Notes to Financial Statements
(Unaudited)

NOTE 1 - PRESENTATION

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at March 31, 2012, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2011 audited financial statements. The results of operations for the period ended March 31, 2012 is not necessarily indicative of the operating results for the full year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification of Financial Statement Accounts

Certain amounts in the March 31, 2011 financial statements have been reclassified to conform to the presentation in the March 31, 2012 financial statements.

Recent Accounting Pronouncements

Management has considered all recent accounting pronouncements issued since the last audit of our financial statements. The Company's management believes that these recent pronouncements will not have a material effect on the Company's financial statements.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. During the three months ended March 31, 2012 the Company realized a net loss of \$195,824 and has incurred an accumulated deficit of \$15,296,278. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from investors sufficient to meet its minimal operating expenses by seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3- ACQUISITION

On December 4, 2010 the Company entered into an asset purchase agreement with Pro Line Sports, Inc. ("Seller") to purchase one hundred percent (100%) of the right, title and interest in the Seller's tangible and intangible assets for \$225,000 cash due immediately and \$1,038,532 to be paid over four years in cash or shares of common stock at the option of the Company. On February 11, 2011, \$225,000 funding for the down payment was received and the sale was finalized. The \$1,038,532 note has been recorded as a related party note payable (see Note 4).

The tangible assets acquired in the acquisition inventory and various fixed assets. The Seller retained his cash balances and receivables through the date of sale. Included in the fixed assets acquired is office and warehouse equipment. The Company determined that the carrying value of these assets approximated their fair value on the date of acquisition and therefore recorded them at the Seller's book value. As a result, \$37,227 of the purchase price was allocated to the fixed assets acquired. The Company performed an inventory observation on the date of acquisition and determined that saleable inventory acquired had a fair market value of \$253,686. The remaining \$1,226,305 has been allocated to goodwill.

NOTE 4 – RELATED PARTY TRANSACTIONS

Over the course of the Company's history loans for operating purposes have been made to the Company by the CEO of the Company. The related party notes payable total \$1,890,071 at March 31, 2012 and \$1,874,541 at December 31, 2011, respectively. These notes carry interest rates of 7% to 15% and have balloon payments that are due in full on December 31, 2012. One loan is considered a commercial loan under the Uniform Commercial Code and is secured by a blanket lien on the Company's assets. The secured loan totals approximately \$640,000 as of March 31, 2012. The other loans are unsecured. For the three months ended March 31, 2012, the Company accrued \$13,167 in interest expense on these loans.

On February 11, 2011 the Company finalized the purchase of Pro Line Sports, Inc. In conjunction with that purchase, the Company entered into an agreement with the former owner to pay a total of \$1,038,532 over a four year period. The amount is payable in cash or shares of common stock at the option of the Company. As of March 31, 2012 the loan balance totals \$1,048,572.

NOTE 5 – CONVERTIBLE DEBENTURES

Beginning on March 19, 2010 through December 31, 2011 the Company has entered into multiple convertible debenture agreements with third parties. These debentures carry interest at 8 to 15% per annum, are due in full starting on March 19, 2012, and are collateralized by 600,000 shares of the Company's common stock held in escrow. At the option of the holder, any outstanding principal and unpaid interest balance is convertible into shares of the Company's common stock. The conversion price is the higher of a) 50% of the average of the three to five lowest closing prices for the Company's stock during the previous 10 to 15 trading days or b) \$0.0001.

In accordance with ASC 470, the Company has analyzed the beneficial nature of the conversion terms of these debentures and determined that a beneficial conversion feature (BCF) exists. The Company calculated the value of the BCF using the intrinsic method based on the stock price on the day of commitment, the discount as agreed to in the debenture, and the number of convertible shares. The combined value of the BCF for the debentures entered into during the three months ended December 31, 2011 is \$290,000. The BCF has been recorded as a discount to the debenture payable and to Additional Paid-in Capital. There were no convertible debentures issued during the three months ended March 31, 2012.

During the three months ended March 31, 2012 the Company recognized \$31,122 in amortization of current and precious BCF. This amount has been recorded as interest expense in accordance with ASC 470.

Company Overview

Our financial statements for the three months ended March 31, 2012 and 2011 reflect net operating losses of \$195,824 and \$420,049, respectively. This is based on gross revenues of \$193,596 and \$235,131 for the three months ended March 31, 2012 and 2011, respectively.

Plan of Operation

While our former business focused only on golf clubs and golf grip, our primary business plan going forward was to focus on golf grips, wedges and the new addition of Pro Line product lines. The major addition of Pro Lines ball retrievers, divot tools was intended to be our primary revenue drivers and to grow our market.

