Dear Stockholder:

**PAUL G.
BOYNTON**

Chairman, President
and

Chief Executive
Officer

We are pleased to invite you to attend our Annual Meeting of Stockholders on May 20, 2019, at the DoubleTree Hotel, 1201 Riverplace Boulevard, Jacksonville, Florida, at 4:00 p.m. local time. In the following Notice of 2019 Annual Meeting and Proxy Statement, we describe the matters upon which you will be asked to vote at the meeting.

Our team successfully managed a number of opportunities and challenges in 2018, resulting in another very solid year of financial and strategic achievements:

Delivered a 74% improvement to Adjusted Net Income per share

Generated \$152 million of Adjusted Free Cash Flows, a 134% increase

Successfully completed our ambitious four-year \$140 million Cost Transformation initiative

Successfully integrated the 2017 Tembec acquisition, including achieving \$28 million in synergies, nearly double our first-year target

Executed a balanced capital allocation strategy, including \$45 million in debt repayment and \$72 million in return of capital to stockholders via buybacks and dividends

We look forward to a successful 2019, as we expect to continue to execute on our Four Strategic Pillars: Cost Transformation, Market Optimization, New

Products and value-enhancing Investments. We are confident that our strategies will continue to create long-term value for our stockholders.

Please review the proxy/notice card for instructions on how to vote over the Internet, by telephone or by mail in order to be certain that your shares of stock are represented at the meeting, even if you plan to attend. It is important that all Rayonier Advanced Materials stockholders vote and participate in the affairs and governance of our Company.

Thank you for your continued trust, confidence and investment in Rayonier Advanced Materials.

Notice of 2019 Annual Meeting

TO OUR STOCKHOLDERS:

Notice is hereby given that the 2019 Annual Meeting of Stockholders of Rayonier Advanced Materials Inc., a Delaware corporation, will be held at the DoubleTree Hotel, 1201 Riverplace Boulevard, Jacksonville, Florida on Monday, May 20, 2019 at 4:00 p.m. local time, for purposes of:

- 1) Electing three Class II directors to terms expiring in 2022
- 2) Approving an amendment to the Company's Amended and Restated Certificate of Incorporation to declassify the board of directors
- 3) Approving an amendment to the Company's Amended and Restated Certificate of Incorporation to eliminate the supermajority voting provisions
- 4) Approving, in a non-binding vote, the compensation of our named executive officers as disclosed in the accompanying Proxy Statement
- 5) Ratifying the appointment of Grant Thornton as our independent registered public accounting firm for 2019; and
- 6) Acting upon such other matters as may properly come before the meeting

All stockholders holding Rayonier Advanced Materials common stock of record at the close of business on March 22, 2019 are entitled to vote at the meeting.

WHETHER OR NOT YOU EXPECT TO ATTEND THE ANNUAL MEETING IN PERSON, PLEASE PROMPTLY SUBMIT YOUR PROXY OR VOTING INSTRUCTION. Most stockholders have a choice of voting over the Internet, by telephone or by using a traditional proxy card. Please refer to the enclosed proxy materials or the information forwarded by your bank, broker or other holder of record to determine which voting methods are available to you. We urge you to complete and submit your proxy electronically or by telephone (if those options are available to you) as a means of reducing the Company's expenses related to the meeting.

Please be aware that, if you own shares in a brokerage account, you must instruct your broker on how to vote your shares. New York Stock Exchange rules do not allow your broker to vote your shares without your

instructions on any of the proposals except the ratification of the appointment of the Company's independent registered public accounting firm. Please exercise your right as a stockholder to vote on all proposals, including the election of directors, by instructing your broker by proxy.

We urge you to vote your stock, by any of the available methods, at your earliest convenience.

By:

Michael R. Herman

Corporate Secretary

NOTE ABOUT FORWARD-LOOKING STATEMENTS

Certain statements in this Proxy Statement, including statements in the Compensation Discussion and Analysis, (also referred to as CD&A) regarding anticipated financial, business, legal or other outcomes, including business and market conditions, outlook and other similar statements relating to Rayonier Advanced Materials' future events, developments, or financial or operational performance or results, are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. These forward-looking statements are identified by the use of words such as may, will, should, expect, estimate, believe, intend, forecast, anticipate, guidance and other similar language. However, the absence of these or similar words or expressions does not mean a statement is not forward-looking. While we believe these forward-looking statements are reasonable when made, forward-looking statements are not guarantees of future performance or events and undue reliance should not be placed on these statements. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance these expectations will be attained and it is possible actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. A detailed discussion of risks and uncertainties that could cause actual results and events to differ materially from such forward-looking statements is included in Item 1A-*Risk Factors* in our Annual Report on Form 10-K for the year ended 2018.

NOTE ABOUT NON-GAAP FINANCIAL MEASURES

This document contains certain non-GAAP (as defined below) financial measures, including Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA), Adjusted Net Income Per Share, Adjusted EBITDA, and Adjusted Free Cash Flows. **These non-GAAP measures are reconciled to each of their respective most directly comparable U.S. Generally Accepted Accounting Principles (GAAP) financial measures in Appendix E.**

We believe these non-GAAP measures provide useful information to our board of directors, management and investors regarding certain trends relating to our financial condition and results of operations. Our management uses these non-GAAP measures to compare our performance to that of prior periods for trend analyses, for purposes of determining management incentive compensation and for budgeting, forecasting and planning purposes.

We do not consider non-GAAP measures an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is they may exclude significant expense and income items that are required by GAAP to be recognized in our consolidated financial statements. In addition, they reflect the exercise of management's judgment about which expense and income items are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, reconciliations of the non-GAAP financial measures we use to their most directly comparable GAAP measures are provided. Non-GAAP financial measures should not be relied upon, in whole or part, in evaluating the financial condition, results of operations or future prospects of the Company.

2019 ANNUAL MEETING OF STOCKHOLDERS OF RAYONIER ADVANCED MATERIALS INC.

MONDAY, MAY 20, 2019

The 2019 Annual Meeting of Stockholders of Rayonier Advanced Materials Inc. (the Annual Meeting) will be held on May 20, 2019, for the purposes set forth in the accompanying Notice of 2019 Annual Meeting. This Proxy Statement and the accompanying proxy card are furnished in connection with the solicitation by the Board of Directors of proxies to be used at the meeting and at any adjournment of the meeting. We may refer to Rayonier Advanced Materials Inc. in this Proxy Statement as we, us, our, the Company or Rayonier Advanced Materials.

[Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting](#)

We are utilizing Securities and Exchange Commission (the SEC) rules that allow companies to furnish proxy materials to stockholders via the Internet. If you received an Important Notice Regarding the Availability of Proxy Materials (the Internet Notice) by mail, you will not receive a printed copy of the proxy materials unless you specifically request one. The Internet Notice tells you how to access and review the Proxy Statement, form of proxy card and our 2019 Annual Report to Stockholders (the Annual Report), which includes our 2018 Annual Report on Form 10-K, as well as instructions for how to submit your proxy over the Internet. If you received the Internet Notice and would still like to receive a printed copy of our proxy materials, simply follow the instructions for requesting printed materials included in the Internet Notice.

The Internet Notice, these proxy solicitation materials and our Annual Report were first made available on the Internet and mailed to certain stockholders on or about April 8, 2019.

The Notice of 2019 Annual Meeting, this Proxy Statement and our Annual Report are available at www.ProxyVote.com.

[Annual Report](#)

A copy of our Annual Report, which includes the 2018 Annual Report on Form 10-K, is available on the Internet at www.proxyvote.com as set forth in the Internet Notice. However, we will send a copy of our 2018 Annual Report on Form 10-K (with financial statements but without exhibits) to any stockholder without charge upon written request addressed to:

Rayonier Advanced Materials Inc.

[Delivery Of Materials to Stockholders Sharing an Address](#)

In addition to furnishing proxy materials over the Internet, the Company takes advantage of the SEC's householding rules to reduce the delivery cost of materials. Under such rules, only one Internet Notice or, if paper copies are requested, only one Proxy Statement and Annual Report, will be delivered to multiple stockholders sharing an address unless the Company has received contrary instructions from one or more of the stockholders. If you are a stockholder who resides in the same household with another stockholder and you wish to receive a separate Proxy Statement and Annual Report or Notice of Internet Availability of Proxy Materials for each account, please contact Broadridge, toll free at 1-866-540-7095. You may also write to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Any stockholder making such request will promptly receive a separate copy of the proxy materials, and separate copies of all future proxy materials. Any stockholder currently sharing an address with another stockholder, but nonetheless receiving separate copies of the materials, may request delivery of a single copy in the future by contacting Broadridge Householding Department by telephone or mail as indicated above.

Commitment to Best Practices in Corporate Governance

CORPORATE GOVERNANCE HIGHLIGHTS

Our Board of Directors (the Board) has implemented an effective corporate governance structure that allows our Board and management to focus primarily on the creation of long-term value for our stockholders while also considering the interests of our employees and the communities in which we do business. Supporting that philosophy, we have adopted many leading corporate governance practices, including:

STOCKHOLDER RIGHTS

Management Proposal to Declassify the Board of Directors	Management has submitted a proposal to be voted on by stockholders at the 2019 Annual Meeting to declassify the Company's Board of Directors.
Management Proposal to Eliminate Supermajority Voting Provisions	Management has submitted a proposal to be voted on by stockholders at the 2019 Annual Meeting to eliminate supermajority voting provisions from the Company's Amended and Restated Certificate of Incorporation in favor of a majority voting standard.
Single Voting Class	All holders of Rayonier Advanced Materials Common Stock have the same voting rights - one vote per share of stock.
Majority Voting Standard for Director Elections	Our Amended and Restated Bylaws mandate that directors be elected under a majority voting standard in uncontested elections. Each director must receive more votes For his or her election than votes Against in order to be elected.
Director Resignation	Any incumbent nominee for director who does not receive the affirmative vote of a majority of the votes cast in any uncontested election must promptly offer to resign. The Nominating and Corporate Governance Committee (Nominating Committee) will make a recommendation on the offer and the Board must accept or reject the offer and publicly disclose its decision and rationale.
No Poison Pill	We do not have a stockholder rights plan, also known as a poison pill, in place.

Table of Contents

COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

BOARD COMPOSITION AND ACCOUNTABILITY

Independence	Our Corporate Governance Principles (CGPs) require that not less than 75% of our directors must be independent. During 2018, 90% (nine of ten) of our directors were independent, and each of our Board committees consisted entirely of independent directors. See Director Independence section.
Diversity	The composition of our Board represents a diverse and broad mix of skills, experience, knowledge and perspectives relevant to our business. We have two female directors on our Board. A summary of relevant director experience and qualifications can be found in the Director Qualifications section.
Independent Lead Director	Our CGPs require an Independent Lead Director with specific responsibilities to ensure independent oversight of management whenever our CEO is also the Chair of the Board. See Independent Lead Director section.
Annual Management Succession Planning Review	Our Board conducts an annual review of management development and succession planning for the CEO and Company senior leadership. See Management Succession Planning section.
Director Tenure	Our CGPs provide that no director may be nominated for election following the director's 74 th birthday. In addition, a director is required to submit an offer of resignation for consideration by the Board upon any significant change in the director's principal employment or personal circumstance that could adversely impact his or her reputation or the reputation of the Company. See Director Qualifications section.
Director Overboarding	Our CGPs contain provisions to ensure that each of our directors is able to dedicate the meaningful amount of time and attention necessary to be a highly effective member of the Board. A director who is not serving as CEO of a public company may serve on no more than three public company boards (in addition to our Board) and a director serving as the CEO of a public company (including our CEO) may serve on no more than one other public company board (in addition to our Board). No director serving on the Company's Audit Committee may also serve on the Audit Committee of more than two other public companies.
Limits	
Mandatory Stock Ownership	Each of our directors is required to own Company stock totaling not less than the number of shares constituting the cash portion of his or her annual retainer for the previous five years. See Mandatory Stock Ownership section.

Limit on Equity Awards

Our Incentive Stock Plan limits annual director equity awards. See Limit on Annual Equity Awards section.

COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES

Our Board of Directors has adopted a set of Corporate Governance Principles (CGPs), which includes guidelines for determining director independence and consideration of potential director nominees. Our CGPs are found on the Company's website at www.rayonieram.com. The Board, through its Nominating Committee, regularly reviews developments in corporate governance and best practices and modifies the CGPs, committee charters and key practices as necessary or desirable.

DIRECTOR INDEPENDENCE

The Company's Common Stock is listed on the New York Stock Exchange (NYSE). In accordance with NYSE listing standards, the Board makes affirmative determinations annually as to the independence of each director and nominee for election as a director. To assist in making such determinations, the Board has adopted a set of Director Independence Standards which conform to or, in some cases, are more exacting than, the independence requirements set forth in the NYSE listing standards. Our Director Independence Standards are appended to the Company's CGPs and are available at www.rayonieram.com. Based on our Director Independence Standards, the Board has affirmatively determined in its business judgment that all persons who have served as directors of our Company at any time since January 1, 2018, other than Mr. Boynton, are independent (i.e., nine of ten directors in 2018).

INDEPENDENT LEAD DIRECTOR

Our Independent Lead Director is nominated and elected to a two-year term by the other independent Board members. In 2018, the independent non-management Board members re-elected C. David Brown, II to a two-year term.

The Independent Lead Director has comprehensive, clearly delineated duties including:

Presiding at all meetings of the Board at which the Chairman/CEO is not present, including executive sessions and separate meetings of the independent directors

Serving as liaison between the Chairman/CEO and the independent directors

Approving meeting agendas for the Board

Approving information sent to the Board

Approving meeting schedules to assure there is sufficient time for discussion of all agenda items

Having the authority to call meetings of the independent directors

If requested by major stockholders, ensuring he or she is available for consultation and direct communication Paul Boynton has served as Chairman of the Board and CEO of the Company since June 2014. We believe that the appropriate leadership structure for our Company is to have a combined Chairman and CEO, and also an Independent Lead Director. The combined Chairman and CEO role provides unambiguous reporting lines for management and allows the Company to communicate to customers, suppliers, stockholders, employees and other stakeholders with a single, consistent and knowledgeable voice.

INDEPENDENT NON-MANAGEMENT DIRECTOR MEETINGS

Our independent non-management directors met separately (without the Chairman and CEO or any members of management) during six regularly scheduled meetings in 2018; these meetings were chaired by our Independent Lead Director. Independent non-management directors on our Board committees also have the opportunity to meet without management present at Board committee meetings.

Table of Contents

COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

BOARD DIVERSITY

Our Nominating Committee evaluates the specific personal and professional attributes of each director candidate versus those of the existing Board members to ensure diversity of competencies, experience, personal history and background, thought, skills and expertise across the full Board. While our Nominating Committee has not adopted a formal diversity policy in connection with the evaluation of director candidates or the selection of nominees, consideration is also given to diversity in terms of gender, ethnic background, age and other similar attributes that could contribute to Board perspective and effectiveness. The Nominating Committee also assesses diversity through its annual assessment of Board structure and composition and review of the annual Board and committee performance evaluations. The Nominating Committee and the Board believe that considering diversity is consistent with the goal of creating a Board that best serves the needs of the Company and the interests of its stockholders, and it is one of the many factors that they consider when identifying individuals for Board membership. In addition, we believe that diversity with respect to tenure is important to provide both fresh perspectives and deep experience and knowledge of the Company. Therefore, we aim to maintain an appropriate balance of tenure across our directors. In furtherance of the Board's active role in Board succession planning, the Board has appointed three new directors since 2015. Our Board currently has two experienced, highly skilled female directors.

