TAXATION

Certain French Tax Consequences

All payments made by us under or with respect to a Note will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (hereinafter, "Taxes") imposed or levied by or on behalf of the government of France or any other jurisdiction in which we are organized or resident for tax purposes or within or through which payment is made or any political subdivision or taxing authority or agency thereof or therein (any of the aforementioned being a "Taxing Jurisdiction"), unless we are required to withhold or deduct any such Taxes by law or by the interpretation or administration thereof, in which case we will, to the extent permitted by applicable law, pay under certain conditions such additional amounts, as set forth below under "Description of the Notes" "Additional Amounts".

In particular, all payments of interest and other revenues in respect of the Notes to non-French residents will benefit, under currently applicable law, from the withholding tax exemption provided by article 131 quater of the Code Général des Impôts (French Tax Code), provided that the Notes are issued or deemed to be issued outside the Republic of France.

For purposes of the above, (1) the Notes denominated in euro are deemed to be issued outside the Republic of France for the purpose of article 131 quater of the French Tax Code without any further conditions, and (2) the Notes denominated in US dollars should be deemed to be issued outside the Republic of France provided that (i) they are issued through an international syndicate of banks, (ii) their issue has not been submitted to the Commission des Opérations de Bourse and will not be published in the Bulletins des Annonces Légales Obligatoires (BALO) in France and (iii) they will not be offered to the public but will only be offered in France to qualified investors as defined in and in accordance with Articles L411-1 and L411-2 of the French Code Monétaire et Financier.

US Federal Income Tax Considerations

The following general discussion summarizes the material US federal income tax consequences to holders of the Notes. This discussion is for general information only and does not consider all aspects of US federal income taxation that may be relevant to a holder of the Notes in light of his, her or its personal circumstances (including the potential application of the US alternative minimum tax). This discussion is limited to the tax consequences to holders that purchased their Outstanding Notes in the initial offering and exchange them for Exchange Notes pursuant to this exchange offer. This discussion is limited to the US federal income tax consequences to persons who are beneficial owners of the Notes and who hold the Notes as capital assets within the meaning of Section 1221 of the US Internal Revenue Code of 1986, as amended (the "Code"). This discussion does not address the US federal income tax consequences to investors subject to special treatment under the federal income tax laws, such as dealers in securities or foreign currency, brokers, traders that have elected mark-to-market accounting, tax-exempt entities, financial institutions, financial services entities, banks, thrifts, insurance companies, persons that hold the Notes as part of a "straddle," as part of a hedge, or as part of a conversion transaction, certain expatriates or former long-term residents of the United States, persons that have a functional currency other than the US dollar, partnerships, other pass-through entities, and investors in pass-through entities that hold the Notes. This discussion does not describe any tax consequences arising out of the tax laws of any state, local or foreign jurisdiction, or any possible applicability of US federal gift or estate tax.

This summary is based upon current provisions of the Code, existing and proposed US Treasury regulations thereunder, and current administrative rulings and court decisions, as of the date hereof. All of the foregoing are subject to change, possibly on a retroactive basis, and any such change could affect the continuing validity of this discussion.

Table of Contents

The following discussion is limited to the US federal income tax consequences to US Holders. A US Holder is a holder of a Note that is a beneficial owner of the Note and that is for US federal income tax purposes:

a citizen or resident of the United States, including an alien who is a lawful permanent resident of the United States or meets the substantial presence test under Section 7701(b) of the Code;

a corporation (or other entity treated as a corporation for US federal income tax purposes) created or organized in the United States or under the laws of the United States or any political subdivision thereof;

an estate whose income is includible in gross income for US federal income tax purposes regardless of its source; or

a trust, if a US court is able to exercise primary supervision over administration of the trust and one or more US persons have the authority to control all substantial decisions of the trust.

Except to the limited extent below under Backup Withholding and Information Reporting, the following discussion does not address a beneficial owner that is an individual, a corporation, an estate or a trust other than a US Holder (a Non-US Holder). Each Non-US Holder is advised to consult its own tax adviser regarding the tax considerations applicable to an investment in the Notes.

Investors should consult their own tax advisors concerning the application of US federal income tax laws, as well as the law of any state, local or foreign taxing jurisdiction, to holding or exchanging Notes in their particular situations.

Exchange Offer.

The exchange of Outstanding Notes for Exchange Notes pursuant to the exchange offer should not constitute a material modification of the terms of a Note and therefore should not constitute a taxable event for US federal income tax purposes to US Holders regardless of whether such Notes are dollar-denominated or euro-denominated. Consequently, a US Holder will not recognize gain or loss upon receipt of an Exchange Note. The US Holder's holding period in an Exchange Note will include its holding period in the related Outstanding Note, the US Holder's tax basis in an Exchange Note immediately after the exchange will be the same as its tax basis in the related Outstanding Note immediately before the exchange and the US Holder will continue to take into account income in respect of an Exchange Note in the same manner as before the exchange.

Stated Interest

Interest on the dollar-denominated Notes will be taxable to a US Holder as ordinary income at the time it accrues or is received in accordance with such holder's method of accounting for US federal income tax purposes.

Interest on the euro-denominated Notes also will be taxable to a US Holder as ordinary income at the time it accrues or is received in accordance with such holder's method of accounting for US federal income tax purposes. In addition, a US Holder of a euro-denominated Note that uses the cash method of accounting measures interest received by translating the amount of euro into dollars at the spot rate on the date of receipt (if the US Holder receives euro) or on the date it is deemed received (if the US Holder receives US dollars). A US Holder of a euro-denominated Note that uses the accrual method of accounting is generally required to determine interest income received using either of two methods. Under the first method, the dollar value of interest accrued is translated at the average exchange rate for the interest accrual period (or, with respect to an accrual period that spans two taxable years, the partial period within the relevant taxable year). The average exchange rate for an accrual period (or partial period) is the simple average of the spot rates for each business day of such period or other average exchange rate for that period reasonably derived and consistently applied by the US Holder. Under the

Table of Contents

second method, a US Holder can make an election (which must be applied consistently to all debt instruments from year to year and may not be revoked without the consent of the US Internal Revenue Service (the "IRS")) to accrue interest on a euro-denominated Note at the euro spot rate on the last day of an interest accrual period (or, in the case of an accrual period that spans two taxable years, the last day of the relevant taxable year), or, if the last day of an accrual period is within five business days of receipt of the interest payment, the spot rate on the date of receipt. A US Holder generally will recognize exchange gain or loss, as the case may be, on the receipt of euro to the extent that the exchange rate on the date payment is received differs from the rate applicable to the accrual of that income. This foreign currency gain or loss will generally be treated as ordinary income or loss, and sourced to the United States for foreign tax credit purposes.

Interest income on the Notes will constitute foreign source income and generally will be passive income (or high withholding tax interest if the applicable withholding tax is imposed at a rate of 5% or more) or financial services income for US foreign tax credit purposes. The rules relating to foreign tax credits and the timing thereof are extremely complex and US Holders should consult with their own tax advisors with regard to the availability of a foreign tax credit and the application of the foreign tax credit limitations to their particular situation.

Euro received (or deemed received) as interest on the euro-denominated Notes will have a tax basis equal to its US dollar value at the time the interest payment is received. Gain or loss, if any, realized by a US Holder on a sale or other disposition of that foreign currency will be ordinary income or loss and will generally be income from sources within the US for foreign tax credit limitation purposes.

Additional Amounts, Additional Interest, Change in Control and Optional Redemption

We believe the likelihood that the issuer will pay Additional Amounts, as described above under Description of the Notes Additional Amounts or additional interest upon a registration default, as described above under Registered Exchange Offer, Registration Rights, is remote or incidental (within the meaning of the applicable US Treasury regulations). We therefore believe that the possible payment of Additional Amounts or additional interest will not cause the Notes to be treated as having been issued with original issue discount for US federal income tax purposes and that a US Holder will be required to treat the gross amount of any Additional Amounts or additional interest as ordinary interest income at the time such amount is received or accrued in accordance with such US Holder's method of accounting for US federal income tax purposes. Consequently, the amount a US Holder will include in gross income with respect to a Note could exceed the amount includible by the US Holder as stated interest, should Additional Amounts or additional interest be due under the Notes. Additionally, the amount of interest required to be included in income by a US Holder will include the amount of taxes, if any, withheld by Vivendi Universal or its agent in respect thereof. Thus, in the event of such withholding, a US Holder would be required to report gross income in an amount greater than the cash it receives in respect of payments on the Notes. However, a US Holder could be eligible, subject to certain limitations, to claim such withholding taxes as a credit or deduction for purposes of computing the amount of its US federal income tax liability (notwithstanding that the payment of such taxes will be made by Vivendi Universal or its agent).

Similarly, we intend to take the position that the likelihood of the payment of the redemption premium upon a change of control, as described under Description of Exchange Notes Repurchase at the Option of the Holders Change of Control, or an optional redemption, as described under Description of Exchange Notes Optional Redemption is remote within the meaning of applicable US Treasury regulations and do not intend to treat that possibility as affecting the yield to maturity of the Notes (for purposes of the original issue discount provisions of the Code).

Purchase, Sale, Exchange or Redemption of the Notes

Dollar-denominated Notes. Unless a nonrecognition provision applies, upon the disposition of a dollar-denominated Note by sale, exchange or redemption, a US Holder generally will recognize gain or

Table of Contents

loss equal to the difference between (i) the amount of cash received plus the fair market value of any property received on the disposition (other than amounts attributable to accrued interest not yet taken into income, which will be taxable as ordinary interest income) and (ii) the US Holder's adjusted tax basis in the dollar-denominated Note. A US Holder's adjusted tax basis in a dollar-denominated Note generally will equal the cost of the dollar-denominated Note to the US Holder.

Because the dollar-denominated Notes are held as a capital asset, such gain or loss generally will constitute capital gain or loss and will be long-term capital gain or loss if the US Holder has held the Notes for longer than one year. If the US Holder is an individual, any long-term capital gain generally will be subject to US federal income tax at preferential rates if specified minimum holding periods are met. The deductibility of capital losses is subject to certain limitations. Any gain or loss recognized by a US Holder on the sale, exchange or redemption of a dollar-denominated Note will generally be treated as US source for purposes of computing the US foreign tax credit limitation.

Euro-denominated Notes. The cost to a US Holder of a euro-denominated Note (and therefore generally the US Holder's tax basis) will be the US dollar value of the euro purchase price, translated at the spot rate of the euro on the date of purchase (or, in some cases, on the settlement date). The conversion of dollars into euro and the immediate use of those euro to purchase a euro-denominated Note generally will not result in a taxable gain or loss to the US Holder.