Due to continuing differences between the Seller and Feel Golf the parties in November 2011 entered into litigation seeking resolution to their differences. (Litigation is noted in filed 8K's)

On April 25, 2012 the parties agreed through mediated settlement to rescind the February 11, 2011 acquisition. Both parties are now separate entities.

As part of the mediated settlement, Feel Golf, who occupied the Seller's building, was released without recourse from the 2 year property lease.

The Company, following the April 25, 2012 mediated settlement, added its own patent pending ball retriever product line. This new line is utilizing our patent pending head and telescopic shaft, and initial sales have begun. In mid 2012 we developed a patent pending Carbon Fiber telescoping ball retriever and with capital we intend to aggressively market, since the ball retriever market consists of many companies selling on price alone. Our Carbon Fiber is expected to retail and sell at a higher MSRP due to its state-of-the-art uniqueness.

To offset the continuing depressed economy, we intend to focus on golf and non-golf acquisitions to grow our company in a steady and controlled growth pattern

Awareness

As noted previously, we currently do not have the necessary capital to implement our full marketing campaign and if successful in raising sufficient capital for marketing, there can be no assurance that this capital and/or increased marketing efforts will increase revenues. There can also be no assurance we will be successful in raising sufficient marketing capital to implement this campaign. Assuming we are able to raise sufficient capital in support of our growth strategy, we plan to further develop and expand our 5 distinct sales channels:

Direct to Consumer: We plan to use direct response marketing in advertisement and infomercials, running primarily on Radio and TV, websites and national print media.

Wholesale Distribution: We plan to increase our sales from existing sales reps calling on U.S. major golf retailers.

Internet Sales: We recently added an affiliate program intended to increase our e-comm awareness, SEO ranking and therefore we anticipate an increase in web sales. We, on December 12, 2012, engaged an outside firm to manage and market our web site for increasing web sales.

International: Asia is a prominent international market where golf as a sport is rapidly growing and we intend to add additional Asian distributors.

Call Center and Inside Sales: We have assembled a small in house telemarketing sales force to sell direct to our consumers and handle both inbound and outbound customer communications and sales.

We intend a campaign to drive sales of our new Carbon Fiber retrievers, the 73 degree wedge and our new Pro Release grips.

RESULTS OF OPERATIONS

Three Months Ended March 31, 2012 and 2011

Edgar Filing: FEEL GOLF CO INC - Form 10-Q

The following table sets forth our results of the operations for the three months ended on March 31, 2012 and 2011.

	(Unaudited) March 31, 2012	(Unaudited) March 31, 2011	Increase/ (Decrease)	Percentage Increase/ (Decrease)

Weighted Average Basic and Diluted Common Shares Outstanding	22,569,452	2,081,795		

Revenues

For the three months, ended March 31, 2012, revenues decreased \$41,535 or 17.65% from the three months ended March 31, 2011. The decrease in sales is due to issues related to the fallout from the Pro Line Sports dispute. However, the acquisition, even though later rescinded, has allowed us to expand into the golf accessory niche market by expanding our product line and related sales channels. We expected our reliance on outside capital to decrease following the acquisition; however, since the rescission we will continue to require capital in the short term.

Cost of Sales

For the three months ended March 31, 2012, our costs of sales increased \$16,278 or 22.37% from the same period in 2011. This increase in cost of sales ending in March 31, 2012 is a result of the increased sales at lower sales prices realized after the acquisition of Pro Line Sports.

We expect that our cost of sales will increase in actual dollars, but not as a percentage of sales, as the golf and our non golf accessory business continues to grow.

Gross Profit

For the three months ended March 31, 2012, overall gross margin decreased \$57,813 or 35.60% as compared to the same three month period in 2011. The decrease in gross profit is due to reduced sales during the pending litigation.

Operating Expenses

For the three months ended March 31, 2012, our operating expenses decreased by \$168,776, or 41.37%. This decrease is primarily attributable to a decrease in stock based compensation. and overhead. The Company did not issue stock for services totaling \$ -0- during the three months ended March 31, 2012 compared to \$180,000 during the same three months in 2011.

Other Expenses

For the three months ended March 31, 2012, our other expenses decreased by \$ \$114,187r 65.43% over the same three month period in 2011. The decrease is due to decreases in interest expense on debts due to the amortization of beneficial conversion features related to convertible notes issued in late 2011 and the first quarter of 2011 (see footnote 4).

