PROXY STATEMENT

This proxy is being solicited on behalf of our Board of Directors for use at our 2013 Annual Meeting of Shareholders to be held at 11:00 a.m., Eastern Savings Time, on Wednesday, June 5, 2013, and any postponements or adjournments thereof (the "Annual Meeting"). The Annual Meeting will be held at our corporate office, 810 DSW Drive, Columbus, Ohio. This proxy statement, including the Notice of Meeting and our Annual Report on Form 10-K for the fiscal year ended February 2, 2013 ("fiscal 2012"), is being made available electronically on or about April 17, 2013.

Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") to our shareholders of record and beneficial owners. All shareholders will have the ability to access the proxy materials on a website referred to in the Notice of Internet Availability or request to receive a printed set of the proxy materials, at no charge. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice of Internet Availability. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis by following the instructions on the website referred to in the Notice of Internet Availability.

We have two classes of securities outstanding and entitled to vote at the Annual Meeting, our Class A Common Shares, no par value, and our Class B Common Shares, no par value. Only shareholders of record at the close of business on April 8, 2013, our record date for the Annual Meeting, are entitled to notice of and to vote at the meeting or any adjournments thereof. The total number of outstanding Class A Common Shares entitled to vote at the meeting is 35,822,220 and the total number of Class B Common Shares entitled to vote at the meeting is 9,033,203. Each outstanding Class A Common Share is entitled to one vote with respect to each matter to be voted on at the meeting and each outstanding Class B Common Share is entitled to eight votes with respect to each matter to be voted on at the meeting. Class A Common Shares and Class B Common Shares vote together as a single class with respect to all matters submitted to a vote of shareholders.

Without affecting any vote previously taken, a proxy may be revoked by a shareholder by giving a written notice of revocation to us in writing (attention: William L. Jordan, Secretary). A shareholder may also change his or her vote by executing and returning to us a later-dated proxy or by giving notice of revocation in person at the meeting.

All properly executed proxies received by the Board of Directors will be voted as directed by the shareholder. All properly executed proxies received by the Board of Directors which do not specify how shares should be voted will be voted "FOR" the election as Class III directors of the nominees listed below under "Proposal 1 - Election of Class III Directors," "FOR" the election as a Class II director of the nominee listed below under "Proposal 2 - Election of a Class II Director," "FOR" the approval of the compensation paid to our named executive officers under "Proposal 3 - Advisory Vote on the Compensation Paid to Named Executive Officers," and in the discretion of the proxies, on any other business properly brought before the Annual Meeting.

The presence, in person or by proxy, of a majority of the outstanding Common Shares is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when brokers holding shares on behalf of beneficial owners do not receive voting instructions from the beneficial holders at least ten days before the

meeting. If that happens, the broker may vote those shares only on matters deemed “routine” by the New York Stock Exchange. On non-routine matters, such as the election of directors and the advisory vote on executive compensation, brokers cannot vote unless they receive voting instructions from beneficial holders, resulting in so-called “broker non-votes.”

Solicitation of proxies may be made by mail, personal interview and telephone by our officers, directors and regular employees, and by the employees of our transfer agent, Computershare. We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of shares.

Unless otherwise directed, the persons named in the proxy will vote the proxies FOR the election of the above-named nominees as directors. While it is contemplated that all nominees will stand for election, in the event any person nominated fails to stand for election, the proxies will be voted for such other person or persons as may be designated by the directors. Management has no reason to believe that any of the above-mentioned persons will not stand for election or serve as a director.

Under Ohio law and our Code of Regulations, the nominees receiving the greatest number of votes will be elected as directors. Shares as to which the authority to vote is withheld are not counted toward the election of directors or toward the election of the individual nominees specified on the proxy. A broker non-vote will have the same effect as a withhold and, therefore, will not affect the outcome of the vote.

Your Board of Directors unanimously recommends a vote "FOR" each of the director nominees named above.

OTHER DIRECTOR INFORMATION, COMMITTEES OF DIRECTORS AND CORPORATE GOVERNANCE INFORMATION

General

A total of five meetings of the Board of Directors were held during fiscal 2012. Other than Mr. Aaron, who attended less than 75% of meetings of the Board of Directors, no director attended less than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the time in which such director was a member of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served during the period such director served as a member of such committee.

Other than Mr. Joseph Schottenstein, who is the son of our Executive Chairman, Mr. Jay Schottenstein, there are no family relationships among our directors and executive officers.

Our Corporate Governance Principles provide that all incumbent directors and director nominees are encouraged to attend our Annual Meeting of Shareholders. Mr. Jay Schottenstein and Mr. MacDonald attended our 2012 Annual Meeting of Shareholders.

Board Leadership Structure

Until the election of Mr. MacDonald as our President and CEO in April 2009, our Chairman, Mr. Schottenstein, held the positions of both Chairman and CEO. Mr. Schottenstein continues to serve as our Chairman. Mr. Schottenstein is not an independent member of the Board.

The Chairman is responsible for developing our agenda for Board meetings and presides at regular sessions of the Board. The Board does not have a lead or presiding director.

The Board of Directors meets in regularly scheduled executive sessions (without management present). The independent members of the Board also meet alone in regularly scheduled executive sessions. The Board of Directors does not have a designated director who leads executive sessions held by the independent directors. The non-management directors alternate as the chair of such executive sessions in alphabetical order by last name.

The Board believes that the current leadership structure, with a separated Chairman and CEO structure, provides the Company with the appropriate leadership structure. The current Board leadership allows the Chairman to focus on Board of Director responsibilities and the CEO to focus on the Company's administrative and operating functions.

Corporate Governance Principles

In June 2005, the Board of Directors adopted Corporate Governance Principles that address Board structure, membership (including nominee qualifications), performance, operations and management oversight. The Corporate Governance Principles were last amended in November 2011. A current copy of our Corporate Governance Principles can be found at our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request.

Director Independence

Our director independence standards are set forth in our Corporate Governance Principles. The Corporate Governance Principles provide that a majority of the directors be independent directors. A director will be designated as independent if he or she:

- has no material relationship with us or our subsidiaries;
- satisfies the other criteria specified by New York Stock Exchange listing standards;
- has no business conflict with us or our subsidiaries; and
- otherwise meets applicable independence criteria specified by law, regulation, exchange requirement or the Board of Directors.

During its review of director independence, the Board considered whether there were any transactions or relationships between the Company and any director or any member of his or her immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). As a result of this review, the Board of Directors has affirmatively determined that the following persons are independent under our independence standards:

Henry L. Aaron
Elaine J. Eisenman
Carolee Friedlander
Joanna T. Lau
Philip B. Miller
Harvey L. Sonnenberg
Allan J. Tanenbaum

Our Board of Directors has a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, all of which are comprised solely of independent directors as defined under applicable Securities and Exchange Commission rules and the listing standards of the New York Stock Exchange. Our Board of Directors also has a Technology Committee comprised of a mix of independent and non-independent directors.

Board's Role in the Risk Management Process

Our Board and its committees play an important role in overseeing the identification, assessment and mitigation of risks that are material to us. In fulfilling this responsibility, the Board and its committees regularly consult with management to evaluate and, when appropriate, modify our risk management strategies. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed about such risks through committee reports.

We have adopted the concept of enterprise risk management ("ERM"). The Board charged management with the responsibility of creating an ERM program, which was implemented in fiscal 2010. Our CEO, who reports to our Board of Directors, is the sponsor of the ERM Program. As part of the ERM Program, management provides an annual report to the Board regarding our significant risks and what management is doing to mitigate risk. Management also updates the Board on significant new risks that are identified on a quarterly basis.

Additionally, our Audit Committee assists the Board in fulfilling its oversight responsibility relating to the performance of our system of internal controls, legal and regulatory compliance, our audit, accounting and financial reporting processes, and the evaluation of enterprise risk issues, particularly those risk issues not overseen by other committees. The Audit Committee also reviews periodically with our General Counsel legal matters that may have a material adverse impact on our financial statements, compliance with laws and any material reports received from regulatory agencies. Our Compensation Committee is responsible for overseeing the management of risks relating to our compensation programs. Our Nominating and Corporate Governance Committee manages risks associated with corporate governance and business conduct and ethics.

Nominating and Corporate Governance Committee

The members of our Nominating and Corporate Governance Committee are Mr. Tanenbaum (Chair) and Messrs. Eisenman and Friedlander, each of whom is independent as discussed above. A current copy of our Nominating and Corporate Governance Committee charter can be found on our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request.

The Nominating and Corporate Governance Committee met six times during fiscal 2012. Its functions include assisting the Board in determining the desired qualifications of directors, identifying potential individuals meeting those qualification criteria, proposing to the Board a slate of nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, the Committee also reviews the Corporate Governance Principles, makes recommendations to the Board with respect to other corporate governance principles applicable to us, and oversees the annual evaluation of the Board and management.

