PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

Mailed on or about April 11, 2019

Why am I receiving these materials?

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Chart Industries, Inc. (the Company, Chart, we, us and our) for use at the Annual Meeting of Stockholders of the Company on May 22, 2019 at 9:00 a.m., Eastern Time, and any adjournments or postponements thereof (the Annual Meeting). The time, place and purposes of the Annual Meeting are stated in the Notice of Annual Meeting of Stockholders accompanying this proxy statement.

Why do the proxy materials contain information regarding the Internet availability of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the SEC), the Company has opted to provide access to our proxy materials primarily over the Internet, which will allow us to capture costs and reduce the environmental impact of printing and mailing proxy materials. Proxy materials for the Company's Annual Meeting, including the 2018 Annual Report and this proxy statement, are available over the Internet by accessing www.proxydocs.com/GTLS. While we have elected to make our proxy materials available online, you may request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request an additional printed copy are available at www.proxydocs.com/GTLS. You also can obtain a printed copy of this proxy statement, free of charge, by writing to: Secretary, c/o Chart Industries, Inc., 3055 Torrington Drive, Ball Ground, Georgia 30107, or by submitting a request via email to herbert.hotchkiss@chartindustries.com or by telephone at 770-721-8800.

Who is paying for this proxy solicitation?

The expense of soliciting proxies, including the cost of preparing, assembling and mailing the notice, proxy statement and proxy, will be borne by us. We may pay persons holding our common stock (Common Stock) for expenses incurred in sending proxy materials to their principals. In addition to solicitation of proxies by mail, our directors, officers and employees, without additional compensation, may solicit proxies by telephone, electronically via e-mail and personal interview. We may also retain a proxy solicitation firm to assist in the solicitation of proxies.

What voting rights do I have as a Stockholder?

On each matter to be voted on, you have one vote for each outstanding share of our Common Stock you own as of March 26, 2019, the record date for the Annual Meeting. Only stockholders of record at the close of business on March 26, 2019 are entitled to receive notice of and to vote at the Annual Meeting. On this record date, there were 31,731,862 shares of Common Stock outstanding and entitled to vote. Stockholders do not have the right to vote cumulatively in the election of directors.

How do I vote?

If you are a stockholder of record, you can vote: (i) in person at the Annual Meeting; (ii) by signing and mailing in your proxy card in the enclosed envelope (if you elected to receive printed materials); (iii) by submitting a proxy by telephone by calling 1-866-509-1048; or, (iv) via the Internet at www.proxypush.com/GTLS. Stockholders who wish to attend the Annual Meeting in person may receive directions to the Annual Meeting location by contacting our Secretary at 770-721-8800. Proxies submitted via the telephone or Internet must be received by 5:00 p.m. Eastern Time on May 21, 2019. More detailed instructions are included on the proxy card. In order to submit a proxy via the telephone or Internet, please follow the instructions on the proxy card.

If you are a stockholder of record, the proxy holders will vote your shares based on your directions. If you sign and return your proxy card, but do not properly direct how your shares of Common Stock should be voted, the proxy holders will

Table of Contents

vote **FOR** the director nominees, **FOR** the ratification of Deloitte & Touche LLP, and **FOR** the approval, on an advisory basis, of the Company's executive compensation. The proxy holders will use their discretion on any other proposals and other matters that may be brought before the Annual Meeting.

If you hold shares of Common Stock through a broker or nominee, you may vote in person at the Annual Meeting *only* if you have obtained a signed proxy from your broker or nominee giving you the right to vote your shares.

Can I revoke or change my vote after I submit a proxy?

Yes. You can revoke your proxy or change your vote at any time before the proxy is exercised at the Annual Meeting. This can be done by either submitting another properly completed proxy card with a later date, sending a written notice to our Secretary (we must receive your new proxy card or written notice before the Annual Meeting begins), or you may attend the Annual Meeting and vote in person. You should be aware that simply attending the Annual Meeting will not automatically revoke your previously submitted proxy, rather you must notify a Chart representative at the Annual Meeting of your desire to revoke your proxy and vote in person.

What vote is required to approve each of the proposals?

Election of Directors (Proposal 1). The nominees receiving the greatest number of votes will be elected (plurality). However, we have adopted a majority voting policy that is applicable in uncontested director elections. This means that the plurality standard will determine whether a director nominee is elected, but our majority voting policy will further require that the number of votes cast for a director must exceed the number of votes withheld from that director or the director must submit his or her resignation. The Nominations and Corporate Governance Committee, or, in limited circumstances, the Board, would then consider whether to recommend that the Board accept or reject the resignation (see Corporate Governance and Related Matters Corporate Governance Guidelines Majority Voting Policy below for additional details). A proxy card marked **Withhold** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Abstentions and broker non-votes will have no effect on the election of directors.

Auditor Ratification (Proposal 2). Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares entitled to vote and present in person or by proxy. A proxy card marked **Abstain** with respect to this proposal will not be voted, although it will be counted for purposes of determining the total number of shares entitled to vote at the meeting. Accordingly, if you **Abstain** from voting, it will have the same effect as an **Against** vote. Broker non-votes will have no effect on the ratification.

Approval, on an advisory basis, of the Company's executive compensation (Proposal 3). The executive compensation advisory vote will be decided by the affirmative vote of a majority of the shares entitled to vote and present in person or by proxy. A proxy card marked **Abstain** with respect to this proposal will not be voted, although it will be counted for purposes of determining the total number of shares entitled to vote at the meeting. Accordingly, if you **Abstain** from voting, it will have the same effect as an **Against** vote. Broker non-votes will have no effect on the proposal. Although the vote is non-binding, the Board of Directors and the Compensation Committee will review the voting results in connection with their ongoing evaluation of our executive compensation program.

What constitutes a quorum?

A quorum of stockholders will be present at the Annual Meeting if at least a majority of the aggregate voting power of Common Stock outstanding on the record date is represented at the Annual Meeting, in person or by proxy. With 31,731,862 shares outstanding as of the close of business on the record date, stockholders representing at least 15,865,932 shares will be required to establish a quorum. Abstentions and broker non-votes will be counted towards the quorum requirement.

Can Stockholders make proposals for the 2019 Annual Meeting?

From time to time, stockholders present proposals that may be proper subjects for inclusion in the proxy statement and for consideration at an Annual Meeting. To be included in the proxy statement for the Annual Meeting, the Company must have received such proposals no later than December 12, 2018.

Table of Contents

Pursuant to the Company's By-Laws, stockholders may present proposals that are proper subjects for consideration at an annual meeting. The Company's By-Laws require all stockholders who intend to make proposals at an annual meeting to submit their proposals to the Company within specific dates in order to be eligible for consideration at an annual meeting. See [Stockholder Communications with the Board](#) on page 13, and [Stockholder Proposals for 2020 Annual Meeting](#) on page 68, for more details about this By-Laws provision. To be eligible for consideration at the 2019 Annual Meeting, proposals that were not submitted for inclusion in the proxy statement by December 12, 2018 must have been received by the Company no earlier than January 25, 2019 and no later than February 24, 2019. The Company has not received any stockholder proposals for the 2019 Annual Meeting.

Corporate Governance and Related Matters

CORPORATE GOVERNANCE UPDATES

In 2018, we continued to build on our strategy to focus on our core cryogenic expertise, and align the business leadership to facilitate profitable growth. In addition to changes to our segments, as described further in Compensation Discussion and Analysis Executive Summary on page 21, we consummated the strategic acquisition of VRV S.r.l and its subsidiaries and divested the oxygen-related products business within our former BioMedical segment. Changes to our management team have also positioned us for long-term growth and success. In connection with our ongoing efforts to achieve an orderly succession plan, Mr. Thomas, our former Chief Executive Officer, retired from his position as Executive Chairman and from the Board of Directors at the May 25, 2018 Annual Meeting. In June 2018, Ms. Jillian C. Evanko, our then Chief Financial Officer, who was instrumental in driving the Company's recent balanced growth while unlocking significant cost savings through operating synergies, replaced Mr. Johnson as our Chief Executive Officer. Ms. Evanko also continued to serve in the role of interim Chief Financial Officer for the remainder of 2018.

In addition to Ms. Evanko, our executive officer group consists of Gerald F. Vinci, our Vice President, Chief Human Resources Officer, who was in his role at the 2018 year end; Jeffrey R. Lass, Vice President and Chief Financial Officer, who joined Chart in January 2019; and Herbert G. Hotchkiss, Vice President, General Counsel and Secretary, who joined in March 2019.

Finally, on February 26, 2019, Thomas L. Williams notified the Company that he did not intend to stand for re-election at the Annual Meeting. The Board subsequently nominated David M. Sagehorn for election to the Board at the Annual Meeting.

BOARD LEADERSHIP STRUCTURE

We do not have an express policy as to whether the roles of Chairman and Chief Executive Officer should be combined or separated. The Board maintains the flexibility to determine the leadership structure that best serves the interests of the Company. The independent directors of the Nominations and Corporate Governance Committee (NCGC) conduct annual assessments of the Company's corporate governance structures and processes, and the NCGC regularly considers and is open to different Board leadership structures as circumstances may warrant. The Board believes, at this time, that the Chairman and Chief Executive Officer roles should be separate, and accordingly approved an amendment to the Company's Corporate Governance Guidelines to only require a Lead Independent Director when the Chairman of the Board is not independent.

The Board believes that under current circumstances, the Chairman and Chief Executive Officer roles should be split to allow the Chief Executive Officer to remain focused on critical operational and strategic management of the Company and to utilize the extensive experience of Mr. Krablin given his tenure on the Board. Our corporate governance structure enables clear delineation of responsibility and more focused leadership, creates clear accountability, and enhances our ability to effectively communicate the Company's strategy and message clearly and consistently to stockholders, customers, suppliers, employees, and other constituencies.

BOARD'S ROLE IN RISK OVERSIGHT

Our management team is responsible for the day-to-day management of the risks the Company faces, while the Board, as a whole and through its committees, is responsible for the oversight of material risk management. In its risk oversight role, the Board reviews significant individual matters, as well as risk management processes designed and implemented by management with respect to risk generally. The Board has designated the Audit Committee as the Board committee with general risk oversight responsibility. The Audit Committee has quarterly discussions with management about the Company's major risk exposures, those processes management has implemented to monitor and control those exposures, and broader risk categories, including risk assessment and risk management policies. Management provides quarterly reports to the Audit Committee regarding areas of material risk to the Company, which include operational, financial, legal, regulatory, strategic, and reputational risks. Additionally, members of our senior corporate management and the senior executives of our business units regularly attend Board meetings, and are available to address Board inquiries on risk oversight matters generally or on individual matters of significance to the Company. Separate and apart from quarterly risk reviews and other communications between senior executives and the Board, many actions that potentially present a higher risk profile, such as acquisitions,

material changes to our capital structure, or significant investments, require review or approval by the Board or its committees as a matter of oversight and corporate governance.

CORPORATE GOVERNANCE GUIDELINES

The Board, directly and through its committees, continuously monitors emerging best practices in corporate governance and has adopted Corporate Governance Guidelines. A copy of the Corporate Governance Guidelines can be found online at www.chartindustries.com by clicking on the link for Investors. You also can obtain a printed copy of this document, free of charge, by writing to: Secretary, c/o Chart Industries, Inc., 3055 Torrington Drive, Ball Ground, Georgia 30107. The Company's Corporate Governance Guidelines have evolved over time, as customary practice and legal requirements change, or as our Board deems appropriate from time to time.

Majority Voting Policy. In December 2013, the Board approved and adopted changes to the Guidelines to implement a majority voting policy in uncontested director elections. Our Corporate Governance Guidelines now require that a director nominee in an uncontested election who does not receive the affirmative vote of a majority of votes cast submit an offer of resignation to the NCGC. Voter abstentions and broker non-votes are not considered votes cast for this purpose and thus are not counted as either votes for or withheld from a director's election. An uncontested election is an election in which the number of director nominees does not exceed the number of directors to be elected at that meeting.

Director nominees who fail to receive the affirmative vote of a majority of votes cast in an uncontested election must promptly tender an offer of resignation for consideration by the NCGC or, in limited circumstances, the Board, in accordance with the Corporate Governance Guidelines. The NCGC will review the resignation and make a recommendation to the Board on whether it should accept or reject such offer. A director nominee who tenders resignation pursuant to this policy will not participate in the NCGC review or the Board consideration of whether to accept or reject his or her resignation. The NCGC and the Board will take into account the facts and circumstances they deem appropriate in considering such offer of resignation, including those written in our Guidelines. Thereafter, the Board will make and publicly disclose its decision to accept or reject an offer of resignation submitted pursuant to this policy within 90 days following certification of the applicable election results. If an offer of resignation pursuant to this policy is rejected, the Board will disclose publicly its reasons for rejecting the offer.

Executive Compensation Clawback Policy. Effective January 1, 2015, our Compensation Committee adopted an executive compensation clawback policy. For information about the Company's clawback policy, turn to Other Compensation Policies on page 34.

DIRECTOR INDEPENDENCE

The Company's Corporate Governance Guidelines and the NASDAQ listing standards provide that at least a majority of the members of the Board of Directors must be independent, or free of any material relationship with the Company, other than his or her relationship as a director or Board Committee member. A director is not independent if he or she fails to satisfy the standards for independence under the NASDAQ listing standards, the rules of the SEC, or any other applicable laws, rules and regulations.

The Board of Directors conducts an annual review of our directors' independence. In this review, the Board considers transactions, relationships and arrangements between the Company and each director or immediate family member of the director. The Board also considers transactions, relationships and arrangements between Company senior management and each director or immediate family member of the director. In February 2019, the Board of Directors performed its director independence review for 2019.

As a result of this review, the Board determined that all of our non-management director nominees are independent and satisfy NASDAQ independence requirements. Ms. Evanko is not considered independent because of her employment with the Company.

In the course of determining the independence of Mr. Molinini, the Board specifically considered his role as former Chief Executive Officer and President of Airgas, Inc. and determined that his previous employment did not impact his independence.

Table of Contents**BOARD MEETINGS**

There were seven meetings of the Board of Directors during the fiscal year ended December 31, 2018. Each director attended at least 75% of the aggregate of (1) the total number of meetings of the Board of Directors held during the period he or she served as a director and (2) the total number of meetings held by committees of the Board on which he or she served. Board members are expected to attend our Annual Meeting of Stockholders, and all current members attended the 2018 Annual Meeting. In fiscal year 2018, five of the seven meetings of the Board of Directors were regular meetings and there were seven executive sessions. Executive sessions are presided over by the Chairman of the Board (if an independent director) or a Lead Independent Director if the roles of Chief Executive Officer and Chairman are combined, and are generally held in connection with each regularly scheduled Board meeting.

COMMITTEES OF THE BOARD OF DIRECTORS

The Special Stock Plan Committee is described in more detail on page 11.

The Board of Directors may change committee membership from time to time on the recommendation of the NCGC.

In addition, our Board has determined that Mr. Sagehorn would also qualify as an Audit Committee financial expert as defined above, and that he would be designated as such upon his election to our Board. Our Board's determination that Messrs. Chen and Krablin qualify as Audit Committee financial experts does not reflect a determination that any other member of the Audit Committee does not so qualify.

Primary Responsibilities. The Compensation Committee is responsible for, among other things: (1) reviewing key employee compensation policies, plans and programs; (2) reviewing and approving the compensation of our chief executive officer and other executive officers; (3) reviewing and approving employment contracts and other similar arrangements between us and our executive officers; (4) reviewing and consulting with the chief executive officer on the selection of officers and evaluation of executive performance and other related matters; (5) administration of stock plans and other incentive compensation plans; (6) overseeing compliance with any applicable compensation reporting requirements of the SEC; (7) approving the appointment and removal of trustees and investment managers for pension fund assets; (8) retaining consultants to advise the committee on executive compensation practices and policies; (9) establishing and periodically reviewing succession plans for our executive officers and others; (10) determining stock ownership guidelines for the Chief Executive Officer and other executive officers and monitoring compliance with such guidelines; and (11) handling such other matters that are specifically delegated to the Compensation Committee by the Board of Directors from time to time.

To further assist it in carrying out its responsibilities, the Compensation Committee engaged Meridian Compensation Partners, LLC (Meridian), an independent, nationally recognized, compensation consulting firm, to assist in evaluating our executive compensation structure and expenses. The Compensation Committee may change its compensation consultant from time to time in its sole discretion. Prior to engaging Meridian to provide consulting services for 2019, the Compensation Committee considered Meridian's representations demonstrating its independence under applicable NASDAQ standards and concluded Meridian was independent.

