INDEPENDENT AUDITORS' REVIEW REPORT

To the Management and Shareholders of
Vivo Participações S.A.

São Paulo - SP

1. We have performed a special review of the Quarterly Information (ITR) of Vivo Participações S.A. (current denomination for Telesp Celular Participações S.A.) and subsidiaries for the quarter and six-month period ended June 30, 2006, prepared in accordance with the Brazilian accounting practices, including the balance sheets, individual and consolidated, the respective statements of loss and the performance report. These financial statements are the responsibility of the Company's management.
2. We conducted our review in accordance with specific standards established by the Brazilian Institute of Independent Auditors (IBRACON), together with the Federal Accounting Council (CFC), and consisted principally of: (a) inquiries of and discussions with persons responsible for the accounting, financial and operating areas of the Company and its subsidiaries regarding the main criteria adopted in preparing the Quarterly Information; and (b) review of the information and subsequent events that had or might have had material effects on the financial position and results of operations of the Company and its subsidiaries.
3. Based on our special review, we are not aware of any material modifications that should be made to the above-mentioned Quarterly Information for it to be in conformity with Brazilian accounting practices, and standards established by the Brazilian Securities Commission (CVM) specifically applicable to the preparation of the mandatory Quarterly Information.
4. We had previously reviewed the balance sheets, individual and consolidated, as of March 31, 2006, presented for comparative purposes, and our special review report, dated May 3, 2006, contained no qualifications. The individual and consolidated statements of loss, for the quarter and six-month period ended June 30, 2005, presented for comparative purposes, were reviewed by us, and our special review report, dated July 25, 2005, contained no qualifications.
5. As mentioned in Note 1, the merger of Tele Sudeste Celular Participações S.A., Tele Leste Celular Participações S.A. and Celular CRT Participações S.A. with the Company was approved on February 22, 2006, as was the merger of the shares of Tele Centro Oeste Celular Participações S.A. Consequently, the statements of loss for the quarter and six-month period ended June 30, 2005 can not be compared with the statements of loss for the quarter and six-month period ended June 30, 2006.

6. The accompanying financial statements have been translated into English for the convenience of readers outside Brazil.

VIVO PARTICIPAÇÕES S.A. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

Edgar Filing: Vivo Participacoes S.A. - Form 6-K

For The Six-Month Period Ended June 30, 2006

(Amounts expressed in thousands of Brazilian reais - R\$, unless otherwise indicated)

1. OPERATIONS

Vivo Participações S.A. (“Vivo” or “Company”) (current denomination of Telesp Celular Participações S.A.) is a publicly-traded company whose controlling shareholders, on June 30, 2006, are Brasilcel N.V. (40.85% of the total capital stock) and its subsidiaries Portelcom Participações Ltda. (4.69% of the total capital stock), Sudestecel Participações Ltda. (6.22% of the total capital stock), Avista Participações Ltda. (3.91% of the total capital stock), TBS Celular Participações Ltda. (4.87% of the total capital stock) and Tagilo Participações Ltda. (2.41% of the total capital stock), excluding treasury shares.

The controlling shareholders of Brasilcel N.V. are Telefónica Móviles, S.A. (50% of the total capital stock), PT Móveis, Serviços de Telecomunicações, SGPS, S.A. (49.999% of the total capital stock) and Portugal Telecom, SGPS, S.A. (0.001% of the total capital stock).

On February 22, 2006, the General Meeting approved the merger by Vivo of Tele Centro Oeste Celular Participações S.A. (“TCO”) shares, for conversion into a fully-owned subsidiary of Vivo, and the merger of the companies Tele Sudeste Celular Participações S.A. (“TSD”), Tele Leste Celular Participações S.A. (“TLE”) and Celular CRT Participações S.A. (“CRTPart”), as mentioned in the Relevant Fact dated December 4, 2005.

The results of the merged companies from January 1 to February 22, 2006 are shown in the Company’s results, as foreseen in the merger protocol.

The table below shows the companies controlled by Vivo and their respective areas of operation and authorization terms:

Operator	Operating area	Expiration date of authorization
Telesp Celular S.A. (“TC”)	São Paulo	08.05.08
Celular CRT S.A. (“CRT”) (a)	Rio Grande do Sul	12.17.07
Global Telecom S.A. (“GT”)	Paraná and Santa Catarina	04.08.13
Telerj Celular S.A. (“TRJ”) (a)	Rio de Janeiro	11.29.20
Telest Celular S.A. (“TES”) (a)	Espírito Santo	11.30.08
Telebahia Celular S.A. (“TBA”) (a)	Bahia	06.29.08
Telergipe Celular S.A. (“TSE”) (a)	Sergipe	12.15.08
Tele Centro Oeste Celular Participações S.A. (“TCO”) (b)	Distrito Federal	07.24.06
Telegoiás Celular S.A. (“TGO”) (b)	Goiás and Tocantins	10.29.08
Telemat Celular S.A. (“TMAT”) (b)	Mato Grosso	03.30.09
Telems Celular S.A. (“TMS”) (b)	Mato Grosso do Sul	09.28.09
Teleron Celular S.A. (“TRON”) (b)	Rondônia	07.21.09
Teleacre Celular S.A. (“TAC”) (b)	Acre	07.15.09
Norte Brasil Telecom S.A. (“NBT”) (b)	Amazonas, Roraima, Amapá, Pará and Maranhão	11.29.13

(a) Control acquired through the merger of TSD, TLE and CRTPart.

(b) Became direct or indirect fully-owned subsidiaries as a result of the merger of TCO shares.

The above licenses are renewable, once only, for a 15-year term, by paying annual charges equivalent to approximately 1% of operating revenues. TRJ's license was renewed by Act No. 54,324, of November 28, 2005.