The Nominating and Corporate Governance Committee meets to discuss, among other things, identification and evaluation of potential candidates for nomination as a director. Although there are no specific minimum qualifications that a director candidate must possess and the Committee has not adopted a specific policy with regard to the consideration of diversity, potential candidates are identified and evaluated according to the qualification criteria set forth in the Board's Corporate Governance Principles, including:

- independence;
- judgment;
- skill;

•diversity;
•strength of character;

11

age;
experience as an executive of, or advisor to, a publicly traded or private organization;
experience and skill relative to other Board members;
specialized knowledge or experience;
service on other boards; and
desirability of the candidate's membership on the Board or any committees of the Board.

In considering diversity, the Nominating and Corporate Governance Committee may take into account various attributes, including background, skill set or viewpoint.

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2014 Annual Meeting of Shareholders, provided that the names of such nominees are submitted in writing, not later than January 1, 2014, to DSW, 810 DSW Drive, Columbus, Ohio 43219, Attn: Corporate Secretary. Each such submission must include:

As to the nominee:

name, age, business address and residence address;
principal occupation or employment;
the class and number of DSW shares beneficially owned; and
any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Exchange Act; and

As to the shareholder giving the notice:

name and record address; and
the class and number of our shares beneficially owned.

Such notice shall be accompanied by a consent signed by the nominee evidencing a willingness to serve as a director, if nominated and elected, and a commitment by the nominee to meet personally with the Nominating and Corporate Governance Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for director recommended by a shareholder. Compensation Committee

The members of our Compensation Committee are Messrs. Miller (Chair) and Aaron and Messes. Eisenman and Friedlander. Each member of the Compensation Committee is independent as discussed above. None of the members of the Compensation Committee are present or former officers of our Company, nor are they or any of their affiliates, if any, parties to agreements with us, other than for payments for their service as directors.

A current copy of our Compensation Committee charter can be found on our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request.

Our Compensation Committee met five times during fiscal 2012. The Compensation Committee's functions include evaluating the Chief Executive Officer's performance and, based upon these evaluations, setting the Chief Executive Officer's annual compensation; reviewing and approving the compensation packages of our other executive officers; making recommendations to the Board with respect to our incentive compensation, retirement and other benefit plans; making administrative and compensation decisions under such plans; and recommending to the Board the compensation for non-employee Board members. See the Compensation Discussion and Analysis below for a more complete description of the Compensation Committee's deliberations and decisions relating to executive compensation, including the Committee's retention of a compensation consultant and the role of our executive officers in determining executive compensation.

Pursuant to its Charter, the Compensation Committee has the sole authority to retain and terminate the services of any outside compensation consultants to the Committee. During fiscal 2012, the Compensation Committee retained Hay Group to provide advice to the Committee on general program design and best practices as well as to assist the Committee in ensuring officers and directors were competitive with a "Peer Group" of companies, as identified in the Compensation Discussion and Analysis below. Hay Group reported directly to the Committee. Hay Group also provided compensation

services to DSW management. The amount of services was not material and DSW paid approximately \$12,850 for these services in fiscal 2012. While Hay Group performed the general competitive review, as requested by the Committee, Hay Group did not determine or recommend any amount or form of compensation to the Committee with respect to DSW's executive officers.

Audit Committee

The members of our Audit Committee are Messrs. Sonnenberg (Chair), Miller, and Tanenbaum and Ms. Lau. The Board of Directors has determined that each of them is independent and is financially literate in accordance with the applicable Securities and Exchange Commission rules and listing standards of the New York Stock Exchange. The Board has also determined that our Audit Committee's Chairman, Harvey L. Sonnenberg, qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission under Item 407(d)(5) of Regulation S-K.

A current copy of our Audit Committee charter can be found on our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request.

Our Audit Committee met twelve times during fiscal 2012. The purpose of our Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities of:

- the integrity of our financial statements;
- compliance with legal and regulatory requirements;
- the independent auditor's qualifications and independence; and
- performance of our internal audit function and independent auditor.

The Audit Committee is directly responsible for the appointment, compensation, retention, termination and oversight of the work of our independent auditor, including resolution of disagreements between management and the independent auditor regarding financial reporting.

No member of the Audit Committee is currently serving on the audit committees of more than three public companies.

Technology Committee

The members of our Technology Committee are Ms. Lau (Chair) and Messrs. O'Donnell and Sonnenberg. A current copy of our Technology Committee charter can be found on our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request.

Our Technology Committee met four times during fiscal 2012. The purpose of the Technology Committee is to ensure that technology endeavors are effectively managed and that technology performance meets the following objectives:

- aligns with our business strategy;
- enables the business to maximize benefits technology can provide;
- resources are used responsibly; and
- risks are managed appropriately.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who are beneficial owners of more than ten percent of our Common Shares ("reporting persons") to file reports of ownership and changes of ownership with the Securities and Exchange Commission and the New York Stock Exchange. We assist our directors and executive officers in completing and filing those reports. Based upon a review of those reports furnished to us and representations of our directors and executive officers, we believe that all filing requirements applicable to our directors, executive officers and greater than ten percent beneficial owners were complied with during the last completed fiscal year, except for the following, which were filed one day late due to an administrative error: (i) Form 4s relating to our annual equity grant for Messrs. MacDonald, Jay Schottenstein, Probst, Jordan, Mustafa, Ungless, and Messes. Ferree and McDermott, and (ii) Form 4s related to the vesting of restricted stock units for Messrs. Markfield and Tannenbaum.

Code of Ethics and Corporate Governance Information

We have adopted a code of ethics that applies to all our officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and an additional code of ethics that applies to senior financial officers. Additionally, the Board of Directors has adopted a

Director Code of Conduct applicable to our Board members. These codes of ethics, designated by us as the “Code of Conduct,” the “Code of Ethics for Senior Financial Officers,” and the “Director Code of Conduct,” respectively, can be found on our corporate and investor website at www.dswinc.com and are available in print (without charge) to any shareholder upon request. We intend to disclose any amendment to, or waiver from, any applicable provision of the Code of Conduct, Code of Ethics for Senior Financial Officers, or Director Code of Conduct by posting such information on our corporate and investor website at www.dswinc.com.

AUDIT AND OTHER SERVICE FEES

Our Audit Committee has adopted a policy under which audit and non-audit services to be rendered by our independent registered public accounting firm are pre-approved. The pre-approval policy is designed to assure that the provision of such services does not impair the independence of our independent registered public accounting firm and is summarized below.

Delegation — The Audit Committee may delegate pre-approval authority to one or more of its independent members provided that the member(s) to whom such authority is delegated promptly reports any pre-approval decisions to the other Audit Committee members. The Audit Committee has not delegated to management its responsibilities to pre-approve services performed by the independent registered public accounting firm.

Audit Services — Annual audit, review and attestation engagement terms and fees are subject to the specific pre-approval of the Audit Committee. Any changes in the terms, conditions or fees resulting from changes in the audit scope requires the Audit Committee's approval.

Other Services — Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee.

Tax Services — The Audit Committee believes that our independent registered public accounting firm can provide tax services to us such as tax compliance and certain tax advice without impairing its independence. In no event, however, will the independent registered public accounting firm be retained in connection with a transaction initially recommended by the independent registered public accounting firm, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations or similar regulations of other applicable jurisdictions.

No services were provided by the independent public accountants during fiscal 2012 or fiscal 2011 that were approved by the Audit Committee under Securities and Exchange Commission Regulation S-X Rule 2-01(c)(7)(i)(C) (which addresses certain services considered de minimis and may be approved by the Committee after such services have been performed).

The following table sets forth the aggregate fees for professional services rendered by Deloitte & Touche LLP, our independent registered accountants, for each of the last two fiscal years.

	2012	2011
Audit fees	\$1,312,000	\$1,370,500

Tax fees ⁽¹⁾	—	\$94,786
Total	\$1,411,000	\$1,828,286

Audit-related fees for fiscal 2012 relate to services provided in connection to the following: (i) the purchase of the Air Center property, (ii) an amendment to our Form S-3, and (iii) the transaction with Retail Ventures.

(1) Audit-related fees and tax fees for fiscal 2011 relate to services provided in connection with the transaction with Retail Ventures.

AUDIT COMMITTEE REPORT

The members of our Audit Committee are Messrs. Sonnenberg (Chair), Miller, and Tanenbaum and Ms. Lau. The Board of Directors has determined that each of them is independent and is financially literate in accordance with the applicable Securities and Exchange Commission rules and listing standards of the New York Stock Exchange. The Board of Directors has also determined that our Audit Committee's Chairman, Harvey L. Sonnenberg, qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission under Item 407(d)(5) of Regulation S-K. Although our Board of Directors has determined that Mr. Sonnenberg is a financial expert as defined under Securities and Exchange Commission rules, his responsibilities are the same as those of other Audit Committee members. The Securities and Exchange Commission has determined that an audit committee financial expert will not be deemed an "expert" for any purpose as a result of being identified as an audit committee financial expert.

