(UNAUDITED)

NOTE 1 – BASIS OF PRESENTATION

Preparation of Interim Financial Statements

The accompanying consolidated financial statements were prepared by Clear Channel Outdoor Holdings, Inc. (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s 2013 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries and give effect to allocations of expenses from the Company’s indirect parent entity, iHeartCommunications, Inc. (formerly, Clear Channel Communications, Inc. or “iHeart”). These allocations were made on a specifically identifiable basis or using relative percentages of headcount or other methods management considered to be a reasonable reflection of the utilization of services provided. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2014 presentation.

On September 16, 2014, CC Media Holdings, Inc., the indirect parent company of the Company, issued a press release that announced a change of its name to “iHeartMedia, Inc.” and changed the names of certain of its affiliates, including as follows:

Adoption of New Accounting Standards

During the first quarter of 2014, the Company adopted the Financial Accounting Standards Board's ("FASB") ASU No. 2013-04, *Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date*. This update provides guidance for the recognition, measurement and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2013 and are to be applied retrospectively to all prior periods presented for such obligations that exist at the beginning of an entity's fiscal year of adoption. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2014, the Company adopted the FASB's ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity of an Investment in a Foreign Entity*. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013 and provide clarification guidance for the release of the cumulative translation adjustment under current U.S. GAAP. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2014, the Company adopted the FASB's ASU No. 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. This update requires unrecognized tax benefits to be offset against a deferred tax asset for a net operating loss carryforward, similar tax loss or tax credit carryforward in certain situations. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements

**NOTES TO CONSOLIDATED FINANCIAL
STATEMENTS**

(UNAUDITED)

During the second quarter of 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*. This new standard provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2016. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

During the third quarter of 2014, the FASB issued ASU No. 2014-12, *Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. This new standard clarifies that a performance target in a share-based compensation award that could be achieved after an employee completes the requisite service period should be treated as a performance condition that affects the vesting of the award. The standard is effective for annual periods and interim periods within those annual periods, beginning after December 15, 2015. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

Indefinite-lived Intangible Assets

The Company's indefinite-lived intangible assets consist primarily of billboard permits in its Americas segment. Due to significant differences in both business practices and regulations, billboards in the International segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International segment.

Other Intangible Assets

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets consist primarily of transit and street furniture contracts, site-leases and other contractual rights, all of which are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

The following table presents the gross carrying amount and accumulated amortization for each major class of other intangible assets at September 30, 2014 and December 31, 2013, respectively:

NOTE 4 – SUPPLEMENTAL DISCLOSURES**Income Tax Benefit (Expense)**

The Company's income tax benefit (expense) for the three and nine months ended September 30, 2014 and 2013, respectively, consisted of the following components:

<i>(In thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2014	2013	2014	2013
Current tax benefit (expense)	\$ (1,462)	\$ 1,859	\$ (21,310)	\$ (34,720)

Income tax benefit (expense)	\$ (5,372)	\$ 10,214	\$ 2,503	\$ 3,126

The effective tax rates for the three and nine months ended September 30, 2014 were 79.1% and 6.7%, respectively. The effective rates were primarily impacted by the Company's inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, the effective tax rates were impacted by the timing and mix of earnings in the various jurisdictions in which the Company operates.

The effective tax rates for the three and nine months ended September 30, 2013 were (575.1)% and 6.7%, respectively. The effective rates for the three and six months ended September 30, 2013 were primarily impacted by the settlement of tax examinations which resulted in a reduction in tax expense of approximately \$1.0 million during the period and the Company's inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

Supplemental Cash Flow Information

During the nine months ended September 30, 2014 and 2013, cash paid for interest and income taxes, net of income tax refunds of \$0.9 million and \$1.2 million, respectively, was as follows:

NOTE 5 – COMMITMENTS, CONTINGENCIES AND GUARANTEES

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

Los Angeles Litigation

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the "City"), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013. The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.

Guarantees

As of September 30, 2014, the Company had \$63.1 million in letters of credit outstanding. Additionally, as of September 30, 2014, iHeart had outstanding commercial standby letters of credit and surety bonds of \$1.5 million and \$43.0 million, respectively, held on behalf of the Company. NOTE 6 – RELATED PARTY TRANSACTIONS

The Company records an amount due from iHeart as "Due from iHeartCommunications" on the consolidated balance sheets. A Revolving Promissory Note issued by iHeart to the Company (the "Due from iHeartCommunications Note"), in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances, reflects the balance of this account. The account accrues interest pursuant to the terms of the Due from

iHeartCommunications Note and the Due from iHeartCommunications Note is generally payable on demand or when it matures on December 15, 2017.