Gain or loss recognized by a US Holder on a sale, exchange or redemption of a euro-denominated Note will generally be computed in the same way as gain or loss on the sale, exchange or redemption of a dollar-denominated Note. The amount realized by a holder of a euro-denominated Note will be based on the US dollar value of the euro received, determined using the spot rate in effect on the date of such sale, exchange or redemption (or, if US dollars are received, the amount so received). To the extent that such recognized gain or loss with respect to the principal amount of the Note is attributable to changes in the euro exchange rates between the dates of acquisition and disposition of the euro-denominated Note, such gain or loss will be treated as exchange gain or loss that is ordinary in character. However, exchange gain or loss (including, any exchange gain or loss realized with respect to accrued interest as described in *Stated Interest*, above) is taken into account only to the extent of the total gain or loss realized on the transaction. Any gain or loss in excess of exchange gain or loss will be capital gain or loss, and will be long-term capital gain or loss (subject to the preferential rates and limitations described above) if the euro-denominated Note has been held for more than one year. Any gain or loss recognized by a US Holder on the sale, exchange or redemption of a euro-denominated Note (including exchange gain or loss) will generally be treated as US source for purposes of computing the US foreign tax credit limitation.

A US Holder will have a tax basis in any euro received on the sale, exchange, or redemption of a euro-denominated Note equal to the dollar value of the euro on the date of receipt. Gain or loss, if any, realized by a US Holder on a sale or other disposition of that foreign currency will be ordinary income or loss and will generally be income from sources within the US for foreign tax credit limitation purposes.

If we were to obtain a discharge of the indenture with respect to all of the Notes then outstanding, as described under *Description of Exchange Notes – Satisfaction and Discharge*, such discharge would generally be deemed to constitute a taxable exchange of the Notes outstanding for other property. In such case, a US Holder would be required to recognize capital gain or loss in connection with such deemed exchange. In addition, after such deemed exchange, a US Holder might also be required to recognize income from the property deemed to have been received in such exchange over the remaining life of the transaction in a manner or amount that is different than if the discharge had not occurred. US Holders should consult their tax advisors as to the specific consequences arising from a discharge in their particular situations.

Backup Withholding and Information Reporting. Each US Holder and each non-US Holder of Notes may be subject, under certain circumstances, to information reporting and backup withholding at the then applicable rate (currently 28%, 31% for 2011 and thereafter) with respect to payments of

Table of Contents

interest on, and gross proceeds from a sale, exchange or other disposition (including repayment of principal) of, the Notes. These backup withholding rules apply if the holder, among other things:

fails to furnish a social security number or other taxpayer identification number (TIN) certified under penalties of perjury within a reasonable time after the request therefore;

furnishes an incorrect TIN;

fails properly to report interest and dividend income;

under certain circumstances, fails to provide a certified statement, signed under penalties of perjury, that the TIN furnished is the correct number and that such US Holder is not subject to backup withholding; or

in the case of a non-US Holder, fails to meet certain certification requirements or exemptions.

A US Holder of Notes who does not provide his, her or its correct taxpayer identification number may be subject to penalties imposed by the IRS. Any amount paid as backup withholding is creditable against the holder's US federal income tax liability, provided the requisite information is provided timely to the IRS. Certain persons are exempt from backup withholding, including corporations and tax-exempt entities, provided their exemption from backup withholding is properly established. Holders of Notes should consult their tax advisors as to their qualifications for exemption from withholding and the procedure for obtaining such exemption.

THE PRECEDING DISCUSSION OF THE MATERIAL US FEDERAL INCOME TAX CONSEQUENCES IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. ACCORDINGLY, EACH INVESTOR SHOULD CONSULT HIS, HER OR ITS OWN TAX ADVISOR AS TO THE PARTICULAR TAX CONSEQUENCES OF HOLDING OR EXCHANGING NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF ANY STATE, LOCAL OR FOREIGN TAX LAWS, AND OF ANY PROPOSED CHANGES IN APPLICABLE LAW.

EU Savings Directive

The Council of the European Union has adopted, by the 2513th Council Meeting on Economic and Financial Affairs on June 3, 2003, a directive on taxation of savings income in the form of interest payments.

By provisions implementing the directive, each EU Member State must require paying agents established within its territory to provide to the competent authority of that State details of the payment of interest made to any individual resident in another Member State as the beneficial owner of the interest. The competent authority of the Member State of the paying agent is then required to communicate this information to the competent authority of the Member State of which the beneficial owner of the interest is a resident.

For a transitional period, Austria, Belgium and Luxembourg may instead of providing information opt to withhold tax from interest payments within the meaning of the directive at a rate of 15% for the first three years, i.e. starting January 1, 2005, if the provisions of the directive are applied as scheduled (or at a rate of 20% as from January 1, 2008 and 35% as from January 1, 2011).

Under this directive the Member States of the European Union are required to adopt and publish the laws, regulations and administrative provisions necessary to comply with the directive before January 1, 2004. These laws, regulations and administrative provisions will, subject to a number of important conditions being met, have to be applied from January 1, 2005. At least six months before January 1, 2005, the Council of the European Union will decide, by unanimity, whether these conditions have been met.

Investors should rely on their own analysis of the terms of the directive and should consult appropriate legal or taxation professionals.

DESCRIPTION OF EXCHANGE NOTES

You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. In this section, references to Vivendi, we, us, our and our company refer only to Vivendi Universal S.A. and not to any of its subsidiaries. References to the Notes refer to Outstanding Notes and to the Exchange Notes.

The Outstanding Notes were, and the Exchange Notes will be, issued under an indenture between us and The Bank of New York, as trustee, which was amended by the supplemental indenture dated as of November 21, 2003, between us and the trustee. References to the indenture refer to the indenture as amended by the supplemental indenture. The terms of the Notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

The terms of the Exchange Notes are identical in all material respects to the Outstanding Notes, except that:

the Exchange Notes have been registered under the Securities Act and therefore will not be subject to the restrictions on transfer applicable to the Outstanding Notes; and

holders of the Exchange Notes will not be entitled to rights of holders of Outstanding Notes under the exchange and registration rights agreement.

The following description is a summary of the material provisions of the indenture and the supplement thereto. The following summary does not restate the indenture or the supplement thereto in its entirety. We urge you to read the indenture, as amended, because it, and not this description, defines your rights as holders of the Notes. Copies of the indenture and the supplement thereto have been filed as exhibits to the registration statement of which this prospectus is a part and copies are also available as set forth below under **Additional Information**. Certain defined terms used in this description but not defined below under **Certain Definitions** have the meanings assigned to them in the indenture.

The registered holder of a Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes

The Notes will be:

our general unsecured obligations;

pari passu in right of payment with all of our existing and future unsecured senior Indebtedness;

effectively junior to our secured Indebtedness up to the value of the collateral securing such Indebtedness; and

senior in right of payment to any of our future subordinated Indebtedness.

The Notes will effectively rank junior to all Indebtedness and other liabilities, including trade payables, of our Subsidiaries with respect to the assets of those Subsidiaries. In the event of a bankruptcy, liquidation or reorganization of any of these Subsidiaries, the Subsidiaries will pay the holders of their debt and other obligations, including trade creditors, before they will be able to distribute any of their assets to us. As of June 30, 2003, after giving effect to the issuance on July 10, 2003 of the July Senior Notes and the application of the net proceeds thereof to repay the 1,107 million SIT Facility, (1) we and our consolidated subsidiaries would have had gross debt (including short term debt) of 17.1 billion, (2) Vivendi Universal S.A. would have had 3.1 billion of secured indebtedness and 8.1 billion of unsecured senior indebtedness outstanding (excluding debt of our subsidiaries) and (3) our subsidiaries would have had 5.9 billion of indebtedness.

See **Capitalization**, **Use of Proceeds**, **Note 7** to our Consolidated Financial Statements contained in our Annual Report on Form 20-F for the year ended December 31, 2002 and **Note 4** to the unaudited interim financial statements included in the Half-Year Report.

Table of Contents

As of the date of the indenture, all of our Subsidiaries will be Restricted Subsidiaries . However, under the circumstances described below under the caption Certain Covenants Designation of Restricted and Unrestricted Subsidiaries , we may from time to time designate any of our Subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture.

Principal, Maturity and Interest

Vivendi issued \$935 million in aggregate principal amount of dollar-denominated senior notes and 325 million in aggregate principal amount of euro-denominated senior notes on April 8, 2003, all of which are outstanding as of the date of this prospectus. Subject to compliance with the covenant described below under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock and following the consummation of the exchange offer, Vivendi may from time to time issue additional Notes under the indenture. Both series of Notes and any additional Notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, except as described under Amendment, Supplement and Waiver . The Outstanding Notes were issued, and the Exchange Notes will be issued in denominations of \$1,000 and 1,000 and integral multiples of \$1,000 and 1,000, respectively. The Notes will mature on April 15, 2010.

Interest on the dollar-denominated senior notes will accrue at the rate of 9.25% per annum, and interest on the euro-denominated senior notes will accrue at the rate of 9.50% per annum. Interest on the Notes will be payable semi-annually in arrears on April 15 and October 15 of each year. Vivendi will make each interest payment to the holders of record on the immediately preceding April 1 and October 1.

Vivendi will also pay Special Interest to holders under certain circumstances pursuant to the exchange and registration rights agreement.

Paying Agent and Registrar for the Notes

Principal of and premium, if any, and interest on the dollar-denominated Notes will be payable at the office or agency of Vivendi maintained for such purpose in the City and State of New York (the *Dollar Paying Agent*) or in Luxembourg (the *Luxembourg Paying Agent*), and interest on the euro-denominated Notes will be payable at the office or agency of Vivendi maintained for such purpose in the City and State of New York, Luxembourg, London, England or Paris, France (the *Euro Paying Agent* and, together with the Dollar Paying Agent, the Luxembourg Paying Agent and any other paying agent maintained by Vivendi, the *Paying Agents*). At the option of Vivendi, payment of interest may be made by check mailed to the holders of the Notes at their respective addresses set forth in the register of holders of Notes; *provided* that if any holder has given wire transfer instructions to Vivendi or the applicable Paying Agent at least 15 days prior to the payment date, all payments of principal, premium, if any, and interest with respect to the Notes held by such holder will be made by wire transfer of immediately available funds to the account specified by such holder.

Until otherwise designated by Vivendi, Vivendi's office or agency in the City and State of New York will be the office of the trustee maintained for such purpose in the City and State of New York and Vivendi's office or agency in London, England or Paris, France will be the office of the trustee maintained for such purpose in London, England or Paris, France. Vivendi may change the applicable Paying Agent or registrar without prior notice to the holders, and Vivendi or any of the Restricted Subsidiaries may act as a Paying Agent or registrar.

You should read Clearance and Settlement below for more information on payments on the Notes through the Depository Trust Company for the dollar-denominated Notes and Euroclear and Clearstream for the euro-denominated Notes.

