## **Negotiations for contracting 2 new FPSOs for Lula Alto and Lula Central áreas**

Rio de Janeiro, March 19, 2013 – Petróleo Brasileiro S.A. – Petrobras and its Block BM-S-11 partners, BG E&P Brasil and Petrogal Brasil, announces negotiations are underway for the contracting with consortium QGOG/SBM (Queiroz Galvão Óleo e Gás S.A./ SBM Offshore) of 2 FPSOs for production development at Lula Alto and Lula Central, in Lula Field, Santos Basin pre-salt.

Each FPSO will be connected to 18 wells, 10 of which are production wells and 8 injectors. Production is expected to begin in January 2016 at Lula Alto and in March 2016 at Lula Central.

Each FPSO will have a processing capacity of 150,000 bpd of oil and 6,000,000 m3/day of natural gas.

By contract the FPSOs should be delivered no later than November 2015 for Lula Alto and January 2016 for Lula Central, allowing these areas to start production according to the schedule established in the Petrobras Business Plan. Local Content requirements in the contract are 65% for each FPSO.

With this strategy, Petrobras has strengthened the robustness of its oil production curve, without prejudice to local content requirements and contributing to the employment generation in the Brazilian shipbuilding industry

Consortium BM-S-11 is operated by Petrobras (65%), in partnership with BG E&P Brasil Ltda. (25%) and Petrogal Brasil S.A (10%).

## **FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