In 2018, Meridian's duties and responsibilities included:

Providing information and advice relative to base salary, annual incentive compensation targets, and long-term incentive compensation award decisions for executive officers;

Providing information and advice on the selection of companies and groups of companies against which to benchmark executive compensation;

Providing information on compensation paid by peer companies and companies in broader industry groups to their executive officers;

Providing information and advice regarding market practices as to various executive compensation arrangements;

Evaluating the competitiveness of the total direct compensation of the Company's executive officers and other executives and each of its individual components, including base salary, annual bonus and long-term incentive awards;

Advising the Compensation Committee on alternative structures, forms of compensation, performance measures and allocation considerations;

Providing information and advice about changes in executive compensation practices, trends and regulation; and

Providing information and advice on director compensation to the NCGC.

Special Stock Plan Committee. In October 2012, the Board established the Special Stock Plan Committee of the Board of Directors. The Special Stock Plan Committee consists of two members: Ms. Evanko and Mr. Brown. The Special Stock Plan Committee was created to provide the Compensation Committee with the ability to delegate authority to grant a limited quantity of equity awards under our shareholder-approved equity plans to key employees other than our executive officers and business group presidents. While the Special Stock Plan Committee generally acts by written consent without a meeting, in lieu of holding regularly scheduled meetings, the Compensation Committee receives an update on activity of the Special Stock Plan Committee at each meeting of the Compensation Committee. The Special Stock Plan Committee takes action as necessary to fulfill its purpose of allowing the Company to provide limited equity awards to employees under parameters preapproved by the Compensation Committee, without the time and expense incurred when the Compensation Committee approves individual awards.

ROLE OF EXECUTIVE OFFICERS IN COMPENSATION DECISIONS

Our Chief Executive Officer makes compensation recommendations to the Compensation Committee, including recommendations of salary adjustments, if any, annual cash incentives, and long-term and short-term awards. The Chief Executive Officer's recommendations are based on her annual review of the performance of the other executive officers and data provided by the compensation consultant concerning compensation practices among the Company's peer and broader industry groups. The Compensation Committee considers the Chief Executive Officer's recommendations when making executive compensation decisions, but the Committee retains full discretion to set all compensation for our executive officers.

CHIEF EXECUTIVE OFFICER SUCCESSION PLANNING

Our Compensation Committee periodically reviews and is responsible for the management, oversight, and monitoring of our succession planning process. We believe that having a succession planning process in place is fundamental to a comprehensive program of good corporate governance.

BOARD SUCCESSION PLANNING AND SELECTION AND NOMINATION OF DIRECTORS

New director nominees may be identified to the NCGC by professional search firms. Prospective director nominees are also identified through contacts of the members of the Board of Directors or members of senior management, or through recommendations of potential candidates by stockholders, employees, or others. Our new nominee to the Board, Mr. Sagehorn, was identified to the NCGC by a professional search firm. Once a prospective director nominee has been identified, the NCGC uses both the information provided to it, and information gathered through its own inquiries, to make an initial determination regarding the suitability and qualifications of the proposed candidate. In selecting new directors of the Company, consideration is given to individual director candidates' personal qualities and abilities, the Board members' collective skills and aptitudes for conducting oversight of the Company and management, and duties imposed by law and regulation. Important factors include:

Collectively, Board members will bring to the Company a broad range of complementary skills (such as an understanding of finance, manufacturing, operations, strategy and development, industrial gas and energy markets, sales and marketing, and experience in public company governance and international business), educational and professional expertise, industry and regulatory knowledge, and diversity of perspectives to build a capable, responsive, and effective Board;

Directors will have experience in policy-making levels of business and must have an aptitude for evaluating business matters and making practical and mature judgments;

Each director must, as determined by the Board, be qualified to perform duties of a director in accordance with the Delaware General Corporation Law as evidenced by the director's experience, accomplishments, skills and integrity;

Directors must be persons possessing the highest personal values and integrity;

Directors must be able to perform their duties in the best interests of the Company and its stockholders, without conflicts of interest; and

Ensuring that the Company complies with all legal and regulatory requirements concerning the independence and composition of the Audit, Nominations and Corporate Governance, Compensation, and any other committees of the Board, subject to any exemptions provided by the Listing Standards of the NASDAQ.

Directors must have time available to devote to Board activities, and the ability to work collegially with other Board members. In determining whether to recommend a director for re-election, the NCGC also considers a director's past attendance at meetings and participation in and contribution to the activities of the Board of Directors. At all times, at least one member of the Board must meet the definition of financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K, and serve on the Company's Audit Committee.

The NCGC considers all of the foregoing factors, among others, in identifying director candidates. The Company does not have a policy that requires us to consider the impact of any one factor by itself. In considering whether to recommend any candidate, including candidates recommended by stockholders, the NCGC applies the factors set forth in our Corporate Governance Guidelines and the NCGC Charter, which provide that diversity should be considered in the director identification and nomination process. The Committee seeks nominees with a diversity of experience, professions, skills,

Table of Contents

gender, race, geographic representation and backgrounds that collectively will build a capable, responsive and effective Board that is prepared to address the Company's strategic oversight and governance challenges. Although the NCGC does not assign specific weight to particular factors, any qualified nominee should have a core skill set that enables the nominee to serve the Company well as a director. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will enable the Board to fulfill its responsibilities.

The NCGC will use the above enumerated factors to consider potential candidates regardless of the source of the recommendation. Stockholder recommendations for director nominations may be submitted to the Company pursuant to the requirements described below in Stockholder Communications with the Board. Stockholder recommendations for director nominations will be forwarded to the NCGC for consideration, provided such recommendations are accompanied by sufficient information to permit the NCGC to evaluate the qualifications and experience of a nominee. See the Stockholder Communications with the Board section for more information about our advance notice requirements for stockholder nominations of director candidates.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD

Stockholders may communicate concerns directly to the entire Board, or specifically to non-management directors of the Board. These communications may be confidential or anonymous, if so designated, and may be submitted in writing to the following address: Secretary, c/o Chart Industries, Inc., 3055 Torrington Drive, Ball Ground, Georgia 30107. The status of outstanding concerns is reported on a quarterly basis to the Chairman.

the written consent of each proposed nominee to being named as a nominee and to serve as a director if elected;

a description of all agreements, arrangements, or understandings between such stockholder and any beneficial owner and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination is made by such stockholder and any material interest of such stockholder or beneficial owner in such nomination, including any anticipated benefit to the stockholder or beneficial owner therefrom;

Our By-Laws provide that stockholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of stockholders must provide timely notice of their proposal in writing to the corporate secretary. Proposal 1 Election of Directors

Upon the recommendation of the NCGC, the Board nominated six current directors and one new nominee, David M. Sagehorn, who will be standing for election at the 2019 Annual Meeting. One of our long-serving directors, Mr. Thomas L. Williams, will not stand for re-election to the Board at the 2019 Annual Meeting. Mr. Williams has advised the Company that his decision not to stand for re-election is due to other commitments and is not the result of any disagreements with the Company on any matter relating to the Company's operations, policies or practices. The Company is grateful for Mr. Williams' many years of service and for the valuable contributions he made to our Board.

Each director elected at the 2019 Annual Meeting will serve a one-year term expiring at the 2020 Annual Meeting. The seven director nominees have each indicated willingness to serve if elected. However, if any of the nominees should become unable or unwilling to serve, the Board may either reduce its size, or designate or not designate a substitute nominee. If the Board designates a substitute nominee, proxies that would have been cast for the original nominee will be cast for the substitute nominee, unless instructions are given to the contrary.

The information below provides each nominee's name, age as of March 26, 2019, and existing position with the Company, as well as the skills, attributes and experience of the nominees that led the Board, and the NCGC, to determine it appropriate to nominate these directors for election.

Our Board of Directors unanimously recommends a vote FOR the election of each of the following nominees for director:

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This executive summary provides an overview of our business performance in 2018, highlights the key components and structure of our executive compensation program, and discusses the principles underlying our compensation policies and procedures. This executive summary also addresses other matters we believe explain and demonstrate our performance-based compensation philosophy. The five individuals who are referred to throughout this Proxy Statement as our named executive officers (or NEOs) are listed under Elements of Compensation Base Salary below. This executive summary should be read together with the full Compensation Discussion and Analysis that follows.

EXECUTIVE SUMMARY

Strategy and Leadership.

In 2018, we continued to build on our strategy to focus on our core cryogenic expertise, and align the business leadership to facilitate profitable growth. In addition to structuring our segments into Energy & Chemicals (E&C), Distribution & Storage East (D&S East), and Distribution & Storage West (D&S West), we consummated the strategic acquisition of VRV S.r.l and its subsidiaries (VRV) and divested the oxygen-related products business within our former BioMedical segment. Changes to our management team have also positioned us for long-term growth and success. In connection with our ongoing efforts to achieve an orderly succession plan, Mr. Thomas, our former Chief Executive Officer (CEO), retired from his position as Executive Chairman and from the Board of Directors at the May 25, 2018 Annual Meeting. In June 2018, Ms. Jillian (Jill) C. Evanko, our then Chief Financial Officer (CFO), who was instrumental in driving the Company's recent balanced growth while unlocking significant cost savings through operating synergies, replaced Mr. Johnson as our CEO. Ms. Evanko also continued to serve in the role of interim CFO for the remainder of 2018.

In addition to Ms. Evanko, our executive officer group consists of Gerald (Gerry) F. Vinci, our Vice President, Chief Human Resources Officer (CHRO), who was in his role at the 2018 year end; Jeffrey R. Lass, Vice President and CFO, who joined Chart in January 2019; and Herbert G. Hotchkiss, Vice President, General Counsel and Secretary, who joined in March 2019. Ms. Evanko and Mr. Vinci, their dedicated teams and the rest of the Chart organization, contributed to enhanced operating performance and the execution of a number of strategic initiatives in 2018, each as described below.

Fiscal 2018 Business Performance Highlights.

Operating Performance. Sales in 2018 of \$1,084.3 million increased 28.6% compared to 2017 (13.4% organically), across all segments including double-digit organic growth in our E&C segment and our D&S West segment. Selling, general and administrative expenses as a percentage of consolidated sales decreased from 21.5% in 2017 to 16.8% in 2018 as a result of the improvement generated by our recent restructuring and cost-reduction initiatives. Operating

income in 2018 of \$92.1 million increased 139.2% compared to 2017 (134.0%, organically), across all segments. 2018 full year reported EPS of \$1.67 was a significant increase over 2017 full year reported EPS of \$0.84, reflecting the execution of profitable growth and disciplined cost reductions.

Continued strong demand for natural gas liquids, petrochemical applications and bulk industrial gas applications was reflected in our 2018 order strength. Full year 2018 orders of \$1,142 million increased 32.6% over 2017 (11.7% organically). Orders reflected record annual levels for Europe, packaged gas, and trailers. Each segments orders increased year-over-year. 2018 year end backlog of \$568.2 million was a record, and covers over 50% of our 2019 full year forecast.

Strategic Initiatives. Chart enters 2019 well positioned to capitalize on opportunities. In 2018, we continued to pursue our overall strategic plan:

Strategic Realignment of Segment Structure. As part of our continued strategy of focusing on our core cryogenic expertise, and to align the business leadership to facilitate profitable growth as well as to help focus on geographic expansion outside of North America, we executed a strategic realignment of our segment structure during the third

Table of Contents

quarter 2018. This strategic realignment resulted in the division of our D&S segment into two segments (D&S West and D&S East) and leaving the structure of our third segment, E&C, intact. We believe these changes will facilitate our growth strategies, better align with our customer needs, and provide increased transparency of business results to our shareholders.

Continued investment in organic growth. The investments we continue to make to diversify our product portfolio and revenue streams are paying off in the form of new opportunities to apply our heat transfer, low temperature storage and gas processing expertise. Investment in research and development has resulted in our ability to offer a broad range of products and solutions to our traditional energy and industrial gas end markets as well as specialty markets such as hydrogen, food and beverage, life sciences, cannabis and space exploration industries, among others. For example, our patented and trademarked IPSMR[®] process technology continues to receive positive feedback from the market, including being slated for use on upcoming export terminal projects, as well as successfully undergoing technical evaluations by major oil and gas companies for potential inclusion in future LNG projects. In 2018, we had \$35.6 million in capital expenditures, including investment in additional furnace capacity in our brazed aluminum heat exchanger facility in La Crosse, Wisconsin. We continue to invest in our automation, process improvement, and productivity activities across Chart, with anticipated capital expenditures for 2019 to be in the range of \$35.0 to \$40.0 million, including anticipated capital spending at VRV, potential investment in a LNG fuel systems production line in Europe, and automation projects.

Completion of two strategic acquisitions. We made two synergistic acquisitions in 2018, utilizing our strong balance sheet and cash position to expand our presence within our core markets and leveraging our technological expertise, as well as expanding our after-market service and repair offerings.

Acquisition of Skaff Cryogenics. We closed the acquisition of Skaff Cryogenics (Skaff) on January 2, 2018. This acquisition continues to build upon our strong distribution and storage installed base to build out a full solution for our industrial gas customers. This acquisition contributes to our global footprint of repair capabilities, which was also enhanced in August 2017 by the acquisition of VCT Vogel in Germany. Skaff's results are included in our D&S West segment.

Acquisition of VRV. On November 15, 2018, we completed the acquisition of VRV. VRV is a diversified multinational group of companies engaged in the design and manufacture of pressure equipment serving the cryogenic, as well as the energy and petrochemical end markets. The acquisition complements our D&S East and E&C end markets and technologies, expands our presence in Europe and India, and extends our end market into the warm side of energy and petrochemical processing. VRV is expected to add annual net sales of \$115 million in 2019, achieve significant cost synergies related to operational efficiencies and sourcing, and be accretive to earnings in our first full year of ownership.

Divestiture of Oxygen-Related Products Business. On December 20, 2018, we closed on the sale of all of the equity interests in our oxygen-related products business within our former BioMedical segment to NGK SPARK PLUG CO., LTD. The strategic decision to divest the oxygen-related products business reflects our strategy and capital allocation approach to focus on our core cryogenic capabilities and product offerings. The remaining former BioMedical segment business, cryobiological storage systems, is now part of D&S West.

Fiscal 2018 Executive Compensation Highlights.

Pay for Performance. We are fully dedicated to aligning executive pay to Company performance. Compensation opportunities, particularly short- and long-term incentives, are determined at the beginning of each year. The amounts earned from our compensation program are largely driven by Company performance financial results, strategic accomplishments and growth in shareholder value.

In order to further align compensation with performance, the Committee approved several design changes for 2019 equity awards:

Added a double trigger change in control provision to all equity award agreements beginning in December 2018. This change was made to conform to the majority market practice and will apply to situations where a buyer assumes the Company's outstanding awards; otherwise, the awards revert to a single trigger.

Modified equity award mix for executives to increase the portion of performance-based awards, with PSUs representing 40% (versus 20% previously) and options now representing 30% of the total awards (versus 50% previously).

Table of Contents

Adopted a new form of PSU agreement which includes an operating income metric (in addition to the existing absolute return on average capital (ROIC) measure), and includes a formula to increase the target performance metrics to reflect revenue from large LNG projects, thereby more effectively linking the performance targets to industry and market conditions and eliminating the possibility of skewed results in the event of a one-time significant and unbudgeted large LNG project.

Consistent with the performance-based philosophy that is the basis of our compensation program, the Company's 2018 financial performance directly impacted NEO compensation decisions and pay outcomes. The direct impact and alignment of compensation with Company performance is evidenced in part by the following:

Continued practice of minimal and market-based base salary increases for continuing NEOs. Ms. Evanko's base salary was increased in connection with her promotion to CEO in June 2018, yet was initially lower than the salary of her predecessor. The base salary for the other continuing NEO, Mr. Vinci, was marginally higher in 2018 than 2017. Base salaries for both Ms. Evanko and Mr. Vinci represented a smaller portion of their total compensation opportunity than in 2017. This is a reflection of the Committee's assessment of various quantitative and qualitative factors, including the Company's overall financial performance.