BOARD EVALUATION AND ASSESSMENT

Annual self-evaluation and assessment of Board performance helps ensure that the Board and its committees function effectively and in the best interest of our stockholders. This process also promotes good governance and helps set expectations about the relationship and interaction of the Board and management. The Board's annual self-evaluation and assessment process, which is overseen by our Independent Lead Director, is structured and carried out as follows:

The Nominating Committee reviews the prior year's process of self-evaluation and assessment for the Board and Board committees, as well as current trends and best practices.

Under the auspices of the Nominating Committee, the Corporate Secretary facilitates the process agreed upon by the Committee. In 2018, this process consisted of preparation of suggested general topics of discussion, which were disseminated to all directors, followed by confidential interviews of each Board member by the Corporate Secretary.

The feedback generated from the interviews is summarized by the Corporate Secretary and shared with the Lead Director and Chairman.

These results are then communicated in executive session to the full Board and each committee, as well as to individual directors, as appropriate, which fosters good discussion and consensus on actions to be undertaken.

Changes to policies and practices, as warranted, are implemented as directed by the Board.

SUCCESSION PLANNING

One of the primary responsibilities of our Board is to ensure that the Company has a high-performing management team in place. Our full Board has responsibility for management succession planning. The Board manages the succession planning process and, on an annual basis, reviews and approves succession plans for the CEO and other senior executives. This detailed process is designed to maximize the pool of qualified internal candidates who can assume top management positions. To assist the Board, the CEO annually provides our Board with an assessment of senior managers and the potential of each manager to succeed to the CEO position. The CEO also provides the Board with an assessment of persons considered potential successors to senior management positions.

OVERSIGHT OF RISK

We have a robust risk assessment and mitigation process, overseen by our Board of Directors, which includes extensive interaction among our Board, CEO and members of senior management.

BOARD OF DIRECTORS	ENTERPRISE RISK MANAGEMENT COMMITTEE	AUDIT COMMITTEE	COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE
The Board oversees risk management through a management-led assessment process that involves direct Board committee oversight. The Board annually appoints the members of the Enterprise Risk Management (ERM) Committee, which is chaired by the CEO, who also serves as the Company's Chief Risk Officer. Senior	The ERM Committee appoints the members of business unit and staff function-level Risk Assessment and Mitigation teams, which continually identify and assess the risks facing their respective business or function and submit semi-annual reports to the ERM Committee. These reports form the basis of the ERM Committee's annual risk assessment.	The Audit Committee then assigns ongoing Board-level oversight responsibility for each material risk identified by the ERM Committee to either the full Board or the appropriate Board committee. Presentations and other communications regarding each risk are made periodically during the year.	The ERM Committee's annual risk assessment of the Company's overall compensation policies and practices is presented to the Compensation and Management Development Committee.

To foster effective two-way communication with our stockholders, since our inception as a public company in 2014, we have maintained an active engagement and outreach program speaking and, in many cases, meeting with stockholders throughout each year. In 2018 we had more than 250 calls and meetings with investors and analysts, as well as discussions with leading proxy advisors who serve our investors. In addition, in 2018 we presented at five industry conferences, held nine road shows, and in March of 2019 held an Investor Day at the New York Stock Exchange, where investors and analysts heard presentations from our senior management about our business and strategy for future value creation. Additional information provided at our March 2019 Investor Day can be found on our website at www.rayonieram.com.

To continuously improve our stockholder communication and outreach, we review with our Board the key feedback from these meetings. Our directors carefully consider and evaluate this valuable information and modify our outreach programs to advance our stockholder engagement efforts.

Stockholders and other interested parties who would like to communicate with one or more members of the Board, a Board committee, the Independent Lead Director or the independent non-management directors as a group may do so by writing to any such party at Rayonier Advanced Materials Inc., c/o Corporate Secretary, 1301 Riverplace Boulevard, Suite 2300, Jacksonville, Florida 32207. SUSTAINABILITY OF OUR BUSINESS, COMMUNITY AND ENVIRONMENT

Our sustainability programs start with compliance with laws and regulations. But we know that compliance is only the starting point, and that our employees, customers, investors and communities expect more. They expect us to be a responsible steward of the business. For us, stewardship means managing forests responsibly; mitigating the environmental impact of our plant operations; engaging with indigenous communities, other community stakeholders and our workforce to identify opportunities for continuous improvement; and driving best practices through the supply chain. Stewardship is at the heart of our sustainability practices.

To translate our ideals into action, our Board of Directors chartered the RYAM Sustainability Council. The Sustainability Council is comprised of members of our senior management who represent the diverse aspects of our operations and services. The Sustainability Council's role is to identify and assess the sustainability issues that directly affect our business and the communities in which we operate.

As stakeholder expectations have changed through the years, our approach to sustainability has also evolved. We are committed to doing business the right way and, because we understand that sustainability is important to our stakeholders, we are committed to doing more to measure, report and communicate our performance and progress to meet their expectations. The 2017 acquisition of Tembec expanded our products and markets from our core strength in specialty cellulose to include lumber and paper-related products and provided an opportunity to refresh and refocus our sustainability objectives.

In 2018 the Sustainability Council embarked on a multi-year program to identify the sustainability issues most critical to our business and our stakeholders, recommend programs to advance the Company's sustainability objectives, and identify the data we need to collect to measure and report our progress in identified areas. The Sustainability Council completed the assessment phase at year end 2018 and will make its policy and program recommendations to the Board in the first half of 2019.

Based on the 2018 assessment, the Sustainability Council will recommend three focus areas:

Climate and Energy

Talent and Diversity

Community Engagement

As part of its responsibility to understand and monitor all material risks to the Company's business and operations, and to stay abreast of the issues important to our investors and other stakeholders, the Board reviews progress on the Sustainability Council's work and on all environmental and social issues several times a year.

Additional information on our sustainability programs and objectives can be found on our website at www.rayonieram.com.

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Board considers the significant time commitment and the skills and experience level necessary for directors to fulfill their duties.

The Nominating Committee's annual compensation review includes a periodic analysis of data, comparing the Company's director compensation levels against a peer group of publicly held companies. Exequity, LLP (Exequity), the Board's independent compensation consultant, provides the Nominating Committee with advice and recommendations on the composition of the peer group and competitive data used for benchmarking our director compensation program. The Nominating Committee uses the information provided by Exequity, as well as other trend data to reach an independent recommendation regarding compensation to be paid to our directors. The Nominating Committee's recommendation is then provided to the full Board for review and final approval.

Our directors are subject to minimum stock ownership and time-based stock retention requirements, as discussed in the Mandatory Stock Ownership section below.

2018/2019 Cash Compensation

Non-management director compensation is set by the Board after considering the recommendation of the Nominating Committee. For the twelve-month 2018-2019 director compensation period, which ends with the May 20, 2019 Annual Stockholders Meeting, each non-management director receives the following cash compensation (which is prorated for partial year service):

Annual cash retainer of \$85,000, payable in equal quarterly installments

Additional annual cash retainers for the chairs of the Audit, Compensation and Nominating Committees of \$20,000, \$15,000 and \$10,000, respectively, payable in equal quarterly installments; and

Additional annual cash retainer for the Independent Lead Director of \$25,000, payable in equal quarterly installments

Annual Equity Awards

For the 2018-2019 period, on or about May 22, 2018, each non-management director received a restricted stock unit award equivalent to \$105,000 based on grant date value (which is prorated for partial year service), to vest on May 22, 2019 if the director has not voluntarily left the Board prior to such date (other than due to the director's death or disability or in the event of other extraordinary circumstances as determined by the Nominating Committee).

Dividends on the restricted stock unit award accrue in a separate account and are paid upon vesting, together with interest thereon at a rate equal to the Prime Rate as reported in *The Wall Street Journal*, adjusted and compounded annually as of each December 31 (the Prime Rate).

Limit on Annual Equity Awards

Our Equity Incentive Plan caps annual equity awards to each director at not more than \$300,000 per year. As described above, each Director's annual equity award in the 2018-2019 period was valued at \$105,000.

Cash Fees Deferral Plan

Directors may defer up to 100% of their cash compensation. Any deferred amounts are paid to the director in a single lump sum on the later of the date the director turns 74, the conclusion of the director's term, or upon termination as a director, if prior to age 74. Any deferred amounts earn interest at a rate equal to the Prime Rate.

Mandatory Stock Ownership

Each of our directors is required to own Company stock totaling not less than the number of shares constituting the cash portion of his or her annual retainer for the previous five years. Information on stock ownership by our directors is provided in the CD&A.

(1) Represents the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. A discussion of the assumptions used in calculating these values may be found in Note 15 Incentive Stock Plans included in the notes to financial statements in our 2018 Annual Report on Form 10-K. On May 22, 2018, each non-management director was granted a restricted stock unit award equivalent to \$105,000 which, based on grant date value (\$18.26), corresponded to 5,751 restricted stock units, for a total award of \$105,013 after rounding (because the Company does not issue fractional shares for director equity awards).

(2) Represents accrued dividends and interest on restricted stock awards during 2018.

(3) Mr. Boynton, as an executive officer of the Company, was not compensated for service as a director. See the Summary Compensation Table for compensation information relating to Mr. Boynton during 2018.

(4) Mr. Townsend retired from the Board on May 21, 2018.

ANTI-HEDGING/ANTI-PLEDGING POLICY

We have adopted a stringent anti-hedging and anti-pledging policy that applies to all (1) employees of the Company who are officers, (2) directors, and (3) immediate family members of employees who are officers and directors and other members of their households, as well as entities controlled by any of them. Under our policy, the Company may also designate, from time to time, in our discretion, other key employees to be subject to our anti-hedging policy.

The policy precludes all hedging or other offsetting of any potential decrease in the market value of the Company's equity securities as well as pledging of Company securities. Although not limited to these specific types of transactions, under the Company's policy the following are specifically prohibited:

Short sales

Trading in options

Hedging transactions of all types, including the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds

Pledges of Company securities, such as collateral for margin loans or margin accounts

Standing or limit orders, unless under a Rule 10b5-1 plan that meets all requirements of the Company's applicable policy and is approved by the Company's Corporate Secretary

COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

RELATED PERSON TRANSACTIONS

Our Board has adopted a written policy designed to minimize potential conflicts of interest in connection with Company transactions with related persons. Our policy defines a Related Person to include any director, executive officer or person owning more than five percent of the Company's stock, any of their immediate family members and any entity with which any of the foregoing persons are employed or affiliated. A Related Person Transaction is defined as a transaction, arrangement or relationship in which the Company is a participant, the amount involved exceeds \$120,000 and a Related Person has or will have a direct or indirect material interest.

To implement the policy, each year a Related Person list is compiled based on information obtained from our annual Director and Officer Questionnaires and, after review and consolidation by our Corporate Secretary, is provided to business unit, accounts payable, accounts receivable, financial, legal and communications managers and other persons responsible for purchasing or selling goods or services for the Company. Prior to entering into any transaction with a Related Person, the manager responsible for the potential transaction, or the Related Person, must provide notice to the Corporate Secretary setting out the facts and circumstances of the proposed transaction. If the Corporate Secretary determines the transaction would constitute a Related Person Transaction, it is then submitted for consideration by the Audit Committee, which will approve only those transactions determined to be in, or not inconsistent with, the best interests of the Company and its stockholders. In reviewing Related Person Transactions, the Audit Committee considers:

The Related Person's relationship to the Company and interest in any transaction with the Company

The material terms of a transaction with the Company, including the type and amount

The benefits to the Company of any proposed or actual transaction

The availability of other sources of comparable products and services that are part of a transaction with the Company; and

If applicable, the impact on a director's independence

In the event we become aware of a completed or ongoing Related Person Transaction that has not been previously approved, it is promptly submitted to the Audit Committee for evaluation and, if deemed appropriate, ratification.

In addition, each year the persons and entities identified as Related Persons are matched against the Company's accounts payable and accounts receivable records to determine whether any Related Person participated in a

transaction with the Company, regardless of the amount involved. A report of all such transactions is prepared by the Corporate Secretary and reviewed with the Audit Committee to determine if any would constitute a Related Person Transaction under our policy or would require Proxy Statement disclosure under applicable SEC rules and regulations. After conclusion of this process, the Audit Committee did not identify any Related Person Transactions occurring in 2018 that would require Proxy Statement disclosure.

PROPOSAL 1-ELECTION OF DIRECTORS

Proposal 1-Election of Directors

Our Board of Directors is responsible for establishing overall corporate policy and for overseeing management and the ultimate performance of the Company. Our Board reviews strategy and significant developments affecting the Company and acts on matters requiring Board approval. Our Board held 13 meetings during 2018 and each director attended at least 75% of the combined total of all (i) Board meetings and (ii) meetings of committees of the Board of which the director was a member during his or her tenure as a Board member.

Our Board currently consists of ten directors divided as evenly as possible into three classes (I, II and III) serving staggered three-year terms. Directors for each class will be voted on at the annual meeting of stockholders held in the year in which the term for that class expires, and after election, will serve for a term of three years. The terms of the Class II directors will expire at the 2019 Annual Meeting of Stockholders and such directors are nominees for election. The terms of the Class III directors will expire at the 2020 Annual Meeting of Stockholders, and the terms of the Class I directors are set to expire at the 2021 Annual Meeting of Stockholders.

Accordingly, stockholders are being asked to vote on the election of the three Class II directors, each to serve until the 2022 Annual Meeting of Stockholders (and their successors are duly elected and qualified). Each of the nominees has consented to stand for election. Our Board has no reason to believe any nominee will be unable to serve as a director. If, however, a nominee should be unable to serve at the time of the 2019 Annual Meeting of Stockholders, Common Stock properly represented by valid proxies will be voted for a substitute nominee nominated by the Board. Alternatively, our Board may either allow the vacancy to remain unfilled until an appropriate candidate is located or may reduce the authorized number of directors to eliminate the unfilled seat.

If any incumbent nominee for director should fail to receive the required affirmative vote of a majority of the votes cast with regard to his or her election, then under Delaware law (the Company's state of incorporation) the director would remain in office as a holdover director until a successor is elected or the director resigns, retires or is otherwise removed. In such a situation, our CGPs require the director to tender his or her resignation to our Board. The Nominating Committee would then consider such resignation and make a recommendation to our Board as to whether to accept or decline the resignation. Our Board would then make a determination and publicly disclose its decision and rationale within 90 days after receipt of the tendered resignation.

DIRECTOR QUALIFICATIONS

We believe the members of our Board of Directors have an optimal mix of relevant and diverse experience, qualifications, attributes, and skills given the Company's business, together with demonstrated integrity, judgment, leadership and collegiality, to effectively advise and oversee management in executing our strategy. There are no specific minimum qualifications for director nominees other than, as required by our CGPs, no director nominee may stand for election after he or she has reached the age of 74. In identifying and evaluating potential nominees, our Nominating Committee seeks individuals who have the experience, skills, knowledge, expertise and personal and professional integrity to be effective, in conjunction with our other Board members, in collectively serving the long-term interests of our stockholders. Criteria for Board membership are periodically evaluated by the Nominating

Committee taking into account the Company's strategy, objectives, markets, operations, regulatory environment and other relevant factors, as well as changes, if any, in applicable laws and NYSE listing standards.

The Nominating Committee believes that each of our directors has an established record of accomplishment in areas relevant to our business and objectives and possesses the characteristics identified in our CGPs as essential to a well-functioning and deliberative governing body, including integrity, independence and commitment.

