DATA STORAGE CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SIX MONTHS ENDED JUNE 30, 2011 AND 2010

Note 1 - Basis of presentation, organization and other matters

Data Storage Corporation, (the “Company”) provides Hybrid Cloud solutions and services as the result of several transactions: a share exchange with Euro Trend Inc. incorporated on March 27, 2007 under the laws of the State of Nevada; Ownership of DSC incorporated in 2001; and an Asset Acquisition from SafeData LLC in 2010. On October 20, 2008 we completed a Share Exchange Agreement whereby we acquired all of the outstanding capital stock and ownership interests of Data Storage Corporation. In exchange we issued 13,357,143 shares of our common stock to the Data Storage Corporation’s Shareholders, a Cloud Storage and SaaS organization, providing services for Disaster Recovery. This transaction was accounted for as a reverse merger for accounting purposes. Accordingly, Data Storage Corporation, the accounting acquirer, is regarded as the predecessor entity. On June 17, 2010 we entered into an Asset Purchase Agreement with SafeData, a provider of Cloud Storage and Cloud Computing mostly to IBM’s Mid-Range Equipment users, namely, AS400 and iSeries users under which we acquired all right, title and interest in the end user customer base of SafeData and all related current and fixed assets and contracts including the transfer of all of SafeData’s current liabilities arising out of the business or the assets acquired. Pursuant to the Agreement, we paid an aggregate purchase price equal to \$3,000,000. Giving effect to certain holdback and contingency clauses as defined in the agreement, we paid \$1,229,952 in cash and \$850,000 in shares of our common stock as well as assumption of SafeData Accounts Payable and Receivables.

Data Storage Corporation was incorporated in Delaware on August 29, 2001. Data Storage Corporation is a provider of data backup services. The Company specializes in secure disk-to-disk data backup and restoration solutions for disaster recovery, business continuity, and regulatory compliance.

Data Storage Corporation (DSC) is a provider of Hybrid Cloud solutions on a subscription basis in the USA and Canada and Professional Services focusing on data protection and business continuity that assist organizations in protecting their data, minimize downtime, ensure regulatory compliance and recover and restore data within their objectives. Through our three data centers and by leveraging leading technologies, DSC delivers and supports a broad range of premium solutions for both Windows and IBM environments that assist clients save time and money, gain more control of and better access to data and enable the highest level of security for that data.

Data Storage Corporation derives its revenues from the sale and subscription of services and solutions that provide businesses protection of critical electronic data. The company’s solutions include: offsite data protection and recovery services, High Availability (HA) replication services, email compliance solutions for e-discovery, continuous data protection, data de-duplication, virtualized system recovery and telecom recovery services. The Company has equipment in three Technical Centers: Westbury, New York; Boston, MA and Warwick, RI.

Condensed Consolidated Financial Statements

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all normal recurring adjustments considered necessary for a fair statement of the results of operations have been included. The results of operations for the six months ended June 30, 2011 are not necessarily indicative of the results of operations for the full year. When reading the financial information contained in this Quarterly Report, reference should be made to the financial statements, schedule and notes contained in the Company's Annual Report

on Form 10-K for the year ended December 31, 2010

Liquidity

The financial statements have been prepared using accounting principles generally accepted in the United States of America applicable for a going concern, which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. For the six months ended June 30, 2011, the Company has generated revenues of \$1,771,113 but has incurred a net loss of \$935,814. Its ability to continue as a going concern is dependent upon achieving sales growth, reduction of operation expenses and ability of the Company to obtain the necessary financing to meet its obligations and pay its liabilities arising from normal business operations when they come due, and upon profitable operations. The Company has been funded by the CEO and largest shareholder since inception as well as several Directors. It is the intention of Charles Piluso to continue to fund the Company on an as needed basis.

Stock Based Compensation

The Company follows the requirements of FASB ASC 718-10-10, Share Based Payments with regard to stock-based compensation issued to employees. The Company has various employment agreements and consulting arrangements that call for stock to be awarded to the employees and consultants at various times as compensation and periodic bonuses. The expense for this stock based compensation is equal to the fair value of the stock price on the day the stock was awarded multiplied by the number of shares awarded.

Recently Issued Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) 2011-04, "Fair Value Measurement (Topic 820) Amendment to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs." ASU No. 2011-04 is intended to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs, by ensuring that fair value has the same meaning in U.S. GAAP and IFRSs and that their respective disclosure requirements are the same except for inconsequential differences in wording and style. The amendments in ASU No 2011-04 apply to all reporting entities that are required or permitted to measure or disclose the fair value of an asset, a liability, or an instrument classified in a reporting entity's shareholders' equity in the financial statements. Some of the disclosures required by ASU No. 2011-04 are not required for nonpublic entities. These amendments change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. For many of the requirements, the Board does not intend for the amendments to result in a change in the application of the requirements in ASC Topic 820. Some of the amendments clarify the Board's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The adoption of ASU 2011-04 did not have a material impact on the Company's results of operations or financial condition.

