement provides for a limited lock-up on the shares issued at closing over a 13-month post-closing period, and also provides for potential additional consideration to be paid by the Company during the 13-month post-closing period if its Common Stock trades below certain price targets. Any such additional consideration may be paid, at the Company's election, in either cash or, subject to certain limitations, additional shares of Common Stock.

In accordance with the WR Purchase Agreement, we entered into a Registration Rights Agreement with WR Operating, dated October 1, 2018 (the WR Registration Rights Agreement ), which obligates the Company to prepare and file a registration statement covering the resale of the shares of Common Stock issued and issuable under the WR Purchase Agreement and to seek and maintain effectiveness of the same. The Company has agreed, among other things, to indemnify WR Operating under the registration statement with respect to certain liabilities and to pay all fees and expenses incident to the Company's obligations under the WR Registration Rights Agreement. Both the shares of Common Stock held by WR Operating and the shares of Common Stock that may in the future be issued to WR Operating under the WR Purchase Agreement are being registered under this registration statement pursuant to the terms of the WR Registration Rights Agreement. Pursuant to an assignment agreement between WR Operating and certain of its affiliates, including W Energy Partners LLC ( W Energy ), WR Operating transferred all consideration received under the WR Purchase Agreement and assigned, transferred and conveyed all rights and obligations of WR Operating under the WR Purchase Agreement and WR Registration Rights Agreement to W Energy.

**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS**

We are including the following discussion to inform our existing and potential security holders generally of some of the risks and uncertainties that can affect our company and to take advantage of the safe harbor protection for forward-looking statements afforded by applicable federal securities laws.

All statements other than statements of historical facts included or incorporated by reference in this prospectus regarding our financial position, business strategy, plans and objectives of management for future operations, industry conditions, and indebtedness covenant compliance are forward-looking statements. When used in this prospectus, forward-looking statements are generally accompanied by terms or phrases such as estimate, project, predict, believe, expect, anticipate, target, plan, intend, seek, goal, will, should, may or other words and similar expressions to convey the uncertainty of future events or outcomes. Items contemplating or making assumptions about actual or potential future sales, market size, collaborations, and trends or operating results also constitute such forward-looking statements.

Forward-looking statements involve inherent risks and uncertainties, and important factors (many of which are beyond our company's control) that could cause actual results to differ materially from those set forth in the forward-looking statements, including the following: changes in crude oil and natural gas prices, the pace of drilling and completions activity on our properties, our ability to acquire additional development opportunities, changes in our reserves estimates or the value thereof, general economic or industry conditions, nationally and/or in the communities in which our company conducts business, changes in the interest rate environment, legislation or regulatory requirements, conditions of the securities markets, our ability to raise or access capital, changes in accounting principles, policies or guidelines, financial or political instability, acts of war or terrorism, and other economic, competitive, governmental, regulatory and technical factors affecting our company's operations, products and prices.

We have based any forward-looking statements on our current expectations and assumptions about future events. While our management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. Accordingly, results achieved may differ materially from expected results described in these statements. You should consider carefully the statements in this prospectus under the heading Risk Factors and the section entitled Item 1A. Risk Factors and other sections of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, as amended April 27, 2018, as updated by subsequent reports we file with the SEC, which describe factors that could cause our actual results to differ from those set forth in the forward-looking statements. Forward-looking statements speak only as of the date they are made. We do not undertake, and specifically disclaim, any obligation to update any forward-looking statements to reflect events or circumstances occurring after the date of such statements.

**THE COMPANY**

We are an independent energy company engaged in the acquisition, exploration, development and production of oil and natural gas properties, primarily in the Bakken and Three Forks formations within the Williston Basin in North Dakota and Montana. We believe the location, size and concentration of our acreage position in one of North America's leading unconventional oil-resource plays will provide drilling and development opportunities that result in significant long-term value. Our primary focus is oil exploration and production through non-operated working interests in wells drilled and completed in spacing units that include our acreage. As a non-operator, we are able to diversify our investment exposure by participating in a large number of gross wells, as well as entering into more project areas by partnering with numerous experienced operating partners. In addition, because we can elect to participate on a well-by-well basis, we believe we have increased flexibility in the timing and amount of our capital expenditures because we are not burdened with various contractual development agreements or a large operating support staff. Further, we are able to avoid exploratory costs incurred by many oil and gas producers.