The Audit Committee operates under a written charter, which is available on our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request. Under the charter, the Audit Committee's responsibilities include:

Oversight of our internal controls;

Oversight of the review and response to complaints made to us regarding accounting, internal accounting controls and auditing matters or other compliance matters;

Oversight of our internal audit function; and

Review and approval of related party transactions.

Our management is responsible for our internal controls and preparing our consolidated financial statements. Our independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the consolidated financial statements and issuing a report thereon. Their audit is performed in accordance with the standards of the Public Company Accounting Oversight Board. The Audit Committee is responsible for overseeing the conduct of these activities. In performing its oversight function, the Audit Committee relies, without independent verification, on the information provided to it and on representations made by our management and our independent registered public accounting firm.

In conducting its oversight function, the Audit Committee discusses with our internal auditors and our independent registered public accounting firm, with and without management present, the overall scope and plans for their respective audits. The Audit Committee also reviews our programs and key initiatives to design, implement and maintain effective internal controls over financial reporting and disclosure controls. The Audit Committee has sole discretion, in its areas of responsibility and at our expense, to engage independent advisors as it deems appropriate and to approve the fees and retention terms of such advisors.

The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their audits, the evaluations of our internal controls and the overall quality of our financial reporting. The Audit Committee has reviewed and discussed with management and Deloitte & Touche LLP the audited financial statements for the fiscal year ended February 2, 2013. The Audit Committee also reviewed and discussed with Deloitte & Touche LLP its report on our annual financial statements. The Audit Committee discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has received from Deloitte & Touche LLP the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting

Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. Mr. Probst also leads our Affiliated Business Group. Mr. Mustafa leads our supply chain and merchandise planning and allocation functions. We believe that our current senior executive team possesses a proven ability to develop and execute merchandising, customer, real estate and infrastructure strategies. As a result, we believe our compensation program must incentivize and reward their efforts and also serve to keep their services with DSW, thus allowing us to compete in attracting and developing talent to support the continued development and execution of DSW's business strategy.

Executive Summary

Executive Compensation Philosophy & Objectives

The Committee believes that executive compensation arrangements should incorporate an appropriate balance of fixed versus variable compensation—as well as cash-based versus stock-based compensation—and reward performance that is measured against established goals that correspond to our short-term and long-term business plan and objectives. DSW's executive compensation program is designed to:

• Attract and retain highly talented, experienced retail executives who can make significant contributions to our (1) long-term business success. Specifically, we structure our compensation program to attract and keep executives we believe are critical to the implementation of our business strategy to:

• Anticipate the desires of our brand, quality and style conscious customers who have a passion for footwear and accessories and provide them with a vast, exciting assortment of in-season styles combined with the convenience and value they desire;

• Create a distinctive store experience that satisfies both the rational and emotional shopping needs of our customers; and

• Execute on a growth strategy to increase total net sales through DSW store expansion, positive comparable store sales for DSW stores, increase in sales through leased business partners, and the expansion of dsw.com.

Reward executives for delivering superior performance. The Committee regularly reviews executive compensation packages to ensure a proper balance between fixed and variable compensation with more of the focus on, and potential reward to the executive for, achievement of short- and long-term performance goals. This was true for (2) 2012 – in aggregate, the Named Executive Officer compensation opportunity consisted of approximately 30% fixed compensation (base salary) and approximately 70% variable compensation (annual cash incentive and long-term equity compensation). The chart below reflects details for the CEO and the other Named

Executive Officers. The Committee believed the balance was appropriate given the current focus and goals of the Company.

Create a strong link among the interests of shareholders, DSW's financial performance and the total compensation of executives, and align executive incentives with shareholder value creation. The Committee believes targeting above-median long-term equity award levels (as discussed below) is appropriate for DSW during a growth phase. (3) As a result, the Committee annually awards equity, generally in the form of stock options and restricted stock units, to the Named Executive Officers based, in part, on DSW's financial performance. Such grants strongly align these officers' interests with the interests of our shareholders as each are focused on the same result - long-term value creation.

Fiscal 2012 Performance. In fiscal 2012, DSW delivered record sales and earnings performance. Performance highlights included:

- Total sales of \$2.3 billion - the highest in Company history;
- Opened 39 new stores;
- Operating income (adjusted to exclude Retail Ventures, Inc. ("RVI") transaction costs and related expenses) rate of 10.9%; and
- Net Income (adjusted to exclude RVI transaction costs and related expenses) of \$152.2 million - the highest in Company history.

For fiscal 2012, the Committee determined that 100% of each Named Executive Officer's annual cash incentive compensation award would be based upon DSW's net income adjusted to exclude RVI transaction costs and related expenses. In February 2012 the Committee established a target threshold performance level for fiscal 2012. Unless otherwise determined by the Committee, all associates who participated in the annual cash incentive plan (including the Named Executive Officers) received cash incentive awards based on the chart below.

Executive Compensation Process

Role of the Board of Directors and the Committee. The compensation of the Executive Chairman of the Board is determined by the Board of Directors. The Committee determines the compensation of our Named Executive Officers other than the Executive Chairman of the Board. The Committee did not delegate any of its authority with respect to the compensation of any executive officer for fiscal 2012.

Advisory Vote on the Compensation Paid to Named Executive Officers. At the 2012 annual shareholder meeting, a substantial majority of the votes cast on the advisory vote on executive compensation were voted in favor of the proposal. The Compensation Committee viewed the vote as a strong expression of our shareholders' general satisfaction with the Company's current executive compensation programs. As a result, the Compensation Committee decided it was not necessary to implement changes to our executive compensation programs.

Role of Executive Officers in Compensation Decisions. The Committee makes all compensation decisions for DSW's Named Executive Officers based upon input provided by the Executive Chairman of the Board and certain members of Company management, as discussed under "Elements of DSW's 2012 Executive Compensation Program" below, and the objective market data provided by Hay Group. The Committee can exercise its discretion and modify any recommendations that may be provided by Company management and the independent compensation consultant. Company management does not provide input in determining the compensation of the Chief Executive Officer and the Vice Chairman and Chief Merchandising Officer, which is determined solely by the Compensation Committee with input from the Executive Chairman of the Board and the independent compensation consultant.

Independent Compensation Consultant. The Committee retained Hay Group, a global human resources consulting firm, as its independent compensation consultant for fiscal 2012. Hay Group provides research, market data, survey and proxy information, and design expertise in developing executive and director compensation programs.

Hay Group attended all Committee meetings in fiscal 2012 and advised the Committee on all principal aspects of executive compensation including the competitiveness of program design and award values and specific analyses for the Named

Executive Officers and other executive officers. Hay Group reports directly to the Committee and the Committee may replace the independent compensation consultant or hire additional consultants or advisers at any time.

Hay Group also provides compensation services to Company management.

Setting Executive Compensation. Based on the objectives described above, the Committee has structured DSW's executive compensation programs primarily to motivate executives to achieve the business goals established by DSW and reward executives for meeting business goals, and perhaps more importantly, delivering superior performance as measured against those business goals. For fiscal 2012, the Committee engaged Hay Group to conduct a review of its total compensation program for the Named Executive Officers as well as for other company executives. As requested by the Committee, Hay Group provided the Committee with market data from proprietary databases and publicly available information to consider when making compensation decisions for our Named Executive Officers. While Hay Group was engaged directly by the Committee, Hay Group also provided similar input to Company management to support compensation recommendations and decisions made for Company executives who are not Named Executive Officers.

In making compensation decisions for executive officers in fiscal 2012, including the Named Executive Officers, the Committee compared each officer's compensation against market compensation benchmarks drawn from a peer group of publicly-traded and privately-held retail industry companies (collectively, the "Survey Peer Group"). With input from Hay Group, the Committee ensured the Survey Peer Group generally consisted of retail companies with a focus on specialty retail and fashion similar to DSW. In addition, the Committee ensured the Survey Peer Group included companies against which the Committee believes DSW competes for talent and shareholder investment. The companies included in the Survey Peer Group for fiscal 2012 pay comparisons were:

Abercrombie & Fitch	Aeropostale	American Eagle Outfitters
Ann Inc.	Ascena Retail Group	Big Lots
Bon-Ton Stores	Charming Shoppes	Chico's FAS
Children's Place	Coach	Collective Brands
Dick's Sporting Goods	Express Inc.	Foot Locker
J. Crew	J.C.Penney	Kohl's
Limited Brands	Limited Stores	Macy's
Michael's	New York & Company	Nordstrom
Stage Stores	Talbots	Target
TJX Companies	Ulta	

Although DSW's revenue may differ from the median revenue of the Survey Peer Group companies, Hay Group uses proprietary methodologies that allow for pay comparisons for the same job between companies of different sizes.