Significantly increased performance targets on a year-over-year basis. The Committee evaluates and sets performance targets on a yearly basis, taking into account industry and market conditions. Two of the Company's performance targets were significantly higher in 2018 compared to 2017. As a result of the rigorous target increases, payouts for the CEO under the STI program in 2018 were 100% of target, compared to 123.4% of target in 2017, despite the significantly enhanced operating results realized in 2018. The following is a comparison of the three performance targets used in our compensation programs in both 2018 and 2017, as well as the actual results for such periods:

Performance Metrics	2018 Target			2017 Target			Actual	
	Threshold	Target	Max	Threshold	Target	Max		
Operating Income (for STI awards)	80.9	101.1	121.4	100.9	47.0	58.8	73.5	64.1
Working Capital as a % of Sales (for STI awards)	16.8	15.3	N/A	12.2	25.0	22.7	N/A	21.4
Return on Capital (for 3-year Performance Unit Awards beginning in 2018 and 2017)	4.0%	6.0%	9.0%	N/A	4.0%	6.0%	9.0%	N/A

Retention Award. In light of the critical importance of Ms. Evanko to our recent strategic and operational successes, her performing both the CEO and interim CFO roles in 2018 and the necessity to retain her services in order to execute our strategic and operational objectives over the coming years, the Committee awarded Ms. Evanko a one-time grant of 47,400 restricted share units (RSUs) in December 2018 which will vest in its entirety on the third year anniversary of the grant, subject to Ms. Evanko's continued service.

We have not presented the relationship between Ms. Evanko's target pay, pay reported in the Summary Compensation Table, and the pay actually realized by Ms. Evanko in 2018 in light of Ms. Evanko's relatively short tenure in her role as CEO.

Compensation Governance Practices. In addition to our emphasis on pay for performance, we design our executive compensation programs to incorporate best practices and strong corporate governance policies and procedures. We consider the risks associated with any particular program, design or compensation decision prior to implementation of same, and believe that these assessments result in long-term shareholder value. A representative sample of these compensation governance practices include:

What We Do	What We Don't Do
<p>Pay for Performance Focus</p> <p>We heavily weight our compensation programs toward variable, at risk compensation in addition to performing regular reviews of market competitiveness and the relationship of compensation to financial performance.</p>	<p>No Guaranteed Pay</p> <p>We do not provide multi-year guarantees for compensation increases, including base pay, and do not guarantee annual bonuses.</p>
<p>Balanced Compensation</p> <p>We structure compensation opportunities that are linked to both short- and long-term periods of time, while aligning compensation with several financial performance metrics that are critical to achievement of sustained growth and shareholder value creation.</p>	<p>No Repricing or Replacement of Stock Options</p> <p>We do not reprice or replace stock options without prior shareholder approval.</p>
<p>Double Trigger Provisions for Change in Control</p> <p>We have change in control arrangements that do not provide for tax gross-ups, are limited to one to three times base pay and bonus and mainly provide for payments only upon a double (not single) trigger. We added double trigger change in control provisions in our equity award agreements for equity awards in 2019 and going forward.</p>	<p>No Payment of Dividends on Unvested Equity</p> <p>We do not pay dividend or dividend equivalents while executive RSUs are unvested.</p>
<p>Clawback Policy</p> <p>We maintain a broad clawback policy that applies to all recent annual or long-term incentive awards for named executive officers and certain other executives.</p>	<p>No Excessive Perks</p> <p>We do not pay excessive perks; our perks are modest, consisting solely of an automobile allowance.</p>
<p>Stock Ownership Policy</p>	<p>No Hedging or Pledging</p>

We maintain stock ownership requirements for our officers and directors.

Our insider trading policy prohibits short sales, pledging and hedging transactions of our common stock by directors, officers and employees.

Independent Compensation Committee and Consultants

We utilize independent directors with significant experience and knowledge of the drivers of our long-term performance, coupled with independent compensation consultants, retained directly by the Committee, to provide input and recommendations on our executive compensation programs.

Good Board Governance Practices

We maintain a number of shareholder focused Board governance polices, including; (i) an independent Chairman who sets the direction of the Board and leads Board meetings, including regularly scheduled meetings of our independent directors, (ii) a majority voting policy for the election of directors in uncontested elections, and require an offer to resign by any incumbent director who does not receive more votes for election than withheld ; and (iii) we have not adopted a shareholder rights plan and do not have a staggered Board.

2018 Compensation Program Overview. Our compensation program seeks to align executive officer compensation with stockholder value creation by both tying compensation to the achievement of measurable financial and long-term strategic business performance objectives, and incentivizing executives multi-year retention. Consistent with market practices, a substantial portion of each NEO's total compensation for 2018 was in the form of equity opportunities that

Table of Contents

include a mix of time-based and performance metrics, thereby strongly aligning executive compensation with stockholder interests. Overall, the value of executives' 2018 long-term equity incentive (LTI) compensation largely depends on stockholder returns and business performance over time, and target LTI awards continue to comprise the largest portion of the CEO's total compensation package.

As outlined below, in 2018 our NEOs received options, with value contingent on stock price performance; RSUs, with value contingent on continued employment and stock price performance; and performance units, with value contingent on the Company's absolute return on average capital. With the exception of base salary, the value of each component of the 2018 executive compensation program is at risk and tied to Company performance, stock price appreciation, or both.

2018 Executive Compensation Program			
Component	Description	Fixed or Variable Based on Performance	Primary Value to Stockholder
BASE SALARY	Fixed pay reflecting internal role and competitiveness.	Fixed	Competitive compensation compared to market/retention.
SHORT-TERM INCENTIVE	Annual cash incentive compensation based on meeting pre-approved performance targets.	Variable/Performance-based. Earned only to the extent performance metrics are met.	Motivates executives to drive annual results that positively impact profitability and working capital.
LONG-TERM INCENTIVES			
Stock Options	Right to purchase shares at the closing price on the date of award after the vesting period.	Variable/Performance-based. Valuable to extent stock price increases from the grant date.	Aligns executive compensation with long-term stockholder value creation over 4-year period.
Performance Units	Stock awards that vest if Company meets pre-approved absolute return on average capital targets.	Variable/Performance-based. Earned to the extent performance metrics are met.	Aligns executive compensation with stockholder value creation over 3-year period.
Restricted Share Units	Stock awards that vest ratably (except in the case of retention awards) based on continuous service over a 3-year period.	Variable/Performance-based. Value dependent on the value of stock at the time of vesting.	Aligns executive compensation with stockholder value creation over 3-year period, plus embedded retention feature associated with vesting over a 3-year period.

REVIEW OF 2018 SAY ON PAY ADVISORY VOTE

At our 2018 Annual Meeting, our stockholders had the opportunity to provide an advisory vote on the compensation paid to our executive officers, known as a “say on pay” vote. Approximately 92% of the total shares represented at the 2018 Annual Meeting were cast in favor of the compensation provided to our executive officers. In recent years, as a result of previous “say on pay” results, the Company enhanced its outreach to shareholders by contacting several of its institutional shareholders which included the Chair of the Committee in outreach efforts and discussions with institutional shareholders. These efforts have yielded robust and valuable feedback, much of which, including the desire for increased information and transparency related to the pay-for-performance aspects of our executive compensation is incorporated in this Proxy Statement.

COMPENSATION UPDATES

While there were no material changes to the structure of our compensation program in 2018, as noted above, in the section Executive Summary Fiscal 2018 Executive Compensation Highlights Pay for Performance , on page 22, we implemented a number of significant changes to our compensation program, including adding double trigger change in control provisions to all equity awards beginning in December 2018, modifying the equity award mix to be more heavily weighted toward performance-based awards, and adding additional performance metrics to our form of PSU agreement. Furthermore, as described above under Executive Summary Strategy and Leadership , on page 21, the Company s leadership transition did result in several notable individual updates to executive compensation. These changes are described briefly below and reflected throughout this Compensation Discussion and Analysis.

The Company entered into an Amended and Restated Employment Agreement with Ms. Evanko effective June 12, 2018 in connection with Ms. Evanko s promotion to CEO and President. In connection with her promotion, Ms. Evanko received an increase in her base salary. Ms. Evanko s target incentive amount for 2018 was calculated on the basis of her new salary in connection with her promotion. Ms. Evanko also received additional equity incentive awards in connection with her promotion in order to achieve the desired target composition of long-term incentive awards as a percentage of base compensation (200%).

On December 17, 2018, the Company granted Ms. Evanko a retention award of 47,400 RSUs, as described under Fiscal 2018 Executive Compensation Highlights Retention Award on page 23.

On June 11, 2018, Mr. Johnson, who had been serving as the Company s CEO, President and Chairman, was terminated without cause. Mr. Johnson s departure was treated as a Termination without Cause and he received the corresponding compensation and benefits described under Employment Agreements beginning on page 41.

In March, 2018, the Company and Mr. Youngberg entered into a Mutual Agreement of Separation and Release in connection with a mutually desired management transition. Mr. Youngberg received the compensation and benefits described under Youngberg Separation Agreement on page 42.

Each of the current executive officers Employment Agreements referenced above, as well as the former executive officers described in our Summary Compensation Table, is consistent with the terms described in the section beginning on page 41. To learn more about how the Committee set the NEO compensation described above, see Compensation Philosophy on page 26 and 2018 Compensation Decisions on page 27.

COMPENSATION PHILOSOPHY

Our philosophy and strategy is to provide performance-based, market-driven compensation to attract and retain the talent needed to implement and achieve the Company s operational and financial goals. Our program is designed to align the interests of our NEOs with the interests of stockholders by promoting executive accountability and rewarding performance that advances our short- and long-term success. A significant portion of each of the NEOs

total compensation is tied to the achievement of key quantitative financial performance measures, such as combined business unit operating performance (in the case of our short-term cash incentive compensation), and absolute long-term stock price appreciation and return on investment (in the case of our LTI awards).

While compensation will vary relative to the achievement of objective financial performance metrics, the Committee also considers various subjective factors when setting executive compensation, including the individual's role, responsibilities, performance, skills, experience and contributions to the Company and stockholder value. We believe consideration of such subjective factors is necessary to ensure we are providing competitive, market-driven compensation, which is critical to attracting and retaining a high performing workforce.

As described in more detail in [Benchmarking Methodology](#) below, the Committee evaluates each NEO's target total compensation, and each individual component of NEO compensation, relative to market data from executives in similar positions from similarly sized companies (based on revenue), which operate in similar industries. This allows the Committee to assess whether our executives' compensation is competitive with median and appropriately aligned with our performance relative to market counterparts.

The Committee is responsible for overseeing the structural design and administration of our executive compensation program. The Committee believes that our program, while performance-based, is also appropriately structured to mitigate the

Table of Contents

undertaking of undue risks. Our program is structured so that the cash incentive component is the shorter-term component of a total compensation package that is balanced by longer-term equity components. The Committee also retains discretion to adjust short-term cash incentive compensation in the event of an unanticipated or unearned outcome, which ensures that the Committee maintains appropriate control over our shorter-term performance-based compensation. Our long-term equity compensation is comprised of several different types of awards that are designed to align the interests of our executives with the long-term interests of our stockholders and the overall success of our Company, while providing sufficient retention benefits for our NEOs in times of market volatility. The Committee believes that granting different types of equity awards works to limit potential risks associated with the concentration of awards of any one particular type. The Committee retains discretion to make adjustments in calculating Company performance under our performance-based equity awards, in particular under our PSU awards. In general, under our PSU awards, the Committee may make adjustments for extraordinary, unusual or non-recurring events affecting the Company or a peer group company's performance, to ensure that the performance-based equity awards are functioning appropriately to motivate and reward long-term growth and stockholder value. In addition, the Committee maintains a clawback policy, which allows recoupment of incentive awards if our financial results are not properly reported and must be restated. For more information about our clawback policy, see the discussion on page 34.

BENCHMARKING METHODOLOGY

Our executive compensation is periodically benchmarked to be competitive with median based on the market data from a comparator group of companies. The Committee uses benchmarking to assess the competitiveness of our executives' compensation relative to counterparts in similar companies and to evaluate the appropriateness of our compensation philosophy and strategy. However, benchmarking is not the sole factor considered when the Committee sets compensation. The Committee's final decisions on compensation take into consideration various other factors, including a mix of subjective factors, as described above. In consultation with Meridian, the Committee used the following methodology to develop our comparator group:

Participation in the 2015 Equilar Executive Compensation Survey database (while the Company did not update its Executive Compensation Study, the data used for purposes of reviewing peer group and competitors remains directionally appropriate); and

Generally revenue between \$500 million and \$3 billion, with median revenues of \$1.6 billion. Individual specific compensation studies are completed by Meridian at the request of the Committee. For example, in 2018, specific peer reviews were conducted by Meridian for the CEO, General Counsel and CHRO roles.

Chart competes for talent in a cross-section of sectors, industries and regions. Accordingly, our Compensation Peer Group reflects companies from a cross-section of sectors, industries and regions. The Compensation Peer Group is predominantly comprised of industrial and manufacturing companies, but also contains some commercial and service firms as well. Specifically excluded from this process are industries with unique or non-comparable pay practices believed to be distinctly different from the industries that Chart operates in, such as banking and financial services. See Appendix A for the complete list of the companies comprising our Compensation Peer Group. The yearly selection of a comparator group is intended to ensure that the data used for benchmarking executive compensation remains robust and flexible, so as to provide relevant, meaningful data as the Company and its market counterparts continue to grow and change. To account for our size relative to the comparator group, the comparator group data is

regressed to provide data points indicative of a company with similar revenues to Chart.

Data from the Compensation Peer Group, along with broader market compensation surveys, aided the Committee in determining appropriate base salaries, short- and long-term incentives, and executive target total compensation.

2018 COMPENSATION DECISIONS

Overall, the Company's performance-based, market-driven philosophy continued to drive our executive compensation decisions in 2018. As part of its annual process for determining executive compensation, in consultation with Meridian, the Committee evaluated and approved each component of our NEOs' total target compensation (base salary, annual short-term incentive cash target opportunity and LTI target value). The Committee reviewed and considered Compensation Peer Group data presented at the 25th, median, and 75th percentiles for target total compensation as well as each component of compensation.

2019 Proxy Statement

Chart Industries, Inc. - 27

Table of Contents

In addition to market data, the Committee took into consideration various objective and subjective performance factors, including Company performance, combined business unit operating performance, stockholder value, each individual's responsibilities, skills, experience and contributions to the Company when determining executive compensation (see discussion under Compensation Philosophy). The Committee also considered the recommendations and input of our CEO when establishing target compensation for our other executives (see discussion under Corporate Governance and Related Matters Role of Executive Officers in Compensation Decisions). In analyzing the compensation structure in 2018 and setting compensation for 2019, the Committee also considered:

the experience of its members;

prevailing economic conditions and the historical success of the compensation structure in achieving the objectives of our compensation programs;

the advantages and disadvantages of our performance-based compensation philosophy and whether that philosophy encourages executive officers to take undue risk in order to meet compensation targets; and

the input of Meridian, including, with respect to the 2019 LTI program, a study prepared by Meridian on long-term incentive and change in control practices.

As a result of the Committee evaluating compensation based on the criteria described above, total target compensation for our NEOs may in certain circumstances be above or below the median reference point provided in the market data for our Compensation Peer Group.

For further discussion of the Committee's engagement of Meridian, see Corporate Governance and Related Matters Information Regarding Meetings and Committees of the Board of Directors Compensation Committee above.

ELEMENTS OF COMPENSATION

In line with our compensation philosophy, the Committee has designed our compensation program to align executive compensation with stockholder value creation by tying compensation to the achievement of measurable long-term business performance goals and incentivizing executives' multi-year retention. The Committee determined the appropriate mix and level of short- and long-term incentive compensation using the methodology described above in 2018 Compensation Decisions. The chart below shows the overall mix of our CEO and CHRO's 2018 target compensation, which is the sum of base salary, short-term annual cash incentive bonus (at target), and long-term incentives (at target). Given the management changes during the year, only the continuing NEOs are presented here.

2018 NEO Target Pay Mix*

* Target pay mix is shown as a percentage of each NEO's target total compensation. This chart is not intended to replace the more detailed compensation information provided in the Summary Compensation Table and throughout the Compensation Discussion and Analysis.

Base Salary. Base salary is a component of fixed compensation that is reviewed annually and adjusted if and when appropriate. Our NEOs' base salaries are assessed by the Committee generally before or during the early part of the fiscal year for which the base salary will be effective. The Committee is responsible for setting the base salary of the CEO, and the Committee has sole discretion regarding approval or adjustment of any recommendation provided by the CEO with respect to any salary increase given to the other NEOs. In assessing our CEO's base salary for 2018, as described in Compensation

Table of Contents

Decisions above, the Committee considered a blend of objective and subjective factors, most importantly the appointment of Ms. Evanko to succeed Mr. Johnson as CEO in June 2018. The objective factors considered by the Committee included Company performance and the competitiveness of the CEO's salary relative to a competitive range of base salaries, as established using market data from our Compensation Peer Group. The subjective factors considered by the Committee included: the CEO's experience; her contributions to Chart's financial performance and positioning in her prior role as CFO; and, her leadership, effort, and responsibilities in determining and executing Chart's short- and long-term strategic goals. Base salary decisions with respect to our other NEOs were approved by the Committee upon recommendation of the then CEO. In making his recommendations to the Committee, the then CEO, Mr. Johnson, considered a similar mix of objective and subjective factors, including: Company financial performance; the competitiveness of each executive's compensation relative to a competitive range of base salaries, as established using the market data from our Compensation Peer Group; and each executive's individual experience, responsibilities, and contributions.