In December 2010, the FASB issued ASU 2010-29, "Business Combinations (ASC Topic 805): Disclosure of Supplementary Pro Forma Information for Business Combinations." The amendments in this ASU affect any public entity as defined by ASC Topic 805 that enters into business combinations that are material on an individual or aggregate basis. The amendments in this ASU specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments also expand the supplemental pro forma disclosures to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the reported pro forma revenue and earnings. The amendments are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. The adoption of ASU 2010-29 did not have a material impact on the Company's results of operations or financial

Management does not believe there would have been a material effect on the accompanying financial statements had any other recently issued, but not yet effective, accounting standards been adopted in the current period.

Note 2 - Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiary, Data Storage Corporation, a Delaware Corporation. All significant inter-company transactions and balances have been eliminated

in consolidation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

Interim Financial Statements

The interim consolidated financial statements are unaudited; however, in the opinion of management, they contain all the adjustments (consisting of those of a normal recurring nature) considered necessary to present fairly the financial position, the results of operations and cash flows for the periods presented in conformity with GAAP applicable to interim periods. The interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements of Data Storage Corporation in its Annual Report.

Estimated Fair Value of Financial Instruments

The Company's financial instruments include cash, accounts receivable, accounts payable, line of credit and due to related parties. Management believes the estimated fair value of these accounts at June 30, 2011 approximate their carrying value as reflected in the balance sheets due to the short-term nature of these instruments or the use of market interest rates for debt instruments. The carrying values of certain of the Company's notes payable and capital lease obligations approximate their fair values based upon a comparison of the interest rate and terms of such debt given the level of risk to the rates and terms of similar debt currently available to the Company in the marketplace. It is not practical to estimate the fair value of certain notes payable, the convertible debt and the liability for contingent compensation from acquisition. In order to do so, it would be necessary to obtain an independent valuation of these unique instruments. The cost of that valuation would not be justified in light of the circumstances.

Goodwill and Other Intangibles

Goodwill is not subject to amortization and is tested for impairment annually and whenever events or changes in circumstances indicate that impairment may have occurred. Intangible assets were evaluated to determine if they are finite or indefinite-lived. The intangible assets that are finite lived are amortized over the useful life of the asset. Indefinite-lived intangible assets are also tested for impairment annually and whenever events or changes in circumstances indicate that their carrying value may not be recoverable.

Revenue Recognition

The Company's revenues consist principally of cloud storage and cloud computing revenues, SaaS and IaaS. Storage revenues consist of monthly charges related to the storage of materials or data (generally on a per unit basis). Sales are generally recorded in the month the service is provided. For customers who are billed on an annual basis, deferred revenue is recorded and amortized over the life of the contract. Set up fees charged in connection with storage contracts are deferred and recognized on a straight line basis over the life of the contract.

Net Income (Loss) per Common Share

In accordance with FASB ASC 260-10-5 Earnings Per Share, basic income (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share is computed by dividing net income (loss) adjusted for income or loss that would result from the assumed conversion of potential common shares from contracts that may be settled in stock by the weighted average number of shares of common stock, common stock equivalents and potentially dilutive securities outstanding during each period. The inclusion of the potential common shares to be issued has an anti-dilutive effect on diluted loss per share and therefore are not included in the calculation. Potentially dilutive securities at June 30, 2011 include 3,670,169 options and 3,225,865 warrants.

Concentrations

For the six months ended June 30, 2011 the company had one customer that represented approximately 10.8% of sales and for the six months ended June 30, 2010, had two customers that represented approximately 41.4% of sales.

Note 3 – Property and Equipment

Property and equipment, at cost, consist of the following:

	Total	\$ 782,958

Amortization expense for the six months ended June 30, 2011 and 2010 was \$107,178 and \$13,832, respectively.

Note 5 – Capital lease obligations

The Company acquired capital leases in the acquisition of Safe Data. The economic substance of the leases is that the Company is financing the acquisitions through the leases and accordingly, they are recorded in the Company's assets and liabilities. The leases are payable to Systems Trading, Inc and IBM with combined monthly installments of \$40,100 through various dates in 2011, 2012 and 2013. The leases are secured with the computer equipment. Interest rates on capitalized leases vary from 6%-8% and are imputed based on the lower of the Company's incremental borrowing rate at the inception of each lease or the lessor's implicit rate of return.