We were initially incorporated in Minnesota in 2010 as the successor to a business formed in 2007, and we converted from a Minnesota corporation to a Delaware corporation in May 2018. Our executive offices are located at 601 Carlson Parkway, Suite 990, Minnetonka, MN 55305, and our telephone number is 952-476-9800. We maintain an internet website at [www.northernoil.com](http://www.northernoil.com). Information contained on our website is not incorporated by reference into this prospectus, and you should not consider information contained on our website as part of this prospectus.

**Table of Contents****RISK FACTORS**

An investment in our securities involves a high degree of risk. Before making an investment decision, you should carefully consider the risks and uncertainties under the section entitled "Item 1A. Risk Factors" contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, as amended April 27, 2018, which is incorporated herein by reference, and under similar headings in our subsequently filed Quarterly Reports on Form 10-Q and Annual Reports on Form 10-K, as well as the other risks and uncertainties described or incorporated by reference in any prospectus supplement or free writing prospectus we may authorize. Our business, financial condition or results of operations could be materially and adversely affected by any of those risks. In such case, the trading price of our securities could decline and investors could lose all or part of their investment. See the section entitled "Where You Can Find More Information" in this prospectus.

**USE OF PROCEEDS**

The Selling Stockholders named in this prospectus may, from time to time, sell or otherwise distribute the shares of our Common Stock offered by this prospectus. As a result, we will receive no proceeds from any such sale or other distribution, and all such proceeds will be for the account of the Selling Stockholder. We have, however, agreed to pay certain fees and expenses incident to our contractual obligations to register these shares of our Common Stock. See "Selling Stockholders" and "Plan of Distribution."

**SELLING STOCKHOLDERS**

This prospectus relates to the possible resale by the Selling Stockholders of up to 100,841,835 shares of our Common Stock. The Selling Stockholders may from time to time offer and sell any or all of the shares of Common Stock set forth below pursuant to this prospectus and any prospectus supplement. When we refer to the "Selling Stockholders" in this prospectus, we mean the stockholders listed in the table below, and the donees, pledgees, transferees, assignees or other successors-in-interest and others who later come to hold any of the Selling Stockholders' interest in shares of our Common Stock other than through a public sale, or any stockholders as may be named in one or more prospectus supplements, which will set forth the name of each of the stockholders and the number of securities beneficially owned by such stockholders that are covered by such prospectus supplement. In addition, Selling Stockholders may include stockholders who in the aggregate hold less than 1% of our outstanding Common Stock.

The following table sets forth, as of the date of this prospectus, the names and addresses of the Selling Stockholders and the maximum amount of shares of Common Stock that each Selling Stockholder may offer pursuant to this prospectus. The percentage of Common Stock owned by each Selling Stockholder, both prior to and following the offering of any shares of Common Stock pursuant to this prospectus, is based on 385,680,827 shares of Common Stock outstanding as of October 18, 2018, plus any shares of Common Stock issuable to the Selling Stockholder pursuant to their respective purchase agreement. Information with respect to beneficial ownership is based on information obtained from such Selling Stockholder and publicly available information. Information with respect to shares beneficially owned after the offering assumes the sale of all the shares offered and no other purchases or sales of Common Stock. The percentage ownership of the outstanding Common Stock, however, is based on the assumption that only the Selling Stockholder whose ownership is being reported has received the additional shares of our Common Stock that may be issued under their respective purchase agreements.