Included in the account are the net activities resulting from day-to-day cash management services provided by iHeart. As a part of these services, the Company maintains collection bank accounts swept daily into accounts of iHeart (after satisfying the funding requirements of the Trustee Accounts under the senior notes and subordinated notes issued by Clear Channel Worldwide Holdings, Inc. ("CCWH")). In return, iHeart funds the Company's controlled disbursement accounts as checks or electronic payments are presented for payment. The Company's claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the "Due from iHeartCommunications" account. At September 30, 2014 and December 31, 2013, the asset recorded in Due from iHeartCommunications on the consolidated balance sheets was \$876.0 million and \$879.1 million, respectively.

The net interest income for the three months ended September 30, 2014 and 2013 was \$15.1 million and \$14.9 million, respectively. The net interest income for the nine months ended September 30, 2014 and 2013 was \$45.0 million and \$39.4 million, respectively. At September 30, 2014 and December 31, 2013, the fixed interest rate on the Due from iHeartCommunications account was 6.5%, which is equal to the fixed interest rate on the CCWH senior notes.

The Company provides advertising space on its billboards for radio stations owned by iHeart. For the three months ended September 30, 2014 and 2013, the Company recorded \$0.7 million and \$1.1 million, respectively, in revenue for these advertisements. For the nine months ended September 30, 2014 and 2013, the Company recorded \$2.8 million and \$1.3 million, respectively, in revenue for these advertisements.

Under the Corporate Services Agreement between iHeart and the Company, iHeart provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) certain executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. services are charged to the Company based on actual direct costs incurred or allocated by iHeart based on headcount, revenue or other factors on a pro rata basis. For the three months ended September 30, 2014 and 2013, the Company recorded \$7.4 million and \$8.9 million, respectively, as a component of corporate expenses for these services. For the nine months ended September 30, 2014 and 2013, the Company recorded \$23.6 million and \$27.6 million, respectively, as a component of corporate expenses for these services.

Pursuant to the Tax Matters Agreement between iHeart and the Company, the operations of the Company are included in a consolidated federal income tax return filed by iHeart. The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to iHeart on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with the provisions of ASC 740-10, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not some portion or all of the asset will not be realized.

Pursuant to the Employee Matters Agreement, the Company's employees participate in iHeart's employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. These costs are recorded as a component of selling, general and administrative expenses and were approximately \$2.6 million for each of the three months ended September 30, 2014 and 2013, respectively. For each of the nine months ended September 30, 2014 and 2013, the Company recorded approximately \$8.0 million as a component of selling, general and administrative expenses for these services.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Format of Presentation

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. All references in this Quarterly Report on Form 10-Q to "we," "us" and "our" refer to Clear Channel Outdoor Holdings, Inc. and its consolidated subsidiaries. Our reportable segments are Americas outdoor advertising ("Americas") and International outdoor advertising ("International"). Our Americas and International segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Certain period amounts have been reclassified to conform to the 2014 presentation.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense), net, Interest expense, Interest income on the Revolving Promissory Note issued by iHeart to the Company (the "Due from iHeartCommunications Note"), Equity in earnings (loss) of nonconsolidated affiliates, Other income, net and Income tax benefit (expense) are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Management typically monitors our businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market. Our advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

Advertising revenue for our segments is highly correlated to changes in gross domestic product ("GDP") as advertising spending has historically trended in line with GDP, both domestically and internationally. Internationally, our results are impacted by fluctuations in foreign currency exchange rates and economic conditions in the foreign markets in which we have operations.

Executive Summary

The key developments in our business for the three months ended September 30, 2014 are summarized below:

- Consolidated revenue increased \$19.8 million including an increase of \$0.6 million from movements in foreign exchange during the three months ended September 30, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, consolidated revenue increased \$19.2 million over the comparable three-month period of

2013.

- Americas revenue decreased \$1.8 million including a decrease of \$0.5 million from movements in foreign exchange during the three months ended September 30, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, revenue decreased \$1.3 million over the comparable three-month period of 2013 primarily driven by lower spending by national accounts.
- International revenue increased \$21.6 million including an increase of \$1.1 million from movements in foreign exchange during the three months ended September 30, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, revenue increased \$20.5 million over the comparable three-month period of 2013 primarily driven by growth in both western Europe and emerging markets.
- During the third quarter of 2014, we spent \$9.4 million on strategic revenue and efficiency initiatives to realign and improve our on-going business operations—an increase of \$0.3 million compared to the third quarter of 2013.

