MATERIAL FACT

Braskem S.A. (“Braskem” or “Company”) hereby announces, in accordance with Article 157, Paragraph 4 of Federal Law 6,404/76 and with CVM Instruction 358/02, as amended, that it entered into, on the date hereof, a share sales agreement (“Agreement”) with Solvay Argentina S.A. (“Solvay Argentina”), through which it committed to acquire, upon the fulfillment of certain conditions provided for in the Agreement (“Acquisition”), shares representing 70.59% of the total and voting capital of Solvay Indupa S.A.I.C. (“Solvay Indupa”).

To Braskem, the leading producer of thermoplastic resins in the Americas, the Acquisition aims to strengthen its vinyls business and the vinyls chain in Brazil and Argentina, given the growing regional demand for PVC and Caustic Soda. The Acquisition also adds potential synergies and scale improvements for Braskem to consolidate itself as a relevant player in the international market.

Furthermore, the Acquisition establishes an industrial presence by Braskem in Argentina, which is one of the large consumer markets in South America, where the Company has already been engaged in commercial operations for over 20 years, and also reinforces its strategy of combining investment with access to new alternative sources of competitive feedstock.

Solvay Indupa, a PVC and Caustic Soda producer, owns two integrated industrial facilities that enjoy privileged geographic positions close to large consumer markets, which are located in: (i) Santo André, São Paulo, with the capacity to produce 300 kton of PVC and 170 kton of Caustic Soda; and (ii) Bahía Blanca in the Province of Buenos Aires, with the capacity to produce 240 kton of PVC and 180 kton of Caustic Soda.

Edgar Filing: BRASKEM SA - Form 6-K

The Agreement provides for the acquisition by Braskem of 292,453,490 shares representing 70.59% of the total and voting capital of Solvay Indupa that are held by Solvay Argentina, at the price per share of US\$ 0.085, to be paid upon the settlement of the Acquisition. The Acquisition price was based on the Enterprise Value of US\$ 290 million.

Meanwhile, Solvay Indupa holds, on the date hereof, (i) 158,534,671 shares in Solvay Indupa do Brasil S.A. (“Indupa Brasil”) representing 99.99% of the total and voting capital of Indupa Brasil; and (ii) 1,010,638 shares in Solalban Energía S.A. (“Solalban”) representing 58.00% of the total and voting capital of Solalban. As a result of the Acquisition, Braskem will become an indirect shareholder of Indupa Brasil and of Solalban.

Through the Acquisition, Braskem increases its annual production capacity to 1,250 kton of PVC and 890 kton of Caustic Soda.

As a result of the Acquisition, Braskem must carry out a public tender offer for shares representing 29.41% of the capital of Solvay Indupa traded on the Buenos Aires Stock Exchange (BCBA), pursuant to governing legislation, and also plans to cancel the registration of Solvay Indupa at the Securities and Exchange Commission of Brazil (CVM).

The conclusion and effective implementation of the Acquisition is subject to, among other operational conditions, approval by Brazil's antitrust agency CADE (*Conselho Administrativo de Defesa Econômica*). Furthermore, the Acquisition will be notified to the São Paulo Stock Exchange (Bovespa), to the Securities and Exchange Commission of Brazil (CVM), to the Argentina's antitrust agency (*Comisión Nacional de Defensa de la Competencia* - CNDC), to the Securities and Exchange Commission of Argentina (CNV), to the Buenos Aires Stock Exchange (BCBA), to the U.S. Securities and Exchange Commission (SEC), to the New York Stock Exchange (NYSE) and to the Latibex market for Latin American Stocks on the Madrid Stock Exchange (Latibex).

The Company will keep its shareholders and the market duly informed in a timely manner of any further developments arising from the Acquisition.
