Item 3.02 Unregistered Sales of Equity Securities.

As previously reported, International Coal Group, Inc. (the “Company”) entered into a privately negotiated agreement dated December 18, 2009 pursuant to which it agreed to issue shares of its common stock, par value \$0.01 per share (the “Common Stock”), in exchange for up to \$30.0 million aggregate principal amount of its 9.00% Convertible Senior Notes due 2012 (the “Notes”) based on certain formulaic considerations. In connection with that agreement, the Company issued, or plans to issue, approximately 6.9 million shares of its Common Stock in exchange for \$24.5 million aggregate principal amount of the Notes.

The issuance of common stock in connection with the agreement was made pursuant to an exemption from the registration requirements of the Securities Act of 1933, as amended (the “Securities Act”), contained in Section 3(a)(9) of the Securities Act, on the basis that the exchange constituted an exchange with existing holders of our securities and no commission or other remuneration was or will be paid or given directly or indirectly to any party for soliciting such exchanges.

This Current Report on Form 8-K does not constitute an offer to exchange the Notes or other securities of the Company for common stock or other securities of the Company.