**DESCRIPTION OF CAPITAL STOCK**

This section describes the general terms of our capital stock. Our capital stock may be offered directly or in connection with the conversion, exchange or exercise of other securities. We have filed our certificate of incorporation and our bylaws as exhibits to the registration statement of which this prospectus is a part. You should read our certificate of incorporation and bylaws for additional information before you buy any capital stock or any securities which may be exercised or exchangeable for or converted into capital stock.

**General**

The following description of our capital stock is subject to and qualified in its entirety by our certificate of incorporation and bylaws, which are incorporated by reference in the registration statement of which this prospectus forms a part, and by the provisions of the Delaware General Corporation Law, or the DGCL.

Under our restated certificate of incorporation, we are authorized to issue up to 675,000,000 shares of Common Stock, par value \$.001 per share, and up to 5,000,000 shares of preferred stock, par value \$.001 per share. Our Common Stock is listed on NYSE American under the symbol NOG.

**Common Stock**

***Shares Outstanding***

As of October 18, 2018, 385,680,827 shares of Common Stock were outstanding. All of the outstanding shares of Common Stock are validly issued, fully paid, and non-assessable.

***Voting Rights***

Each share of our Common Stock entitles its holder to one vote per share on all matters to be voted on by our shareholders. Except with respect to the election of directors or as otherwise required by law, all questions submitted to a vote of our shareholders are decided by the affirmative vote of the holders of the greater of (a) a majority of the voting power of the shares present and entitled to vote on that item of business or (b) a majority of the voting power of the minimum number of shares entitled to vote that would constitute a quorum for the transaction of business at a duly held meeting of shareholders. Directors are elected by a plurality of the voting power of the shares present and entitled to vote on the election of directors at a meeting at which a quorum is present, and our shareholders are not entitled to cumulate their votes for the election of directors.

***Dividends***

Subject to preferences that may be applicable to any outstanding preferred stock, the holders of our Common Stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for that purpose. We do not anticipate paying any cash dividends on our Common Stock in the foreseeable future.

***Rights Upon Liquidation***

Holders of our Common Stock are entitled to receive equally, on a per share basis, such dividends and other distributions in cash, securities or other property of our company legally available therefor. In the event of any liquidation, dissolution or winding up of the affairs of our company, after payment or provision for payment of our

company's debts and subject to the rights of the holders of shares of any series of preferred stock upon such dissolution, liquidation or winding up, the holders of the shares of our Common Stock will be entitled to the remaining net assets of our company to be distributed equally on a per share basis.

**Table of Contents**

***Redemption, Preemptive or Conversion Rights***

Our Common Stock is not redeemable, does not have subscription or conversion rights and does not entitle holders of our Common Stock to any preemptive rights to subscribe for any shares of any class or series of our capital stock, or for any obligations convertible into shares of any class or series of our capital stock, whether now or hereafter authorized.

**Preferred Stock**

As of October 18, 2018, no shares of our preferred stock are outstanding. Unless required by law or by any stock exchange, the authorized shares of preferred stock will be available for issuance without further action by our stockholders. Our board of directors is able to determine, with respect to any series of preferred stock, the terms and rights of that series. If we offer preferred stock, the applicable prospectus supplement will describe the terms, including the following if applicable:

the designation of the series;

the number of shares of the series;

whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;

the dates at which dividends, if any, will be payable;

the redemption rights and price or prices, if any, for shares of the series;

the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;

whether the shares of the series will be convertible into shares of any other class or series, or any other security, of our company or any other corporation, and, if so, the specification of the other class or series or other security, the conversion price or prices or rate or rates, any rate adjustments, the date or dates as of which the shares will be convertible and all other terms and conditions upon which the conversion may be made;

restrictions on the issuance of shares of the same series or of any other class or series; and

the voting rights, if any, of the holders of the series.

Accordingly, we could issue a series of preferred stock that could, depending on the terms of the series, impede or discourage an acquisition attempt or other transaction that some, or a majority, of Common Stockholders might believe to be in their best interests or in which Common Stockholders might receive a premium for their Common Stock over the market price of Common Stock.

