Closed-end funds

Delaware Funds® by Macquarie Closed-End Municipal Bond Funds

September 30, 2018

The figures in the semiannual report for Delaware Funds by Macquarie Closed-End Municipal Bond Funds represent past results, which are not a guarantee of future results. A rise or fall in interest rates can have a significant impact on bond prices. Funds that invest in bonds can lose their value as interest rates rise.

Macquarie Asset Management (MAM) offers a diverse range of products including securities investment management, infrastructure and real asset management, and fund and equity-based structured products. Macquarie Investment Management (MIM) is the marketing name for certain companies comprising the asset management division of Macquarie Group. This includes the following registered investment advisors: Macquarie Investment Management Business Trust (MIMBT), Macquarie Funds Management Hong Kong Limited, Macquarie Investment Management Austria Kapitalanlage AG, Macquarie Investment Management Global Limited, Macquarie Investment Management Europe Limited, and Macquarie Capital Investment Management LLC. For more information, including press releases, please visit delawarefunds.com/closed-end.

Unless otherwise noted, views expressed herein are current as of Sept. 30, 2018, and subject to change for events occurring after such date.

The Funds are not FDIC insured and are not guaranteed. It is possible to lose the principal amount invested.

Advisory services provided by Delaware Management Company, a series of MIMBT, a US registered investment advisor.

Other than Macquarie Bank Limited (MBL), none of the entities noted are authorized deposit-taking institutions for the purposes of the Banking Act 1959 (Commonwealth of Australia). The obligations of these entities do not represent deposits or other liabilities of MBL. MBL does not guarantee or otherwise provide assurance in respect of the obligations of these entities, unless noted otherwise. The Funds are governed by US laws and regulations.

All third-party marks cited are the property of their respective owners.

Total Value of Securities	\$99,387,795
(cost \$95,709,434)	

Security exempt from registration under Rule 144A of the Securities Act of 1933, as amended. At Sept. 30, 2018, the aggregate value of Rule 144A securities was \$4,611,187, which represents 6.54% of the Fund's net assets. See Note 5 in Notes to financial statements.

⌘ Tax-exempt obligations that contain a floating or variable interest rate adjustment formula and an unconditional right of demand to receive payment of the unpaid principal balance plus accrued interest upon a short notice period (generally up to 30 days) prior to specified dates either from the issuer or by drawing on a bank letter of credit, a guarantee, or insurance issued with respect to such instrument. Each rate shown is as of Sept. 30, 2018.

§ Pre-refunded bonds. Municipal bonds that are generally backed or secured by US Treasury bonds. For pre-refunded bonds, the stated maturity is followed by the year in which the bond will be pre-refunded. See Note 5 in Notes to financial statements.

o Principal amount shown is stated in US Dollars unless noted that the security is denominated in another currency.

Summary of abbreviations:

AGC Insured by Assured Guaranty Corporation

Security exempt from registration under Rule 144A of the Securities Act of 1933, as amended. At Sept. 30, 2018, the aggregate value of Rule 144A securities was \$4,379,436, which represents 2.71% of the Fund s net assets. See Note 5 in Notes to financial statements.

⌘ Tax-exempt obligations that contain a floating or variable interest rate adjustment formula and an unconditional right of demand to receive payment of the unpaid principal balance plus accrued interest upon a short notice period (generally up to 30 days) prior to specified dates either from the issuer or by drawing on a bank letter of credit, a guarantee, or insurance issued with respect to such instrument. Each rate shown is as of Sept. 30, 2018.

§ Pre-refunded bonds. Municipal bonds that are generally backed or secured by US Treasury bonds. For pre-refunded bonds, the stated maturity is followed by the year in which the bond will be pre-refunded. See Note 5 in Notes to financial statements.

° Principal amount shown is stated in US Dollars unless noted that the security is denominated in another currency.

Security exempt from registration under Rule 144A of the Securities Act of 1933, as amended. At Sept. 30, 2018, the aggregate value of Rule 144A securities was \$3,194,857, which represents 5.00% of the Fund's net assets. See Note 5 in Notes to financial statements.

⌘ Tax-exempt obligations that contain a floating or variable interest rate adjustment formula and an unconditional right of demand to receive payment of the unpaid principal balance plus accrued interest upon a short notice period (generally up to 30 days) prior to specified dates either from the issuer or by drawing on a bank letter of credit, a guarantee, or insurance issued with respect to such instrument. Each rate shown is as of Sept. 30, 2018.

§ Pre-refunded bonds. Municipal bonds that are generally backed or secured by US Treasury bonds. For pre-refunded bonds, the stated maturity is followed by the year in which the bond will be pre-refunded. See Note 5 in Notes to financial statements.

^o Principal amount shown is stated in US Dollars unless noted that the security is denominated in another currency. Variable rate investment. Rates reset periodically. Rate shown reflects the rate in effect at Sept. 30, 2018. For securities based on a published reference rate and spread, the reference rate and spread are indicated in their description above. The reference rate descriptions (i.e. LIBOR03M, LIBOR06M, etc.) used in this report are identical for different securities, but the underlying reference rates may differ due to the timing of the reset period. Certain variable rate securities are not based on a published reference rate and spread but are determined by the issuer or agent and are based on current market conditions, or for mortgage-backed securities, are impacted by the individual mortgages which are paying off over time. These securities do not indicate a reference rate and

spread in their description above.