Our NEOs' current 2018 and 2017 base salaries are listed below. With respect to the continuing NEOs, the Committee increased the base salaries of Ms. Evanko (in her then CFO role) from \$415,000 to \$456,500 and Mr. Vinci from \$315,000 to \$324,450 based on market data and performance in executing our operational and strategic initiatives, and also in light of the Committee's evaluation of the various subjective factors described above. Mr. Johnson's base salary was likewise increased from \$710,000 to \$800,000 based on this analysis. Based on market data from our Compensation Peer Group, the Committee also considered a range of base salaries competitive with median for each NEO. NEO base salaries may vary above or below median based on the subjective, executive-specific factors the Committee took into consideration when determining to make adjustments to base salary in previous years.

Jillian C. Evanko	CEO, President and Chief Financial Officer	750,000	415,000
Gerald F. Vinci	Vice President, CHRO	324,450	315,000

William C. Johnson	Former CEO and President	800,000	710,000
DeWayne Youngberg	Former Vice President, General Counsel and Secretary	345,000	

- (1) Effective as of the close of business on June 11, 2018, Mr. Johnson's employment was terminated and he was succeeded as CEO by Ms. Evanko on June 12, 2018. Ms. Evanko's base salary was increased in connection with the promotion from \$456,500 to \$750,000. Mr. Thomas retired as Executive Chairman at the 2018 Annual Meeting, and his annual salary reflects an annualized rate of \$775,000 assuming he remained with Chart through the end of the 2018 fiscal year. Mr. Youngberg departed from the Company effective March 31, 2018. Messrs. Thomas and Youngberg received no salary adjustments in 2018 in light of Mr. Thomas' pending retirement at the 2018 Annual Meeting and Mr. Youngberg's joining the Company in late October 2017.

With respect to 2019 salary levels, the Committee increased the base salaries of Ms. Evanko from \$750,000 to \$850,000 and Mr. Vinci from \$324,450 to \$351,000 based on market data and performance in executing on the Company's operational and strategic initiatives.

Short-Term Annual Cash Incentive Award. Short-term annual incentive awards are earned and payable pursuant to the Chart Industries, Inc. Cash Incentive Plan (the Cash Incentive Plan). The Cash Incentive Plan is further described on page 43. Consistent with our performance-based compensation philosophy, short-term incentive compensation is a key component of the NEOs total compensation package. Depending on the extent to which we achieve our annual financial and strategic performance goals, the NEOs annual cash incentive awards can represent a significant portion of each executives total compensation.

2018 STI Program. With regard to our short-term annual cash incentive program for 2018 NEO compensation (2018 STI Program), consistent with the Committee s process in previous years, at the beginning of 2018, the Committee set each executive s target incentive bonus opportunity, expressed as a percentage of base salary (the Base Target). As in 2017, the

Table of Contents

Committee implemented a bonus pool funding program under the Cash Incentive Plan (Bonus Pool) to fund payouts to NEOs under the 2018 STI Program. Each continuing NEO is a participant in the Bonus Pool and was allocated a pre-determined maximum percentage of the Bonus Pool, based on that NEO's maximum STI opportunity, or 165% of his or her previously approved Base Target. The Bonus Pool is based on a single performance metric, which in 2018 was 8% of the 2018 consolidated operating income, subject to allowable adjustments by the Committee. STI awards under the Bonus Pool are paid out only to the extent of the NEO's individual allocation under the Bonus Pool and as further described below.

In determining actual payouts to NEOs for 2018, the Committee determined 2018 consolidated operating income performance under the Bonus Pool, and then applied financial and strategic operating performance metrics consistent with performance metrics established under the Cash Incentive Plan applicable to other Plan participants. The Committee used the same metrics in 2018 as in 2017 with consolidated operating income and working capital remaining the financial performance metrics, and the Committee also utilized Strategic and Operational Excellence goals (SOEG). The addition of the SOEG metrics in 2018 and 2017 is intended to motivate individuals to drive annual results that align with the Company's strategic operational goals, and it allows the Committee to reward employees for certain qualitative factors that contributed to the achievement of our strategic business goals.

The 2018 STI Program continued the prior year's practice of threshold performance level payouts under the financial performance metrics at 50%, and payouts at maximum performance levels are 165% of target. The working capital metric has performance levels at threshold and target. Finally, maximum performance under the operating income metric remains at 200% and no STI award is paid if threshold performance is not achieved and there is no STI payout for achievement of the SOEG metric unless threshold performance levels for operating income are met. The 2018 STI financial and SOEG performance metrics, the weight of each metric, the threshold, target and maximum performance levels, as well as the payout at each level are listed in the table below:

	Threshold	Target	Maximum
Financial Performance Metrics	(50%)	(100%)	(200%)
Operating Income, as adjusted (weight 65%)	\$80.9 million	\$101.1 million	\$121.4 million
Working Capital (weight 15%)	16.8%	15.3%	N/A
	Threshold	Target	
Strategic Performance Metric	(0%)	(100%)	Maximum
SOEG (weight 20%)	Did not meet expectations	Met or exceeded expectations	N/A

Financial Performance Metrics. The working capital component of our financial performance metrics measures the Company's net working capital use-efficiency determined relative to the Company's rolling average sales. Working capital has performance levels at threshold and target. The Committee set rigorous financial performance levels for the Company in 2018, with threshold performance targets set at a midpoint of what the Company considered acceptable performance when the targets were set.

Strategic and Operational Performance Metrics. Performance under the SOEG metric is related to each employee's scope of responsibility and the Company's strategic business objectives related to that scope. Our SOEG metrics are largely derived from the Company's annual strategic plan and are based on the short-term performance goals that our Board and management believe drive long-term shareholder value; for example, delivering on the financial plan,

implementation of a robust talent development and succession planning process, improvement of operational efficiencies, pragmatic risk management, and continued development of a diversified product portfolio. The Committee established our CEO's SOEG metric, and the then CEO recommended, and the Committee approved, the SOEG metrics for each of the other NEOs. SOEG metrics are intended to be challenging based on the Company's anticipated growth opportunities and our strategic and operational goals for the coming year. SOEG metrics may be both qualitative and quantitative, and may vary for each NEO, depending on his or her role and responsibilities.

2018 STI Program Results. In determining annual incentive awards for 2018, the Committee determined the extent of our performance under the Bonus Pool operating income performance metric; and, using its negative discretion under the Cash Incentive Plan, whether and to what extent each of the financial and SOEG performance metrics were satisfied for 2018. The Committee then determined for each NEO employed as of the date of payment of the bonus on February 14, 2019, the actual STI award to which each executive was entitled.

Table of Contents

The Committee considered our actual performance against the financial performance targets set by the Committee and the Board for 2018, noted in the table above. The Committee adjusted actual results to exclude unusual items in accordance with the terms of the Cash Incentive Plan, which allows for adjustments for the following events that may occur during the performance period, including: (i) asset gains or losses; (ii) litigation, claims, judgments or settlements; (iii) accruals for reorganization and restructuring programs; and, (iv) any extraordinary, unusual, non-recurring or non-cash items. The adjusted results for our 2018 financial performance metrics were as follows:

Financial Performance Metrics	Actual Result	% of Target Achieved
Operating Income, as adjusted (weight 65%)	\$ 100.9 million	99.4%
Working Capital (weight 15%)	12.2%	100%

When determining the amount payable to non-director NEOs for achievement of SOEG goals, the Committee considers individual performance relative to his or her personal SOEG metric, and the recommendation of the CEO. The CEO's SOEG performance is determined by the Committee and the independent members of the Board based on their assessment of the CEO's performance relative to the CEO's SOEG goal. Each continuing NEO was determined to have achieved target performance, or 100 percent, on their SOEG goals. As a result, Ms. Evanko received a total 2018 STI payout of 100 percent of her Base Target. Mr. Vinci's STI payment consisted of 100 percent of his Base Target, adjusted upwards by \$25,000 in light of positive performance factors including increased responsibilities, for a total STI payout of 112.8% of Base Target. None of the non-continuing NEOs were eligible for payouts under the STI program given their departures from the Company. The following table summarizes the total STI payout opportunities available to each continuing NEO upon satisfaction of threshold, target, and maximum performance levels, as well as the actual STI payments each NEO received for fiscal 2018.

	Annual Incentive Threshold(1)		Annual Incentive Target		Annual Incentive Maximum		Actual 2018 Annual Incentive Payout	
	% of Base Salary	Amount (\$)	% of Base Salary	Amount (\$)	% of Base Salary	Amount (\$)	% of Base Salary	Amount (\$)
	Jillian C. Evanko(2)	0%		100%	\$ 750,000	165%	\$ 1,237,500	100.0%
Gerald F. Vinci	0%		60%	194,670	99%	321,205	67.7%	219,670

(1) No payout is made for performance below threshold performance levels. Awards are interpolated on a straight-line basis for performance levels between threshold and target and between target and maximum performance levels.

(2) Ms. Evanko's target incentive payout for fiscal 2018 was adjusted upon her promotion to CEO. For fiscal 2019, the Committee has increased the annual incentive target for Mr. Vinci to 70%, reflecting his increased responsibilities as well as market compensation trends.

Long-Term Equity Incentive Compensation. The third primary component of Chart's executive compensation program is long-term equity incentive (LTI) awards. Equity-based compensation is an important component of our

overall compensation strategy. The Committee uses LTI compensation to attract and retain talent, and to align the interests of our executives with the interests of our stockholders. LTI awards are designed to motivate NEOs to assist the Company both in achieving a high level of long-term performance and in creating stockholder value, while also discouraging the undertaking of undue short-term risks.

The Committee monitors and evaluates the performance of LTI awards against the Committee's overall compensation philosophy, and to determine whether LTI awards are effectively serving Chart's long-term compensation goals and aligning NEO compensation with stockholder interests.

Table of Contents

In 2018 our continuing NEOs received LTI awards comprised of a mix of stock options, RSUs and PSUs. Consistent with its goal of providing competitive market-based compensation, the Company's target total compensation mix approximates median in the overall blend of LTI and short-term cash compensation. The Committee made awards with target LTI compensation levels approximating percentages of each continuing NEO's base salary as follows:

	2018 Annualized Base Salary(\$)(1)	Target LTI Value as % of Base Salary(2)(3)	Target LTI Value(\$)
Jillian C. Evanko	\$750,000	200%	\$1,500,000
Gerald F. Vinci	324,450	100%	324,450

- (1) Annualized Base Salary is calculated based on the base salary for the executive as of the end of the 2018 fiscal year. For the actual base salary earned by the executive for 2018, please see 2018 Summary Compensation Table on page 36.
- (2) For Ms. Evanko, this represents the target LTI value as a percentage of base salary after her promotion, discussed above in Corporate Governance Updates. The target LTI value for Ms. Evanko in 2018 excludes the one-time retention award of RSUs described in Fiscal 2018 Executive Compensation Highlights Retention Award on page 23, as well as a smaller retention grant of 6,750 RSUs in connection with Ms. Evanko's annual 2018 equity awards.
- (3) For fiscal 2019, in connection with increased responsibilities and market comparison trends, the Committee has revised Ms. Evanko's NEOs target LTI value as a percentage of base salary to 300%. Consistent with the process described in Compensation Decisions above, the Committee considered a mix of objective and subjective performance factors to determine the overall mix and target value of 2018 LTI compensation for our NEOs. The Committee considered input from Meridian, prevailing valuation methodologies, the expected value of the respective awards at varying grant levels, the competitiveness of each executive's long-term compensation package at varying grant levels relative to market data from our Compensation Peer Group, the impact of changes in the stock price, stockholder value, and individuals' responsibilities, skills, pay history, experience and contributions to the Company.

With the exception of Mr. Thomas, who did not receive equity awards in 2018, the target long-term incentive mix for NEOs in 2018 was 50% options, 30% RSUs and 20% PSUs. The mix of awards going forward for fiscal 2019 will be 30% options, 30% RSUs and 40% PSUs.

The following paragraphs further describe the LTI compensation awarded to our executive officers under the Omnibus Equity Plan in 2018.

Stock Options. Stock option awards are made annually at the discretion of the Committee. Our options generally vest ratably over a four-year period and expire ten years from the grant date, unless in either case the Committee determines otherwise. Continued service of the executive is required during the vesting period, except in the case of death, disability or retirement.

In our 2018 fiscal year, on January 2, 2018, we awarded the following number of non-qualified stock options to our then-current NEOs at an exercise price of \$48.39 per share: (i) Ms. Evanko, 16,570; (ii) Mr. Vinci, 7,130, (iii) Mr. Johnson, 46,110; and (iv) Mr. Youngberg, 7,590. Messrs. Johnson and Youngberg's grants were forfeited upon their departures from the Company.

On July 9, 2018, in connection with her promotion to CEO, the Committee granted Ms. Evanko an option award of 6,980 shares at an exercise price of \$64.69 per share.

For a description of grant date fair values related to stock options granted to our NEOs in 2018, and related valuation assumptions, see note (4) to the 2018 Summary Compensation Table. The exercise price of each award is the closing share price of our Common Stock on the date the options were granted.

Performance Share Units. PSU awards are granted at the discretion of the Committee and vest based on the attainment of objective, predefined financial performance goals over a three-year performance period. For each performance period the Committee establishes threshold, target, and maximum performance levels, together with corresponding payout amounts. Awards at the end of the three-year performance period are interpolated on a straight-line basis for performance levels between threshold and target and between target and maximum performance levels. Each earned performance unit represents the right to receive one share of our Common Stock.

Table of Contents

For the 2018 fiscal year, on January 2, 2018, we granted the following number of performance units to our then-current NEOs (reflecting performance at 100% target): (i) Ms. Evanko, 3,290, (ii) Mr. Vinci, 1,420; (iii) Mr. Johnson, 9,180, and (iv) Mr. Youngberg, 1,510. Ms. Evanko received an additional award of 1,190 performance units on July 9, 2018, in connection with her promotion to CEO. Messrs. Johnson and Youngberg's unvested PSU awards, including the 2018 grants, were forfeited when each departed from the Company.

PSU awards are an important component of our long-term equity incentive awards because their value is not based on stock price alone. The 2018 PSU awards vest based on ROIC over the three-year performance period. The Committee believes ROIC is an effective incentive to promote stockholder value creation while providing meaningful incentives to our executives for achievement of good financial performance.

The PSUs granted in 2018 may be earned in a range between 50%, 100% and 200% of the number of target performance units granted to each NEO, based on whether our performance meets the minimum performance threshold, meets the 100% target, or meets or exceeds the maximum target level for the performance period, respectively. The threshold, target and maximum ROIC performance metrics are 4.0%, 6.0% and 9.0%, respectively.

For a description of the grant date fair values related to performance units granted to our executive officers in 2018, as well as related valuation assumptions, see the 2018 Summary Compensation Table and note (3) to that table.

For fiscal 2019, the Committee adjusted the form of PSU agreement to include an operating income metric in addition to the existing ROIC Measure, as well as add a formula to increase the target performance metrics to reflect revenue from large LNG projects.

Restricted Share Units. Each RSU represents the right to receive one share of the Company's Common Stock. With the exception of Ms. Evanko's retention award in December 2018 and a previous smaller retention award in January 2018, both of which have three year cliff vesting, RSU awards generally vest ratably, based on the continued service of the executive, over three years, beginning on the first year anniversary of the grant date. RSUs were granted in 2018 to provide a meaningful retention feature in our long-term incentive program that, as discussed above, has during prior periods of depressed stock performance primarily driven by cyclical industry conditions, not provided the intended retention value.

For the 2018 fiscal year, on January 2, 2018, the Committee approved grants of the following number of RSUs to our then-current NEOs: (i) Ms. Evanko, 11,510 (of which 6,750 consisted of a retention grant); (ii) Mr. Vinci, 2,130; (iii) Mr. Johnson, 13,770; and (iv) Mr. Youngberg, 2,260. Ms. Evanko received an additional award of 1,780 RSUs on July 9, 2018 in connection with her promotion to CEO. Messrs. Johnson and Youngberg's unvested RSU awards, including the 2018 grants, were forfeited when each departed from the Company.