The business of the subsidiaries, including the services they may provide, is regulated by the National Telecommunications Agency (ANATEL), the telecommunications regulatory agency, in accordance with Law No. 9,472, of July 16, 1997, and respective regulations, decrees, rulings and plans.

Auction of share fractions

Auctions were held on April 19 and 24, 2006 in the São Paulo Stock Exchange (BOVESPA) to reallocate in the "Free Float" 641,766 shares (310,366 common code VIVO3 shares and 331,400 preferred code VIVO4 shares), corresponding to the fractions remaining after the exchange of shares of the companies Tele Sudeste Celular Participações S.A., Tele Centro Oeste Celular Participações S.A., Tele Leste Celular Participações S.A. and Celular CRT Participações S.A. for Vivo shares arising from the capital restructuring approved by the Extraordinary General Meeting of February 22, 2006. The amounts raised are available to the shareholders holding these fractions in any branch of the Banco ABN Amro Real S.A., the depository agent for "Vivo" book-entry shares.

Corporate restructuring - subsidiaries

The Vivo's Board of Directors, at a meeting held on May 2, 2006, approved the proposal for corporate restructuring of the fully-owned subsidiary Global Telecom S.A., through a merger with the fully-owned subsidiaries of Vivo, namely Telergipe Celular S.A., Telebahia Celular S.A., Telerj Celular S.A., Telest Celular S.A., Celular CRT S.A., Telesp Celular S.A. and Tele Centro Oeste Celular Participações S.A. and also the subsidiaries of this last, Telegoiás Celular S.A., Telemat Celular S.A., Telems Celular S.A., Teleron Celular S.A., Teleacre Celular S.A., Norte Brasil Telecom S.A. and TCO IP S.A.

The planned implementation of the corporate restructuring aims to simplify the current corporate and operational structure, by unifying the general business administration of the operators, which will be concentrated in one unique operating company controlled by "Vivo", to take better advantage of the synergies between the companies involved and increasing "Vivo" shareholder value, continuing the process initiated with the corporate restructuring approved in the Extraordinary General Meeting held on February 22, 2006, as divulged in the Relevant Fact dated December 4, 2005. Simultaneously with the corporate restructuring, the name of Global Telecom S.A. will be altered to Vivo S.A.

As this is a case of merging of companies offering SMP and SCM services (except in relation to TCO IP S.A.), the corporate restructuring is subject to prior approval of the ANATEL, and the mergers of the operators by Global Telecom S.A. will only take place after the approval.

Due to the fact that the corporate restructuring does not directly involve "Vivo", but only the subsidiary companies, the Vivo's capital and assets, as well as its share structure and the current shareholder rights, will not suffer any alteration.

2. PRESENTATION OF THE FINANCIAL STATEMENTS

The individual (Company) and consolidated Quarterly Information (ITR) are presented thousands of Brazilian reais (except where otherwise mentioned) and have been prepared in accordance with Brazilian accounting practices and Brazilian corporate law, including the rules applicable to concessionaires of public telecommunications services and the standards and accounting procedures established by the Brazilian Securities Commission (CVM).

Edgar Filing: Vivo Participacoes S.A. - Form 6-K

The consolidated quarterly information includes, in addition to the balances and transactions of the Company, the balances and transactions of the subsidiaries mentioned in Note 1 and of the indirect subsidiaries Telesp Celular International Ltd. and Telesp Celular Overseas Ltd. All intercompany balances and transactions were eliminated in consolidation.

This quarterly information was prepared in accordance with principles, practices and criteria consistent with those used in the preparation of the financial statements for the last fiscal year and should be analyzed together with those statements.

The statement of loss for the six-month period ended June 30, 2005 does not include the effects of the mergers mentioned in Note 1, and, consequently, is not comparable with the 2006 statement of operations.

To assist understanding and comparison, we are disclosing, in Note 32, the “combined” consolidated statement of operations, based on the hypothesis that the operations of TSD, TLE and CRTPart had already been managed by the Company and that TCO had already been converted into a fully-owned subsidiary of the Company since January 1, 2005.

The financial statements as of March 31, 2006 and June 30, 2005 have been reclassified, where applicable, for purposes of comparison.

3. TEMPORARY CASH INVESTMENTS

	Company		Consolidated	
	June 30, 2006	March 31, 2006	June 30, 2006	March 31, 2006
Temporary cash investments	-	16,265	498,023	1,443,172

Temporary cash investments refer principally to bank deposit certificates, which are indexed to the interbank deposit rates (CDI).

As of June 30, 2006, the subsidiaries had financial investments of R\$150,048 (R\$170,079 as of March 31, 2006), pledged in guarantee of lawsuits.

4. TRADE ACCOUNTS RECEIVABLE, NET

Noncurrent	460,347	451,169	1,717,723	1,793,968

Deferred income and social contribution taxes are comprised as follows:

Consolidated

Edgar Filing: Vivo Participacoes S.A. - Form 6-K

	June 30, 2006	March 31, 2006
Tax credits recorded on corporate restructuring	827,127	889,331
Provision/accrual for:		
Inventory obsolescence	21,736	23,930
Contingencies	154,683	148,331
Doubtful accounts receivable	145,959	119,222
Customer loyalty program	20,179	18,817

Tax loss carryforwards	381,063	351,819
Total deferred taxes	1,841,363	1,795,836
Current	780,191	657,830
Noncurrent	1,061,172	1,138,006

Deferred taxes have been recorded if it is probable that they will be realized, as follows:

- a) Tax loss carryforwards: will be offset up to a limit of 30% per year of taxable income for the next few years.
- b) Merged tax credit: consists of the net balance of goodwill and reserve for maintaining the integrity of shareholders' equity (Note 27) and is realized in proportion to the amortization of the goodwill of the subsidiaries, with terms of five to ten years. Studies by external consultants used in the corporate restructuring process supported recovery of the amount within this term.
- c) Temporary differences: will be realized upon payment of the accruals, effective losses on bad debts and realization of inventories.