- ¹ Ratios have been annualized and total return and portfolio turnover have not been annualized.
- ² Net investment income is reduced by dividends paid to preferred shareholders from net investment income of \$0.081, \$0.135, \$0.110, \$0.079, \$0.077, and \$0.078 per share for the six months ended Sept. 30, 2018 and the years ended March 31, 2018, 2017, 2016, 2015, and 2014, respectively, and from realized capital gains of \$0.002 per share for the year ended March 31, 2014.
- ³ Total investment return is calculated assuming a purchase of common stock on the opening of the first day and a sale on the closing of the last day of each period reported. Dividends and distributions, if any, are assumed for the purposes of this calculation to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Generally, total investment return based on net asset value will be higher than total investment return based on market value in periods where there is an increase in the discount or a decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. Conversely, total investment return based on net asset value will be lower than total investment return based on market value in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of such periods.
- ⁴ The ratio of expenses to average net assets applicable to common shareholders excluding interest expense for the six months ended Sept. 30, 2018 and the years ended March 31, 2018, 2017, 2016, 2015, and 2014 were 0.94%, 0.93%, 0.90%, 1.01%, 0.92%, and 0.94%, respectively.
- ⁵ The ratio of net investment income excluding interest expense to average net assets for the six months ended Sept. 30, 2018 and the years ended March 31, 2018, 2017, 2016, 2015, and 2014 were 5.13%, 5.03%, 5.11%, 5.16%, and 5.45% respectively.
- ⁶ In November 2011, the Fund issued a series of 300 variable rate preferred shares, with a liquidation preference of \$100,000 per share (Series 2016 Shares). The Series 2016 Shares were redeemed on Feb. 2, 2016 and replaced with Series 2021 Shares, which are the same amount and value as the Fund's Series 2016 Shares.
- See accompanying notes, which are an integral part of the financial statements.

Notes to financial statements

Delaware Funds[®] by Macquarie Closed-End Municipal Bond Funds

September 30, 2018 (Unaudited)

Delaware Investments Colorado Municipal Income Fund, Inc. (Colorado Municipal Fund) and Delaware Investments Minnesota Municipal Income Fund II, Inc. (Minnesota Municipal Fund II) are organized as Minnesota corporations and Delaware Investments National Municipal Income Fund (National Municipal Fund) is organized as a Massachusetts business trust (each referred to as a Fund and collectively as the Funds). Colorado Municipal Fund, Minnesota Municipal Fund II, and National Municipal Fund are considered diversified closed-end management investment companies under the Investment Company Act of 1940, as amended. The Funds' shares trade on the NYSE American, the successor to the American Stock Exchange, formerly known as NYSE Market.

The investment objective of each of Colorado Municipal Fund and Minnesota Municipal Fund II is to provide current income exempt from federal income tax and from state personal income tax, if any, consistent with the preservation of capital. The investment objective of National Municipal Fund is to provide current income exempt from federal income tax, consistent with the preservation of capital. Each of Colorado Municipal Fund and Minnesota Municipal Fund II seeks to achieve its investment objective by investing substantially all of its net assets in investment grade, tax-exempt municipal obligations of its respective state at the time of investment. National Municipal Fund seeks to achieve its investment objective by investing at least 80% of its net assets in securities the income from which is exempt from federal income tax.

1. Significant Accounting Policies

The following accounting policies are in accordance with US generally accepted accounting principles (US GAAP) and are consistently followed by the Funds. Each Fund is an investment company and follows accounting and reporting guidance under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 946, Financial Services – Investment Companies.

Security Valuation Debt securities are valued based upon valuations provided by an independent pricing service or broker and reviewed by management. To the extent current market prices are not available, the pricing service may take into account developments related to the specific security, as well as transactions in comparable securities. Valuations for fixed income securities utilize matrix systems, which reflect such factors as security prices, yields, maturities, and ratings, and are supplemented by dealer and exchange quotations. Generally, other securities and assets for which market quotations are not readily available are valued at fair value as determined in good faith under the direction of each Fund's Board of Directors/Trustees (each a Board, or collectively, the Boards). In determining whether market quotations are readily available or fair valuation will be used, various factors will be taken into consideration, such as market closures or suspension of trading in a security. Restricted securities are valued at fair value using methods approved by the Boards.

Federal Income Taxes No provision for federal income taxes has been made as each Fund intends to continue to qualify for federal income tax purposes as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended, and make the requisite distributions to shareholders. The Funds evaluate tax positions taken or expected to be taken in the course of preparing each Fund's tax returns to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Management has analyzed each Fund's tax positions taken or expected to be taken on each Fund's federal income tax returns through the

six months ended Sept. 30, 2018 and for all open tax years (years ended March 31, 2015 - March 31, 2018), and has concluded that no provision for federal income tax is required in each Fund's financial statements. If applicable, each Fund recognizes interest accrued on unrecognized tax benefits in interest expense and penalties in other expenses on the Statements of operations. During the six months ended Sept. 30, 2018, the Funds did not incur any interest or tax penalties.

Cash and Cash Equivalents Cash and cash equivalents include deposits held at financial institutions, which are available for each Fund's use with no restrictions, with original maturities of 90 days or less.

Use of Estimates Each Fund is an investment company, whose financial statements are prepared in conformity with US GAAP. Therefore, each Fund follows the accounting and reporting guidelines for investment companies. The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the fair value of investments, the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

Other Expenses directly attributable to each Fund are charged directly to the Fund. Other expenses common to various funds within the Delaware Funds® by Macquarie (Delaware Funds) are generally allocated among such funds on the basis of average net assets. Management fees and certain other expenses are paid monthly. Security transactions are recorded on the date the securities are purchased or sold (trade date) for financial reporting purposes. Costs used in calculating realized gains and losses on the sale of investment securities are those of the specific securities sold. Interest income is recorded on the accrual basis. Discounts and premiums on debt securities are accreted or amortized to

Table of Contents

interest income, respectively, over the lives of the respective securities using the effective interest method. Each Fund declares and pays dividends from net investment income monthly and distributions from net realized gain on investments, if any, annually. Each Fund may distribute more frequently, if necessary for tax purposes. Dividends and distributions, if any, are recorded on the ex-dividend date.