The pay elements used for comparison purposes are base salary, target total cash compensation (consisting of base salary and annual cash incentive compensation), long-term incentive compensation and target total direct compensation (consisting of target total cash compensation and long-term incentive compensation). Generally, the Committee targets Named Executive Officer pay to fall between the 50th and 75th percentiles of Survey Peer Group data. This pay objective reflects the fact that DSW is a growth company and executives with the skills and experience necessary to deliver contributions that will significantly impact DSW's long-term business success and intended growth pattern command a premium in the marketplace. These objectives also recognize the Committee's expectation that, over the long term, the Company will generate shareholder returns in excess of the average of its Survey Peer Group. Variations to this pay objective may occur as dictated by the experience level of the individual and market factors.

Edgar Filing: DSW Inc. - Form DEF 14A

In addition, for Named Executive Officers where comparison data was available in 2012, the Committee also evaluated the actual pay of the Named Executive Officer with pay data drawn from proxy-disclosed pay information for the following publicly-traded companies (collectively, the “Proxy Peer Group”):

Abercrombie & Fitch	Aeropostale	American Eagle Outfitters
Ann Inc.	Ascena Retail Group*	Big Lots
Bon-Ton Stores	Brown Shoe Company	Charming Shoppes
Collective Brands	Dick's Sporting Goods	Express, Inc.*
Finish Line	Limited Brands	New York & Company
Pacific Sunwear	Skechers USA	Stein Mart
Ulta*		

* Companies added to replace J.Crew (private in 2011), Timberland (acquired in 2011) and Coach.

For fiscal 2012, the compensation paid to Messrs. Schottenstein, MacDonald, Probst and Mustafa and Ms. Ferrée was reviewed pursuant to the Proxy Peer Group (in addition to the Survey Peer Group above). By looking at this proxy-disclosed information, as reviewed and summarized for the Committee by Hay Group, the Committee was able to analyze the relation between performance and the resulting pay delivered.

Finally, the Committee takes into consideration a review of each Named Executive Officer's compensation relative to the other Named Executive Officers, taking into account each officer's performance and impact on DSW's business results.

Elements of DSW's 2012 Executive Compensation Program

For the fiscal year ended February 2, 2013, the total compensation opportunity for DSW's executives (including the Named Executive Officers) was generally comprised of the following principal components:

- base salary;
- performance-based annual cash incentive compensation;
- long-term equity incentive compensation in the form of service-based stock options and restricted stock units; and
- retirement savings contributions through both the 401(k) plan and the nonqualified deferred compensation plan.

Base Salary

While the Committee's focus is on variable compensation based on performance, a clear objective of our executive compensation program is to pay a base salary that is competitive with the stated Survey Peer Group and Proxy Peer Group (where applicable) in order to retain our Named Executive Officers. The base salaries of all DSW executives (including the Named Executive Officers) are determined based on job responsibilities and individual contribution, and with reference to the market data provided by the independent compensation consultant. In the case of DSW's executive team, the salary opportunity for a given position is targeted to be between the 50th percentile and the 75th percentile of Survey Peer Group market data for that position.

In March each year, the Committee determines the base salary of each Named Executive Officer for the next year. During its review, the Committee primarily considers:

- overall DSW financial performance during the prior year;
- the individual performance of the Named Executive Officer during the prior year;
- base salary data drawn from the Survey Peer Group and Proxy Peer Group (where applicable) information where available;
- the target total cash compensation level of the appropriate benchmark position(s) as reflected in Survey Peer Group and Proxy Peer Group (where applicable) data; and
- if relevant, compensation paid by a previous employer.

The Board of Directors met with Hay Group and reviewed market information related to the pay of the Executive Chairman of the Board. After discussing the market information, the Executive Chairman's role in the DSW business and other relevant factors, the Board of Directors maintained the Executive Chairman's base salary at \$650,000 for 2012.

The Executive Chairman of the Board met with the Committee and reviewed the accomplishments and contributions made by Mr. MacDonald and Ms. Ferrée in fiscal 2012. In addition, the Chief Executive Officer reviewed with the

Committee the accomplishments and contributions made by each of the Named Executive Officers under his supervision and provided his proposed base salary changes. After (i) discussing the performance of each Named Executive Officer, including overall company performance and progress on key initiatives, and (ii) reviewing the recommendations made by the Executive Chairman of the Board and the Chief Executive Officer, and based upon the Committee's individual review and analysis of compensation paid by Survey Peer Group and Proxy Peer Group (where applicable) companies for the comparable position and any other relevant factors, the Committee approved the following salary changes for 2012:

	2011 Salary	2012 Salary	% Increase	
Mr. Schottenstein	\$650,000	\$650,000	—	%
Mr. MacDonald	\$1,000,000	\$1,050,000	5	%
Ms. Ferrée	\$935,000	\$985,000	5.3	%
Mr. Probst	\$515,000	\$535,000	3.9	%
Mr. Mustafa	\$593,000	\$625,000	5.0	%

Performance-Based Annual Cash Incentive Compensation

In May 2009, the DSW Inc. 2005 Cash Incentive Compensation Plan (the “ICP”) was re-approved by DSW’s shareholders. The ICP gives the Committee the ability to foster and promote the financial success of the Company and increase shareholder value by providing cash incentives to the Named Executive Officers based on the achievement of specified annual business objectives. The ICP is designed to promote the achievement of annual performance goals and focuses the Named Executive Officers on short-term objectives which ultimately will contribute to the likelihood of achieving long-term business objectives and increase shareholder value. Under the ICP, Named Executive Officers earn annual cash incentives only when pre-established business objectives and targets are achieved. The Company currently has approximately 450 associates who are eligible to receive awards under the ICP. The Named Executive Officers are generally treated the same as all other eligible DSW associates under the ICP.

Generally, in the first quarter of each year, the Committee establishes the performance criteria that will be used to determine incentive compensation awards for the subsequent year. Company associates who participate in the plan have incentive levels that vary based on the individual’s position and contribution to business performance. Target award opportunities are established as a percentage of base salary and range from 50% to 100% of base salary for the Named Executive Officers. The target award opportunities, as seen in the table below, are established as a percentage of base salary and range from 50% to 100% of base salary for the Named Executive Officers.

Target Annual Cash Incentive Compensation

As a % of Base Salary

	Threshold Payout	Target Payout	Maximum Payout
Mr. Schottenstein	50%	100%	150%
Mr. MacDonald	50%	100%	200%
Ms. Ferrée	50%	100%	200%
Mr. Probst	40%	80%	160%
Mr. Mustafa	25%	50%	100%

For fiscal 2012, the Committee determined that each Named Executive Officer’s annual cash incentive compensation award would be based upon DSW’s adjusted net income performance as reported in DSW’s financial statements. The Committee believed adjusted net income was the most relevant metric to DSW’s existing growth plan and best aligned with the growth objective shared with investors. Additionally, the company reports adjusted net income to investors to provide transparency to all ICP participants.

In February 2012, the Committee established a target threshold performance level for fiscal 2012. Unless otherwise determined by the Committee, all associates who participate in the plan (including the Named Executive Officers) receive:

• no payment unless the Company achieved adjusted net income of \$138.2 million (approximately 91% of the target level established);

•

a payment of at least 50% but less than 100% of the target award opportunity if the Company achieved or exceeded \$138.2 million of adjusted net income but did not achieve \$151.3 million of adjusted net income (the target level established);

a payment of at least 100% but less than 200% of the target award opportunity if the Company achieved or exceeded \$151.3 million of adjusted net income but did not achieve \$165.9 million of adjusted net income (approximately 110% of the target level established); and

a payment of 200% of the target award opportunity if the Company achieved or exceeded \$165.9 million of adjusted net income.

In making the annual determination of the minimum, target and maximum levels of performance, the Committee may consider specific circumstances facing the company during the prior and subsequent years. In fiscal 2012, the Committee set the threshold adjusted net income level approximately 1.6% above the prior year actual performance and set the target adjusted net income level equal to approximately 11% growth over the prior year. Generally, the Committee sets the minimum, target and maximum levels such that the relative difficulty of achieving the target level is reasonably consistent from year to year.

During 2012, the Committee agreed to consider the impact of the favorable judgment related to a computer hacking insurance claim. While the entire judgment would otherwise have been factored into adjusted net income for bonus purposes, the Committee determined that the the bonus eligible portion of the settlement was a lesser amount - approximately \$1.5 million in net income.

DSW's fiscal 2012 performance, including the bonus eligible portion of the insurance judgment, led to a payout equal to 116.3% of the of the target award for ICP participants, including each of the Named Executive Officers. The bonuses paid to the Named Executive Officers for the fiscal year ending February 2, 2013 are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

Long-Term Equity Incentive Compensation

The DSW Inc. 2005 Equity Incentive Plan, as amended (the "Equity Plan") was originally approved by our shareholders prior to our IPO in 2005 and was subsequently approved by shareholders in 2009. The Equity Plan generally furthers the Committee's objectives to retain its executives as well as build a link between executive compensation and shareholder interests and objectives. All equity awards are granted in respect to DSW's Class A Common Stock.