Each of the directors listed below, including the three nominees for election, has experience as a senior executive and also is serving or has served as a director of one or more private or public companies and on a variety of board committees. As such, each has executive experience, as either or both a director or senior executive, in most, if

not all, of the following areas, which are critical to the conduct of the Company's business: strategy development and implementation; global operations; risk assessment and management; accounting and financial reporting; internal controls; capital markets and corporate finance; the evaluation, compensation, motivation and retention of senior executive talent; public policy as it impacts global industrial companies; compliance program oversight; and corporate governance. Many of the directors also bring insights into specific end-markets and geographic markets that are important to the Company. Our directors collectively provide a range of perspectives, experiences and competencies well-suited to providing advice and counsel to management and to overseeing the Company's business and operations. See Director Skills and Experience Matrix.

A biography of each member of the Company's Board of Directors, including the three nominees for election, is set forth below, along with a statement of each director's qualifications to serve on the Board.

The Board of Directors recommends that you vote for each of the three nominees named below for election to the Board of Directors for a term to expire at the 2022 Annual Meeting of Stockholders.

PROPOSAL 1-ELECTION OF DIRECTORS

DIRECTOR NOMINATION PROCESS

Potential director candidates may come to the attention of the Nominating Committee through current directors, management, business leaders, stockholders and others. The Nominating Committee also has, from time to time, utilized independent third-party search firms to identify potential director candidates and may do so in the future. Our Nominating Committee will consider director nominees submitted by stockholders based on the same criteria used in evaluating candidates for Board membership identified from any other source. The directions for stockholders to submit director nominations for the 2020 Annual Meeting of Stockholders are set forth in Appendix F under When Are Stockholder Proposals for the 2020 Annual Meeting of Stockholders Due?

FORMAL DIRECTOR ONBOARDING PROCESS

Upon joining our Board, new directors receive a comprehensive orientation and formal onboarding process to facilitate their transition onto our Board. Our onboarding process familiarizes new directors with the Company's businesses, strategic plans, governance program, Board policies, and the director's responsibilities on assigned Board committees. New directors hold meetings with the Company's senior leadership and key management team members to learn about the Company and its opportunities, challenges and risks, and participate in site visits to learn about our manufacturing, quality and supply chain operations. Based on feedback received, we believe this onboarding program, coupled with participation in regular Board and Board committee meetings, provides new directors with a strong foundation in our Company's business and accelerates their ability to fully engage in Board discussions.

DIRECTOR ATTENDANCE AT ANNUAL MEETING OF STOCKHOLDERS

Directors are encouraged to attend each Annual Meeting of Stockholders. At the 2018 Annual Meeting of Stockholders, all directors were in attendance.

**PROPOSAL 2 APPROVAL OF AMENDMENT TO AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS**

Proposal 2 Approval of Amendment to Amended and Restated Certificate of Incorporation to Declassify the Board of Directors

The Company's Amended and Restated Certificate of Incorporation (the Certificate of Incorporation) provides for a classified board of directors divided into three classes of directors, with each class elected for staggered three-year terms. This structure was put in place by the Company's former parent company at the time of the spin-off of the Company in 2014, to provide the then-new Company with stability and continuity to deliberately develop and implement the best long-term, strategic course for the Company to create value.

Our Nominating and Corporate Governance Committee and Board frequently review the Company's governance structure and practices. In late 2018, after considering the steps taken by the Company since the spin-off toward implementing the Company's strategy, dialogue with our stockholders, current best governance practices and the advantages and disadvantages of declassification, our Board determined it is in the best interests of the Company and its stockholders to amend the Company's Certificate of Incorporation and our Amended and Restated Bylaws (the Bylaws) to declassify the Board.

The proposed amendment to the Certificate of Incorporation would eliminate the classification of the Board over a three-year period beginning at the 2020 Annual Meeting of Stockholders, with directors each elected to a one-year term following the expiration of their existing terms, and provide for the annual election of all directors beginning at the 2022 Annual Meeting of Stockholders. This Proposal will not affect the existing terms of our directors, and the directors who are nominated for election at the 2019 Annual Meeting of Stockholders, will still be elected for three-year terms, even if the proposed amendment is approved.

The proposed amendment to the Certificate of Incorporation would become effective upon the filing of a Certificate of Amendment with the Secretary of State of the State of Delaware, which the Company would file promptly following the 2019 Annual Meeting of Stockholders, if our stockholders approve the proposed amendment. The proposed amendment would not change the present number of directors or the Board's authority to change that number and to fill any vacancies or newly created directorships.

Delaware law provides, unless otherwise addressed in the certificate of incorporation, that members of a board that is classified may be removed only for cause. The proposed amendment would provide that once the Rayonier Advanced Materials Board is fully declassified as of the 2022 Annual Meeting of Stockholders, directors may be removed with or without cause.

The proposed amendment to the Certificate of Incorporation described in this proposal is attached to this Proxy Statement as Appendix A. The affirmative vote of the holders of not less than 80% of the outstanding shares of stock entitled to vote generally in the election of directors on the Record Date is required to approve this proposed amendment pursuant to the Certificate of Incorporation. If our stockholders approve the proposed amendment to the Certificate of Incorporation, the Board will make certain conforming changes to the Company's Bylaws and CGPs.

*The Board of Directors recommends that you vote **for** the management proposal to amend the Certificate of Incorporation to declassify the Board of Directors and allow for annual elections of directors.*

**PROPOSAL 3 APPROVAL OF AMENDMENT TO AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION TO ELIMINATE THE SUPERMAJORITY VOTING
PROVISIONS**

**Proposal 3 Approval of Amendment to Amended and Restated Certificate of Incorporation to Eliminate the
Supermajority Voting Provisions**

The Company's Certificate of Incorporation and Bylaws each require the affirmative vote of shares representing not less than 80% of the Company's outstanding shares of stock entitled to vote generally in the election of directors (a Supermajority Vote), to alter, amend or repeal certain provisions of those documents.

Specifically, Article XIII of the Certificate of Incorporation provides that any alteration, amendment, or repeal of, or the adoption of any provision inconsistent with, the following provisions of the Certificate of Incorporation, must be approved by a Supermajority Vote:

Issuance of preferred stock (Section 3 of Article IV of the Certificate of Incorporation);

Size, tenure, classes of directors, vacancies and director removal relating to the Board of Directors (Article VI);

Stockholder action, including written consents and special meetings (Article VII);

Indemnification of officers and directors (Article X); and

Amendments to the Certificate of Incorporation to change the Supermajority Voting Requirements (Article XIII). In addition, Section 9.1 of the Bylaws provides that any alteration, amendment, or repeal of, or the adoption of any provision inconsistent with the following provisions of the Bylaws, also must be approved by a Supermajority Vote:

Special meetings of stockholders and written consents by stockholders (Article II, Sections 2.2 and 2.13, respectively)

Board size and tenure, classes of directors, board vacancies, and director removal (Article III, Sections 3.2, 3.10 and 3.12, respectively)

Indemnification of directors and officers (Article VI); and

Amendments to the Bylaws (Article IX)

We refer to these requirements of the Certificate of Incorporation and Bylaws as the Supermajority Voting Provisions.

The Supermajority Voting Provisions were included in the Certificate of Incorporation and Bylaws by the Company's former parent company at the time of the spin-off in 2014, to provide the then-new entity with stability and continuity to deliberately develop and implement the best long-term, strategic course for the Company and create value over the long term.

Our Nominating and Corporate Governance Committee and Board frequently review the Company's governance structure and practices. In late 2018, after considering the steps taken by the Company since the spin-off toward implementing the Company's strategy, dialogue with our stockholders, current best governance practices and the advantages and disadvantages of the Supermajority Voting Provisions, our Board determined it is in the best interests of the Company and its stockholders to amend the Company's Certificate of Incorporation and Bylaws to modify those provisions. As such, the Board approved, and recommends that stockholders approve an amendment to the Certificate of Incorporation to remove the Supermajority Voting Provisions. If the amendment is approved, future proposed amendments to the Certificate of Incorporation provisions summarized above will not be subject to a Supermajority Vote and will instead require the affirmative vote of a majority of the Company's outstanding shares of stock entitled to vote generally in the election of directors.

PROPOSAL 4 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Proposal 4 Advisory Vote on Executive Compensation

A LETTER FROM OUR COMPENSATION COMMITTEE CHAIRMAN

On behalf of the Compensation and Management Development Committee (the Compensation Committee or the Committee), I am pleased to present an overview of the Company's compensation programs and the performance-based pay for its Named Executive Officers (NEOs).

It is the responsibility of the Committee to ensure that the pay structure of the Company's NEOs underpins the Company's strategic goals and aligns the executives' interests with those of our stockholders. When the value of the Company grows and stockholders benefit, management should, too. This has been the Committee's guiding principle since the Company's spin-off as a public company in 2014.

My colleagues and I oversee the compensation program, which has explicit performance criteria based on financial, operational and strategic goals, and we conduct a rigorous assessment of each NEO against these metrics. Importantly, these programs are not strictly formula-based; we have the discretion to adjust pay when performance is materially different from expectations, and we have done so in the past. In the 2018 executive compensation program, we reduced the overall bonus pool by 10% in light of lower-than-expected performance on safety matters.

The Committee ensures that as the Company's business strategy and priorities change, key performance metrics and compensation-based targets are adjusted to reflect these changes. In 2018, we modified two elements of our long-term incentive compensation program to better align with our evolving business priorities. First, we added a three-year merger-synergy performance metric to the 2018 performance share equity program, reflecting the importance our Board places on the effective integration of the Tembec acquisition. Second, we changed the measurement period for Return on Invested Capital (ROIC), the key performance metric for our long-term incentive plan. We now use one three-year ROIC measure rather than aggregating three separate one-year ROIC periods to form a three-year view of ROIC performance. The Committee believes both of these changes will better support long-term value creation for our stockholders.

While tying performance to value creation is our key objective, we also believe that attracting, motivating and retaining outstanding people is crucial to the Company's long-term success. Having an appropriate balance among base pay, annual cash incentive and long-term equity awards helps us achieve this goal. We also monitor the competitive environment and benchmark the Company's pay practices against appropriate peer groups that reflect the markets in which the Company operates and competes for talent.

The Committee's executive compensation decisions reflect the Company's solid business results in 2018. The notable achievements were:

Adjusted EBITDA of \$364 million⁽¹⁾

Adjusted Free Cash Flows of \$152 million⁽¹⁾

Adjusted Net Income per share increase of 74%, to \$1.69⁽¹⁾

ROIC of 12.6%, driven by increased operating profit, strong free cash flows and disciplined capital allocation

Successful integration of Tembec: achieved \$28 million in synergies in our first year of ownership, nearly double the original \$15 million target

Successful completion of the Company's four-year Cost Transformation program: achieved \$25 million of savings during the year, to reach our announced four-year objective of \$140 million

⁽¹⁾ Reconciliations of GAAP to non-GAAP financial measures are provided in Appendix E.

PROPOSAL 4 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis set forth in the following pages includes information relevant to your Say-on-Pay vote. It describes our pay-for-performance framework and compensation philosophy and discusses how our executive compensation is aligned with the Company's performance and with your interests as our stockholders. We encourage you to read this CD&A carefully.

We currently hold our advisory vote to approve the compensation of our NEOs annually. Stockholders have an opportunity to cast an advisory vote on the frequency of Say-on-Pay votes at least every six years, and the next advisory vote on frequency will be at our 2021 Annual Meeting of Stockholders.

We appreciate and carefully listen to the constructive feedback we receive from our stockholders, which provides the Committee with valuable insights. We welcome your thoughtful comments and, as we have in the past, will take them into consideration as we determine future compensation arrangements for the Company's executives.

PROPOSAL 4 ADVISORY VOTE ON EXECUTIVE COMPENSATION

ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, as amended, this proposal seeks a stockholder advisory vote to approve the compensation of our NEOs pursuant to Item 402 of Regulation S-K through the following resolution:

Resolved, that stockholders approve, on an advisory basis, the Company's compensation of its Named Executive Officers as discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables, and any related material contained in the Proxy Statement for this meeting.

Because this is an advisory vote, it will not be binding upon the Board of Directors. However, the Compensation and Management Development Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

*The Board of Directors recommends that you vote **for** this advisory resolution to approve the compensation of our Named Executive Officers (NEOs) as disclosed in this Proxy Statement.*

Compensation Discussion and Analysis

EXECUTIVE SUMMARY

The Company's executive compensation programs, policies and practices are designed to achieve the following goals:

Align executive compensation with our stockholders' interests

Attract, motivate and retain key executive talent

Reward strong business and individual performance

Maintain an appropriate mix of base pay, annual cash incentive and long-term equity awards to incentivize focus on creation of long-term value for our stockholders

Best Practices in Compensation

What We Do

ü Heavy emphasis on at-risk performance-based compensation; 70% of each annual long-term incentive grant vests based on performance metrics

ü Rigorous stock ownership guidelines

ü Clawback provisions in equity plan

What We Don't Do

✗ No single trigger change-in-control (CIC) cash payments or equity acceleration

✗ No tax gross-ups

✗ No option or other equity award repricing

ü Independent compensation consultant reporting to the Compensation and Management Development Committee of the Board

✗ No hedging or pledging of Company securities by executives

ü Risk assessment performed annually

✗ No NEO employment agreements

✗ No significant perquisites

A Year of Solid Results and Strategic Achievements

In 2018, the Company reported solid financial results and made significant progress on its strategic objectives. These accomplishments were achieved despite a very challenging economic environment, characterized by weakening prices in certain key product lines, tariffs on some of our products, and slowing demand from China, one of our principal markets.

During the year, the management team achieved significant increases in Adjusted EBITDA and Adjusted Free Cash Flows (reconciliations of GAAP to non-GAAP financial measures are provided in Appendix E), driven by execution of our Four Strategic Pillars. In particular, our successful Cost Transformation initiative, integration of the 2017 Tembec acquisition, and completion of the \$140 million cost-reduction program begun in 2015 after the spin-off contributed to our solid financial performance in 2018.

The Company also continued its disciplined capital-allocation strategy in 2018, reducing its debt by \$45 million, making \$37 million of strategic investments in its facilities, and returning \$72 million to stockholders through dividends and stock repurchases.

COMPENSATION DISCUSSION AND ANALYSIS

2018 CHIEF EXECUTIVE OFFICER COMPENSATION SUMMARY

The Compensation Committee awarded our CEO, Paul Boynton, the following compensation based on the Company's 2018 performance as compared to its financial and strategic goals.

	2017	2018
	\$	\$
Base Salary	951,000	988,750
Annual Cash Incentive	1,325,000	1,451,000
Equity Incentive (at target)	2,800,000	3,100,000
Tembec Integration Equity Incentive (at target) split 70% PSUs and 30% RSUs	-	3,100,000
Total 2018 Compensation Decisions	5,076,000	8,639,750
One-time retention award granted in 2014 and paid in 2018, as described below.	-	4,587,529

Mr. Boynton has been CEO of the Company since it was formed in 2014, and the majority of his compensation has been pay-at-risk. In 2018 approximately 88% of his total direct compensation at target was performance-based. This included a special equity incentive grant the Board awarded Mr. Boynton for achieving the critical goal of integrating the Tembec acquisition, as described on page 39.

