Edgar Filing: ITC Holdings Corp. - Form 8-K

### Item 8.01 Other Events.

On May 17, 2006, the Midwest Independent Transmission System Operator Inc. (MISO) and International Transmission Company (ITC*Transmission*) jointly filed revised tariff sheets with the Federal Energy Regulatory Commission (FERC) to adjust the implementation of ITC*Transmission* s Attachment O formula rate. The proposed modification would allow ITC*Transmission* to recover its expenses and investments in transmission on a current rather than a lagging basis, thereby enhancing ITC*Transmission* s ability to continue to rebuild and strengthen the transmission grid in Southeast Michigan. The revised Attachment O would include a true-up mechanism so that customers would pay only the amounts that correspond to ITC*Transmission* s revenue requirement. The filing has been assigned FERC Docket No. ER06-1006 and can be accessed at FERC s website at http://www.ferc.gov and at ITC*Transmission* s website at http://www.itctransco.com/news\_filings.php. The proposed changes to the Attachment O formula rate are subject to FERC approval, following its standard procedural requirements. There can be no assurance that the modified Attachment O will be approved by FERC in the form submitted by ITC*Transmission* or as to the timing of the receipt of any such approval.

On May 26, 2006, ITC*Transmission* s billed rate of \$1.744 per kW/month for the period from June 1, 2006 to May 31, 2007 was posted by MISO. The billed rate is based on ITC*Transmission* s Attachment O rate formula as currently in effect and FERC Form 1 data for the year ended December 31, 2005. This information can be accessed on the Internet at http://oasis.midwestiso.org/oasis/DECO.

## **SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