On December 17, 2018, Ms. Evanko received a retention grant of 47,400 RSUs which will vest in three years, subject to continued service.

Deferred Compensation. The Company maintains the Chart Industries, Inc. Voluntary Deferred Income Plan (the "Deferred Income Plan"), which is intended to make our retirement plan benefits competitive relative to peers. The Deferred Income Plan provides benefits to certain members of our management and highly compensated employees, including our NEOs, not otherwise available under our qualified 401(k) savings plan (the "Savings Plan") due to statutory limitations. Pursuant to the Deferred Income Plan, participants may defer up to 100% of base salary and annual bonus, and all participant deferrals are fully vested automatically. In addition, we make profit-sharing contributions and provides matching on the amounts deferred, both of which are vested fully after five years of service by the participant.

In 2018, the Deferred Income Plan resulted in the following Company matching and profit sharing contributions for certain of our NEOs: (i) Ms. Evanko, \$58,420; and (ii) Mr. Vinci, \$21,930. Based on elections made by our executive officers for 2019, we expect that the Deferred Income Plan will result in the following Company matching and profit sharing contributions for our executive officers for 2019: (i) Ms. Evanko, \$136,500; and (ii) Mr. Vinci, \$35,480. The amounts that we contribute to the Deferred Income Plan on behalf of the executive officers are equal to the amounts that would have been contributed to the executive officers' accounts under the Company's Savings Plan, based on their elections under the Savings Plan, but for certain regulations under the Internal Revenue Code that limit the amount that may be contributed to a tax-qualified plan in any one year. To the extent their contribution elections change under the Savings Plan or other circumstances change, the 2019 amounts may vary from the amounts presented above.

Table of Contents

The terms of our Deferred Income Plan are described beginning on page 48 in the 2018 Nonqualified Deferred Compensation Table. All of our continuing NEOs participate in the Deferred Income Plan as certain profit sharing contributions will accrue to each participant regardless of whether any compensation is actually deferred under the Deferred Income Plan.

Other Benefits and Perquisites. Executive officers are eligible to participate in all of our employee benefit plans, including our Savings Plan, and group health, life and disability insurance plans, on the same basis as those benefits are generally made available to all other employees of the Company. The sole perquisite we provide each executive officer is an automobile allowance.

OTHER COMPENSATION POLICIES

Stock Ownership Guidelines. We maintain stock ownership guidelines for our senior executives as part of our executive compensation program. Ownership guidelines for our NEOs are intended to be administered and reviewed periodically by the Committee. The stock ownership level of our Common Stock for our CEO is a multiple of five times her base salary. The ownership guideline for our other executive officers is two times current base salary, and for our directors the multiple is four times their annual cash retainer. Executives who do not meet the guidelines are expected to satisfy them within five years, and directors are expected to meet the guidelines within four years of becoming a member of the Board. For more information regarding the stock ownership guidelines for our directors, turn to page 57. As of March 26, 2019, each continuing NEO had satisfied or was on track to meet our stock ownership guidelines and all of our directors meet or are on track to meet the ownership guidelines within 48 months of their tenure on our Board.

Clawback Policy. Effective January 1, 2015, our Committee adopted a Policy on Recoupment of Incentive Compensation, or a clawback policy. In general, the policy requires our NEOs and certain other executives to return annual or long-term incentive awards, the performance or amount of which is tied to a financial performance measurement, if our financial results are subsequently restated. The policy requires the return of these awards or shares that exceed the amount that would have been received if the financial results had been properly reported.

Certain Transactions in Company Stock Hedging and Pledging Activities. Our Insider Trading Policy prohibits our directors, officers and employees from engaging in various hedging activities, including any transaction involving a put, call or other option (other than an option granted by us) on our securities. Directors, officers, and employees are specifically prohibited from selling our securities that he or she does not own; i.e., he or she may not sell short. Furthermore, our Insider Trading Policy expressly prohibits our directors, officers and employees who are subject to trading windows under our Insider Trading Policy from holding Company securities in margin accounts or otherwise pledging our securities as collateral for loans.

Effective February 2016, the Board approved an amendment to the Insider Trading Policy to solidify our prohibition against hedging activities. Although the Board had never done so, prior to the amendment, the Board or a Committee of the Board had discretionary authority to pre-approve a hedging transaction that was otherwise prohibited under the policy. In February 2016, the Insider Trading Policy was amended to eliminate this discretionary authority regarding hedging transactions.

Cash Incentive Awards. In May 2014, stockholders approved adoption of the Cash Incentive Plan. The Cash Incentive Plan, which was amended and restated in March 2019 via an approval by the Board of Directors, replaces the Chart Industries, Inc. 2009 Incentive Compensation Plan (Incentive Compensation Plan) for cash incentive

compensation awards earned after 2014. For more information about our annual cash incentive awards, see the discussion beginning on page 29 in the section Elements of Compensation Short-Term Annual Cash Incentive Award.

Tax Considerations. While the annual cash bonus opportunity as well as the award of stock options and performance units have historically been designed to satisfy the requirements for deductible compensation, the Committee also believes that the tax deduction is only one of several relevant considerations in setting compensation. Accordingly, the Committee is permitted to and will continue to exercise discretion in those instances where achieving the desired flexibility in the design and delivery of compensation will result in compensation that in certain cases is not deductible for federal income tax purposes. Furthermore, as part of the Tax Cuts and Jobs Act (the Tax Reform Act), the ability to rely on the performance-based compensation exception under Section 162(m) was eliminated, and the limitation on deductibility generally was expanded to include all NEOs. As a result of the Tax Reform Act, going forward and subject to certain grandfathered provisions, we will no longer be able to deduct any compensation paid to our NEOs in excess of \$1 million. The Committee has made certain revisions to its procedures in response to the elimination of Section 162(m), including modifying the STI

Table of Contents

program for 2019 to remove the Bonus Pool concept, and will continue to assess the impact of the amendments to Section 162(m) to determine what adjustments to our executive compensation practices, if any, it considers appropriate.

Severance and Change in Control Payments. The Committee believes employment agreements assist us in attracting and retaining executive talent and that change in control provisions are appropriate to help ensure continuity of management during a potential change in control. In 2018, the Company was party to employment agreements with each of the NEOs, and each agreement contains a severance and change in control provision. More information about the NEOs' employment agreements is provided in the sections "Employment Agreements" on page 41, and "Other Potential Post-Employment Payments" on page 50.

Each 2018 award was granted under our Omnibus Equity Plan and prior awards were granted under our 2009 Omnibus Equity Plan, pursuant in each case to PSU and RSU agreements, and each is subject to pre-determined performance requirements, transfer restrictions, and other restrictions, as specified in each such agreement. Each performance unit represents the right to receive one share and awards may be earned in the range of 50% to 200% of the award amount. The PSU awards vest based on a measure of return on investment. The 2016 awards were measured over a performance period ending December 31, 2018 and vested at a level of 99.37%. The 2017 awards are measured over a performance period ending December 31, 2019 and the 2018 awards are measured over a performance period ending December 31, 2020. The RSU awards, which were granted to NEOs in 2016, 2017, and 2018, vest ratably over a three-year period from the date of grant, except for an award of 6,750 RSUs to Ms. Evanko on January 2, 2018, and an award of 47,400 RSUs to Ms. Evanko on December 17, 2018, which vest in their entirety on January 2, 2021, and on December 17, 2021, respectively.

The dollar values shown in the Stock Awards column above represent the aggregate grant date fair value of PSU awards (for 2017 and 2018 for Mr. Vinci and Ms. Evanko; for 2016 for Mr. Thomas; for 2017 and 2018 for Mr. Johnson; and for 2018 for Mr. Youngberg), and RSU awards (for 2017 and 2018 for Mr. Vinci and Ms. Evanko; for 2016 and 2017 for Mr. Thomas; for 2016, 2017 and 2018 for Mr. Johnson; and for 2018 for Mr. Youngberg), in each case as calculated

in accordance with Financial Accounting Standards Board (FASB) ASC Topic 718, Compensation Stock Compensation. Messrs. Johnson and Youngberg s unvested PSU and RSU awards were forfeited upon their departure from the Company. For the PSU awards, grant date fair value was calculated using the closing stock price on the date of grant (\$17.72 on January 4, 2016, \$23.66 on April 15, 2016, \$36.93 on January 3, 2017, \$40.32 on February 13, 2017, \$48.39 on January 2, 2018, \$64.69 on July 9, 2018). Grant date fair value for the RSU awards was calculated using the closing stock price on the date of grant (\$17.72 on January 4, 2016, \$23.66 on April 15, 2016, \$36.93 on January 3, 2017, \$40.32 on February 13, 2017, \$48.39 on January 2, 2018, \$64.69 on July 9, 2018, and \$59.24 on December 17, 2018). The grant date fair value of the PSU awards assumes that target performance is achieved and that vesting occurs at the 100% level. See the tables below for the award grant date fair value if maximum performance levels are achieved with PSU awards vesting at the 200% level. NEOs not shown below did not receive that respective award.

- (a) The 2016 PSU awards granted on January 4, 2016 vested at 99.37%. PSU awards vest based on the achievement of certain performance-based metrics. As such, the actual values of the award at any point in time until the expiration of the relevant performance period, as well as the ultimate value of the award, may be greater (subject to the maximum values presented in this footnote) or less than the values presented in the Summary Compensation Table and related footnotes, based on the terms of the awards and performance at that time.
- (4) 2018 stock option awards were granted pursuant to our Omnibus Equity Plan and awards for prior periods were made pursuant to our 2009 Omnibus Equity Plan. With the exception of the award granted to Mr. Johnson on August 2, 2016, stock option awards become exercisable annually and ratably over four years after the date of grant. Mr. Johnson s 2016 award was made upon his joining the Company and vests 25% and 75% on the first and second anniversaries of the date of grant. As a result of Mr. Johnson s departure from the Company June 2, 2018, the remaining 75% of his 2016 award was canceled. Ms. Evanko received an option award on February 13, 2017 when she joined the Company. With the exception of Mr. Thomas who did not receive a 2018 award, each NEO employed by the Company on January 2, 2018 and January 3, 2017, respectively, received a stock option award on that date. On July 9, 2018, Ms. Evanko received an option award in connection with her promotion to CEO. The amounts reported in the Option Awards column represent the aggregate grant date fair value of stock options granted in the applicable fiscal year, as calculated in accordance with FASB ASC Topic 718, Compensation Stock Compensation. The following assumptions were used in calculating the amounts listed:

The fair value of the options granted on January 4, 2016 was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: risk-free interest rate of 1.76 percent; dividend yields of 0.0 percent; volatility factor of the expected market price of the Company's Common Stock of 61.40 percent; and a weighted average expected life of 5.20 years for the options.

The fair value of the options granted on May 3, 2016 was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: risk-free interest rate of 1.28 percent; dividend yields of 0.0 percent; volatility factor of the expected market price of the Company's Common Stock of 61.23 percent; and a weighted average expected life of 5.20 years for the options.

The fair value of the options granted on August 2, 2016 was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: risk-free interest rate of 1.10 percent; dividend yields of 0.0 percent; volatility factor of the expected market price of the Company's Common Stock of 60.95 percent; and a weighted average expected life of 5.20 years for the options.

- (5) Reflects amounts of non-equity incentive compensation earned under the Cash Incentive Plan in 2016, 2017 and 2018. Our Committee determined that (i) our financial and strategic performance for 2016 achieved a weighted level of 113.17% of our 2016 performance measures, which assumes each executive achieved target on his or her SOE metric; and (ii) our financial and strategic performance for 2017 achieved a weighted level of 123.4% of our 2017 performance measures, again assuming that each executive achieves target on his or her SOE metric; and (iii) our financial and strategic performance in 2018 achieved a weighted level of 99.4% of our 2018 performance measures, with each executive achieving target on his or her SOE metric. As discussed in Elements of Compensation – Short-Term Annual Cash Incentive Award, on page 29, in 2017 and 2018, 20% of each NEO's STI award was based on achievement of a pre-determined, individual SOE goal. While the Company performed above target relative to its financial metrics in each of 2016, 2017 and 2018, STI compensation as a percentage of salary can vary for each NEO based on the level of achievement of his or her respective strategic and operational goal.
- (6) All Other Compensation includes, for each NEO, the aggregate incremental actual cost to the Company for the benefit listed. The following table outlines those perquisites, other personal benefits and all other compensation received by each NEO.

Table of Contents**EMPLOYMENT AGREEMENTS**

The Company is party to employment agreements with each current executive officer, which were entered into in 2017 in the case of Ms. Evanko and Mr. Vinci and subsequent to fiscal 2018 year-end in the case of Messrs. Lass and Hotchkiss (collectively, the Employment Agreements). In 2017, the Company entered into an amended and restated employment agreement with Mr. Thomas, as discussed below in the section Thomas Amendment. In 2018, the Company entered into a Mutual Agreement of Separation and Release with Mr. Youngberg, as discussed below in the section Youngberg Separation Agreement. With the exception of the Thomas Amendment entered into with Mr. Thomas and the Separation Agreement entered into with Mr. Youngberg, the terms of the Employment Agreements, including that entered into previously with Mr. Johnson, are materially consistent with one another and are summarized below. Mr. Johnson's termination in 2018 was treated as a Termination without Cause and he was entitled to the benefits and compensation with respect thereof. For more information on post-termination payments, including the treatment of long-term incentives upon a termination event, see page 50 for the section Other Potential Post-Employment Payments.

Term. The Employment Agreements provide for an initial two-year term of employment, which automatically renews for additional one-year periods. In the event of a change in control, the Employment Agreements provide for an automatic three-year extension of the employment term.

Base Salary and Benefits. During the employment term, the executive is entitled to receive at least the base salary as provided in the Employment Agreements, together with the right to participate in the Company's employee benefit plans, including health, life, and disability insurance, retirement, deferred compensation and fringe benefits, as well as any incentive and equity compensation plans, in effect from time to time, on the same basis as such plans are made available to the Company's other senior executives. Under the Employment Agreements, our executives are also entitled to receive a monthly automobile allowance. The monthly automobile allowances for 2018 were as follows: (i) Ms. Evanko, \$1,000; (ii) Mr. Vinci, \$800; (iii) Mr. Johnson (prior to his departure), \$1,000; (iv) Mr. Thomas (prior to his departure), \$1,000; and (v) Mr. Youngberg (prior to his departure), \$800.

The 2018 base salaries for each of the NEOs are set forth on page 29, in the section Compensation Discussion and Analysis Elements of Compensation Base Salary.

Annual Incentive Compensation. During the employment term, each executive is eligible to receive an annual bonus (an Annual Bonus) of up to one hundred sixty-five percent (165%) of a target amount designated for each executive, based upon a percentage of such executive's annual base salary. The Employment Agreements do not guarantee executives' receipt of Annual Bonuses. The Annual Bonus is earned based on the relative achievement of performance targets established by the Board, or a duly authorized committee thereof, no later than 90 days after the beginning of each fiscal year during the employment period. Annual Bonuses, if any, are payable within two and one-half months after the end of the applicable fiscal year. Annual Bonuses are subject to the terms of the Company's Cash Incentive Plan, as may be amended from time to time. In connection with the Compensation Committee's annual evaluation of executive compensation, and in consideration of the recommendations of Meridian, NEOs' Employment Agreements were amended effective January 1, 2014, to permit the Committee to adjust NEO Base Targets without the need to amend the agreement going forward.

The 2018 Base Targets for Ms. Evanko and Mr. Vinci are set forth above on page 31, in the section Compensation Discussion and Analysis Elements of Compensation Short-Term Annual Cash Incentive Award.

Annual Bonuses may be payable to our executive officers following a Change in Control to the extent the Compensation Committee determines the performance criteria have been met. For more information about the Annual Bonus in the event of a Change in Control, see the discussion beginning on page 52, in the section Other Potential Post-Employment Payments Payments made upon Termination in Connection with Change in Control.

Severance and Change in Control Provisions. The Employment Agreements include provisions regarding the payments and benefits to which an executive is entitled following an event of change in control. The benefits conferred in the current Employment Agreements range from one to three times the individual's base salary plus target Annual Bonus, and other benefits, and are effective for termination of employment (including constructive termination) outside of the change in control context, and in the event of both a change in control and termination of employment (including a constructive termination) within two years following the change of control. Our severance provisions do not include excise tax gross-up provisions.

