***“TELECOM ITALIA - PRESS RELEASE***

***The Board of Directors received the results of the analysis and drafting work entrusted to the management on 16 January 2014 for the purpose of establishing a procedure to manage any extraordinary transaction relating to Telecom Italia shareholdings in Tim Brazil group companies.***

***The document was unanimously adopted, and is being published on the company's website. The procedure meets the highest standards of governance and regulates the investigation and decision-making process for any transaction that may result in the transfer to any entity other than Telecom Italia of its holdings in the Tim Brasil Group. The procedure will also apply to possible transactions involving assets or branches of business for a value, even cumulative, exceeding 2 billion euros.***

*As decided in the meeting of 16 January, the Board of Directors then obtained the results of the governance benchmarking analysis, conducted on a panel including the largest listed companies on Borsa Italiana, as well as European peers. The purpose of the exercise was to gather information, rather than to make decisions.”*

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