Each Fund receives earnings credits from its custodian when positive cash balances are maintained, which may be used to offset custody fees. The expense paid under this arrangement is included on the Statements of operations under Custodian fees with the corresponding expense offset included under Less expense paid indirectly. For the six months ended Sept. 30, 2018, each Fund earned the following amounts under this arrangement:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
	\$279	\$578	\$207

2. Investment Management, Administration Agreements and Other Transactions with Affiliates

In accordance with the terms of its respective investment management agreement, each Fund pays Delaware Management Company (DMC), a series of Macquarie Investment Management Business Trust and the investment manager, an annual fee of 0.40% which is calculated based on each Fund's adjusted average daily net assets.

Delaware Investments Fund Services Company (DIFSC), an affiliate of DMC, provides fund accounting and financial administration oversight services to each Fund. For these services, DIFSC's fees are calculated daily and paid monthly based on the aggregate daily net assets of all funds within the Delaware Funds at the following annual rate: 0.00475% of the first \$35 billion; 0.0040% of the next \$10 billion; and 0.0025% of aggregate average daily net assets in excess of \$45 billion (Total Fee). Each Fund in the Delaware Funds pays a minimum of \$4,000, which, in aggregate, is subtracted from the Total Fee. Each Fund then pays its portion of the remainder of the Total Fee on a relative net asset value (NAV) basis. These amounts are included on the Statements of operations under Accounting and administration expenses. For the six months ended Sept. 30, 2018, the Funds were charged for these services as follows:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
	\$3,917	\$6,501	\$3,790

As provided in the investment management agreement, each Fund bears a portion of the cost of certain resources shared with DMC, including the cost of internal personnel of DMC and/or its affiliates that provide legal, tax, and regulatory reporting services to each Fund. These amounts are included on the Statements of operations under Legal

Edgar Filing: Delaware Investments National Municipal Income Fund - Form N-CSRS

fees. For the six months ended Sept. 30, 2018, each Fund was charged for internal legal, tax, and regulatory reporting services provided by DMC and/or its affiliates' employees as follows:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
	\$11,906	\$20,547	\$13,548

Directors' /Trustees' fees include expenses accrued by each Fund for each Director's /Trustee's retainer and meeting fees. Certain officers of DMC and DIFSC are officers and/or Directors/Trustees of the Funds. These officers and Directors/Trustees are paid no compensation by the Funds.

Cross trades for the six months ended Sept. 30, 2018, were executed by the Funds pursuant to procedures adopted by the Boards designed to ensure compliance with Rule 17a-7 under the 1940 Act. Cross trading is the buying or selling of portfolio securities between funds of investment companies, or between a fund of an investment company and another entity, that are or could be considered affiliates by virtue of having a common investment advisor (or affiliated investment advisors), common directors/trustees and/or common officers. At their regularly scheduled meetings, the Boards review such transactions for compliance with the procedures adopted by the Boards.

Notes to financial statements

Delaware Funds® by Macquarie Closed-End Municipal Bond Funds**2. Investment Management, Administration Agreements and Other Transactions with Affiliates (continued)**

Pursuant to these procedures, for the six months ended Sept. 30, 2018, the Funds engaged in Rule 17a-7 securities purchases and securities sales, which resulted in net realized gains or losses as follows:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
Purchases	\$ 900,540	\$ 9,462,302	\$ 450,105
Sales	1,350,478	7,896,138	2,925,692
Net realized loss		(46,360)	

3. Investments

For the six months ended Sept. 30, 2018, each Fund made purchases and sales of investment securities other than short-term investments as follows:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
Purchases	\$ 4,446,166	\$ 25,442,889	\$ 9,575,152
Sales	4,034,343	14,817,214	9,780,009

At Sept. 30, 2018, the cost and unrealized appreciation (depreciation) of investments for federal income tax purposes has been estimated since the final tax characteristics cannot be determined until fiscal year end. At Sept. 30, 2018, the cost and unrealized appreciation (depreciation) of investments for each Fund were as follows:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
Cost of investments	\$ 95,700,477	\$ 235,777,362	\$ 89,423,748
Aggregate unrealized appreciation of investments	\$ 3,964,457	\$ 5,332,379	\$ 3,802,341
Aggregate unrealized depreciation of investments	(277,139)	(1,926,069)	(403,157)

Table of Contents

asset or liability based on the best information available under the circumstances. Each Fund's investment in its entirety is assigned a level based upon the observability of the inputs which are significant to the overall valuation. The three-level hierarchy of inputs is summarized below.

- Level 1 Inputs are quoted prices in active markets for identical investments. (Examples: equity securities, open-end investment companies, futures contracts, exchange-traded options contracts)
 - Level 2 Other observable inputs, including, but not limited to: quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs. (Examples: debt securities, government securities, swap contracts, foreign currency exchange contracts, foreign securities utilizing international fair value pricing, broker-quoted securities, fair valued securities)
 - Level 3 Significant unobservable inputs, including each Fund's own assumptions used to determine the fair value of investments. (Examples: broker-quoted securities, fair valued securities)
- Level 3 investments are valued using significant unobservable inputs. Each Fund may also use an income-based valuation approach in which the anticipated future cash flows of the investment are discounted to calculate fair value. Discounts may also be applied due to the nature or duration of any restrictions on the disposition of the investments. Valuations may also be based upon current market prices of securities that are comparable in coupon, rating, maturity, and industry. The derived value of a Level 3 investment may not represent the value which is received upon disposition and this could impact the results of operations.