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$9.4 million and \$22.5 million incurred in connection with our strategic revenue and efficiency initiatives during the three and nine months ended September 30, 2014, respectively. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses, and other costs incurred in connection with improving our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized.

Of these costs during the third quarter of 2014, \$1.0 million are reported within direct operating expenses, \$2.0 million are reported within SG&A and \$6.4 million are reported within corporate expense. Income Tax Benefit (Expense)

Our operations are included in a consolidated income tax return filed by iHeartMedia, Inc. (“iHeartMedia”). However, for our financial statements, our provision for income taxes was computed as if we file separate consolidated Federal income tax returns with our subsidiaries.

The effective tax rates for the three and nine months ended September 30, 2014 were 79.1% and 6.7%, respectively. The effective rates were primarily impacted by our inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, the effective tax rates were impacted by the timing and mix of earnings in the various jurisdictions in which we operate.

Our effective tax rates for the three and nine months ended September 30, 2013 were (575.1)% and 6.7%, respectively. The effective rates for the three and six months ended September 30, 2013 were primarily impacted by our inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods.

LIQUIDITY AND CAPITAL RESOURCES**Cash Flows**

The following discussion highlights our cash flow activities during the nine months ended September 30, 2014 and 2013.

<i>(In thousands)</i>	Nine Months Ended September 30,	
	2014	2013
Cash provided by (used for):		
Operating activities	\$ 188,855	\$ 251,123
Investing activities	(110,994)	(99,979)
Financing activities	(184,352)	(293,229)

Operating Activities

Cash provided by operating activities during the nine months ended September 30, 2014 was \$188.9 million compared to \$251.1 million during the nine months ended September 30, 2013. Our consolidated net loss included \$263.8 million of non-cash items during the nine months ended September 30, 2014 and September 30, 2013.

Non-cash items affecting our net loss include depreciation and amortization, deferred taxes, provision for doubtful accounts, share-based compensation, gain on disposal of operating assets, amortization of deferred financing charges and note discounts, net and other reconciling items, net as presented on the face of the consolidated statement of cash flows. The decrease in cash provided by operating activities was primarily a result of the initial reduction in accounts receivable balances driven by working capital optimization efforts in 2013 that subsequently stabilized resulting in a lesser effect on 2014 cash flows from operating activities.

Investing Activities

Cash used for investing activities of \$111.0 million during the nine months ended September 30, 2014 primarily reflected capital expenditures of \$135.5 million. We spent \$48.4 million in our Americas segment primarily related to the construction of new advertising structures such as digital displays, \$84.2 million in our International segment primarily related to billboard and street furniture advertising structures and \$2.8 million by Corporate. Partially offsetting cash used for investing activities were proceeds from the sale of our 49% interest in Buspak and sales of operating and fixed assets.

Cash used for investing activities of \$100.0 million during the nine months ended September 30, 2013 primarily reflected capital expenditures of \$114.3 million. We spent \$43.5 million in our Americas segment primarily related to the construction of new advertising structures such as digital displays, \$68.7 million in our International segment primarily related to billboard and street furniture, and the renewal of existing contracts, and \$2.2 million by Corporate. Partially offsetting cash used for investing activities were proceeds from sales of operating and fixed assets.

Financing Activities

Cash used for financing activities of \$184.4 million for the nine months ended September 30, 2014 was primarily due to a special cash dividend in aggregate amount equal to \$175 million paid to our stockholders of record as of August 4, 2014.

Cash used for financing activities of \$293.2 million for the nine months ended September 30, 2013 primarily reflected net transfers of \$215.5 million in cash to iHeart, which represents the activity in the “Due from iHeartCommunications” account. Other cash used for financing activities included payments to repurchase noncontrolling interests of \$61.1 million.

