GOL Announces Commercial Agreement with

Passaredo Linhas Aéreas

GOL adds six cities to its route network with

Passaredo's routes, which will be available in its sale channels

São Paulo, December 21, 2010 GOL Linhas Aéreas Inteligentes S.A. (BM&FBovespa: GOLL4 and NYSE: GOL), (S&P/Fitch: BB-/BB-, Moody's: Ba3), the largest low-cost and low-fare airline in Latin America, has signed a commercial agreement to sell, in all its sales channels, tickets of Passaredo Linhas Aéreas, a Brazilian domestic airline that recorded growth of 130.89% last year.

Passaredo currently operates 103 flights to 20 destinations in Brazil. As a result of the agreement, GOL will add the cities of Marília, Ribeirão Preto, São José de Rio Preto (São Paulo), Barreiras, Vitória da Conquista (Bahia) and Ji-Paraná (Rondônia) to its route network. GOL, operating through Passaredo, also offers eight new direct flights, including Porto Alegre (Rio Grande do Sul) to Goiânia (Goiás) and Uberlândia (Minas Gerais) to Rio de Janeiro (Santos Dumont Airport).

GOL passengers connecting with Passaredo flights will only need to check-in once and their baggage will go directly to the final destination.

Based in Ribeirão Preto, Passaredo Linhas Aéreas began operations in 1995. Its fleet currently comprises 15 aircraft – five Embraer EMB-120s and ten Embraer ERJ-145 jets, with a capacity for 30 and 50 passengers, respectively. By July 2011, however, it will be operating 23 aircraft, with the addition of eight already contracted ERJ-145s.

This is a strategic agreement for GOL because Passaredo is a well-known regional airline which will add important destinations to our route network, improving our penetration and offering our passengers new direct flight options, declared Cláudia Pagnano, GOL's Market Vice-President.

The routes will be handled by all GOL's sales channels, available for purchase up to the day before the flight. The agreement does not include the accumulation of SMILES mileage on Passaredo flights.

For Captain Felício, the CEO of Passaredo Linhas Aéreas, the company is assuming a strategic position in the market. GOL is an excellent partner. We believe in a strong regional aviation market, where we will be operating with penetration for one of the leading airlines in Latin America. This is the system they use in North America and Europe, he concluded.

About Passaredo Linhas Aéreas

Passaredo has expanded more than any other airline in Brazil since 2004, recording annual growth of close to 100%, and currently operates 103 daily flights to 20 cities in 10 Brazilian states. It focuses on flights carrying up to 50 passengers, operating on medium-potential routes with high-tech aircraft, high fuel consumption efficiency and low-cost maintenance. Its aircraft are manufactured by Embraer and there are more than 1,200 units operating worldwide. Passaredo puts great emphasis on top-class customer service, prioritizing comfort, safety, efficiency and punctuality. Given its intention of maintaining its regional identity, the partnership with GOL will complement its operations, allowing it to offer a wider range of destinations to its clients.