The following tables summarize the valuation of each Fund's investments by fair value hierarchy levels as of Sept. 30, 2018:

	Colorado	
	<u>Municipal Fund</u>	
	<u>Level 2</u>	
<u>Assets:</u>		
Municipal Bonds	\$	99,112,795
Short-Term Investments		275,000
 Total Value of Securities	 \$	 99,387,795

	Minnesota <u>Municipal Fund II</u> Level 2
Securities	
<u>Assets:</u>	
Municipal Bonds	\$ 239,083,672
Short-Term Investments	100,000
Total Value of Securities	\$ 239,183,672

	National <u>Municipal Fund</u> Level 2
Securities	
<u>Assets:</u>	
Municipal Bonds	\$ 92,322,932
Short-Term Investments	500,000
Total Value of Securities	\$ 92,822,932

During the six months ended Sept. 30, 2018, there were no transfers between Level 1 investments, Level 2 investments, or Level 3 investments. The Funds' policy is to recognize transfers between levels based on fair value at the beginning of the reporting period.

Notes to financial statements

Delaware Funds[®] by Macquarie Closed-End Municipal Bond Funds**4. Capital Stock**

Pursuant to their articles of incorporation, Colorado Municipal Fund and Minnesota Municipal Fund II each have 200 million shares of \$0.01 par value common shares authorized. National Municipal Fund has been authorized to issue an unlimited amount of \$0.01 par value common shares. Shares issuable under each Fund's dividend reinvestment plan are purchased by each Fund's transfer agent, Computershare, Inc., in the open market. During the six months ended Sept. 30, 2018 and the year ended March 31, 2018, the Funds did not issue any shares under their dividend reinvestment plan.

On Jan. 22, 2016, Colorado Municipal Fund, Minnesota Municipal Fund II, and National Municipal Fund successfully issued \$30,000,000, \$75,000,000 and \$30,000,000, respectively, of Variable Rate MuniFund Term Preferred (VMTP) Shares with a \$100,000 liquidation value per share in a privately negotiated offering. The net proceeds from each offering were used to redeem the Series 2016 (in the case of Colorado Municipal Fund and Minnesota Municipal Fund II) and Series 2017 (in the case of National Municipal Fund) VMTP Shares previously outstanding. The VMTP Shares were offered to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933. Each Fund's Series 2016 and Series 2017 VMTP Shares were the same amount and value as the respective Fund's Series 2021 VMTP Shares.

Each of the Funds is obligated to redeem its VMTP Shares on Feb. 1, 2021, unless earlier redeemed or repurchased by a Fund. VMTP Shares are subject to optional and mandatory redemption in certain circumstances. VMTP Shares are redeemable at par. A Fund may be obligated to redeem certain of the VMTP Shares if the Fund fails to maintain certain asset coverage and leverage ratio requirements and such failures are not cured by the applicable cure date. The redemption price per share is equal to the sum of the liquidation value per share plus any accumulated but unpaid dividends. Dividends on VMTP shares are set weekly, and are based on a short-term index rate plus an additional spread that is subject to adjustment in certain circumstances, including a change in the credit rating assigned to the VMTP Shares by Fitch Ratings (Fitch) and Moody's Investors Service (Moody's).

The weighted average dividend rates for the six months ended Sept. 30, 2018 were as follows:

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Fund
	2.6%	2.6%	2.6%

The Funds use leverage because their managers believe that, over time, leveraging may provide opportunities for additional income and total return for common shareholders. However, the use of leverage also can expose common shareholders to additional volatility. For example, as the prices of securities held by a Fund decline, the negative impact of these valuation changes on common share net asset value and common shareholder total return is magnified by the use of leverage; accordingly, the use of structural leverage may hurt a Fund's overall performance.

Leverage may also cause the Funds to incur certain costs. In the event that a Fund is unable to meet certain criteria (including, but not limited to, maintaining certain ratings with Fitch and Moody's, funding dividend payments, or funding redemptions), that Fund will pay additional fees with respect to the leverage.

For financial reporting purposes, the VMTP Shares are considered debt of the issuer; therefore, the liquidation value which approximates fair value of the VMTP Shares is recorded as a liability in the statements of assets and liabilities. Dividends accrued and paid on the VMTP Shares are included as a component of interest expense in the statements of operations. The VMTP Shares are treated as equity for legal and tax purposes. Dividends paid to holders of the VMTP Shares are generally classified as tax-exempt income for tax-reporting purposes.

Offering costs for VMTP Shares are recorded as a deferred charge and amortized over the 5-year life of the VMTP Shares. These are presented as Offering cost for preferred shareholders on the Statements of assets and liabilities and Offering costs on the Statements of operations.

