### **GOL Closes US\$200mm Perpetual Bond Offering**

**São Paulo, April 5, 2006** GOL Linhas Aéreas Inteligentes (NYSE: GOL and Bovespa: GOLL4), Brazil's low-cost, low-fare airline, announced that its wholly-owned subsidiary Gol Finance has closed an issuance of US\$200 million 8.75% perpetual notes in an offering exempt from SEC and CVM registration. Gol and its subsidiary Gol Transportes Aéreos S.A. guarantee the perpetual notes. The issue was assigned a credit rating of Ba2 by Moody's, one notch above Brazil's sovereign rating. The perpetual notes were placed with institutional and retail investors in Asia, Europe and the United States.

The perpetual notes are senior unsecured debt obligations of Gol Finance and have no fixed final maturity date, and are callable at par at the option of the issuer after five years. The notes were priced at 397 basis points over the 5-year U.S. Treasury Note, and 150 basis points over the long-term Brazil Sovereign bond (37). Gol intends to use the proceeds to finance a portion of its cash payments related to its fleet expansion plan.

This offering further reduces our cost of capital and bolsters the Company's capitalization, says Richard Lark, Chief Financial Officer of GOL.

The perpetual notes (and the guarantees) have not been and will not be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold (a) in the United States absent registration or an applicable exemption from registration under the Securities Act; or (b) in any other jurisdiction in which such offer or sale is prohibited. This press release shall not constitute an offer to sell or the solicitation of an offer to buy the notes.