Listing

The Outstanding Notes are listed on the Luxembourg Stock Exchange, and we intend to list the Exchange Notes on the Luxembourg Stock Exchange. So long as any series of the Notes are listed on the Luxembourg Stock Exchange and if required by the rules of the Luxembourg Stock Exchange, a Paying Agent and Transfer Agent (the *Luxembourg Transfer Agent*) will be maintained in Luxembourg at all times that payments are required to be made in respect of that series of Notes. In case definitive Notes are issued a Paying and Transfer Agent will be appointed and a notice will be published in Luxembourg as set forth below. In addition, for so long as any series of the Notes are listed on the Luxembourg Stock Exchange and the rules of the exchange so require, notices to be given to holders of that series of Notes shall be validly given if published in a daily leading newspaper with general circulation in Luxembourg (expected to be the *Luxemburger Wort*). For more detail, see Book Entry; Delivery and Form and Clearance and Settlement below.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. Vivendi is not required to transfer or exchange any Note selected for redemption. Also, Vivendi is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

For so long as any series of Notes is listed on the Luxembourg Stock Exchange and the rules of such exchange so require, in the case of a transfer or exchange of definitive registered Notes, a holder thereof may effect such transfer or exchange by presenting and surrendering such Notes at, and obtaining a new definitive registered Notes from, the office of the Luxembourg Transfer Agent. In the case of a transfer of only a part of a definitive registered Note, a new definitive Note in respect of the balance of the principal amount of the definitive registered Note transferred will be delivered at the office of the Luxembourg Transfer Agent, and in the case of any lost, stolen, mutilated or destroyed definitive registered Note, a holder thereof may obtain a new definitive registered Note from the Luxembourg Transfer Agent. Vivendi expects that new certificated notes issued in the circumstances set forth above will be available within seven business days at the office of the Trustee and the office of any Paying Agent.

Additional Amounts

All payments made by Vivendi under or with respect to a Note will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (hereinafter, *Taxes*) imposed or levied by or on behalf of the government of France or any other jurisdiction in which Vivendi is organized or is a resident for tax purposes or within or through which payment is made or any political subdivision or taxing authority or agency thereof or therein (any of the aforementioned being a *Taxing Jurisdiction*), unless Vivendi is required to withhold or deduct any such Taxes by law or by the interpretation or administration thereof.

If Vivendi is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to a Note, Vivendi will, to the extent permitted by applicable law, pay such additional amounts (*Additional Amounts*) as may be necessary so that the net amount received by the holder of such Note (including Additional Amounts) after such withholding or deduction of such Taxes will not be less than the amount such holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that notwithstanding the foregoing, Additional Amounts will not be paid with respect to:

- (1) any Taxes that would not have been so imposed, deducted or withheld but for the existence of any present or former connection between the holder or beneficial owner of a Note (or

Table of Contents

between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, the holder or beneficial owner of such Note, if the holder or beneficial owner is an estate, nominee, trust, partnership or corporation) and the relevant Taxing Jurisdiction (other than the mere receipt of such payment or the ownership or holding of or the execution, delivery, registration or enforcement of such Note);

- (2) subject to the last paragraph of this section, any estate, inheritance, gift, sales, excise, transfer or personal property tax or similar tax, assessment or governmental charge;
- (3) any Taxes payable otherwise than by deduction or withholding from payments under or with respect to such Note;
- (4) any Taxes that would not have been so imposed, deducted or withheld if the holder or beneficial owner of the Note or beneficial owner of any payment on such Note had (i) made a declaration of non-residence, or any other claim or filing for exemption, to which it is entitled or (ii) complied with any certification, identification, information, documentation or other reporting requirement concerning the nationality, residence, identity or connection with the relevant Taxing Jurisdiction of such holder or beneficial owner of such Note or any payment on such Note (*provided that* (x) such declaration of non-residence or other claim or filing for exemption or such compliance is required by the applicable law of the relevant Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of the imposition, deduction or withholding of, such Taxes and (y) at least 30 days prior to the first payment date with respect to which such declaration of non-residence or other claim or filing for exemption or such compliance is required under the applicable law of the Taxing Jurisdiction, the relevant holder at that time has been notified by Vivendi, or any other person through whom payment may be made that a declaration of non-residence or other claim or filing for exemption or such compliance is required to be made);
- (5) any Taxes that would not have been so imposed, deducted or withheld if the beneficiary of the payment had presented the Note for payment within 30 days after the date on which such payment or such Note became due and payable or the date on which payment thereof is duly provided for, whichever is later (except to the extent that the holder would have been entitled to Additional Amounts had the Note been presented on the last day of such 30-day period);
- (6) any payment under or with respect to a Note to any holder that is a fiduciary or partnership or any person other than the sole beneficial owner of such payment or Note, to the extent that a beneficiary or settlor with respect to such fiduciary, a member or such a partnership or the beneficial owner of such payment or Note would not have been entitled to the Additional Amounts had such beneficiary, settlor, member or beneficial owner been the actual holder of such Note;
- (7) any withholding or deduction imposed on a payment that is required to be made pursuant to European Council Directive 2003/48/EC or any other European Union Directive on the taxation of savings implemented by the European Council of Economic and Finance Ministers (ECOFIN);
- (8) any withholding or deduction that is imposed on a Note that is presented for payment by or on behalf of a holder that would have been able to avoid such withholding or deduction by presenting the Note to another paying agent in a member state of the European Union for holders of Notes who are resident in the European Union and in the United States for holders of Notes who are resident in the United States; or
- (9) any combination of items (1) through (8) above.

The foregoing provisions shall survive any termination or discharge of the indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor Person to Vivendi.

Table of Contents

Vivendi will also make any applicable withholding or deduction and remit the full amount deducted or withheld to the relevant authority in accordance with applicable law. Vivendi will furnish to the trustee certified copies or tax receipts or, if such tax receipts are not reasonably available to Vivendi, such other documentation that provides reasonable evidence of such payment by Vivendi. Copies of such receipts or other documentation will be made available to the holders or the Paying Agents, as applicable, upon request.

Whenever in the indenture or in this Description of Exchange Notes there is mentioned, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Vivendi will pay any present or future stamp, court or documentary taxes or any other excise or property taxes, charges or similar levies that arise in any jurisdiction from the execution, delivery, enforcement or registration of the Notes, the indenture or any other document or instrument in relation thereto, excluding all such taxes, charges or similar levies imposed by any jurisdiction outside any jurisdiction in which Vivendi or any successor Person is organized or resident for tax purposes or any jurisdiction in which a Paying Agent is located other than those resulting from, or required to be paid in connection with, the enforcement of the Notes or any other document or instrument following the occurrence of an Event of Default with respect to the Notes, and Vivendi will agree to indemnify the holders of the Notes for any such non-excluded taxes paid by such holders.

Optional Redemption

At any time prior to April 15, 2007, Vivendi may at its option redeem all or part of the Notes upon not less than 30 nor more than 60 days prior notice at a redemption price equal to 100% of the principal amount of the Notes being redeemed *plus* the Applicable Premium *plus* accrued and unpaid interest and Special Interest, if any, to the applicable redemption date.

Additionally, at any time prior to April 15, 2006, Vivendi may at its option on any one or more occasions redeem up to 35% of the aggregate principal amount of each series of the Notes at a redemption price equal to 109.25% of the principal amount for the dollar-denominated Notes and 109.50% of the principal amount for the euro-denominated Notes, plus in each case accrued and unpaid interest and Special Interest, if any, to the redemption date, with the net cash proceeds of an Equity Offering; *provided* that:

- (1) Vivendi received at least 50 million in gross proceeds from such Equity Offering;
- (2) at least 65% of the initial aggregate principal amount of each such series remains outstanding immediately after the occurrence of such redemption (excluding Notes held by Vivendi and its Subsidiaries); and
- (3) the redemption occurs within 120 days of the date of the closing of such Equity Offering.

On or after April 15, 2007, Vivendi may redeem all or a part of the Notes upon not less than 30 nor more than 60 days prior notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Special Interest, if any, on the Notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on April 15 of the years indicated below:

Year	Dollar Note Percentage	Euro Note Percentage
2007	104.625%	104.750%
2008	102.313%	102.375%
2009 and thereafter	100.000%	100.000%

Redemption of Notes for Changes in Withholding Taxes

Vivendi may, at its option, redeem all, but not less than all, of the then outstanding Notes of a series at a redemption price equal to 100% of the principal amount of the Notes, plus accrued and unpaid interest thereon to the redemption date. This redemption applies only if as a result of any amendment to, or change in, the laws or treaties (including any rulings or regulations promulgated thereunder) of France or any other jurisdiction in which Vivendi is organized or is a resident for tax purposes or within or through which payment is made or any political subdivision or taxing authority or agency thereof or therein (or, in the case of Additional Amounts payable by a successor Person to Vivendi, of the jurisdiction in which such successor Person is organized or is a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein) or any amendment to or change in any official position concerning the interpretation, administration or application of such laws, treaties, rulings or regulations (including a holding by a court of competent jurisdiction), which amendment or change is effective on or after the date of the indenture (or, in the case of Additional Amounts payable by a successor Person to Vivendi, the date on which such successor Person became such pursuant to applicable provisions of the indenture), that Vivendi has become or will become obligated to pay Additional Amounts (as described above under Additional Amounts) on the next date on which any amount would be payable with respect to such Notes and Vivendi determines in good faith that such obligation cannot be avoided (including, without limitation, by changing the jurisdiction from which or through which payment is made) by the use of reasonable measures available to Vivendi.

No such notice of redemption may be given earlier than 90 days prior to the earliest date on which Vivendi would be obligated to pay such Additional Amounts were a payment in respect of the such Notes then due or later than 180 days after such amendment or change referred to in the preceding paragraph. At the time such notice of redemption is given, such obligation to pay such Additional Amounts must remain in effect. Immediately prior to the mailing of any notice of redemption described above, Vivendi shall deliver to the trustee (i) a certificate stating that Vivendi is entitled to elect to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of Vivendi so to elect to redeem have occurred and (ii) an opinion of counsel qualified under the laws of the relevant jurisdiction to the effect that Vivendi or such successor Person, as the case may be, has or will become obligated to pay such Additional Amounts as a result of such amendment or change.

Mandatory Redemption

Vivendi is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Selection and Notice

If less than all of any series of Notes are to be redeemed at any time, the trustee will select Notes for redemption as follows:

- (1) if the applicable Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which they are listed; or
- (2) if the applicable Notes are not listed on any national securities exchange or the relevant national securities exchange does not have any applicable requirements, on a pro rata basis, by lot or by such method as the trustee deems fair and appropriate.

No Notes of \$1,000 or less or 1,000 or less, as the case may be, can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional and, so long as any series of the Notes are listed on the Luxembourg

Table of Contents

Stock Exchange and if required by the rules of the Luxembourg Stock Exchange, notice will be published in Luxembourg as set forth under Listing .

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of Notes upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs at any time, unless Vivendi has exercised its right to redeem the Notes as described above under the caption Optional Redemption, each holder of Notes will have the right to require Vivendi to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000 or 1,000 or an integral multiple of 1,000, as the case may be) of that holder's Notes pursuant to a Change of Control offer on the terms set forth in the indenture for a repurchase price in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest and Special Interest, if any, on the Notes repurchased, to the date of purchase. Within 30 days following any Change of Control, Vivendi will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice. Vivendi will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, Vivendi will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such conflict.

On the Change of Control payment date, Vivendi will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control offer;
- (2) deposit with the relevant Paying Agent an amount equal to the aggregate purchase price in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the Notes properly accepted together with an officers' certificate stating the aggregate principal amount of Notes being purchased by Vivendi.