At December 31, 2005, the Company prepared technical feasibility studies, approved by the Board of Directors, which indicated full recovery of recognized deferred taxes, as defined by CVM Instruction No. 371/02. At June 30, 2006 the Company identified no factors that could substantially alter the results of these studies.

The Company and its subsidiaries GT, TCO IP and Telebahia did not recognize deferred income and social contribution on tax loss carryforwards and temporary differences, due to the lack of projections of taxable income to be generated in the short term.

As from January 1, 2005, the goodwill paid on acquisitions by GT based on future profitability, totaling R\$1,077,020, is being amortized over a ten-year period as from the acquisition date. TC has investments in Telesp Celular International Ltd. and Telesp Celular Overseas Ltd. companies located abroad, for the purpose of obtaining and passing on funding through international loans. These subsidiaries are dormant.

On May 31, 2004 and August 31, 2005, the tax benefit derived from the goodwill paid on the acquisition of TCO was transferred to that company and its subsidiaries. As a result, R\$644,431 was transferred as an advance for future capital increase, since shares will be issued in favor of Vivo when this benefit is realized by TCO and its subsidiaries. The remaining goodwill, amounting to R\$1,384,325, was attributed to future profitability and is being amortized over

five years.

f) Debentures

On August 1, 2004 the first public issue of debentures was renegotiated, comprising 5,000 simple unsecured debentures, not convertible into shares, with a unit par value of R\$100 (one hundred thousand Brazilian reais) maturing on August 1, 2008. The renegotiation was for the whole of the original issue, which occurred on August 1, 2003, at a rate of 104.6% of the CDI, and the extension of the term (renegotiated to August 1, 2007) was simultaneous with the reduction of the rate to 104.4% of the CDI.

In the ambit of the First Distribution of Marketable Securities Program for R\$2,000,000 (two billion Brazilian reais) announced on August 20, 2004, the Company issued debentures, on May 1, 2005, in the amount of R\$1,000,000 (one

billion Brazilian reais) with a duration of ten years as from the issue date of May 1, 2005.

The offer consisted of the issue of 100,000 simple unsecured debentures, not convertible into shares, with a nominal unit value of R\$10 (ten thousand Brazilian reais), totaling R\$1,000,000 (one billion Brazilian reais), in two series, R\$200,000 (two hundred million Brazilian reais), in the first series, and R\$800,000 (eight hundred million Brazilian reais), with a final maturity on May 1, 2015. The debentures yield interest, with six-monthly payments, corresponding to 103.3% (first series) and 104.2% of the accumulated average daily one day Interfinancial Deposits (ID), outside the group (extragrupo) (ID rates), calculated and divulged by the Clearing House for Custody and Settlement (CETIP).

Remuneration of the debentures is scheduled for renegotiation on May 1, 2009 (first series) and May 1, 2010 (second series). Conservatively, the Company included in the above consolidated long-term maturities schedule the principal of the debentures in 2009 and 2010, the dates for renegotiation of the remuneration of the two series.

16.1. Tax claims

16.1.1. Probable losses

a) COFINS

The subsidiary Telesp Celular S.A. ("TC") was assessed (suit No. 19515,000,700/2003-97) for having offset COFINS (tax on revenue), in January and February 2000, against credits derived from the overpayment of excess of one third of the COFINS paid in 1999, after offsetting against CSLL (social contribution on net income). The amount provided as of June 30, 2006 is R\$24,671. In Writ of Prevention No. 2004,03,00046180-8, which challenges the increase in the COFINS rate for accrual months February and March 2000, TC deposited the amount of R\$9,785 (R\$9,785 as of March 31, 2006) in respect of COFINS.

b) ISS

b.1) Nonpayment of ISS (service tax) due for tax substitution

Refers to a tax assessment of R\$6,483 issued by the municipality of Salvador against Telebahia, for nonpayment and late payment of ISS due for tax substitution in the period from March to June 1998. Based on the opinion of legal counsel, a partial provision was made. The amount involved is approximately R\$2,115.

c) ICMS

Based on the opinion of its external legal counsel, Telest recorded a provision of R\$1,129, referring to ICMS (State VAT) tax suits drawn up in 2002, currently under dispute in the administrative sphere.

d) Other

Company's management recorded a provision of R\$3,092, for various tax suits, based on the opinion of its external legal counsel.

16.1.2. Possible losses

Based on the opinion of its legal counsel and tax advisers, management believes that settling the matters listed below will not have a materially adverse effect on its financial position and, except for PIS, COFINS and CIDE (items "b.1")

and “c” below), has not recorded provisions in the financial statements as of June 30, 2006.

a) ICMS

TCO and indirect subsidiaries NBT, Teleacre, Telems, Telemat and Telegoiás received tax assessments totaling R\$72,498, mainly in respect of: (i) ICMS on occasional or complementary services that do not constitute telecommunications services; (ii) ICMS on international calls made from Brazil; (iii) failure to reverse proportionally an ICMS tax credit on the acquisition of permanent assets used in providing communications services and/or exempt or untaxed outgoing goods; (iv) ICMS on nonremunerated provision of telecommunications services, consisting of the donation of credits to be used in the prepaid service plan; (v) failure to include in the ICMS calculation base fines and arrears interest charged to defaulting clients; (vi) alleged failure to comply with supplementary obligations; and (vii) others relating to the sale of goods.

GT received tax assessments totaling R\$1,937 in respect of paying ICMS outside the time limit.