In the view of the Board, the compensation for Mr. Boynton appropriately recognizes his valuable contributions to the Company's performance in 2018. Under his leadership, the Company:

Delivered a dramatic improvement in Adjusted Net Income per share of 74% to \$1.69, as well as significant increases in Adjusted Free Cash Flows and Adjusted EBITDA⁽¹⁾

Successfully completed its four-year \$140 million Cost Transformation program

Integrated the operations of Tembec, achieving first-year acquisition synergies of \$28 million, nearly double our \$15 million target

Invested \$37 million in Company facilities

Returned \$72 million to stockholders through stock repurchases and dividends

Paid down \$45 million in debt

In August 2018, Mr. Boynton received a one-time cash payment pursuant to the retention agreement executed at the time of the Company's spin-off in 2014. That agreement awarded Mr. Boynton a \$4.6 million cash payment so long as he continued to be employed with the Company through August 2018. Additional information regarding this retention agreement can be found on page 40.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION PRINCIPLES

Our executive compensation program is based on the principle of pay for performance, under which a substantial majority of an executive's pay is tied to achieving specific and measurable annual and long-term objectives. This enables us to attract, motivate and retain exceptional leaders who can develop and achieve short- and long-term business objectives that we believe will create sustained stockholder value over time. The Compensation Committee regularly assesses our compensation program and practices to ensure they support these principles. Active dialogue with stockholders is also an important part of this process.

Alignment with Stockholders' Interests

The alignment of executive pay and stockholders' interests is at the core of our compensation philosophy. We use long-term equity grants to reward strong business performance that demonstrably increases stockholder value. NEO compensation is tied directly to how well our executives execute the Company's business strategy. In determining executive compensation, we carefully consider progress against our Four Strategic Pillars: Cost Transformation, Market Optimization, New Products and Investments. The chart on the following page demonstrates how execution of the Company's business strategy directly impacts compensation of our NEOs.

Key Terms Used in this CD&A

We use certain key terms throughout this CD&A. The following provides a brief description of what these terms mean:

Annual Cash Incentive Program refers to the annual cash incentive program that we generally establish at the beginning of each year. Under this program, our eligible employees, including our NEOs, can earn cash incentives based on performance during the year. When we use the term **cash incentive award**, we are referring to cash awards paid under our 2018 Annual Cash Incentive Program.

The term **Equity Incentive Program** generally refers to equity awards granted on an annual basis under our Rayonier Advanced Materials Inc. 2017 Incentive Stock Plan, which we sometimes refer to as our **Equity Incentive Plan**.

When we use the term performance **metrics, objectives** or **goals**, we are referring to pre-established performance goals, which may be based on financial, strategic or individual performance objectives, that must be reached under our Annual Cash Incentive Program and our performance share awards in order to earn any bonus or shares of Company stock with respect to these awards.

The terms **target, threshold** and **maximum** are defined on page 36.

Business Strategy and Compensation

Pay for performance and alignment of our executives' interests with those of the stockholders have been the foundation of our compensation philosophy since our spin-off. A look at executive compensation outcomes over the past four years demonstrates our adherence to these principles.

The chart on the following page illustrates the link between our NEOs' annual cash incentive payments over the past four years and the achievement of annual Adjusted EBITDA and Adjusted Free Cash Flows financial objectives.

Annual Cash Incentive and Financial Performance

Our compensation program recognizes the importance of creating stockholder value, and we also link our long-term equity incentives to achieving a strong Total Shareholder Return (TSR) relative to a list of 49 publicly traded peer companies selected by the Compensation Committee. The list of peer companies for this TSR measurement is provided in Appendix C. The following table shows PSUs awarded to the NEOs in previous equity incentive programs based on the achievement of ROIC goals and adjusted for TSR. When TSR performance was below threshold, no payout of performance shares occurred (2014 Plan); when TSR was at or below the 25th percentile, the payout was reduced by 25% (2015 Plan); and when TSR was at or above the 75th percentile, the payout was increased by 25% (2016 Plan). Final payouts are shown below as a percentage of the target award and as a dollar amount reflecting the fair market value at vesting.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Competitive Compensation Levels**

We are mindful of the competitive global environment in which we operate, and we set target compensation at a level comparable to that being offered to individuals in similar positions at companies with which we compete for talent. We focus on both a small group of comparable companies in the specialty chemical industry and a larger group of mid-size industrial companies with whom we compete for talent in executive, operations, finance, human resources, sales, marketing and technology roles. (See Appendix C for list of peer group companies.) When benchmarking, we use the median of our peer groups as a reference for comparing total compensation for our NEOs.

Active Stockholder Engagement

Active engagement with stockholders helps shape our compensation policies and decisions. Based on feedback we heard from investors, we took several actions related to our compensation program for 2018 and 2019. These actions and resulting changes are summarized in the table below.

STOCKHOLDER FEEDBACK	CHANGE	RATIONALE	PROGRAM YEAR IMPLEMENTED
Long-term incentive plan ROIC measure	<i>From</i> three one-year measurement periods, <i>to</i> one aggregate three-year measurement period	Measure return results over a longer period	2018
Peer group composition	None: Affirmation of appropriateness of existing groups	Per stockholders request, commissioned independent consultant assessment of peer group appropriateness	Ongoing
Annual cash incentive plan metrics weightings	Increased target Adjusted EBITDA and Adjusted Free Cash Flows weightings on core high-purity cellulose results	Ensure greater emphasis on core high-purity cellulose business	2019
APPROPRIATE MIX OF PAY COMPONENTS			

We use an appropriate mix of fixed and variable pay elements for NEO compensation. The principal elements of executive pay include a fixed base salary, a variable short-term annual bonus payable in cash, and a variable long-term equity incentive program that consists primarily of PSUs, together with time-based RSUs.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

The Elements of Executive Pay

				PERFORMANCE	
PAY ELEMENT	TYPE	DESCRIPTION	VESTING	METRICS	2018
Fixed					
Base Salary	Cash	Provide a fixed, competitive salary relative to similar positions at other companies to attract and retain executive talent	N.A.	N.A.	
Variable					
Annual Cash Incentive	Cash	Short-term incentive program to focus executives on achieving annual financial and strategic objectives that drive stockholder value	N.A.	80% Financial goals (Adjusted EBITDA, Adjusted Free Cash Flows)	
Equity Incentive Program	Equity	Long-term incentive program to drive execution of financial goals that generate long-term stockholder value and support executive retention; Awards are 70% PSUs, 30% RSUs	PSUs: 3 years, based on financial performance RSUs: 3 years, cliff vest, subject to continued employment in good standing	20% Strategic goals ROIC, and a three-year synergy target, with overall results adjusted based on TSR	

In keeping with our pay-for-performance philosophy, a substantial portion of the compensation for our NEOs is variable. The illustration below shows the components of their total direct compensation, which consists of annual base salary, and annual target cash incentive opportunity and equity incentive awards, each measured at target.

Assuming payouts at target, the component of total direct compensation in 2018 that is variable is 88% for our CEO and averages 72% for our other NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

Base Salary

Each of our NEOs has a competitive fixed annual base salary. Every year the Compensation Committee reviews NEO base salaries to determine appropriate adjustments, if any. In making adjustments to base salary levels, the Compensation Committee considers:

Budgeted levels for annual salary based on benchmarking of competitors for talent

The executive's level of responsibility

The executive's experience and breadth of knowledge

The executive's annual performance review

The executive's role in management continuity and development plans

The perceived retention risk

Variable Compensation

Performance Metrics for Determining Variable Compensation

We use the terms target, threshold and maximum to describe the levels of performance that must be met to earn specified payout amounts under our Annual Cash Incentive Program and our Equity Incentive Program.

Target refers to the amount an employee would earn if the applicable performance metrics were achieved at a level consistent with those set by the Compensation Committee and approved by the full Board.

Threshold refers to the minimum amount an employee would earn under the applicable program/award for performance achievement at no lower than a specified level below our target.

Maximum refers to the maximum amount an employee would earn under the applicable program/award for performance achievement at or above a specified level above our target.

Annual Cash Incentive Program

The Annual Cash Incentive Program provides our NEOs the opportunity to earn a performance-based annual cash incentive.

Target annual cash incentive opportunities are expressed as a percentage of base salary and established based on the NEO's level of responsibility and ability to affect overall results. The Compensation Committee also considers market data in setting target award percentages.

Threshold, target and maximum cash incentive award opportunities for 2018 as a percentage of base salary are presented below.

NEO	THRESHOLD AWARD	TARGET AWARD	MAXIMUM AWARD
Paul G. Boynton	16.0%	100%	200%
Frank A. Ruperto	9.8%	61%	122%
Michael R. Herman	9.8%	61%	122%
William R. Manzer	8.2%	51%	102%
James L. Posze, Jr.	8.2%	51%	102%

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

80% of an individual NEO's annual cash incentive award is based on the achievement of financial metrics set in the annual operating budget, and 20% is based on the achievement of annually established strategic objectives.

The financial metrics used to set annual cash incentive targets are levels of Adjusted EBITDA and Adjusted Free Cash Flows measured against the annual budget approved by the Board of Directors. The Compensation Committee selected these financial metrics because it believes they are currently the most important indicators of the true performance of the Company's business as well as critical drivers of value.

The Compensation Committee also reviews progress toward achievement of strategic objectives under our Four Strategic Pillars: Cost Reduction, Market Optimization, New Products, and Investments. Progress on objectives such as safety, continuous improvement, innovation and customer focus do not contribute toward the cash incentive calculation, but if not achieved, can have a negative impact on cash incentive. For example, in the past two years the Committee has reduced the total annual cash incentive pool between 10 and 19 percentage points because of lower-than-expected progress on safety, which is one of management's non-financial strategic objectives.

Separate from performance relating to the financial metrics and strategic objectives, the Compensation Committee may also exercise its judgment to increase an individual NEO's cash incentive award by up to 30% or decrease the award by up to 100% to reflect performance against individual objectives.

Long-Term Incentives: Equity Awards

Our NEOs are eligible to receive equity awards under programs established under the Company's Equity Incentive Plan. These awards may take the form of PSUs, time-based RSUs, or options, among other forms of securities. (See Appendix A to the Company's 2018 Proxy Statement, filed with the SEC on April 6, 2018, for a copy of this plan.) In 2018, equity awards were in the form of PSUs and time-based RSUs. Our time-based RSUs are subject to three-year cliff vesting and continued employment at the close of the three-year period. The Compensation Committee believes these time-based RSU awards are an important retention tool, given the fully at-risk nature of the PSUs. The PSUs vest following the end of the three-year performance period based on the achievement of performance metrics established by the Compensation Committee, and are paid contingent upon continued employment.

The performance metrics for the 2018 long-term equity incentive plan are ROIC⁽¹⁾, a three-year merger-integration synergy target, and TSR. ROIC is the preferred metric to reflect longer term growth in value, given the capital-intensive nature of our business and because investment, both internal and external, is a core pillar of our growth strategy. In 2018, as a result of discussions with investors, the Compensation Committee changed the performance metric to use a three-year ROIC rather than the aggregation of three one-year periods, which had been the metric used for the 2015, 2016, and 2017 grants. The merger-synergy objective was added for only the 2018 program because the Board believes that the effective integration of Tembec is critical to advance the Company's strategy.

We use TSR as a secondary metric to adjust equity awards upward or downward, consistent with our aim of ensuring executive compensation aligns executives' and stockholders' interests. After calculating equity incentive awards based

on the financial metrics, the Compensation Committee looks at our three-year TSR relative to those of our peer-group companies. If our TSR is below the 25th percentile of the peer groups, the equity award is decreased by 25%. If the relative TSR is above the 75th percentile of the peer group, the award is increased by 25%. And if the relative TSR is between the 25th and 75th percentile of the peer group, we make no adjustment to the calculated equity award.

(1) $ROIC = NOPAT / [Debt + Cash + Stockholder Equity (Deficit) + Deferred tax asset associated with Tembec Net Operating Losses]$. Note that:

- a. $NOPAT = (Operating\ profit\ after\ taxes\ less\ excluded\ items) \times (1 - estimated\ cash\ tax\ rate\ of\ 10.0\%)$
- b. Net Operating Losses are a result of deferred tax losses acquired with the acquisition of Tembec Inc.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****2018 EXECUTIVE COMPENSATION AWARDS**

The Compensation Committee approved the following compensation awards for our NEOs for 2018 based on each individual's achievements and the Company's performance against its financial and strategic objectives.

2018 Summary Compensation

	ANNUAL CASH SALARY	ANNUAL CASH INCENTIVE	EQUITY INCENTIVES	2018 TOTAL	2017 TOTAL
	(\$)	(\$)	(\$)⁽¹⁾	(\$)	(\$)
Paul G. Boynton	988,750	1,451,000	6,697,650	9,137,400	5,395,589
Frank A. Ruperto	455,000	410,000	1,890,471	2,755,471	1,777,727
Michael R. Herman	402,500	360,000	594,164	1,356,664	1,427,408
William R. Manzer	377,500	320,100	540,156	1,237,756	958,152
James L. Posze, Jr.	324,500	250,000	432,137	1,006,637	896,799

(1) PSU and RSU awards based on the fair market value at the time of grant. Actual value to be realized by our NEOs will depend on the number of PSUs that vest and our market price at the time of vesting.

Base Salary

The base salaries for our NEOs are benchmarked against peers (see Appendix C) each year, and any adjustments are effective on July 1. In 2018, base salary adjustments were made for our NEOs to ensure that their pay levels were competitive in the marketplace. The Compensation Committee approved the following annual base salaries:

	BASE SALARY (\$)	BASE SALARY (\$)
	2017	2018
Paul G. Boynton	975,000	1,005,000
Frank A. Ruperto	445,000	465,000
Michael R. Herman	395,000	410,000
William R. Manzer	365,000	390,000
James L. Posze, Jr.	314,000	335,000

Messrs. Manzer and Posze were given above-average adjustments to better position them relative to market benchmarks that presented to the Compensation Committee by its independent compensation consultant, Exequity.

Annual Cash Incentive

In 2018, as shown in the table below, the Company exceeded the financial performance goals established by the Compensation Committee for Adjusted EBITDA and Adjusted Free Cash Flows. Combined, these two financial goals account for 80% of the annual cash incentive award, and the outperformance on these metrics resulted in a potential cash incentive payout at 138.9% of target.

METRIC	2018 TARGET (\$MM)⁽¹⁾	2018 ACTUAL (\$MM)
Adjusted EBITDA		⁽²⁾
	311	344
Adjusted Free Cash Flows		⁽³⁾
	125	169

(1) Threshold is established at 85% of target number and maximum is established at 120% of target. Actual performance and results are interpolated in between.

(2) Does not include about \$20 million of currency Fluxuation-related EBITDA, for purposes of 2018 cash incentive calculation.

(3) Includes \$17 million of proceeds from sale of the Company's Resins business that were included for 2018 cash incentive purposes.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The remaining 20% of the annual cash incentive pool is determined by progress against strategic goals.

During 2018, key strategic objectives were achieved. The Company made important advances in creating a unified culture through the achievement of our One Company-One Team goals: all employees are now fully aligned with and focused on executing our Four Strategic Pillars strategy.

This strategic achievement resulted in a contribution of 21.5% to the annual cash incentive payout, for a total possible payout opportunity of 160.4% of target (combined financial and strategic performance). However, in light of the safety performance in 2018, the Compensation Committee exercised its discretion and reduced the overall cash incentive pool by 10%, which resulted in actual cash incentive award payouts of 144.4% of target.

The cash incentive awards for each NEO are shown in the table below.

	FINANCIAL OBJECTIVES (\$)	STRATEGIC OBJECTIVES (\$)	DISCRETIONARY ADJUSTMENT (\$)	INDIVIDUAL ADJUSTMENT	TOTAL BONUS PAID (\$)
Paul G. Boynton	1,290,000	322,000	(161,000)	0	1,451,000
Frank A. Ruperto	364,000	91,000	(45,000)	0	410,000
Michael R. Herman	320,000	80,000	(40,000)	0	360,000
William R. Manzer	259,000	64,000	(32,000)	+10%	320,100
James L. Posze, Jr.	222,000	56,000	(28,000)	0	250,000

The Compensation Committee may also adjust an individual NEO's cash incentive award to reflect their performance against personal objectives. Mr. Manzer was recognized for the significant progress his organization made in the integration of Tembec.