The relevant Paying Agent will promptly mail to each holder of Notes properly tendered the purchase price for such Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each new Note will be in a principal amount of \$1,000 or 1,000, as the case may be, or an integral multiple of \$1,000 or 1,000, as the case may be.

If, at the time of a Change of Control, any series of Notes is listed on the Luxembourg Stock Exchange and if required by the rules of the Luxembourg Stock Exchange, notice setting forth the terms of the Change of Control offer will be published in Luxembourg as set forth under Listing .

Vivendi will publicly announce the results of the Change of Control offer on or as soon as practicable after the Change of Control payment date and, if any series of the Notes is listed on the Luxembourg

Table of Contents

Stock Exchange and if required by the rules of the Luxembourg Stock Exchange, notice setting forth the results will be published in Luxembourg as set forth under Listing .

Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the Notes to require that Vivendi repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

Vivendi will not be required to make a Change of Control offer upon a Change of Control if a third party makes the Change of Control offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control offer made by Vivendi and purchases all Notes properly tendered and not withdrawn under the Change of Control offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Vivendi and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require Vivendi to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Vivendi and its Restricted Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) Vivendi (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of, with such fair market value being determined in good faith (a) in the case of Asset Sales for aggregate consideration equal to or less than 50 million, by a senior financial officer of Vivendi and set forth in a certificate to the trustee from such officer; and (b) in the case of Asset Sales for aggregate consideration in excess of 50 million, by Vivendi's Board of Directors and set forth in an officers' certificate delivered to the trustee; and
- (2) at least 75% of the consideration received in the Asset Sale by Vivendi or such Restricted Subsidiary is in the form of cash or Cash Equivalents, or a combination thereof. For purposes of this provision, each of the following will be deemed to be cash:
 - (a) any liabilities, as shown on Vivendi's most recent consolidated balance sheet, of Vivendi or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes) that are assumed by the transferee of any such assets pursuant to an agreement that fully releases Vivendi or such Restricted Subsidiary from further liability; and
 - (b) any securities, notes or other obligations received by Vivendi or any such Restricted Subsidiary from such transferee that are converted by Vivendi or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion, within 180 days after receipt;

provided that in the case of an Asset Sale of the Capital Stock of any member of the VUE Group or any assets or rights held by any member of the VUE Group (a *VUE Asset Sale*), if as of the date of the balance sheet included in the most recent financial statements publicly released by Vivendi before such VUE Asset Sale and giving pro forma effect to any assumption, incurrence, repayment, repurchase or redemption of Indebtedness since such date and to the application of the Net Proceeds from such VUE Asset Sale, the Consolidated Financial Debt of Vivendi and its Restricted Subsidiaries has been reduced through the application of Net Proceeds from Asset Sales by 3.25 billion or more since the date of the indenture, (x) the reference in the foregoing clause (2) to 75% shall instead be 50% with

Table of Contents

respect to such VUE Asset Sale and (y) the reference in the foregoing sub-clause (2)(b) to 180 days shall instead be 365 days with respect to such VUE Asset Sale. Notwithstanding anything to the contrary in the indenture, clause (2) of this paragraph shall not apply to a VUE/NBC Transaction. For information about Vivendi's debt position both before and giving effect to the application of the proceeds of the sale of Outstanding Notes and the borrowing under the New Credit Facility, see Capitalization .

Within 365 days after the receipt of any Net Proceeds from an Asset Sale (or, in the case of a VUE Asset Sale where securities, notes or other obligations are converted into cash in compliance with this covenant, within 180 days of receipt of cash upon such conversion, if later) Vivendi or any Restricted Subsidiary may apply those Net Proceeds:

- (1) to repay or prepay Indebtedness and other Obligations under any Credit Facility that is not subordinated in right of payment to the Notes;
- (2) to repay or prepay (or repurchase) any Indebtedness of a Restricted Subsidiary or repay, prepay, repurchase or defease preferred stock issued by a Restricted Subsidiary;
- (3) to repay or prepay (or repurchase) any Indebtedness with a final Stated Maturity that is prior or equal to the final Stated Maturity of the Notes;
- (4) to acquire (or enter into a binding agreement to acquire, which acquisition must be consummated within 180 days after the end of the 365-day period following receipt of any Net Proceeds) all or substantially all of the assets of, or a majority of the Voting Stock of, a Permitted Business (including by means of a merger, consolidation or other business combination permitted under the indenture) or all or a portion of any minority interest in a Restricted Subsidiary of Vivendi;
- (5) to make a capital expenditure; or
- (6) to acquire (or enter into a binding agreement to acquire, which acquisition must be consummated within 180 days after the end of the 365-day period following receipt of any Net Proceeds) other long-term assets that are used or useful in a Permitted Business.

Capital expenditures made in the 365 days prior to the date of receipt of any Net Proceeds from an Asset Sale (*Prior Capital Expenditures*) may be counted towards compliance with this covenant, *provided* that the 365-day period during which the Net Proceeds from such Asset Sale may be applied for capital expenditures or other purposes permitted under this covenant after the date of receipt of such Net Proceeds (or the 180-day period following receipt of cash upon conversion of securities, notes or other obligations in a VUE Asset Sale, if applicable) will be reduced by one day for every day before the date of receipt of such Net Proceeds that such Prior Capital Expenditures were made.

Pending the final application of any Net Proceeds, Vivendi and any Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided above will constitute *Excess Proceeds* ; *provided, however*, that cash received by any member of the VUE Group in a VUE Asset Sale shall not constitute Excess Proceeds to the extent and for so long as such cash is held in a segregated bank account and not commingled with any other funds and, upon any withdrawal of such funds, such funds are used for one or more of the purposes described above. Any cash placed in such account may be invested in Cash Equivalents pending application in accordance with this covenant. When the aggregate amount of Excess Proceeds exceeds 20 million, Vivendi will, within 30 days, make an offer to all holders of Notes to purchase the maximum principal amount of Notes that may be purchased with such Excess Proceeds. The offer price in any Asset Sale offer will be equal to 100% of the principal amount of the Notes being repurchased plus accrued and unpaid interest and Special Interest, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale offer, such funds will no longer constitute Excess Proceeds and may be used for any purpose not otherwise prohibited by the indenture. If the aggregate principal

Table of Contents

amount of Notes tendered into such Asset Sale offer exceeds the amount of Excess Proceeds, the trustee will select the Notes to be purchased on a pro rata basis.

Vivendi will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, Vivendi will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such conflict.

The agreements governing Vivendi's other Indebtedness contain prohibitions of certain events, including events that would constitute an Asset Sale or Change of Control. In addition, the exercise by the holders of Notes of their right to require Vivendi to repurchase the Notes upon an Asset Sale or Change of Control could cause a default under these other agreements, even if the Asset Sale or Change of Control does not, due to the financial effect of such repurchases on Vivendi. Finally, Vivendi's ability to pay cash to the holders of Notes upon a repurchase may be limited by Vivendi's then existing financial resources. Vivendi's failure to make or consummate an Asset Sale or Change of Control offer or pay the applicable Asset Sale or Change of Control payment when due would result in an Event of Default and would give the trustee and the holders of the Notes the rights described below under the caption "Events of Default and Remedies".

Certain Covenants

Changes in Covenants when Notes Rated Investment Grade

If on any date following the date of the indenture any series of Notes has an Investment Grade Rating from both of the Rating Agencies and no Default or Event of Default has occurred and is continuing (a "Fall Away Event"), then, beginning on that day and continuing at all times thereafter regardless of any subsequent changes in the rating of those Notes, the provisions of the indenture summarized under the following captions will no longer be applicable to that series of Notes:

- (1) Repurchase at the Option of Holders ;
- (2) Certain Covenants - Restricted Payments ;
- (3) Certain Covenants - Incurrence of Indebtedness and Issuance of Preferred Stock ;
- (4) Certain Covenants - Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries ;
- (5) clause 4 of Certain Covenants - Merger, Consolidation or Sale of Assets ;
- (6) Certain Covenants - Transactions with Affiliates ;
- (7) Certain Covenants - Limitation on Guarantees of Indebtedness by Restricted Subsidiaries ;
- (8) Certain Covenants - Anti-Layering ;
- (9) clauses (1) and (3) of Certain Covenants - Sale and Leaseback Transactions ; and
- (10) Certain Covenants - Business Activities .

If any series of the Notes achieves an Investment Grade Rating, there can be no assurance that such rating will be maintained.

Restricted Payments

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of Vivendi's Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Vivendi) or to the direct or indirect holders of Vivendi's Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of Vivendi);
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Vivendi) any Equity Interests of Vivendi;
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value, any Indebtedness that is subordinated to the Notes, except a payment of interest or principal at the Stated Maturity thereof (other than (x) intercompany Indebtedness permitted under clause (2) or (7) of the covenant described below under the caption "Incurrence of Indebtedness and Issuance of Preferred Stock" and (y) the purchase, repurchase or other acquisition of subordinated Indebtedness with a Stated Maturity earlier than the maturity of the Notes purchased in anticipation of satisfying a payment of principal at the Stated Maturity thereof, within one year of such Stated Maturity); or
- (4) make any Restricted Investment

(all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as *Restricted Payments*), unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default or Event of Default has occurred and is continuing or would occur as a consequence thereof;
- (2) Vivendi could incur at least 1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption "Incurrence of Indebtedness and Issuance of Preferred Stock" ;
- (3) with respect to a Restricted Payment of the type described in clause (1) or (2) of the definition of Restricted Payments above, a period of not less than 365 days has elapsed since the date of the indenture; and
- (4) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Vivendi and its Restricted Subsidiaries after the date of the indenture (excluding Restricted Payments permitted by clauses (3), (4), (5), (6), (7) or (10) of the next succeeding paragraph), is less than the sum, without duplication, of:
 - (a) 50% of the Consolidated Net Income of Vivendi for the period (taken as one accounting period) from the beginning of the fiscal quarter in which the Notes are issued to the end of Vivendi's most recently ended fiscal quarter for which financial statements are publicly available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), *plus*
 - (b) 100% of the aggregate net cash proceeds received by Vivendi since the date of the indenture (i) as a contribution to its common equity capital or from the issue or sale of Equity Interests of Vivendi (other than Disqualified Stock) or (ii) from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Vivendi upon conversion into or exchange for such Equity Interests (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Subsidiary of Vivendi), *plus*

Table of Contents

- (c) to the extent that any Restricted Investment that was made after the date of the indenture is sold for cash or otherwise liquidated or repaid for cash, the lesser of (i) the cash return of capital with respect to such Restricted Investment (less the cost of disposition, if any) and (ii) the initial amount of such Restricted Investment, *plus*
- (d) to the extent that any Unrestricted Subsidiary of Vivendi is redesignated as a Restricted Subsidiary after the date of the indenture, the fair market value of Vivendi's Investment in such Subsidiary as of the date of such redesignation (or, if such redesignation occurs within one year of the date on which such Subsidiary was originally designated as an Unrestricted Subsidiary, the lesser of (i) such fair market value and (ii) the fair market value of such Subsidiary as of the date on which such Subsidiary was originally designated as an Unrestricted Subsidiary).