DSW's executive compensation philosophy generally calls for grants of both service-based stock options and restricted stock units to executives including the Named Executive Officers. As discussed above, in determining the value of annual long-term equity incentive grants for DSW executives, the Committee's overall objective-consistent with the executive compensation philosophy-is to target the combined grant value of stock options and restricted stock units to fall between the 50th and 75th percentile of Survey Peer Group long-term incentive data. The Committee believes targeting above-median long-term incentive levels is appropriate for DSW as it seeks to create a compelling value proposition during a critical growth phase. Furthermore, the Committee believes that an above-median long-term equity incentive target is necessary to attract and retain executives with the skills and experience necessary to deliver contributions that will significantly impact DSW's long-term business success and intended growth pattern.

In addition, long-term equity incentive grants to the Named Executive Officers are based on each individual's (i) scope of job responsibilities, (ii) assessment of past performance and (iii) assessment of potential future contribution.

Historically, the value of long-term equity incentive awards has been delivered to executives 70% in stock options and 30% in restricted stock units. The Committee believes that delivery in this form provides an appropriate incentive to the leadership team to focus on long-term shareholder value creation and, at the same time, provides the Company with the retention value necessary in a competitive labor market.

In determining the conversion of the targeted long-term incentive value into stock options and restricted stock units for 2012, the Company used a growth model that evaluated how the Company's earnings were likely to grow over the applicable vesting period.

Stock Options

Stock options provide executives with financial gain derived from the potential appreciation in the DSW share price between the award's grant date and the date the executive elects to exercise the option. As a result, DSW's long-term financial performance, as reflected in share price appreciation, ultimately determines the value of stock

options. Because financial gain from stock options is only possible after the price of DSW common stock has increased, the Company believes grants encourage executives to focus on reasonable behaviors and actions that lead to an increase in the DSW share price, thus benefiting both company associates and shareholders. Generally, stock options vest annually in equal installments over the five years following the grant date.

Restricted Stock Units

Restricted stock units provide the Company with retention value vis-à-vis executives because, generally, they cliff vest 100% at the end of four years. In this way, executives are unable to realize the value of restricted stock units until a significant period of time has passed since the grant date. Additionally, since the restricted stock unit value is tied directly to the market value of DSW common stock, and not exclusively to the increase in the market value of DSW common stock, restricted stock units provide retention value even when the stock price is stable or declining. Thus, the Committee believes that restricted stock units are a key component of the long-term incentive portfolio in that they help retain executives and keep them focused on long-term value creation for shareholders.

In September 2012, DSW declared a special cash dividend of \$2.00 per share. Pursuant to the terms of the Equity Plan, restricted stock units outstanding on October 16, 2012 were credited with dividend equivalent units for the special cash dividend. Restricted stock units are also credited with dividend equivalent units for the regular on-going quarterly cash dividend.

2012 Long-Term Equity Incentive Awards for the Named Executive Officers

In March 2012, the Committee granted long-term equity incentive awards to Named Executive Officers as part of the annual performance review process. The Committee considered various alternatives based on input from management and the independent compensation consultant which included different multiples of market competitive long-term incentive values based on Survey Peer Group data. The Committee considered alternative scenarios to effectively balance the delivery of cash and equity to the Named Executive Officers. Based upon the information provided, the Committee determined to deliver to each Named Executive Officer a long-term incentive award with a targeted value consistent with market data for the Survey Peer Group companies. In addition, the Committee determined to deliver the award approximately 70% in stock options and 30% in restricted stock units to each Named Executive Officer. The table below reflects the grants and applicable vesting schedule for each of the grants to the Named Executive Officers.

Name	# of Nonqualified Stock Options*	# of Restricted Stock Units**
Mr. Schottenstein	24,000	4,100
Mr. MacDonald	80,400	14,000
Ms. Ferree	46,500	8,000
Mr. Probst	15,700	2,800
Mr. Mustafa	8,400	1,500

These grants were made on March 27, 2012, and the stock options had an exercise price of \$54.92 (before adjustment for the special cash dividend in October 2012).

* Options vest 20% per year.

** Restricted stock units vest 100% on the 4th anniversary of the grant date.

Equity Grant Practices

Under the Equity Plan, the Committee (or the chair of the Committee) approves all equity awards and has not delegated to management the authority to approve equity awards. In August 2011, the Board amended the Equity Plan to give the Chair of the Committee authority to approve equity awards in situations where it is not practical to bring the Committee together for such a purpose. In no circumstances may the Committee delegate duties the Committee is required to discharge under Code §162(m) . The Committee may not grant stock options at a discount to the closing price of DSW common stock on the grant date, nor may the Committee reduce the exercise

price of outstanding stock options except in the case of a stock split or other similar event. All stock options granted under the Equity Plan have an exercise price that is equal to the closing market price of DSW common stock on the grant date. The grant date is the date of approval by the Committee, or the Chair of the Committee, except in the case of prospective hires who meet the criteria outlined below.

The Committee, or the chair of the Committee, also reviews and considers approval of off-cycle equity awards recommended by management. These off-cycle equity awards reflect commitments made by DSW, subject to approval by the Committee, or the chair of the Committee, and are for current associates (generally in the case of promotion or retention), new hires who have already become employees of DSW or prospective hires who have agreed to a start date with DSW that will occur within the three weeks following approval by the Committee or the chair of the Committee. The grant date for current associates and for new hires who have already become employees of DSW is the date the Committee, or the chair of the Committee, approves the grant. The grant date for prospective hires is their future start date.

In March 2007, the Committee established a methodology to determine the grant date on which annual equity awards would be granted to eligible associates. The Committee determined that the annual equity grant date would be the seventh calendar day following DSW's fiscal year-end earnings release. The Committee does not backdate stock options or grant stock options retroactively. Additionally, the Committee does not coordinate equity grants so that they are made before announcement of favorable information or after announcement of unfavorable information.

401(k) Plan

DSW sponsors a tax-qualified 401(k) plan (the "401(k) Plan") in which all DSW associates, including the Named Executive Officers (other than Mr. Schottenstein), are eligible to participate. Under the 401(k) Plan, participants are able to contribute up to 50% of their total eligible cash compensation (including base salary and annual cash incentives) on a pre-tax or after-tax basis up to the limits imposed by the Internal Revenue Code. The maximum allowable per participant deferral in 2012 under the Internal Revenue Code was \$17,000. DSW provides a 100% match on the first 3% contributed by a participant and an additional 50% match on the next 2% contributed by a participant. Matching contributions are not made by the Company until participants have completed at least one year of service with DSW. In light of the matching contribution for participants, and the Code §401(a)(17) annual compensation limit, the maximum allowable per participant company matching contribution in 2012 was \$10,000. Participants choose to invest their account balances from an array of 13 investment alternatives as selected by plan fiduciaries from time to time. A DSW stock fund is not among the investment alternatives available to plan participants. The 401(k) Plan allows for distributions in a lump sum after termination of service. However, loans-and in-service distributions under certain circumstances such as a hardship, attainment of age 59-1/2 or a disability-are permitted.

Nonqualified Deferred Compensation Plan

DSW sponsors a nonqualified retirement plan (the "Nonqualified Plan") in which Board members and a select group management and other highly compensated associates, including Named Executive Officers, may participate. Under the Nonqualified Plan, Board members may contribute up to 100% of the annual cash retainer paid by DSW (described in detail in the Director Compensation Table on page 37). Eligible DSW associates may contribute up to 80% of their base salary and 90% of their monthly and/or annual bonus on a pre-tax basis. Deferral elections are made annually related to future compensation, in compliance with Internal Revenue Code §409A. DSW does not provide a company matching contribution in the Nonqualified Plan. DSW associates who also participate in the 401(k) plan may earn a 401(k) make-up contribution under the Nonqualified Plan if their contributions to the Nonqualified Plan plan reduce the matching contributions they receive in the 401(k) Plan. Nonqualified Plan balances are tracked on a "bookkeeping basis" in accounts that are credited with deferrals and earnings. In order to maintain the Nonqualified

Plan's tax-deferred status, Nonqualified Plan assets are subject to the claims of creditors of DSW Inc. Participants choose to invest their bookkeeping account in an array of 13 investment alternatives that mirror investment alternatives available under the 401(k) Plan. The Nonqualified Plan allows for in-service withdrawals in a lump sum. The Nonqualified Plan also allows for retirement distributions which are permitted as a lump sum, five annual installments or ten annual installments. Distribution elections are made when deferral elections are made in compliance with Code §409A.