TBA received tax assessments totaling R\$42,647, mainly in respect of: (i) failure to reverse proportionally an ICMS tax credit on the acquisition of permanent assets, electric power and switching services arising from providing nontaxed communications services; (ii) failure to reverse ICMS credits relative to handsets provided for rental and “commodatum”; (iii) payment of ICMS outside the time limit in the period between February and March 1998; (iv) ICMS due on “complementary communications services”; (v) failure to reverse ICMS credit relative to long distance and call center; and (vi) ICMS on sign-up fees.

TSE received tax assessments totaling R\$18,200, mainly in respect of: (i) failure to reverse proportionally an ICMS tax credit on the acquisition of permanent assets, electric power and switching services arising from providing nontaxed communications services; (ii) failure to reverse ICMS credits relative to handsets provided for rental and “commodatum”; (iii) ICMS on provision of handsets on consignment; and (iv) ICMS due on “complementary communications services”.

TES received tax assessments totaling R\$7,563, mainly in respect of: (i) incorrect ICMS credits; and (ii) failure to write up trade notes.

TRJ received tax assessments totaling R\$67,796, mainly in respect of: (i) ICMS due on “complementary communications services”; (ii) ICMS on sign-up fees; (iii) ICMS on calls originating from administrative and test terminals; (iv) ICMS due on services provided to other telecommunications operators to clients not eligible for exemption; (v) ICMS on international calls; (iv) failure to reverse proportionally ICMS tax credit on the acquisition of permanent assets; and (vi) ICMS on nononerous telecommunications services.

CRT received tax assessments totaling R\$19,547, mainly in respect of: (i) ICMS on international calls; (ii) paying ICMS outside the time limit; and (iii) ICMS on electric power.

TC received tax assessments totaling R\$48,239, mainly in respect of: (i) incorrect ICMS credits; and (ii) undue credit referring to posting values as extemporary credits.

b) PIS and COFINS

b.1) Law No. 9,718/98

On November 27, 1998, the PIS and COFINS (taxes on revenue) calculation was changed by Law No. 9,718/98, which: (i) increased the COFINS rate from 2% to 3%; (ii) authorized the deduction of up to one third of the COFINS amount from the CSLL; and also (iii) indirectly increased the COFINS and PIS due by the subsidiaries, determining the inclusion of revenues in excess of billing in their calculation bases.

On November 9, 2005, the Plenary Session of the Federal Supreme Court took a position in respect of the changes in the PIS and COFINS calculation bases introduced by Law No. 9,718/98, the subject of innumerable lawsuits brought by taxpayers in general and by the Company and its subsidiaries.

In the consideration of Extraordinary Appeals No. 357,950, No. 390,840, No. 358,273 and No. 346,084, it declared unconstitutional paragraph 1 of article 3 of the above-mentioned Law, which had determined that these contributions would be levied not only on billing, but on “all the revenues received by the corporate entity, irrespective of the type of activity exercised and the accounting classification adopted for the revenues”.

Conservatively, management maintained the provision of the other companies, amounting on June 30, 2006 to R\$187,243, and will await the final decision in these cases.

As a result of the changes introduced by Laws No. 10,637/02 and No. 10,833/03, the subsidiaries are now including revenues in excess of billing in the PIS and COFINS calculation bases.

b.2) Increase in the calculation base

The subsidiary Telesp Celular S.A. received assessments (suits No. 19515,000701/2003-28 and No. 19515,000699/2003-97) amounting to R\$2,452, as a result of the increase in PIS and COFINS calculation bases introduced by Law No. 9,718/98. These assessments are being challenged by the subsidiary in the administrative sphere.

b.3) Hedge operations

COFINS assessment on TBA, referring to deductions relating to losses incurred on hedge operations in determining the calculation base for this contribution. The amount involved is R\$8,102.

c) CIDE

Refers to challenging with a view to avoiding the levying of CIDE (economic intervention contribution) on remittances of funds abroad arising from technology transfer contracts, brand and software licensing, etc. This claim involves an amount of R\$47,615. Conservatively, management maintained a partial provision in the amount on R\$2,936.

d) IRPJ

The Company accepted assessments received by its subsidiary TLE in the amount of R\$5,146, levied on underpayment, arising from the excess paid to FINOR, FINAN or FUNRES, as calculated during the Review of Declaration audit - excess in investment in fiscal incentives.

e) IRPJ, IRRF and CSLL

Telerj received tax assessments amounting to R\$212,479, relating to: (i) the use of part of the negative calculation basis of the CSLL determined by the Company in 1997, originating from a partial spin-off; (ii) alleged underpayment of IRPJ (corporate income tax) and CSLL, due to the inspectors' nonacceptance of the deductibility of certain expenses; (iii) alleged underpayment of IRRF on overseas remittances; and (iv) changes to the calculation bases for IRPJ and CSLL resulting from the reduction in the Company's declared tax loss.

f) FUST

Through Precedent No. 7, of December 15, 2005, ANATEL expressed the understanding that: (i) revenues to be passed on to telecommunications service providers as remuneration for connection and for the use of network resources, among others, may not be excluded from the FUST calculation base; and (ii) revenues received from telecommunications service providers as remuneration for connection and for the use of network resources, among others, may not be excluded from the calculation base for contributions to FUST.

Since the second part of the Precedent is not in accordance with the provisions of Law No. 9,998, of August 17, 2000, article 6, sole paragraph, all the subsidiaries filed writs of mandamus challenging the legality of this requirement, and obtained a temporary restraining order suspending its demandability.

g) FISTEL

The subsidiary Telerj Celular S.A. holds two authorizations granted by the Public Authorities through SMP Authorization Document No. 013/2002: one to operate the Personal Mobile Service, for an indeterminate period, and the other to use the radio frequency on a primary basis for the remaining term of the first license, renewable for a further 15 years.