5. Geographic, Credit, and Market Risk

The Funds concentrate their investments in securities issued by municipalities. Because each of the Colorado Municipal Fund and the Minnesota Municipal Fund II invests substantially all of its net assets in municipal obligations of its respective state at the time of investment, events in that state may have a significant impact on the performance and investments of the Colorado Municipal Fund and the Minnesota Municipal Fund II. These events may include economic or political policy changes, tax base erosion, state constitutional limits on tax increases, budget deficits and other financial difficulties, changes in the credit ratings assigned to the state's municipal issuers, the effects of natural or human-made disasters, or other economic, legislative, or political or social issues. Any downgrade to the credit rating of the securities issued by the US government may result in a downgrade of securities issued by the states or US territories. The National Municipal Fund will be subject to these

Table of Contents

risks as well but to a lesser extent because it invests at least 80% of its net assets in securities, the income from which is exempt from federal income tax and is not limited to investing substantially all of its assets in municipal obligations of a single state. From time to time and consistent with its investment policies, the National Municipal Fund may invest a considerable portion of its assets in certain municipalities. As of Sept. 30, 2018, the National Municipal Fund has invested 20.41%, 19.71%, 19.60%, 10.61% and 10.19% (each as a percentage of net assets) in securities issued by the Commonwealth of Pennsylvania, the State of California, the State of New York, the State of Texas, and the State of Illinois, respectively. These investments could make the National Municipal Fund more sensitive to economic conditions in those states than other more geographically diversified national municipal income funds.

Each Fund may invest a percentage of assets in obligations of governments of US territories, commonwealths, and possessions such as Puerto Rico, the US Virgin Islands, or Guam. To the extent a Fund invests in such obligations, that Fund may be adversely affected by local political and economic conditions and developments within these US territories, commonwealths, and possessions.

From time to time, a fund may invest in industrial development bonds (IDBs) or pollution control revenue (PCR) bonds that are issued by a conduit authority on behalf of a corporation that is either foreign owned or has international affiliates or operations. While the bonds may be issued to finance a facility located in the United States, the bonds may be secured by a payment obligation or guaranty of the corporation. To the extent the Fund invests in such securities, that Fund may be exposed to risks associated with international investments. The risk of international investments not ordinarily associated with US investments includes fluctuation in currency values, differences in accounting principles, and/or economic or political instability in other nations.

Many municipalities insure repayment for their obligations. Although bond insurance may reduce the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons, and there is no assurance that the insurance company will meet its obligations. A real or perceived decline in creditworthiness of a bond insurer can have an adverse impact on the value of insured bonds held in each Fund. At Sept. 30, 2018, the percentages of each Fund's net assets insured by insurers are listed below and these securities have been identified on the Schedules of investments.

	Colorado Municipal Fund	Minnesota Municipal Fund II	National Municipal Income Fund
Assured Guaranty Corporation	1.70%	2.15%	
Assured Guaranty Municipal Corporation	7.81%	0.38%	1.59%
Build America Mutual Assurance Company	1.60%		
Syncora Guarantee	<u>2.44%</u>		
Total	<u>13.55%</u>	2.53%	1.59%

Each Fund invests a portion of its assets in high yield fixed income securities, which are securities rated BB or lower by Standard & Poor's (S&P) and/or Ba or lower by Moody's, or similarly rated by another nationally recognized statistical rating organization. Investments in these higher yielding securities are generally accompanied by a greater degree of credit risk than higher rated securities. Additionally, lower rated securities may be more susceptible to adverse economic and competitive industry conditions than investment grade securities.

The Funds may invest in advanced refunded bonds, escrow secured bonds, or defeased bonds. Under current federal tax laws and regulations, state and local government borrowers are permitted to refinance outstanding bonds by issuing new bonds. The issuer refinances the outstanding debt to either reduce interest costs or to remove or alter restrictive covenants imposed by the bonds being refinanced. A refunding transaction where the municipal securities are being refunded within 90 days from the issuance of the refunding issue is known as a current refunding. Advance refunded bonds are bonds in which the refunded bond issue remains outstanding for more than 90 days following the issuance of the refunding issue. In an advance refunding, the issuer will use the proceeds of a new bond issue to purchase high-grade interest-bearing debt securities which are then deposited in an irrevocable escrow account held by an escrow agent to secure all future payments of principal and interest and bond premium of the advance refunded bond. Bonds are escrowed to maturity when the proceeds of the refunding issue are deposited in an escrow account for investment sufficient to pay all of the principal and interest on the original interest payment and maturity dates.

Bonds are considered pre-refunded when the refunding issue's proceeds are escrowed only until a permitted call date or dates on the refunded issue with the refunded issue being redeemed at the time, including any required premium. Bonds become defeased when the rights and interests of the bondholders and of their lien on the pledged revenues or other security under the terms of the bond contract are substituted with an alternative source of revenues (the escrow securities) sufficient to meet payments of principal and interest to maturity or to

(continues)

37

Table of Contents

Notes to financial statements

Delaware Funds® by Macquarie Closed-End Municipal Bond Funds

5. Geographic, Credit, and Market Risk (continued)

the first call dates. Escrowed secured bonds will often receive a rating of AAA from Moody's, S&P, and/or Fitch Ratings due to the strong credit quality of the escrow securities and the irrevocable nature of the escrow deposit agreement.

To the extent that the Funds invest in securities with longer duration, they may be more sensitive to fluctuation of interest rates.

Each Fund invests in certain obligations that may have liquidity protection designed to ensure that the receipt of payments due on the underlying security is timely. Such protection may be provided through guarantees, insurance policies, or letters of credit obtained by the issuer or sponsor from third parties, through various means of structuring the transaction, or through a combination of such approaches. The Funds will not pay any additional fees for such credit support, although the existence of credit support may increase the price of a security.

Each Fund may invest up to 15% of its net assets in illiquid securities, which may include securities with contractual restrictions on resale, securities exempt from registration under Rule 144A promulgated under the Securities Act of 1933, as amended, and other securities which may not be readily marketable. The relative illiquidity of these securities may impair each Fund from disposing of them in a timely manner and at a fair price when it is necessary or desirable to do so. While maintaining oversight, the Boards have delegated to DMC the day-to-day functions of determining whether individual securities are liquid for purposes of each Fund's limitation on investments in illiquid securities. Securities eligible for resale pursuant to Rule 144A, which are determined to be liquid, are not subject to each Fund's 15% limit on investments in illiquid securities. Rule 144A securities held by each Fund have been identified on the Schedules of investments. Restricted securities are valued pursuant to the security valuation procedures noted in Note 1.