Anticipated Cash Requirements

Our primary source of liquidity is cash on hand, cash flow from operations, senior revolving credit facility and the promissory note issued by iHeart to the Company (the “Due from iHeartCommunications Note”). Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flows from operations, any available borrowing capacity under the senior revolving credit facility and borrowing capacity under or repayment of amounts outstanding under the Due from iHeartCommunications Note will enable us to meet our working capital, capital expenditure, debt service and other funding requirements, including the debt service on the CCWH Senior Notes and the CCWH Subordinated Notes and dividends, for at least the next 12 months. In addition, we were in compliance with the covenants contained in our material financing agreements as of September 30, 2014. We believe our long-term plans, which include promoting outdoor media spending and capitalizing on our diverse geographic and product opportunities, including the continued deployment of digital displays, will enable us to continue

generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. At September 30, 2014, we had \$203.8 million of cash on our balance sheet, with \$186.9 million in consolidated cash balances held outside the U.S. by our subsidiaries, all of which is readily convertible into other foreign currencies including the U.S. dollar. We disclose in Item 8 of our Form 10-K within Note 1, Summary of Significant Accounting Policies, that our policy is to permanently reinvest the earnings of our non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

As described in “Promissory Note with iHeartCommunications” below, our board of directors has established a committee for the specific purpose monitoring the Due from iHeartCommunications Note. On August 11, 2014, in accordance with the terms of its charter, (i) that committee demanded repayment of \$175 million outstanding under the Due from iHeartCommunications Note on such date and (ii) we paid a special cash dividend in aggregate amount equal to \$175 million to our stockholders of record as of August 4, 2014. Approximately 12% of the proceeds from the dividend, or approximately \$21 million, was paid to our public stockholders. Following satisfaction of the demand, the balance outstanding under the Due from iHeartCommunications Note was reduced by \$175 million, which reduced the amount of the Due from iHeartCommunications Note available to us as a source of liquidity.

Furthermore, in its Quarterly Report on Form 10-Q filed with the SEC on October 28, 2014, iHeart stated that it was in compliance with the covenants contained in its material financing agreements as of September 30, 2014. iHeart similarly stated in such Quarterly Report that its anticipated results are also subject to significant uncertainty and there can be no assurance that actual results will be in compliance with the covenants. Moreover, iHeart stated in such Quarterly Report that its ability to comply with the covenants in its material financing agreements may be affected by events beyond its control, including prevailing economic, financial and industry conditions. As discussed therein, the breach of any covenants set forth in iHeart’s financing agreements would result in a default thereunder, and an event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, as discussed therein, the lenders under the receivables-based credit facility under iHeart’s senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. In addition, iHeart stated in such Quarterly Report that if iHeart is unable to repay its obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. Finally, iHeart stated in such Quarterly Report that a default or acceleration under any of its material financing agreements could cause a default under other obligations that are subject to cross-default and cross-acceleration provisions. If iHeart were to become insolvent, we would be an unsecured creditor of iHeart. In such event, we would be treated the same as other unsecured creditors of iHeart and, if we were not entitled to the cash previously transferred to iHeart, or could not obtain such cash on a timely basis, we could experience a liquidity shortfall.

For so long as iHeart maintains significant control over us, a deterioration in the financial condition of iHeart could have the effect of increasing our borrowing costs or impairing our access to capital markets. As of September 30, 2014, iHeart had \$522.4 million recorded as “Cash and cash equivalents” on its consolidated balance sheets, of which \$203.8 million was held by us and our subsidiaries.

Our ability to fund our working capital, capital expenditures, debt service and other obligations depends on our future operating performance and cash from operations and other liquidity-generating transactions. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. We may not be able to secure any such additional financing on terms favorable to us or at all.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Promissory Notes with iHeart

We maintain an account that represents an amount due from iHeart, which is recorded as “Due from iHeartCommunications” on our consolidated balance sheets. A Revolving Promissory Note issued by iHeart to the Company (the “Due from iHeartCommunications Note”), in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances, reflects the balance of this account. The account accrues interest pursuant to the terms of the Due from iHeartCommunications Note and the Due from iHeartCommunications Note is generally payable on demand or when it matures on December 15, 2017. Included in the accounts are the net activities resulting from day-to-day cash management services provided by iHeart. Such day-to-day cash management services relate only to our cash activities and balances in the U.S. and exclude any day-to-day cash activities and balances within our non-U.S. subsidiaries. However, these cash management services do include all repatriations of excess cash held by our non-U.S. subsidiaries. At September 30, 2014 and December 31, 2013, the asset recorded in “Due from iHeartCommunications” on our consolidated balance sheet was \$876.0 million and \$879.1 million, respectively. At September 30, 2014, we had no borrowings under the cash management note to iHeart.

