Report of Independent Registered Public Accounting Firm

Foot Locker Puerto Rico 1165(e) Plan Administrator:

We have audited the accompanying statements of net assets available for benefits of the Foot Locker Puerto Rico 1165(e) Plan (the "Plan") as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2008 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FOOT LOCKER PUERTO RICO 1165(e) PLAN

Notes to Financial Statements
December 31, 2008 and 2007

(1) Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. In September 2004, the Foot Locker Puerto Rico 1165(e) Plan (the "Plan") was established with an effective date of January 1, 2004.

The Board of Directors of Foot Locker, Inc. (the "Parent Company") and the Parent Company's Retirement Plan Committee appointed Oriental Trust as the trustee for the Plan. Ascensus, Inc. formally known as BISYS Retirement Services serves as the recordkeeper and Russell Investment Group provides investment management services to the Plan effective February 1, 2007. Foot Locker, Inc. is the parent company of Foot Locker Retail, Inc. (the "Company"), which is the employer.

Caribbean Pension Consultants provides administrative services to the Plan related to translating documents, distributing information to employees, processing loans, performing employer match calculations and Plan testing, among other services.

(a) General

The Plan is a defined contribution plan covering generally all employees of the Company whose primary place of employment is in Puerto Rico. Eligible employees are those who have attained age twenty-one and completed one year of service consisting of at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

(b) Contributions

The Plan provides for automatic revocable enrollment in the Plan at a contribution rate of 3% of pre-tax annual compensation for participants who meet the eligibility requirements. The initial automatic enrollment percentage automatically increases each year in 1% increments up to a maximum of 5%. The maximum allowable salary reduction contribution is 10% of pre-tax annual compensation, as defined in the Plan. Participants may elect to change their contribution rate and salary reduction agreement as often as daily. Pre-tax contributions may be made up to the Puerto Rico Department of Treasury limit of \$8,000 in 2008. On August 7, 2008, the pre-tax contributions limit of 10% of the participant's annual compensation was eliminated. The pre-tax dollar amount contribution limit is scheduled to increase gradually through 2013. For 2007, the pre-tax contributions may be made up to \$8,000, or 10% of the participant's annual compensation whichever is less. Participants may also roll over certain amounts representing distributions from other qualified retirement plans in Puerto Rico prior to becoming eligible to participate in the Plan, however, additional contributions cannot be made until the completion of one year of service consisting of at least 1,000 hours. For any participant who (i) has completed 1,000 hours of service during the Plan year and is actively employed by the Company on the last day of the Plan year or (ii) during the Plan year, has died, has become disabled or retired on or after normal retirement age, the Parent Company also contributes 25% of such participant's pre-tax contributions to the Plan up to the first 4% of the participant's compensation earned during the Plan year. Matching contributions, at the Parent Company's option, are made either in shares of the Parent Company's common stock ("Foot Locker Shares") or in cash to be invested in Foot Locker Shares. Effective January 1, 2007, participants that are invested in the Foot Locker Stock Fund can diversify their matching contributions into any of the other investment options available under the Plan at any time. Matching contributions for 2008 were made in April 2009

and for 2007 were made in May 2008, entirely in Foot Locker Shares and recorded at fair market value on the date of the Plan's year-end. Additional contributions may be made at the discretion of the Parent Company and are subject to certain limitations. No additional contributions were made in 2008 or 2007.

(c) Participant Accounts

Each participant's account is credited with (a) the participant's contributions and allocations of the Parent Company's matching contribution and (b) Plan net earnings, and reduced by (c) Plan net losses (including maintenance fees paid by the participant) and (d) loan initiation fees, when applicable. Allocations are based on participants' salary deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Parent Company's matching contributions and earnings thereon is over a five-year period; a participant vests 20% per year beginning after the first year of vesting service and is fully vested after five years of vesting service.