6. Contractual Obligations

Each Fund enters into contracts in the normal course of business that contain a variety of indemnifications. Each Fund's maximum exposure under these arrangements is unknown. However, the Funds have not had prior claims or losses pursuant to these contracts. Management has reviewed each Fund's existing contracts and expects the risk of loss to be remote.

7. Recent Accounting Pronouncements

In March 2017, the FASB issued an Accounting Standards Update, ASU 2017-08, Receivables - Nonrefundable Fees and Other Costs (Subtopic 310-20), Premium Amortization on Purchased Callable Debt Securities which amends the amortization period for certain purchased callable debt securities held at a premium, shortening such period to the earliest call date. The ASU 2017-08 does not require any accounting change for debt securities held at a discount; the discount continues to be amortized to maturity. The ASU 2017-08 is effective for fiscal years, and interim periods

within those fiscal years, beginning after Dec. 15, 2018. At this time, management is evaluating the implications of these changes on the financial statements.

In August 2018, the FASB issued an Accounting Standards Update, ASU 2018-13, which changes certain fair value measurement disclosure requirements. The ASU 2018-13, in addition to other modifications and additions, removes the requirement to disclose the amount and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for the timing of transfers between levels and the valuation process for Level 3 fair value measurements. The ASU 2018-13 is effective for fiscal years, and interim periods within those fiscal years, beginning after Dec. 15, 2019. At this time, management is evaluating the implications of these changes on the financial statements.

8. Subsequent Events

Management has determined that no material events or transactions occurred subsequent to Sept. 30, 2018, that would require recognition or disclosure in the Funds' financial statements.

Delaware Funds® by Macquarie Closed-End Municipal Bond Funds

Fund management

Joseph R. Baxter

Senior Vice President, Head of Municipal Bonds, Senior Portfolio Manager

Joseph R. Baxter is head of municipal bonds in the Americas and is responsible for setting the department's investment strategy. He is also a co-portfolio manager of the firm's municipal bond funds and several client accounts. Before joining Macquarie Investment Management (MIM) in 1999 as head municipal bond trader, he held investment positions with First Union, most recently as a municipal portfolio manager with the Evergreen Funds. Baxter received a bachelor's degree in finance and marketing from La Salle University.

Stephen J. Czepiel

Senior Vice President, Senior Portfolio Manager

Stephen J. Czepiel is a member of the firm's municipal fixed income portfolio management team with primary responsibility for portfolio construction and strategic asset allocation. He is a co-portfolio manager of the firm's municipal bond funds and client accounts. He joined Macquarie Investment Management (MIM) in July 2004 as a senior bond trader. Previously, he was vice president at both Mesirow Financial and Loop Capital Markets. He began his career in the securities industry in 1982 as a municipal bond trader at Kidder Peabody and now has more than 20 years of experience in the municipal securities industry. Czepiel earned his bachelor's degree in finance and economics from Duquesne University.

Denise A. Franchetti, CFA

Senior Vice President, Co-Head of Municipal Credit Research, Portfolio Manager

Denise A. Franchetti is co-head of the company's municipal research operations, a role she assumed in January 2018. Previously, she was a senior municipal analyst for the municipal bond department, responsible for following the airport, education, hotel, cogeneration, and cargo sectors. In 2003, she was also named as portfolio manager on the tax-exempt closed-end funds in addition to her research duties. Prior to joining Macquarie Investment Management (MIM) in 1997 as a municipal bond analyst, she was a fixed income trader at Provident Mutual Life Insurance and an investment analyst at General Accident Insurance. Franchetti received her bachelor's degree and an MBA from La Salle University. She is a member of the CFA Institute, the Financial Analysts of Philadelphia, and the National Federation of Municipal Analysts.

Gregory A. Gizzi

Senior Vice President, Senior Portfolio Manager

Gregory A. Gizzi is a member of the firm's municipal fixed income portfolio management team. He is also a co-portfolio manager of the firm's municipal bond funds and several client accounts. Before joining Macquarie Investment Management (MIM) in January 2008 as head of municipal bond trading, he spent six years as a vice president at Lehman Brothers for the firm's tax-exempt institutional sales effort. Prior to that, he spent two years trading corporate bonds for UBS before joining Lehman Brothers in a sales capacity. Gizzi has more than 20 years of trading experience in the municipal securities industry, beginning at Kidder Peabody in 1984, where he started as a municipal bond trader and worked his way up to institutional block trading desk manager. He later worked in the same capacity at Dillon Read. Gizzi earned his bachelor's degree in economics from Harvard University.

Board Consideration of advisory agreements for Delaware Investments® Colorado Municipal Income Fund, Inc.; Delaware Investments Minnesota Municipal Income Fund II, Inc.; and Delaware Investments National Municipal Income Fund

At a meeting held on Aug. 15-16, 2018 (the Annual Meeting), the Board of Trustees (the Board), including a majority of disinterested or independent Trustees, approved the renewal of the Investment Advisory Agreements for Delaware Investments Colorado Municipal Income Fund, Inc.; Delaware Investments Minnesota Municipal Income Fund II, Inc.; and Delaware Investments National Municipal Income Fund (each, a Fund and together, the Funds). In making its decision, the Board considered information furnished at regular quarterly Board meetings, including reports detailing Fund performance, investment strategies, and expenses, as well as information prepared specifically in connection with the renewal of the investment advisory contracts. Information furnished specifically in connection with the renewal of the Investment Management Agreements with Delaware Management Company (DMC), a series of Macquarie Investment Management Business Trust (MIMBT) included materials provided by DMC and its affiliates (collectively, Macquarie Investment Management) concerning, among other

Delaware Funds® by Macquarie Closed-End Municipal Bond Funds

Board Consideration of advisory agreements for Delaware Investments® Colorado Municipal Income Fund, Inc.; Delaware Investments Minnesota Municipal Income Fund II, Inc.; and Delaware Investments National Municipal Income Fund (continued)

things, the nature, extent, and quality of services provided to the Funds; the costs of such services to the Funds; economies of scale; and the investment manager's financial condition and profitability. In addition, in connection with the Annual Meeting, materials were provided to the Trustees in May 2018, including reports provided by Broadridge Financial Solutions (Broadridge). The Broadridge reports compared each Fund's investment performance and expenses with those of other comparable mutual funds. The Independent Trustees reviewed and discussed the Broadridge reports with independent legal counsel to the Independent Trustees. In addition to the information noted above, the Board also requested and received information regarding DMC's policy with respect to advisory fee levels and its breakpoint philosophy; the structure of portfolio manager compensation; comparative client fee information; and any constraints or limitations on the availability of securities for certain investment styles, which had in the past year inhibited, or which were likely in the future to inhibit, the investment manager's ability to invest fully in accordance with Fund policies.

In considering information relating to the approval of each Fund's advisory agreement, the Independent Trustees received assistance and advice from and met separately with independent legal counsel to the Independent Trustees and also from an experienced and knowledgeable independent fund consultant, JDL Consultants, LLC (JDL). Although the Board gave attention to all information furnished, the following discussion identifies, under separate headings, the primary factors taken into account by the Board during its contract renewal considerations.

Nature, extent, and quality of services. The Board considered the services provided by DMC to the Funds and their shareholders. In reviewing the nature, extent, and quality of services, the Board considered reports furnished to it throughout the year, which covered matters such as the relative performance of the Funds; compliance of portfolio managers with the investment policies, strategies, and restrictions for the Funds; compliance by DMC and Delaware Distributors, L.P. (together, Management) personnel with the Code of Ethics adopted throughout the Delaware Funds by Macquarie (Delaware Funds); and adherence to fair value pricing procedures as established by the Board. The Board was pleased with the current staffing of DMC and the emphasis placed on research in the investment process. The Board recognized DMC's receipt of certain favorable industry distinctions during the past several years. The Board gave favorable consideration to DMC's efforts to control expenses while maintaining service levels committed to Fund matters. The Board was satisfied with the nature, extent, and quality of the overall services provided by DMC.

Investment performance. The Board placed significant emphasis on the investment performance of the Funds in view of the importance of investment performance to shareholders. Although the Board considered performance reports and discussions with portfolio managers at Investment Committee meetings throughout the year, the Board gave particular weight to the Broadridge reports furnished for the Annual Meeting. The Broadridge reports prepared for each Fund showed the investment performance of its Class A shares in comparison to a group of similar funds as selected by Broadridge (the Performance Universe). A fund with the best performance ranked first, and a fund with the poorest performance ranked last. The highest/best performing 25% of funds in the Performance Universe make up

the first quartile; the next 25%, the second quartile; the next 25%, the third quartile; and the poorest/worst performing 25% of funds in the Performance Universe make up the fourth quartile. Comparative annualized performance for each Fund was shown for the past 1-, 3-, 5-, and 10-year periods, to the extent applicable, ended Jan. 31, 2018. The Board's objective is that each Fund's performance for the 1-, 3-, and 5-year periods be at or above the median of its Performance Universe.

Delaware Investments Colorado Municipal Income Fund, Inc. The Performance Universe for the Fund consisted of the Fund and all leveraged closed-end other states municipal debt funds as selected by Broadridge. The Broadridge report comparison showed that the Fund's total return for the 1-, 3-, and 5-year periods was in the first quartile of its Performance Universe. The report further showed that the Fund's total return for the 10-year period was in the third quartile of its Performance Universe. The Board was satisfied with performance.

Delaware Investments Minnesota Municipal Income Fund II, Inc. The Performance Universe for the Fund consisted of the Fund and all leveraged closed-end other states municipal debt funds as selected by Broadridge. The Broadridge report comparison showed that the Fund's total return for the 1- and 3-year periods was in the third quartile of its Performance Universe. The report further showed that the Fund's total return for the 5- and 10-year periods was in the fourth quartile of its Performance Universe. The Fund's performance results were not in line with the Board's objective. In evaluating the Fund's performance, the Board considered the numerous investment and performance reports delivered by Management personnel to the Board's Investments Committee. The Board was satisfied that Management was taking action to improve comparative Fund performance and meet the Board's performance objective.

Table of Contents

Delaware Investments National Municipal Income Fund The Performance Universe for the Fund consisted of the Fund and all leveraged closed-end general and insured municipal debt funds as selected by Broadridge. The Broadridge report comparison showed that the Fund's total return for the 1-year period was in the second quartile of its Performance Universe. The report further showed that the Fund's total return for the 3-year period was in third quartile of its Performance Universe and the Fund's total return for the 5- and 10-year periods was in the fourth quartile of its Performance Universe. The Board observed that the Fund's performance results were mixed but tended toward median, which was acceptable.