The Due from iHeartCommunications Note previously was the subject of litigation. Pursuant to the terms of the settlement of that litigation, our board of directors established a committee for the specific purpose of monitoring the Due from iHeartCommunications Note. That committee has the non-exclusive authority, pursuant to the terms of its charter, to demand payments under the Due from iHeartCommunications Note under certain specified circumstances

tied to iHeart's liquidity or the amount outstanding under the Due from iHeartCommunications Note as long as we make a simultaneous dividend equal to the amount so demanded. On August 11, 2014, in accordance with the terms of its charter, (i) that committee demanded repayment of \$175 million outstanding under the Due from iHeart Communications Note on such date and (ii) we paid a special cash dividend in aggregate amount equal to \$175 million to our stockholders of record as of August 4, 2014. Approximately 12% of the proceeds from the dividend, or approximately \$21 million, was paid to our public stockholders. Following satisfaction of the demand, the balance outstanding under the Due from iHeart Communications Note was reduced by \$175 million, which reduced the amount of the Due from iHeartCommunications Note available to us as a source of liquidity.

The net interest income for the nine months ended September 30, 2014 and 2013 was \$45.0 million and \$39.4 million, respectively. At September 30, 2014 and December 31, 2013, the fixed interest rate on the Due from iHeartCommunications Note was 6.5%, which is equal to the fixed interest rate on the CCWH senior notes. On October 23, 2013, in accordance with the terms of the settlement of derivative litigation previously filed by our stockholders, the interest rate on the Due from iHeartCommunications Note was amended such that if the outstanding balance on the Due from iHeartCommunications Note exceeds \$1.0 billion and under certain other circumstances tied to iHeart's liquidity, the rate will be variable but will in no event be less than 6.5% nor greater than 20%.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us pursuant to repayment of the Due from iHeartCommunications Note or by iHeart, in its sole discretion. If we are unable to obtain financing from iHeart, we may need to obtain additional financing from banks or other lenders, or through public

offerings or private placements of debt or equity, strategic relationships or other arrangements at some future date. As stated above, we may be unable to successfully obtain additional debt or equity financing on satisfactory terms or at all.

As long as iHeart maintains a significant interest in us, pursuant to the Master Agreement between iHeart and us, iHeart will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs. Under the Master Agreement with iHeart, we are limited in our borrowings from third parties to no more than \$400.0 million at any one time outstanding, without the prior written consent of iHeart.

Clear Channel Worldwide Holdings Senior Notes

As of September 30, 2014, CCWH senior notes represented \$2.7 billion aggregate principal amount of indebtedness outstanding, which consisted of \$735.75 million aggregate principal amount of 6.5% Series A Senior Notes due 2022 (the "Series A CCWH Senior Notes") and \$1,989.25 million aggregate principal amount of 6.5% Series B CCWH Senior Notes due 2022 (the "Series B CCWH Senior Notes" and, together with the Series A CCWH Senior Notes, the "CCWH Senior Notes"). The CCWH Senior Notes are guaranteed by us, Clear Channel Outdoor, Inc. ("CCOI") and certain of our direct and indirect subsidiaries.

The Series A CCWH Senior Notes indenture and Series B CCWH Senior Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur (i) additional indebtedness under this test, our debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and (ii) additional indebtedness that is subordinated to the CCWH Senior Notes under this test, our debt to adjusted EBITDA ratios (as defined by the indentures) must not be lower than 7.0:1 for total debt. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Senior Notes indenture also permits us to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the indentures) are lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively. The Series A CCWH Senior Notes indenture does not limit our ability to pay dividends. The Series B CCWH Senior Notes indenture contains certain exceptions that allow us to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by us of amounts outstanding under the Revolving Promissory Note issued by iHeart to us.

Consolidated leverage ratio, defined as total debt divided by EBITDA (as defined by the CCWH Senior Notes indentures) for the preceding four quarters was 6.4:1 at September 30, 2014, and senior leverage ratio, defined as senior debt divided by EBITDA (as defined by the CCWH Senior Notes indentures) for the preceding four quarters was 3.6:1 at September 30, 2014. As required by the definition of EBITDA in the CCWH Senior Notes indentures, our EBITDA for the preceding four quarters of \$766.6 million is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net, plus share-based compensation, and is further adjusted for the following: (i) costs incurred in connection with severance, the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary,

non-recurring or unusual gains or losses or expenses; (iii) non-cash charges; and (iv) various other items.