Future minimum lease payments under the capital leases are as follows:

As of June 30, 2011	\$	751,009
Less amount representing interest		(58,607)
Total obligations under capital leases		692,402
Less current portion of obligations under capital leases		(356,523)

Long-term obligations under capital leases at June 30, 2011 mature as follows:

For the period ending June 30,		
2012	\$	356,523
2013		268,167
2014		67,712
	\$	692,402

The assets held under the capital leases are included in property and equipment as follows:

Equipment	\$	783,110
Less: accumulated depreciation		(159,873)
	\$	623,237

Note 6 – Commitments and contingencies

Note Payable

Edgar Filing: Data Storage Corp - Form 10-Q

On August 04, 2010, the Company entered into a note payable with Systems Trading, LLC in settlement of past due balances owed by Safe Data related to certain capital leases. The note bears interest at 4%, and is due in 24 equal installments of \$11,927 commencing February 4, 2011 through January 04, 2013. The note payable balance as of June 30, 2011 is \$208,034.

Total maturities of the long term debt are as follows:

For the period ended June 30,

2012	\$ 137,300
2013	70,734
	\$ 208,034

Operating leases

The Company currently leases office space in Garden City, NY and Warwick, RI.

The lease for office space in Warwick, RI calls for monthly payments of \$4,800 plus a portion of the operating expenses through February 2012.

The lease for office space in Garden City, NY calls for escalating monthly payments ranging from \$6,056 to \$6,617 plus a portion of the operating expenses through June 2014.

Minimum obligations under these lease agreements are as follows:

Period Ending June 30,:

2012	\$ 113,257
2013	77,103
2014	79,416
	\$ 269,776

Note 7 - Related Party Transactions

Due to related party represents rent accrued to a partnership controlled by the Chief Executive Officer of the company for the New York Data Center. The rent expense for the data center is \$1,500 per month.

As of June 30, 2011 the Company owed the Chief Executive Officer \$614,628. These advances bear no interest and have no stated terms of repayment. No advances were made during the six months ended June 30, 2011.

Note 8 - Stockholders' Equity

During the six months ended June 30, 2011 the Company did not issue any common stock options.

A summary of the Company's option activity and related information follows:

Number of Shares Under Options	Range of Option Price Per Share	Weighted Average Exercise Price
---	--	--

Edgar Filing: Data Storage Corp - Form 10-Q

Options Outstanding at January 1, 2011	3,670,169	\$.02 - .36	\$ 0.137
Options Granted	-	-	-
Options Exercised	-	-	-
Options Cancelled	-	-	-
Options Outstanding at June 30, 2011	3,670,169	.02 - .36	0.137
Options Exercisable at June 30, 2011	2,606,976	.02 - .36	0.137

Share-based compensation expense for options totaling \$31,959 and \$6,964 was recognized in our results for the six months ended June 30, 2011 and 2010, respectively is based on awards vested. The options were valued at the grant date at \$366,014 and are being amortized over five (5) years.

The valuation methodology used to determine the fair value of the options issued during the year was the Black-Scholes option-pricing model. The Black-Scholes model requires the use of a number of assumptions including volatility of the stock price, the average risk-free interest rate, and the weighted average expected life of the options.

The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the term of the Warrants and is calculated by using the average daily historical stock prices through the day preceding the grant date.

Estimated volatility is a measure of the amount by which the Company's stock price is expected to fluctuate each year during the expected life of the award. The Company's estimated volatility is an average of the historical volatility of peer entities whose stock prices were publicly available. The Company's calculation of estimated volatility is based on historical stock prices of these peer entities over a period equal to the expected life of the awards. The Company uses the historical volatility of peer entities due to the lack of sufficient historical data of its stock price.

The weighted average fair value of options granted and the assumptions used in the Black-Scholes model during the year ended December 31, 2010 are set forth in the table below.

	2010
Weighted average fair value of options granted	\$ 0.35
Risk-free interest rate	2.54 – 3.57%
Volatility	77.45 – 117.62%
Expected life (years)	10
Dividend yield	0.00%

As of June 30, 2011, there was \$240,322 of total unrecognized compensation expense related to unvested employee options granted under the Company's share based compensation plans that is expected to be recognized over a weighted average period of approximately 4.0 years.

Common Stock Warrants

There were no common stock warrants granted during the six months ended June 30, 2011.

A summary of the Company's warrant activity and related information follows:

	Number of Shares Under Warrants	Range of Warrants Price Per Share	Weighted Average Exercise Price
Warrants Outstanding at January 1, 2011	3,225,865	0.01 - \$ 0.02	\$.01

Warrants exercisable at June 30, 2011	3,225,865	0.01 – 0.02	.01

The valuation methodology used to determine the fair value of the warrants issued during the year was the Black-Scholes option-pricing model, an acceptable model in accordance with FASB ASC 718-10-10 Share Based Payments. The Black-Scholes model requires the use of a number of assumptions including volatility of the stock price, the average risk-free interest rate, and the weighted average expected life of the warrants.