Table of Contents

The Employment Agreements provide higher multiples of compensation upon separation following a change in control for the CEO and the CFO only (three times base salary and target Annual Bonus for the CEO, and two times base salary and target Annual Bonus for the CFO). Severance multiples for our other executive officers are one times base salary and target Annual Bonus. The Committee believes maintenance of change in control provisions helps ensure continuity of management during a potential change in control, and that providing enhanced benefits to the CEO and CFO provides sufficient protection for the Company in retaining its executive officers.

Payments in the change in control context are only triggered if both a change in control occurs and the executive officer is terminated, effectively terminated, or if actions are taken that materially and adversely affect the executive officer's position or compensation (not including compensation reductions that affect substantially all of the Company senior executives). This is referred to as a "double trigger" change in control provision. For more information about the amounts payable upon a change in control and the other severance benefits to which our executive officers are entitled, turn to the "Other Potential Post-Employment Payments" section on page 50.

Under the Employment Agreements, a "Change in Control" occurs if there is:

a change in ownership of the Company by which any person, or more than one person acting as a group, acquires ownership of stock of the Company (or such an affiliate) constituting more than 50% of the total fair market value or total voting power of the Company's outstanding Common Stock;

a change in effective control of the Company by which: (i) any one person, or more than one person acting as a group, acquires or has acquired during the most recent 12-month period ownership of stock of the Company possessing 30% or more total voting power of the Company's outstanding Common Stock; or (ii) a majority of the Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board of Directors before the appointment or election; or

a change in the ownership of a substantial portion of the assets of the Company by which any one person, or more than one person acting as a group, acquires assets from the Company that have a gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets of the Company prior to such acquisition.

Restrictive Covenants that Apply During and After Termination of Employment. Under the Employment Agreements, each executive is required to comply with certain restrictive covenants during his employment term and for the following period following the date of termination: Ms. Evanko, 24 months (extended to 36 months if Change in Control severance is received); and all other named executive officers, 12 months (in each case, the "Restricted Period"). During the Restricted Period, the executive shall not, whether on the executive's own behalf or on behalf of or in conjunction with any person, directly or indirectly compete with the Company or solicit customers or employees of the Company. In addition, the executive may not disclose any confidential information about the Company during or at any time following the employment period.

Thomas Amendment. On May 25, 2017, the Company entered into an Amended and Restated Employment Agreement (the "Thomas Amendment") with Mr. Thomas, providing certain terms and conditions in connection with Mr. Thomas' position as the Company's Executive Chairman. The Thomas Amendment amended and restated the Employment Agreement between Mr. Thomas and the Company, dated February 26, 2008, as amended. The Thomas Amendment provided that (i) Mr. Thomas' employment with the Company as Executive Chairman would continue until the earlier of the Company's May 2018 Annual Meeting or May 31, 2018; and (ii) consistent with his prior

arrangement, Mr. Thomas' salary and target incentive amount for 2017 under the Company's annual cash incentive program would remain at 2016 levels, as set forth in the section Compensation Discussion and Analysis Elements of Compensation. The Thomas Amendment also provided that Mr. Thomas was not be eligible to receive an annual bonus under the cash incentive program for fiscal year 2018. Mr. Thomas would receive severance protection terms of 100% of his salary, cash incentive bonus and benefits for termination of employment occurring before January 1, 2018, and 100% of his salary and benefits for termination of employment occurring after January 1, 2018.

Youngberg Separation Agreement. In March 2018, the Company and Mr. Youngberg entered into a Mutual Agreement of Separation and Release (the Separation Agreement) in connection with a mutually desired management transition. Pursuant to the terms of the Separation Agreement, Mr. Youngberg's employment with the Company ceased on March 31, 2018 with Mr. Youngberg receiving one year of severance pay totaling \$345,000, as well as relocation assistance in connection with the sale of his residence. Under the terms of the Separation Agreement, Mr. Youngberg did not receive a bonus for 2018 and his 2018 equity awards were forfeited pursuant to their terms. Mr. Youngberg was also entitled to a lump sum payment equal to one year of the Company's share of his medical premiums.

EQUITY AND INCENTIVE COMPENSATION PLAN INFORMATION

Chart Industries, Inc. Cash Incentive Plan. Cash bonuses payable to our NEOs for awards earned after 2014 are payable pursuant to performance measures set under the Chart Industries, Inc. Cash Incentive Plan, which was adopted by the Board of Directors and approved by our stockholders on May 22, 2014. The Bonus Pool is based on a single performance metric, which in 2018 was 8% of the 2018 consolidated operating income, subject to allowable adjustments by the Committee. In determining actual payouts to NEOs for 2018, the Committee determined 2018 consolidated operating income performance under the Bonus Pool, and then applied financial and strategic operating performance metrics consistent with performance metrics established under the Cash Incentive Plan applicable to other Plan participants. These measures are intended to align NEO STI opportunities to measures believed to be meaningful indications of our performance for our stockholders. Under these targets, NEOs are eligible to earn a cash incentive bonus for the fiscal year if performance exceeds threshold amounts in an amount up to a pre-determined percentage, ranging from 50% to 165% of the NEOs base salary at maximum performance levels. Actual performance below the minimum performance threshold for a performance objective would result in no payment based on that objective.

Under the Cash Incentive Plan a performance period may be a fiscal year or a multi-year cycle, as determined by the Committee. Performance objectives may be based on one or more of certain performance measures which may relate to us, one or more of our subsidiaries, our business divisions or units, or any combination of the foregoing, and the objectives may be applied on an absolute basis, relative to one or more peer group companies or indices, or any combination thereof, in each case as the Committee determines. The Committee may appropriately adjust any performance evaluation under a performance objective or objectives to reflect or exclude certain unusual events that may occur during the performance period. If there is an Incentive Plan Change in Control (as defined below under **Payments made upon Termination in Connection with Change in Control – Treatment of Nonqualified Stock Options**), the Committee will determine promptly, in its discretion, whether and to what extent the performance criteria have been met or will be deemed to have been met for the year in which the Incentive Plan Change in Control occurs and for any completed performance period for which a determination under the plan has not been made. If the Committee determines the criteria have been met, participants will receive their bonuses as soon as practicable, but in no event more than 30 days after the determination.

Pursuant to the terms of the Cash Incentive Plan, no executive officer or other participant may receive a bonus in excess of \$5.0 million in respect of any single fiscal year. The Committee has absolute discretion to reduce or eliminate the amount otherwise payable under the Cash Incentive Plan and to establish rules or procedures which limit the amount payable to a participant to an amount that is less than the amount otherwise approved as that participant's incentive bonus, except that following an Incentive Plan Change in Control the Committee continues to have such right only in the event that a participant engages in misconduct or materially fails to fulfill his or her duties, in each case, as determined by the Committee. Payments made under the Cash Incentive Plan are intended to qualify as performance based compensation.

Prior to adoption of the Cash Incentive Plan, short-term annual cash incentive bonuses were paid out under the Chart Industries, Inc. 2009 Incentive Compensation Plan. The terms of the Incentive Compensation Plan were substantially similar to those described with respect to the Cash Incentive Plan.

Future cash bonuses will be paid out under the new Cash Incentive Plan approved by our Board in March 2019, which replaces the Cash Incentive Plan previously approved in 2014.

Chart Industries, Inc. Omnibus Equity Plan, the Chart Industries, Inc. Amended and Restated 2009 Omnibus Equity Plan and the Chart Industries, Inc. Amended and Restated 2005 Stock Incentive Plan. The Omnibus Equity Plan was adopted by our Board of Directors and approved by stockholders on May 25, 2017. The 2009 Omnibus Plan was initially adopted by our Board of Directors and approved by stockholders on May 19, 2009 and amended and restated effective May 24, 2012. The Omnibus Equity Plan replaced our 2009 Omnibus Plan as the source of ongoing equity compensation awards. The purpose of the Omnibus Equity Plan is to attract and retain skilled and qualified directors, officers and employees who are expected to contribute to our long-term success by providing long-term incentive compensation opportunities competitive with those made available by other companies, to motivate participants to achieve the long-term success and growth of the Company, to facilitate ownership of shares of the Company, and to align the interests of participants with those of our stockholders.

The Omnibus Equity Plan, the 2009 Omnibus Plan and our earlier 2005 Stock Incentive Plan provide for grants of (1) stock options, (2) stock appreciation rights, (3) restricted stock, (4) restricted share units, and (5) other stock-based grants,

including shares of our Common Stock awarded to our non-employee directors, executive officers, other key employees and consultants. As of March 26, 2019,

there were 465,419 shares reserved for issuance and 1,178,826 shares available for future awards under the Omnibus Equity Plan;

there were 556,517 shares reserved for issuance under the 2009 Omnibus Plan; and

there were 2,504 shares reserved for issuance under the 2005 Stock Incentive Plan.

No new grants will be made under the 2005 Stock Incentive Plan or the 2009 Omnibus Plan, but we expect shares will be issued in the future under outstanding awards. For information about Common Stock issuable under the Omnibus Equity Plan, the 2009 Omnibus Plan and the 2005 Stock Incentive Plan as of December 31, 2018, see Equity Compensation Plan Information on page 62.

The Omnibus Equity Plan, the 2009 Omnibus Plan and the 2005 Stock Incentive Plan are administered by our Board of Directors, which has delegated its duties and powers to our Committee. The Committee has the full power and authority to establish the terms and conditions of any award consistent with the provisions of the Omnibus Equity Plan, the 2009 Omnibus Plan or the 2005 Stock Incentive Plan and to waive any such terms and conditions at any time. The Committee is authorized to interpret the Omnibus Equity Plan, the 2009 Omnibus Plan and the 2005 Stock Incentive Plan, to establish, amend and rescind any rules and regulations relating to those plans and to make any other determinations that it deems necessary or desirable for the administration of the plans. The Committee is authorized to correct any defect or supply any omission or reconcile any inconsistency in either plan in the manner and to the extent the committee deems necessary or desirable.

An option holder may exercise an option by written notice and payment of the exercise price (1) in cash, (2) to the extent permitted by our Committee, by the surrender of a number of shares of Common Stock already owned by the option holder for at least six months (or such other period as established from time to time by the Committee consistent with the applicable plan), (3) in a combination of cash and shares of Common Stock (as qualified by clause (2)), (4) through the delivery of irrevocable instructions to a broker to sell shares obtained upon the exercise of the option and deliver to us an amount equal to the exercise price for the shares of Common Stock being purchased or (5) through such cashless exercise procedures as the Committee may permit. Holders who are subject to the withholding of federal and state income tax as a result of vesting or grant of an award under our Omnibus Equity Plan, the 2009 Omnibus Plan or the 2005 Stock Incentive Plan may satisfy the income tax withholding obligation through the withholding of a portion of the shares of Common Stock to be received under such procedures as our Committee may approve.

Table of Contents**2018 Non Qualified Deferred Compensation Table**

The following table and related notes and discussion present information about the amount of compensation deferred, and the earnings accrued thereon, by our NEOs in 2018. Pursuant to the terms of the Deferred Income Plan, on January 2, 2019 the Company made contributions in the amounts stated in the table below for each NEO for 2018. These amounts are also included in the 2018 Summary Compensation Table under All Other Compensation.

Name	Executive Contributions in Last FY(\$)	Registrant Contributions in Last FY(\$)	Aggregate Earnings in Last FY(\$)	Aggregate Withdrawals/ Distributions(\$)	Aggregate Balance at Last FYE\$(1)

William C. Johnson	25,927		(10,561)	78,551	55,746
DeWayne Youngberg	5,175		180	5,388	

(1) Balance includes amounts previously reported in the 2017 Nonqualified Deferred Compensation Table in the Company's 2018 proxy statement for the following individuals in the following amounts: Mr. Thomas, \$1,859,807 and Mr. Johnson, \$118,931.

The Deferred Income Plan was amended on July 13, 2016, to give the Company discretion to determine which members of management and other highly compensated employees are eligible to participate in the Deferred Income Plan. The amendment allows the Company to modify the eligibility waiting period, and other conditions of eligibility, to allow for participation earlier than otherwise permitted under the Plan's terms. As amended, the Company may determine an employee is eligible to participate in the Plan, even if that employee has not received base compensation and a bonus paid or projected to be paid in the year prior to the year in which the participant will defer (the Deferral Year) that is at or above the maximum annual amount that may be taken into account for purposes of the tax-qualified Chart Industries, Inc. 401(k) Investment and Savings Plan (the Savings Plan) (\$275,000 for 2018).

If the Company chooses not to modify an employee's eligibility waiting period, the Plan's provisions continue to apply and participation will be permitted in the Deferral Year by (i) employees with base compensation and bonus actually paid or projected to be paid for the year prior to the Deferral Year at or above the maximum annual amount (\$275,000 for 2018) that may be taken into account for purposes of the tax-qualified Chart Industries, Inc. 401(k) Investment and Savings Plan (the Savings Plan), and (ii) any employee who was deferring compensation as of June 30, 2010 under the prior Voluntary Deferred Income Plan

Among other things, the Deferred Income Plan provides for:

deferrals of up to 100% of each participant's base salary and bonus actually paid or due in the Deferral Year;

beginning in 2011, matching contributions on deferrals under the Deferred Income Plan made in accordance with the formula applicable to the participant under the Savings Plan but only with respect to the part of the participant's compensation that exceeds the maximum annual amount, which is \$280,000 for 2019;

beginning on July 1, 2010, profit sharing contributions (whether or not any compensation is actually deferred under the Deferred Income Plan) with respect to the part of the participant's compensation that cannot be taken into account under the Savings Plan in accordance with the formula applicable to the participant under the Savings Plan. For 2018, profit sharing contributions were made only with respect to base pay earned if such base pay paid during the calendar year is greater than \$275,000; and

automatic full vesting on participant deferrals, with matching contributions and profit sharing contributions vesting 20% per year of the participant's service with the Company, with automatic full vesting after five years of service or, if earlier, attainment of age 65 (with participants already vested under the Savings Plan being fully vested under the Deferred Income Plan) or upon a change in control (as defined in the Deferred Income Plan).

Table of Contents

Pursuant to the Company's Deferred Income Plan, eligible employees are entitled to elect to defer up to 100% of their compensation, consisting of total salary, bonuses and commissions payable in a calendar year. Regardless of the circumstances under which a participant's relationship with the Company terminates, all deferrals made pursuant to the plan will be fully vested. Contributions made by the Company, and any gains or losses on such contributions, vest ratably after five years of service under the Deferred Income Plan. Generally, deferral elections are made by participants in the taxable year immediately prior to the taxable year to which the deferral pertains, and are effective as of the first day of such taxable year. The Deferred Income Plan is unfunded and all benefits under the plan are payable solely from the general assets of the Company.

Benefits under the Deferred Income Plan are payable upon the participant's reaching his or her normal or early retirement date or termination of employment. Payments are made either in a lump sum, or in equal annual installments for a period of up to ten years, as designated by the participant at the time of deferral. Payments may be accelerated under the Deferred Income Plan in the event that (1) a change in control (as defined under the Deferred Income Plan) occurs; (2) a participant has an unforeseeable emergency; (3) a participant becomes disabled; (4) death occurs prior to completion of payment of benefits, or (5) the participant has a de minimis balance permitted to be accelerated under IRS rules. The Company would not expect to permit a participant to receive more than one distribution as a result of an unforeseeable emergency in any calendar year. A participant may also elect to receive an in-service distribution at the time of completing an election of deferral, and such payment is payable in a lump sum on the designated in-service withdrawal date. For information regarding post-termination payments under the plan, see Other Potential Post-Employment Payments.

Participants in the Deferred Income Plan may direct the investment of their balance held within the plan among a number of alternative investment fund options, and earnings and losses on participants' investments are determined based on the individual performance of the underlying investment options. A participant may regularly change his or her investment allocation within the plan. A rabbi trust has been established under the plan to hold assets separate from our other assets for the purpose of paying future participant benefit obligations. Assets held in the rabbi trust are available to our general creditors in the event of our insolvency.

Notwithstanding anything in the Deferred Income Plan to the contrary, the Deferred Income Plan is administered in accordance with the requirements of, or to meet the requirements for exemption from, Section 409A of the Internal Revenue Code.

Table of Contents**Other Potential Post-Employment Payments**

Under the Employment Agreements, each of our NEOs is entitled to receive certain compensation and other benefits upon a termination of employment. The table below and related notes and discussion summarize the payments each executive officer would be entitled to receive under the terms of his or her Employment Agreement upon the occurrence of a triggering event, such as death, disability, retirement, termination for cause, a qualifying resignation, termination without cause, or a qualifying resignation or termination without cause in connection with a Change in Control.