The following table reflects a reconciliation of EBITDA (as defined by the CCWH Senior Notes indentures) to operating income and net cash provided by operating activities for the four quarters ended September 30, 2014:

<i>(In Millions)</i>	Four Quarters Ended September 30, 2014

Clear Channel Worldwide Holdings Senior Subordinated Notes

As of September 30, 2014, CCWH Subordinated Notes represented \$2.2 billion of aggregate principal amount of indebtedness outstanding, which consist of \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the “Series A CCWH Subordinated Notes”) and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the “Series B CCWH Subordinated Notes”).

The Series A CCWH Subordinated Notes indenture and Series B CCWH Subordinated Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, our debt to adjusted EBITDA ratio (as defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Subordinated Notes indenture also permits us to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the indentures) is lower than 7.0:1. The Series A CCWH Senior Subordinated Notes indenture does not limit our ability to pay dividends. The Series B CCWH Subordinated Notes indenture contains certain exceptions that allow us to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by us of amounts outstanding under the Revolving Promissory Note issued by iHeart to us.

Senior Revolving Credit Facility Due 2018

We have a five-year senior secured revolving credit facility with an aggregate principal amount of \$75.0 million. The revolving credit facility may be used for working capital, to issue letters of credit and for other general corporate purposes. At September 30, 2014, there were no amounts outstanding under the revolving credit facility, and \$60.9 million of letters of credit under the revolving credit facility, which reduce availability under the facility.

Other Debt

Other debt consists primarily of loans with international banks. At September 30, 2014, approximately \$14.1 million was outstanding as other debt.

iHeart's Debt Covenants

iHeart's senior secured credit facility contains a significant financial covenant which requires iHeart to comply on a quarterly basis with a financial covenant limiting the ratio of its consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by iHeart's senior secured credit facility) for the preceding four quarters. The maximum ratio under this financial covenant is currently set at 9.00:1 and reduces to 8.75:1 for the four quarters ended December 31, 2014. In its Quarterly Report on Form 10-Q filed with the SEC on October 28, 2014, iHeart stated that it was in compliance with this covenant as of September 30, 2014.

Commitments, Contingencies and Guarantees

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Please refer to "Legal Proceedings" within Part II of this Quarterly Report on Form 10-Q.

Seasonality

Typically, both our Americas and International segments experience their lowest financial performance in the first quarter of the calendar year, with International historically experiencing a loss from operations in that period. Our International segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

Market Risk

We are exposed to market risks arising from changes in market rates and prices, including movements in foreign currency exchange rates and inflation.

Foreign Currency Exchange Rate Risk

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of \$2.1 million and \$12.9 million for the three and nine months ended September 30, 2014, respectively. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have decreased our net income for the three months ended September 30, 2014 by \$0.2 million and we estimate that our net income for the nine months ended September 30, 2014 would have decreased by \$1.3 million. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three and nine months ended September 30, 2014 would have increased our net income for the three and nine months ended September 30, 2014 by corresponding amounts.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

Inflation

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our outdoor display faces.

Cautionary Statement Concerning Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. There can be no assurance, however, that management's expectations will necessarily come to pass. Actual future events and performance may differ materially from the expectations reflected in our forward-looking statements. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including but not limited to:

- risks associated with weak or uncertain global economic conditions and their impact on the capital markets;
- other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- industry conditions, including competition;
- the level of expenditures on advertising;
- legislative or regulatory requirements;
- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions and management;
- capital expenditure requirements;
- risks of doing business in foreign countries;
- fluctuations in exchange rates and currency values;
- the outcome of pending and future litigation;
- taxes and tax disputes;

- changes in interest rates;
- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- our ability to implement our business strategies;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist;
- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- our ability to generate sufficient cash from operations or other liquidity-generating transactions and our need to allocate significant amounts of our cash to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- our relationship with iHeart, including its ability to elect all of the members of our Board of Directors and its ability as our controlling stockholder to determine the outcome of matters submitted to our stockholders and certain additional matters governed by intercompany agreements between us;
- the impact of the above and similar factors on iHeart, our primary direct or indirect external source of capital, which could have a significant need for capital in the future; and
- certain other factors set forth in our other filings with the Securities and Exchange Commission.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Required information is presented under “Market Risk” within Item 2 of this Part I.

ITEM 4. CONTROLS AND PROCEDURES

Under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have carried out an evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2014 to ensure that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC and is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II -- OTHER INFORMATION

Item 1. Legal Proceedings

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

Los Angeles Litigation

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the "City"), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013. The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.