On November 30, 2005 the remaining period (15 years) for the use of the radio frequencies required by Telerj Celular S.A. to provide the Personal Mobile Service expired, and the procedures required for its extension were therefore put in motion. However, in order to obtain the license documents with a validity date adjusted for the extension (a right already recognized and granted by Act No. 54,324, of November 28, 2005), Telerj Celular S.A. was faced with the requirement, in its view uncalled for, to pay a new Installation Inspection Fee (TFI) for its mobile and fixed stations and radio links.

The demand for the TFI, totaling R\$126,275, is the result of ANATEL's interpretation that article 9, item III, of Resolution No. 255, applies in this case, so that the extension would constitute a taxable event for TFI. We do not, however, consider this interpretation of the law correct, and have, therefore, filed an administrative challenge

16.2. Civil

16.2.1 Probable losses

Include several labor and civil claims, and a reserve was posted as shown previously, which is considered to be sufficient to cover the probable losses on these cases.

The principal cause registered correspond to original loans from Telecomunicações Brasileiras S.A. - Telebrás, which, according to Annex II of the Spin-off Report of February 28, 1998, approved at the General Meeting of May 1998, should have been attributed to the respective holding company of Telegoiás Celular S.A. and Telebrasília Celular S.A.

As it considered that there had been a mistake in the allocation of the respective loans at the time of the spin-off, the Company suspended payments.

In June 1999, the Company filed a suit requesting a statement that the assets corresponding to these liabilities, plus accessories of these assets, are its property, also claiming compensation for the amounts paid.

On August 1, 2001, a verdict was given against the Company's claims, but, on October 8, 2001, the Company filed an appeal, which was also denied, maintaining the original verdict. The Company filed a new appeal, which is awaiting a decision by the Supreme Court (STJ).

16.2.2. Possible losses

Edgar Filing: Vivo Participacoes S.A. - Form 6-K

In relation to claims in which a loss is classified as possible, the amount involved is R\$243,927 for the civil claims and R\$62,119 for the labor claims, as follows:

	2006	
	Civil	Labor
Telesp Celular Participações S.A.	382	61

17. SHAREHOLDERS' EQUITY

a) Capital

An Ordinary and Extraordinary General Meeting held on February 22, 2006 approved the reduction of the Company's capital through the absorption of accumulated losses of R\$3,147,782. The same Meeting approved the capital increases of R\$1,068,839, due to the merger of TCO shares, and of R\$1,562,298, due to the merger of TSD, TLE and CRTPart (see Note 1). The capital increased from R\$6,670,152 to R\$6,153,507, consisting of 1,426,412,217 shares, of which 509,226,137 are common shares and 917,186,080 are preferred shares, all book-entry shares without par value, and including 4,494,900 preferred shares held in treasury.

At an Extraordinary Meeting of the Board of Directors, held on June 8, 2006, an increase in capital was approved in the amount of R\$194,277, being R\$193,837 from capitalization of the part of the special goodwill reserve corresponding to the fiscal benefit generated in 2005, as a result of the processes of corporate restructuring, involving the Company and its mergers, subsidiaries and parent companies, and R\$440 corresponding to balances remaining from previous years. The Company's capital increased from R\$6,153,507 to R\$6,347,784 consisting of 1,442,117,745 shares, of which 524,931,665 are common shares and 917,186,080 preferred shares, all book-entry nominal shares without par value.

The capital as of June 30, 2006 and March 31, 2006 comprises shares without par value, as follows:

	Thousands of shares	
	June 30, 2006	March 31, 2006
Common shares	524,932	509,226
Preferred shares	917,186	917,186
Total	1,442,118	1,426,412

b) Interest on shareholders' equity and dividends

Edgar Filing: Vivo Participacoes S.A. - Form 6-K

The preferred shares do not have voting rights, except in the cases stipulated in articles 9 and 10 of the bylaws. They are, however, assured priority in the reimbursement of capital, without premium, the right to participate in the dividend to be distributed, corresponding to a minimum of 25% of net income for the fiscal year, calculated in accordance with article 202 of corporate law, and priority in receiving minimum noncumulative dividends equivalent to the higher of the following amounts:

- b.1) 6% per year on the amount resulting from dividing the paid-up capital by the total number of Company's shares.
- b.2) 3% per year on the amount resulting from division of the shareholders' equity by the total number of Company's shares, and also the right to participate in distributed income under equal conditions to the common shares, after the common shares have been assured a dividend equal to the minimum priority dividend established for the preferred shares.

As from the General Shareholders' Meeting held on March 27, 2004, the preferred shares are entitled to full voting rights, in accordance with article 111, paragraph 1, of Law No. 6,404/76, since the minimum dividends were not paid on the preferred shares for three consecutive years.

c) Special goodwill reserve

This reserve represents a special goodwill reserve formed as a result of the Company's corporate restructuring, which will be capitalized in favor of the controlling shareholder at the time of effective realization of the tax benefit.

25. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (CONSOLIDATED)

a) Risk considerations

The major market risks to which the Company and its subsidiaries are exposed in conducting their businesses are:

Credit risk: derived from the potential difficulty in collecting amounts of telecommunications services provided to customers, and the sales of handsets by the distribution network, together with the risks relating to investments and

swap operations.

Interest rate risk: derived from the portion of the debt and liability positions in derivatives contracted at floating rates and involves the risk of financial expenses rising due to an unfavorable movement in interest rates (principally Libor, TJLP and CDI).

Currency risk: the possibility of the Company and its subsidiaries incurring losses on account of fluctuations in exchange rates that increase the balances of foreign currency denominated loan and financing liabilities.

The Company and its subsidiaries take a positive attitude towards the management of the various risks to which they are subject, by means of a wide-ranging set of operational initiatives, procedures and policies that enable the risks inherent in their businesses to be mitigated.