Equity Incentive Program Awards in 2018

Each NEO is eligible to receive long-term equity awards that are earned and vest based on the Company's long-term financial performance, consistent with our pay-for-performance philosophy. 70% of an executive's equity award is in the form of PSUs, and 30% is in the form of time-based RSUs.

The following table shows the target Equity Incentive Program award values granted for 2018 for each NEO.

2018**2017**

	PSU VALUE (\$)⁽¹⁾	RSU VALUE (\$)⁽¹⁾	TOTAL TARGET VALUE (\$)	TOTAL TARGET VALUE (\$)
Paul G. Boynton	4,340,000	1,860,000	6,200,000	2,800,000
Frank A. Ruperto	1,225,000	525,000	1,750,000	900,000
Michael R. Herman	385,000	165,000	550,000	700,000
William R. Manzer	350,000	150,000	500,000	400,000
James L. Posze, Jr.	280,000	120,000	400,000	375,000

(1) The number of PSUs and RSUs were determined based on the average closing stock price for the ten trading days prior to March 1, 2018.

The 2018 equity incentive grants for each of Messrs. Boynton and Ruperto include a special incentive element intended to align our CEO and CFO with the critical goal of integrating the Tembec acquisition. The amount of the incentive-related grants equal \$3.1 million for Mr. Boynton and \$.75 million for Mr. Ruperto. The Compensation Committee elected to add these amounts to their annual equity incentive grants, rather than through separate agreements. Mr. Herman's award was reduced to better align his long-term incentive compensation with the market; the reduction in no way reflects upon his performance or contributions to the Company.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Payout of Previously Awarded Performance Share Units**

At the end of 2018, the three-year performance measurement period for PSUs awarded in 2016 concluded. The payout for these awards is measured based on pre-established levels of ROIC over the three-year period as shown in the following table:

	2016	2017	2018
Threshold	6.7%	2.8%	2.3%
Target	> 8.9%, but < 9.4%	> 5.2%, but < 6.1%	> 4.7%, but < 6.2%
Maximum	11.6%	8.4%	8.6%
Actual ROIC Achieved	13.3%	9.4%	12.6%

Based on the Company's ROIC of 12.6% in 2018, 9.4% in 2017 and 13.3% in 2016, the 2016 PSUs were earned at 200% of target, the maximum under the program. The three-year cumulative TSR of 28.5 % was in the 75th percentile of our peer group, resulting in a 25% increase in the 2016 award to 250% of target.

The PSUs awarded in 2017 were earned at 200% based on the ROIC of 12.6% achieved in 2018 for the second year of the three-year performance measurement period, which will conclude at the end of 2019. These awards will be paid in March 2020. The final number of shares awarded will be adjusted based on the cumulative three-year TSR at the end of the measurement period in 2019.

Spin-Off Retention Agreement

On May 27, 2014, the Board of Directors of our former parent company approved a retention agreement with Mr. Boynton in his capacity as President and CEO to ensure necessary management continuity of the newly formed Company. The agreement provided Mr. Boynton with a \$4 million retention award payable subject to his continued employment with the Company through August 31, 2018. The original agreement provided that the award would be payable in shares of Common Stock, plus dividend equivalents and interest thereon.

However, based on fluctuations in the Company's share price, in 2015 the Compensation Committee recommended, and the Board approved, amending the agreement to provide the award be payable solely in cash. As a result, in 2018 Mr. Boynton received a one-time cash payment of \$4.6 million, which included the \$4 million retention award plus \$0.6 million in interest based on a fixed interest rate of 3.25%. The interest rate was fixed to aid in predictability of the expense.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****DISCIPLINED AND TRANSPARENT EXECUTIVE COMPENSATION PRACTICES****Compensation Responsibilities and Process**

The Compensation Committee has responsibility for establishing our compensation principles, monitoring executive performance, and approving executive compensation levels and programs, as detailed below.

**COMPENSATION COMMITTEE

Review and approve compensation levels for all our executive officers	Annually
Review and approve all compensation-related programs for executive officers	February, Annual Cash Incentive payments May, base/Annual Cash Incentive relative to market
Establish annual performance objectives for the CEO	December, Equity Incentive awards for March
Evaluate CEO accomplishments and performance	Annually, in January Regular meetings and prior year's performance review conducted in February
Makes recommendations on CEO base salary for approval by the independent members of our Board	Annually, in May
Ensure all major considerations relating to compensation, including metrics used to set compensation targets and awards, are appropriately evaluated, and that compensation and benefit programs are properly designed, implemented and monitored	Regular meetings throughout the year, with special meetings held as needed to address matters outside the normal compensation cycle
Confer with external compensation and outside counsel for compensation-related advice and benchmarking	Routinely
The Compensation Committee invites members of management to attend meetings as the Committee deems necessary to discuss and report on issues within their specific areas of expertise or responsibility. While the CEO recommends other NEOs' compensation levels to the Compensation Committee for its consideration and approval, the CEO does not participate in the deliberations of the Compensation Committee or the Board regarding his own compensation.	

The Compensation Committee has engaged Exequity to provide advice, relevant market and benchmarking data and information relating to best practices to consider when making compensation decisions. The Compensation Committee has assessed the independence of Exequity against the specific criteria under applicable SEC and NYSE rules and determined, in its business judgment, that Exequity is independent and no conflict of interest is raised by Exequity's work for the Compensation Committee.

In 2018, in response to investor feedback the Compensation Committee engaged our independent compensation consultant to help us assess the appropriateness of the metrics we use to determine equity incentive awards. After a thorough review of our long-term equity incentive program and those of our peer-group companies, our external compensation consultant and the Compensation Committee concluded that ROIC and TSR were still the most appropriate indicators of long-term value creation for our Company given our business portfolio and competitive environment. The Compensation Committee did, however, change the measurement period for the ROIC metric to one aggregate three-year period instead of three one-year periods (see page 37).

COMPENSATION DISCUSSION AND ANALYSIS

Benchmarking to Compensation Peer Groups

Skilled executive-level talent is essential to our success, and we compete with global companies in many industries for top people. The Compensation Committee studies market norms across the specialty chemicals industry, as well as the standards within the broader community of general industry U.S. manufacturing companies to assess and understand the competitive environment.

Consistent with our commitment to competitive pay practices, we generally expect our base salaries, annual cash incentive target opportunities and equity incentive program target award opportunities to be at or near the 50th percentile for the applicable positions, as measured against our chosen peer groups. However, variations from this benchmark may occur based on various facts and circumstances relating to the individual's expertise and experience, his or her contributions and the competitive market for his or her skill set. For 2018, base salary and annual cash incentive and equity incentive program target award opportunities for our NEOs were consistent with these general parameters. The Compensation Committee does not establish any individual executive's compensation level to any specific peer group benchmark.

In evaluating 2018 overall compensation levels for senior executives, the Compensation Committee reviewed prevailing base salary, annual cash incentive and equity incentive program compensation levels among 749 comparably sized, publicly-traded manufacturing companies from across general industry using a regression analysis methodology to define median compensation elements. These companies have annual revenue of between \$1 billion and \$6 billion. The Compensation Committee's reliance on this benchmark community when assessing senior officer pay ensures its compensation decisions reflect the standards in effect both within the principal industry in which the Company operates and across the broader labor market in which the Company competes for high-level executive talent.

In response to investor questions, in 2018 our Compensation Committee engaged our independent compensation consultant to conduct a thorough assessment of the size and composition of our peer groups for compensation benchmarking purposes. The Compensation Committee concluded that the companies within each peer group were still the most appropriate companies against which to benchmark our executive compensation, given our business portfolio and competitive environment. (See Appendix C for a list of companies within each peer group.)

Stock Ownership and Retention Requirements

We believe that meaningful stock ownership further focuses the senior management team on the long-term success of our business and aligns the interests of our management team with those of our stockholders. All executives at the

Vice President level and higher are subject to rigorous stock ownership guidelines that require them, within five years after taking such position, to acquire and hold our stock with a value equal to a designated multiple of their base salary as follows:

TITLE	MULTIPLE OF BASE SALARY
Chairman, President & CEO	6x
Executive Vice President	3x
Chief Financial Officer	3x
Senior Vice President	2x
Vice President	1x

Prior to satisfying the ownership requirement, executives are subject to retention requirements that prohibit them from selling any of our stock, other than stock withheld or sold to satisfy taxes in connection with the vesting of a stock-based award or stock option exercise. The types of securities that count toward satisfaction of the

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

ownership requirements include common stock, restricted stock, restricted stock units and vested options, but exclude performance shares, unvested options and preferred stock.

Each year the Compensation Committee reviews each executive's progress toward meeting the guidelines, and has determined that each of our executive officers is in compliance with all of our stock ownership and retention guidelines.

Clawback Policy

In addition to the clawback provisions in our Equity Incentive Plan and the Non-Equity Incentive Plan, which provide that any clawbacks shall be determined at the discretion of the Compensation Committee, each year our NEOs sign a Supplemental Agreement in connection with their respective awards describing the types of detrimental conduct that will trigger a clawback. Specific detrimental conduct includes: committing an illegal act, including but not limited to embezzlement or misappropriation of Company funds, and willful failure to comply with the material policies and procedures of the Company as determined by the Compensation Committee.

Risk Assessment

We undertake a thorough risk assessment of our compensation programs annually. The first phase of the assessment is an analysis by the Company's human resources compensation function, which is reviewed with the Company's Enterprise Risk Management (ERM) Committee, staffed by members of senior management. The review includes the individual programs and potential and probable risks, along with mitigation efforts established to reduce or eliminate these risks. The results of the ERM assessment are then presented to the Compensation Committee for their review and approval. Based on its assessment of our compensation programs for our employees and executives for 2018, the Compensation Committee determined that our compensation programs and practices do not motivate behavior that is reasonably likely to have a material adverse impact on the Company.

Severance and Change in Control Benefits

Executive Severance Pay Plan-Change in Control

As with all publicly traded companies, it is possible that our Company could face a change in control (CIC) and our business and stockholder value could be negatively affected by the uncertainty created by such a situation. To reduce such potential negative effects, encourage executive retention, and foster the continued attention and dedication of senior executives even in the case of threat, rumor or occurrence of a change in control, the Compensation Committee established the Executive Severance Pay Plan, as amended, otherwise known as the Change in Control Plan (CIC Severance Plan). The intent is to align executive and stockholder interests by enabling executives to consider corporate transactions that may be in the best interests of stockholders and other constituents without undue concern over whether a transaction would jeopardize the executives' employment or significantly disrupt or change the culture or environment of their employment.

The CIC Severance Plan achieves these objectives by providing benefits to our NEOs and other eligible executives designated by the Compensation Committee, in the event of a CIC. Under the plan, if the executive is involuntarily terminated (other than for cause or due to death or disability) or terminates his or her employment for good reason (as defined in the CIC Severance Plan) within 24 months of the CIC, he or she will be entitled to enhanced severance benefits, which depend on the executive's status and level of responsibility.

The CIC Severance Plan does not provide any tax gross-up protection for our NEOs. It includes a net best provision pursuant to which a participant is entitled to the greater of (i) full CIC severance benefits with the participant responsible for payment of the excise tax, or (ii) a capped benefit, with the CIC severance benefits reduced to an amount just below the threshold for triggering the excise tax. In addition, the plan provides that outstanding stock options, time-based restricted stock and RSU awards will not automatically vest upon a CIC, but instead will vest upon the participant's involuntary termination of employment by the Company (other than for cause or due to

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

death or disability) or termination for good reason occurring within two years following a change in control transaction. Under the CIC Severance Plan, performance shares or PSUs that remain outstanding upon a qualifying termination will vest at target if the performance period is not more than 50% complete at the time of such termination; if the performance period is more than 50% complete at the time of the qualifying termination, outstanding performance shares or PSUs will vest at the greater of target or actual performance achievement through the time of such termination as determined pursuant to CIC Severance Plan terms.

The Compensation Committee reviews the CIC Severance Plan annually and has discretion to terminate or amend the Plan, or include or exclude any executive, including any NEO, at any time prior to a CIC.

Executive Severance Non-Change in Control Plan

Our Executive Severance Non-Change in Control Plan (Non-CIC Severance Plan) provides enhanced severance benefits to all salaried employees at the level of vice-president (or their internal equivalent) and above, including the NEOs, in the event their employment is terminated other than for cause or other non-qualifying terminations defined in the plan. Benefits may range from nine months to 24 months of severance, and the level of benefits depends on the executive's status and level of responsibility. In the event of an executive termination triggered by a change in control, the executive would receive severance benefits only under the CIC Severance Plan.

The potential payments and other benefits under the CIC Severance Plan and the Non-CIC Severance Plan are calculated in the Potential Payments Upon Termination or Change in Control table on page 55. Such potential payments do not affect the Compensation Committee's decisions regarding executive compensation, including base salary, annual bonus and long-term incentive award levels.

Retirement Benefits

Our Compensation Committee has adopted each of the tax-qualified pension and 401(k) plans and non-qualified excess pension and excess savings/deferred compensation plans described below. Our Compensation Committee undertakes an annual, comprehensive review of these plans, to determine if any modifications are necessary or appropriate in light of current trends and best practices, the nature of our business and competitive factors.

We place great value on the long-term commitment that many of our employees and NEOs have made to the Company and wish to incentivize our employees to remain with the Company and focus on building sustainable value over the long term. Therefore, we have determined that it is appropriate to provide employees with competitive retirement benefits as part of their overall compensation package.

We maintain the following plans and programs to provide retirement benefits to the NEOs:

The Rayonier Advanced Materials Inc. Investment and Savings Plan for Salaried Employees (401(k) Plan)

The Rayonier Advanced Materials Inc. Excess Savings and Deferred Compensation Plan (Excess Savings and Deferred Compensation Plan)

The Retirement Plan for Salaried Employees of Rayonier Advanced Materials Inc. (the Retirement Plan) for those employees hired before January 1, 2006

The Rayonier Advanced Materials Inc. Excess Benefit Plan (Excess Retirement Plan) for employees hired before January 1, 2006

The Rayonier Advanced Materials Inc. Salaried Pre-65 Retiree Medical Plan (the Pre-65 Retiree Medical Plan) for those employees hired before January 1, 2006

For additional information regarding our Excess Savings and Deferred Compensation Plan, see the discussion following the Nonqualified Deferred Compensation table beginning on page 53.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

Consistent with the predecessor plans at our former parent company, which were closed to new employees on January 1, 2006, our Retirement Plan, Excess Retirement Plan and the Pre-65 Retiree Medical Plan are closed to any new participants. Therefore, only two of our NEOs, Messrs. Boynton and Herman, are participants in these plans. For additional information regarding our Retirement Plan and Excess Retirement Plan, see the discussion following the Pension Benefits table beginning on page 52.

The Pre-65 Retiree Medical Plan benefit is extended on an equivalent basis to all eligible retirees.

These programs are generally not considered in setting the level of key elements of compensation for the NEOs.

Limited Perquisites

We provide our NEOs with limited perquisites, which are reviewed annually by our Compensation Committee. Under our perquisites program, in addition to personal benefits that are available broadly to our employees, our NEOs are eligible to participate in two programs.