The preceding provisions will not prohibit:

- (1) the payment of any dividend or distribution on, or any redemption of, Equity Interests, within 60 days after the date of declaration or notice thereof, if at the date of declaration or notice the dividend payment, distribution or redemption would have complied with the provisions of the indenture;
- (2) Investments that Vivendi or its Restricted Subsidiaries are required to make as the result of the exercise of rights by persons that are not Affiliates of Vivendi pursuant to contracts or agreements in effect as of the date of the indenture that are referred to in footnote 11.3 to Vivendi's Consolidated Financial Statements included elsewhere in this prospectus;
- (3) the purchase, repayment, prepayment, redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of Vivendi or any Restricted Subsidiary or of any Equity Interests of Vivendi in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary) of, Equity Interests of Vivendi (other than Disqualified Stock); *provided* that the amount of any such net cash proceeds that are utilized for any such purchase, repayment, prepayment, redemption, repurchase, retirement, defeasance or other acquisition will be excluded from clause (4)(b) of the preceding paragraph;

Incurrence of Indebtedness and Issuance of Preferred Stock

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and Vivendi will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; *provided, however*, that Vivendi may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock and its Restricted Subsidiaries may incur Acquired Debt (and not any other Indebtedness), if the Fixed Charge Coverage Ratio for Vivendi's most recently ended four full fiscal quarters for which financial statements are publicly available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or preferred stock is issued would have been at least 3.0 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the preferred stock or Disqualified Stock had been issued, as the case may be, at the beginning of such four-quarter period.

- (2) the incurrence by Vivendi and its Restricted Subsidiaries of the Existing Indebtedness;

 - (b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Vivendi or a Restricted Subsidiary of Vivendi and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Vivendi or a Restricted Subsidiary of Vivendi will be deemed, in each case, to

Table of Contents

For purposes of determining compliance with this covenant:

- (1) in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (20) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, Vivendi will be permitted to classify such item of Indebtedness on the date of its incurrence or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant;
- (2) the outstanding principal amount of any particular Indebtedness shall be counted only once and any obligations arising under any guarantee, Lien, letter of credit or similar instrument supporting such Indebtedness shall not be double counted;
- (3) the accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on preferred stock or Disqualified Stock in the form of additional shares of the same class of preferred stock or Disqualified Stock (in each case where payment of such dividends is not part of a financing transaction) will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock or preferred stock for purposes of this covenant; *provided*, in each such case, that the amount thereof is included in Fixed Charges of Vivendi as accrued;
- (4) Vivendi will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above; and
- (5) the maximum amount of Indebtedness that Vivendi or a Restricted Subsidiary may incur pursuant to this covenant will not be deemed to be exceeded, with respect to any outstanding Indebtedness, due solely to the result of fluctuations in the exchange rates of currencies.

For purposes of determining compliance with any euro denominated restriction on the incurrence of Indebtedness where the Indebtedness incurred is denominated in a different currency, the amount of such Indebtedness will be the Euro Equivalent, determined on the date of the incurrence of such Indebtedness; *provided, however*, that if any such Indebtedness denominated in a different currency is subject to a Currency Agreement with respect to euro covering all principal, premium, if any, and interest payable on such Indebtedness, the amount of such Indebtedness expressed in euro will be as provided in such Currency Agreement. The principal amount of any Permitted Refinancing Indebtedness incurred in the same currency as the Indebtedness being refinanced will be the Euro Equivalent of the Indebtedness refinanced, except to the extent that (1) such Euro Equivalent was determined based on a Currency Agreement, in which case the Permitted Refinancing Indebtedness will be determined in accordance with the preceding sentence, and (2) the principal amount of the Permitted Refinancing Indebtedness exceeds the principal amount of the Indebtedness being refinanced, in which case the Euro Equivalent of such excess, as appropriate, will be determined on the date such Permitted Refinancing Indebtedness is incurred.

Liens

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly create, incur, assume or suffer to exist any Lien securing Indebtedness or Attributable Debt (other than Permitted Liens) on any asset now owned or hereafter acquired, or upon any income or profits therefrom or assign any rights to receive income therefrom unless all payments due under the indenture and the Notes are secured on an equal and ratable basis with (or prior to) the obligations so secured until such time as such obligations are no longer secured by a Lien.

- (7) the terms of any preferred stock issued by any Restricted Subsidiary of Vivendi; *provided, however*, that the terms of such preferred stock do not impose any consensual encumbrance or restriction on the ability of the Restricted Subsidiary to pay dividends or make distributions on its Capital Stock except in a manner that is no more restrictive than the following, as determined in good faith by the Board of Directors of Vivendi and evidenced by a resolution adopted by such Board of Directors:

 - (ii) distributions upon the liquidation, dissolution or winding up of the Restricted Subsidiary, whether voluntary or involuntary (*Liquidating Distributions*), may not be made on the Capital Stock of the Restricted Subsidiary at any time when such preferred stock is entitled to receive Liquidating Distributions which have not been paid; and

- (8) purchase money obligations for property acquired that impose restrictions on that property of the nature described in clause (3) of the preceding paragraph;
- (9) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending its sale or other disposition;
- (10) Permitted Refinancing Indebtedness, *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness, taken as a whole, are not materially more restrictive than those contained in the agreements governing the Indebtedness being refinanced;

- (3) immediately after such transaction, no Default or Event of Default exists; and
- (4) either (i) Vivendi or the Person formed by or surviving any such consolidation or merger (if other than Vivendi), or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made (the *Successor Company*) will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least 1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption *Incurrence of Indebtedness and Issuance of Preferred Stock* or (ii) giving such pro forma effect to any such transaction, the Fixed Charge Coverage Ratio of the Successor Company would exceed the Fixed Charge Coverage Ratio of Vivendi immediately prior to giving effect to such transaction.

Notwithstanding the foregoing clause (4), if any Restricted Subsidiary consolidates with, merges into or transfers all or part of its properties and assets to Vivendi or to any other Restricted Subsidiary of Vivendi, then no violation of this covenant will be deemed to have occurred, as long as the requirements of clauses (1), (2) and (3) of this covenant are satisfied.

Transactions with Affiliates

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an *Affiliate Transaction*), unless:

- (1) the Affiliate Transaction is on terms, when taken as a whole, that are no less favorable to Vivendi or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Vivendi or such Restricted Subsidiary with an unrelated Person; and
- (2) Vivendi delivers to the trustee:
 - (a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of 15 million, a certificate of a senior financial officer of Vivendi certifying that such Affiliate Transaction complies with this covenant; and

- (1) any employment, compensation, benefit or indemnification agreement or arrangement (and any payments or other transactions pursuant thereto) entered into by Vivendi or any of its Restricted Subsidiaries in the ordinary course of business with an officer, employee or director and any transactions pursuant to stock option plans, stock ownership plans and employee benefit plans or arrangements;
- (2) transactions between or among Vivendi and/or its Restricted Subsidiaries (including any Person that becomes a Restricted Subsidiary as a result of any such transaction);

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

Vivendi will not permit any Restricted Subsidiary to guarantee any Indebtedness of Vivendi or another Restricted Subsidiary unless:

- (1) such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture to the indenture providing for a guarantee by it of payment of the Notes; *provided that*
 - (a) if the Indebtedness is *pari passu* in right of payment to the Notes, any such guarantee of such Restricted Subsidiary with respect to such Indebtedness shall rank *pari passu* in right of payment to its guarantee of the Notes; and
 - (b) if the Indebtedness is subordinated in right of payment to the Notes, any such guarantee of such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to the guarantee of the Notes substantially to the same extent as such Indebtedness is subordinated in right of payment to the Notes;

(2) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against Vivendi or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its guarantee; and

(3) such Restricted Subsidiary shall deliver to the trustee an opinion of counsel to the effect that:

(a) such guarantee has been duly executed and authorized; and

(b) such guarantee constitutes a valid, binding and enforceable obligation of such Restricted Subsidiary, except insofar as enforcement thereof may be limited by insolvency, bankruptcy, liquidation, reorganization, administration, moratorium, receivership or similar laws (including all laws relating to fraudulent transfers) and except insofar as enforcement thereof is subject to general principles of equity;

except, in each case, for

(a) guarantees by a Restricted Subsidiary to the extent required under any Existing Credit Facility or under the LineInvest Total Return Swap, in each case as in effect at the date of the indenture;

(b) guarantees by a Restricted Subsidiary of Indebtedness incurred under (i) clause (1) (a), (b) or (c) of the second paragraph of the covenant described under Incurrence of Indebtedness and Issuance of Preferred Stock or (ii) the Multicurrency Revolving Credit Facility;

(c) guarantees by a Restricted Subsidiary under any Permitted Refinancing Indebtedness refinancing any Existing Indebtedness, to the extent such Restricted Subsidiary provided a guarantee in respect of the Existing Indebtedness being refinanced;

(d) guarantees by a Restricted Subsidiary of Acquired Debt that is incurred under the first paragraph of the covenant described under Incurrence of Indebtedness and Issuance of Preferred Stock to the extent existing under, or required under the terms of, such Acquired Debt; *provided* that the guarantee or any requirement to provide such guarantees was in existence prior to the contemplation of the merger, consolidation or acquisition that resulted in the incurrence of such Acquired Debt; and

(e) guarantees by a Restricted Subsidiary of Indebtedness of any Subsidiary of such Restricted Subsidiary.

Notwithstanding the foregoing and the other provisions of the indenture, any guarantee by a Restricted Subsidiary of the Notes shall provide by its terms that it shall be automatically and unconditionally released and discharged:

(1) upon the unconditional release or discharge of the guarantee by such Restricted Subsidiary which resulted in the creation of such guarantee, except a discharge or release by or as a result of payment under such guarantee;

(2) upon the full and final payment of all amounts payable by Vivendi under the indenture and the Notes;

(3) subject to the section entitled Merger, Consolidation or Sale of Assets, if all of the Voting Stock of a Subsidiary guarantor (or any company holding, directly or indirectly, all the Voting Stock of such guarantor) is sold or otherwise disposed of (and any proceeds therefrom are applied) to a person which is not an Affiliate in compliance with covenant described under Asset Sales;

(4) upon the Legal Defeasance or discharge of the Notes in accordance with Satisfaction and Discharge; or

Table of Contents

- (5) upon the designation, in accordance with the indenture, of the Subsidiary guarantor as an Unrestricted Subsidiary.

Anti-Layering

Vivendi will not, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) which is subordinated in right of payment to any other Indebtedness of Vivendi unless such Indebtedness is subordinated at least to the same extent to the Notes; *provided, however* that (i) no Indebtedness of Vivendi shall be deemed to be subordinated in right of payment to other Indebtedness of Vivendi solely by virtue of being unsecured, and (ii) Vivendi shall be entitled to subordinate through intercreditor arrangements or otherwise senior secured bank debt to other senior secured bank debt.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Vivendi may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by Vivendi and its Restricted Subsidiaries in the Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Restricted Payments or Permitted Investments, as determined by Vivendi. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default.

