In anticipation of the maturity of Ferro Corporation's (the "Company") 9 1/8% Senior Notes due 2009 and in order to provide flexibility for refinancing options, on June 12, 2008, the Company entered into a Third Amendment to Amended and Restated Credit Agreement among Ferro Corporation; Credit Suisse, Cayman Islands Branch, as term loan administrative agent; National City Bank, as revolving loan administrative agent; and various financial institutions as lenders (the "Credit Agreement Third Amendment"). The amendment facilitates a possible future refinancing of the Company's outstanding 9 1/8% Senior Notes due 2009.

The primary effects of the Credit Agreement Third Amendment are to:

1. Amend the leverage covenant and permitted indebtedness provisions to permit the issuance of new notes to refinance the Company's 9 1/8% Senior Notes due 2009 and to permit the new and existing notes to be outstanding at the same time;
2. Exclude any make-whole premium or interest expense payable in connection with the prepayment of the existing notes from the calculation of the fixed charge coverage ratio; and
3. Exclude swap breakage costs incurred in connection with a prepayment of the term loan from the calculation of the fixed charge coverage ratio.

The foregoing summary is qualified in its entirety by reference to the text of the Credit Agreement Third Amendment, which is filed as Exhibit 10.1 and is incorporated herein by reference.