Credit risk

The credit risk of providing telecommunications services is minimized by a strict control of the customer base and active management of default by means of clear policies relating to selling postpaid sets. As of June 30, 2006, the Company and its subsidiaries had 82% (81% as of March 31, 2006) of their customer base under the prepaid system, which requires prepaid loading and, therefore, does not represent any credit risk.

The credit risk on the sale of handsets is managed by means of a conservative credit policy, using modern management methods that involve applying credit scoring techniques, balance sheet analysis and consulting commercial databases, together with the automatic control of sales release integrated with the SAP ERP software distribution module.

The Company and its subsidiaries are also subject to credit risk derived from its investments and receivables from swap operations. The Company and its subsidiaries spread this risk by using various first line financial institutions.

Interest rate risk

The Company and its subsidiaries are exposed to the risk of a rise in interest rates, especially the combination of interest rates associated with the cost of the CDI, due to the liability portion of the derivative operations (exchange hedge) and of loans contracted in Brazilian reais. In order to minimize exposure, the Company contracted CDI swap operations in Brazilian reais for fixed interest rates at a total reference value of R\$1,507 million. The balance of financial investments, also indexed to the CDI, partially neutralizes this effect.

The Company and its subsidiaries are also exposed to fluctuations in the TJLP, as a result of the loans contracted from the BNDES. As of June 30, 2006, the principal of these operations amounted to R\$219,639 (R\$242,063 as of March 31, 2006). The Company and its subsidiaries have not contracted derivative operations to hedge the TJLP risk.

Loans contracted in foreign currency are also exposed to the risk of a rise in the interest rates (Libor) associated with foreign loans. As of June 30, 2006, these operations totaled US\$327,530 thousand (US\$242,429 thousand as of March 31, 2006) of principal.

Of the total loans and financing associated with variable foreign interest rates (Libor), US\$232,480 thousand have protection against interest rate variations (Libor) through derivatives (interest rate swap). The Company and its subsidiaries continue to monitor the market interest rates in order to evaluate the eventual need to contract other derivatives to protect against the risk of volatility of variable foreign rates for the remaining amount.

Currency risk

Edgar Filing: Vivo Participacoes S.A. - Form 6-K

The Company and its subsidiaries use derivative instruments to protect against currency risk on foreign currency-denominated loans. The instruments normally used are swap options and forward contracts.

The following table summarizes the net exposure of the Company and its subsidiaries to the exchange rate factor as of June 30, 2006:

	In thousands		
	US\$	€	¥
Loans and financing	(992,996)	-	(30,804,521)
Loans and financing - UMBNDES (*)	(17,815)	-	-
Derivative contracts	1,059,145	11,005	30,804,521
Other obligations	(37,059)	(12,026)	-
Total	11,275	(1,021)	-

(*) UMBNDES is a monetary unit calculated by the BNDES, composed of a basket of foreign currencies, the U.S. dollar being the main reason why the Company and its subsidiaries take it into consideration in analyzing the risk coverage in relation to variations in the exchange risks.

b) Derivative contracts

The Company and its subsidiaries record gains and losses on derivative contracts as net financial income or expenses.

The estimated book and market values of loans and financing and derivative instruments are as follows:

	Book value	Market value	Unrealized gain (loss)
Loans and financing	(4,686,432)	(4,712,423)	(25,991)
Derivative contracts	(291,522)	(291,262)	260
Other obligations	(113,296)	(113,296)	-
Total	(5,091,250)	(5,116,981)	(25,731)

c) Market value of financial instruments

The market value of the loans and financing, swap and forward contracts was established based on the discounted cash flow method, using available interest rates projections.

The market values are calculated at a specific time based on information available and in-house valuation methodologies, and, therefore, the estimates indicated do not necessarily represent market realization values. The use of different assumptions could significantly affect the estimates.

26. POST-RETIREMENT BENEFIT PLANS

The Company and its subsidiaries, together with other companies of the former Telebrás system, sponsor private pension and health care plans for retired employees, managed by Fundação Sistel de Seguridade Social - SISTEL, as follows:

a) PBS-A: defined-benefit multisponsored plan, for participants that were previously assisted and had such status on January 31, 2000.

b) PBS-Telesp Celular, PBS-TCO, PBS-Tele Sudeste Celular and PBS-Tele Leste Celular: defined-benefit retirement plans sponsored individually by the companies.

The contributions to the PBS Plans are determined based on actuarial valuations prepared by independent actuaries, in accordance with the regulations in effect in Brazil. Cost is determined using the capitalization method and the contribution due by the sponsor is 13.5% of the payroll for the employees participating in the Plan, of which 12% is used to financing the PBS and 1.5% for the PAMA Plan. In the six-month period ended June 30, 2006, the contributions to these Plans were R\$10 (R\$2 as of June 30, 2005).

c) PAMA: multisponsored healthcare plan for retired employees and their dependents, on a shared cost basis.

d) TCP Prev and TCO Prev Plans: these are individual defined and variable contribution plans, introduced by SISTEL in August 2000. The Company bears the risk of death and disability of the participants in both plans, and in the TCO Prev Plan some participants previously covered by the PBS-TCO Plan are entitled to retirement benefits for life (paid-up benefit), in addition to the defined contribution benefits. The Company's contributions to the TCP Prev and TCO Prev Plans are equal to those of the participants, varying between 1% and 8% of the participation salary, according to the percentage chosen by the participant. In the six-month period ended June 30, 2006 the contributions to these plans amounted to R\$3,736 (R\$3,562 as of June 30, 2005).

