Item 5.01 CHANGES IN CONTROL OF REGISTRANT

Effective January 10, 2008, US Biodefense, Inc. (the "Company") experienced a change in control as the result of a series of related transactions. On that date, Mr. Scott Gallagher purchased 10,000,000 shares of the Company's common stock, 5,000,000 of which were purchased directly by Mr. Gallagher for \$150,000 and 5,000,000 of which were purchased by 221 Fund, LLC, an entity controlled by Mr. Gallagher, for \$150,000. As a result of these purchases, Mr. Gallagher acquired the beneficial ownership of 10,000,000 shares of common stock, constituting 95.6% of the Company's common stock.

For these issuances, the Company relied on the exemption from the registration requirements of the Securities Act provided by Rule 506 of Regulation D. The persons who received such unregistered shares were either accredited investors (as that term is defined in Rule 501(a) of Regulation D), or alone or through a purchaser representative had such knowledge and experience in financial and business matters as to be capable of evaluating the risks of the investment, and received information regarding the Company and the acquisition transaction. All stock certificates bear a restrictive legend stating that the shares have not been registered under the Securities Act and cannot be sold or otherwise transferred without an effective registration or an exemption therefrom.