Sale and Leaseback Transactions

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction; *provided* that Vivendi or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

- (1) after giving effect to the incurrence of the Attributable Debt relating to such Sale and Leaseback Transaction, Vivendi or that Restricted Subsidiary, as applicable, could have incurred at least 1.00 in additional Indebtedness under clause (4) of the second paragraph under the covenant described above under the caption Incurrence of Indebtedness and Issuance of Preferred Stock ;
- (2) the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the fair market value of the property that is the subject of that Sale and Leaseback Transaction, as determined in good faith (a) in the case of a Sale and Leaseback Transaction valued at 40 million or less, by a senior financial officer of Vivendi and set forth in an officers certificate delivered to the trustee, and (b) in the case of a Sale and Leaseback Transaction valued at more than 40 million, by the Board of Directors and set forth in an officers certificate delivered to the trustee; and
- (3) the transfer of assets in that Sale and Leaseback Transaction is permitted by, and Vivendi applies the proceeds of such transaction in compliance with, the covenant described above under the caption Asset Sales.

Business Activities

Vivendi will not, and will not permit any Restricted Subsidiary to, engage in any business other than a Permitted Business, except to such extent as would not be material to Vivendi and its Restricted Subsidiaries taken as a whole.

Payments for Consent

Vivendi will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the Notes unless such consideration is offered to be paid to all holders of the Notes and is paid to all holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Certain Consent Fee Payments

Not later than 5 Business Days after the consummation of a VUE/NBC Transaction, Vivendi will pay to holders of Notes of record on November 6, 2003 who delivered (and did not properly revoke) a valid consent to the Supplemental Indenture dated as of November 21, 2003, to the indenture a consent fee of (1) \$1.00 for each \$1,000.00 in principal amount of Dollar Notes in respect of which a valid consent to such Supplemental Indenture was delivered (and not properly revoked) prior to the Expiration Date and (2) 1.00 for each 1,000.00 in principal amount of Euro Notes in respect of which a valid consent to such Supplemental Indenture was delivered (and not properly revoked) prior to the Expiration Date. For purposes of this covenant, Expiration Date means 5:00 p.m., New York City time, on November 20, 2003.

Reports

Whether or not required by the SEC, so long as any Notes are outstanding, Vivendi will furnish to the trustee and holders of Notes,

- (1) within the time periods specified by the SEC's rules and regulations, all financial information that would be required to be contained in a filing with the SEC on Form 20-F if Vivendi were required to file such Form, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and a report on the annual financial statements by Vivendi's certified independent accountants;
- (2) within 90 days after the end of each of the first three fiscal quarters of each fiscal year, (i) quarterly financial statements (including a consolidated statement of income, consolidated balance sheet and consolidated statement of cash flows) of Vivendi prepared in accordance with generally accepted accounting principles in France as in effect at the time of such financial statements with a reconciliation to US GAAP of net income, interest expense, EBIT and net debt, *provided* that Vivendi shall be permitted to exclude from any such quarterly reconciliation any information relating to a Person in which Vivendi or a consolidated Subsidiary of Vivendi has an investment that is accounted for by Vivendi using the equity method, the cost method or the equivalent of either; and (ii) a statement of management regarding Vivendi's financial position and results of operations, in each case (except for the US GAAP information) that is substantially similar in scope and detail to the information publicly released by Vivendi in respect of its financial results for the first six months of each fiscal year; and
- (3) within the time periods specified by the SEC's rules and regulations, all current reports that would be required to be filed with the SEC on Form 6-K if Vivendi were required to file such reports.

To the extent GAAP in effect from time to time differs in any material respect from GAAP in effect on the date of the indenture, Vivendi will separately prepare and deliver to the trustee and holders of the Notes with its annual financial statements a reasonably detailed reconciliation to GAAP as in effect on the date of the indenture with respect to the financial items necessary to ascertain compliance with the covenants set forth in the indenture.

Table of Contents

In addition, following the consummation of the exchange offer contemplated by the exchange and registration rights agreement, whether or not required by the SEC, Vivendi will file or furnish a copy of all of the information and reports referred to in clauses (1), (2) and (3) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request and through publication on its internet website or similar means of electronic dissemination. In addition, Vivendi has agreed that, for so long as any Notes remain outstanding, it will furnish to the trustee and holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

Each of the following is an Event of Default:

- (1) default for 30 days in the payment when due of interest on, or Special Interest with respect to, the Notes;
- (2) default in payment when due of the principal of or premium, if any, on the Notes;
- (3) failure by Vivendi or any of its Restricted Subsidiaries to comply with the provisions described under the captions Repurchase at the Option of Holders, Change of Control, Asset Sales or Certain Covenants Merger, Consolidation or Sale of Assets;
- (4) failure by Vivendi or any of its Restricted Subsidiaries for 60 days after receipt of notice from the trustee or the holders of at least 25% in aggregate principal amount of the Notes outstanding to comply with any of the other agreements in the indenture;
- (5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Vivendi or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Vivendi or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists, or is created after the date of the indenture, if that default:
 - (a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness after the expiration of the grace period provided in such Indebtedness on the date of such default (a *Payment Default*); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates 40 million or more and has not been discharged in full or such acceleration rescinded or annulled within 20 days of such Payment Default or acceleration;

- (6) failure by Vivendi or any of its Restricted Subsidiaries to pay final, non-appealable judgments aggregating in excess of 25 million, which judgments are not paid, discharged or stayed for a period of 60 days; and
- (7) certain events of bankruptcy or insolvency described in the indenture with respect to Vivendi or any of its Significant Subsidiaries.

In the case of an Event of Default described above in clause (7), all outstanding Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the then outstanding Notes may declare the Notes to be due and payable immediately.

Holders of the Notes may not enforce the indenture or Notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding Notes

Table of Contents

may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the Notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or Special Interest.

Subject to the right of any holder of Notes to receive payment of interest and premium and Special Interest on, and principal of, the Notes, the holders of a majority in aggregate principal amount of the Notes then outstanding by notice to the trustee may on behalf of the holders of the Notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest or premium and Special Interest on, or the principal of, the Notes; *provided, however*, that the holders of a majority in aggregate principal amount of the then outstanding Notes may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration.

Vivendi is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, Vivendi is required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Vivendi, as such, will have any liability for any obligations of Vivendi under the Notes, the indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under U.S. federal securities laws.

Legal Defeasance and Covenant Defeasance

Vivendi may, at its option and at any time, elect to have all of its obligations discharged with respect to a series of Notes (*Legal Defeasance*) except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium and Special Interest, if any, on such Notes when such payments are due from the trust referred to below;
- (2) Vivendi's obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and Vivendi's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

In addition, Vivendi may, at its option and at any time, elect to have the obligations of Vivendi released with respect to certain covenants in the indenture (*Covenant Defeasance*) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under *Events of Default and Remedies* will no longer constitute Events of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Vivendi must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars in the case of Notes denominated in U.S. dollars, cash in euro in the case of Notes denominated in euro, non-callable government securities, or a combination thereof, in amounts as will be sufficient, in the opinion of an internationally recognized firm of independent public accountants, to pay the principal of, or interest and premium and Special

Interest, if any, on the outstanding Notes on the stated maturity or on the applicable redemption date, as the case may be, and Vivendi must specify whether such Notes are being defeased to maturity or to a particular redemption date;

- (2) in the case of Legal Defeasance, Vivendi has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Vivendi has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, Vivendi has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit under the indenture (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which Vivendi or any of its Restricted Subsidiaries is a party or by which Vivendi or any of its Restricted Subsidiaries is bound;
- (6) Vivendi must deliver to the trustee an officers' certificate stating that the deposit was not made by Vivendi with the intent of preferring the holders of Notes being defeased over the other creditors of Vivendi with the intent of defeating, hindering, delaying or defrauding creditors of Vivendi or others; and
- (7) Vivendi must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture and the Notes may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the then outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing default or compliance with any provision of the indenture or the Notes may be waived with the consent of the holders of a majority in principal amount of the then outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes) *provided, however*, that if any amendment, waiver or other modification would only affect the dollar-denominated Notes or euro-denominated Notes, only the consent of the holders of at least a majority in principal amount of the then outstanding Notes of the affected series (and not the consent of the holders of any other series of Notes) shall be required.

Table of Contents

With respect to each series of Notes, without the consent of each holder affected, an amendment or waiver may not (with respect to any Notes held by a non-consenting holder):

- (1) reduce the principal amount of such Notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any such Note or alter the provisions with respect to the redemption of such Notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");
- (3) reduce the rate of or change the time for payment of interest on any such Note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Special Interest, if any, on such Notes (except a rescission of acceleration of such Notes by the holders of at least a majority in aggregate principal amount of the Notes, and a waiver of the payment default that resulted from such acceleration);
- (5) make any such Note payable in money other than that stated in such Notes;
- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of such Notes to receive payments of principal of, or interest or premium or Special Interest, if any, on such Notes;
- (7) change the ranking of the Notes; or
- (8) make any change in the preceding amendment and waiver provisions.

With respect to any series of Notes, notwithstanding the preceding paragraph, without the consent of any holder of such Notes, Vivendi and the trustee may amend or supplement the indenture or the applicable Notes:

- (1) to cure any ambiguity, defect, omission or inconsistency;
- (2) to provide for uncertificated Notes in addition to or in place of certificated Notes;
- (3) to provide for the assumption of Vivendi's obligations to holders of the Notes in the case of a merger or consolidation or sale of all or substantially all of Vivendi's assets;
- (4) to make any change that would provide any additional rights or benefits to the holders of the Notes or that does not adversely affect in any material respect the legal rights under the indenture of any such holder;
- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;
- (6) to provide for the issuance of additional Notes in accordance with the limitations set forth in the indenture; or
- (7) to add guarantors or guarantees with respect to the Notes or to grant Liens in favor of the Notes.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

- (1) either:
 - (a) all the Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and applicable Notes for whose payment money has been deposited in trust and thereafter repaid to Vivendi in accordance with the indenture, have been delivered to the trustee for cancellation; or

Table of Contents

- (b) all the Notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and Vivendi has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars in the case of Notes denominated in U.S. dollars, or euro in the case of Notes denominated in euro, non-callable government securities, or a combination thereof, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the applicable Notes not delivered to the trustee for cancellation for principal, premium and Special Interest, if any, and accrued interest to the date of maturity or redemption;
 - (2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Vivendi is a party or by which Vivendi is bound;
 - (3) Vivendi has paid or caused to be paid all sums payable by it under the indenture; and
 - (4) Vivendi has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the applicable Notes at maturity or the redemption date, as the case may be.
- In addition, Vivendi must deliver an officers certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Vivendi, the indenture limits its rights to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue, or resign.

The holders of a majority in principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee in respect of such Notes, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of Notes unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The indenture and the Notes will be governed by and construed in accordance with the laws of the State of New York.