### **Depositary Shares**

We may issue fractional shares of preferred stock rather than full shares of preferred stock. If we exercise this option, we will issue receipts for depositary shares, and each of these depositary shares will represent a fraction (to be set forth in the prospectus supplement relating to such depositary shares) of a share of a particular series of preferred stock.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a deposit agreement between us and a bank or trust company selected by us. The depositary will have its principal office in the United States and a combined capital and surplus of at least \$50,000,000. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, in proportion to the applicable fraction of a

## **Table of Contents**

share of preferred stock underlying the depositary share, to all of the rights and preferences of the preferred stock underlying that depositary share. Those rights may include dividend, voting, redemption, conversion and liquidation rights.

The depositary shares will be evidenced by depositary receipts issued under a deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock underlying the depositary shares, in accordance with the terms of the offering. We will describe the material terms of the deposit agreement, the depositary shares and the depositary receipts in a prospectus supplement relating to the depositary shares. You should also refer to the forms of the deposit agreement and depositary receipts that will be filed with the SEC in connection with the offering of the specific depositary shares.

## **Anti-Takeover Provisions**

### ***Advance Notice Requirements for Director Nominations and Stockholder Proposals***

Our bylaws provide that stockholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of stockholders must provide timely notice of their proposal in writing to our corporate secretary.

Generally, to be timely, a stockholder's notice must be received at our principal executive offices not less than 90 days prior to the first anniversary of the previous year's annual meeting. Our bylaws also specify requirements as to the form and content of a stockholder's notice.

These provisions may impede stockholders' ability to bring matters before an annual meeting of stockholders or make nominations for directors at an annual meeting of stockholders and may delay, deter or prevent tender offers or takeover attempts that stockholders may believe are in their best interests, including tender offers or attempts that might allow stockholders to receive premiums over the market price of their Common Stock.

### ***Issuance of Preferred Stock***

Our board of directors can at any time, under our certificate of incorporation, and without stockholder approval, issue one or more new series of preferred stock. In some cases, the issuance of preferred stock without stockholder approval could discourage or make more difficult attempts to take control of our company through a merger, tender offer, proxy contest or otherwise. Preferred stock with special voting rights or other features issued to persons favoring our management could stop a takeover by preventing the person trying to take control of our company from acquiring enough voting shares necessary to take control.

### ***Anti-Takeover Provisions of the Delaware General Corporation Law***

As a Delaware corporation, we are subject to Section 203 of the DGCL. This provision provides that a corporation that is listed on a national securities exchange or that has more than 2,000 shareholders is not permitted to engage in a business combination with any interested shareholder, generally a person who owns 15% or more of the outstanding shares of a corporation's voting stock, for three years after the person became an interested shareholder, unless (a) before the person became an interested shareholder, the board of directors approved either the transaction resulting in a person becoming an interested shareholder or the business combination, (b) upon consummating the transaction which resulted in the person becoming an interested shareholder, the interested shareholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced (excluding shares owned by persons who are both officers and directors of the corporation, and shares held by certain employee stock ownership

plans), or (c) on or after the date the person becomes an interested shareholder, the business combination is approved by the board of directors and at an annual or special meeting of shareholders by the affirmative vote of at least 66  $\frac{2}{3}$ % of the corporation's outstanding voting stock which is not owned by the interested shareholder.

## **Table of Contents**

Under Section 203, the restrictions described above also do not apply to specific business combinations proposed by an interested shareholder following the announcement or notification of designated extraordinary transactions involving the corporation and a person who had not been an interested shareholder during the previous three years or who became an interested shareholder with the approval of a majority of the corporation's directors, if a majority of the directors who were directors prior to any person's becoming an interested shareholder during the previous three years, or were recommended for election or elected to succeed those directors by a majority of those directors, approve or do not oppose that extraordinary transaction.