Tax Considerations

Code §162(m) limits deductibility of certain compensation paid to the chief executive officer and three other executive officers (exclusive of the Chief Financial Officer) who are the highest paid and employed at fiscal year-end to \$1 million per year. The Committee annually considers the impact of Code §162(m) in structuring DSW's executive compensation program. In light of the competitive nature of the market for our executive talent, and our philosophy to pay and reward individual contributions to overall Company performance, the Committee reserves the discretion to reward significant contributions by the Named Executive Officers to building shareholder value, regardless of the tax deductibility limits of Code §162(m).

Termination and Change in Control Arrangements

The Named Executive Officers (other than Mr. Schottenstein) have employment agreements that entitle them to receive certain benefits and payments if their employment terminates in specified separation scenarios. All of the Named Executive Officers are entitled to certain payments or benefits upon a change in control, including acceleration of the vesting of outstanding equity awards pursuant to the Equity Plan, which benefit is available to all Company associates. These arrangements are described under Potential Payments upon Termination and Change in Control below.

This column represents the bonus paid for Messrs. Schottenstein and MacDonald. Mr. Schottenstein received a (1) discretionary bonus for fiscal year 2010 in the amount of \$500,000. In 2010, Mr. MacDonald received \$250,000, the second of two bonus payments agreed upon as part of his employment negotiations.

(2) This column represents the grant date fair value of RSUs granted in each fiscal year in accordance with Financial Accounting Standards Board Accounting Standards Codifications Topic 718 (“ASC 718”). For RSUs, fair value is determined by multiplying the number of units granted by the closing price of DSW Class A Common Stock on the

date of grant. For additional information on the valuation assumptions, refer to note 6 of DSW's financial statements in the Form 10-K for the year ended February 2, 2013, as filed with the SEC. See the Grants of Plan-Based Awards Table for information on awards made in fiscal 2012. The amounts reflected are for the fair value of RSUs granted and do not necessarily correspond to the actual value that will be recognized by the Named Executive Officers.

This column represents the grant date fair value of stock options granted in each fiscal year as well as prior fiscal years in accordance with ASC 718. DSW uses the Black-Scholes pricing model to value stock-based compensation expense. For additional information on the valuation assumptions, refer to note 6 of DSW's financial statements in (3) the Form 10-K for the year ended February 2, 2013, as filed with the SEC. See the Grants of Plan-Based Awards Table for information on options granted in fiscal 2012. The amounts reflected are for the fair value of the stock options granted and do not necessarily correspond to the actual value that will be recognized by the Named Executive Officers.

This column represents the dollar amount awarded to each applicable Named Executive Officer pursuant to our (4) Incentive Compensation Plan for fiscal 2012, 2011 and 2010. See the Compensation Discussion and Analysis above for information on the Plan.

The following table sets forth detail about the amounts reported for 2012 in the "All Other Compensation" column of the Summary Compensation Table above.

(1) These columns represent potential payouts for fiscal 2012 under our ICP. See the Compensation Discussion and Analysis for a discussion of the performance-based criteria applicable for these awards.

Detailed in these columns is the number of shares underlying the restricted stock units and stock options granted March 27, 2012. Restricted stock units reflect dividend equivalent units with respect to the special cash dividend of \$2.00 per share paid on October 26, 2012, the \$0.15 quarterly dividend paid on March 30, 2012 and the \$0.18 dividend paid on June 29, 2012 and September 28, 2012 and \$0.36 dividend paid on December 28, 2012. The fair value of these dividend equivalent units is not reflected in the "Grant Date Fair Value of Stock and Option Awards" in the Summary Compensation Table above. Options amounts have been adjusted to reflect the special cash dividend of \$2.00 per share that occurred during fiscal 2012. Restricted stock units vest 100% after four years and options vest ratably over five years on each of the first five anniversaries of the grant date.

DSW sets the exercise price of all stock options using the closing market price of its Common Shares on the date of grant. The grant price was subsequently adjusted for the special cash dividend of \$2.00 per share that occurred during fiscal 2012.

Amounts reported in the "Grant Date Fair Value of Stock and Options Awards" column represent the aggregate grant date fair value of equity awards granted during the respective year. For additional information on the valuation assumptions, refer to note 6 of the DSW's financial statements in the Form 10-K for the year ended February 2, 2013, as filed with the SEC.

Potential Payments Upon Termination and Change in Control

Ms. Ferrée and Messrs. MacDonald, Probst and Mustafa have employment agreements with DSW that provide for limited payments and benefits following termination of their employment without “cause” or if the executive terminates employment for “good reason.” Additionally, our Equity Plan provides for acceleration of the vesting of outstanding equity awards upon a change in control for all Company associates, including the Named Executive Officers. Mr.

Schottenstein does not have an employment agreement with us.

Employment Agreements with Ms. Ferrée and Messrs. MacDonald, Probst and Mustafa

Generally, pursuant to the Named Executive Officers' employment agreements, if DSW involuntarily terminates the officer's employment without "cause" or if the officer voluntarily terminates employment for "good reason," each of Ms. Ferrée and Messrs. MacDonald, Probst and Mustafa are entitled to receive:

32

- (i) salary continuation for a 12-month period based on the executive's salary as of the date of termination;
- (ii) a pro-rata share of any annual cash incentive bonus paid for performance in the fiscal year in which the termination occurs;
- (iii) one year of accelerated vesting with respect to outstanding stock options and restricted stock units; and
- (iv) continuing health coverage for 12 months.

Also, pursuant to each officer's employment agreement, if employment terminates as a result of death or disability, each of Ms. Ferrée and Messrs. MacDonald, Probst and Mustafa are entitled to receive a pro-rata share of any annual cash incentive bonus paid for performance in the fiscal year in which the termination occurs.

Each executive's employment agreement also contains confidentiality and non-disparagement provisions effective through the term of the agreement, a non-competition provision effective through the longer of one year following termination of employment or the period of any salary continuation, and a non-solicitation provision effective through the longer of two years following termination of employment or the period of any salary continuation.

For additional information about these employment agreements, see "Employment Agreements with Named Executive Officers" below.

Equity Plan

Pursuant to our Equity Plan and any applicable award agreement, termination by reason of death, disability or retirement (defined as termination after reaching age 65 and completing at least five years of employment) entitles each Named Executive Officer to receive accelerated vesting with respect to all equity awards that are not vested as of the date of termination.

Pursuant to the Equity Plan and any applicable award agreement, a change in control entitles all associates, including each Named Executive Officer, to receive accelerated vesting with respect to all equity awards that are not vested as of the date of the change in control.

Potential Termination and Change in Control Payments

The estimated value of the benefits described above are presented in the following table and are calculated as if the respective termination or change in control event occurred on February 1, 2013 and our stock price was \$67.55, the closing market price of our Class A Common Shares on February 1, 2013, the last trading day of fiscal 2012, in case of termination and \$68.35 in the case of change in control based on the calculation methodology specified in our Equity Plan. The salary continuation amounts below are based on each Named Executive Officer's salary as of the end of fiscal 2012. The actual amounts to be paid will only be determinable at the time of actual payment.

Compensation Committee Review of the Relation of Compensation Design to Risk

The Compensation Committee has reviewed the design and operation of our compensation policies and practices, including incentive compensation arrangements for our Named Executive Officers and for all employees. The Compensation Committee has determined that the Company’s compensation policies and practices do not encourage our employees to take unnecessary or inappropriate risks that could reasonably be expected to materially threaten our value. Several factors contributed to this assessment, including the following:

- The Compensation Committee reviews the quality of our earnings prior to approving incentive payments;
- We provide a significant percentage of compensation based on performance, which is in turn based on annual and long-term incentives that require sustained value creation over several years to earn target incentives;
- For cash incentive payments made under our ICP, the Compensation Committee provides a maximum payout of 200% of target;
- We use the same financial metric—historically net income—to determine annual incentive payouts for all home office bonus eligible associates;
- Certain payments to our Named Executive Officers are subject to recovery if we restate a financial statement due to material noncompliance with any financial reporting requirement under the securities laws and such noncompliance is a result of misconduct; and

The Compensation Committee has the discretion to adjust incentive payments based on (i) key performance indicators that have a long-term financial impact, and (ii) an assessment of whether results are consistent with our values.

Compensation of Directors

Our Compensation Committee reviews director compensation and makes recommendations to our Board of Directors regarding director compensation.

Our current director compensation policies provide that each director who does not otherwise receive compensation from DSW will receive:

• An annual cash retainer of \$55,000;

• An annual equity retainer of \$110,000; and

• An additional annual retainer for committee service for each committee on which such director serves (provided that the committee chairs do not receive such additional retainer) as follows:

• Audit Committee — \$15,000

• Compensation Committee — \$11,500

• Nominating and Corporate Governance Committee — \$10,000

• Technology Committee — \$10,000

The annual retainers are paid as follows:

• The annual cash retainer and the additional annual retainer for committee service are payable in quarterly installments on the last day of each fiscal quarter; and

• The annual equity retainer is payable on the date of each annual meeting of the shareholders for the purpose of electing directors, determined by dividing the amount of the retainer by the share price of our Class A Common Shares on the grant date.