- (2) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person, but excluding Indebtedness of such other Person that is extinguished, retired or repaid concurrently with such other Person becoming a Restricted Subsidiary of, or at the time it is merged into or consolidates with, such specified Person.

The extent to which an Additional Credit Facility may benefit from Liens or Subsidiary guarantees is described under Certain Covenants Liens and Certain Covenants Limitation on Guarantees of Indebtedness by Restricted Subsidiaries .

Adjusted Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, where:

For purposes of this definition, the terms *controlling*, *controlled by* and *under common control with* have correlative meanings. Notwithstanding the foregoing, no Person (other than Vivendi or any Subsidiary of Vivendi) in whom a Receivables Subsidiary makes an Investment in connection with a Receivables Program shall be deemed to be an Affiliate of Vivendi or any of its Subsidiaries solely by reason of such Investment.

 - (b) the principal amount of such Note.

Asset Sale means:

- (1) the sale, lease, conveyance or other disposition of any assets or rights; *provided* that the sale, conveyance or other disposition of all or substantially all of the assets of Vivendi and its Restricted Subsidiaries taken as a whole will be governed by the provisions described above under the caption *Repurchase at the Option of Holders* *Change of Control* and/or the provisions described above under the caption *Certain Covenants* *Merger, Consolidation or Sale of Assets* and not by the provisions of the *Asset Sale* covenant; and

Such present value shall be calculated using a discount rate equal to the rate of interest implicit in such lease, determined in accordance with GAAP.

Beneficial Owner has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular person (as that term is used in Section 13(d)(3) of the Exchange Act), such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only upon the passage of time or occurrence of a subsequent condition within the control of that person. (Euroclear) and Clearstream Banking, S.A. (Clearstream , formerly Cedelbank) and registered in the name of a nominee of the Common Depository. All holders of Notes denominated in euro who exchange their Outstanding Notes denominated in euro in the exchange offer will hold their interests through the Euro Global Note, regardless of whether they purchased their interests pursuant to Rule 144A or Regulation S.

Except in the limited circumstances described below, owners of beneficial interests in Global Notes will not be entitled to receive physical delivery of certificated Notes. Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC, Euroclear and Clearstream and their respective direct or indirect participants, which rules and procedures may change from time to time.

Global Notes

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them from time to time. Neither Vivendi Universal nor the Initial Purchasers take any responsibility for these operations and procedures and investors are urged to contact the systems or their participants directly to discuss these matters.

In the case of Dollar Global Notes, DTC will credit, on its internal system, the respective principal amount of the individual beneficial interests represented by such global notes to the accounts of persons who have accounts with such depository. Ownership of beneficial interests in a Dollar Global Note will be limited to its participants or persons who hold interests through its participants. Ownership of beneficial interests in the Dollar Global Notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

In the case of Euro Global Notes, the Common Depository will credit, on its internal system, the respective principal amount of the beneficial interests represented by such global note to the accounts of Euroclear and Clearstream. Euroclear and Clearstream will credit, on their internal systems, the respective principal amounts of the individual beneficial interests in such global notes to the accounts of persons who have accounts with Euroclear and Clearstream. Ownership of beneficial interests in the Euro Global Notes will be limited to participants or persons who hold interests through participants in Euroclear or Clearstream. Ownership of beneficial interests in the Euro Global Notes will be shown on and the transfer of that ownership will be effective only through, records maintained by Euroclear and Clearstream or their nominees (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

As long as DTC or the Common Depository, or its respective nominee, is the registered holder of a global note, DTC or the Common Depository or such nominee, as the case may be, will be considered the sole owner and holder of the Notes represented by such global notes for all purposes under the indenture governing the Notes and the Notes. Unless (1) in the case of a Dollar Global Note, DTC notifies Vivendi that it is unwilling or unable to continue as depository for such global note or ceases to be a Clearing Agency registered under the Exchange Act, (2) in the case of a Euro Global Note, Euroclear and Clearstream notify Vivendi they are unwilling or unable to continue as clearing agencies, (3) in the case of a Euro Global Note, the Common Depository notifies Vivendi that it is unwilling or unable to continue as Common Depository and a successor Common Depository is not appointed within 120 days of such notice, or the Common Depository is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to

cease business permanently, or (4) in the case of any Global Note, an Event of Default has occurred and is continuing with respect to such note, owners of beneficial interests in such global note will not be entitled to have any portions of such global note registered in their names, will not receive or be entitled to receive physical delivery of Notes in certificated form and will not be considered the owners or holders of such global note (or any Notes represented thereby) under the indenture or the Notes. In addition, no beneficial owners of an interest in a Global Note will be able to transfer that interest except in accordance with DTC's and/or Euroclear's and Clearstream's applicable procedures (in addition to those under the indenture).

Investors may hold their interests in the Euro Global Notes directly through Euroclear or Clearstream, if they are participants in such systems, or indirectly through organizations which are participants in such systems. Investors may hold their interests in the Dollar Global Notes directly through DTC, if they are participants in such system, or indirectly through organizations (including Euroclear and Clearstream) which are participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC and/or Euroclear and Clearstream.

Payments of the principal of and interest on Dollar Global Notes will be made to DTC or its nominee as the registered owner thereof. Payments of the principal of and interest on the Euro Global Notes will be made to the order of the Common Depositary or its nominee as the registered owner thereof. Neither Vivendi, the trustee, DTC, the Common Depositary nor any of their respective agents will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Vivendi expects that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a global note representing any Notes held by it or its nominee, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global note for such Notes as shown on the records of DTC or its nominee. Vivendi expects that the Common Depositary, in its capacity as Paying Agent, upon receipt of any payment of principal or interest in respect of a global note representing any Notes held by it or its nominee, will immediately credit the accounts of Euroclear and Clearstream, which in turn will immediately credit accounts of participants in Euroclear and Clearstream with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global note for such Notes as shown on the records of Euroclear and Clearstream. Vivendi also expects that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name. Such payments will be the responsibility of such participants.

Because DTC, Euroclear and Clearstream can only act on behalf of their respective participants, who in turn act on behalf of indirect participants and certain banks, the ability of a holder of a beneficial interest in Global Notes to pledge such interest to persons or entities that do not participate in the DTC, Euroclear or Clearstream systems, or otherwise take actions in respect of such interest may be limited by the lack of a definitive certificate for such interest. The laws of some countries and some U.S. states require that certain persons take physical delivery of securities in certificated form. Consequently, the ability to transfer beneficial interests in a Global Note to such persons may be limited. Because DTC, Euroclear and Clearstream can act only on behalf of participants, which in turn, act on behalf of indirect participants, and certain banks, the ability of a person having a beneficial interest in a Global Note to pledge such interest to persons or entities that do not participate in the DTC system or in Euroclear and Clearstream, as the case may be, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate evidencing such interest.

Except for trades involving only Euroclear and Clearstream participants, interests in the Dollar Global Notes will trade in DTC's Same-Day Funds Settlement System and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants. Transfers of interests in Dollar Global Notes between

Table of Contents

participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers of interests in Euro Global Notes and Dollar Global Notes between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Notes described above, cross-market transfers of beneficial interests in Dollar Global Notes between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such crossmarket transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Dollar Global Note from a DTC participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream immediately following the DTC settlement date). Cash received in Euroclear or Clearstream as a result of sales of interests in a global note by or through a Euroclear or Clearstream participant to a DTC participant will be received with value of the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following the DTC settlement date.

DTC, Euroclear and Clearstream have advised Vivendi that they will take any action permitted to be taken by a holder of Notes (including the presentation of Notes for exchange as described below) only at the direction of one or more participants to whose account with DTC or Euroclear or Clearstream, as the case may be, interests in the Global Notes are credited and only in respect of such portion of the aggregate principal amount of the Notes as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC, Euroclear and Clearstream reserve the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to their respective participants.

DTC has advised Vivendi as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve system, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (*indirect participants*).

Euroclear and Clearstream have advised Vivendi as follows: Euroclear and Clearstream each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Table of Contents

Euroclear and Clearstream each provide various services, including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream each also deal with domestic securities markets in several countries through established depository and custodial relationships. The respective systems of Euroclear and Clearstream have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream are worldwide financial institutions including underwriters, securities brokers and dealers, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relations with either Euroclear or Clearstream are governed by the respective rules and operating procedures of Euroclear or Clearstream and any applicable laws. Both Euroclear and Clearstream act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

Although DTC, Euroclear and Clearstream currently follow the foregoing procedures to facilitate transfers of interests in global notes among participants of DTC, Euroclear and Clearstream, they are under no obligation to do so, and such procedures may be discontinued or modified at any time. Neither Vivendi nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

If any depository is at any time unwilling or unable to continue as a depository for Notes for the reasons set forth above under "Global Notes", Vivendi will issue certificates for such Notes in definitive, fully registered, non-global form without interest coupons in exchange for the applicable Global Notes. Certificates for Notes delivered in exchange for any Global Note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by DTC, Euroclear, Clearstream or the Common Depository (in accordance with their customary procedures).

Certificates for non-global Notes issued in exchange for a Global Note (or any portion thereof) will bear the applicable restrictive legend unless Vivendi determines otherwise in accordance with applicable law. The holder of a non-global Note may transfer such Note, subject to compliance with the provisions of the applicable legend, by surrendering it at the office or agency maintained by Vivendi for such purpose in The City and State of New York or in Paris, France, which initially will be the offices of the trustee in such locations or, in the case of euro-denominated Notes, to the transfer agent in Luxembourg. Upon the transfer, change or replacement of any Note bearing a legend, or upon specific request for removal of a legend on a Note, Vivendi will deliver only Notes that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to Vivendi such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by Vivendi that neither such legend nor any restrictions on transfers set forth therein are required to ensure compliance with the provisions of the Securities Act. Before any Note in non-global form may be transferred to a person who takes delivery in the form of an interest in any Global Note, the transferor will be required to provide the trustee with evidence as set forth in the indenture and similar to that, and for the same purpose as, mentioned in the immediately preceding sentence. Upon transfer or partial redemption of any Note, new certificates may be obtained from the trustee or from the transfer agent in Luxembourg.

Notwithstanding any statement herein, Vivendi and the trustee reserve the right to impose such transfer, certification, exchange or other requirements, and to require such restrictive legends on certificates evidencing Notes, as they may determine are necessary to ensure compliance with the securities laws of the United States and any State therein and any other applicable laws or as DTC, Euroclear or Clearstream may require.

Special Timing Considerations

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving Notes through Clearstream and Euroclear on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States. US investors who wish to transfer their interests in the Notes, or to receive or make a payment or delivery of Notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether Clearstream or Euroclear is used.

REGISTERED EXCHANGE OFFER; REGISTRATION RIGHTS

Vivendi Universal and the Initial Purchasers entered into an exchange and registration rights agreement relating to the Notes on the issue date of the Outstanding Notes. Pursuant to the exchange and registration rights agreement, Vivendi Universal agreed to:

file the exchange offer registration statement of which this prospectus is a part with the SEC with respect to a registered offer to exchange the Outstanding Notes for Exchange Notes of Vivendi Universal having terms substantially identical in all material respects to the Outstanding Notes (except that the Exchange Notes will not contain terms with respect to transfer restrictions or the payment of additional interest); and

use its reasonable best efforts to cause the exchange offer registration statement of which this prospectus is a part to be declared effective under the Securities Act as soon as practicable but not later than 240 days after the issue date of the Notes.