The Employment Agreements define "Cause" as: (i) the executive's willful failure to perform duties; (ii) the commission of, or a plea of guilty or no contest to a felony or crime involving moral turpitude; (iii) willful malfeasance or misconduct demonstrably injurious to us or our subsidiaries; (iv) material breach of the material terms of the Employment Agreement; (v) commission of an act of gross negligence, corporate waste, disloyalty or unfaithfulness to us, which adversely affects our business or that of our subsidiaries or affiliates; or (vi) any other act or course of conduct that will demonstrably have a material adverse effect on us or a subsidiary or an affiliate's business. "Good Reason" is defined in the Employment Agreements as: (i) a material diminution in executive's base salary (excluding any general salary reduction similarly affecting substantially all other senior executives of the Company as a result of a material adverse change in the Company's prospects or business); (ii) a material diminution in executive's authority, duties, or responsibilities; (iii) a material change in the geographic location at which executive must perform services; or (iv) any other action or inaction that constitutes a material breach by the Company of the Employment Agreement.

"Change in Control" under the Employment Agreements is discussed on page 41 in the section "Employment Agreements - Severance and Change in Control Provisions."

PAYMENTS MADE UPON INVOLUNTARY TERMINATION FOR CAUSE OR RESIGNATION WITHOUT GOOD REASON

Salary, Bonus, and Benefits. If an NEO is terminated by us for Cause or resigns without Good Reason, he or she is entitled to receive his or her accrued but unpaid base salary, his or her prior year's Annual Bonus to the extent earned but not yet paid, and any accrued but unpaid health and welfare benefits (including accrued vacation).

Treatment of Nonqualified Stock Options. Under the terms of the stock option agreements under which the non-qualified stock options were awarded to the NEOs, in the event that an NEO is terminated by us for Cause or resigns without Good Reason, the unvested portion of all stock options will be cancelled.

Treatment of PSU Awards. Under the terms of the performance unit agreements under which the PSUs were awarded to the NEOs, in the event that an NEO is terminated by us for Cause or resigns without Good Reason during the performance period, all performance units will be cancelled.

Treatment of RSU Awards. Under the terms of the restricted share unit agreements under which the RSUs were awarded to the NEOs, in the event that an NEO is terminated by us for Cause or resigns without Good Reason, any unvested RSUs will be cancelled.

Treatment of Deferred Compensation. Under the terms of the Deferred Income Plan, in the event that a participant's employment is terminated due to (1) conviction of certain crimes enumerated in the Deferred Income Plan or (2) any

breach of the duty of loyalty to us, any acts of omission in the performance of a participant's Company duties not in good faith or which involve intentional misconduct or a knowing violation of law, or any transaction in the performance of a participant's Company duties from which the participant derived an improper personal benefit (Cause under the Deferred Income Plan), the participant will not be entitled to receive any benefits or payments under the terms of the plan, other than the participant's deferrals. If a participant's employment is terminated for resignation without Good Reason, the participant will be entitled to receive benefits and payments based on the participant's vested account.

PAYMENTS MADE UPON INVOLUNTARY TERMINATION WITHOUT CAUSE OR RESIGNATION FOR GOOD REASON

Salary, Bonus, and Benefits. Pursuant to the terms of the Employment Agreements, as amended, if an NEO is terminated by us without Cause or resigns for Good Reason not within two years after a Change in Control, the executive is entitled to

receive his or her accrued but unpaid base salary, prior year's Annual Bonus to the extent earned but not yet paid, and any accrued but unpaid health and welfare benefits (including accrued vacation). Subject to the execution and delivery of a release of claims against us and compliance with the restrictive covenants described on page 42 in Employment Agreements, the executive is also entitled to a severance payment and continued coverage under our group health plan. The executive's severance payment upon an involuntary termination without Cause or resignation for Good Reason would be a lump sum equal to a percentage of that executive's current base salary plus the greater of that executive's current Base Target, or the Base Target for the preceding fiscal year, as follows: Ms. Evanko, 200%; the CFO, 150%; and all other officers, 100%. The executive would be entitled to continued coverage under the Company's group health plan for the following period: Ms. Evanko, 24 months; the CFO, 18 months; and all other executives, 12 months. To the extent that continued coverage is not permissible under the terms of such plans beyond eighteen months, we may instead pay an amount equal to the premium subsidy we would have otherwise paid on the executive's behalf for such coverage.

Treatment of Nonqualified Stock Options. Under the terms of the stock option agreements under which the non-qualified stock options were awarded to the NEOs, in the event that an NEO is terminated by us without Cause or resigns for Good Reason, any unvested stock options will be cancelled.

Treatment of PSU Awards. Under the terms of the performance unit agreements under which the PSUs were awarded to the NEOs, in the event that an NEO is terminated by us without Cause or resigns for Good Reason during the performance period, all performance units will be cancelled.

Treatment of RSU Awards. Under the terms of the restricted share unit agreements under which the RSUs were awarded to the NEOs, in the event that an NEO is terminated by us without Cause or resigns for Good Reason, any unvested RSUs will be cancelled; however, with respect to the grant of 47,400 RSUs to Ms. Evanko on December 17, 2018 (which vest in their entirety on December 17, 2021), if Ms. Evanko is terminated without Cause or resigns for Good Reason, the RSUs will immediately become vested on a pro-rated basis through the end of the month of the date of such termination without Cause or resignation for Good Reason.

Treatment of Deferred Compensation. Under the terms of the Deferred Income Plan, in the event that a participant's employment is terminated by us without Cause or by resignation for Good Reason, the participant will be entitled to receive benefits and payments based upon the participant's vested account.

PAYMENTS MADE UPON TERMINATION BY REASON OF DEATH OR DISABILITY; RETIREMENT

Salary, Bonus, and Benefits. In the event an NEO is terminated by reason of death or ceases to be employed as a result of disability, he or she would be entitled to receive his or her accrued but unpaid base salary, his or her prior year's Annual Bonus to the extent earned but not yet paid, and any accrued but unpaid health and welfare benefits (including accrued vacation). In addition, the executive would be entitled to a pro-rata portion of the Annual Bonus, if any, that he or she would have been entitled to for the year in which the termination occurs, based on our actual results for the year and the percentage of the fiscal year that has elapsed through the date of the executive's termination of employment. In the event of separation due to retirement, NEOs are entitled to receive their accrued but unpaid Base Salary and any accrued but unpaid health and welfare benefits (including accrued vacation).

Treatment of Nonqualified Stock Options. Under the terms of the stock option agreements under which the non-qualified stock options were awarded to the NEOs, in the event that an NEO is terminated due to death or disability, stock options will become immediately vested. In the event an NEO is terminated due to retirement upon

reaching the age of 60, provided the executive has completed 10 years of service with us (Retirement), the options will continue to vest and become exercisable as if the officer had remained employed.

Effective January 1, 2015, the definition of Retirement under our stock option and other equity award agreements was changed. Under the 2015 and 2016 stock option agreements, in addition to Retirement eligibility under the existing age 60 and 10-years of service standard, an executive is also eligible for retirement upon reaching the age of 65, regardless of his or her service time with the Company. In the event an NEO is terminated due to retirement, options awarded under our 2015 and 2016 stock option agreements continue to vest and remain exercisable for up to five years after Retirement as if the officer had remained employed.

Table of Contents

Treatment of PSU Awards. Under the terms of the performance unit agreements under which the PSUs were awarded to the NEOs, in the event that an NEO is terminated due to Retirement, death or disability during the performance period, the executive (or his or her beneficiary or beneficiaries) shall be entitled to a pro-rated number of units calculated by multiplying (x) by (y) where: (x) is the number of Shares, if any, that would have been earned by the executive as the result of the satisfaction of the performance requirements; and (y) is the number of months that the executive was employed (rounded up to the nearest whole number) during the performance period divided by the number of months in the performance period.

Effective January 1, 2015, the definition of Retirement under our performance unit agreements was changed. Under the 2015, 2016, 2017 and 2018 performance unit agreements, in addition to Retirement eligibility under the existing age 60 and 10-years of service standard, an executive is also eligible for retirement upon reaching the age of 65, regardless of his service time with the Company. In the event an NEO is terminated due to retirement, PSUs are awarded under our 2015, 2016, 2017 and 2018 performance unit agreements in the manner described above.

Treatment of RSU Awards. Under the terms of the restricted share unit agreements under which the RSUs were awarded to the NEOs, in the event that an NEO is terminated as a result of death or disability, the RSUs, together with any dividend equivalents attributable to the RSUs will, to the extent not then vested and not previously canceled, immediately become fully vested as of the date of the death or disability. In the event an NEO is terminated due to Retirement, the RSUs, together with any dividend equivalents attributable to the RSUs will, to the extent not then vested and not previously canceled, continue to vest ratably on each of the first three anniversaries of the date of grant.

Treatment of Deferred Compensation. Under the terms of the Deferred Income Plan, in the event that a participant's employment is terminated due to death, disability or Retirement, the benefit payable to the participant under the Deferred Income Plan will fully vest, to the extent not previously vested.

PAYMENTS MADE UPON EXPIRATION OF EMPLOYMENT TERM

Salary, Bonus and Benefits. In the event the employment of an NEO is terminated upon expiration of the employment term without renewal, he or she will be entitled to receive his or her accrued but unpaid base salary, his or her prior year's Annual Bonus to the extent earned but not yet paid, and any accrued but unpaid health and welfare benefits (including accrued vacation). No named executive officer's Employment Agreement could have terminated on December 31, 2018, as a result of the rolling term of the agreement, since we could not have provided the required notice before expiration under the terms of the applicable agreement. Accordingly, no benefits are shown in the table below related to expiration of the Employment Agreement term on December 31, 2018.

Treatment of Nonqualified Stock Options. Under the terms of the stock option agreements under which the non-qualified stock options were awarded to the NEOs, in the event that the employment of an NEO is terminated upon expiration of the employment term without renewal, the unvested portion of all options will be cancelled by us without consideration.

renewal, any unvested RSUs will be cancelled.

Treatment of Deferred Compensation. Under the terms of the Deferred Income Plan, in the event that a participant's employment is terminated upon expiration of the employment term without renewal, the participant will be entitled to receive an amount equal to the participant's vested account.

Salary, Bonus and Benefits. Pursuant to the terms of the Employment Agreements, as amended, in the event an NEO is terminated by us without Cause or resigns for Good Reason within two years of a Change in Control, the executive is entitled

to receive his or her accrued but unpaid base salary, his prior year's Annual Bonus to the extent earned but not yet paid, and any accrued but unpaid health and welfare benefits (including accrued vacation). Subject to the execution and delivery of a release of claims against us and compliance with the restrictive covenants described on page 42 in Employment Agreements, the executive is also entitled to a severance payment and continued coverage under our group health plan. The executive's severance payment upon a termination without Cause or for Good Reason within two years following a Change in Control would be a lump sum equal to a percentage of that executive's current base salary plus the greater of that executive's current Base Target, or the Base Target for the fiscal year immediately preceding the fiscal year in which the Change in Control occurred, as follows: Ms. Evanko, 300%; the CFO 200%, and all other officers, 100%. The severance payments to be paid to the executive officers upon a termination of employment without Cause or for Good Reason within two years following a Change in Control may be reduced under the Employment Agreements if (x) the payments would result in the imposition of a golden parachute excise tax under the Internal Revenue Code Section 280G and (y) the reduced payments would result in the executive officer receiving a greater net after-tax payment. The executive would be entitled to continued coverage under the Company's group health plan for the following period: Ms. Evanko, 36 months; the CFO, 24 months; and all other executives, 12 months. To the extent that continued coverage is not permissible under the terms of such plans beyond eighteen months, we may instead pay an amount equal to the premium subsidy we would have otherwise paid on the executive's behalf for such coverage.

Treatment of Nonqualified Stock Options. Under the terms of the 2005 Stock Incentive Plan, the 2009 Omnibus Plan, the Omnibus Equity Plan, and the stock option agreements under which the non-qualified stock options were awarded to the named executive officers, stock options become fully vested and are immediately exercisable in the event of the occurrence of any of the following: (1) the sale or disposition, in one or a series of related transactions, of all or substantially all, of our assets to any person or group; (2) any person or group is or becomes the beneficial owner of more than 50% (30% in the case of the 2009 Omnibus Plan, the Omnibus Equity Plan and the Incentive Compensation Plan) of the total voting power of our voting stock, including by way of merger, consolidation, tender or exchange offer or otherwise; or (3) during any period of two consecutive years, individuals who at the beginning of such period constituted the Board (together with any new directors whose election by such Board or whose nomination for election by our stockholders was approved by a vote of a majority of our directors, then still in office, who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board then in office (each, an Incentive Plan Change in Control).

Treatment of PSU Awards. Under the terms of the performance unit agreements under which the PSUs were awarded to the NEOs, in the event of an Incentive Plan Change in Control, (1) the performance requirements shall be deemed to have been satisfied at the greater of either: (i) the target level of the performance requirements as if the entire performance period had elapsed; or (ii) the level of actual achievement of the performance requirements as of the date of the Incentive Plan Change in Control; and (2) the appropriate number of shares, or, if the Committee so elects, cash, shall be issued or paid to the executive not later than 30 days after the date of the Incentive Plan Change in Control.

Treatment of RSU Awards. Under the terms of the restricted share unit agreements under which the RSUs were awarded to the NEOs, in the event of an Incentive Plan Change in Control that also meets the definition of a change in control event under applicable regulations under Section 409A of the Internal Revenue Code, the RSUs, together with any dividend equivalents attributable to the RSUs will, to the extent not then vested and not previously forfeited or canceled, immediately become fully vested as of the date of the Incentive Plan Change in Control.

Treatment of Deferred Compensation. Under the terms of the Deferred Income Plan, in the event of a change of ownership or effective control of the Company within the meaning of Section 409A of the Internal Revenue Code, a

participant's interest in all amounts credited to the participant's account under the plan will fully and immediately vest, become nonforfeitable and be distributed in a single lump sum.

Double Trigger Change in Control Provisions. As discussed previously, under Executive Summary Fiscal 2018 Executive Compensation Highlights Pay for Performance, all equity award agreements (beginning with the RSUs award to Ms. Evanko on December 17, 2018) contain double trigger change in control provisions that will apply to situations where the buyer assumes the Company's outstanding awards; otherwise, the awards revert to a single trigger change in control provision.

Table of Contents**Potential Post-Employment Payments under the Employment Agreements**

Assuming the employment of each NEO was terminated under each of the following circumstances on December 28, 2018, the last business day of our 2018 fiscal year, payments made and benefits provided would have the following estimated values. Messrs. Johnson and Youngberg are not shown in the table below as, upon their departure from the Company, on June 11, 2018 and March 31, 2018, respectively, the unvested portion of their outstanding option awards and PSU and RSU awards were forfeited. Mr. Thomas retired on May 25, 2018 and his post-retirement payments are limited solely to equity award vesting.