Net Loss

For the three months ended March 31, 2012, our net loss was \$195,824, a decrease of \$224,225 or 53.38% over the three months ended March 31, 2010. Non-cash stock based compensation required by ASC 805 totaled \$ -0-. Other non-cash expenses incurred during the three months ended March 31, 2012 totaled \$110,460. Absent these expenses, our net loss for the three months ended March 31, 2012 would have been \$85,364. Non-cash expenses in the 2011 period totaled \$197,108 and absent these expenses our net would have been \$26,941.

LIQUIDITY AND CAPITAL RESOURCES

We had cash of \$6,643 as of March 31, 2012 compared to cash of \$18,991- as of December 31, 2011. Net cash used in operating activities for the three months ended and 2012 and 2011 was \$26,879 and \$148,671, respectively. This decrease in cash used in operating activities as compared to the comparable period of the prior year is primarily the result of decrease in the net loss and increased collection of accounts receivable, offset partially by an increase in the payment of accounts payable and decrease in amortization of the Beneficial Conversion Feature. As our cash flow from operations improves, we plan to use capital to drive sales growth.

Cash flows used in investing activities totaled \$-0- and \$225,000 for the three months ended March 31, 2012 and 2011, respectively. The \$225,000 was used as down payment for the purchase Pro Line Sports in February 2011.

Cash flows provided by financing activities totaled \$14,531 during the three months ended March 31, 2012 compared to \$406,214 in 2011. During 2011 we received proceeds from related party notes of \$130,954 and made repayments to loans made by related parties of \$4,206. We also received \$290,000 in proceeds from third party notes payable.

At the present level of business activity, our ongoing monthly gross operating cash disbursements are expected to average approximately \$40,000. As of March 31, 2012 we have net working capital of \$114,510.

Inflation

In the opinion of management, inflation has not and will not have a material effect on our operations in the immediate future. Management will continue to monitor inflation and evaluate the possible future effects of inflation on our business and operations.

Off-balance Sheet Arrangements

We have no off-balance sheet arrangements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required for smaller reporting companies.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures. Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms. Disclosure and control procedures are also designed to ensure that such information is accumulated and communicated to management, including the chief executive officer and principal accounting officer, to allow timely decisions regarding required disclosures. As of the end of the period covered by this quarterly report, we carried out an evaluation, under the supervision and with the participation of management, including our chief executive officer and principal accounting officer, of the effectiveness of the design and operation of our disclosure controls and procedures. In designing and evaluating the disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. Additionally, in evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment. Based on the evaluation described

above, our management, including our principal executive officer and principal accounting officer, have concluded that, as of March 31, 2012, our disclosure controls and procedures were not effective due to a lack of adequate segregation of duties and the absence of an audit committee.

Changes in Internal Control over Financial Reporting. Management has evaluated whether any change in our internal control over financial reporting occurred during the first quarter of fiscal 2012. Based on its evaluation, management, including the chief executive officer and principal accounting officer, has concluded that there has been no change in our internal control over financial reporting during the first quarter of fiscal 2012 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

ITEM 1 - LEGAL PROCEEDINGS

We are involved in litigation with Igotcha holdings (Pro Line Sports) which filed a lawsuit on September 23, 2012 and later amended on October 11, 2012. This amended suit includes our board members as conspiring parties over the lawsuit allegation that our new patent pending design of a telescoping shaft used for ball retrievers is a direct infringement upon their patent. Our counsel has opined it does not. Settlement negotiations as of this filing date are being conducted by our counsel of Archer Bay in Tampa, FL and are ongoing. We believe this cause of action has no merit and we will vigorously defend our position.

This lawsuit follows the prior lawsuit settled in April 25, 2012 and as reported in our Form 8-K filed on May 4, 2012 and in summary as below.

Due to continuing differences between the seller and Feel Golf, the parties in November 2011 entered into litigation seeking resolution to their mutually filed breach of contract differences. (Litigation is noted in our earlier filed Form 8-K.)

On April 25, 2012 the parties agreed through mediated settlement to rescind the acquisition. As a result, Feel Golf agreed to relinquish its rights to all trademarks and patents associated with the Pro Line brand, sell back related inventory to the original seller, vacate the premises formerly occupied by Pro Line Sports without recourse, and abandon certain tangible fixed assets in the Company's care, custody, and control which were associated with the original Pro Line acquisition. Pro Line Sports, as consideration, agreed to cancel Feel Golf's note payable with prejudice. As of the April 25, 2012 settlement, both parties are now separate entities.