Executive Physical Program-Each executive-level employee is encouraged to have a physical examination every other year until age 50, and every year after 50.

Senior Executive Tax and Financial Planning Program-This program provides reimbursement to senior executives, including our NEOs, for expenses incurred for financial and estate planning and for preparation of annual income tax returns. Reimbursements are taxable to the recipient and are not grossed-up for tax purposes. The annual reimbursement limit for 2018 was \$25,000 for Mr. Boynton and \$10,000 for all other participants. The total cost to the Company of these programs for 2018 was \$75,053. We do not provide company cars; pay car allowances, personal club membership dues, or home-security expenses; or provide chartered aircraft for personal use.

- (1) Represents the aggregate grant date fair value of restricted stock, restricted stock units and performance stock units computed in accordance with FASB ASC Topic 718. A discussion of the assumptions used in calculating these values may be found in the Incentive Stock Plans section in the notes to our financial statements included in our Annual Reports on Form 10-K for 2018, 2017 and 2016.

The grant date fair value of the 2018 PSU awards is as follows: Mr. Boynton, \$4,863,176; Mr. Ruperto, \$1,372,679; Mr. Herman, \$431,414; Mr. Manzer, \$392,207 and Mr. Posze, \$313,770.

The grant date fair value of the 2018 RSU awards is as follows: Mr. Boynton, \$1,834,474; Mr. Ruperto, \$517,792; Mr. Herman, \$162,750; Mr. Manzer, \$147,949 and Mr. Posze, \$118,367.

- (2) The grant date fair value of performance stock unit awards as reported in footnote (1), is computed based on the probable outcome of the performance condition as of the grant date for the award. The following amounts reflect the grant date award value assuming maximum performance is achieved under the 2018 performance stock unit awards: Mr. Boynton, \$12,157,939; Mr. Ruperto, \$3,431,709; Mr. Herman, \$1,078,535; Mr. Manzer, \$980,518 and Mr. Posze, \$784,437.
- (3) Amounts under the Non-Equity Incentive Plan Compensation column represent annual cash incentive awards under our 2018, 2017 and 2016 Annual Cash Incentive Programs. The amount under the Bonus column for 2018 represents the payment of a retention award described in the 2014 Proxy Statement. Mr. Boynton received a \$4 million cash payment together with interest at a fixed rate of 3.25%.
- (4) Represents the annual change in actuarial present value of the participant's pension benefit under the Company's retirement plans and non-qualified deferred compensation in 2018. The actuarial present values declined in 2018 compared to 2017. The change in pension values are as follows: Mr. Boynton, \$44,810 decrease and Mr. Herman, \$146,778 decrease.
- (5) The All Other Compensation column in the Summary Compensation Table above includes the following for 2018: tax services and wellness reimbursements, executive physicals, 401(k) Company contributions, 401(k) retirement contribution/enhanced match, Excess Savings Plans, basic life insurance premiums, cell phone stipend, and relocation.

(1) Financial/tax planning services for Mr. Boynton are capped at \$25,000 for each year; however, unused funds from the prior two years may be added to the current year's available balance, which creates a three-year rolling look back period.

(2) All executives had physical examinations in 2018; due to timing of invoicing by health care providers, only Mr. Ruperto's examination was paid for in 2018.

- (1) 2018 Equity Incentive Program grants were approved in December 14, 2017 (except Mr. Boynton's and Mr. Ruperto's awards, which were approved March 5, 2018) and the grant date reflects the date on which the Compensation Committee approved the applicable performance measures. The number of units granted was determined as of March 6, 2018, using the average closing market price from the ten trading days prior to March 6, 2018. For the Non-Equity Incentive Plan Awards, the approval date reflects the date on which the Compensation Committee approved the 2018 Annual Cash Incentive Program.
- (2) Reflects potential cash incentive awards under the 2018 Annual Cash Incentive Program. Awards can range from 0% to 200% of the target cash incentive award. See the 2018 Annual Cash Incentive Program section of the CD&A. The actual amount earned by each named executive officer for 2018 is reflected in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column.
- (3) Reflects potential payouts, in numbers of shares, under the 2018 PSU unit awards, which are part of the overall 2018 Equity Incentive Program. Awards can range from 0% to 200% of the target award based on ROIC performance plus a potential additional 25% based on the cumulative TSR modifier. Please refer to the Long-Term Incentives: Equity Award section of the CD&A.
- (4) Reflects time-based RSU awards for 2018, granted as part of our 2018 Equity Incentive Program, which vest on the third anniversary of the grant date.
- (5) Reflects the grant date fair value of each equity award computed in accordance with FASB Topic 718. For performance stock units, the grant date fair value is computed using the Monte Carlo simulation model, which utilizes multiple input variables that determine the probability of satisfying the performance conditions stipulated in the award to determine the fair market value.

EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

- (1) Option awards vest and become exercisable in one-third increments on the first, second and third anniversaries of the grant date. Restricted stock awards, restricted stock units and cash-settled stock unit awards vest on the third anniversary of the grant date, except as described in footnote (5) below.
- (2) Represents performance share, performance stock unit and cash-settled PSU performance stock unit awards granted in 2016, 2017 and 2018, each with a 36-month performance period. These awards are immediately vested following the completion of the performance period upon the determination of the amount earned, if any, based on performance achievement. Under the terms of our PSU awards, the actual award value can range from zero to 200% of the target, with an additional 25% under our TSR modifier measured cumulatively over the three-year performance period. See the Long-Term Incentives: Equity Awards section of the CD&A. The amounts reported here for the 2016 PSUs reflect the amount earned for the performance period ending December 31, 2018 as discussed in the CD&A. The amounts reported here for 2017 and 2018 awards assume maximum performance achievement, but the amounts actually earned pursuant to these awards, if any, will not be determined until following the end of the respective performance periods on December 31, 2019 and December 31, 2020.
- (3) Value based on the December 31, 2018 closing price of Rayonier Advanced Materials stock of \$10.65.
- (4) Share amounts and option exercise prices shown have been adjusted to reflect a June 2014 valuation adjustment due to our spinoff from our former parent company.
- (5) For Mr. Boynton's 2016 Equity Incentive Program award, Mr. Boynton was subject to an annual 180,000 Common Stock share limit provided in the Equity Incentive Plan document in effect at the time of the grant. Therefore, his 2016 Equity Incentive Program award was capped at 180,000 performance shares with the balance of his performance-based award made in the form of cash-settled performance shares, which were subject to the same performance and vesting conditions as the performance shares, and the time-based portion of his 2016 Equity Incentive Program grant was made in the form of cash-settled stock units which track our stock price and were subject to the same three-year cliff vesting as our time-based restricted shares. All cash-settled unit awards were made outside of the Equity Incentive Plan document in effect at the time of the grant. The amount referenced as (a) represents Mr. Boynton's time-based cash-settled stock units. The amount referenced as (b) represents the portion of Mr. Boynton's 2016 Equity Incentive Program performance share award that was settled in shares of RYAM stock in March 2019. The amount referenced as (c) represents the portion of Mr. Boynton's performance share award that was settled in cash in March 2019. The amount referenced as (d) represents Mr. Boynton's cash-settled performance stock units, subject to the same performance and vesting conditions as the performance shares which were paid in March 2019.

- (6) Represents Mr. Ruperto's sign-on restricted stock grant, 40% of which vested on the second anniversary of the grant date and the remaining 60% of which vested in equal increments over the following three anniversaries of the grant date.
- (7) Represents a retention award in the form of a restricted stock grant which vested on the fourth anniversary of the grant date.
- (8) For Mr. Ruperto, represents a retention award in the form of a restricted stock grant which vested on the third anniversary of the grant date. For Mr. Manzer, represents a restricted stock grant in respect of a promotion, which vests on the fourth anniversary of the grant date.
- (9) For Mr. Ruperto's 2016 Equity Incentive Program award, Mr. Ruperto was subject to an annual 180,000 Common Stock share limit provided in the Equity Incentive Plan document, in effect at the time of the grant. The amount referenced as (a) represents the portion of Mr. Ruperto's 2016 Equity Incentive Program performance share award that was settled in shares of RYAM stock in March 2019. The amount reflected as (b) represents the portion of Mr. Ruperto's performance share award that was settled in cash.

Table of Contents**EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION****PENSION BENEFITS**

The following table illustrates the present value of accumulated benefits payable under the Retirement Plan for Salaried Employees of Rayonier Advanced Materials Inc., a tax qualified retirement plan (the Retirement Plan), and the Rayonier Advanced Materials Inc. Excess Benefit Plan, a non-qualified retirement plan (the Excess Retirement Plan), at the earliest eligible retirement age.

NAME ⁽¹⁾	PLAN NAME	NUMBER OF YEARS CREDITED SERVICE (#) ⁽¹⁾	PRESENT VALUE OF ACCUMULATED BENEFIT (\$) ⁽²⁾	PAYMENTS DURING LAST FISCAL YEAR (\$)

Michael R. Herman	Rayonier Advanced Materials Salaried Plan	15.3	742,390	-
	Rayonier Advanced Materials Excess Benefit Plan	15.3	1,428,537	-

(1) Messrs. Ruperto, Manzer and Posze are not participants in our defined benefit pension plans.

(2) Determined using the assumptions that applied for FASB ASC 715-30 disclosure as of the date indicated. For December 31, 2018, an interest rate of 4.17% was used and the mortality assumptions were the 2014 Mercer MILES Mortality Table and Mortality Improvement Scale. Mortality is assumed from the retirement date only, so only the annuitant tables are used in our calculations. Benefits are assumed to be paid in the normal form of

payment, which is a life annuity for single employees, the 90/50 survivor form for married employees eligible for retirement, and the 50% Joint and Survivor form for married employees not eligible for retirement, according to the marital status at December 31, 2018. If spousal information is not available, husbands are assumed to be three years older than wives.

The Retirement Plan is a tax-qualified retirement plan covering substantially all eligible salaried employees hired prior to January 1, 2006. This Plan provides income replacement following retirement through the payment of monthly pension benefits based upon the employee's average final compensation and years of service. The costs of benefits under the Retirement Plan are borne entirely by the Company. Consistent with the Company's desire that salaried employees take a more active role in saving for retirement, this benefit was replaced by an increased retirement contribution under the Rayonier Advanced Materials Investment Savings Plan for Salaried Employees for new salaried employees effective January 1, 2006.

For the period through December 31, 2003, the annual pension amounts to two percent of a member's average final compensation for each of the first 25 years of benefit service, plus one and one-half percent of a member's average final compensation for each of the next 15 years of benefit service, reduced by one and one-quarter percent of the member's primary Social Security benefit for each year of benefit service to a maximum of 40 years, provided that no more than one-half of the member's primary Social Security benefit is used for such reduction. Effective January 1, 2004, the Retirement Plan was amended so that for future service the annual pension amounts to one and one-half percent of a member's final average compensation for each year of benefit service to a maximum of 40 years.

A member is vested in benefits accrued under the Retirement Plan upon completion of five years of eligibility service. Messrs. Boynton and Herman are vested in their accrued benefits. Normal retirement is at age 65. The Retirement Plan also provides for unreduced early retirement pensions for participants who retire at or after age 60 following completion of 15 years of eligibility service. Reduced benefits are available at age 55 with at least 10 years of service (Standard Early Retirement) or as early as age 50 with age plus eligibility service equal to at least 80, or as early as age 55 with at least 15 years of eligibility service (Special Early Retirement). The plan benefit for a member eligible for Standard Early Retirement will be reduced by 3% for each year of age under 65 (e.g., age 64 would result in 97% of the benefit payable). The Retirement Plan benefit for a member eligible for Special Early Retirement will receive a 5% reduction for each year of age under 60 (e.g., age 59 would result in 95% of the benefit payable).

Table of Contents**EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION**

A member's average final compensation includes salary and approved bonus payments calculated under the Retirement Plan as follows: (1) the member's average annual base salary for the five calendar years during the member's last 120 calendar months of service which yield the highest such average, plus (2) the member's average approved bonus payments for the five calendar years during the member's last 120 calendar months of service which yield the highest such average.

The Excess Plan was adopted to meet the retirement needs of a small segment of its salaried employee population affected by limits imposed under federal law. The Excess Plan was frozen to new participants effective January 1, 2006. Applicable federal law limits the amount of benefits that can be paid and the compensation that may be recognized under a tax-qualified retirement plan. Tax-qualified retirement plan participants whose annual benefit at the time of payment exceeds the IRC Section 415 limitations or whose benefit is limited on account of the IRC Section 401(a)(17) limitation on compensation are participants in the Excess Plan. The practical effect of the Excess Plan is to continue calculation of benefits after retirement to all employees on a uniform basis regardless of compensation levels. All employees covered by the Retirement Plan are eligible under the Excess Plan to the extent their compensation exceeds the IRC limits noted above.

(1) All executive and Company contributions in the last fiscal year are reflected in the Summary Compensation Table as 2018 compensation.

(2) To the extent that a participant was a Named Executive Officer in prior years, executive and Company contributions included in the Aggregate Balance at Last FYE column have been reported in the Summary Compensation Table for the applicable year.

The Rayonier Advanced Materials Inc. Excess Savings and Deferred Compensation Plan (the Excess Savings Plan) is a nonqualified, unfunded plan that consists of two components, an Excess Savings component (a supplement to the Rayonier Advanced Materials Investment Savings Plan for Salaried Employees (the Savings Plan)) and an Excess Base Salary and Bonus Deferral component.

The Savings Plan, which is our tax qualified 401(k) plan, is not reflected in the table above which under SEC rules covers only our non-qualified deferred compensation plan. The Savings Plan is designed to encourage salaried employees to save and invest for retirement. Under this Plan, employees may contribute up to the annual IRS limits on a pre-tax basis. The Company matches such contributions at a rate of \$.50 for each \$1.00 up to 8% of the employee's base salary. In addition, for 2018, the Company made an annual retirement contribution to each participant's account equal to 3% of base salary and annual bonus for employees hired after January 1, 2006. The retirement contribution was increased, and automatic enrollment of all new salaried employees in the Savings Plan implemented, coincident with the closing of the Company's defined benefit pension plan to new salaried employees effective January 1, 2006. This change reflects the Company's desire that salaried employees take a more active role in planning, saving and investing for retirement.

The Company contributions to the Savings Plan, both matching and retirement contributions, vest at a rate of 20% per year over the participant's first five years of employment. These contributions are reflected as compensation in the Summary Compensation Table.

EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

The Excess Savings Plan supplements the Savings Plan by providing employees with Company contributions that are lost due to the IRC regulations limiting employee contributions to tax qualified 401(k) plans. Participants can contribute up to 8% of total base salary. The Company contributes up to 4% of total base salary (reduced by the regular matching contributions made under the Savings Plan). Amounts contributed by participants and the Company match, are unsecured, but earn a return equal to 120% of the applicable federal long-term rate (adjusted monthly). The average interest rate in 2018 was 3.52%. Excess Savings participants may elect to receive a lump sum or annual installments upon termination of employment.

The Excess Base Salary and Bonus Deferral component of the Excess Savings Plan allows employees with a base salary in excess of \$175,000 the opportunity to defer up to 100% of their base salary and all or any portion of their annual bonus. Amounts deferred are unsecured, but earn a return equal to the 10-year treasury rate plus 1.50% (adjusted monthly). The average treasury interest rate in 2018 was 2.89%. Excess Base Salary Deferral and Annual Bonus Deferral participants may elect to receive a lump sum or annual installments not to exceed fifteen years upon termination of employment or a specific date.

