DESCRIPTION OF CAPITAL STOCK

Common Stock

As of the Record Date, there were 100,000,000 shares of Common Stock authorized with a par value of \$0.001 per share, of which 67,300,718 shares were issued and outstanding. Each holder of the Company's Common Stock is entitled to one vote for each share held of record on all matters submitted to the vote of stockholders, including the election of directors. All voting is non-cumulative, which means that the holder of fifty percent (50%) of the shares voting for the election of the directors can elect all the directors.

Holders of Common Stock of the Company have no preemptive rights to acquire or subscribe to any of the additional shares of Common Stock.

The holders of Common Stock are entitled to receive pro rata dividends, when and as declared by the board of directors in its discretion, out of funds legally available therefore, but only if all dividends on the

Preferred Stock have been paid in accordance with the terms of such Preferred Stock and there exists no deficiency in any sinking fund for the Preferred Stock. In addition, the payment of such dividends will depend on the Company's financial condition, results of operations, capital requirements and such other factors as the board of directors deems relevant.

Preferred Stock

As of the Record Date, the Company has 5,000,000 shares of Preferred Stock with a par value of \$0.001 per share, of which no shares were issued and outstanding. The board of directors has sole discretion in designating the preferences, limitations and relative rights of the Preferred Stock.

INTEREST OF CERTAIN PERSONS IN OR OPPOSITION TO MATTERS TO BE ACTED UPON

Except as disclosed elsewhere in this Information Statement, since December 31, 2005, being the commencement of our last completed financial year, none of the following persons has any substantial interest, direct or indirect, by security holdings or otherwise in any matter to be acted upon:

1. any director or officer of our company;
2. any proposed nominee for election as a director of our company; and
3. any associate or affiliate of any of the foregoing persons.

The shareholdings of our directors and officers are listed below in the section entitled "Security Ownership of Certain Beneficial Owners and Management". To our knowledge, no director has advised that he intends to oppose the Amendment, as more particularly described herein.

SECURITY OWNERSHIP BY CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables set forth information as of December 22, 2006 regarding the beneficial ownership of our common stock, (a) each stockholder who is known by the Company to own beneficially in excess of 5% of our outstanding common stock; (b) each director known to hold common stock; (c) the Company's chief executive officer; and (d) the executive officers and directors as a group. Except as otherwise indicated, all persons listed below have (i) sole voting power and investment power with respect to their shares of common stock, except to the extent that authority is shared by spouses under applicable law, and (ii) record and beneficial ownership with respect to their shares of stock. The percentage of beneficial ownership is based upon 67,300,718 shares of common stock outstanding, as of December 22, 2006. Unless otherwise identified, the address of the directors and officers of the Company listed above is 21/F, Chinachem Century Tower, 178 Gloucester Road, Wanchai, Hong Kong.

- (1) Godfrey Chin Tong Hui, a Director and the Chief Executive Officer of the Company, owns 100% of the issued and outstanding common stock of his personal holding company, New Nature Development Limited ("New Nature "), which in turn is the record owner of 539,290 shares of the Company's common stock, or ----0.8% of the Company.

AMENDMENT TO THE ARTICLES OF INCORPORATION

On December 22, 2006, a majority of the stockholders of the Company approved an amendment to the Company's Articles of Incorporation, to increase the number of authorized shares of common stock from 100,000,000 to 800,000,000. As of December 22, 2006, the Company had 67,300,718 shares of Common Stock and no shares of Preferred Stock issued and outstanding. The Board believes that the increase in authorized common shares would provide the Company greater flexibility with respect to the Company's capital structure for such purposes as additional equity financing, and stock-based acquisitions.

Increase In Authorized Common Stock

The terms of the additional shares of Common Stock will be identical to those of the currently outstanding shares of Common Stock. However, because holders of Common Stock have no preemptive rights to purchase or subscribe for any unissued stock of the Company, the issuance of additional shares of Common Stock will reduce the current stockholders' percentage ownership interest in the total outstanding shares of Common Stock. This amendment and the creation of additional shares of authorized Common Stock will not alter the current number of issued shares. The relative rights and limitations of the shares of Common Stock will remain unchanged under this amendment.

As of the Record Date, a total of 67,300,718 shares of Common Stock are issued and outstanding. The increase in the number of authorized but unissued shares would enable the Company, without further stockholder approval, to issue shares from time to time as may be required for proper business purposes, such as raising additional capital for ongoing operations, business and asset acquisitions, stock splits and dividends, present and future employee benefit programs and other corporate purposes.

The proposed increase in the authorized number of shares of Common Stock could have a number of effects on the Company's stockholders depending upon the exact nature and circumstances of any actual issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. For example, additional shares could be issued by the Company so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company, even if the persons seeking to obtain control of the Company offer an above-market premium that is favored by a majority of the independent stockholders. Similarly, the issuance of additional shares to certain persons allied with the Company's management could have the effect of making it more difficult to remove the Company's current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. The Company does not have any other provisions in its certificate or incorporation, by-laws, employment agreements, credit agreements or any other documents that have material anti-takeover consequences. Additionally, the Company has no plans or proposals to adopt other provisions or enter into other arrangements, except as disclosed below, that may have material anti-takeover consequences. The board of directors is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device.

There are currently no plans, arrangements, commitments or understandings for the issuance of the additional shares of Common Stock which are proposed to be authorized:

The proposed form of Amended and Restated Certificate of Incorporation is attached as Exhibit A hereto. Also attached as Exhibit B is a form of Certificate of Amendment of Certificate of Incorporation, which must be filed together with the Amended and Restated Certificate of Incorporation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE
