Explanation of Responses:

- * If the form is filed by more than one reporting person, see Instruction 4(b)(v).
- ** Intentional misstatements or omissions of facts constitute Federal Criminal Violations. See 18 U.S.C. 1001 and 15 U.S.C. 78ff(a).
- The share balance consists of 6,500 shares of restricted stock granted on November 2, 2009, which vest as follows: 3,250 on November 2, 2011, and 3,250 on November 2, 2013, subject to continuous employment with the issuer.
- The number of underlying securities is based on the stock fund balance on December 11, 2009. The actual number of shares issuable upon the distribution date is not determinable since the stock fund is a unitized account consisting of 96% company stock and 4% money market fund. The stock account balance reflected in this report is based on a December 11, 2009, stock fund price of \$27.37 per share.
- Each unit of phantom stock is the economic equivalent of one share of Johnson Controls common stock. The phantom stock units are being accrued under the Johnson Controls Retirement Restoration Plan. Units of phantom stock are payable in cash following the reporting person's termination of employment with the issuer and may be transferred by the reporting person into an alternative investment account at any time.
- The phantom stock units were accrued under the Johnson Controls Retirement Restoration Plan and are to be settled 100% in cash upon the reporting person's termination of employment with the company. Phantom stock units accrue in the plan through monthly payroll deductions once the limit has been reached in the reporting person's 401(k) plan. The Retirement Restoration Plan mirrors the issuer's broad-based 401(k) plan.
- Each unit of phantom stock is the economic equivalent of one share of Johnson Controls common stock. These phantom share units are being accrued under the Johnson Controls Long-Term Incentive Plan and are payable in cash following the reporting person's termination of employment with the issuer. The units may be transferred by the reporting person into an alternative investment account at any time.
- Each share of phantom stock is the economic equivalent of one share of Johnson Controls common stock. The restricted stock units are being accrued under the Johnson Controls Restricted Stock Plan. The vested units will be settled 100% in cash following the reporting person's termination of employment with the issuer.
- (7) Fifty percent of the options become exercisable two years after the grant date; the remaining 50%, three years after grant date.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure.