Vivendi Universal is offering the Exchange Notes in exchange for the surrender of the Outstanding Notes. In the registered exchange offer, holders may only exchange (a) Outstanding Dollar Notes for Exchange Dollar Notes, and (b) Outstanding Euro Notes for Exchange Euro Notes. Vivendi Universal will keep the registered exchange offer open for not less than 30 days (or longer if required by applicable law) after the commencement of the exchange offer. For each Outstanding Note surrendered to Vivendi Universal pursuant to the registered exchange offer, the holder of such Outstanding Note will receive an Exchange Note having a principal amount equal to that of the surrendered Outstanding Note. Interest on each Exchange Note will accrue from the last interest payment date on which interest was paid on the Outstanding Note surrendered in exchange therefor or, if no interest has been paid on such Outstanding Note, from the date of its original issue.

Under existing SEC interpretations, the Exchange Notes will be freely transferable by holders other than affiliates of Vivendi Universal after the registered exchange offer without further registration under the Securities Act if the holder of the Exchange Notes represents that it is acquiring the Exchange Notes in the ordinary course of business, that it has no arrangement or understanding with any person to participate in the distribution of the Exchange Notes and that it is not an affiliate of Vivendi Universal, as such terms are interpreted by the SEC; *provided* that broker-dealers receiving Exchange Notes in the registered exchange offer will have a prospectus delivery requirement with respect to resales of such Exchange Notes. While the SEC has not taken a position with respect to this particular transaction, under existing SEC interpretations relating to transactions structured substantially like the registered exchange offer, participating broker-dealers may fulfill their prospectus delivery requirements with respect to securities received in the exchange offer (other than a resale of securities received in exchange for an unsold allotment of securities) with the prospectus contained in the exchange offer registration statement. Under the exchange and registration rights agreement, Vivendi Universal is required to allow participating broker-dealers and other persons, if any, with similar prospectus delivery requirements to use the prospectus contained in the exchange offer registration statement in connection with the resale of such Exchange Notes for 180 days following the effective date of such exchange offer registration statement (or such shorter period during which participating broker-dealers are required by law to deliver such prospectuses).

A holder of Outstanding Notes (other than certain specified holders) who wishes to exchange such Outstanding Notes for Exchange Notes in the registered exchange offer will be required to represent that any Exchange Notes to be received by it will be acquired in the ordinary course of its business and that at the time of the commencement of the exchange offer it has no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Notes and that it is not an affiliate of Vivendi Universal, as defined in Rule 405 of the Securities Act, or if it is an affiliate of Vivendi Universal, that it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable. If a holder is a broker-dealer that will receive Exchange Notes for its own account in exchange for Outstanding Notes that were

acquired as a result of market-making or other trading activities, it will be required to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes.

In the event that:

on or prior to the time such registered exchange offer is completed existing interpretations of the staff of the SEC are changed such that the Exchange Notes are not or would not be, upon receipt, transferable by certain holders of the Outstanding Notes; or

for any other reason the registered exchange offer is not consummated within 270 days after the issue date of the Outstanding Notes; or

the registered exchange offer is not available to a holder of Outstanding Notes that notifies Vivendi Universal that it is not eligible to participate in the registered exchange offer,

Vivendi Universal will, subject to certain conditions, at its cost:

as soon as practicable but not later than 45 days after any one of the above events, file a shelf registration statement covering resales of the Outstanding Notes or the Exchange Notes, as the case may be;

use its reasonable best efforts to cause the shelf registration statement to be declared effective under the Securities Act no later than 90 days after it is filed; and

keep the shelf registration statement effective until the earliest of (A) the date on which the Notes are sold pursuant to Rule 144 under circumstances in which any legend on the Notes relating to the restriction of transferability is removed by Vivendi Universal or pursuant to the indenture governing the Notes, (B) the date on which the Notes can be sold pursuant to paragraph (k) of Rule 144 (i.e., without any limitations under clauses (c), (e), (f) and (h) of Rule 144), (C) two years from the effective date of the shelf registration statement and (D) the date on which all Notes registered thereunder are disposed of in accordance therewith.

Vivendi Universal will, in the event a shelf registration statement is filed, among other things, provide to each holder for whom such shelf registration statement was filed copies of the prospectus which forms a part of the shelf registration statement, notify each such holder when the shelf registration statement has become effective and take certain other actions as are required to permit unrestricted resales of the Outstanding Notes or the Exchange Notes, as the case may be. A holder selling such Outstanding Notes or Exchange Notes pursuant to the shelf registration statement generally would be required to be named as a selling security holder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the exchange and registration rights agreement which are applicable to such holder (including certain indemnification obligations).

In the event that:

within 90 days after the issue date of the Outstanding Notes, the exchange offer registration statement of which this prospectus is a part has not been filed with the SEC;

within 45 days after Vivendi Universal may be obligated to file the shelf registration statement, the shelf registration statement has not been filed with the SEC;

within 240 days after the issue date of the Outstanding Notes, the exchange offer registration statement of which this prospectus is a part has not been declared effective;

within 270 days after the issue date of the Outstanding Notes, neither the registered exchange offer has been consummated nor the shelf registration statement has been declared effective; or

after either the exchange offer registration statement of which this prospectus is a part or the shelf registration statement has been declared effective, such registration statement thereafter

ceases to be effective or usable (subject to certain exceptions) in connection with resales of Outstanding Notes or Exchange Notes in accordance with and during the periods specified in the exchange and registration rights agreement (each such event, a registration default),

additional interest will accrue on the Outstanding Notes and the Exchange Notes (in addition to the stated interest on the Outstanding Notes and the Exchange Notes) from and including the date on which any such registration default has occurred to but excluding the date on which all registration defaults have been cured. Additional interest will accrue at a rate of 0.25% per annum during the 90-day period immediately following the occurrence of any registration default and will increase by 0.25% per annum at the end of each subsequent 90-day period if any registration default is continuing but in no event will such rate exceed 1.00% per annum in the aggregate regardless of the number of periods in which a registration default occurs or is continuing.

The Outstanding Notes are listed on the Luxembourg Stock Exchange, and we intend to list the Exchange Notes on the Luxembourg Stock Exchange. Vivendi Universal will inform the Luxembourg Stock Exchange and publish a notice in a Luxembourg newspaper in the event of any accrual of additional interest or any other change in the rate of interest payable on the Notes, no later than the commencement of such accrual. In connection with the registered exchange offer:

Vivendi Universal will give notice to the Luxembourg Stock Exchange and will publish in the *Luxembourg Wort*, a Luxembourg newspaper, the announcement of the beginning of the registered exchange offer and, following completion of such offer, will publish the results of such offer;

Vivendi Universal has appointed The Bank of New York (Luxembourg) S.A., as Luxembourg exchange agent through which all relevant documents with respect to the registered exchange offer are available;

The registered Luxembourg exchange agent shall perform all agency functions to be performed by any exchange agent, including providing a letter of transmittal and other relevant documents to holders, accepting such documents on Vivendi Universal's behalf, accepting definitive Notes for exchange, and delivering Exchange Notes to holders entitled thereto; and

Application will be made to list the Exchange Notes on the Luxembourg Stock Exchange. The Exchange Notes will be accepted for clearance through the accounts of DTC, Euroclear and Clearstream and they will have a new common code and a new ISIN number, which will be transmitted to the Luxembourg Stock Exchange. All documents prepared in connection with the Exchange Offer will be available at the office of our agent in Luxembourg and all necessary actions and services in respect of the Exchange Offer may be taken or obtained at the office of our agent in Luxembourg.

The summary herein of certain provisions of the exchange and registration rights agreement does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the exchange and registration rights agreement, a copy of which is filed as an exhibit to the exchange offer registration statement of which this prospectus is a part, and copies of which are also available upon request to the Initial Purchasers. PLAN OF DISTRIBUTION

Each broker-dealer that receives Exchange Notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Outstanding Notes where the Outstanding Notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the expiration date of the exchange offer, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any resales of the type described.

We will not receive any proceeds from any sale of Exchange Notes by broker-dealers. Exchange Notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any resales may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of those Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of those Exchange Notes may be deemed to be an underwriter within the meaning of the Securities Act and must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the Exchange Notes. Any profit on any resale of Exchange Notes and any commissions or concessions received by those persons may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the expiration date, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests those documents in the Letter of Transmittal. We have agreed to pay all expenses incident to the exchange offer, including the expenses of one counsel for the holders of the Notes, other than commissions or concessions of any brokers or dealers and will indemnify the holders of the Notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.

ENFORCEMENT OF CIVIL LIABILITIES

Our French counsel has advised us that United States and France are not party to a treaty providing for reciprocal recognition and enforcement of judgments, other than arbitral awards, rendered in civil and commercial matters. According to such counsel, a judgment rendered by any US federal or state court based on civil liability, whether or not predicated solely upon US federal securities laws, enforceable in the United States would not directly be recognized nor enforceable in France. A party in whose favor such judgment was rendered may initiate enforcement proceedings (*exequatur*) in France before the relevant civil court (*Tribunal de Grande Instance*). Enforcement in France of such US judgment will be obtained following proper (i.e., non-*ex parte*) proceeding if the civil court is satisfied that the following conditions are met (which conditions, under prevailing French case law, do not include a review by the French court of the merits of the foreign judgment):

(i) such judgment has been rendered by a court having jurisdiction over the matter both under its own rules of jurisdiction and in accordance with French rules of international conflicts of jurisdiction and (ii) the French courts did not have exclusive jurisdiction over the matter;

the court that rendered such judgment has applied a law which would have been considered appropriate under French rules of international conflicts of laws;

such judgment does not contravene French international public policy rules, both pertaining to the merits and to the procedure of the case;

such judgment is not tainted with fraud;

such judgment does not conflict with a French judgment or a foreign judgment which has become effective in France and there is no risk of conflict with proceedings pending before French courts at the time enforcement of the judgment is sought.

In addition, the discovery process under actions filed in the United States could be adversely affected under certain circumstances by French law No. 68-678 of 26 July 1968 as modified by French law No. 80-538 of 16 July 1980 (relating to communication of documents and information of an economic, commercial, industrial, financial or technical nature to foreign authorities or persons) which may prohibit or restrict the obtaining of evidence in France or from French persons in connection with such actions.

We have also been advised by our French counsel that if an original action is brought in France, French courts may refuse to apply the designated law if its application would contravene French public policy. In an action brought in France on the basis of US federal securities laws, French courts may not have the requisite power to grant the remedies sought.

In parallel, pursuant to the terms and conditions of the transaction, Vivendi Universal would retain certain assets and liabilities of VUE. Please see Recent Developments - The VUE/NBC Transaction described above in this prospectus.