Directors do not receive any additional compensation for attending board meetings or board committee meetings.

However, the chairmen of the Audit Committee, Nominating and Corporate Governance Committee, Compensation Committee, and Technology Committee each receive an additional \$35,000, \$25,000, \$30,000, and \$25,000 in cash or stock units (as they may elect) per year, respectively. During fiscal 2012, the Board increased the compensation of the Nominating and Corporate Governance Committee chair from \$20,000 to \$25,000. We pay this compensation on a quarterly basis. All members of our Board of Directors are reimbursed for reasonable costs and expenses incurred in attending meetings of our Board of Directors and its committees.

Non-management directors may elect to have any of the cash portion of their compensation paid in the form of stock units in lieu of cash.

Stock units issued to a director are fully vested on the date of grant. Beginning in calendar year 2012, the director may elect to have the stock units distributed (i) 30 days following the grant date, (ii) at a specified future date more than 30 days following the grant date, or (iii) when the director leaves the Board (for any reason). Stock units are settled in DSW Class A Common Shares (with cash for any fractional shares), unless the director's award agreement provides for a cash settlement. The stock units are settled in a lump sum.

Directors have no voting rights in respect to the stock units, but they will have the power to vote the DSW Class A Common Shares received upon settlement of the award. In general, directors have equivalent rights to receive dividends paid on DSW Class A Common Shares. Each director is "credited" with the same dividend that would be issued if the stock unit was a DSW Class A Common Share. The amounts associated with the dividend equivalent rights will not be distributed until the director's stock unit award is settled.

PROPOSAL 3 — ADVISORY VOTE ON THE COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS

At the Company's 2011 annual meeting of shareholders, our shareholders voted to hold an advisory vote on executive compensation every year. Consistent with that vote, the Board resolved to hold an advisory "say-on-pay" vote every year in connection with its annual meeting of shareholders. At the 2012 annual shareholder meeting, a substantial majority of the votes cast on the advisory vote on executive compensation were voted in favor of the proposal. The Compensation Committee viewed the vote as a strong expression of our shareholders' general satisfaction with the Company's current executive compensation programs. As a result, the Compensation Committee decided that it was not necessary to implement changes to our executive compensation programs.

The Company asks that you indicate your approval of the compensation paid to our named executive officers as described in this Proxy Statement under Compensation Discussion and Analysis, compensation tables and narratives included elsewhere in this Proxy Statement.

Because your vote is advisory, it will not be binding on the Board of Directors. However, the Board of Directors and the Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

As described in the Compensation Discussion and Analysis, the Company's objectives for its executive compensation program are as follows:

- Attract and retain highly talented, experienced retail executives who can make significant contributions to our long-term success;

- Reward executives for delivering superior performance; and

- Create a strong link among the interests of shareholders, DSW's financial performance and the total compensation of executives, and align executive incentives with shareholder value creation.

Based on the objectives described above, the Committee has structured DSW's executive compensation programs primarily to motivate executives to achieve the business goals established by DSW and reward executives for meeting business goals and delivering superior performance as measured against those business goals.

For the reasons discussed above and in this Proxy Statement, the Board of Directors recommends that shareholders vote to approve the following resolution:

“RESOLVED, that the compensation of the named executive officers of the Company, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement, is approved.”

Vote Required

Under our Code of Regulations, approval of this proposal requires the affirmative vote of the holders of the greater of (i) a majority of the shares required to constitute a quorum for such meeting, in which case broker non-votes have the effect of votes “Against” the proposal, and (ii) a majority of the shares voted on such proposal, in which case broker non-votes are disregarded and have no effect on the outcome of the vote. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a vote “Against” the proposal.

Your Board of Directors unanimously recommends a vote “FOR” the approval of the resolution relating to the compensation of our named executive officers.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

General

Prior to the completion of our initial public offering in July 2005, we were operated as a wholly-owned subsidiary of Retail Ventures. In fiscal 2011, Retail Ventures merged with and into DSW MS LLC (“Merger Sub”), with Merger Sub surviving the Merger and continuing as a wholly owned subsidiary of DSW.

As of March 15, 2013, Jay L. Schottenstein, the Executive Chairman of DSW, beneficially owned approximately 0.2 million of DSW Class A Common Shares and approximately 9.0 million of DSW Class B Common Shares. Mr. Schottenstein serves as chairman of SSC and other affiliated entities of SSC. For fiscal 2012, we paid approximately \$21.1 million in total fees, rents and expenses to SSC and its affiliates.

In the ordinary course of business, we have entered into a number of agreements with SSC and its affiliates relating to our business and our relationship with these companies, the material terms of which are described below. We believe that each of the agreements entered into with these entities is on terms at least as favorable to us as could be obtained in an arm’s length transaction with an unaffiliated third party. In the event that we desire to enter into any agreements with SSC or any of our directors, officers or other affiliates in the future, in accordance with Ohio law, any contract, action or other transaction between or affecting us and one of our directors or officers or between or affecting us and any entity in which one or more of our directors or officers is a director, trustee or officer or has a financial or personal interest, will either be approved by the shareholders, a majority of the disinterested members of our Board of Directors or a committee of our Board of Directors that authorizes such contracts, action or other transactions or must be fair to us as of the time our directors, a committee of our directors or our shareholders approve the contract, action or transaction. In addition, any transactions with directors, officers or other affiliates will be subject to requirements of the Sarbanes-Oxley Act and other Securities and Exchange Commission rules and regulations, as well as to our written related party transaction policy described below.

Procedures for Review of Related Party Transactions

In June 2006, our Board of Directors approved a written related party transaction policy which gives our Audit Committee the power to approve or disapprove potential related party transactions, arrangements or relationships between us and a related person, as described below. The related party transaction policy was amended in March 2007 and a copy of the policy can be found at our corporate and investor website at www.dswinc.com and is available in print (without charge) to any shareholder upon request. The related party transaction policy provides for the review, approval or ratification of any “related person transaction” that we are required to report under this section of the proxy statement.

For purposes of this policy, a “related person transaction” is any transaction which is currently proposed or has been in effect at any time since the beginning of the last fiscal year, in which the Company or any of its subsidiaries, was, or is proposed to be, a participant, and in which any of the following persons (each, a “related person”) has or will have a direct or indirect material interest:

- (1) any person who is, or at any time since the beginning of the Company’s last fiscal year was, a director, director nominee or executive officer of the Company;
- (2) a shareholder of the Company who owns more than five percent (5%) of any class of the Company’s voting securities;
- (3) a member of the immediate family of any person described in (1) or (2) above; and
- (4) an entity in which any person described in (1), (2) or (3) above has a greater than ten percent (10%) equity interest.

In determining whether to approve a related person transaction, the Audit Committee considers the following factors, to the extent relevant:

• Is the transaction in the normal course of the Company’s business?

• Are the terms of the transaction fair to the Company?

• Are the terms of the transaction commercially reasonable? Are the terms of the transaction substantially the same as the terms that the Company would be able to obtain in an arm’s-length transaction with an unrelated third party?

• Has the Company obtained an independent appraisal or completed a financial analysis of the transaction? If so, what are the results of such appraisal or analysis?

• Is the transaction in the best interests of the Company? The Company’s shareholders?

Would the transaction impair a director's independence in the event that the related person is an independent director? Based on an analysis of these factors (and other additional factors that the Audit Committee may deem relevant based on the circumstances), the Audit Committee takes formal action to either approve or reject the related person transaction.

Acquisition of Corporate Headquarters and Columbus Distribution Center

Aircenter Purchase. On October 31, 2012, we entered into a purchase agreement with affiliates of SSC to purchase our corporate headquarters, our 700,000 square foot warehouse and distribution center, and our trailer parking lot located on our main campus in Columbus, OH (the "Acquisition"). We paid an aggregate of \$72 million for these properties, subject to credits and adjustments as provided in the agreement. Previously, we had leased approximately two-thirds of the acquired property from SSC affiliates, which leases were terminated with the completion of the Acquisition (as described below).

Cost Sharing Agreement. On November 1, 2012, in connection with the completion of the Acquisition, we entered into a cost sharing agreement with an SSC affiliate pursuant to which we agreed to contribute \$3 million to the cost of replacing the roof of a building acquired in the Acquisition.

Management Agreement. On November 1, 2012, we entered into a management agreement (the "Management Agreement") with Schottenstein Property Group, LLC ("SPG"), an affiliate of SSC, pursuant to which SPG will provide management, operation, repair, maintenance, replacement, and supervision services with respect to the properties that are the subject of the Management Agreement, collect rent from other tenants, and provide other landlord services with respect to such tenants. SPG previously managed the properties prior to the Acquisition. As compensation, DSW pays SPG 4% of rents collected from lessees of certain portions of the properties, plus reimbursement for certain costs pursuant to the Management Agreement. Under this agreement, we incurred approximately \$22,000 of expense for fiscal 2012. Joseph Schottenstein, a member of the DSW Board of Directors, is an executive officer of SPG.