Comparative expenses. The Board considered expense data for the Delaware Funds. Management provided the Board with information on pricing levels and fee structures for each Fund as of its most recently completed fiscal year. The Board also focused on the comparative analysis of effective management fees and total expense ratios of each Fund versus effective management fees and total expense ratios of a group of similar funds as selected by Broadridge (the Expense Group). In reviewing comparative costs, each Fund's contractual management fee and the actual management fee incurred by the Fund were compared with the contractual management fees (assuming all funds in the Expense Group were similar in size to the Fund) and actual management fees (as reported by each fund) within the Expense Group, taking into account any applicable breakpoints and fee waivers. Each Fund's total expenses were also compared with those of its Expense Group. The Broadridge total expenses, for comparative consistency, were shown by Broadridge for Class A shares and comparative total expenses including 12b-1 and non-12b-1 service fees. The Board's objective is for each Fund's total expense ratio to be competitive with those of the peer funds within its Expense Group.

Delaware Investments® Colorado Municipal Income Fund, Inc. The expense comparisons for the Fund showed that its actual management fee and total expenses were both the lowest of its Expense Group. The Board was satisfied with the management fee and total expenses of the Fund in comparison to those of its Expense Group.

Delaware Investments Minnesota Municipal Income Fund II, Inc. The expense comparisons for the Fund showed that its actual management fee and total expenses were both the lowest of its Expense Group. The Board was satisfied with the management fee and total expenses of the Fund in comparison to those of its Expense Group.

Delaware Investments National Municipal Income Fund The expense comparisons for the Fund showed that its actual management fee was in the quartile with the lowest expenses of its Expense Group and its total expenses were in the quartile with the second highest expenses of its Expense Group. The Board gave favorable consideration to the Fund's management fee, but noted that the Fund's total expenses were not in line with the Board's objective. In evaluating total expenses, the Board considered the limited number of funds in the Expense Group. The Board was satisfied with Management's efforts to improve the Fund's total expense ratio and to bring it in line with the Board's objective.

Management profitability. The Board considered the level of profits, if any, realized by DMC in connection with the operation of the Funds. In this respect, the Board reviewed the Investment Management Profitability Analysis that addressed the overall profitability of DMC's business in providing management and other services to each of the individual funds and the Delaware Funds as a whole. Specific attention was given to the methodology used by DMC

in allocating costs for the purpose of determining profitability. Management stated that the level of profits of DMC, to a certain extent, reflects recent operational cost savings and efficiencies initiated by DMC. The Board considered DMC's efforts to improve services provided to Fund shareholders and to meet additional regulatory and compliance requirements resulting from recent industry-wide Securities and Exchange Commission initiatives. The Board also considered the extent to which DMC might derive ancillary benefits from fund operations, including the potential for procuring additional business as a result of the prestige and visibility associated with its role as service provider to the Delaware Funds and the benefits from allocation of fund brokerage to improve trading efficiencies. As part of its work, the Board also reviewed a report prepared by JDL regarding MIMBT profitability as compared to certain peer fund complexes and the Independent Trustees met with JDL personnel to discuss DMC's profitability in such context. The Board found that the management fees were reasonable in light of the services rendered and the profitability of DMC.

Economies of scale. As closed-end funds, the Funds do not issue shares on a continuous basis. Fund assets, therefore, increase primarily as a result of the increase in value of the underlying securities in the Fund. Accordingly, the Board determined that the Funds were not likely to experience significant economies of scale due to asset growth and, therefore, a fee schedule with breakpoints to pass the benefit of economies of scale on to shareholders was not likely to provide the intended effect.

Delaware Funds® by Macquarie Closed-End Municipal Bond Funds**Proxy results**

At the annual meeting on Aug. 15, 2018, the shareholders of the Funds voted to elect a Board of Directors. A quorum was present and the votes passed with a majority of those shares. All shareholders of each Fund vote together with respect to the election of each Director with one exception. The holders of preferred shares of the Funds that have issued one or more classes of preferred shares have the exclusive right to separately elect two Directors, Ms. Landreth and Ms. Yeomans.

The results of the voting at the meeting were as follows:

Delaware Investments® Colorado Municipal Income Fund, Inc.

Your reinvestment options	

Each of the Funds offers an automatic dividend reinvestment program. If you would like to reinvest dividends, and shares are registered in your name, contact Computershare, Inc. at 866 437-0252. You will be asked to put your request in writing. If you have shares registered in street name, contact the broker/dealer holding the shares or your financial advisor. If you choose to receive your dividends in cash, you may now elect to receive them by ACH transfer. Contact Computershare at the number above for more information.

Each Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission (SEC) for the first and third quarters of each fiscal year on Form N-Q. Each Fund's Forms N-Q, as well as a description of the policies and procedures that each Fund uses to determine how to vote proxies (if any) relating to portfolio securities are available without charge (i) upon request, by calling 866 437-0252; and (ii) on the SEC's website at sec.gov. In addition, a description of the policies and procedures that the Funds use to determine how to vote proxies (if any) relating to portfolio securities and the Schedules of Investments included in the Funds' most recent Forms N-Q are available without charge on the Funds' website at delawarefunds.com/closed-end. Each Fund's Forms N-Q may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C.; information on the operation of the Public Reference Room may be obtained by calling 800 SEC-0330. Information (if any) regarding how each Fund voted proxies relating to portfolio securities during the most recently disclosed 12-month period ended June 30 is available without charge (i) through the Funds' website at delawarefunds.com/proxy; and (ii) on the SEC's website at sec.gov.

Edgar Filing: Delaware Investments National Municipal Income Fund - Form N-CSRS

Item 2. Code of Ethics

Not applicable.

Item 3. Audit Committee Financial Expert

Not applicable.

Item 4. Principal Accountant Fees and Services