The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the term of the Warrants and is calculated by using the average daily historical stock prices through the day preceding the grant date

Estimated volatility is a measure of the amount by which the Company's stock price is expected to fluctuate each year during the expected life of the award. The Company's estimated volatility is an average of the historical volatility of peer entities whose stock prices were publicly available. The Company's calculation of estimated volatility is based on historical stock prices of these peer entities over a period equal to the expected life of the awards. The Company uses the historical volatility of peer entities due to the lack of sufficient historical data of its stock price.

The weighted average fair value of options granted and the assumptions used in the Black-Scholes model during the year ended December 31, 2010 is set forth in the table below.

	2010
Weighted average fair value of options granted	\$.01
Risk-free interest rate	3.32%
Volatility	85%
Expected life (years)	10

Note 9 – Convertible debt

On May 21, 2010 the Company entered into three security purchase agreements including \$1,000,000 of convertible notes payable along with 3,014,437 warrants to purchase common stock of the company at \$.01. Each note is convertible into common stock at an exercise price of \$.39.

At their commitment date, each convertible promissory note was tested for a beneficial conversion feature by comparing the effective conversion price to the fair value of the Company's stock. The Company recognized a beneficial conversion feature of \$410,256 which was recorded as a discount to the convertible promissory notes with an offset to additional paid-in capital. Additionally, the relative fair value of the warrants of \$509,800 was calculated and recorded as a further reduction to the carrying amount of the convertible debt and as an addition to paid-in capital. The Company is amortizing the debt discount over the term of the debt. Amortization of debt discount for the six months ended June 30, 2011 and 2010 was \$153,341 and \$0, respectively.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The information contained in Item 2 contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Actual results may materially differ from those projected in the forward-looking statements as a result of certain risks and uncertainties set forth in this report. Although management believes that the assumptions made and expectations reflected in the forward-looking statements are reasonable, there is no assurance that the underlying assumptions will, in fact, prove to be correct or that actual results will not be different from expectations expressed in this report.

Liquidity and Capital Resources

The financial statements have been prepared using accounting principles generally accepted in the United States of America applicable for a going concern, which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. The Company has been funded by the CEO and largest shareholder combined with private placements of the company stock. The Company has been successful in raising money as needed. Further it is the intention of management to continue to raise money through stock issuances and to fund the Company on an as needed basis. In 2011 we intend to continue to work to increase our presence in the IBM marketplace utilizing our increased technical expertise, capacity for data storage and managed services with our asset

acquisition of SafeData.

To the extent we are successful in growing our business, identifying potential acquisition targets and negotiating the terms of such acquisition, and the purchase price includes a cash component, we plan to use our working capital and the proceeds of any financing to finance such acquisition costs. Our opinion concerning our liquidity is based on current information. If this information proves to be inaccurate, or if circumstances change, we may not be able to meet our liquidity needs.

During the six months ended June 30, 2011 the company's cash increased \$454,888 to \$505,283 from \$50,395 at December 31, 2010. Net cash of \$253,806 was used in the Company's operating activities and net cash of \$735,164 was provided by the company's financing activities. Cash from financing activities was the result of \$1,500,000 from the issuance of stock, offset by \$282,731 in payment of capital lease obligations and \$482,105 in payment of loan obligations.

Our working capital deficiency was \$1,739,013 at June 30, 2011, increasing \$804,838 from \$2,543,851 at December 31, 2010. The increase is primarily due to the issuance of stock for \$1,500,000.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements, financings, or other relationships with unconsolidated entities or other persons, also known as "special purpose entities" (SPEs).

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not required for smaller reporting companies

Item 4. Controls and Procedures

a) Evaluation of Disclosure Controls. Pursuant to Rule 13a-15(b) under the Securities Exchange Act of 1934 (“Exchange Act”), the Company carried out an evaluation, with the participation of the Company’s management, including the Company’s Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”) (the Company’s principal financial and accounting officer), of the effectiveness of the Company’s disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report. The Company lacks the size and complexity to segregated duties sufficiently for proper controls. Based upon that evaluation, the Company’s CEO and CFO concluded that the Company’s disclosure controls and procedures are not effective to ensure that information required to be disclosed by the Company in the reports that the Company files or submits under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to the Company’s management, including the Company’s CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in internal control over financial reporting. There have been no changes in our internal control over financial reporting that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

We are currently not involved in any litigation that we believe could have a material adverse effect on our financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of our company or any of our subsidiaries, threatened against or affecting our company, our common stock, any of our subsidiaries or of our companies or our subsidiaries’ officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.

Item 1A. Risk Factors.