A number of claims were made through civil suit No. 04/081,668-0, brought by ASTEL against the SISTEL, citing Telefônica and Telesp Celular as well as SISTEL, summarized as follows: (i) that SISTEL should be prohibited from collecting from retired employees and other participants any contributions referring to PAMA Plan, and that they should only pay "a reasonable amount for the use made", which should be limited to 1% of the monthly remuneration of the participant; (ii) that SISTEL should reenroll in the PAMA Plan, without any restrictions, retired employees and participants whose enrollment has been suspended for default, as well as those who could not stand the pressure and asked for cancellation of their enrollment in the PAMA Plan or joined the PCE (Special Coverage Plan), if they so wished, also without restrictions; (iii) that SISTEL should reassess the economic needs of the PAMA Plan, including in respect of the amounts of the monthly contributions of the sponsors Telefônica and Telesp Celular; (iv) that the sponsors' contribution should be calculated based on the payroll of all its employees, in accordance with the previous provision of the bylaws, and not on a percentage of the payroll of the active participants of the PBS Plan; (v) that SISTEL should reestablish the accreditation of all the hospitals, clinics and laboratories that had been cancelled; (vi) that a review should be made of the accounting distribution of the equity, so as to attribute to PAMA Plan the amounts relating to the reduction factor of the additional payments, as above, and that, until this review has been made, SISTEL should be prohibited from any spin-off of the net equity of the PBS-A Plan or any other plan managed by SISTEL; (vii) that SISTEL and the sponsors should reverse the "transfer of equity from the main substratum intended to guarantee PBS-2 and PAMA, illegally taken across to the Telesp Visão Plan (Plano Visão Telesp) and Vision Prev (Visão Prev)" of Telesp Celular; and (viii) granting of advance relief in respect of items "i", "ii" and "v".

Through its actuarial advisers, Telesp Celular prepared a study considering the impacts described above; accordingly, the change in the costing as claimed by the ASTEL civil suit represents an additional burden on the provisions of Telesp Celular, amounting to R\$824.

Based on the opinions of its legal counsel and tax advisers, management believes that at this time there is no risk of payment, and, as of June 30, 2006, the probability of loss was classified as possible.

e) Plano de Benefícios Visão Celular - Tele Leste: defined contribution individual plan - the Visão Celular benefit plan, introduced by SISTEL in August 2000.

The Company's contributions to the Visão Celular Plan are equal to those of the participants, varying from 0% to 7% of the participation salary, according to the percentage chosen by the participant. In the six-month period ended June 30, 2006, contributions to this Plan were R\$419 (R\$400 as of June 30, 2005).

f) Plano de Benefícios Visão Celular - Tele Sudeste: individual defined contribution plan - the Visão Celular benefit plan, introduced by SISTEL in August 2000.

The subsidiaries' contributions to the Visão Celular Plan are equal to those of the participants, varying between 2% to 9% of the participation salary, according to the percentage chosen by the participant. In the six-month period ended June 30, 2006, contributions of R\$1,712 (R\$1,599 as of June 30, 2005) were made to the PBS-Tele Sudeste Celular and Visão Celular Plans.

g) Defined benefits plans: CRT sponsored defined-benefit pension plans (founder benefits plan and the alternative benefits plan), which were managed by the Fundação dos Empregados da Companhia Riograndense de Telecomunicações - FCRT.

On December 21, 2001, the subsidiary and Brasil Telecom S.A., sponsors of the FCRT, signed a Term of Commitment for the full separation of the sponsors, through the withdrawal of the subsidiary as a sponsor and a guarantee that this withdrawal would be carried out strictly in accordance with the pertinent legislation and respecting the rights of the participants. This was approved by the Supplementary Pensions Office on December 30, 2003.

Although the existing legislation permits the suspension of deductions of the contributions of the sponsors and participants from January 2002 to December 2003, the subsidiary continued to make the payments as a way of safeguarding and preserving participants' rights until the effective withdrawal of the subsidiary from sponsorship of the FCRT.

The actuarial valuation of the Plan adopted the methodology for withdrawal of the sponsor established by MPAS CPC Resolution No. 06/88.

The reserves were individually valued, based on the methodology defined in the above Resolution for each of the categories (assisted persons and pensioners, imminent and nonimminent risks).

As agreed with FCRT, since October 2004 the subsidiary has been transferring to SISTEL the amount planned as a savings reserve for active company employees who opted to migrate from the FCRT Alternative/Founder Plan to the Visão Plan, amounting to R\$9,515 as of June 30 and March 31, 2006. Of the R\$9,773 provisioned as of June 30, 2006 (R\$9,750 as of March 31, 2006), R\$4,585 refers to the withdrawal reserve for participants with an Agreement of Intent to transfer to BrTPrev who are awaiting the outcome of procedures with the INSS (national social security) to obtain retirement. The balance of the provision should be transferred during the year 2006, on conclusion of the validation of the amounts presented.

The amount of R\$13,524, presented by BrTPrev as a legal and actuarial payable contingency, is at present under analysis and the Company is not in a position to confirm its existence and the chances of realization.

h) Visão Celular CRT Benefit Plan: after approval of the process of withdrawal from the sponsorship by FCRT, the Supplementary Pension Office also approved the Visão Celular CRT Benefit Plan - Visão Plan (Plano Visão), implemented by the subsidiary as of March 1, 2004, when this Plan, of the individual defined contributions type, managed by SISTEL, was offered to its employees. The Visão Plan is funded by the contributions of the participants (employees) and sponsor, which are credited to participants' individual accounts. The sponsor is responsible for all administrative and plan maintenance costs, including forecasting account balances for participants' death and invalid benefits.

The subsidiary's contributions to the Visão Celular Plan are equal to those of the participants, varying from 0% to 9% of the participation salary, according to the percentage chosen by the participant.

In the six-month period ended June 30, 2006, the subsidiary made contributions to the Visão Celular Plan of R\$441 (R\$413 as of June 30, 2005).