(1) For purposes of calculating the executive's cash severance entitlement, represents the executive's base salary and target Annual Cash Incentive pay times the applicable tier multiplier under the Executive Severance Non-Change in Control Plan (2 times for Tier I, 1.5 times for Tier II, and 1 times for Tier III) and pro-rata as of 12/31/18. Mr. Boynton is included in Tier I; Mr. Ruperto in Tier II; and Messrs. Herman, Manzer, and Posze are included in Tier III.

- (2) For purposes of calculating the executive's cash severance entitlement, the executive's base pay is multiplied by the applicable tier multiplier under the CIC Plan (3 times for Tier I and 2 times for Tier II). Messrs. Boynton, Ruperto, and Herman are included in Tier I and Messrs. Manzer and Posze are included in Tier II). For purposes of calculating the Annual Cash Incentive Severance, the applicable tier multiplier is applied to the greater of: (i) the highest

Table of Contents

EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

Annual Cash Incentive received over the three years preceding the termination of employment; (ii) the target Annual Cash Incentive for the year in which the CIC occurred; or (iii) the target Annual Cash Incentive in the year of termination, which is the full-year cash incentive for termination as of December 31, 2018.

- (3) Represents the actuarial value of an additional two or three years, based upon the applicable tier multiplier, of eligibility service and age under the Company's retirement plans and additional years participation in the Savings Plan at the executive's current contribution levels.
- (4) Represents: (i) the present value of the annual Company contribution to health and welfare plans times the applicable tier multiplier; (ii) the value of the executive's annual tax and financial planning allowance of \$25,000 for Mr. Boynton, and \$10,000 for the other NEOs; and (iii) up to \$30,000 in outplacement services.
- (5) Effective January 1, 2016, our CIC Plan and Equity Incentive Plan were amended to eliminate automatic vesting of time-based equity awards upon a change in control, with automatic vesting of performance awards at target only if actual performance exceeded target at the time of the change in control. Under our CIC Severance Plan and our Equity Incentive Plan adopted at the annual meeting of stockholders in May 2017, time-based and performance-based equity awards vest only upon a qualifying termination event occurring within two years following a CIC unless the awards are not assumed by the acquirer. Equity acceleration amounts reflected in the table for CIC reflect vesting of awards granted prior to the 2016 and 2017 amendments.

For stock option awards, the value was calculated as the difference between the closing price of the Company's stock on December 31, 2018 and the option exercise price. Performance share and performance unit awards (reflected here at maximum for 2016 and 2017, and at 100% for 2018) and restricted stock and restricted stock unit awards were valued using the closing price of the Company's stock on December 31, 2018. Any payout of the performance shares or performance units is subject to any common stock share cap under the Equity Incentive Plan in effect at the time of grant. Under the CIC Severance Plan, outstanding performance shares or units for which the performance period is not more than 50% complete will vest at target upon a qualifying termination following a change in control. Outstanding performance shares or units for which the performance period is more than 50% complete at the time of the qualifying termination following a change in control will vest at the greater of target or actual performance achievement as determined pursuant to CIC Severance Plan terms.

As discussed in the CD&A under Severance Pay and Change in Control Benefits, under our CIC Severance Plan, there are no excise tax reimbursements made for our executives. They are instead subject to a net best provision whereby the executive would be entitled to the greater after-tax benefit of either (i) full CIC payments and benefits, for which the executive is responsible for the payment of any applicable 208G excise tax or (ii) CIC payments and benefits cut back to the amount that would result in no 280G excise tax for the executive.

Our Executive Severance Non-Change in Control Plan provides severance benefits to employees at the level of vice-president and above, including the NEOs, in the event their employment is terminated (other than for cause or other non-qualifying terminations defined in the plan). This Executive Severance Non-Change in Control Plan replaces the Severance Pay Plan for Salaried Employees for the executive level group of employees. Benefits may range from 9 months to 24 months.

The amounts shown in the table above do not include payments and benefits to the extent that they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment, including accrued salary, vacation pay, regular pension benefits, welfare benefits and 401(k) distributions. Amounts that would be distributed pursuant to the Company's nonqualified deferred compensation plans are indicated in the Nonqualified Deferred Compensation table. Other than as reflected in the table and footnote (3) above, amounts that would be distributed pursuant to the Company's tax-qualified and non-qualified retirement plans are indicated in the Pension Benefits table.

A termination by an executive within two years after a change in control would generally be for good reason if it results from: (i) a significant diminution in the executive's position or the assignment to the executive of any duties inconsistent in any respect with his or her position (including status, offices, titles, and reporting requirements), authority, duties, or responsibilities immediately before the change in control; (ii) any material reduction in the executive's salary, bonus opportunities, benefits, or other compensation; (iii) the relocation of the executive's principal place of business by more than 35 miles from his or her previous place of business; or (iv) any termination of the CIC Severance Plan other than by its express terms. Regardless of whether a change in control had occurred, an executive would not be entitled to payments under the CIC Severance Plan if he or she was terminated for cause. A termination of an executive generally would be for cause if it was due to (i) the willful and continued refusal of the executive to substantially perform his or her employment duties following written notification by Rayonier Advanced Materials Board of Directors; or (ii) engagement of the executive in illegal conduct or gross misconduct that is demonstrably injurious to the Company, including an indictment or charge by any prosecuting agency with the commission of a felony.

EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

The Company may condition payment of a portion of an executive's severance benefits under the CIC Severance Plan upon his or her agreement to adhere to confidentiality covenants, as well as to refrain from disparaging the Company (subject to certain limitations as required by law) or its products; competing directly with the Company; or inducing certain employees to terminate employment or service with the Company. These covenants would generally remain in effect for the shorter of one year from the executive's termination or two years following a change of control, except that the confidentiality covenants would remain in effect for the longer of two years from the executive's termination or three years following a change in control. By accepting the conditioned payments, an executive will be deemed to have consented to the issuance of a temporary restraining order to maintain the status quo pending the outcome of any equitable proceeding that may be brought by Rayonier Advanced Materials to enforce such covenants.

Unless otherwise indicated, all cash payments would be made by the Company in a lump sum, although the timing of some payments and benefits may be delayed by six months after termination in accordance with IRC Section 409A, which regulates deferred compensation. The Company has established two rabbi trusts related to the CIC Severance Plan. One is designed to defray the legal costs incurred by the executives in enforcing their rights under the CIC Severance Plan if the Company does not meet its obligations. The Company has funded \$2,042,821.87 to this trust. If there is a change in control at the Company, the Company would transfer to the second trust an amount sufficient to satisfy the cash payments that would be required to be paid in the event of a qualifying termination of executives covered under the CIC Severance Plan.

CEO PAY RATIO

The annual total compensation of our median-paid employee on a worldwide basis for 2018 was \$85,422. The annual total compensation of our CEO for 2018, as reported in the Summary Compensation table on page 47, was \$13,814,099. The ratio of our CEO's total compensation to our median employee's total compensation is 162 to 1, which is calculated by dividing the CEO's annual total compensation by that of our median-paid employee.

In 2018, the annual total compensation of our CEO included a one-time cash payment of \$4,587,529 million pursuant to a retention agreement executed at the time of the Company's spin-off in 2014. If this one-time payment was excluded from the CEO's total annual compensation, the pay ratio in 2018 would be 108 to 1.

To determine the median-paid employee, we identified our total employee population as of October 1, 2018, (3,260) and, in accordance with SEC rules, excluded our CEO and employees from countries representing less than 5% of our employee base. Accordingly, we excluded a total of 9 employees in the United Kingdom (4), China (2) and Japan (3), from our total employee population, resulting in an employee population of 3,251 for purposes of calculating our CEO pay ratio. From this list, we ranked employees based on their tax-reported wages, converting pay for non-US employees to U.S. Dollars based on exchange rates as of December 31, 2018.

We believe the CEO pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The pay ratio reported by other companies

may not be comparable to ours, as other companies may have different employment and compensation practices and may use different methodologies in calculating their pay ratios.

Proposal 5 Ratification of the Appointment of Independent Registered Public Accounting Firm

APPOINTMENT OF GRANT THORNTON AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019

On February 19, 2019, the Audit Committee appointed Grant Thornton as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2019. Although submission of the appointment for ratification by the stockholders is not legally required, the Board believes that it is consistent with best practices and is an opportunity for stockholders to provide direct feedback to the Board on this important issue of corporate governance. If the stockholders do not ratify the selection of Grant Thornton, the Audit Committee will reconsider the selection of the independent registered public accounting firm for the Company for 2019.

Representatives of Grant Thornton will be present at the Annual Meeting to respond to appropriate questions and they will have an opportunity to make a statement if they desire to do so.

*The Board of Directors recommends that you vote **for**
the ratification of the appointment of Grant Thornton as our
independent registered public accounting firm for 2019.*

REPORT OF THE AUDIT COMMITTEE

Management has primary responsibility for the Company's financial statements and its reporting process, including the Company's internal control system. Its independent registered public accounting firm is responsible for auditing the Company's financial statements and expressing an opinion as to the conformity of such statements with accounting principles generally accepted in the United States of America as well as auditing the Company's internal control over financial reporting.

The Audit Committee's role is to assist the Board of Directors in oversight of the Company's financial reporting process, including oversight of annual audits and quarterly reviews of the Company's financial statement filings and audits of internal control over financial reporting. The Audit Committee has sole responsibility for the appointment, compensation and oversight of the Company's independent registered public accounting firm. The Audit Committee is currently composed of six directors, all of whom have been determined by the Board of Directors in its business judgment to be independent within the meaning of the Company's Director Independence Standards and independent and financially literate as defined under applicable securities laws and rules of the NYSE, and operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee charter can be found on the Company's website at www.rayonieram.com.

The Audit Committee has reviewed the audited financial statements of the Company included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018, and has discussed these audited financial

statements with management and with the Company's independent registered public accounting firm. In addition, the Audit Committee has held discussions with the Company's independent registered public accounting firm covering the matters required by the Public Company Accounting Oversight Board's (PCAOB)

PROPOSAL 5 – RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Auditing Standard No. 1301, Communications with Audit Committees. The Audit Committee has also received the written disclosures and the letter from the Company's independent registered public accounting firm required by applicable requirements of the PCAOB for independent auditor communications with audit committees concerning independence, and has held discussions with the Company's independent registered public accounting firm regarding their independence.

The Audit Committee met with the Company's chief internal audit executive, and with the Company's independent registered public accounting firm representatives to discuss, the overall scope and plans for each of their respective audits, the results of their examinations, their evaluations of the adequacy of the Company's internal control over financial reporting and disclosure controls and procedures, and the overall quality of the Company's financial reporting. Separate private meetings without management present were also held with the Company's chief internal audit executive at five meetings of the Audit Committee in 2018 and with representatives of the Company's independent registered public accounting firm at five meetings of the Audit Committee in 2018. The Audit Committee also held five regularly scheduled private meetings with the Company Ombudsman in 2018. The Ombudsman is responsible for handling concerns and inquiries regarding compliance matters, including any submissions regarding the Company's accounting, internal controls and auditing, as required by the Sarbanes-Oxley Act of 2002.

Based on the Audit Committee's reviews and discussions with management and the independent registered public accounting firm as discussed above, the Audit Committee recommended to the Board of Directors and the Board of Directors has approved that the audited financial statements of the Company be included in the Company's 2018 Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC. The Audit Committee has also appointed, and has requested stockholder ratification of the appointment of Grant Thornton as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019.

This report is furnished by the members of the Audit Committee.

**PROPOSAL 5 RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

INFORMATION REGARDING INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Grant Thornton has served as the Company's independent registered public accounting firm since March 9, 2016. The Audit Committee may change the appointment of the independent registered public accounting firm at any time if it determines, in its discretion, that such a change is in the best interest of the Company and its stockholders.

Grant Thornton billed the Company the following fees for services performed in fiscal years ended December 31, 2018 and 2017:

FEES (\$ THOUSANDS)	2018	2017
Audit fees	\$ 2,000	\$ 1,952
	-	
Audit-related fees		90
	-	
Tax fees		29
	-	
Other Fees		
	\$ 2,000	
Total		\$ 2,071

Audit fees include amounts for the audits of the annual financial statements, including the Tembec acquisition, and internal control over financial reporting, quarterly reviews of Forms 10-Q, audit of the income tax accrual, accounting research and consents for SEC filings.

Audit-related fees include services for review of prior audit workpapers of the predecessor auditor of Tembec Inc.

Tax fees include income tax services other than those directly related to the audit of the tax accrual.

The independent registered public accountants are prohibited by Company policy from providing professional services to Company executives for personal income tax return preparation or for financial or estate tax planning.

All services provided by the independent registered public accountant as set forth above were pre-approved in accordance with the Audit Committee's pre-approval policies and procedures set forth on the attached Appendix D. Pursuant to such policies and procedures, the Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve, when the Audit Committee is not in session, audit-related services and allowable non-audit services and associated fees for any individual engagement for which fees are less than \$10,000. Any such pre-approval of services and fees by the Chairman are reported to the full Audit Committee at its next regular meeting.

Board of Directors

Text of proposed amendment to the Company's Certificate of Incorporation (deletions are indicated by strikeouts and additions are indicated by double-underlining):

AMEND SECTIONS 2, 3 AND 4 OF ARTICLE VI AS FOLLOWS:

Section 2. Classes of Directors. Subject to the rights of the holders of any series of Preferred Stock to elect directors under specified circumstances, the directors shall, until the annual meeting of stockholders to be held in 2022, be divided, with respect to the time for which they severally hold office, into three classes, as nearly equal in number as is reasonably possible, ~~with the~~. The term of office of the first class to class of directors elected at the annual meeting of stockholders held in 2019 shall expire at the ~~2015~~2022 annual meeting of stockholders, the term of office of the ~~second class to class of directors elected at the annual meeting of stockholders held in 2020 shall~~ expire at the ~~2016~~2021 annual meeting of stockholders and the term of office of the ~~third class to class of directors elected at the annual meeting of stockholders held in 2021 shall~~ expire at the ~~2017~~2022 annual meeting of stockholders, with each director to hold office until his or her successor shall have been duly elected and qualified. At each annual meeting of stockholders, commencing with the ~~2015~~2020 annual meeting, (a) directors elected to succeed those directors whose terms then expire shall be elected for a term of office to expire at the ~~third succeeding~~ annual meeting of stockholders ~~after held in the year following the year of~~ their election, with each director to hold office until his or her successor shall have been duly elected and qualified, and (b) if authorized by a resolution of the Board of Directors, directors may be elected to fill any vacancy on the Board of Directors, regardless of how such vacancy shall have been created.

Section 3. Vacancies. Subject to applicable law and the rights of the holders of any series of Preferred Stock with respect to such series of Preferred Stock, and unless the Board of Directors otherwise determines, vacancies resulting from death, resignation, retirement, disqualification, removal from office or other cause, and newly created directorships resulting from any increase in the authorized number of directors, may be filled only by the affirmative vote of a majority of the remaining directors, though less than a quorum of the Board of Directors, and in the event that there is only one director remaining in office, by such sole remaining director, and directors so chosen shall hold office ~~for a term expiring at the annual meeting of stockholders at which the term of office of the class to which they have been appointed expires and~~ until such director's successor shall have been duly elected and qualified and, if the Board of Directors at such time is classified, for a term expiring at the annual meeting of stockholders at which the term of office of the class to which such director has been appointed expires.

Audit Committee Policies and Procedures

PRE-APPROVAL OF SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

To ensure the Audit Committee (the "Committee") approves all services to be provided by the Company's independent auditors and maintains appropriate oversight, the following policies and procedures have been established.

