## Gollog and Emirates SkyCargo Sign Cargo Transportation Partnership

**São Paulo, July 14, 2008** GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the parent company of Brazilian airlines GOL Transportes Aéreos S.A. (GTA) and VRG Linhas Aéreas S.A. (VRG), announces that its cargo transport unit, Gollog, has signed a partnership with Emirates SkyCargo, the cargo division of Emirates Airline, to transport cargo to all destinations operated by the two companies.

Under the agreement, Gollog will use GTA and VRG aircraft to transport cargo originating in any of the 59 destinations in Brazil and South America served by either airline and deliver it to Guarulhos International Airport in São Paulo. Upon arrival at Guarulhos, the cargo will be transferred to an Emirates aircraft for shipment to Dubai, United Arab Emirates. From Dubai, Emirates will then distribute the cargo to one of its more than 101 destinations in 62 countries, where it will then be delivered to its final destination. Alternatively, cargo shipped to São Paulo via Emirates SkyCargo will be transferred to GTA and VRG aircraft and transported to its final destination through GOL Linhas Aéreas Inteligentes domestic and international route network.

It is a privilege for GOL, through GOLLOG, to have been chosen to transport Emirates cargo. This partnership demonstrates our team's ability to meet new market demands, in addition to providing our customers with an additional alternative, says Tarcísio Gargioni, GOL Linhas Aéreas Inteligentes vice-president, marketing and services.

By working together, we hope to increase the commercial relations between South America, the Middle East and Asia, which will also benefit export.

Emirates SkyCargo operates seven weekly frequencies between São Paulo and Dubai. According to the Arab-Brazilian Chamber of Commerce, Brazilian exports transported by air to Arab countries have increased approximately 60% since the company entered the market, increasing from 2,200 to 3,400 tons.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