27. CORPORATE RESTRUCTURING

The goodwill paid on privatization of the Company and on the acquisition of its subsidiaries was transferred by the acquiring companies to the acquired companies.

Previously, the transfers were constituted as provisions for maintaining the net equity of the acquired companies, and, consequently, the net acquired assets in essence represent the fiscal benefit arising from the deductibility of the goodwill acquired.

The accounting records maintained for the Companies' corporate and fiscal purposes contain specific accounts related to goodwill and the incorporated provision, and the corresponding balances for amortization, reversal and tax benefits are as follows:

Restructuring	Goodwill	Consolidated		March 31, 2006 Net
		June 30, 2006 Provision	Net	
TCO - 1st acquisition	876,820	(578,701)	298,119	326,262
TCO - 2nd acquisition	325,780	(215,015)	110,765	114,956
TC - privatization	1,090,852	(719,963)	370,889	398,026
CRT - VTO	150,636	(150,636)	-	-
TLE - privatization	139,278	(91,924)	47,354	50,087
Total	2,583,366	(1,756,239)	827,127	889,331

The change in the six-month periods ended June 30, 2006 and 2005 are as follows:

Statement of operations:	Consolidated	
	June 30, 2006	June 30, 2005
Amortization of goodwill	383,305	150,312
Reversal of provision	(257,132)	(99,206)
Tax benefit	(126,173)	(51,106)
Net effect on net income	-	-

The amount will be merged into the capital for the benefit of the majority shareholders as the tax benefits are effectively realized, while the other shareholders are assured of the right of preference. The funds derived from the exercise of preference will be paid to the majority shareholders.

As of June 30, 2006, an amount of R\$305,531, referring to benefits recorded up to December 31, 2005, was available for a capital increase. Of this amount, R\$194,277 corresponds to a share issue by Vivo Participações S.A., and R\$111,254 corresponds to Tele Centro Oeste Celular Participações S.A., without a share issue.

28. TRANSACTIONS WITH RELATED PARTIES

The principal transactions with unconsolidated related parties are as follows:

- a) Use of network and long-distance (roaming) cellular communication: these transactions involve companies owned by the same controlling group: Telecomunicações de São Paulo S.A. - Telesp and subsidiaries. Some of these transactions were established based on contracts signed by Telebrás with the concessionaire operators during the period prior to privatization, and the conditions were regulated by ANATEL. Services to attend to the customers of Telecomunicações Móveis Nacionais - TMN “roaming” in the Company’s network are included.
- b) Technical assistance: refers to the provision of corporate management advisory services by PT SGPS, technical assistance by Telefônica Móviles S.A. and technical assistance accomplished of TBS Celular Participações S.A., calculated based on a percentage of the net services revenue, monetarily restated in accordance with the currency variation.
- c) Loans and financing: represent loans between companies in the Portugal Telecom Group, in accordance with Note 14.
- d) Corporate services: these are passed on to the subsidiaries at the cost effectively incurred for these services.
- e) Call-center services: provided by Atento Brasil S.A. and Mobitel S.A. - Dedic to users of the telecommunications services of the subsidiaries contracted for 12 months, renewable for the same period.
- f) Systems development and maintenance services: provided by PT Inovação.
- g) Maintenance: of the modular profitability analysis system (MARE) and cost control system by Telefônica Mobile Solution, contracted for 12 months, renewable for an equal period.
- h) Allocation of corporate costs: with operators of the same group, allocated at the cost effectively incurred with these services.
- i) Operating logistics services and accounting and financial assistance: provided by Telefônica Gestão de Serviços Compartilhados Ltda.
- j) Voice content portal service provider: provided by Terra Network Brasil.

We set forth below a summary of the balances and transactions with unconsolidated related parties:

30. AMERICAN DEPOSITARY RECEIPTS - ADRs PROGRAM

On November 16, 1998, the Company began to trade ADRs corporate restructuring (NYSE) under the code "TCP", and, since March 31, 2006, under the code "VIV" (in accordance with the Extraordinary General Meeting of February 22, 2006), with the following main characteristics:

Type of share: preferred.

Each ADR represents one preferred share.

The shares are traded as ADRs with the code "VIV", on the New York Stock Exchange - NYSE.

Foreign depositary bank: The Bank of New York.

Custodian bank in Brazil: Banco Itaú S.A.

31. RECONCILIATION OF COMPANY AND CONSOLIDATED RESULTS FOR THE SIX-MONTH PERIOD

The reconciliation of losses for the six-month period ended June 30, 2006, Company and consolidated, is as follows:

2006

Company loss	(631,035)
Equipment donations received by subsidiaries	(13,694)
Interest on shareholders' equity unchanging - TCO	(3,547)
Exploration losses - TCO, TMAT and NBT	(24,161)
Consolidated loss	(672,437)

32. "COMBINED" FINANCIAL INFORMATION

With the incorporation of TCO shares, to convert Vivo into a fully-owned subsidiary, and the merger of the companies TSD, TLE and CRTPart with Vivo (corporate restructuring), the consolidated statements of operations for the six-month periods ended June 30, 2006 and 2005 are not comparable.

In order to provide an appropriate basis for comparison, we are disclosing the "combined" consolidated financial information, considering the consolidation of all the companies, as if the corporate restructuring had occurred on January 1, 2005.

This information is being presented merely to permit additional analyses arising from the comparison of balances and transactions, without intending to represent what could have occurred should the companies TSD, TLE and CRTPart have in fact been incorporated by the Company and TCO converted into a fully-owned subsidiary of the Company on January 1, 2005, or to present the isolated statements of a corporation or to necessarily indicate future results.

In order to prepare the "combined" financial information, the premise adopted was to consolidate integrally the financial information of the Companies, eliminating transactions between related parties as of June 30, 2005.