Policies and Procedures

1. The Committee will approve the fees for the annual audit of the Company's financial statements and reviews of quarterly financial statements.
2. The Committee will also approve at one of its regularly scheduled meetings an annual plan of all permissible services to be provided by the independent auditors as well as unanticipated projects that arise.
3. When the timing of the services does not allow for pre-approval in regularly scheduled Committee meetings, the Chairman of the Committee (or another member of the Committee so designated) may approve any audit or allowable non-audit services provided that such approved services are reported to the full Committee at the next regularly scheduled meeting. Approval must be received prior to commencement of the service, unless the service is one of the specific services listed below (see No. 4) that is permitted to be performed on a pre-approval basis.
4. The following audit-related services are pre-approved as they become required and need commencement before notifying the Chairman:
 - a. Required audits of wholly-owned subsidiaries of the Company

- b. Consent letters
- c. Audits of statutory financial statements in countries where audited financial statements must be filed with government bodies
- d. Annual audits of the Company's defined benefit and savings plans
- e. Agreed-upon procedures or other special report engagements performed in connection with requirements under debt agreements or environmental laws; and
- f. Subscription services for technical accounting resources and updates

This pre-approval (prior to notifying the Committee) is for audit services or allowable audit-related services engagements for which fees are less than \$10,000.

Any services performed in these pre-approved services categories that were not anticipated will be reported to the Committee at the next regularly scheduled meeting after commencement of the services. The requirements, scope and objectives of the service as well as estimated fees and timing will be reported to the Committee.

Any other services, such as for tax services unrelated to the audit, will require the explicit approval of the Chairman or the Committee prior to engaging the independent auditor.

NON-GAAP FINANCIAL MEASURES

Appendix E

Non-GAAP Financial Measures

This Proxy Statement contains certain non-GAAP financial measures, including EBITDA, Adjusted EBITDA, Adjusted Free Cash Flows, Adjusted Net Income and Adjusted Net Debt. These non-GAAP measures are reconciled to each of their respective most directly comparable GAAP financial measures on this Appendix E. We believe these non-GAAP measures provide useful information to our board of directors, management and investors, and our management uses these non-GAAP measures to compare our performance to that of prior periods for trend analyses, purposes of determining management incentive compensation and budgeting, forecasting and planning purposes.

We do not consider these non-GAAP measures an alternative to financial measures determined in accordance with GAAP. The principal limitations of these non-GAAP financial measures are that they may exclude significant expenses and income items that are required by GAAP to be recognized in our consolidated financial statements. In addition, they reflect the exercise of management's judgment about which expenses and income items are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, management provides reconciliations of the non-GAAP financial measures we use to their most directly comparable GAAP measures. Non-GAAP financial measures should not be relied upon, in whole or part, in evaluating the financial condition, results of operations or future prospects of the Company.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Appendix F

Questions and Answers About the Annual Meeting

Q: WHAT AM I VOTING ON?

A: You are being asked by the Company to vote on five matters: (1) the election of three Class II directors: C. David Brown II, Thomas I. Morgan and Lisa M. Palumbo (information about each nominee is included in the Information on the Nominees for Election to the Board of Directors section); (2) approval of an amendment to the Company's Amended and Restated Certificate of Incorporation to declassify the board of directors (information can be found in Proposal 2); (3) approval of an amendment to the Company's Amended and Restated Certificate of Incorporation to eliminate the supermajority voting provisions (information can be found in Proposal 3); (4) approval, in a non-binding vote, of the compensation of our named executive officers as disclosed in this Proxy Statement (referred to herein as Say on Pay, information can be found in Proposal 4); and (5) ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for 2019 (information can be found in Proposal 5). **The Board of Directors recommends that you vote FOR each of the director nominees listed above and FOR each of the other proposals.**

Q: WHO IS ENTITLED TO VOTE?

A: The record holder of each of the 49,798,727 shares of Rayonier Advanced Materials common stock (Common Stock) outstanding at the close of business on March 22, 2019 is entitled to one vote for each share of stock owned.

Q: HOW DO I VOTE?

A: You can vote in any one of the following ways:

You can vote on the Internet by following the Vote by Internet instructions on your Notice of Internet Availability (Internet Notice) or proxy card.

You can vote by telephone by following the Vote by Phone instructions on the www.ProxyVote.com website referred to in the Internet Notice, or, if you receive hard copies of the proxy solicitation materials, by following the Vote by Phone instructions referred to in your proxy card.

If you receive hard copies of the proxy solicitation materials, you can vote by mail by signing and dating your proxy card and mailing it in the provided prepaid envelope. If you mark your voting instructions on the proxy card, your stock will be voted as you instruct. If you return a signed and dated card but do not provide voting instructions, your stock will be voted in accordance with the recommendations of the Board of Directors.

You can vote in person at the Annual Meeting by delivering a completed proxy card or by completing a ballot available upon request at the meeting. However, if you hold your stock in a bank or brokerage account rather than in your own name, you must obtain a legal proxy from your broker, bank or other holder of record in order to vote at the meeting.

Regardless of how you choose to vote, your vote is important and we encourage you to vote promptly.

Q: HOW DO I VOTE STOCK THAT I HOLD THROUGH AN EMPLOYEE BENEFIT PLAN SPONSORED BY THE COMPANY?

A: If you hold Common Stock of the Company through any of the following employee benefit plans, you can vote them by following the instructions above:

Rayonier Advanced Materials Inc. Investment and Savings Plan for Salaried Employees

Rayonier Advanced Materials Inc. Jesup Plant Savings Plan for Hourly Employees

Rayonier Advanced Materials Inc. Fernandina Plant Savings Plan for Hourly Employees

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Note that if you do not vote your stock held in any of these Company employee benefit plans or do not specify your voting instructions on your proxy card, the trustee of the employee benefit plans will vote your plan stock in the same proportion as the stock for which voting instructions have been received. **To allow sufficient time for voting by the trustee, your voting instructions for stock held in the above employee benefit plans must be received by May 15, 2019.**

Q: WHAT DO I NEED TO DO TO ATTEND THE ANNUAL MEETING?

A: To attend the Annual Meeting, you will need to bring (1) proof of ownership of Common Stock as of the record date, which is the close of business on March 22, 2019 and (2) a valid government-issued photo identification. If you are a stockholder of record, proof of ownership can include your proxy card or the Internet Notice. If your stock is held in the name of a broker, bank or other holder of record, you must present proof of your beneficial ownership, such as a proxy obtained from your street name nominee (particularly if you want to vote your stock at the Annual Meeting) or a bank or brokerage account statement (in which case you will not be able to vote your stock at the Annual Meeting), reflecting your ownership of Common Stock as of the record date. **If you do not have proof of ownership together with a valid picture identification, you will not be admitted to the meeting.**

Admission to the Annual Meeting is limited to stockholders as of the record date and one immediate family member; one individual properly designated as a stockholder's authorized proxy holder; or one qualified representative authorized to present a stockholder proposal properly before the meeting.

No cameras, recording equipment, large bags, briefcases, or packages will be permitted in the Annual Meeting. The Company may implement additional security procedures to ensure the safety of the meeting attendees.

Q: IS MY VOTE CONFIDENTIAL?

A: Proxy cards, ballots and reports of Internet and telephone voting results that identify individual stockholders are mailed or returned directly to Broadridge Financial Services, Inc. (Broadridge), our

vote tabulator, and handled in a manner that protects your privacy. Your vote will not be disclosed except:

As needed to permit Broadridge and our inspector of elections to tabulate and certify the vote

As required by law

If we determine that a genuine dispute exists as to the accuracy or authenticity of a proxy, ballot or vote; or

In the event of a proxy contest where all parties to the contest do not agree to follow our confidentiality policy

Q: WHAT STOCK IS COVERED BY MY INTERNET NOTICE OR PROXY CARD?

A: You should have been provided an Internet Notice or proxy card for each account in which you own Common Stock either:

Directly with Computershare, our transfer agent, as a stockholder of record, which includes stock purchased through any of our employee benefit plans; or

Indirectly through a broker, bank or other holder of record.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE INTERNET NOTICE OR PROXY CARD?

A: It means that you have multiple accounts in which you own Common Stock. **Please vote all stock in each account for which you receive an Internet Notice or proxy card to ensure that all your stock is voted.** However, for your convenience we recommend that you contact your broker, bank or our transfer agent to consolidate as many accounts as possible under a single name and address. Our transfer agent is Computershare. All communications concerning stock you hold in your name, including address changes, name changes, requests to transfer stock and similar issues, can be handled by making a toll-free call to Computershare at 1-866-246-0322. From outside the U.S. you may call Computershare at 201-680-6578.

Q: HOW CAN I CHANGE MY VOTE?

A: You can revoke your proxy and change your vote by:

Voting on the Internet or by telephone before 11:59 p.m. Eastern Daylight Time on the day before the Annual Meeting or, for employee benefit plan stock, the cut off date noted above (only your most recent Internet or telephone proxy is counted)

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Signing and submitting another proxy card with a later date at any time before the polls close at the Annual Meeting

Giving timely written notice of revocation of your proxy to our Corporate Secretary at 1301 Riverplace Boulevard, Suite 2300, Jacksonville, Florida 32207; or

Voting again in person before the polls close at the Annual Meeting

Q: HOW MANY VOTES ARE NEEDED TO HOLD THE MEETING?

A: In order to conduct the Annual Meeting, a majority of the Common Stock outstanding as of the close of business on March 22, 2019 must be present, either in person or represented by proxy. All stock voted pursuant to properly submitted proxies and ballots, as well as abstentions and stock voted on a discretionary basis by banks or brokers in the absence of voting instructions from their customers, will be counted as present and entitled to vote for purposes of satisfying this requirement.

Q: HOW MANY VOTES ARE NEEDED TO ELECT THE NOMINEES FOR DIRECTOR?

A: The affirmative vote of a majority of the votes cast with respect to each nominee at the Annual Meeting is required to elect that nominee as a director. For this proposal, a majority of the votes cast means that the number of votes **FOR** a nominee must exceed the number of votes **AGAINST** a nominee. Abstentions will therefore not affect the outcome of director elections.

Please note that under NYSE rules, banks and brokers are not permitted to vote the uninstructed stock of their customers on a discretionary basis (referred to as broker non-votes) in the election of directors. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock in the election of directors, no votes will be cast on your behalf in the election of directors. **Because broker non-votes will have no effect on the outcome of the vote, it is critical that you instruct your bank or broker if you want your vote to be counted in the election of directors.**

Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE PROPOSAL TO AMEND THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS?

A: The proposal to amend the Company's Amended and Restated Certificate of Incorporation to declassify the board of directors will be approved if holders of 80% of the outstanding shares of stock entitled to vote at the Annual Meeting cast votes **FOR** the proposal. Abstentions will not count as votes cast and therefore will not affect the outcome.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to a Board declassification proposal. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have the same effect as a vote against the proposed amendment, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE PROPOSAL TO AMEND THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE THE SUPERMAJORITY VOTING PROVISIONS?

A: The proposal to amend the Company's Amended and Restated Certificate of Incorporation to remove the supermajority voting provisions will be approved if holders of 80% of the outstanding shares of stock entitled to vote at the Annual Meeting cast votes **FOR** the proposal. Abstentions will not count as votes cast and therefore will not affect the outcome.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to removal of supermajority voting provisions. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have the same effect as a vote against the proposed amendment, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE SAY ON PAY PROPOSAL?

A: The affirmative vote of a majority of shares of Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote is required for approval, on an advisory basis, of the Say on Pay proposal. Abstentions will have the same effect as a vote AGAINST this proposal. Broker non-votes will not affect the outcome of the proposal.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to executive compensation. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have no effect on the outcome of the vote, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM?

A: The affirmative vote of a majority of shares of Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of the Company's independent registered public accounting firm. Abstentions will have the same effect as a vote AGAINST this proposal. Any broker non-votes will have no effect on the ratification of the appointment of our independent registered public accounting firm; however, because brokers, banks and other nominees are permitted under NYSE rules to vote on this routine proposal even if such broker, bank or other nominee does not receive voting instructions, we do not expect broker non-votes on this routine proposal.

Q: WILL ANY OTHER MATTERS BE VOTED ON?

A: We do not expect any other matters to be considered at the Annual Meeting. However, if a matter not listed on the Internet Notice or proxy card is legally and properly brought before the Annual Meeting, the persons named as proxies in our proxy materials intend to vote the shares for which we have received proxies in accordance with their best judgment. Under the Company's Bylaws, all

stockholder proposals must have been received by December 7, 2018 to be considered for inclusion in this Proxy Statement, and all other stockholder proposals and director nominations must have been received between January 22, 2019 and February 21, 2019 to be otherwise properly brought before the Annual Meeting. We have not received any stockholder proposals or director nominations from stockholders to be acted upon at the Annual Meeting.

Q: WHO WILL COUNT THE VOTES?

A: Representatives of Broadridge will count the votes, however submitted. A Company representative will act as inspector of elections.

Q: HOW WILL I LEARN THE RESULTS OF THE VOTING?

A: We intend to announce the preliminary voting results of the proposals at the Annual Meeting and to disclose final voting results in a Form 8-K to be filed with the SEC no later than four business days following the Annual Meeting (or, if final results are not available at the time, within four business days of the date on which final results become available).

Q: WHO PAYS THE COST OF THIS PROXY SOLICITATION?

A: The Company pays the costs of soliciting proxies and has retained The Proxy Advisory Group, LLC to assist in the solicitation of proxies and provide related advice and informational support. For these services, the Company will pay The Proxy Advisory Group, LLC a services fee and reimbursement of customary expenses, which are not expected to exceed \$30,000 in the aggregate. The Company will also reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of the Common Stock. Additionally, directors, officers and employees may solicit proxies on behalf of the Company by mail, telephone, facsimile, email and personal solicitation. Directors, officers and employees will not be paid additional compensation for such services.

Q: WHEN ARE STOCKHOLDER PROPOSALS FOR THE 2020 ANNUAL MEETING OF STOCKHOLDERS DUE?

A: For a stockholder proposal to be considered for inclusion in the Company's Proxy Statement for the

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

2020 Annual Meeting of Stockholders (the 2020 Annual Meeting), the Company's Corporate Secretary must receive the written proposal at our principal executive offices no later than the close of business on December 10, 2019. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. The submission of a proposal in accordance with these requirements does not guarantee we will include the proposal in our Proxy Statement or on our proxy card. Proposals should be addressed to:

Corporate Secretary

Rayonier Advanced Materials Inc.

1301 Riverplace Boulevard, Suite 2300

Jacksonville, Florida 32207

For a stockholder proposal (including a director nomination) to be properly brought before the stockholders at the 2020 Annual Meeting outside of the Company's Proxy Statement, the stockholder must comply with the requirements of the Company's Bylaws and give timely notice in accordance with such

Bylaws, which, in general, require the notice be received by the Corporate Secretary: (i) no earlier than the close of business on January 21, 2020; and (ii) no later than the close of business on February 20, 2020.

If the date of the 2020 Annual Meeting is moved more than 30 days before or more than 60 days after May 20, 2020, then notice of a stockholder proposal that is not intended to be included in the Company's Proxy Statement must be received no earlier than the close of business 120 days prior to the meeting and not later than the close of business on the later of: (a) 90 days prior to the meeting; or (b) if the first public announcement of the date of the 2020 Annual Meeting is less than 100 days prior to the date of such meeting, 10 days after public announcement of the meeting date.

We strongly encourage any stockholder interested in submitting a proposal for the 2020 Annual Meeting to contact our Corporate Secretary at (904) 357-4600 prior to submission in order to discuss the proposal.
