Item 8.01: Other Events

Settlement of Certain Litigation

As previously disclosed, SmartPros Ltd., a Delaware corporation (the "Company"), DF Institute, LLC, an Illinois limited liability company ("Parent"), SPL Merger Corp., a Delaware corporation and a wholly owned subsidiary of Parent ("Merger Sub") entered into that certain Agreement and Plan of Merger, dated as of October 21, 2015 (the "Merger Agreement") pursuant to which Parent agreed to acquire all of the outstanding shares of the Company's common stock in an all cash merger (the "Proposed Merger").

As described in the Company's Definitive Proxy Statement, dated November 17, 2015 (the "DEF14A"), under the heading "Proposal I: The Merger - Litigation Related to the Merger," a purported class action complaint on behalf of the Company's stockholders was filed on November 6, 2015 in the Supreme Court of the State of New York, County of Westchester, captioned Jack Isaacs, individually and on behalf of all others similarly situated, as Plaintiff, v. Allen S. Greene, Jack Fingerhut, John J. Gorman, Martin H. Lager, Leonard J. Stanley, SmartPros Ltd., DF Institute, LLC and SPL Merger Corp., as Defendants (the "NY Action").

A second purported class action complaint on behalf of the Company's stockholders was filed on November 23, 2015 in the Court of Chancery of the State of Delaware, captioned Robert Brieske v. SmartPros Ltd., et al., C.A. No. 11743-CB (the "DE Action").

The NY Action and the DE Action are collectively referred to herein as the Actions

The Company believes that the Actions are without merit and that no further disclosure is required to supplement the DEF14A under any applicable rule, statute, regulation or law. However, to eliminate the burden, expense and uncertainties inherent in such litigation, on December 16, 2015, the defendants entered into a memorandum of understanding (the "Memorandum of Understanding") regarding settlement of the Actions. The Memorandum of Understanding outlines the terms of the parties' agreement in principle to settle and release all claims which were or could have been asserted in the Actions. In consideration for such settlement and release, the parties to the Actions have agreed that the Company will make certain supplemental disclosures to the DEF14A, all of which are set forth below. The Memorandum of Understanding contemplates that the parties will attempt in good faith to agree promptly upon a stipulation of settlement to be submitted to the Court for approval at the earliest practicable time. The Stipulation will be subject to customary conditions, including confirmatory discovery and approval by the Court, which will consider the fairness, reasonableness and adequacy of such settlement. Under the terms of the proposed settlement, following final approval by the Court, the Actions will be dismissed with prejudice. There can be no assurance that the parties will ultimately enter into the Stipulation or that the Court will approve the settlement even if the parties were to enter into the Stipulation. In such event, or if the Proposed Merger is not consummated for any reason, the proposed settlement will be null and void and of no force and effect.

The settlement will not affect the timing of the Special Meeting or the amount of merger consideration to be paid to stockholders of the Company in connection with the Proposed Merger.

Defined terms used in this Current Report on Form 8-K but not otherwise defined herein have the meanings ascribed to those terms in the DEF14A.

#### SUPPLEMENTAL DISCLOSURES

In the Memorandum of Understanding with respect to the settlement of the Actions, the Company has agreed to make these supplemental disclosures to the DEF14A. These supplemental disclosures should be read in conjunction with the DEF14A, which should be read in its entirety. Without admitting in any way that the disclosures below are material or otherwise required by law, the Company makes the following amended and supplemental disclosures:

- 1. In performing its analysis, Berkery utilized the Company's projections for the balance of the 2015 calendar year. Additional projections were not developed and a discounted cash flow analysis was not prepared because, based upon past experience, the Company found projections of more than one year to be unreliable.
- 2. The terms of the initial engagement letter entered into between the Company and Berkery on January 2, 2014, provided that Berkery would be entitled to a non-refundable retainer of \$5,000 per month for six months. In addition, Berkery would be entitled to a total fee contingent upon the closing of a transaction involving the sale of the Company, which fee would include payment for a fairness opinion to be provided by Berkery. The total \$30,000 retainer fee was paid to Berkery.
- 3. The engagement letter between the Company and Berkery dated March 5, 2015 provided that Berkery would be entitled to a total fee contingent upon the closing of a transaction involving the sale of the Company, and that \$50,000 of that fee would be allocable to the fairness opinion to be provided by Berkery. The engagement letter was amended on August 31, 2015 to provide that the \$50,000 fee for the fairness opinion would be payable upon delivery of the fairness opinion regardless of whether or not the transaction was consummated. The balance of the fee payable to Berkery remained contingent upon the consummation of the transaction.
- 4. After completion of its due diligence, Company A advised SmartPros that it was no longer interested in proceeding.
- 5. Company Z advised SmartPros that it had become increasingly concerned with the fact that (a) post-closing it would be required to perform services for which SmartPros had already received payment (which was reflected on SmartPros' financial statements as deferred revenue) and (b) SmartPros' business is highly seasonal.