SB Capital Lease. Prior to the Acquisition, certain portions of the purchased property were leased to third-party tenants. One of these tenants is SB Capital, which is an affiliate of SSC. In connection with the Acquisition, we assumed the role of landlord to the lease with SB Capital. The lease with SB Capital expires in March 2017 and has one renewal option with a term of five years. Under this agreement, we received approximately \$60,000 in rent for fiscal 2012.

Leases and Subleases

Warehouse and Distribution facility. Until the Acquisition, we previously leased our approximately 700,000 square foot warehouse and distribution facility in Columbus, Ohio from an affiliate of SSC. Under this agreement, we incurred approximately \$2.1 million of expense for fiscal 2012 (includes rent, real estate taxes, and CAM). In connection with the Acquisition, this lease was terminated in November 2012.

Corporate Office. Until the acquisition, we previously leased our corporate headquarters in Columbus, Ohio from an affiliate of SSC. Under this agreement, we incurred approximately \$1.0 million of expense for fiscal 2012 (includes rent, real estate taxes, and CAM). In connection with the Acquisition, this lease was terminated in November 2012.

Fulfillment Center. In fiscal 2007, we entered into a lease for a new fulfillment center for dsw.com adjacent to our existing home office in Columbus, Ohio. The landlord is an affiliate of SSC. The lease expires in September 2017 and has two renewal options with terms of five years each. Under this agreement, we incurred approximately \$1.9 million of expense for fiscal 2012 (includes rent, real estate taxes, and CAM).

Utilities. In connection with our former leases for the warehouse and distribution center, corporate office, and current lease for the fulfillment center (described above), we incurred approximately \$1.3 million of expense related to the payment of utilities to the landlords in fiscal 2012. The landlords of these facilities are affiliates of SSC.

DSW stores. As of February 2, 2013, we leased or subleased 22 DSW stores from affiliates of SSC. We incurred approximately \$9.1 million of rent and approximately \$2.1 million of other expense (real estate taxes, maintenance and insurance) related to these leases for fiscal 2012. In addition to base rent, for each lease, we also (a) pay

percentage rent equal to approximately 2% annually of gross sales that exceed specified breakpoints that increase as the minimum rent increases and (b) pay a portion of expenses related to maintenance, real estate taxes and insurance. These leases have terms expiring between October 2015 and January 2023 and generally have at least three renewal options of five years each.

Luxury Goods Partnership

In fiscal 2012, we entered into an agreement with SB Capital, an SSC affiliate, to run five pop-up stores to sell luxury inventory for a limited time beginning in fiscal 2013. Under this agreement, SB Capital will manage all distribution, store operations, reporting and other management for these stores. In return, we pay SB Capital 2% of net sales and 10% of profits. We will also be responsible for all expenses incurred. For fiscal 2012, we incurred approximately \$0.2 million of expense under this agreement, which relates primarily to pass-through expense.

Agreement for Media Services

We receive media services for our stores from Retail Entertainment Design (RED), an affiliate of SSC. The agreement provides for media services such as digital music, video services, and other related services. For fiscal 2012, we paid approximately \$1.0 million to RED.

Corporate Services Agreement with SSC

We receive services from SSC pursuant to a Corporate Services Agreement between us and SSC. The agreement sets forth the costs of shared services, including specified legal, travel expense, and administrative services. For fiscal 2012, our allocated portion of the amount we paid to SSC was in an amount immaterial to the financial statements.

Registration Rights Agreements

We entered into a registration rights agreement with SSC and its affiliated companies, under which we agreed to register in specified circumstances the Class B Common Shares that they hold. Under this agreement, SSC (together with transferees of at least 15% of its interest in registrable DSW Common Shares) may request up to three demand registrations. The agreement will also grant SSC the right to include these Class A Common Shares in an unlimited number of other registrations of any of our securities initiated by us or on behalf of our other shareholders (other than a demand registration made under the agreement).

Warrants and Investments

Warrants. Prior to completion of our initial public offering in July 2005, and in connection with a release from certain loans, Retail Ventures issued to SSC warrants to purchase 1,388,752 common shares of Retail Ventures at a purchase price of \$4.50 per share, subject to adjustment. Effective May 30, 2008, Schottenstein RVI acquired from SSC term loan warrants to purchase an aggregate 1,388,752 of Retail Ventures common shares, subject to adjustment.

In the Merger, Merger Sub assumed by operation of law, as of the effective time of the Merger, the warrants.

Following the effective time of the Merger, the right to exercise such warrants for DSW Class A or Class B Common Shares continued in accordance with the terms of the warrants. Following the effective time of the Merger, the outstanding warrant owned by Schottenstein RVI represented the right to purchase 753,185 DSW Class A or Class B Common Shares. The per share exercise price of each warrant was \$10.3448. On March 14, 2012, Schottenstein RVI exercised 411,963 of the warrants. On May 31, 2012, Schottenstein RVI exercised the remaining 341,222 warrants.

As of the end of fiscal 2012, we had settled all of our outstanding warrants.

Taryn Rose. In January 2010, we invested approximately \$1.2 million into an entity that purchased certain assets of Taryn Rose, a luxury comfortable shoe brand. In exchange for our \$1.2 million investment, we received a 19.9% interest in the entity. The 80.1% owner of the entity is an affiliate of SSC. In January 2013, we sold our interest in Taryn Rose to a third party for approximately \$1.2 million, an amount equal to our investment at that time.

Provisions of Our Amended Articles of Incorporation Governing Corporate Opportunities and Related Party Transactions

SSC is engaged in the same or similar activities or lines of business as we are and has interests in the same areas of corporate opportunities. Summarized below are provisions in our amended articles of incorporation that govern conflicts, corporate opportunities and related party transactions.

Conflicts / Competition. SSC and its affiliates have the right to engage in the same businesses as we do, to do business with our suppliers and customers and to employ any of our officers or employees.

Corporate Opportunities. In the event that SSC or any director or officer of SSC who is also one of our directors or officers learns about a potential transaction or business opportunity which we are financially able to undertake, which is in our line of business, which is of practical advantage to us and in which we have an interest or a reasonable expectancy, but which may also be appropriate for SSC, our amended articles of incorporation provide:

If SSC learns about a corporate opportunity, it does not have to tell us about it and it is not a breach of any fiduciary duty for it to pursue such corporate opportunity for itself or to direct it elsewhere.

If one of our directors or officers who is also a director or officer of SSC learns about a corporate opportunity, he or she shall not be liable to us or to our shareholders if SSC pursues the corporate opportunity for itself, directs it elsewhere or does not communicate information about the opportunity to us, if such director or officer acts in a manner consistent with the following policy:

If the corporate opportunity is offered to one of our officers who is also a director but not an officer of SSC, the corporate opportunity belongs to us unless it was expressly offered to the officer in writing solely in his or her capacity as a director of SSC, in which case it belongs to SSC.

If the corporate opportunity is offered to one of our directors who is not an officer of DSW, and who is also a director or officer of SSC, the corporate opportunity belongs to us only if it was expressly offered to the director in writing solely in his or her capacity as our director.

If the corporate opportunity is offered to one of our officers, whether or not such person is also a director, who is also an officer of SSC, it belongs to us only if it is expressly offered to the officer in writing solely in his or her capacity as our officer or director.

Related Party Transactions. We may, from time to time, enter into contracts or otherwise transact business with SSC, our directors, directors of SSC or organizations in which any of such directors has a financial interest. Such contracts and transactions are permitted if:

the relationship or interest is disclosed or is known to the Board of Directors or the committee approving the contract or transaction, and the Board of Directors or committee, in good faith reasonably justified by the facts, authorizes the contract or transaction by the affirmative vote of a majority of the directors who are not interested in the contract or transaction;

- the relationship or interest is disclosed or is known to the shareholders, and the shareholders approve the contract or transaction by the affirmative vote of the holders of a majority of the voting power of the Company held by persons not interested in the contract or transaction; or

the contract or transaction is fair at the time it is authorized or approved by the Board of Directors, a committee of the board of directors, or the shareholders.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

We engaged Deloitte & Touche LLP as our independent registered public accountants to audit our consolidated financial statements for fiscal 2012. Services provided by Deloitte & Touche LLP for each of fiscal 2012 and fiscal 2011 and the related fees are described under the caption “Audit and Other Service Fees” of this proxy statement. Our Audit Committee is directly responsible for the appointment, compensation, retention, termination and oversight of the work of the independent auditors, and has the sole responsibility to retain and replace our independent auditor. We expect that representatives of Deloitte & Touche LLP will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.
