Item 4.02(a) Non-Reliance on Previously Issued Financial Statements or a Related Report or Completed Interim Review

On October 24, 2006, management and the Audit Committee of the Board of Directors of Calgon Carbon Corporation (the "Company") determined that the Unaudited Condensed Financial Statements for the fiscal quarter ended June 30,

Edgar Filing: CALGON CARBON CORPORATION - Form 8-K

2006 that have been included in the Company's Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission on August 9, 2006 contained errors and should no longer be relied upon. Further, on October 30, 2006, management and the Audit Committee also determined that the Unaudited Condensed Financial Statements for the fiscal quarter ended March 31, 2006 that have been included in the Company's Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission on May 10, 2006 contained errors and should no longer be relied upon. The Company's management and Audit Committee discussed these conclusions with the Company's independent registered accounting firm, Deloitte & Touche LLP.

The Company believes that the errors were made in the calculation of the Company's tax provision. The total impact to the previously issued results has not been definitively determined at this point, but it is expected to reduce net income for the three months ended March 31, 2006 and for the three and six months ended June 30, 2006. The Company's income before income taxes, equity income and minority interest are not expected to have been affected for the periods.

The Company intends to file amendments to the Company's Forms 10-Q for the fiscal quarters ended March 31, 2006 and June 30, 2006 to reflect the restated financial information for such periods as soon as practicable.