## **Limitation on Directors' Liability**

Delaware law authorizes Delaware corporations to limit or eliminate the personal liability of their directors to them and their stockholders for monetary damages for breach of a director's fiduciary duty of care. The duty of care requires that, when acting on behalf of the corporation, directors must exercise an informed business judgment based on all material information reasonably available to them. Absent the limitations Delaware law authorizes, directors of Delaware corporations are accountable to those corporations and their stockholders for monetary damages for conduct constituting gross negligence in the exercise of their duty of care. Delaware law enables Delaware corporations to limit available relief to equitable remedies such as injunction or rescission. Our certificate of incorporation limits the liability of our directors to us and our stockholders to the fullest extent Delaware law permits. Specifically, no director will be personally liable for monetary damages for any breach of the director's fiduciary duty as a director, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

for unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; and

for any transaction from which the director derived an improper personal benefit.

This provision could have the effect of reducing the likelihood of derivative litigation against our directors and may discourage or deter our stockholders or management from bringing a lawsuit against our directors for breach of their duty of care, even though such an action, if successful, might otherwise have benefited us and our stockholders.

## **Transfer Agent and Registrar**

The transfer agent and registrar for our Common Stock is Equiniti Trust Company.

## **PLAN OF DISTRIBUTION**

We are registering for resale by the Selling Stockholders and certain transferees a total of 100,841,835 shares of Common Stock, of which 77,230,539 shares are issued and outstanding and up to 23,611,296 shares may be issued pursuant to the Pivotal Purchase Agreements and the WR Purchase Agreement. We will not receive any of the

proceeds from the sale by the Selling Stockholders of the shares of Common Stock. We will bear all fees and expenses incident to our obligation to register the shares of Common Stock. If the shares of Common Stock are sold through broker-dealers or agents, the Selling Stockholder will be responsible for any compensation to such broker-dealers or agents.

The Selling Stockholders may pledge or grant a security interest in some or all of the shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of Common Stock from time to time pursuant to this prospectus.

**Table of Contents**

The Selling Stockholders also may transfer and donate the shares of Common Stock in other circumstances in which case the transferees, donees, pledgees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus.

The Selling Stockholders may use any one or more of the following methods when selling the shares of Common Stock offered by this prospectus:

through one or more broker-dealers or agents, which may involve crosses, hedging transactions or block transactions, including block trades in which the broker-dealer will attempt to sell the shares of Common Stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

through hedging transactions with broker-dealers or agents, which may in turn engage in short sales of Common Stock in the course of hedging in positions they assume;

on the over-the-counter markets, any national securities exchange or quotation service on which the shares of our Common Stock may be listed or quoted at the time of sale;

in privately negotiated transactions;

through the writing of options, whether such options are listed on an options exchange or otherwise;

settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;

in a combination of such transactions; or

any other method permitted pursuant to applicable law.

The Selling Stockholders may set the price or prices of their shares of Common Stock at:

fixed prices;

carrying prices determined at the time of sale;

market prices prevailing at the time of such sale;

prices related to market prices; or

negotiated prices.

In connection with sales through one or more broker-dealers or agents, such broker-dealers or agents may receive compensation in the form of discounts, concessions or commissions from the Selling Stockholders and may receive commissions from the purchasers of the shares of Common Stock for whom they act as broker-dealer or agent or to whom they sell as principal (which discounts, concessions or commissions as to particular broker-dealers or agents may be in excess of those customary in the types of transaction involved). Any broker-dealer or agent participating in any such sale may be deemed to be an underwriter within the meaning of the Securities Act and will be required to deliver a copy of this prospectus to any person who purchases any share of Common Stock from or through such broker-dealer or agent. We have been advised that, as of the date hereof, none of the Selling Stockholders have made any arrangements with any broker-dealer or agent for the sale of their shares of Common Stock.