Table of Contents

- (1) Cash severance amounts, under the Employment Agreements as of December 28, 2018, consist of a lump sum payment equal to the following percentage of the executive's base salary and the greater of his or her current target annual bonus or the target bonus for the preceding fiscal year (or the target bonus for the year before a Change in Control, in the case of a termination within two years after a Change in Control): Ms. Evanko, 200% (300% if after a Change in Control); and Mr. Vinci, 100%. The amounts in the table do not include accrued but unused vacation, since the policy governing vacation for the executive officers mandates the forfeiture of all accrued vacation for the current year not used by the end of the year, and each scenario assumes termination of employment on the last day of the year. In the event that an executive is terminated prior to the end of the fiscal year, the executive would be entitled to compensation for any unused vacation that could be used prior to the end of the fiscal year. Our executives are presently entitled to the following vacation benefits: Ms. Evanko five weeks; all other officers, four weeks.
- (2) Our Cash Incentive Plan, under which the incentive bonuses were paid for 2018, generally requires a participant be employed on the day of payment of the bonus, which was February 14, 2019. The 2018 bonus amounts payable are based on the realization of 99.4% of our 2018 financial performance goals and each executive's achievement of a specific, pre-determined SOEG metric. For additional information about the Company's performance measures and NEOs' 2018 cash bonus opportunity, see the discussion on page 29, under Elements of Compensation Short-Term Annual Cash Incentive Award, the Estimated Future Payouts Under Non-Equity Incentive Plan Awards portion of the 2018 Grants of Plan-Based Awards Table, and the 2018 Summary Compensation Table, above.
- (3) Health and welfare benefits consist of health care and dental. These benefits after termination of employment have been calculated based on actual cost to us for 2018. For each year following 2018, costs are approximated based on the actual cost for 2018 plus an assumed 5% annual increase in medical benefits cost and an assumed 3% annual increase in dental benefits cost.
- (4) The value of the stock options that vest upon death or disability or an Incentive Plan Change in Control represents the difference between the aggregate market value of the shares underlying the unvested portion of these options on December 28, 2018, at \$64.87 per share, the closing price of our Common Stock on that day, and the aggregate exercise price of the option. In the event of Retirement, stock options will continue to vest ratably over a four-year period, without giving effect to the requirement of continuous service.
- (5) In the event of termination due to disability, death, or Retirement, the executive (or his or her beneficiary) is entitled to a pro-rated number of performance units, calculated by multiplying (x) by (y) where: (x) is the number of units, if any, that would have been earned by the executive as the result of the satisfaction of the performance requirements; and (y) is the number of months that the executive was employed (rounded up to the nearest whole number) during the performance period divided by the total number of months in each performance period. For performance units awarded in 2017 and 2018 to Ms. Evanko and Mr. Vinci, the table reflects the assumption that the units will vest at the 100% target level of the total amount of performance units granted, even though we are unable to accurately predict the actual performance of these awards. See Compensation Discussion and Analysis Elements of Compensation Long-Term Incentive Compensation above for more information about these assumptions. Whether or to what extent the 2017 and 2018 unvested awards actually will be earned depends on future events. The value of performance units upon an Incentive Plan Change in Control represents the product of (i) the 100% target amount of performance units granted in 2017, and the 100% target amount of performance

units granted in 2018, and (ii) \$64.87 per share, the closing price of our Common Stock on December 28, 2018.

- (6) The table reflects the market value of the unvested portion of 2016, 2017 and 2018 RSU awards, granted January 4, 2016 (for Mr. Thomas), January 3, 2017 (for Mr. Vinci) and February 13, 2017 (for Ms. Evanko) and the unvested portion of the 2018 RSU awards granted January 2, 2018 (for Ms. Evanko and Mr. Vinci) and July 9, 2018 (for Ms. Evanko). RSU awards to our NEOs vest ratably over a three-year period beginning on the first anniversary of the date of grant. With respect to death, disability and an Incentive Plan Change in Control, the executive (or his or her beneficiary) is entitled to an immediate vesting of the shares underlying the unvested portion of the RSUs. The value of the RSUs that vest upon death, disability or an Incentive Plan Change in Control represents the aggregate market value of the shares underlying the unvested portion of the RSU awards on December 28, 2018, at \$64.87 per share, the closing price of our Common Stock on that day. In the event of Retirement, RSUs continue to vest ratably over the vesting period, without giving effect to the requirement of continuous service, and therefore such amounts are not included in the table.
- (7) The Company does not provide above-market returns on any participant balances in the Deferred Income Plan. Ms. Evanko and Mr. Vinci received Company contributions under the Deferred Income Plan for 2018. Since the executives are fully vested in these amounts, they are not recognized in the table. For specific deferred compensation balances, see the 2018 Nonqualified Deferred Compensation Table.

Table of Contents

- (8) Mr. Thomas was the only current NEO eligible for Retirement on December 28, 2018; however, his outstanding PSU awards (which were subject to vesting upon Retirement) vested prior to fiscal year end 2018.
- (9) Assumes termination of employment results from resignation for Good Reason or Involuntary Termination without Cause within two years following a Change in Control. As stated in the table, the severance payments to be paid to the executive officers upon a termination of employment without Cause or for Good Reason within two years following a Change in Control may be reduced under the Employment Agreements if (x) the payments would result in the imposition of a golden parachute excise tax under the Internal Revenue Code Section 280G and (y) the reduced payments would result in the executive officer receiving a greater net after tax payment. The amounts shown in the table above do not reflect that if, in the event payments to the executive officer in connection with a change in control or otherwise would result in an excise tax under the Internal Revenue Code, such payments may be reduced to the extent necessary so that the excise tax does not apply.

Table of Contents**2018 Director Compensation Table**

The following table summarizes the compensation of our non-employee directors for fiscal year 2018. Ms. Evanko and Messrs. Thomas and Johnson, as executive or former executive officers of the Company, did not receive any additional compensation for the services they performed in 2018 as a member of our Board of Directors.

(1) Amounts in this column represent the aggregate grant date fair value of stock awards made to our non-employee directors in fiscal year 2018. These awards were reflected in our consolidated financial statements, based upon the applicable accounting guidance, at the fair market value of our Common Stock on the date of grant.

(2) Mr. Chen was appointed to the Board in May 2018.

(3) Messrs. Goodrich and Keating retired from the Board in May 2018.

DIRECTOR COMPENSATION PROGRAM

All non-employee directors receive an annual cash retainer of \$100,000 and an annual stock award of \$100,000. As of July 1, 2017, the annual cash retainer was raised from \$62,500 to \$100,000, and the annual stock award was raised from \$97,500 to \$100,000, to ensure competitive compensation relative to peers. The Chairman of the Board and each Board committee chair receive an additional annual cash retainer to reflect their added responsibilities (each paid in quarterly installments), with the fee for service as Chairman in effect as of Mr. Krablin's appointment as Chairman of the Board in June 2018 (and Mr. Krablin earning fees in his capacity as Lead Independent Director prior to his appointment as Chairman of the Board):

Chairman: \$100,000

Lead Independent Director (when applicable): \$25,000

Audit Committee Chair: \$25,000

Compensation Committee Chair: \$25,000

NCGC Chair: \$15,000

Annual cash retainers, and fees paid to the Chairman and the Committee chairs, are paid in equal quarterly installments. Annual stock awards are granted on a quarterly basis in installments equal in value to one-quarter of the annual equity retainer then in effect. The 2018 director stock awards were made pursuant to our Omnibus Equity Plan and are fully vested on the date of grant. Directors may elect to defer their stock until a later fiscal year, or until the earlier of the January following separation of service from the Board or the occurrence of a change in control. Director deferrals of their stock retainers are in all cases limited to the extent permitted under Section 409A of the Internal Revenue Code.

Director Stock Ownership. Our stock ownership guidelines provide that non-employee directors must accumulate investments of at least four times the value of the annual cash retainer in our Common Stock during the first 48 months of their tenure on our Board. Directors must maintain investments in Company stock at the director guideline level after expiration of the 48 month period. Shares of our Common Stock issuable upon settlement of stock units or granted as quarterly stock grants will count towards the requirement. As of March 26, 2019, all of our directors meet or are on track to meet the ownership guidelines within the 48 month period.

Pay Ratio Disclosure

Under Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to provide the ratio of the annual total compensation of Ms. Evanko, who has served as the Company's Chief Executive Officer since June 12, 2018, to the annual total compensation of the median employee of the Company (the Pay Ratio Disclosure).

For 2018, the median annual total compensation of all employees of the Company and its consolidated subsidiaries (other than the Chief Executive Officer) was \$45,654. Ms. Evanko's annual total compensation for 2018 for purposes of the Pay Ratio Disclosure was \$5,923,017. Based on this information, for 2018, the ratio of the compensation of the Chief Executive Officer to the median annual total compensation of all other employees was estimated to be 130 to 1.

To identify, and to determine the annual total compensation of, the median employee, we used the following methodology:

We collected annual cash compensation from payroll data of all employees globally, whether employed on a full-time, part-time, temporary or seasonal basis as of December 31, 2018.

We annualized the compensation of all permanent full-time and part-time employees who were hired by the Company and its consolidated subsidiaries, or who became part of these entities through acquisition, between January 1 and December 31, 2018.

We applied an exchange rate as of December 31, 2018, to convert all international currencies into U.S. dollars. Using this methodology, we determined that the median employee was a non-exempt, full-time employee located in Canton, Georgia with an annual total compensation of \$45,654 for 2018, calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

Ms. Evanko served as Chief Executive Officer on December 31, 2018, the determination date of the median employee. Ms. Evanko did not serve as the Chief Executive Officer for the entirety of 2018. Although Ms. Evanko did not receive a full year of compensation for her current position, she received a significant one-time retention equity award in December 2018, which we believe may result in a higher pay ratio than can be anticipated in a normalized year. Excluding Ms. Evanko's one-time equity award of 47,400 RSUs on December 17, 2018, and adjusting Ms. Evanko's 2018 compensation to reflect a full year's salary as CEO, the ratio of the Chief Executive Officer's compensation to the median annual total compensation of all other employees was estimated to be 72 to 1.

The Pay Ratio Disclosure presented above is a reasonable estimate. Because the SEC rules for identifying the median employee and calculating the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, the Pay Ratio Disclosure may not be comparable to the pay ratio reported by other companies.

Audit Committee Report

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function and independent registered public accounting firm. The Audit Committee's activities are governed by a written charter adopted by the Board of Directors, a copy of which is available on the Governance Documents page of our investor relations website at www.chartindustries.com.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2018 Annual Report on SEC Form 10-K with the Company's management and Ernst & Young LLP, the independent registered public accounting firm for fiscal 2018.

In this context, the Audit Committee reviewed and discussed with management and the independent auditors the audited financial statements for the year ended December 31, 2017 (the Audited Financial Statements), management's assessment of the effectiveness of the Company's internal control over financial reporting, and the independent auditors' evaluation of the Company's system of internal control over financial reporting. The Audit Committee has discussed with Ernst & Young LLP, the Company's independent auditors, the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard 1301, Communications with Audit Committees. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on SEC Form 10-K for the fiscal year ended December 31, 2018, for filing with the Securities and Exchange Commission.

The Audit Committee has determined that the rendering of pre-approved non-audit services by Ernst & Young LLP was compatible with maintaining the registered public accounting firm's independence.

Submitted by the Audit Committee of the Board of Directors as of February 5, 2019.

All audit-related services, tax services and other services were pre-approved for 2018 by the Audit Committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who own 10% or more of a registered class of the Company's equity securities to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and 10% or greater stockholders are required by SEC regulations to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Proposal 2 Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee has appointed Deloitte & Touche LLP as our independent registered public accounting firm to audit our financial statements for the year ending December 31, 2019. The Board of Directors recommends ratification of the Audit Committee's appointment of Deloitte & Touche LLP.

The selection of Deloitte & Touche LLP as our independent registered public accounting firm is not required to be submitted to a vote of our stockholders for ratification; however, we are submitting the appointment of Deloitte & Touche LLP to the Company's stockholders for ratification as a matter of good corporate practice and in order to provide a method by which stockholders may communicate their opinion to the Audit Committee. The Sarbanes-Oxley Act of 2002 requires that the Audit Committee be directly responsible for the appointment, compensation and oversight of our independent registered public accounting firm. If our stockholders fail to vote on an advisory basis in favor of the selection, the Audit Committee will reconsider whether to retain Deloitte & Touche LLP, and may retain that firm or another firm without re-submitting the matter to our stockholders. Even if our stockholders ratify the appointment, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the interests of our stockholders.

A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting. The representative will be given an opportunity to make a statement if desired, and will be available to respond to stockholder questions.

As previously reported on the Company's Current Report on Form 8-K, dated March 1, 2019, the Audit Committee conducted a comprehensive, competitive process to determine the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. On February 25, 2019, the Audit Committee approved the engagement of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019, replacing Ernst & Young LLP, the Company's prior accounting firm.

Ernst & Young's audit reports on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2018 and 2017 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2018 and 2017, there were (i) no disagreements between the Company and Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, any of which, if not resolved to Ernst & Young's satisfaction, would have caused Ernst & Young to make reference thereto in its reports, and (ii) no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended December 31, 2018 and 2017, neither the Company nor anyone on its behalf has consulted with Deloitte & Touche regarding:

the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report or oral advice was provided to the Company that D&T concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue;

any matter that was the subject of a disagreement within the meaning of Item 304(a)(1)(iv) of Regulation S-K, and

any reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

Our Board of Directors unanimously recommends a vote FOR Proposal No. 2 to ratify the Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2019.

Proposal 3 Approval, on an Advisory Basis, of the Company's Executive Compensation

In this Proposal 3, as required by Section 14A of the Exchange Act and pursuant to Rule 14a-21(a) promulgated thereunder, we are providing our stockholders the opportunity to cast an advisory (non-binding) vote to approve the compensation of our named executive officers, as disclosed in this proxy statement in the Compensation Discussion and Analysis section, beginning on page 21, in accordance with the compensation disclosure rules of the SEC.

Although the vote is advisory only, the Compensation Committee and the Board value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions. At the Company's 2017 Annual Meeting our stockholders approved, on an advisory basis, an annual frequency of the advisory vote to approve the compensation of our named executive officers. Consistent with the input of our stockholders and consistent with our long-standing Board policy, the stockholder vote for advisory approval of NEO compensation will occur annually.

As described more fully in the Compensation Discussion and Analysis, our executive compensation program is designed to:

create and enhance stockholder value by attracting and retaining key executive talent;

align our executive officers' incentives with stockholder value creation by tying compensation to the achievement of measurable operational and strategic objectives; and

award compensation at levels commensurate with each executive officer's performance, experience, and responsibilities.

Our program seeks to align executive compensation with stockholder value on a short- and long-term basis through a combination of base pay, annual incentives, and long-term incentives, and features appropriate governance policies to discourage executives from taking risks that are unnecessary or excessive. Our short-term annual cash incentives are strongly performance-based, with 80% of cash bonuses tied to the Company's annual financial performance and 20% tied to individuals' achievement of the Company's strategic and operational goals. In addition, 2018 long-term incentive awards were comprised of a mix of stock options, performance units, and restricted share units, which link executive compensation directly to stockholder value and long-term performance, while incentivizing retention, and beginning with equity awards in 2019 and going forward, the mix of such equity awards was modified to increase the mix of performance units as compared to stock options. We believe our compensation program aligns our executive compensation with stockholder interests in a performance-based framework, which was clearly demonstrated in 2018. Although we achieved 2018 financial results at our overall expectations, resulting in NEOs receiving short-term cash bonuses, executive base compensation and the value of our long-term equity incentive awards continue to be significantly impacted by our performance longer-term:

Continued Practice of minimal and market-based base salary increases for continuing NEOs. Ms. Evanko's base salary was increased in connection with her promotion to CEO in June 2018, yet was initially lower than the

salary of her predecessor. The base salary for our other continuing NEO in 2018, Mr. Vinci, was marginally higher in 2018 than 2017. Base salaries for both Ms. Evanko and Mr. Vinci represented a smaller portion of their total compensation opportunity than in 2017. This is a reflection of the Committee's assessment of various quantitative and qualitative factors, including the Company's overall financial performance.

Significantly increased performance targets on a year-over-year basis. The Committee evaluates and sets performance targets on a yearly basis, taking into account industry and market conditions. Two of the Company's performance targets were significantly higher in 2018 compared to 2017. As a result of the rigorous target increases, payouts for the CEO under the STI program in 2018 were 100% of target, compared to 123.4% of target in 2017, despite the significantly enhanced operating results realized in 2018.

In 2018, we continued to build on our strategy to focus on our core cryogenic expertise, and align the business leadership to facilitate profitable growth, including through the restructuring of our segments into E&C, D&S East and D&S West, but also through the strategic acquisition of VRV and the divestment of our oxygen-related products business within our former BioMedical segment. We believe these efforts leave us well-positioned to capitalize on future opportunities in 2019 and beyond.

Table of Contents

Looking forward to compensation matters in 2019 and going forward, and in order to further align compensation with performance, the Committee approved several design changes for equity awards beginning in 2019:

Added a double trigger change in control provision to all equity award agreements beginning in December 2018. This change was made to conform to the majority market practice and will apply to situations where a buyer assumes the Company's outstanding awards; otherwise, the awards revert to a single trigger.

Modified equity award mix for executives to increase the portion of performance-based awards, with PSUs representing 40% (versus 20% previously) and options now representing 30% of the total awards (versus 50% previously).

Adopted a new form of PSU agreement, which includes an operating income metric (in addition to the existing ROIC measure), and includes a formula to increase the target performance metrics to reflect revenue from large LNG projects, thereby more effectively linking the performance targets to industry and market conditions and eliminating the possibility of skewed results in the event of a one-time significant and unbudgeted large LNG project.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask our stockholders to vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2018 Summary Compensation Table and the other related tables and disclosure.

Our Board of Directors unanimously recommends a vote FOR Proposal No. 3 to approve the compensation of the named executive officers as disclosed in this proxy statement.