The Selling Stockholder and any broker-dealer participating in the distribution of the shares of Common Stock may be deemed to be underwriters within the meaning of the Securities Act, and any profits realized by the Selling Stockholders and any commissions paid, or any discounts or concessions allowed to any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. In addition, any shares of Common Stock covered by this prospectus that qualify for sale pursuant to Rule 144 may be sold

## **Table of Contents**

under Rule 144 rather than pursuant to this prospectus. A Selling Stockholder may also transfer, devise or gift the shares of Common Stock by other means not covered in this prospectus in which case the transferee, devisee or donee will be the Selling Stockholder under this prospectus.

If required at the time a particular offering of the shares of Common Stock is made, a prospectus supplement or, if appropriate, a post-effective amendment to the shelf registration statement of which this prospectus is a part, will be distributed which will set forth the aggregate amount of shares of Common Stock being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions or concessions allowed or reallocated or paid to broker-dealers.

If underwriters are used in the sale of any securities, an underwriting agreement will be executed with the underwriter at the time of sale and we will identify any underwriters or agents and describe their compensation in a prospectus supplement used to make resales of the securities to the public. In connection with the sale of the securities, the Selling Stockholders, or the purchasers of securities for whom the underwriter may act as agent, may compensate the underwriter in the form of underwriting discounts or commissions. The underwriter may sell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for which they may act as agent. Unless otherwise indicated in a prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase securities as a principal, and may then resell the securities at varying prices to be determined by the dealer.

Under the securities laws of some states, the shares of Common Stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of Common Stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with. There can be no assurance that any Selling Stockholder will sell any or all of the shares of Common Stock registered pursuant to the shelf registration statement, of which this prospectus forms a part.

The Selling Stockholders and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of Common Stock by the Selling Stockholders and any other participating person.

Regulation M may also restrict the ability of any person engaged in the distribution of the shares of Common Stock to engage in market-making activities with respect to the shares of Common Stock. All of the foregoing may affect the marketability of the shares of Common Stock and the ability of any person or entity to engage in market-making activities with respect to the shares of Common Stock.

We will bear all expenses of the registration of the shares of Common Stock including, without limitation, Securities and Exchange Commission filing fees and expenses of compliance with state securities or blue sky laws. The Selling Stockholders will pay all underwriting discounts and selling commissions and expenses, brokerage fees and transfer taxes, as well as the fees and disbursements of counsel to and experts for the Selling Stockholders, if any. We estimate these expenses of registration that are payable by us are approximately \$103,267 in total. We will indemnify the Selling Stockholders against liabilities, including some liabilities under the Securities Act, in accordance with the registration rights agreement or the Selling Stockholder will be entitled to contribution. We will be indemnified by the Selling Stockholders against civil liabilities, including liabilities under the Securities Act that may arise from any written information furnished to us by the Selling Stockholders for use in this prospectus, in accordance with the registration rights agreement or will be entitled to contribution. Once sold under this shelf registration statement, of which this prospectus forms a part, the shares of Common Stock will be freely tradable in the hands of persons other

than our affiliates.

**Item 15. Indemnification of Directors and Officers**

Under our Certificate of Incorporation, as amended, and restated by-laws (and in accordance with Section 145 of the Delaware General Corporate Law), we will indemnify to the fullest extent permitted by the Delaware General Corporate Law any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, including civil, criminal, administrative, investigative or other proceedings, by reason of the fact that the person is or was a director, officer or employee of the Company, or is or was serving in that capacity or as an agent at the request of the Company for another entity.

Our indemnity covers expenses, judgments, fines and amounts paid or to be paid in settlement actually and reasonably incurred in connection with the defense or settlement of an action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to our best interest and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. We will indemnify a person in a derivative action under the same conditions, except that no indemnification is permitted without judicial approval if the person is adjudged to be liable to us in performance of his or her duty. Derivative actions are actions by us or in our right to procure a judgment in our favor. Our agents may be similarly indemnified at the discretion of our board of directors.

All of our directors and officers are covered by an insurance policy that we maintain against specified liabilities for actions taken in their capacities as such, including liabilities under the Securities Act.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that subparagraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the registration statement is on Form S-3, Form SF-3, or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
  - (A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
  - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question

whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

- (d) That, for purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
